language & conceptual difficulties & cultural differences & reality factors, Xhosa translation of Present State Examination, hospitalized psychiatric patients, South Africa, 4741
language & stereotypically inappropriate responses in perceptions of sex stereotyped occupations, 1st & 4th & 6th graders, 10110
language action analysis of marital decision making, dual career couple, 7802
language as object & development of language attitudes, 2999
language barrier in medical & psychological viewpoints, barbaric body, 13118
language characteristics & comprehension, 55 yr old male with conduction aphasia, 10716
language deviance & attitudes, rural vs urban residents, Barbados & Guyana, 3001
language profiles, 15–51 yr old schizophrenics vs manics, psychodiagnostic implications, 10551
language use patterns, rural vs provincial- vs cosmopolitan-urban residents, Kenya, 3007
linguistic information transfer via alpha-numeric display, user communication in Naval command systems & design of human-computer dialog format, 6896
loss of inner speech, preservation of language skills, mute 54 yr old male with mild right hemiparesis due to stroke, 13049
lottery reinforcement for parents' training accomplishments, language skills, 2–2.5 yr old handicapped children, 4037
lying vs truth telling, spontaneous language behavior, college students, 10060
Martin Luther King Jr. Elementary School Children v Ann Arbor School District Board decision regarding Black English, effect of language attitudes on education, teachers, 11260
model for nonbiased assessment in special education programs with disproportionate number of culturally & linguistically different children, 11308
nonverbal Piagetian tasks, elimination of confounding effects of linguistic & attention deficits in assessment of cognitive development, autistic vs normal vs trainable mentally retarded 4–9 yr olds, 2407
phonemic vs graphemic vs semantic similarities between pairs of English words & Chinese logographs, lexical coding & recognition, native English- vs Chinese-speaking college students, 9626
picture description task, language style, male vs female 4 vs 8 vs 12 vs 16 yr olds, 3164
Polish vs English language & syntactic & semantic & factual story inconsistencies, reading comprehension, college students, 2607
psychology & study of language & literature, literature review, 7586
recipient anxiety & communicator reference group & message level of anxiety-arousal & technical vs colloquial language, perception of communicator credibility, 5564
rural vs urban areas, language acquisition & use, Kenya, 2997
short term memory & language comprehension, 45 yr old aphasic with deficit in phonological coding, 8219
significance of names & practice of naming, 3275
social organization & culture & economics, register range of language, 3011
socioeconomic & professional class & sex & age differences, variation in Early Modern Eastern spoken Judezmo, Israel, 12363
stability of McCarthy Scales of Children's Abilities scores over 1-yr period, English- & Spanish-speaking Mexican American 3.9–5.3 yr olds, 9449
successive vs simultaneous language processing, reading skills, normal vs reading disabled 3rd–6th graders, 5872
training of language-type skills, rhesus monkey, 2697
utility of Saussurian-based approach to language as framework for construction of non-essentialist psychological paradigm, 2304
verbal instructions, visual perception, criticism of theory of sense data, 9562
views of J. Lacan on universal laws of language & unconscious, 12754
Language Arts Education [See Also Phonics, Reading Education, Spelling]
cloze testing, detection of plagiarism in English composition, Black vs White vs foreign born college students, 4491
composition writing & development of writing skills & study of written works & grammar in writing instruction, syntactic performance & maturity, 6696
computer literacy program, microcomputer-assisted instruction in mathematics & writing & computer programming & word processing, educable & trainable retarded & gifted 5th–8th graders, 6757
copy & alter & transform & supply exercises, penmanship & spelling & grammar skills & teacher-student rapport, learning disabled elementary school students, 6762
creative dance program, language arts education, hearing impaired children, 2022
efficacy of tutorial method, remedial language arts instruction, elementary school students, 4464
extension to prepositions of generative linguistic skill training using behavioral techniques, educable mentally retarded 12 yr olds, 6783
inductive teaching method & role playing, language skills, learning disabled secondary students, 2054
language development program, reading achievement & syntactic maturity, 9th grade remedial reading students, 8946
language skills program, change in reading grade level & rate of learning to read, learning disabled high school students, 6768
linguistic functions approach, language arts special education, mentally retarded children, 11361
linguistic-functions approach to language intervention, nonverbal mentally handicapped children, 11360
manually coded English systems, language acquisition, deaf children, 2055
modeling vs participant modeling, learning of syllabication rules, learning disabled 9–11 yr olds, 11351
predictive validities of verbal vs academic achievement vs attitudinal vs visual perception tests, English composition grades, college freshmen, differential placement implications, 8980
reinforced imitation, development & generalization of generative language, kindergartners through 2nd graders, 5354

sentence dictation, spelling & written language skills, learning disabled students, 6786
subjectivist vs objectivist criticism, teaching of literature, 11209
teacher literature activities & library corner design, book related activity during free play periods, preschool students through 2nd graders, 8865
teaching methods, language arts education, Taiwan, 1971
training in cognitive uses of language, IQ, culturally deprived 6 yr old male, 6782
verbal skills curriculum, listening & speaking skills, US Navy recruits with deficiencies in English, 9074
visual spelling technique, spelling skills, learning disabled students with poor auditory discrimination & good visual skills, 2039
writing skills education, learning disabled students, 2075

Language Development

ability to differentiate agent & patient roles played by animate vs inanimate entities, 2.3–2.9 yr olds, 5340
acquisition & use of pragmatically appropriate word order & development of correct agentive casemaking, Kaluli 2 yr olds, Papua New Guinea, 3156
acquisition of descriptive terms, children, implications for Quine's theory, 10174
acquisition of meaning of connective words in complex sentences, children, Netherlands & Italy, 3105
acquisition of particles "o" & "ga", 4–7 yr olds, Japan, 10150
acquisition of spatial adjective pairs, 4–6 yr olds, 10149
acquisition of suffix "er" in coining agents & instrument nouns, 3–6 yr olds, 771
acquisition of tag questions with pronoun & verb & polarity & inversion rules, 6 vs 8 vs 10 vs 12 vs 14 yr olds, 3096
acquisition of word meaning by association vs accretion vs projection, 3077
acquisition rates for comprehension & production of singular & plural noun forms, 11–15 yr olds with Down's syndrome, 8133
age & sex, use of color terms, kindergartners through 5th graders, 5389
age differences, social language during problem solving, 3–5 yr old same age dyads, 813
age differences, understanding of meaning vs strength of auxiliary verbs, 3–6.5 yr olds, 5360
age of acquisition, word recognition, adults, literature review, 2635
age of word acquisition, visual field asymmetry in recognition, college students, 12045
age, syntactic & semantic & extralinguistic control of language & developmental progression between sentence comprehension & production, children with mean ages of 3.5 vs 4.1 vs 4.8 yrs, 3120
age vs mean length of utterance, expression of development of phonological processes, 21–48 mo olds, 815
analysis of verbal interaction, 21 mo old female & her parents, 3044
atypical vs delayed language development, autistic children, 12807
background characteristics & speech articulation & language & motor development & intelligence & behavior problems, 5 yr olds with bilateral otitis media with effusion, 1422
behavior analysis, verbal language development, male autistic 5 yr old, 1585
bilingual educational program, facilitation of learning of both Standard English & Creole, Creole speaking Aboriginal 1st–3rd graders, Australia, 11230
breast feeding practices, intelligence & language development, children at 3 & 5 & 7 yrs of age, New Zealand, 12421
canonical sentence forms used to encode transitive events in various languages, children, 3161
cognitive & language development, children, comparison of theories of Piaget & L. S. Vygotsky, 12419
cognitive development & neonatal activity level & maternal verbal functions, language development, infants observed from 6 to 24 mo of age, 788
comprehension & recognition of semantic relations between nouns, 4–8 yr olds, 3158
computer administration, Screening Tests of Test of Syntactic Abilities, deaf students, 13727
context, word order in expression of locative propositions, Hindi-speaking 42–54 mo olds, 3138
contexts for self correction of utterances, 4–5 yr olds speaking Swiss-German, Switzerland, 3123
continuity from format to dialog to discourse, construction of semantic & morphological & syntactic relations, children, literature review, 3094
criticism of Piagetian theory of cognitive prerequisites for language acquisition & presentation of linguistic prerequisites independent of cognitive development, 784
development of affirmative & negative verbal responses, autistic children, literature review, 5721
development of communication, male from birth to 2 yrs of age, 7688
development of egocentric vs socialized speech, young children, 7654
development of orthographic knowledge, 4–10 yr olds, 7653
development of transitive inference skills, 4–10 yr olds, 10158
developmental changes in discourse structure, 3–6 yr olds, 10138
dynamic & psychological aspects of grammar, 3005
early language development, 9.5–13.5 mo olds, 5395
egocentricity, comprehension of other-centered kin terms, 6 vs 7 yr olds, 798
emergence of semantic-syntactic structures, variability in developmental dysfluency, nonstuttering 2 yr olds, 7643
evolution of formal categories from early semantic-based grammatical categories, children, 3132
fluency & psycholinguistic influences, language acquisition & stuttering, children, 5916
grammatical morpheme acquisition, 21–24 mo olds, 10152
hearing and language development, infants at risk for hearing loss, 3-yr longitudinal study beginning at or before 60 wks of age, 3806
imitation & production & comprehension of passive sentences with "get", children with mean ages of 4.6 vs 6.1 vs 8.5 yrs, 10146
individual differences, language development, implications for dyslexia diagnosis & treatment, 3738
intonation contour & word order & age & linguistic competency level, development of pragmatic strategies, 2–4 yr olds, 7669
language acquisition & role of gestalt & analytic linguistic processing, ritualized patterns of expression in autism, literature review, 5774
language acquisition through verbal & nonverbal communication with adults, children, 5388
language development, moderately & severely mentally retarded children, literature review, educational implications, 8147
linguistic ability/cognitive functioning link in linguistic reversibility, 5–8 yr olds, 3103
linguistic-functions approach to language intervention, nonverbal mentally handicapped children, 11360
Markov process model, developmental analysis of conversation about social transgressions, kindergartners through 4th graders, 3060
maternal verbal control during mutual gaze & visual co-orientation, mothers and their 2–4 mo old infants, implications for infant communication development, 5314
mean length of utterance, developmental dysfluency from 1-word utterance stage to emergence of syntax, nonstuttering 2 yr olds, 7644
meaning & form in creation of new words to fill lexical gaps, children, 3089
metalinguistic awareness & language development, 3–4 yr olds, 7689
method for study of early syntactic development, children, Poland, 3162
methodological problems, study of pronominalization & development of grammatical marking of thematic structure in discourse, English or French speaking 4–9 yr olds, 3122
modeling technique in elicited imitation task, production of semantic relations, 20–28 mo olds, 3090
mother's role as primary speech-language therapist, 23 yr old autistic daughter, 6341
neutral picture task, assessment of comprehension of verb "ask", children, reply to critique by D. Warden, 5346
number of animate & inanimate components produced in pretend play & language, 19 vs 22 vs 25 vs 28 mo olds, 3025
order of acquisition of concept vs words of "front" and "back", 2–3 yr olds, 5371
order of acquisition of "wh" questions, 2nd & 3rd graders, 10124
patterns & frequency of dysfluencies & role of linguistic & motor factors, nonstuttering male 2 vs 4 vs 6 yr olds, 5398
perceptions of child level of fine & gross motor skills & language ability, parents vs teachers of preschool age children, 3063
perceptual motor abilities, reading impaired 7.5–9 yr olds with vs without oral language deficits, 3745
perinatal & infant physical status & child development & mother-infant interaction & family ecology & parent perceptions of child, IQ & language skills, infants, 4-yr longitudinal study, 3076
Piaget & holophrases, literature review, 5379
practical aspects of language development, preschool age children, 12425
pragmatics as most general support system for language acquisition, 7638

pragmatics of language acquisition, literature review, 3082
production & perception of contrast between English /r/ & /l/, 19–31 yr old native Japanese Ss, 3008
psycholinguistic model of language development & disorders, literature review, 3754
reading disabilities, language disordered 1st graders, 3750
relationship between cognitive & language development as seen from information processing non-Piagetian model, comment on A. Van Kleeck's study, 763
reliability of individual differences between Test of Language Development-Primary subtest scores & mean scaled scores, 4–8 yr olds, 9433
reorganization of semantic into syntactic relations, evidence for semantic assimilation hypothesis of language development, 3157
response coincidence analysis, stages in acquisition of system for pluralization, 2–7 yr olds, 3072
Revised Denver Developmental Screening Test & Developmental Profile II, identification of cognitive & language & motor problems, 6–18 mo olds, 9401
semantic concepts associated with subjects & objects & prepositional phrases of various sentence types, 4–5 yr olds, 3114
sensory integration therapy & quantitative reviewing procedures, academic achievement & improved motor & reflex performance & language, mentally retarded children, literature review, 8289
sequence & principles of article use, acquisition of "a" & "the" & "null" & overuse of "the", 2–3 yr olds vs college students, 3178
severe hearing loss in infancy, language & cognitive development, children, literature review, 10760
sign & oral language development of mother vs child, 2 yr old hearing children of deaf parents, 823
social interaction & acquisition of syntax, interactionist vs antinativist vs neonativist vs process approaches, literature review, 3061
speech & language characteristics, 7.6 yr old with Noonan syndrome, 1441
speech & language therapy followed by melodic intonation therapy, facilitation of speech & language encoding & expressive language, language delayed apraxic male children, 1666
speech retardation, subsequent performance on language & verbal vs nonverbal IQ subtests, 3 yr olds, 2-yr followup, 1342
spontaneous egocentric vs socialized speech, metaphor production, children with mean age of 5.2 yrs, 12446
strategies to facilitate interaction & myths about autism, language pathologist as parent of autistic child, 6343
suprasegmental information in sentences, listening comprehension, 4–6 yr olds, 12412
syntactic & interpretive factors, development of spoken language comprehension, 5–10 yr olds, 3167
textual quantity & coherence & semantic relations, stories written by 2nd vs 4th vs 6th graders, 10171
theory of language development including generalization processes modeled after data compression, 7700
transfer vs developmental factors, acquisition of 2nd language phonology, 6 yr olds, 10147
understanding of English spelling system, assessment of linguistic knowledge, 7 yr olds, 5390
validity of observational studies & other methodological issues, language acquisition research, very young children, literature review, 46
verb meanings, development of action categories, preschool age children, 12426
videocourse, early intervention in language development, parents of mentally retarded 3.3–7.1 yr olds, 4004

Language Disorders [See Also Aphasia, Dysphasia, Mutism, Retarded Speech Development]
abnormal reflex activity, 4–11 yr olds with speech & language problems, 5901
auditory-perceptual impairments, children with language disorders, criticism of N. Lubert's publication, 3753
auditory-perceptual impairments, children with language disorders, criticism of terminology & theories in N. Lubert's work, 3749
auditory-perceptual impairments, children with language disorders, reply to critiques of C. W. Fuller & P. F. O'Connell, 3752
early identification of auditory imperception & receptive language disorders & language delay, remediation through parents, preschool children, 5917
hyperlexia & inability to form superordinate schemata, relationship to dyslexia, 5–11 yr olds, 1318
hyperlexia, mentally retarded & autistic & language disordered 4–17 yr olds, 7956
item analysis of Leiter International Performance Scale in terms of perceptual & conceptual content & interpretation of Leiter IQ, language disordered vs normal 4.4–5.5 yr olds, 7023
left handedness & role of testosterone, migraine & myasthenia gravis & dyslexia & related language disorders & learning disabilities & autoimmunity, 3735
parent training in language stimulation, parents of developmentally delayed 1–4 yr olds, 10961
parent-child sign training program, language & communication skills, severely language disordered 20 mo to 11 yr olds & their parents, 11376
phonological complexity in lexical items & syntactic construction, number & pattern of errors in sentence production, language disordered 5.8–6.9 yr olds, 8161
prevalence & educational integration, kindergartners with learning & speech & language disorders & emotional & social disturbances & physical handicaps & mental retardation, Norway, 2073
psycholinguistic model of language development & disorders, literature review, 3754
quantitative vs qualitative nature of language deficiencies, semantic & syntactic abilities, mentally retarded with mean age of 99.4 mo vs language impaired preschoolers matched for MA, 8134
questionnaire, early identification of language delays, children prone to otitis media, 135
reading disabilities, language disordered 1st graders, 3750
role as liaison between families & class & counseling role to help mothers cope, social workers dealing with language disordered preschoolers & their mothers, 2047
social factors & environmental antecedents of language deficiencies, prevention & remediation, children, 3910
teacher-child discourse analysis, language disordered students, 2061
use of computers, language assessment & training, bilingual language-handicapped children, 4467
utterances in teacher-directed vs child-directed activities, preschoolers with deficits in vocabulary & articulation & syntactic structure attending speech & language therapy programs, 8162
verbal deficits & sentence verification performance & delays in physical growth, children with mean age of 8.5 yrs & supernumerary X chromosome, 1408
verbal productivity & cohesion & reference patterns, children at risk for mental disorders, 3581
verbal strategies for marking new vs old information, language disordered 4–6.7 yr olds vs normal 1.1–2.5 yr olds, 8164

Language Handicaps [See Language Disorders]

Larvae
nervous system development, holometobolous insects in larval & pupal & adult form, 9855
streptomycin, school geometry disruption & role of lateral line hair cell damage, tadpoles of African clawed frog, 10023

Larynx
controlling voice onset for phonation initiation, male stutterers with mean age of 28 yrs vs nonstutterers with mean age of 26 yrs, implications for abnormal breathing & laryngeal behavior in stuttering, 8160
difficulty of listening conditions, comprehension of & preference for synthetic sentences spoken in pulmonary vs traditional esophageal speech vs artificial laryngeal speech, Ss with tracheo-esophageal punctures, 8516
laryngeal functioning & voice characteristics & audition & stuttering, treatment implications, 5910
postoperative occurrence of stuttering, 41–75 yr old male laryngectomee stutterers, 6373

Latency (Response) [See Response Latency]

Latent Learning
electrode placement in dorsal hippocampus vs mesencephalic reticular formation & preexposure to tone, latent inhibition of subsequent conditioning, male rats, 9930
hippocampal lesions, latent learning of spatial maze, male rats, 12224
neocortex, latent learning for obtaining salt taste, male rats, 2915
prior inhibitory training to CS, subsequent excitatory conditioning to same CS in suppression conditioning, male rats, 11992
single vs compound CS paired with reduction in shock intensity, inhibitory CS conditioning in suppression, male rats, 11960

Lateral Dominance [See Also Handedness]
age differences, constancy of visual vs aural asymmetry, school age children, 3127
age differences, dichotic ear differences in discrimination of phonetic vs musical stimuli, 2–4 mo olds, 12410

amygdala lesions contralateral vs ipsilateral to cortical spreading depression, depression-induced feeding & drinking, male rats, 12178
antigravity suspension, mental alertness & hemispheric dominance & long- & short-term memory, male college students, 2873
asymmetries of unilaterally & bilaterally induced audiogenic seizures, DBA/2J vs SJL/J mice, 12175
BASIC program, psychophysiological analysis of lateralization of function, 9322
birth complications, lateral preferences, males & females, 9843
cerebral dominance of family members, lateral differences in motor & sensory functions, 2–4 day olds, 3088
compatibility between stimulus array & motor response array, left vs right hand up/down & rotational movement preferences, humans, 11736
comprehension of "language" of left-right distinctions & learning lateral awareness & directionality, learning disabled students, 6769
concurrent left hemisphere task, interference with RT to visual stimulus presented in right vs left visual field, normal Ss, 12091
dichoptic presentation of Landolt "C" target & "X" nontarget, parafoveal identification asymmetry, college students, 7405
ear preference, recognition of male vs female voice vs words, right handed medical students, 12073
experimentally induced lateralized ischemic pain in each arm, lateralization of EEG from temporals, 22–38 yr old males, 12058
factor structure of lateral dominance, college students, 5047
genetics, laterality, flatfishes, literature review & comment on M. C. Corballis & M. J. Morgan's article on human laterality, 2755
heart rate & carotid pressure, occipital visual evoked potentials in right vs right hemisphere, college students, 7446
hemispheric lateralization, choice RTs to visual unstructured stimuli, right handed college students, 9835
informational target stimulus presented to right vs left visual field preceded or followed by noninformational masking stimulus, contralateral masking, right handed Ss, 7437
interhemispheric asymmetry, formation of preference of movement direction in food procuring reaction, rats, 12103
lateral dominance, literature review, 5034
lateral hand & foot & eye & ear preferences, academic major, college students, implications for handedness & career choice, 2767
lateral preference & age & task difficulty & sex, right- vs left-ear advantage for environmental sound vs digit, 2nd vs 6th graders, 3124
lateralization, olfactory sensitivity to n-butanol, left handed vs right handed males, 9889
lateralized object-naming & lexical decision latency tasks, visual field superiorities, male vs female college students with vs without familial sinistrality, 9898
lateralized visual stimuli, RT, female acallosal 20 yr old, 13055
left ear advantage in musical chord recognition, 19–42 yr old right handed musicians vs nonmusicians, 5090
mastery of speech & language problems, 47 yr old male "mirror image" dyslexic, 3736
monaural ear advantages for simple vs choice RT, 18–43 yr old right handed males, 9844
monocular full-field & hemifield pattern reversal stimulation, visual evoked potentials, 9–72 yr old patients with homonymous & bitemporal field defects due to chiasmal or retrochiasmal lesions, 8217
motoric laterality & eye dominance, early onset schizophrenics & brain-damaged psychiatric patients & nonpsychotic non-brain-damaged psychiatric inpatients & college students, 1197
neuropsychological assessment, crossed aphasia & reversed laterality, 60 yr old right handed male, 5991
pain laterality, patients with mean age of 54 yrs, Great Britain, replication of US findings by W. D. Hall et al, 13031
paired swimbladder muscle contraction, sound production, toadfish, 2773
parent questionnaire & WISC-R & reading & spelling & laterality tests, identification of dyslexia, children, 12999
perceived visual direction of stimuli in sighting test, college students, test of cyclopean eye vs sighting eye hypothesis, 9553
performance on concurrent speech & motor task with right vs left hand, assessment of lateralization of speech perception & production, male 18–25 yr olds, 12076
predominant right vs left lateral eye movements, hysterical vs obsessive personality style, right handed college students, 3473
reflective gaze preference & athletic achievement, right vs left handed US Air Force Academy cadets, 7415
sensory-motor lateralization, 18–45 yr old paranoid vs nonparanoid male schizophrenics, 5766
sex & hand used in tactile-visual recognition task at lower vs higher level of mental processes, hemispheric functionality, right vs left handed 15–25 yr olds, 7409
spatial compatibility between command signal & right vs left hand response requirement, RT, right handed males, test of attentional bias vs spatial coding hypotheses, 7176
spontaneous speech, lateral mouth asymmetry, 18–43 yr olds, 12057
syntactic structure of stimuli, magnitude of dichotic right ear advantage for speech, right handed Ss, 12106
target size & placement, rightward preferential visual monitoring in bimanual aiming task, 20–26 yr old right handed males, 11746
task sequencing & holistic vs analytic processing of face vs bug stimuli presented to left vs right visual field, RT, college students, 9839
tonal vs speech tests, assessment of central auditory pathways, 60–80 yr olds with presbycusis, 36
tone frequency, ear preference in dichotic listening task using pure tones, 17–28 yr olds, 11841
unilateral 6-hydroxydopamine & kainate lesions of striatum contralateral vs ipsilateral to preferred forepaw or arm of maze, lever & forepaw preference & rate of leverpressing & rotational behavior, male rats, 9986
visual field & letter position & typeface, manual RT as measure of discrimination between target & nontarget words, college students, 4896
visual hemi-inattention, 46–86 yr olds with right vs left brain damage, 10.5-mo followup, 13015
Latinos [See Hispanics]
Laughter
laughter, discordance of right-left occipital EEG alpha, right handed college students, 7443
mother infant interaction, smiling & laughing & play & coping behavior & emotional development, infants at 6 & 13 & 26 wks of age, 3203
semantic factors of laughter vs smiles, 2667
stranger sociability, temperament & fearfulness & smiling & laughter & activity level & social experience, infants at 12.5 vs 19.5 mo, 3246
Law (Government) [See Also Criminal Law]
adversary counsel, representation & civil commitment of mentally ill, 3337
professional qualification & governmental regulation of psychologists, West Germany, 13548
structure of psychology of law, 958
Law Enforcement [See Also Adjudication, Incarceration, Legal Arrest, Legal Detention]
extent of & public attitudes toward drinking & driving & apprehension/conviction of offenders, California residents 18 yrs of age & over, 1981, 10610
importance of crime scene data & interviews with sex offenders & role of psychological profiles of suspects & law enforcement, data collection of multiple rape-murders, male criminal, 10637
legal status of torture, criminal justice, India, 3345
necessity for enforcement of law to regulate commitment to psychiatric hospitals, France, 8613
recommendations for implementation of Indian Child Welfare Act, US, 12588
speed limit enforcement, observation of speed limit, drivers, 4530
Law Enforcement Personnel [See Parole Officers, Police Personnel, Prison Personnel, Probation Officers]
Law Students
long term predictive & construct validity of undergraduate GPA & Law School Admission Test, law school performance, law students, 2108
time reporting, study behavior & academic achievement, law students, 1937
Laws [See Also Abortion Laws, Drug Laws, Gun Control Laws]
binary time-series analysis of domestic child homicide before vs after enactment of Prevention of Child Abuse & Neglect Act of 1977, 969
change in state restrictions & social values, drinking behavior, Turkey, 3363
changes in legislation & procedures concerning civil commitment & rights of mentally ill, 8609
Children & Young Persons Act 1969, ambivalence in relationship between justice & welfare in social work, Great Britain, 3332
clients' rights legislation, mental health services delivery, mental health personnel, 6400
clinical psychology practice & military law, 8779

Connecticut's Teacher Evaluation Act, attitudes toward evaluation & teaching process, elementary school principals vs teachers vs noneducators, 8804
contrasting views on state & agency intervention in child care when natural parenting is unsatisfactory, 3306
costs & benefits of regulations for research involving children, 10358
critique of laws protecting children & regulating services, Great Britain, 962
cross cultural alcohol control policies, 5516
demographic variables, attitudes toward law concerning marital rape, Ss over 17 yrs old, 7835
ethical & legal considerations in clinical testing of new psychotropic drugs, volunteers & psychiatric patients, 10932
extension of brief involuntary emergency detention in Pennsylvania mental health law, consent to voluntary hospitalization, psychiatric patients, 4187
German pharmaceutical law of 1978 outlining legal guidelines for development & testing of pharmaceuticals, 10349
history & current laws on prison care, mental patients, France, 1818
issues in compliance by colleges with Rehabilitation Act of 1973, development of programs for learning disabled college students, 6796
knowledge of laws concerning minimum number of visits, prenatal care visits, females, France, 13311
laws concerning visiting rights of parents & grandparents with children, France vs Switzerland, 975
laws regarding civil rights, mental patients, France vs Italy vs US, 979
legal & ethical issues in human research, 2352
legal problems, adolescents with mental disturbances, France, 957
legal prohibition, alcohol intoxication, India, 3374
legal status of mentally retarded adults, Switzerland, 10663
legal status of torture, criminal justice, India, 3345
legislation on handicapped, France, 953
necessity for enforcement of law to regulate commitment to psychiatric hospitals, France, 8613
nontreatment, death, Down's syndrome infant, implications for & discussion of rights of handicapped persons, 1300
parental & school use of corporal punishment with children & existing & recommended laws & policies, US vs Sweden, 12532
psychiatry & legal reform, risk of violence & responsibility for & continuity of care for mental patients, 1469
Public Law 94-142, 6–11 yr olds with Down's syndrome & emotional & congenital impairments & their families, 8937
raising of legal drinking age, alcohol-related highway crashes, 7861
recommendations for implementation of Indian Child Welfare Act, US, 12588
requirements & purpose & activities required by Public Law 94-142 for provision of services to handicapped students, school nurses, 8941
societal values, family law & emphasis on individual rights, 3343
state statutes providing rights, psychiatric patients, 968
state statutory & administrative regulation, pupil placement in public schools, 11356
state survey, "Good Samaritan" laws, teachers, implications for special education teachers of mentally retarded, 11192
statute requiring equal insurance coverage for treatment in outpatient psychiatric centers, 12592
Stone-Roth criteria for involuntary civil commitment & California dangerousness standards, committed patients, 6452
Supreme Court decision in Hendrick Hudson Central School District Board of Education v Amy Rowley, sign language interpreter as part of special education rights, hearing impaired student, 5518
theories & legal principles & organizational conditions in fields of medical & educational & vocational & psychosocial rehabilitation, literature review, 8688

Lawyers [See Attorneys]

Lead (Metal)

prenatal lead, acquisition & extinction of learning, rat pups, 694

Lead Poisoning

chronic low level lead exposure-induced subclinical lead poisoning, retardation of brain development & function, literature review, 1443
low level exposure to lead, etiology of mental retardation & learning disorders & behavioral problems, 7966
neuropsychological assessment, children previously lead poisoned without development of encephalopathy, 3843
socioeconomic & demographic factors, blood lead concentrations, Black vs White vs Hispanic 1–72 mo olds, 1427

Leadership [See Also Leadership Style]

aspects of group co-leadership, 3994
boundary management, leadership at organizational level, 2192
changing attitudes toward government activities, opinion leaders among survey respondents, 898
characteristics of leader- vs content- vs group member-centered learning groups & applicability in adult education, 6671
characteristics of wise leader, summaries of 12 of original 181 chapters of Lao Tzu's 6th-century Chinese text "Tao Te Ching", 6210
contact patterns between leaders & followers, prison inmates, 3712
creativity & socioeconomic status, leadership, kindergartners, 10095
decision process & situation attributes, group solution of decision making problems, groups with leader & 2 subordinates & O, support for V. H. Vroom & P. W. Yetton's model of leadership behavior, 3388
dependency & performance variability differences & leader-follower relationships, organizational volunteers vs employees, 2231
design of sociometric instrument for identification of emergent leader roles in psychotherapy groups, 4775
emotionally stabilizing instructions from leader at beginning vs middle of simulated emergency situation, leader-follower separation, college students, 12665
evaluation & leadership guidelines, off campus process-oriented discussion groups, medical students & faculty members, 13536
evaluation of program to develop group leadership skills, college seniors majoring in social work, 4306
feedback on group performance on decision problems with leader vs group-at-large ostensibly responsible for performance & responsibly known vs not known by other members, self presentation of competence & prominence, male vs female college students, 3395
guidelines for effective leadership, instructors of training seminars, 2191
history & current status & future of Black leadership, US, 910
identification of combat unit leader skills, implications for performance in tactical situations, 11462
initial leadership motive patterns & levels of promotion after 8 & 16 yrs, managers, 9127
leader-follower relations, discussion of articles in journal special issue, 999
leader-member approach to leadership development, adolescents, 3211
leadership strategies for management of conflict in groups, 1021
limitations of traditional leadership theories & proposed new theory & research agenda, 1001
management of meaning, leadership in organizational context, 2209
model for training persons to lead small group discussions, 1843
national leaders & "enemy image" & deterrence policies, obstacles & means for elimination of nuclear arms race, US, 3256
ongoing training needs, quality circle leaders, 9128
organizational stages & problems of authority & leadership, lesbian-feminist radical organization, 2183
outdoor leadership development program, self confidence & ethical awareness & communication skills, adolescents, 11215
perceived deficiencies in follower's abilities & motivation & role perception & environmental conditions, leadership, review of literature supportive of integrative theory of leadership, 5590
philosophical ethical beliefs & actual practices, group workers, 13507
research methodology for study of group phase development & leadership in psychotherapy, 4660
role as chief resident, male vs female psychiatric residents, 8746
role models & enrollment & health programs & policies & practices & leader influence on fitness & smoking & prevalence of smoking by youth & adult leaders, youth agencies, Canada, 10997
self disclosure in group counseling, group leaders, literature review, 13197
sex differences, organizational leadership assessed by in-basket simulation vs paper & pencil scenario experiment, college students, 11612
situational vs noncontingent approach to theory & research & practice of leadership, 2185
strategic management & leader-follower roles, top level executives, 2214
traits believed possessed by effective leaders, male vs female college students, 991
trends affecting future leader & follower roles, 1000

Leadership Style

biculturalism & locus of control, leadership behavior, groups of Anglo & Black & Chicano college students, 7875
cognitive-behavioral theory of leader influence & effectiveness based on subordinate work behavior, 9107

command style & group cohesiveness, performance effectiveness of tank crews, male soldiers, 9101
incidence & perceptions of participative vs autocratic leadership styles, male vs female college students & managers, 9122
individual & organizational variables, classroom leadership behavior, community college teachers, 11187
infusion of organization with sense of purpose, leaders of successful organizations, 9136
leadership behavior, job satisfaction, resident hall assistants, 4411
leadership style & leader-member exchange, turnover, public utility systems analysts & computer programers, 9147
leadership style management development & organizational change, satisfaction & effectiveness & productivity, employees, 4567
leadership style, police managers, 4573
modeling, learning of managerial leadership, 9133
multivariate analysis, leader-subordinate interactions, 19–60 yr old clerical & managerial employees, implications for predictiveness of path-goal theory, 2495
organizational climate, job satisfaction & perceived supervisory style, teachers, 1908
predictive & perceived empathy, prediction of leadership style, college students, 3503
principal's leadership style, morale, high school teachers, 4327
principal's leadership style/situational control match, teacher satisfaction, elementary school principals & teachers & students, Lebanon, retest of F. Fiedler's contingency theory, 1927
problem solving style measured by Myers-Briggs Type Indicator, autocratic vs participative decision making methods, graduate business students, implications for management, 3488
rating of principal leadership style, classroom orientation, teachers, 4329
relative importance of leadership qualities, US vs Mekranoti-Kayaopo of Brazil, 920
research on teacher personality & effectiveness & development & leadership styles, East Germany, 8809
sex role orientation & leadership style, male vs female college students, 12613
situational vs noncontingent approach to theory & research & practice of leadership, 2185
task complexity & cooperative vs competitive grouping, productivity & perception of leader & group members & group development, college students, 7890
work values & leader's considerate & structured behavior, subordinate's satisfaction with supervisor & job, college instructors, 9156

Learned Helplessness
attributional style, learned helplessness in interpersonal situation, female college students, 1047
attributions & expectancies & affect & persistence & teachers' perceptions of learned helplessness, learning disabled 7.4–11.5 yr olds vs normally achieving 7.7–11 yr olds, 11352
controllable vs unavoidable shock, learned helplessness in shuttle box avoidance task, male rats, 7297
degree of assistance during training, proficiency in psychomotor task completion & perception of task difficulty & self confidence, nursing home patients with mean age of 78 yrs, 1750
development of learned helplessness model of depression, literature review, 10528
development of theory of learned helplessness & clinical applications in psychiatric/mental health nursing, literature review, 1682
exposure to inescapable yoked shock vs escape training vs restraint without shock, aggressive & defensive behavior toward intruder, alpha males, 12006
inescapable shock, activity & associative effects in appetitive choice discrimination task, rats, 9760
intensity & duration of inescapable shock, subsequent acquisition of response to terminate shock, rats, 4982
learned helplessness & health psychology, literature review, 6365
learned helplessness following exposure to unsolvable problems, learning disabled vs normal 3rd–5th graders, 12996
learned helplessness theory, model for depression, literature review, 4951
length of hospitalization, cognitive performance & passivity & depression, male medical inpatients, 1784
locus of control & attribution & learned helplessness & stress models, mental disorders, literature review, 3550
locus of control, learned helplessness induction, female college students, 11926
methods of reversing learned helplessness to increase compliance with physical & occupational therapy, elderly patients, 13451
models of perceived control & biofeedback-assisted self regulation, literature review, 12119
noncontingent & contingent appetitive reinforcement, learned helplessness, female rats, 9742
noncontingent feedback in discrimination learning task, generalized expectation of noncontingency, implications for learned helplessness, 7270
occurrence & generalization, learned helplessness & latent inhibition, 10–11 yr old males, 797
personal vs universal helplessness, problem solving performance, college students in contingency vs noncontingency groups, implications for reformulated model, 7278
pre-exposure to uncontrollable vs controllable noise, perception of control in noncontingency learning problem, depressed vs nondepressed college students, 319
self statements about experimentally induced failure experience, extent of learned helplessness, college students, 9680
sex role identity & learned helplessness, performance on formal operational thought task, 13 yr olds, 5329
theoretical & methodological issues, learned helplessness, literature review, 9684
traditional vs open plan school organization experience & uncontrollable outcomes, learned helplessness induction, high school students, 8888
tutor assistance vs self instructional training following failure on problem solving task, persistence & learned helplessness & coping with failure, learning disabled 4th grade males, 6756
viewing naive models attempt to solve solvable vs insolvable discrimination task, subsequent anagram solving performance, college student models & Os, 4950

Learning (Programed) [See Programed Instruction]

Learning Ability
age & IQ & education, performance on Rey Auditory-Verbal Learning Test, 19–81 yr old male general hospital inpatients, 11677
enriched vs impoverished environment, learning, dwarf mice, 343
individual differences, field dependence in learning ability & visual aftereffect, 8–11 yr olds, 3179
learning ability, retention, primary & secondary school & college students, Nigeria & US, replication & extension of findings of T. J. Shuell & G. Keppel, 3110
learning test concept, intelligence assessment, literature review, 7018
mental stress caused by learning test, learning capacity & efficiency, cardiovascular patients, 5968
methylphenidate, paired associate learning performance, hyperactive 9–13 yr old males with attention deficit disorder, 8466
model, identification of basic communication & learning skills, nontraditional students, 6826
practice & training, validity of IQ vs socioeconomic status vs adaptive behavior in predicting learning ability, educable mentally retarded 7–11 yr olds, 5885
vasopressin nasal spray, memory & learning & intellectual functioning, brain-injured male patients over 18 yrs of age, 1612

Learning Centers (Educational)
Apple microcomputer in learning center, special education, deaf, 13702
factors in choice of individualized vs group instruction, 4372
services to faculty members as instructional consultants, college learning center staff, 4334

Learning Disabilities [See Also Dyslexia]
ability to inhibit hand movement, learning disabled 5–12 yr olds, 3725
academic & social/emotional & vocational characteristics, learning disabled 15–18 yr olds, literature review, 2025
academic expectations for learning disabled vs normally achieving 3rd graders, teachers vs parents, 6752
academic self concept & expectations & teacher expectations & perception of student & parental expectation & reported stress levels, learning disabled 8th & 10th graders, 8943
administration of rating scale as screening instrument for behavior & neurotic disorders & learning disabilities, parents & teachers of 8 yr olds, 9400
advantages of microcomputer use in learning disabilities instruction, 6787
aerobic capacity as measure of physical fitness, learning disabled 8–10 yr old males, implications for motoric aid, 12994
age & sex & IQ, social & cognitive aspects of play, educable mentally retarded vs learning disabled vs behavior disordered 3–6 yr olds, 3519
American College Test & Standard Test of Academic Skills & GPA, identification of learning disabilities, college freshmen, 13730
assessment & placement, students failing in school, 13712

assessment & remediation, learning disabled 9–12 yr olds, literature review, 2070
attitudes of parents & teachers & peers & self esteem & attributions & social competence, learning disabled children, literature review, 5868
attitudes toward early identification procedures, diagnosis of learning disabilities or handicaps, kindergarten teachers in early childhood graduate course, 8818
attributions & expectancies & affect & persistence & teachers' perceptions of learned helplessness, learning disabled 7.4–11.5 yr olds vs normally achieving 7.7–11 yr olds, 11352
audience presence &/vs threat of evaluation, oral reading errors, academically handicapped 9.2–12.8 yr olds & nonhandicapped 3rd–6th graders, implications for mainstreaming, 2040
barriers to treatment & need to encourage client involvement in self help groups & community services, inner-city clinic for diagnosis of learning disabilities in disadvantaged minority children up to 16 yrs old, 6423
biofeedback-induced relaxation training, attention to task & impulsivity & locus of control, learning disabled 8–11 yr olds, 8425
bridging activities to ease mainstreaming transition, teachers & learning disabled high school students, 11343
Bruininks-Oseretsky Test of Motor Proficiency vs Southern California Sensory Integration Tests, screening for occupational therapy referral, learning disabled 4.8–12.2 yr olds, 4810
changing-criterion design in special education, evaluation of increase in math achievement, 11 yr old learning disabled 6th grade male, 11362
characteristics & assessment & intervention, learning disabilities, preschool age children, literature review, 1324
characteristics & assessment & intervention, learning disabilities, 12–15 yr olds, literature review, 2068
child development program, assessment of future school success & potential learning problems, 3–6 yr olds, 1323
classroom behavior modification suggestions, distractability & impulsivity & interpersonal skills & adjustment, hyperactive learning disabled students, 2065
cognitive & affective role-taking skills & peer interaction patterns, learning disabled 7–10 yr olds, 8126
cognitive control teaching methods, learning handicapped 5.1–10.1 yr olds in special education classroom, 4441
cognitive modeling &/or discovery learning, task specific & heuristic knowledge, learning disabled students, 4445
cognitive-experiential module, attitudes toward physically handicapped & emotionally disturbed & mentally retarded & learning disabled children, education college students, 13580
compensatory intervention & vocational education & basic skills remediation & peer tutoring, self concept, learning disabled adolescents, 2074
compliance with federal definition of learning disabilities, Child Service Demonstration Centers created by Title VI-G of Public Law 91-230, 13691
comprehension of interpersonal interactions, learning disabled 6th–8th graders, 8141
comprehension of "language" of left-right distinctions & learning lateral awareness & directionality, learning disabled students, 6769
concept & definition of learning disabilities & federally funded learning disabilities centers, criticism of research by L. Mann et al, 13695
concern for students having learning vs conduct vs attendance vs delinquency vs physical problem, primary vs secondary school teachers, 11172
concurrent validity, measure of daily reading progress & standardized reading achievement tests, learning disabled 1st–6th graders, 2087
conversational skills, academic achievement, learning disabled children, literature review, 13678
cooperative planning, mainstreaming of learning disabled, middle & high school classroom & special education teachers, 11357
cooperative vs competitive vs individualistic learning experiences, self esteem & interaction & perspective taking, learning & behavior disordered & normal 4th graders, 11334
copy & alter & transform & supply exercises, penmanship & spelling & grammar skills & teacher-student rapport, learning disabled elementary school students, 6762
correlation between Peabody Individual Achievement Test & WISC-R, Mexican American vs Anglo children, implications for diagnosing learning disabilities, 132
correlation between scores on Bender Gestalt Test & Developmental Test of Visual-Motor Integration, learning disabled & normal 7–10 yr olds, 8124
counselor's personality & counseling style & background & group composition variables, group counseling outcome indicated by self concept & social relations, 12–17 yr olds with behavior or learning problems, 6206
critical issues in field of learning disabilities, researchers & policy makers & teacher trainees, 12997
definition & classification of learning disabilities, 12989
definition & validity of term learning disability & educational considerations, 12995
definition of learning disabilities & need for special education, 12990
definition of learning disabilities, literature review, 12993
definition of learning disabilities, National Joint Committee on Learning Disabilities, 12992
definition of learning disability as neurophysiological dysfunction & suggestions for education, 12979
definition vs diagnosis of learning disability, 12991
definitions & diagnostic procedures & treatment, learning disabilities, US, 10673
demographic characteristics, self rated ideal vs real competencies in 11 areas, learning disability professionals, 1920
design for development of career education programs, learning disabled secondary school students, 2058
development of observation schedules, assessment in areas of academic & language & self help skills & behavior & music & drama & arts & crafts & play, children with severe learning disabilities, 10653
developmental lag in information processing strategies, learning disabilities, 6–9 yr olds, literature review, 1306
diagnosis & habilitation, learning difficulties, at-risk 5 yr olds, 12986
diagnosis of simulated cases of reading & learning disabilities & suggested remediation plans, specialists vs classroom teachers, 13740
direct instruction in phonics, learning vowel sounds & transfer & reduction in nonacademic & impulsive behaviors, learning disabled 78–106 mo olds, 2038
directory of college learning disabilities programs & resources, 6754
early diagnosis of learning disabilities, educational placement, multiply handicapped children, 8956
educational & vocational opportunities, learning disabled college age students, literature review, 1303
educational uses of personal computers & barriers to access, learning disabled, 2066
EEG, diagnosis & brain dysfunction, neurological vs dull-normal vs learning disabled children, criticism of validity of assumptions of H. Ahn et al, 1403
EEG, diagnosis of brain dysfunction, neurological vs dull-normal vs learning disabled children, reply to criticisms of C. McCauley & J. Ciesielski, 1344
EEG during visual search task, hyperactive &/vs learning disabled 7.5–10 yr old males, 1362
efficacy of drug & behavior therapy interaction, learning & behaviorally disordered children, literature review, 12801
efficacy of early evaluation & educational vs medical model, learning disabilities, kindergartners, longitudinal studies, literature review, 8153
efficacy of tutorial method, remedial language arts instruction, elementary school students, 4464
efficacy of vocational rehabilitation, learning disabled adults, 8662
epidemiology, physical & mental disorders, 3.5–5.5 yr olds at risk for handicaps at birth, 7979
evaluation methodology for identification & placement, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 8972
factor analysis, Henderson Environmental Learning Process Scale responses, mothers of 7–14 yr old learning handicapped children, 112
formal programs for learning disabled in California community colleges, 6776
framework considering learning disabilities as superior ability to respond to environment vs symbolism deficit, 1309
graphic organizer, facilitation of text learning, learning disabled students, 11303
group contingency differences, academic achievement & social behavior, learning disabled 7–10 yr olds, 8958
guidelines for early identification of learning disabled students, teachers & parents, 4448
guidelines for teaching mainstreamed learning disabled students, teachers, 4442
heart rate & skin conductance during arousal & orienting & attention, learning disabled children, literature review, 12982

hyperlexia & inability to form superordinate schemata, relationship to dyslexia, 5–11 yr olds, 1318
hypnosis, children with enuresis & learning difficulties & phobias & hyperactivity & delinquency, 8508
identification of learning disabilities, 11th & 12th graders sent to continuation schools for attendance & behavior problems, 6650
image of teachers & students in school for learning disabled, 17–84 yr old residents, West Germany, 13679
immaturity & unreadiness for school due to overplacement vs learning disability, school adjustment, children, 13672
immediate tangible vs social reinforcement, reading & language test scores, middle & low income 7–10 yr olds labeled learning disabled or emotionally disturbed or educable mentally retarded, 6785
improvement of study skills, learning disabled high school students, 6770
inappropriate or inadequate relations with significant others & responses to social cues & locus of control & self concept & achievement motivation, learning disabled & mentally retarded children, literature review, 5886
incidence of behavior disturbances, learning disabled special education students, West Germany, 11349
incidence of morphological variants from early vs late prenatal development, 6–17 yr olds with learning disabilities, 8128
individual differences in cognitive processes mediating word decoding, literature review, implications for learning disabilities, 295
individual differences in semantic encoding, problems with automaticity & rapidity & efficiency, learning disabled 9.5–11.5 yr olds, 1326
individual vs cooperative goal structures with vs without exposure to cooperative models, academic achievement & interpersonal behavior & attitudes, learning disabled 7th–8th graders, 8929
individualized instruction with student team approach, achievement & social acceptance & behavior, mainstreamed academically handicapped 3rd–5th graders, 6789
individualized teaching methods in physical education, academic learning time, mainstreamed mildly handicapped elementary school students, 11338
inductive teaching method & role playing, language skills, learning disabled secondary students, 2054
inferential measures of attention, prediction of classroom attending behavior, learning disabled 8–12 yr olds, 13717
information processing model, diagnosis of learning problems, 12987
inservice communication skills training, consultation outcome with elementary school teachers, learning disabilities resource teachers, 4351
instruction in multipass learning strategy, textbook reading comprehension, learning disabled 7th–12th graders, 2067
intervention framework, learning disabled students with communication disorders, 8957
issues in compliance by colleges with Rehabilitation Act of 1973, development of programs for learning disabled college students, 6796
judgments of social hostility & adaptability for learning disabled vs normal 2nd vs 4th graders interacting with peers, college student naive judges, 1305
karyotype, learning disabilities, 7–16 yr olds with sex chromosome anomalies, 3829
knowledge about jobs & sources of work-related information & awareness of occupational information & projected occupations, 13–16 yr old learning disabled students, implications for occupational counseling, 8927
lack of language congruency between speech & reading materials, inaccuracy in reading ability assessment, students, implications for reading instruction of learning disabled, 2101
language skills program, change in reading grade level & rate of learning to read, learning disabled high school students, 6768
learned helplessness following exposure to unsolvable problems, learning disabled vs normal 3rd–5th graders, 12996
learning disabilities & criminality, literature review, 3510
learning disabilities in mathematics & skill deficits & remediation approaches, 6th grade & junior & senior high school learning disabilities teachers, 2052
learning disabilities orientation upon admission to special education program & inclusion of affective education program, social skills & self concept, learning disabled students, 6779
learning disabilities theories, psychologists, USSR, critique of article by G. S. Coles, 12985
learning disabilities theories, USSR, critique of article by G. S. Coles, 12980
learning disability theories, psychologists, USSR, literature review, 12978
left handedness & role of testosterone, migraine & myasthenia gravis & dyslexia & related language disorders & learning disabilities & autoimmunity, 3735
lesson unit on sources of advertising, hearing impaired & learning disabled 11–14 yr olds, 11373
locus of control, learning disabled vs nondisabled 3rd–6th graders, 3722
major models underlying screening procedures for learning problems & methodological problems, literature review, 9373
mastery learning teaching method, sight word instruction, learning disabled 7–11.8 yr olds, 4438
methodological concerns in assessment of social perception abilities, learning disabled children, 6983
microcomputers, diagnosis & instruction for mainstreaming into regular program, learning disabled college students, 6775
Missouri Children's Behavior Checklist, assessment of risk for developmental & learning disabilties & behavior disorders, preschool age children, 198
MMPI profiles, parents of conduct & personality disordered & learning disabled 6–12 yr olds, 1096
modeling vs participant modeling, learning of syllabication rules, learning disabled 9–11 yr olds, 11351
modified minimum competency tests, test performance, learning disabled 5th graders, 13722
moral & literary & emotional & historical & ethnological value of reading fairy tales in class & criticisms, learning disabled & emotionally disturbed children, 6765
multidimensional model, assessment of intelligence performance within information processing framework, learning disabled students, literature review, 2113
multifaceted direct assessment, diagnosis & planning of remediation for reading & related learning disabilities, 2033
music, performance of soccer skill task, learning disabled 9–12 yr olds, confirmation of findings of R. Beecher & W. B. Karper, 1458
need for neuropsychological assessment of learning & behaviorally disordered children, school psychologists, 4498
neurodevelopmental model of central processing deficiencies, children, implications for learning disabilities, 3840
neurologic assessment & development of nonfocal signs, learning disabled/neurologically impaired 10–12 yr olds, 6-yr longitudinal study, 5677
neuropsychological assessment, learning disabilities, 9–13 yr olds, 9426
objectives approach in inservice workshop on learning difficulties, teachers, 11188
occupational choice & job performance problems, learning disabled adults, literature review, 1331
occupational stressors & preventive behaviors, teachers of learning disabled & behavior disordered & educable mentally retarded, 4337
oral vs written language, implications for learning disabled students, 11335
peer trio technique, peer tutoring, learning disabled 4th–6th graders, 11329
perception & evaluation of child's strengths & weaknesses &. prediction of future achievement, mothers of learning disabled vs nondisabled 2nd–6th graders, 10655
prenatal barbiturate, exposure, humans & animals, literature review, 7565
prevalence & educational integration, kindergartners with learning & speech & language disorders & emotional & social disturbances & physical handicaps & mental retardation, Norway, 2073
prevalence & treatment, learning problems, lower vs upper income areas, 3721
programed vs naturalistic strategies, study-related behavior, maladjusted 1st–3rd graders & learning disabled 13 yr old male, 10909
purposes & types of testing, problem of professional turf guarding in testing learning disabled students, school psychologists vs reading specialists vs optometrists vs speech therapists vs teachers, 6819
reading performance, learning disabled 5th graders & 1st–3rd graders vs low achievers, 8129
reading program at beginning vs end of summer, reading achievement regression, learning disabled 3rd–8th graders, 2024
recorded telephone messages, parent school communication & student progress, learning disabled 8.3–10.6 yr olds, 2023
reinforcement contingencies, modality preference & consistency in visual vs auditory stimulus controlled performance on short term memory tasks, learning disabled 8.9 yr old male & 9.7 yr old female, 1322
reliability & validity of Minnesota Preschool Screening Instrument, early identification of educational problems, 2100

reliability of Elizur Test of Psycho-Organicity, 10–15 yr old learning disabled & emotionally disturbed & unclassified males originally assessed at 6–11 yrs of age, 13718
reliability, reading diagnoses, learning disability specialists & classroom teachers, 8962
remedial reading curriculum development, deemphasis of formal language, learning disabled & dyslexic & functionally illiterate students, 4440
review of development of Child Service Demonstration Centers, identification & remediation of learning disabled children & teacher training, 6753
rewriting of textbooks to readable level, secondary learning disabled students, 2060
roles in planning special education & diagnosis & therapy & followup assessments of learning disabled students, physicians, 6790
same-different judgments about size vs shape of geometric figures, RT, learning disabled 10.2–13.2 yr old males, 10665
school program, understanding of learning disabilities, learning disabled & nonlearning disabled 5th graders, 11358
school-based counseling program participation, school contact & student problems, parents of learning disabled students, 2093
scores on McCarthy Scales of Children's Abilities & teachers' ratings of academic achievement, normal vs learning disabled students with mean age of 7.3 yrs, 4519
screening tests, identification of learning disabilities, kindergartners, 4505
selection of important story idea units & retrieval cues before vs after recall, learning disabled vs normal college students, 3746
self assessment & self recording, attention to task & academic productivity, learning disabled 9–10 yr olds, 2049
self concept, learning disabled vs normal vs gifted 4th–7th graders, 1338
self esteem & anxiety & achievement, learning disabled kindergartners through 6th graders in regular classrooms with resource help, 13697
self questioning training, metacomprehension skills, normally achieving 6th graders vs learning disabled 8th & 9th graders, 2078
self vs teacher assessment of on-task behavior, increases in on-task behavior, learning disabled 8 yr old male with attentional problems, 6763
sensory integration therapy with vestibular stimulation, postrotary nystagmus level, learning disabled 7.8–8.6 yr olds, 13443
sentence dictation, spelling & written language skills, learning disabled students, 6786
sex & race differences, placement & teacher treatment & student reading achievement, learning disabled 6–12 yr old students, 11342
short term memory dysfunction, learning disabled children, literature review, 5896
social & problem solving skills training, skill levels, learning disabled 13–15 yr olds & normal 13–18 yr old females & 14–17 yr old delinquents, 8409
social perceptual abilities, learning disabled 7–8 & 10–11 yr olds, 8131
social skills, learning disabled vs normal 10th–12th graders vs 13–17 yr old juvenile delinquents, 8149
social skills program, self concept & interpersonal relations & GPA, learning disabled 10th–12th graders, 13709
social skills training, interpersonal problem solving, learning disabled children, 4451
social skills training with role playing, generalization of social skills, learning disabled adolescents, 8433
special education, learning disabled, West Germany, 8923
teacher attitudes & behavior toward individual students, peer social acceptance, mainstreamed learning disabled 4th–6th graders, 13705
teacher vs student determination of error in reading education, internal attribution for effort, learning disabled students, 8952
teacher-student interaction, teachers & learning disabled & normal kindergartners through 2nd graders, 2028
teaching method incorporating smaller unit size & distributed practice & training for transfer, spelling accuracy & transfer, learning disabled children with mean age of 8.8 yrs, 11322
team teaching in special education program, learning disabled junior high school students, 6761
tutor assistance vs self instructional training following failure on problem solving task, persistence & learned helplessness & coping with failure, learning disabled 4th grade males, 6756
utility of WISC-R profile analysis, differential diagnosis of learning disabled children, 11639
validity of Woodcock-Johnson Psycho-Educational Battery factor clusters, assessment of cognitive ability & academic achievement & aptitude, learning disabled 4th graders, 2102
varied reading purpose, reading rate modification & comprehension, normal vs learning disabled 4th vs 7th vs 10th graders, 2029
visual arts program related to human figure, body image, learning disabled 8–11 yr olds, 2026
visual spelling technique, spelling skills, learning disabled students with poor auditory discrimination & good visual skills, 2039
vocabulary instruction procedure, word knowledge & passage & sentence comprehension, normal 4th vs learning disabled 4th–6th vs remedial 4th graders, 2062
vocational & social & community adjustment & medical status & education, learning disabled young adults, 8154
Wide Range Achievement Test & Woodcock-Johnson achievement cluster scores, 8–14 yr old regular vs learning disabled students, 13716
willingness to conform to peer pressure to engage in antisocial vs prosocial actions, learning disabled junior high school students, 8127
WISC-R as measure of intelligence, learning disabled children, criticism of J. A. Zarske et al, 2465
WISC-R as measure of intelligence, learning disabled children, reply to J. A. Naglieri's criticism, 2488
WISC-R profile analysis, differentiation between learning disabled & emotionally disturbed children, 11696
WISC-R Verbal & Performance & Full Scale IQs & Bannatyne recategorized scores, nonhandicapped vs educationally disadvantaged vs learning disabled vs regular classroom Navajo 6–16 yr olds, 2119
writing readiness skills, writing disabled students, 11323
writing skills education, learning disabled students, 2075

Learning Disorders [See Also Dyslexia, Learning Disabilities, Reading Disabilities]
academic achievement & sociometric status & personality traits, 4th & 5th graders selected by teacher as behavior problems &/vs learning disorders, 3730
behavioral evaluation & referral unit of pediatric clinic, facilitation of referral, children with learning & behavioral problems, 8520
classroom behavior & academic achievement, 7th grade males with learning difficulties, 13687
coping skills training, self monitoring & problem solving & modeling & attention-focusing, mainstreamed students with learning problems, 8938
drugs & vitamins, concentration & intellectual performance & emotional stability & behavior patterns, school age children, implications for use of drug therapy for learning disorders, 13273
early onset of migraine headaches, development of learning & behavior problems, 13 yr old female, 8190
experiences of psychologist working with children with specific school learning problems, 11354
extent of involvement in monitoring drug therapy, teachers of 4–21 yr old learning or behaviorally disordered students, 11321
family climate & school success, etiology of learning disorders, 5893
fetal alcohol syndrome, behavioral & learning deficits, implications for education, 3810
gross motor incoordination, self esteem, 8–12 yr old males with learning disorders, 8150
low level exposure to lead, etiology of mental retardation & learning disorders & behavioral problems, 7966
major models underlying screening procedures for learning problems & methodological problems, literature review, 9373
peripheral & central handicaps in encoding, blind vs deaf subnormal vs subnormal autistic children & adolescents, implications for learning difficulties, 12793
work introduction courses, unemployed 16–19 yr olds with learning difficulties, 11346

Learning Rate
acquisition rates for comprehension & production of singular & plural noun forms, 11–15 yr olds with Down's syndrome, 8133
corrective vs noncorrective feedback with vs without candy, rate of acquisition & maintenance & generalization of printing, 4.5–5 yr olds, 12418
electrical stimulation of somatosensory cortex & caudate nucleus, speed of formation of extinctive inhibition of food CR, dogs, 12202
film vs pictorial illustration of procedure, procedure learning, 4–8 yr olds, 802
goal specificity in maze tracing task, use of means-ends analysis & learning rat & errors, college students, 2628
operant learning method, behavioral assessment of dopaminergic effects of dextroamphetamine & apomorphine & haloperidol & methohexital, female rats, 7547

performance of memorization task alone vs in psychological vs physical presence of familiar person, rate of verbal learning, female college students, 7262
sex, acquisition rate for cognitive & psychomotor skills & complex flight skills 1 yr later, US Air Force Academy cadets, selection & training implications, 9076
single vs compound CS paired with reduction in shock intensity, inhibitory CS conditioning in suppression, male rats, 11960
spontaneous circadian rhythm of motor activity & rate of acquisition of motor defensive CR, rats, 11985
unilateral ablation of superior cervical sympathetic ganglion & electrical stimulation of posterior hypothalamus, motor defensive conditioned reflex magnitude & acquisition rate, dogs, 5204
Learning Schedules [See Distributed Practice, Massed Practice]
Learning Theory
age, food acquisition problem solving, 2–3 vs 5–6 vs 8–9 mo old rats, implications for development of object-oriented purposive intellectual activity, 9776
analysis of operant theory of Skinner, literature review, 9228
behavioristic theories of G. Bateson, 6927
development of learning theory, 7273
dominance hierarchy relations & individual S characteristics, group learning & performance of shuttle avoidance, mice, synthesis of ethological & conditioning approaches in model of group learning, 9751
experiential learning theory of D. Kolb & Learning Style Inventory, identification of educational objectives, adult college students, 1991
implementation of Piagetian structuralism & learning theory to early childhood education, literature review, 1889
learning theory model of etiology & manifestation of stuttering, 10685
model based on conditioning theory, development of neurotic disorders, 10524
paired associate learning, test of large sample stimulus sampling theory vs Markov model of all-or-none learning, 4832
procedures for testing stage-learning hypothesis, instructional design implications, 767
psycholinguistic cognitive social learning theory & research on social interaction, commentary on article by M. D. Walton & A. J. Sedlak, 7883
skill- vs meaning-centered reading model, reading diagnosis & remediation, 8951
test of R. E. Lubow et al's theory & novelty & familiarity of stimulus & environment, taste aversion learning, male rats, 11984
theories of schizophrenia from association psychology vs learning psychology, 1167
theory, concept formation, 787
Learning [See Also Related Terms]
ability to learn different spatial patterns of food availability from individual flowers, black-chinned vs blue-throated vs Rivoli's hummingbirds, 4969
acute marihuana intoxication, remote memory & learning, males with mean age of 27.9 yrs, 705
alpha-melanocyte-stimulating hormone vs melanocyte-stimulating hormone/ACTH, learning & attention & memory & sensitivity & CNS arousal & novelty-induced defecation, humans & animals, literature review, 7540
autoshaping vs short term memory probe procedures, metaknowledge, pigeons, 11999
biofeedback as tool for study of autonomic learning & as therapeutic instrument, 9906
communicative intent & content redundancy & consistency across simultaneous picture & audio & print media, cognition & learning, 4th–6th graders, 13622
conceptual level & field dependence/independence, learning & task performance strategies, students, 7263
conceptual reflectory arch as basis for neural organization, coding of motions & learning in motor & detector neurons, 7441
counting behavior, animals, literature review, 4971
development & application of taxonomies, human learning & biological & behavioral sciences, 4609
development of learning needs, children, 7693
educational TV program with appealing vs unappealing fast vs slow tempo background music, selective attention & information acquisition, 1st & 2nd graders, 4391
electrical high frequency stimulation of perforant path axons & contralateral hippocampal hilus, inhibition of long term potentiation of fascia dentata neurons, male rats, implications for learning & memory, 559
environmental & biobehavioral & cognitive factors, acquisition & maintenance of drug dependence, 5812
experiential education & strengthening learning process, 11261
experiential learning & information assimilation, children & adolescents, 10129
exposure to correct &/vs incorrect example sentences, miniature artificial language learning, college students, 2643
group approach & holistic strategies in portfolio development classes, improvement in credit for lifelong learning, adult community college students, 1958
initial normative & psychometric data of selective reminding measure of learning & memory, potential utility in clinical neuropsychological assessment, 5–8 yr olds, 2462
learning model based on mathematical theory of expectation, 4921
learning processes in action learning model & group dynamics, management education, 9125
learning task using reminiscent material from own past, cognitive functioning, Ss with mean age of 68.2 yrs, 5362
lecithin & physostigmine, memory & learning, 64–77 yr olds, 7543
long term retention of learned birdsongs, male swamp sparrows, 396
model of goal tracking in attentional-associative networks in spatial learning, implications for hippocampus as cognitive map, 9826
model of work task learning in home environment, children & young people, implications for future work socialization, 748
perceptual direction & hints & training & past experience, creative problem solving, review of Gestalt approach, 7232
personal meaning of learning & reasons for participation in museum art classes, older Ss, 885
phases of adult life cycle & developmental stages, adult learning & goals for higher education, 746
plasticity of brain neurons & role in song learning, canaries, implications for brain & spinal cord injury treatment, 7429
postgraduate course in office orthopedics, knowledge & clinical practice behavior, primary care physicians, 4279
practitioners' attitudes toward age & attitudes of elderly on aging, teaching & learning experience in arts, 1069
prefrontal lesions, motor conditional associative-learning, male rhesus monkeys, 7524
prenatal barbiturate, exposure, humans & animals, literature review, 7565
prenatal lead, acquisition & extinction of learning, rat pups, 694
prior exploratory experience &/vs partial vs complete feeding, ease of learning stay vs shift problem, rats, 9732
psychology of learning from 1960's, US, 306
recommendations for enhancement of environments for learning, children, 3148
role of gustatory neocortex in taste-related cognitive processes, rats, literature review, 9704
role of the "story" as basic unit of learning & memory corresponding to K. Lashley's engram & as representation of "deep structure" & "universal grammar" of N. Chomsky, 7235
seasonal anatomical changes in song control nuclei of brain, male canaries, implications for studies of learned behavior, 458
skin conductance & learning, digit recall, college students, 5131
strategies for increasing learner participation, 8890
study-test vs anticipation item presentation, learning & retention of linguistic items, 309
susceptibility to semantic vs phonetic interference & individual differences in arousal, deep processing as learning style & paired associate learning, college students, 4944
synaptic mechanisms of long term potentiation in hippocampus as basis for learning & memory, literature review, 9836
transactional analysis interpretation & Rissman trilog & models of G. Kelly & D. A. Kolb, learning stages & ego states, 3504
use of educational taxonomies to establish task grid, development of sequential learning opportunities & activities & treatment planning, children with developmental delays, 2110
Least Preferred Coworker Scale
score on Least Preferred Co-worker Scale, moderation of relationship between group task performance & s faction, male college students, 12667
Lecture Method
amount of lecturing vs discussion in teaching format, learning outcomes, college students, 13619
instructor's personality & lecture content, ratings of instruction & achievement, students, literature review, 11194
lecture with vs without behavioral self management practicum, knowledge of & attitudes toward behavior modification, college students, 8838
lecture-discussion instructional format, evaluation of graduate assistants' teaching effectiveness, college students, 4507

reception vs discovery instruction, probability task performance, kindergartners, 8830
traditional vs student-centered teaching method, grammar achievement, 2nd graders, 8884
use of critically placed pauses during lectures, recognition & recall, college students, implications for depth of processing theory, 13621
videotape vs lecture methods, teaching mental status examination, 2nd-yr medical students, 6568
Legal Arrest
characteristics of offense & offender, decision to prosecute shoplifting, retail investigators, 7829
lifetime criminality & impact of arrest & incarceration, heroin addicts, US, 1244
Legal Detention
organizational & community responses to deinstitutionalization strategy, juvenile status offenders, 4244
Legal Processes [See Also Adjudication, Adoption (Child), Child Custody, Commitment (Psychiatric), Expert Testimony, Incarceration, Law Enforcement, Legal Arrest, Legal Detention, Legal Testimony, Legislative Processes, Parole, Probation]
arbitration process for cases involving misconduct & incompetence & neglect & patient abuse, psychiatric hospital staff, 13400
causes & forms & risks of defensive psychiatry, US vs France, 6058
challenge to traditional model of entering substance abuse treatment & impact of criminal justice system, alcohol & drug abusers, 1834
Children Act Services, problems of juvenile delinquency & neglect, India, 3657
clinical psychology practice & military law, 8779
conflicts between psychiatry & law, balance between essential care & individual rights, 986
critique of concepts & legal intervention recommendations, emotional abuse & mental injury, children, literature review, 5830
ethical & legal issues, use of penal sanctions to coerce submission to therapy, drug & other substance abusers, 12593
foundations of scientific research in forensic psychiatry & assumptions of parent fields of law & psychiatry, 7841
frequency & success of insanity plea, literature review, 3338
government educational & enforcement programs, drug abuse & availability, US, literature review, 6483
gratuitous language in appellate cases, gay litigants, 7831
history of class action litigation on right to appropriate education for handicapped children & cultural bias of intelligence tests, 954
legal advocacy program, state residential facility services for mentally retarded, 8624
legal interpretations of "duty to warn", mental health professional personnel, 11117
legal issues & rights of students, use of behavior modification in schools, 11251
legal issues, child victims, 7838
legalization of conjugal unions, rural 15–49 yr old females, Colombia & Mexico & Peru & Costa Rica, 10347
liability of commercial alcohol server for actions of intoxicated customers, 5526
litigation, provision of services for developmentally disabled, 10963
practice- & technology- & research-related problems of informed consent in psychiatry, 6069
presentation context of unfamiliar faces, subsequent recognition, implications for eyewitness identification, 4932
program development & implementation for communication between community mental health agencies & police, cases involving abnormal Ss, 4555
psychiatric vs legal models of decision making, 7832
psychiatric will as plan for future mental health needs & protection from coercive psychiatry, comments on T. Szasz's proposal, 5521
psychiatric wills, future treatment plan & protection in event of psychosis, 5532
psychiatry & legal reform, risk of violence & responsibility for & continuity of care for mental patients, 1469
recent legal activities, children's rights, 967
report of National Commission for Protection of Human Services on biomedical & behavioral research involving children, 11129
responsibility of psychotherapists to protect public from violent patients, issues arising from Tarasoff vs Regents of University of California et al decision & subsequent court decisions, 4291
role & responsibilities in special education hearings, counselors, 11180
role of clinicians & mental health system & insanity defense plea, criminal justice, Missouri, 974
role of social scientists, legal strategies in school desegregation cases, 965
summary of American Bar Association Provisional Criminal Justice Mental Health Standards, 5531
therapist responsibilities & provision of information to clients as means of avoiding legal liability, behavior therapists, 13544
treatment of domestic violence in criminal courts, Scotland, 982
treatment of Jehovah's Witnesses in need of blood transfusions, medical students & house staff & faculty physicians, implications for development of norms under legal uncertainty, 13556
unclear legal definitions of intent & capacity, clinical limitations in giving expert testimony on diminished capacity, forensic psychiatrists & psychologists, 7826
understanding of legal rights, interrogation & confessions, juveniles, 3341
Legal Testimony [See Also Expert Testimony]
admissibility status, testimony of previously hypnotized witness, 5522
commitment & conformity pressure & source credibility, reliability of eyewitness testimony, college students, 10425
correctness of eyewitness testimony, Ss observing individually vs in groups, 7843
hypnosis, interrogation of witnesses, 7822
mental health law project testimony on insanity defense, 12597
order of testimony, persuasiveness, mock jurors, 5528
thief identification accuracy, victimized vs uninvolved college student eyewitnesses, 3334
Legislative Processes
Black electoral power, role-call voting, White legislators of Mississippi House of Representatives, 7824
extension of brief involuntary emergency detention in Pennsylvania mental health law, consent to voluntary hospitalization, psychiatric patients, 4187
German Accident Insurance Law as impetus to research on monocular depth perception & subsequent legislation by German Insurance Board, 1884–1914, 2563
standards for legislation regarding abused & neglected children, 981
Leisure Time
age & sex composition, family groups in shopping & recreational settings, 10304
amount of home-based leisure time & activities, survey respondents, 12526
avocational interests, vocational interest group using J. L. Holland's model, college students, 9058
barriers to leisure enjoyment & family stage, community residents & recreational professionals, 5514
class divisions, attitudes toward culture & leisure time, Sweden, 12537
conceptual shift in leisure sciences toward leisure as experience & need for phenomenological viewpoint, literature review, 5629
conceptualization of leisure & quality of life, scope of leisure professional's role, 8756
constructive use of leisure time, educable mentally retarded adolescents, 12988
control & standardization in industrialization, leisure, Australia, 7761
leisure behavior, new towns, US vs UK, 12554
leisure, Islamic countries, 12547
measurement of leisure needs, aged, applications to counseling, 11629
need for leisure education, 13563
need for research on leisure as central focus in lives of young people, 12498
occupational status & status recognition as reason for leisure activity participation, male bowling team members, 1042
occupational status, work & leisure activities, males vs females, Australia, 11439
physical activity in work & leisure, coronary heart disease, 3805
political manipulation, leisure time, USSR, 7840
quality of life & sources of enjoyment, importance of leisure, human females, comments on R. Deem's article on inequalities of women, 7853
recreation & leisure, unemployed 16–20 yr olds, England, 12512
research & development needs, implications for recreation & leisure for disabled persons, 10787
residence, leisure needs & planning of public recreation programs, Black vs White adults, 6898
retirement, leisure time use, male 65–70 yr olds, Israel, 7616
role of family & responsibilities to family & independence, leisure, France, 7798
self assessment of leisure activities performed requiring spatial abilities, male vs female college students, 7937
sex & leisure participation outcome, leisure needs, college basketball players, 1061
sex & occupational differences, leisure needs & satisfaction, Australia, 9152

sex roles & domestic labor & childcare & male partner's job attitudes & behavior & work hours & lack of own income & transportation, inequality in leisure & free time, human females, 7850
social interest in early recollections, expected choices of leisure activities related to ego recognition & adventure, college students, 7943
social theory of leisure, 12533
stability of factor structure of survey to assess motives for participating in river floating in different settings, river users, 4743
stroke, change in frequency of intercourse & leisure activities & motor performance & cutaneous sensitivity, stroke victims, 13084
TV viewing, quality of leisure reading, 4th & 5th & 6th graders, 5327
Lemurs
captivity & stress, pathology due to cortico- & medullo-adrenal secretion overload & renal insufficiency & death, lesser mouse lemurs, 11949
population & troop ranges, lemurs, Madagascar, 12021
reproductive behavior, captive mouse lemurs, 12017
reproductive physiology & sexual behavior & aggression, captive lemurs during breeding season, 2714
seasonal & daily variations in locomotor & sexual activity, captive mouse lemurs, 9796
Lesbianism
attack on semantic phallogocentrism, lesbian writings of M. Wittig, 12377
development of sexual identity, 3–11 yr olds raised by lesbian mothers, implications for child custody, 7719
drinking behavior & alcoholism & treatment in context of "family" structures, gay & lesbian couples & single persons, 1280
drinking patterns & prevalence of heavy & problem drinking, homosexual vs heterosexual females, 3368
ego psychology & systems theory approach to therapy, psychological merger, lesbian couples, 10861
identity & community, lesbians, literature review, 12614
incidence of homosexuality & participation in make-believe families, 13–19 yr old female training school inmates, 1820
neuroticism & extraversion, 21–50 heterosexual vs homosexual females, 12777
organizational stages & problems of authority & leadership, lesbian-feminist radical organization, 2183
psychohistorical analysis, tolerance of female homosexuality, literature review, 5541
self described sex role behavior & ideal sex role behavior in children, 19–43 yr old heterosexual vs homosexual mothers, 10365
Lesions [See Also Brain Lesions, Hypothalamus Lesions, Neural Lesions]
captivity & stress, pathology due to cortico- & medullo-adrenal secretion overload & renal insufficiency & death, lesser mouse lemurs, 11949
classically conditioned reflex facilitation, muscle tension & single motor unit EMG recordings from flexor muscle, spinal cats, 2907
development & cortical organizational plasticity of trigeminal somatosensory system, rats, literature review, 12067
icv vs ip cholecystokinin octapeptide & subdiaphragmatic bilateral vagotomy & spinal cordotomy, satiety for food intake, rats, 12166
lesions & 5,7-dihydroxytryptamine, mouse killing behavior, naive vs killer vs nonkiller rats, 5190
ovariectomy & gonadectomy, social & predatory aggression, individually housed male & female mice, 5168
removal of vomeronasal organ vs olfactory bulbs, ultrasonic courtship vocalization & seminal vesicle regression & plasma testosterone, mice, 12237
spinal cord lesions & transections, identification of descending & intraspinal pathways mediating footshock induced analgesia, male rats, 5216
spinal transection as adults vs neonates, tailpinch induced hindlimb stepping movements, rats, 578
transverse section of thoracic spinal cord dorso-lateral white column & white matter to tip of anterior horn, elimination of voluntary hindlimb flexion, dogs, 583
upper gastrointestinal preloading & vagotomy &/vs spinal cordotomy, milk intake & nipple attachment, 1 vs 10 vs 20 day old suckling rats, 535
ventromedial hypothalamus & dorsomedial thalamus lesions in early life & group vs individual housing, mouse killing behavior, male rats, 5156
vestibular system, EEG & optokinetic nystagmus, intact vs hemilabyrinthectomized rabbits, 7526
vomeronasal organ removal, response to conspecific urine & social & sexual behavior, male guinea pigs, 12216
Letters (Alphabet) [See Also Consonants, Vowels]
alphabetic notation in paired-comparison blind test research, college students, 4695
alphabetical vs random vs standard vs A. Dvorak typewriter key arrangement, ease of learning & typing speed, novice vs expert typists, 6893
alphanumeric keying logic & keyboard arrangement, keying speed & accuracy, 25–55 yr old scientists & engineers, 6883
availability of fixed number of letters vs words vs parts of words right of fixation, reading performance, college community Ss, 11817
consistency of frequency of letter as distractor vs target in practice for target-detection search task, detection performance & development of automatic processing, college students, 11823
diazepam, letter matching under self vs experimenter's pacing, 18–38 yr olds, support for findings of A. F. Mirsky & C. Kornetsky on digit symbol substitution & continuous performance test, 2943
frequency of occurrence of letters of alphabet in word beginnings in English vs German vs French vs Spanish, 716
holistic encoding induced by scanning, identifiability of target letters in words vs strings of unrelated letters, college students, 9492
identification vs pronunciation of words vs pseudowords vs letters in verbal RT task, college students, 9615
induced emotional states, letter discrimination, disadvantaged 4–6 yr olds, 3112
instructions in Greek vs English vs both languages, formation of words from CVC trigrams, adult English-Greek bilinguals, 2620
intensity level of forward vs backward energy vs pattern masker, vibrotactile letter recognition, lab employees, 11737
masked vs energy-limited presentation of letters, perceptual independence vs interference, college students, 11822
memory for silent vs pronounced letters in word spelling, 7–10 yr olds, 7649
modified vs traditional font, letter discrimination, mildly mentally retarded vs normal 6–11 yr olds vs adults, 4457
orthographic & lexical properties of visual letter string, component letter search time, college students, 9610
presentation of letter pairs in normal vs reversed vs inverted orientation, letter naming, graduate students, 9598
presentation of Stroop-type letter stimuli to right vs left hemisphere, same-different discrimination interference, right handed college students, 5025
reading ability, complete vs partial report of unrelated letter strings, adult readers, 4934
recognition models for alphanumeric confusion data, criticism of conclusions of G. Keren & S. Baggen, 11826
recognition models for alphanumeric confusion data, response to criticism by J. K. Smith, 11799
recognition of letters in words vs nonwords with upper- vs lower- vs mixed-case letters, college students vs 60–85 yr olds, 5338
retinal eccentricity & cognitive load, RT in "same"/"different" discrimination of letter pairs presented tachistoscopically, college students, 2588
serial position & array size & processing order, recognition time for letters & symbol stimuli, college students, 7162
similarity & bias parameters, visual alphabetic confusion, college students, test of constant ratio rule & interpretations of similarity choice model, 11890
simultaneous vs successive presentation & case relationship & blocking, component letter pair matching, college students, 9555
tachistoscopic presentation of letter arrays to left vs right hemisphere, speed & accuracy of same vs different judgments, right handed Ss, 5098
visual field, letter pair "same" vs "different" RT discrimination judgments, right handed male college students, 5028
visually presented letters, comparability of RT vs accuracy measures of letter recognition, college students, 2622
Leucine
alcohol consumption, plasma leucine & alpha-amino-n-butyric acid ratio, male alcoholics & manual workers & company distillery directors, 12905
methionine- vs leucine-enkephalins, retention & carbon dioxide-induced retrograde amnesia, rats at 20 & 34 days of age, 12248
Leucocytes [See Also Lymphocytes]
major susceptibility locus for depression on human leucocyte antigens region of chromosome 6, failure to replicate haplotype data of L. R. Weitkamp & criticism of data subdivisions, 5732
Leukemias
WISC-R Verbal vs Performance IQ discrepancy, 4–17 yr olds with acute lymphoblastic leukemia, replication of study by J. A. Stehbens et al, 1384

Leukocytes [See Leucocytes]
Leukotomy [See Psychosurgery]
Levodopa
carbidopa/levodopa, hyperactive 6–10 yr old males with attention deficit disorder, 8467
cognitive fluctuations associated with on-off phenomena during levodopa treatment of Parkinson's disease, 51 yr old male, 8454
levodopa & ethanol, urinary MAO inhibitor output, postwithdrawal alcoholic males with mean age of 37.9–40 yrs, 4252
unilateral dopamine deficiency & reversal by levodopa, lateral EEG asymmetry in sleep, 56–72 yr old hemi-Parkinson's patients, 7562
3-O-methyldopa, levodopa-induced rotation following unilateral nigrostriatal pathway destruction, male rats, 5176
Liberalism
authoritarianism/libertarianism, social attitudes, Ss with mean age of 43.4 yrs, 3483
conservative vs liberal vs Marxist & socialist vs radical feminist perspectives, women & education, New Zealand, 11157
liberal & authoritarian & nonmoralistic discipline of mothers, aggression-anxiety, 5 yr old males & their mothers, 3210
Liberalism (Political) [See Political Liberalism]
Libido
function of narcissistic libido & relationship to early primitive sexuality, 1181
regression & object choice in early psychic development, psychoanalytic treatment process, 6163
similarities in behavior & libidinal differences, 25 yr old homosexual vs 36 yr old paranoiac, 10547
sleep disturbance & libido & appetite & weight loss & vegetative symptoms, anxious & depressed patients with mean age of 38.2 yrs, 5756
Libraries
natural structure of psychology research literature, approach to library instruction in psychology, 13623
Librium [See Chlordiazepoxide]
Licensing (Professional) [See Professional Licensing]
Lidocaine
gnawing vs eating as primary induced behavior by tail pinch & reversal by xylocaine, male rats, 7558
vibrissal pad lidocaine injection vs infraorbital nerve section, nipple attachment & olfactory-guided orientation task performance & tactile sensation & vibrissal movement, rat pups, 7492
Life Expectancy
biological aging, Down's syndrome patients, 10725
life span & mortality rate, Down's syndrome patients, literature review, 5895
longevity studies, USSR & USA, 3043
need for revision of locus of control construct within life span development perspective, literature review, 5458
Life Experiences
androgyny, assessment of stressful life events & happiness, college students, implications for access to & use of social support systems, 3489
art therapy format using life review process, geriatric patients, 3879
assessment of stressfulness of children's experiences, clinicians vs teachers vs teachers-to-be vs children, 3069
background & skill acquisition, ability to work with nontraditional students, college teachers, 6618
boundaries & regulatory function of scientific community, authors' personal experience, 4296
chance encounters, shaping of life paths, 5612
church attendance & life satisfaction & physical disabilities, Ss aged 60 yrs & older, 12393
conceptualization of leisure & quality of life, scope of leisure professional's role, 8756
death fears & age & education & "close to death experiences", attitudes toward euthanasia, 18–69 yr olds, 1079
demographic characteristics & lifestyle, adaptation, adults, Finland, 1070
development of scales, measurement of morale & life satisfaction, aged, 11642
education- & health-related life events, depressed inpatients & outpatients, Kenya, 8040
factor structure, attitudes about quality of life, 17–25 yr olds, replication of authors' previous study with different population, 7730
family psychotraumatic events & age, etiology of neurosis, neurasthenics with mean age of 36.5 yrs vs over 50 yrs of age, 12857
frequency of stressful life events, coronary heart disease patients, 3764
global/internal vs specific/external attributional style for negative outcome of low grade, subsequent depressive reaction, college students, 8913
group approach & holistic strategies in portfolio development classes, improvement in credit for lifelong learning, adult community college students, 1958
hassles & uplifts & major life events & health status, 45–64 yr olds, 5622
intervention for disorders of change, 13382
learning task using reminiscent material from own past, cognitive functioning, Ss with mean age of 68.2 yrs, 5362
level of aspiration & locus of control, life satisfaction, 60–69 vs 70–79 yr old females, 7610
level of social support & personality traits & attitudes toward mental illness & life experiences, college students, 12760
life change & long term stress & narcissistic disturbances, development of pulmonary tuberculosis, 20–45 yr old patients, 7–8 yr followup, 10730
life change & social support systems, dysmenorrhea, female college students, 8208
life change & stress, onset of heart attack, 30–55 yr old myocardial infarction patients, 3849
life changes, emotional adaptation, male college freshmen vs seniors, 1080
life event stress & biographical factors, Ss aged 15 yrs & older involved in attempted suicide & automobile accidents, New Zealand, 5828
life event stresses & parent-child relations, response to medical treatment, 7–19 yr old Black asthmatics, 1693
life events & coping behavior & behavior change to avoid onset of depression, 14–66 yr old nonclinical Ss & nonpsychotic depressives with mean age of 40.2 yrs, implications for cognitive & behavior therapy, 8045
life events & depressive symptoms, alcohol drinking patterns, rural adults, 5559
life events & social difficulties & poor physical health & lack of confidant, onset of depression, elderly, 5762
life events, depressed patients with vs without family history of affective disorders, 12867
life events, depression, 15–54 yr olds, 5710
life events, onset of rheumatoid arthritis, 22–76 yr old females, 13005
life events, psychiatric symptoms, pulmonary tuberculosis patients aged 15–44 yrs & over, 5969
life experiences & change in relationships & marriage, older married females, 12567
life experiences & locus of control & training unit environment & success in training, changes in locus of control, male US Marine corps recruits, 11447
life experiences, nurturance of creativity, 65–98 yr old Black musicians, 10112
life histories, civil rights workers committed to movement for over 10 yrs, 12524
life stress & symptomatology, determinants of suicidal behavior, depressed & suicidal 5–14 yr olds, 5671
logotherapy, life review & preview, 6117
losses & hostility, outpatients with unipolar depression, 1145
methodological issues, social support as buffer against life stress, literature review, 91
methodology issues & model of variables, stress & illness onset, 11586
occupational choice, meaning in life, 14–23 yr olds, West Germany, 3232
past life experiences & vocational preferences, college students, integration of J. L. Holland & W. A. Owen's research paradigms, 9043
perceived pleasantness & length of prior contact with handicapped persons, college students, 3507
personal history & employed method & reported reasons, attempted suicide, US Marine Corps recruits, 12972
personality & background, satisfaction with residence, aged, 10279
perspective of biographical disruption, onset & development of chronic illness, rheumatoid arthritis patients, 10701
preference for counselor with personal vs professional experience & specific socioeconomic status & race & age & sex for career dissatisfaction & physical disability & interpersonal problems, female graduate counseling students, 8585
preventive social work intervention program, coping behavior & emotional health, persons adapting to unusual or many life changes, 4179

quality & satisfaction of life & family & social relations & finances & safety & health, 18–65 yr old institutionalized mentally disabled, 1777
quality of life & sources of enjoyment, importance of leisure, human females, comments on R. Deem's article on inequalities of women, 7853
role of self direction in sports & life & relevance of rational emotive therapy, 3450
self defined turning points & changes in self concept & well being, high school seniors & newlyweds & middle aged parents & Ss facing retirement, 8-yr longitudinal study, 12521
sex & school differences, stress ratings of life experiences, 5th & 6th graders, Philippines, comparison to ratings from previous studies from US vs Japan, 5470
sex differences & life experiences, change in locus of control, adults tested during college & 15 yrs later, 7921
social & coping skills training group in psychiatric day hospital unit, 22–60 yr olds with life crises stresses, 13418
social factors & life events & lack of intimacy with spouse/boyfriend, depression, 18–65 yr old females, replication of Camberwell community study by G. W. Brown et al, 1137
social ties & community involvement & family relations, life satisfaction, Ss age 50 yrs & over, 1060
stress & distress in life events, Ss with essential hypertension, India, 13048
stress & life events, early & late onset of bipolar illness, 12831
stress in personal life, aircraft mishaps, aircraft crew members, 6851
stressful life events & Rorschach test anxiety score, college students, implications for construct validity of A. Elizur's scoring system, 9376
stressful life events & symptoms of depression, males & females with mean age of 46.8 & 44 yrs, 12–15 mo longitudinal study, 5703
stressful life events, homicide offenders who killed family member/close friend vs stranger, 8098
supportive vs neutral vs negative suggestions about age regression, hypnotic age regression to past lives, college students, 13424
test reliability, Life Events Checklist, 10–17 yr olds, 2424
test-retest reliability of Experienced Control Scale, male alcoholic inpatients with mean age of 46 yrs, 4773
undesirable life events & social class & age & number of children, incidence of mental disorders, urban females, Sweden, 6-yr follow-up, 3621
view of own past & future & experience of hope, elderly, 12402

Life Insurance
courts' vs insurance claims' vs mental health professions' standards of care, treatment of suicidal patients, 3880

Life Span [See Life Expectancy]

Lifesaving [See Artificial Respiration]

Lifestyle
attitudes & lifestyle, mothers of adolescent mothers, 5507
characteristics of primary caregiver & elderly co-resident & dependency of older S & inconveniences, life satisfaction, caregivers in multigenerational households, 938
characteristics of reality & lifestyle & self definition, rednecks, 10282
community program, development of social integration & structures & collective coping behavior & alternate lifestyles & stress reduction & ultimate prevention, Appalachia, 6403
demographic characteristics & lifestyle, adaptation, adults, Finland, 1070
disease prevention & health promotion, health problems due to behavior & lifestyle & physical environment, 6361
dual career families, implications for polarization of career- vs family-centered lifestyles, 10322
employment & lifestyle expectations for other women, 23–82 yr old females, 3353
importance of meaningful work & self discipline & exercise & rest & realistic goal setting, adjustment in lifestyle following acute psychotic episode, 8020
lifestyle & theft, commercial thieves involved in burglary & truck hijacking, 12921
lifestyle change of increased energy expenditure vs aerobic exercise with vs without dieting, weight & fitness, obese 8–12 yr olds, 6223
lifestyles prior to illness, 53–89 yr old male wanderers vs nonwanderers in long-term care, 13410
nutrition instruction & modification of eating habits & development of active lifestyle, weight loss & maintenance, obese Ss with mean age of 36.6 yrs, 12–18 mo followup, 1560
personal & preference & situational variables, self reported consumption of time, survey respondents, implications for consumer behavior, 9205
research & theories on quality of life, Poland vs US, 10273
romanticism & self concept & competitiveness & sex role identity & religiosity & family income & lifestyle & social desirability, reactions to hypothetical jealousy-producing events, college students, 10459
sex roles & domestic labor & childcare & male partner's job attitudes & behavior & work hours & lack of own income & transportation, inequality in leisure & free time, human females, 7850

Light [See Illumination]

Light Adaptation
exposure to darkness & inhibition of decarboxylase with metahydroxybenzylhydrazine, retinal dihydrophenylalanine accumulation, light-adapted rats, 539
flashed backgrounds on preadapted fields, saturation & adaptation of rods, adult Os, 11771
light vs dark adaptation & ischemia, cyclic adenosine & guanosine monophosphate in whole eyes, ground squirrels, 12111
time course of early light adaptation function, 27 vs 44 vs 47 yr olds, 11828

Limbic System [See Also Amygdaloid Body, Gyrus Cinguli, Hippocampus, Medial Forebrain Bundle, Olfactory Bulb, Septal Nuclei]
avoidance conditioning & bilateral lesions of frontal neocortex & hippocampus & hypothalamus, sensitivity to alarm signals of conspecific & aversive sound & light, dogs & male rats, implications for neurosis, 2913
bilateral ablation of frontal parts of neocortex & hippocampus, reactivity to light & sound & another S's pain cry, rats, 12232
clinical applications of psychoneuroendocrinology, 10490
conflict & social status, coping ability & septal tyrosine hydroxylase activity & passive avoidance decrements & impairment of mesolimbic dopaminergic system, male tree shrews, implications for models of depression, 5174
cortical & subcortical olfactory pathways, rats & rabbits & cats & dogs & monkeys, literature review, 2817
dorsal vs ventral hippocampal vs entorhinal cortical lesions, conditioned emotional response acquisition & extinction, male rats, 2893
electrical high frequency stimulation of perforant path axons & contralateral hippocampal hilus, inhibition of long term potentiation of fascia dentata neurons, male rats, implications for learning & memory, 559
entorhinal cortex ablation, time interval & motor alimentary conditioned reflexes, dogs & rats, 5211
memory paradox following aneurysm with hemorrhaging in limbic area of brain, 30 yr old male, 3816
role of limbic brain structures in conditioning, rabbits, 5070
telencephalic limbic system lesions & stimulation, experimental gastric ulcers & erosions, animals, literature review, 7488
6-hydroxydopamine injections into ventral tegmental area, A10 lesions & limbic tyrosine-hydroxylase activity & performance on passive avoidance task, tree shrews, 2878

Limen [See Thresholds]

Linear Perspective
footstool drawing in depth, back & front line length judgments, human Os, support for explanation of G. Glasser & N. K. Humphrey for reversed perspective in Byzantine other arts, 2573
perspective & type of environment, memory for spatial locations, kindergartners & 3rd graders, 786

Linear Regression
discrete canonical correlation methodology, assessment of stability range of derived linear functions, 9471
FORTRAN program, determination of data transformations maximizing linear regression, 9268
geometric interpretation of statistical correlation coefficient in terms of bivariate normal distribution, implications for statistics texts, 4828
linear systems analysis, check pattern visual preferences, 13 wk olds, reexamination of B. Z. Karmel's data, 10140
ordinary vs pooled sample least squares vs equal weighting vs Bayesian m-group regression, estimation of regression weights in 2-variable linear model of reenlistment intentions, National Guardsmen, 7149
sample population distribution shape & peakedness & tail density, small sample empirical powers of various statistical tests designed to detect ordered location alternatives, 207

Linguistics [See Also Adjectives, Antonyms, Ethnolinguistics, Form Classes (Language), Grammar, Homographs, Inflection, Letters (Alphabet), Morphemes, Morphology (Language), Nouns, Orthography, Phonemes, Phonetics, Phonology, Phrases, Pronouns, Psycholinguistics, Semantics, Sentence Structure, Sentences, Syllables, Syntax, Transformational Generative Grammar, Verbs, Words (Phonetic Units)]
analytic framework for discussion of semantic problems in sociolinguistics, 7590
continuity from format to dialog to discourse, construction of semantic & morphological & syntactic relations, children, literature review, 3094
design & reliability & validity of videotaped speechreading test, assessment of effective use of linguistic constraints in response to spoken language via visual pathways, college students, 4715
language & communication by use of significant symbols & linguistic gestures, discussion of G. H. Mead's interpretation of role taking, 2993
linguistic & content modifications across REM dream reports, male college students, 6953
linguistic functions approach, language arts special education, mentally retarded children, 11361
linguistic nature of art, 10053
linguistic-functions approach to language intervention, nonverbal mentally handicapped children, 11360
metalingistic awareness & cognitive development, reading, S from 2.6 through 3.6 yrs of age, 5391
metalinguistic awareness & language development, 3–4 yr olds, 7689
methodological problems, study of pronominalization & development of grammatical marking of thematic structure in discourse, English or French speaking 4–9 yr olds, 3122
need for consideration of multiple factors in evaluation of cognitive & linguistic structures, 297
phonetic characteristics of writing as adaptive to linguistic faculties, implications for dyslexia, 3739
pragmatics of language acquisition, literature review, 3082
principal components analysis, intercorrelations of code elaboration indices in formal speech, teachers, implications for modes of elaboration within functional components of semantic system, 5295
research methodology in naturalism & culture & linguistics, literature review, 9329
social factors, language registers & levels of style in Pidgin, Papua New Guinea, 3013
socioeconomic & professional class & sex & age differences, variation in Early Modern Eastern spoken Judezmo, Israel, 12363
speech style indicators & social perception & school achievement & demographic characteristics, 5–6.8 yr olds, test of B. Bernstein's sociolinguistic theories, 10087
structuralism & semiotics & R. Harre's ethogenics, 5294
utility of Saussurian-based approach to language as framework for construction of non-essentialist psychological paradigm, 2304
Lipid Metabolism
cataphoretic mobility of blood erythrocytes & effect of blood plasma on electric conductivity of artificial lipid bilayers, schizophrenics, 1239
protein content & cytochrome oxidase activity of brown adipose tissue, thermogenic activity suppression, virgin vs lactating vs pregnant mice, 507
Lipid Metabolism Disorders
diet & Type A behavior & smoking & medication adherence, impact of behavioral treatment for hyperlipidemia, literature review, 4012
Lipids [See Also Fatty Acids, Phosphatides]
dietary fat, hyperphagia & excess weight following hypothalamic knife cuts, female rats, 12179
diets rich in saturated vs polyunsaturated fat, locomotor activity response to amphetamine vs methylphenidate vs atropine, rats, 526
high-fat vs sucrose vs chow diet, food intake & body weight & carcass composition & oxygen consumption, male hamsters, 12195
intraocular injection of labeled N-acetylmannosamine following dark adaptation, labeling in gangliosides & glycoproteins of retinal ganglion cell layer & optic tectum following light exposure, chickens, 7536
lecithin, manic depression, 18–40 yr olds, 1600
morphine, protein & fat & carbohydrate selection & intake, male rats, 650
plasma lipids & lipoproteins & blood pressure & overweight & alcohol & drug use & exercise & sex & age, reported Cornell Medical Index symptoms, healthy middle class adults, 5941
self administered morphine, dietary selection of proteins & fats & carbohydrates, male rats, 12308
Lipoproteins
plasma lipids & lipoproteins & blood pressure & overweight & alcohol & drug use & exercise & sex & age, reported Cornell Medical Index symptoms, healthy middle class adults, 5941
Lipreading
design & reliability & validity of videotaped speechreading test, assessment of effective use of linguistic constraints in response to spoken language via visual pathways, college students, 4715
duration & variability of lip postures & masking stimuli & delay of masker, backward recognition masking of visemes & perceptual processes in speechreading, 18–21 yr olds, 7227
lipread vs protruding tongue vs heard suffix, lipread number recall, college students, 9625
speech stimuli presented through audition &/vs lipreading &/vs cues, speech reception & production, profoundly hearing impaired 9.2–16.9 yr olds, implications for aural rehabilitation, 8226
speechreading through Tadoma method, identification of consonants & vowels & sentence comprehension, inexperienced Os in simulation of blindness & deafness, 8684
Liquor
locus of control & quantity & frequency of beer vs wine vs liquor consumption, male vs female college students, 12628
Listening [See Auditory Perception]
Listening Comprehension
auditory comprehension & constructional apraxia, WAIS performance, adult male aphasics, 10699
auditory language comprehension, 27–80 yr old aphasics, 10766
comprehension of question & personal characteristics & development & attention to purpose of task, performance on Piagetian conservation task, children, 776
comprehensive model of verbal information processing & comprehension, implications for reading education, 272
compressed & accelerated & normal speech, listening comprehension, visually impaired 18–58 yr olds, 3761
contextual cues, identification of spoken words, hearing impaired 7–12 yr olds, 1429
contrastive vs redundant messages accompanying drawings, accuracy of listeners' comprehension, 1st vs 3rd graders vs college students, 3163
difficulty of listening conditions, comprehension of & preference for synthetic sentences spoken in pulmonary vs traditional esophageal speech vs artificial laryngeal speech, Ss with tracheo-esophageal punctures, 8516
drawing vs discussion vs play as story reading followup activity, comprehenson & retention, kindergartners through 2nd graders, 1946
early identification of auditory imperception & receptive language disorders & language delay, remediation through parents, preschool children, 5917
extraversion vs coding complexity vs mode of presentation, recall of prose passage, 11 yr olds, 752
listening comprehension rate & reading rate in 2nd language, bilingual college students, 10063
model, study of music recognition, music listeners, 9573
oral vs written presentation of text & use of mental imagery, prose learning, 4th vs 6th graders, 13618
practice, comprehension of synthetic speech, blind 11–13 yr olds, 13445
prose difficulty & rate of presentation, reading & listening efficiency, college students, support for rauding theory, 4898
rate of speech & normal vs exaggerated stress on critical elements of sentences, paragraph comprehension, 37–72 yr old aphasics, diagnostic & treatment implications, 8229
right vs left ear, recognition of emotional tone & verbal content, right handed college students, 7241
spoken vs written sentence stimulus, lexical vs syntactical errors in comprehension, 32–71 yr olds with Broca's aphasia, 10715
suprasegmental information in sentences, listening comprehension, 4–6 yr olds, 12412
syntactic & interpretive factors, development of spoken language comprehension, 5–10 yr olds, 3167
thematic-fantasy play, story comprehension, kindergartners through 2nd graders, 7681
volunteer literacy tutorial project, reading achievement & verbal language & listening comprehension & locus of control, illiterate adolescents & adults with mean age of 30 yrs, 4365
Literacy
developmental model of literacy skills, literacy tasks performed in workplace, employees, 11469
future multimedia literacy needs, 6593

IQ scores & achievement in reading & verbal language & auding after tutoring, 16–51 yr old male inmates, 13606
literacy & age & socioeconomic characteristics, concept of measles & attitudes toward measles vaccine, mothers, Nigeria, 13330
remedial reading curriculum development, deemphasis of formal language, learning disabled & dyslexic & functionally illiterate students, 4440
verbal achievement characteristics, 13–71 yr old beginning readers, implications for adult illiteracy remediation programs, 1989
volunteer literacy tutorial project, reading achievement & verbal language & listening comprehension & locus of control, illiterate adolescents & adults with mean age of 30 yrs, 4365
Literature [See Also Autobiography, Biography, Poetry, Prose]
allegorical comparison, Homer's Menelaus vs psychoanalyst, 5302
applicability of K. Horney's "bargain with fate" to Macbeth, 5306
application of K. Horney's concept of neurotic claims to literary & case material, 5300
attack on semantic phallogocentrism, lesbian writings of M. Wittig, 12377
characteristics & manifestations of egocentrism, adolescent characters in novels by M. E. Kerr, 3016
composition writing & development of writing skills & study of written works & grammar in writing instruction, syntactic performance & maturity, 6696
conflict between C. Dickens's own childhood experiences & depictions of childhood in his novels, 5301
content analysis of problems portrayed in most popular contemporary fiction books, middle school students, 3190
content analysis of social relations & ideology caricatured in "Becassine: Pendent la Guerre" by M. Languereau & J. Pinchon & perceptions of readers, 9–11 yr olds vs adults, 775
contribution of K. Horney's theories to literature study, 5296
correspondence between motivation of characters in C. Dickens's "Oliver Twist" & A. Maslow's hierarchy of needs & self actualization, 5308
creativity & preoccupation with murder & primal scene, interpretation of mysteries by A. Sandemose, 10074
critique of C. Lasch's "Culture of Narcissism", 12369
dyadic interactions in literary works 1000 yrs apart, 719
examination of C. Dickens's child characters in light of Jung's progressive theory of child motif, 12373
folk ideology of femininity, comic literature, Japan, 12372
generational differences, attitudes toward Nazism & German experience, authors, Austria & Germany, 1933 to present, 5304
interpretation of neurotic pride in S. Richardson's novel "Clarissa" using K. Horney's theory of inner conflict, 5297
interpretation of Oedipus as wishing to implant his bad experiences in others, 10085
Jungian interpretation of T. Mann's "Death in Venice", 10086
literary & psychological examples of K. Horney's concept of vindictiveness, 5303
literature, knowledge & fear & acceptance attitudes toward handicapped, children, 6643
misreading of "Return of the Native" due to comments by T. Hardy, 7598
misuse of narcissistic model in C. Lasch's "Culture of Narcissism", reply to C. Clements's criticism, 12376
moral & literary & emotional & historical & ethnological value of reading fairy tales in class & criticisms, learning disabled & emotionally disturbed children, 6765
mutual relationship between psychology & literature, 3014
opinions about J. H. Abbott & his book "In the Belly of the Beast", 12948
oracular art as channel for drives & desires, writers, 721
personal development as reflected in work of T. Mann, 5307
primary elements of imagination, reprint of 3rd chapter of G. Bachelard's "Water & Dreams", 11939
principles of imagery in art & literature, 12367
psychoanalytic interpretation & psychotherapeutic uses of Epic of Gilgamesh, 10082
psychoanalytic interpretation, literary works of art, 10080
psychoanalytic interpretation, Macbeth character, 10076
psychoanalytic interpretation of "Crime and Punishment", 10084
psychoanalytic interpretation of Stavrogin in F. Dostoevsky's "The Possessed", 12378
psychological comparison of Shakespeare's "Hamlet" & Sophocle's "Oedipus Rex", 12368
psychology & study of language & literature, literature review, 7586
psychotherapeutic interpretation of 4 dreams of characters in "Anna Karenina", 7597
relevance of "I Ching" for depth psychology, 12375
role of archaic loving & hating introjects, cosmology of H. G. Wells, 3017
ships of fools, medieval method of segregation of mentally ill & literary vehicle for moral allegories in work of M. Foucault, 6077
Socratic dialogues as myth for beginning psychological deepening, 12379
subjectivist vs objectivist criticism, teaching of literature, 11209
written vs oral recall of text, 6th graders vs college students vs 63–79 yr olds, implications for life span approach to understanding discourse, 10145
Lithium
age at conditioning & preexposure to CS, conditioned taste aversion, rats, 9724
antipsychotic drug therapy, disordered children, literature review, 4085
blood serum concentrations in lithium kinetics, 20–40 yr old manic depressives, 6307
chlorpromazine vs lithium, appetitive discrimination learning, rats, 643
chronicity & schizophrenic symptoms & physical overactivity, response to lithium vs chlorpromazine, psychotic inpatients, 6270
combined lithium & neuroleptic drugs, EEG activity, psychiatric patients, 13286
ECT & chlorpromazine & lithium, mania, hospitalized patients, 1472
erythrocyte/plasma lithium ratio, manic depressives who did vs did not respond to lithium therapy, 8464
ethanol paired with lithium, heart rate & taste aversion, female rats, 7507
haloperidol & diazepam & properidiazine & lithium chloride, social behavior & aggression, treated male mice & their untreated partners, 5235
hypothyroidism in response to thyrotropin & desipramine & lithium, rapid mood cycles, unipolar depressed 24 yr old female, 4070
insight, lithium compliance, manic depressives, 6310
lithium & chlorpromazine, 20–50 yr old male schizophrenics, 8456
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
lithium & levotryptophan, brain serotonergic turnover & drug interaction & reduction of muricidal behavior, male rats, 5224
lithium & phenelzine, depressive symptoms, 41–71 yr old patients with major depressive disorder unresponsive to phenelzine alone, 4090
lithium & saline vs desipramine with vs without lithium, shock-induced fighting, male rats, 10030
lithium & time of day, temporal patterns of calcium & magnesium & parathyroid hormone & calcitonin, rats, 5256
lithium & tranquilizing drugs, side effects, adolescents with manic depressive psychosis, 10945
lithium &/vs diazepam & exposure to immobilization & cold & auditory stress, serotonin metabolism, male rats, 5158
lithium &/vs neuroleptics, spermiologic disturbances & potency & libido, manic depressives & sexual deviants, 1631
lithium, affinity constants & number of binding sites for platelet vasopressin receptors, bipolar patients with mean ages of 35 & 36 yrs, 6269
lithium chloride, reinstatement of extinguished taste aversion, rats, 12249
lithium citrate, psychotic excitement, manic patients, 13259
lithium, drug & alcohol abuse, emotionally disturbed adult females & adolescent & young adult males, 1657
lithium, hereditary shuddering, Drosophila melanogaster, 706
lithium therapy, kidney damage, literature review, 1637
lithium therapy, memory, 20–45 yr old manic depressives, 6314
lithium therapy, toxic-confusional states, schizophrenic & schizoaffective patients, 4098
lithium toxicosis, preference for thiamine-enriched diet, thiamine deficient vs nondeficient female rats, implications for aversion conditioning, 7483
lithium, treatment of schizophrenia & schizoaffective disorders, literature review, 13263
long-term lithium therapy, plasma folate concentration & affective morbidity, 21–83 yr old depressed patients, 4066
monotherapy vs combined treatment with lithium & disulfiram & apomorphine, alcoholic patients, 13465
morphine sulfate vs other opiate agonists vs cocaine hydrochloride vs lithium chloride vs (-)-naloxone hydrochloride, conditioned place preference vs aversion, male rats, 5260

patient history & clinical symptoms & response to drug therapy, 10–60 yr old schizoaffectives & manic depressives & schizophrenics, 6313
preexposure to lithium vs morphine, attenuation of task aversion conditioned in preexposure environment, rats, 9717
prior exposure to CS, lithium-chloride induced avoidance of conspecific odor, male mice, 2696
prophylactic lithium discontinuation, manic depression, 18–70 yr old patients, 4063
prophylactic lithium therapy & plasma lithium levels, recurrence of affective episodes, 25–70 yr olds with primary affective disorder, 1650
psychological effects of lithium treatment, compliance & long term lithium therapy, healthy volunteers & patients, literature review, 13284
psychotropic drug treatment & side effects, mental retardation, literature review, 6299
renal lithium & creatinine clearance method, prediction of maintenance lithium dose, 20–62 yr old patients, 8473
termination of lithium treatment, relapse rate, schizophrenics treated with combination lithium & neuroleptics, 13262
termination of lithium treatment, relapse rate, 20–60 yr old manic depressives, 13282
time between lithium & pentobarbital injection & dosage, aversion of failure, male rats, 2968
withdrawal from lithium therapy, relapse & remission, 21–63 yr olds with affective disorders, 6318
Lithium Carbonate
characteristics of cyclic migraine & treatment with lithium carbonate, 28 yr old female, 1404
concurrent lithium carbonate & neuromuscular blocker therapy, delayed recovery from anesthesia, 1638
haloperidol & lithium carbonate, development of persistent dysarthria & apraxia, manic depressive 19 yr old male, 1593
lithium carbonate & chlorpromazine, Tourette-like symptoms & tics, 27 yr old autistic male, 6302
lithium carbonate &/vs imipramine hydrochloride, prevention of relapse, unipolar & bipolar depressed patients with mean age of 47.5 yrs, 1627
lithium carbonate, dysphoric mood & impulsivity, 19–26 yr old borderline psychotics, 1634
lithium carbonate, interictal aggression, 22 yr old male, 1651
lithium carbonate therapy withdrawal & spironolactone substitution, mania, 50 yr old male with endogenous depression, 1656
lithium toxicity & rise in serum lithium after treatment termination, permanent diffuse cerebellar defect, manic depressive 43 yr old female, 1652
long-term lithium carbonate therapy, hyperparathyroidism, 30–67 yr olds, 1614
response to thyrotropin-releasing hormone test, 18–66 yr old psychiatric patients treated vs not treated with lithium carbonate, 1624
Liver
celiac vagotomy with vs without hepatic vagotomy vs total vagotomy, ingestive response to 2-deoxydextroglucose vs insulin vs polyethylene glycol vs epinephrine vs hypertonic saline, male rats, 12185
gastric vs hepatic vs celiac vagotomy, angiotensin induced drinking responses, male rats, 12223
prenatal 1-methadone hydrobromide, postnatal 1-methadone hydrobromide levels in brain & liver from birth to 30 days of age, rats, implications for persistent opiate withdrawal symptoms in rats & human neonates, 649
Liver Disorders [See Jaundice]
Lizards
body temperature, defensive response & attack behavior, agamid lizards, 7351
captivity, vocal & visual displays & territorial contests & spacing, geckos, 371
electrical stimulation of striatum & other brain areas, assertion & challenge displays & locomotor responses, western fence lizards, 12212
interspecific resource partitioning & competition, 2 species of Anolis lizards, 2728
malarial infection, hematological & parasitological effects on physiology & behavioral capacity, field-caught lizards, 7397
MIF-I vs naloxone & sex differences, tonic immobility in breeding vs nonbreeding season, lizards, 596
physical capacity & environmental constraints, form of headbob displays including roll & shudder & roll-shudder & signature bob, male green iguanas, 368
Lobotomy [See Psychosurgery]
Local Anesthetics [See Also Cocaine, Quinine]
contralateral local anesthesia, phantom limb & stump pain, 29–66 yr olds, 6284
Localization (Perceptual) [See Perceptual Localization]
Localization (Sound) [See Auditory Localization]
Locus Ceruleus
alpha-2 adrenoceptors & opiate receptors & morphine & opiate peptides & clonidine locus coeruleus neurons, literature review, 436
bilateral locus ceruleus electrolytic lesions, estrus cyclicity, female rats, 12234
di-n-propylacetate & noradrenaline depletion by FLA-63, quasi-morphine abstinence behavior & reversal by morphine & locus ceruleus destruction, male rats, 9946
horseradish peroxidase technique, assessment of projections from locus ceruleus to olfactory bulb vs olfactory tubercle, cats & rats, 11583
hypothalamus & locus ceruleus & raphe nuclei stimulation, synaptic & spike responses in sensorimotor cortex, male rats, 9962
lesions of locus coeruleus, resistance to extinction in classical conditioning of nictitating membrane & hippocampal & cortical norepinephrine levels, male rabbits, 7523
locus ceruleus & raphe lesions & disulfiram & parachlorophenylalanine, brain serotonin & noradrenaline decreases & development & consolidation of food procuring & defensive CR, male rats, 12182
locus coeruleus neuron spontaneous bursting discharges, male rats, 437
noradrenergic locus coeruleus & clonidine, opiate withdrawal, nonhuman primates, literature review, 679
thiamine deficiency, ataxia & pilo-erection & paresis & sleep & serotonin & 5-hydrosyindoleacetic acid levels in raphe & locus coeruleus systems, male rats, 9999
Locus of Control [See Internal External Locus of Control]
Logical Thinking
age differences, ability to correct positive vs negative sentences, 18–36 mo olds, 5378
class & conditional logic abilities, gifted vs normal 5–10 yr olds, 828
cognitive attitudes & logical thinking, 3–14 yr olds, 7698
cognitive style, performance on logical trouble shooting tasks, aviation maintenance trainees, 6848
experimentation on P. C. Wason's selection task, literature review, 2614
origins & development of conceptions of logical necessity, 3140
performance on general vs specific essay tests of critical thinking, college freshmen vs seniors, 13639
picture-sentence vs sentence-sentence format, sentence verification task performance, academically vs musically vs artistically gifted 12 yr olds, 12437
recursive information processing & reasoning task performance, junior high school students, 10151
reliability & validity of graphic test, prediction of academic success in technical studies, 11385
style of thinking as seen in diary entries & role in suicide, poet/novelist C. Pavese, 8118
thematic content of stimulus material, preferences for logical vs illogical selection task problem solving strategies, preclinical students, 4909
thematic materials, cognitive strategy & reasoning in evaluation of if-then conditionals, college students, 9674
thematic materials, selection task performance, college students, replication of studies by P. C. Wason & D. Shapiro & P. N. Johnson-Laird, 4903
typicality effects, categorization of geometric designs by rule combining 2 features, college students, 9583
Logotherapy
dereflection, treatment of psychosomatic problems, 6151
dimensions & methods of logotherapy, 6150
future of logotherapy, 6124
history & application of logotherapy, 6119
logotherapy & Zen exercises, death phobia, 37 yr old male, Korea, 6146
logotherapy, alienation & conflict between work & family, executives, 6137
logotherapy in clinical practice, 6116
logotherapy, life review & preview, 6117
logotherapy, reduction of tension, 6135
logotherapy, treatment of alcoholism, 6487
logotherapy, treatment of frustration, teachers in public schools, 6133
nursing care based on logotherapy, rehabilitation, patients with spinal cord injuries, 6098
relevance of logotherapy, Tanzania, 6145

Loneliness
aspects of loneliness & role in social work treatment groups, 4165
group therapy by telephone, social isolation & loneliness, blind 56–78 yr old veterans, 8358
health & psychosocial characteristics & loneliness, elderly Ss with mean age of 72.6 yrs, 3442
loss & lack of narcissistic defense & loneliness, developmental stage correlates & oedipal conflict, aged psychoanalysis patient, comments on paper of N. A. Cohen, 10845
psychopathology & situational crises & organic illness & loneliness, psychotherapeutic processes with aged, comments on paper by N. A. Cohen, 10848
relations with parents & peers during childhood, loneliness, Iranian college students, Iran vs US, 12484
self perceived & actual intimate disclosure to same vs opposite sex friends vs strangers, loneliness, college students, 7889
TV watching time & individualism vs materialism vs spiritual well-being vs loneliness, adults, 7926
validity & reliability, UCLA Loneliness Scale, Iranian college students, Iran vs US, 2443
Long Term Memory
age & audio &/vs visual presentation, immediate vs long term memory for advertised products, 3–5 yr olds vs kindergartners vs 2nd graders, advertising implications, 7692
age differences, encoding of word lists & long term memory, 17–19 vs 64–83 yr old females, 790
antigravity suspension, mental alertness & hemispheric dominance & long- & short-term memory, male college students, 2873
art therapy format using life review process, geriatric patients, 3879
cognitive/moral development, long-term reconstructive memory of decision to terminate unplanned pregnancy, 15–33 yr old females, 3022
date & content of earliest memory & "screen" quality, high school vs college students, 2637
difficulty of primary task & incidental vs intentional encoding on secondary tasks, recognition, college students, 11905
history of typologies of long term memory & semantic-episodic distinction, 9642
imagery ability & vividness of stimuli, long & short term memory, college students, 9645
immediate vs long term recall, 18–24 vs 58–89 yr olds, implications for memory span as general storage ability, 811
intervention of consistent vs inconsistent information following event, accuracy of subsequent recall of event, college students, 11920
memory encoding specificity & processing levels vs domains of processing & role of interactive vs independent context, long term memory, implications for applied psychology, 4911
motor reminiscence, literature review, 2524
paradigms instructing vs not instructing Ss to remember specific items, immediate vs delayed recall of incidentally learned material, 1st vs 6th graders vs college students, 5353
random vs blocked auditory/visual change in presentation of word list, serial position effect & proactive interference in long term memory, college students, 9631
signaled shift in sucrose reinforcement amount, negative behavioral contrast, male rats, 9766
time length & retention intervals, long term retention of time estimates, college students, 2636
undernourishment induced by maternal underfeeding & water deprivation, visual discrimination & transfer of learning & long term memory, male rats, 12143
uses for reminiscence, life satisfaction, young adults vs middle aged vs aged, 3050
visual presentation of familiar vs unfamiliar information, role of memory trace & active visualization in recency effect in visual memory, 18–35 yr olds, 7274
Longevity [See Life Expectancy]
Loudness [See Also Noise Levels (Work Areas)]
acoustic stimuli varying in rise-decay time & intensity & frequency, RT, normal hearing 22–30 yr olds, 4890
click rate & intensity change, diagnosis of multiple sclerosis by brain stem auditory evoked potentials, 5955
click stimuli intensity, power functions of loudness magnitude estimations vs auditory brain stem evoked responses, college students, 11861
CV vs VC environment, oral/nasal sound pressure ratios, adult speakers, 5288
dysfluency & fundamental frequency & vocal sound pressure level in monotone reading, 14–41 yr old stutterers vs 15–39 yr old nonstutterers, 5900
ear presentation & intensity & number of repetitions of acoustic adaptation stimuli varying in voice onset time, ratings of boundary & nonboundary voiced stimuli, adult listeners, 4889
loudness of frequency modulated tone & horn sounds, GSR & respiration & heart rate, 1–7 day olds, 7470
Loudness Discrimination
right vs left ear differences, judgment of intensity of dichotically presented syllables, right handed college students, 7221
Loudness Perception [See Also Loudness Discrimination]
click stimuli intensity, power functions of loudness magnitude estimations vs auditory brain stem evoked responses, college students, 11861
ear presentation & intensity & number of repetitions of acoustic adaptation stimuli varying in voice onset time, ratings of boundary & nonboundary voiced stimuli, adult listeners, 4889
intensity of adapting tone, perceived loudness of test tone, humans, 11854
magnitude estimations of odor & loudness, 18–25 vs 65–83 yr olds, 12447
magnitude vs category matching, rating of brightness & loudness on same scale, humans, 11768
perceived magnitude of nasal irritant vs tone, smokers vs nonsmokers, 12257
verbal vs nonverbal scaling of stimuli to right vs left hemisphere, loudness perception, left- vs right-dominant 17–34 yr olds, 7449
Loudness Threshold [See Auditory Thresholds]
Love
construct & predictive validity, friendship & love relationship scales, college students, 9388
influence of Plato on Freud's theories of love, 14
love & freedom in Gestalt therapy, 1497
love & work & values in marriage & marital therapy, obsessive-compulsive & hysterical couples, 8363
love as art in E. Fromm's philosophy, 6925
"man" & "woman" as status concepts & paradigm case formulation of man-woman relationships, 17–46 yr olds, 10370
mystical experiences & romantic love & hypnotic susceptibility, college students, 1068
narcissism & choice of love object, females, 10478
nature vs narcissistic partner relationships, 10421
physical attractiveness discrepancy, length of time for evaluation of romance, couples, 1011
role of caring & needing in love, college students, 7282
Lower Class
age & middle class vs low socioeconomic & abusive/neglected background, regulation of emotional expression & reliability of ratings of emotions, 12–19 mo olds, 5315
attitudes toward future marriage, peasant females, Italy, 7794
derivation & cross-validation of 5-subtest WAIS short forms, low socioeconomic status 18–55 yr old psychiatric patients, 4731
history of family structure & instability & mating patterns, urban & rural lower class, Jamaica, 940
socioeconomic status & aggression, middle vs lower class 11–14 yr olds, 3225
stereotyped attitudes & prejudice & mental health needs & services & delivery, Black lower socioeconomic status females, 8559
Lower Class Attitudes
internal & external control beliefs & pattern of causal attributions for success/failure & vocabularies of motive for return to education, working class female adult education students, 4420
Lower Income Level
Danish Low Income Commission, prevention of low income problems, 12535
derivation & cross-validation of 5-subtest WAIS short forms, low socioeconomic status 18–55 yr old psychiatric patients, 4731
evaluation of Parent-Child Development Centers, promotion of mothering skills, mothers in low income families, 6414
gerontology training programs, minority low-income aged volunteers, 6548
immediate tangible vs social reinforcement, reading & language test scores, middle & low income 7–10 yr olds labeled learning disabled or emotionally disturbed or educable mentally retarded, 6785
number of questions answered per pictorial stimulus, pictorial aid to comprehension, middle vs lower socioeconomic status 3.6–5.2 yr olds, 3113
perceptions of sons' family relationships & academic achievement, low income Black urban mothers of male elementary school students, 13643
prevalence & treatment, learning problems, lower vs upper income areas, 3721

questionnaire development & evaluation, assessment of reproductive & contraceptive knowledge, low income Black female clientele of inner city prenatal clinic, 11662
teacher questions to & response rate of males vs females, teachers & low income 24–30 mo olds in day care center, 6733
Loxapine
loxapine & amoxapine & 8-hydroxylated derivatives, 3-H imipramine & 3-H spiperone binding in cortical & striatal membranes & inhibition of platelet serotonin uptake, rats, 611
loxapine & thioridazine, behavior disorders, demented patients with mean age of 83 yrs, 1591
loxapine, obsessive compulsive disorder, 21 yr old male, 1649
Loyalty
factor analysis & generalizability, union commitment measure, nonprofessional vs professional white collar union members, replication of study by M. E. Gordon et al, 2449
LSD (Drug) [See Lysergic Acid Diethylamide]
Lumbar Spinal Cord
glucocorticoid, lumbar spinal cord motor neuron electrical properties, cats, implications for psychiatric disorders in humans, 619
nucleus reticularis pontis oralis stimulation, intracellular potentials of lumber motoneurons during wakefulness vs quiet vs active sleep, cats, 9956
sex differences & neonatal testosterone, dorsolateral motor nucleus of lumbar spinal cord, rats, 12065
Lumbrosacral Plexus [See Spinal Nerves]
Luminance
background color & luminance & stimulus contrast, chromatic adaptation & chromaticity of achromatic point, adult Os, 4878
brief test slit & distances from edge of luminance-step pattern, foveal thresholds on light vs dark sides of luminance edge, adult Os, 11809
density of background elements & size & luminance of target, thresholds for discrimination of target, 21–30 yr olds, 11798
electronic circuit to modulate luminance of glow-modulator tubes while maintaining stable spectral energy distribution, visual research applications, 6951
field luminance & saccade size, latency & amplitude of lambda potentials, rhesus monkeys, 9883
flickering moving target with phase difference between both eyes, acuity & depth shift, adult Os, 2575
hypoxia, luminance threshold for target detection, 18–35 yr old US Army male soldiers, 12160
lesions of tectofugal visual pathway, luminance difference thresholds, pigeons, 572
light wavelength, brightness matching & heterochromatic flicker photometric ratios of equal-luminance lights, humans, 7189
luminance, critical flicker fusion frequency, monocularly deprived cats, 12164
luminance level of checkerboard stimulus pattern presented to varied fields, visual evoked potentials, humans, implications for Bloch's law, 4868
luminance of color stimuli, saturation & brightness matching functions, human Os, 7210
luminous contrast & visual field, recognition of single vs embedded letters & 3-letter words, trained Os, implications for reading process, 265
stimulus luminance & duration, Type I vs Type II visual persistence, graduate students, 9548
stimulus luminance, efficiency of processing by right vs left hemisphere, 19–28 yr old males, 9877
Luminance Threshold [See Brightness Perception, Visual Thresholds]
Lunar Synodic Cycle
lunar effects, birth rate, 1968, 10360
lunar phase & daylight vs darkness, work & motor vehicle accident injuries, 9039
Lung
chemotherapy regimens, psychological response & depression & fatigue, lung cancer patients, 10951
Lung Disorders [See Also Pulmonary Tuberculosis]
initial & present cigarette consumption & rates of mortality & coronary heart disease & lung cancer & other cancers & causes of death, 40–59 yr old male smokers with vs without intervention program, 10 yr followup, 1837
neuropsychological functioning, mildly hypoxemic patients with chronic obstructive pulmonary disease, 13068
physical activity, asthma & chronic obstructive lung diseases, 3913
Lupus
drug therapy & ECT, psychotic symptoms, 19 yr old female with systemic lupus erythematosus, 6062
ECT, treatment of depression associated with lupus cerebritis, 33 yr old female, 8268
systemic lupus erythematosus treatment problems, adolescent female, 3906
Luria Neuropsychological Tests [See Neuropsychological Assessment]
Luteinizing Hormone
antemortem violence & blood alcohol, postmortem luteinizing hormone blood levels, adult males, 2854
conflict & dominance, prolactin & ACTH & luteinizing & growth & follicle- & thyroid-stimulating hormones in pituitary gland, male tree shrews, 5164
depression, secretion of cortisol & luteinizing hormone & circadian rhythm & response to hypoglycemia, literature review, 7994
heroin use, psychosexual development & plasma testosterone & luteinizing hormone levels, male 16–29 yr old former addicts vs current users vs nonusers, 5258
human chorionic gonadotropin vs luteinizing hormone releasing hormone vs estradiol &/vs progesterone, sexual receptivity, intact vs ovariectomized female frogs, 532
light-dark period durations, circadian rhythms of gonadotropic hormone levels & sensitivity in testes, male hamsters, 442
luteinizing hormone-releasing hormone immunoreactivity in accessory olfactory bulb, male hamsters, implications for neuroregulation of sexual behavior, 7434
psychotherapy & body weight before & during & after restoration to normal, plasma testosterone & luteinizing & follicle stimulating hormones & pituitary response, male anorexics, 8181
thyrotropin releasing hormone & desimipramine, plasma growth hormone & follicle & thyroid stimulating & luteinizing hormone & prolactin, 36–65 yr olds with primary affective & schizoaffective disorders, 13258
Lying [See Deception]
Lymphatic Disorders [See Blood and Lymphatic Disorders]
Lymphocytes
analysis of lymphocyte populations, chronic schizophrenics with mean age of 35 yrs, 10519
antibodies to human brain extract & T-lymphocytes & lymphocyte stimulation, acute & chronic schizophrenics, 3570
effect of thymosine in blood on rosette-forming capacity of peripheral blood lymphocytes, schizophrenics vs healthy Ss, 1172
physiology of erythrocyte & lymphocyte membranes, manic depressives, 8047
T & B lymphocyte populations, manic depressives, 10571
Lysergic Acid Diethylamide
delta-9-tetrahydrocannabinol vs atropine vs LSD vs phencyclidine vs hallucinogen SKF-10,047 vs dextroamphetamine vs sodium pentobarbital, food consumption, food-deprived dogs, 12349
dextroamphetamine vs chlordiazepoxide vs chlorpromazine vs LSD vs pentobarbital vs scopolamine, brightness discrimination, male rats, 638
LSD, pure tone delayed avoidance response, monkeys, 2922
LSD vs tactile stimulation & LSD tolerance, limb flicking, cats, 12342
metergoline & diazepam vs quipazine vs LSD vs 2,5-dimethoxy-4-methylamphetamine, punished responding, rats, 600
Machiavellianism
Machiavellianism, male vs female purchasing managers, 13789
norms & validity & reliability, Dutch translations of Mach IV & V Scales validated against Edwards Social Desirability Scale & Rotter's Locus of Control Scale & Rokeach Value Survey & authoritarian scale, college students, 9451
reliability & validity of Dutch version of Mach IV scale, assessment of Machiavellianism, adolescents & college students, 9453
revised scoring procedure for Mach V scale, measurement of Machiavellianism, 9450
sex differences & factor analysis, Mach IV Scale responses measuring Machiavellianism, 9370
validity of forced-choice form of Mach V & California F Scale, assessment of Machiavellianism & authoritarianism, criticism of article by B. W. Bloom, 4778
Magazines
commercial youth magazines as socialization factors & proposed social & ethical standards, 12491
family intimacy in magazine advertising, 1920–77, 11520
Magical Thinking
love & sex & drug usage as magical solutions to problems, 3372
Magnesium
lithium & time of day, temporal patterns of calcium & magnesium & parathyroid hormone & calcitonin, rats, 5256
Magnet Schools [See Nontraditional Education]

Mainstreaming (Educational)
adaptive industrial arts program, mainstreaming, special education high school students, 11336
additional pay & other compensation, regular classroom teachers serving mainstreamed children, 11179
attitudes toward emotionally impaired mainstreamed students, preservice teachers, 8961
attitudes toward mainstreaming educable mentally retarded students, elementary school teachers, 6781
attitudes toward mainstreaming handicapped children, counselor trainees, 13682
audience presence &/vs threat of evaluation, oral reading errors, academically handicapped 9.2–12.8 yr olds & nonhandicapped 3rd–6th graders, implications for mainstreaming, 2040
background information on child, perceptions of exceptional children & opinions on mainstreaming, students in university special education course, 6784
bridging activities to ease mainstreaming transition, teachers & learning disabled high school students, 11343
computer assisted instruction, special education supplement, severely & profoundly hearing impaired mainstreamed students, 13684
cooperative planning, mainstreaming of learning disabled, middle & high school classroom & special education teachers, 11357
coping skills training, self monitoring & problem solving & modeling & attention-focusing, mainstreamed students with learning problems, 8938
development of tolerance & active integration of handicapped, schools, 8955
grouping with popular nonhandicapped peers, social acceptance, mainstreamed special education students, 11344
guidelines for teaching mainstreamed learning disabled students, teachers, 4442
identification of competencies required for teaching mainstreamed students, teachers, 1893
individualized instruction with student team approach, achievement & social acceptance & behavior, mainstreamed academically handicapped 3rd–5th graders, 6789
individualized teaching methods in physical education, academic learning time, mainstreamed mildly handicapped elementary school students, 11338
Integrated Preschool Curriculum vs standard curriculum in mainstreamed vs segregated special education classes, social interaction during play, handicapped preschool students, 8950
integration vs separation of handicapped & early childhood education, special education, handicapped students, 8939
involvement in education of handicapped children, teachers & counselors & therapists & psychologists, 2042
mainstreaming & comprehensive education, 11330
mainstreaming, academic achievement & attitudes of parents vs regular vs special education teachers, educable mentally retarded students, 13701
mainstreaming, preschool age handicapped children, literature review, 8960
microcomputers, diagnosis & instruction for mainstreaming into regular program, learning disabled college students, 6775
model mainstreaming workshop, college educators, 6610
organizational & curricular issues, special units in secondary schools, handicapped students, 11306
performance feedback intervention, curriculum planning & recording of instructional information, 2nd–5th grade teachers of mainstreamed handicapped students, 8813
performance on selective attention task, & sociocultural stigmas, mainstreaming, 18–35 yr old blind students, Nigeria, 6795
positive vs negative written information from consultant & videotapes showing withdrawn vs acting-out behavior, expectations of behaviorally disordered children, regular classroom elementary teachers, 8820
possible problems due to mainstreaming of handicapped students & development of federal educational policy, teachers, 2044
preparation for mainstreaming of severely retarded students, regular classroom teachers, 11368
prevalence & educational integration, kindergartners with learning & speech & language disorders & emotional & social disturbances & physical handicaps & mental retardation, Norway, 2073
programs & methods for modifying peer acceptance of exceptional children, students in regular classrooms, literature review, 4450
school assessment procedures, academic achievement & adjustment, mainstreamed special education students, 11359
school program, understanding of learning disabilities, learning disabled & nonlearning disabled 5th graders, 11358
self esteem & anxiety & achievement, learning disabled kindergartners through 6th graders in regular classrooms with resource help, 13697
social skills assessment, mainstreaming placement decisions, special education teachers, 11326
special education dismissal & placement in regular classrooms, 62 referrals for special education placement, elementary & middle school special education students, 4-yr followup, 11345
special education school, returning children to regular classroom, emotionally disturbed 7–12 yr olds, England, 6798
structured learning experience, change in attitudes toward handicapped peers & mainstreaming, elementary school students, 4460
student effort & grade & sex & race & teacher & teacher expectations, self concept, handicapped vs nonhandicapped kindergartners through 3rd graders in mainstreamed physical education classes, 4454
teacher attitudes & behavior toward individual students, peer social acceptance, mainstreamed learning disabled 4th–6th graders, 13705
training intervention, attempts at communication & interaction with deaf peers, hearing preschoolers in low-key mainstreaming program, 4465
traits needed for dealing with mainstreaming, special vs regular education college students, 13584
Major Tranquilizers [See Neuroleptic Drugs]
Maladjustment (Emotional) [See Emotional Adjustment]
Maladjustment (Social) [See Social Adjustment]
Malaria
malarial infection, hematological & parasitological effects on physiology & behavioral capacity, field-caught lizards, 7397
Malaysia
analysis of mate pool availability, evaluation of potential endogamy, settlement populations of Semai Senoi, Malaysia, 10316
drug usage, non-student youth, India & Pakistan & Switzerland & Canada & Mexico & Malaysia, 10259
education & ethnicity & premarital work history & childhood place of residence, age at 1st marriage, females, Peninsular Malaysia, 7805
homosexual feelings & feminine gender identity, 21–26 yr old male medical students, Malaysia, 12602
management level, motivational needs, bank managers, Malaysia vs India, 13795
pragmatic & rational approach to psychiatric practice, 5–14 yr olds, Malaysia, 10814
public health & social problems associated with nonmedical usage of synthetic psychotropic drugs, review of studies on drug use, US & Europe & Australia & Canada & Thailand & Philippines & Malaysia, 12648
sequence & time interval between age at 1st marriage & birth of 1st child, 30–44 yr old females, South Korea & Taiwan & Thailand & Malaysia, 12573
Male Animals
age & birth vs mating season, dominance status & dominance in relation to females & mating behavior, adult male Japanese macaques, 385
amygdala lesions, interruption of vomeronasal & olfactory chemosensory afferents & mating deficits, male hamsters, 576
antiandrogens cyproterone vs cyproterone acetate, courtship song & plasma testosterone levels, male zebra finches, 674
artificial selection of percentage wing vibration in courtship, male Drosophila, 7364
blindness & female movement & lack of smell, courtship & copulation, male Drosophila melanogaster, 2737
body size, success in intermale combat & access to females & food, vipers, 4993
castration & sham-castration & testosterone & estradiol, attack on lactating intruders, male mice, 5163
castration, aggressive & defensive-escape components of agonistic behavior, male mice housed singly vs in social cages with females, 581
castration at hatching & subsequent exposure to white females & testosterone propionate during adulthood, preference for white vs brown females, brown male quails, 7519
circadian rhythmicity & haloperidol, cerebrospinal fluid concentration of prolactin, male rhesus monkeys, 5263
components of female estrous urine, Flehmen-like responses, bull elephants, 2729
concentration of sucrose solution, song & courtship behavior, male sunbirds, 10049
contact with sham-preputialectomized & castrated Ss marked with preputial gland material, attack directed toward long-term castrates, isolated male mice, 5165

continuous exposure to 4 receptive females vs novel female introduced during period of "sexual exhaustion" vs exposure to "preferred" vs "nonpreferred" female, ejaculatory potential, male rats, 2706
copulation vs exposure to inaccessible estrous vs anestrous females, attack behavior, male rats, 12016
cuckoldry & solitary parenting as reproductive strategies, male bluegill sunfishes, 9797
daily patterns of crowing & courtship & mating behavior, paired vs individually housed male Japanese quail, 9805
dihydrotestosterone implantation into lateral septum vs medial amygdala vs preoptic area/hypothalamus & systemic estradiol, sexual behavior, castrated male rats, 589
dominance rank & competition over food & perch space, male red-billed weaver birds, 7374
dopamine receptor agonist RDS-127, sexual behavior & hormone levels, male rats, 2930
dorsal mesencephalic tegmentum lesions via ibotenic acid vs N-2-chloroethyl-N-ethyl-2-bromobenzylamine, noradrenergic innervation in hippocampus & hypothalamus & sexual behavior, male rats, 571
exposure to estrogen-treated intact vs ovariectomized female snakes, reproductive function & courtship, male garter snakes, 7338
familiarity & age of female partners, mating behavior, 20 yr old male rhesus monkeys, 12012
lesions in ventral telencephalon & preoptic area, spawning behavior, male goldfish, 575
light-dark period durations, circadian rhythms of gonadotropic hormone levels & sensitivity in testes, male hamsters, 442
luteinizing hormone-releasing hormone immunoreactivity in accessory olfactory bulb, male hamsters, implications for neuroregulation of sexual behavior, 7434
male nuptial coloration indicating social & physiological status, aggression & avoidance, rival male threespine sticklebacks, 405
male rank & familiar vs unfamiliar females, sociosexual & aggressive interaction & male cortisol & prolactin & testosterone levels, captive talapoin monkeys, 420
male testosterone levels varied by castration & exogenous testosterone, preference for areas vacated by male, female rats, 545
naloxone, sexual activity, sexually inactive male rhesus macaques, 5232
parental behavior, plasma prolactin levels, male marmosets, 9894
physical capacity & environmental constraints, form of headbob displays including roll & shudder & roll-shudder & signature bob, male green iguanas, 368
postweaning social isolation with vs without handling vs rearing with male peer, recovery of copulatory behavior following medial preoptic area lesions, male rats, 537
presence of adult male, aggressive behavior of males vs females & mother-infant social behavior, gorillas, 2720
prior experience with female plumage phenotypes, mating preferences, male Japanese quail, 9813
satellite interception of females & mating behavior, male Great Plains toads, 7380
seasonal anatomical changes in song control nuclei of brain, male canaries, implications for studies of learned behavior, 458
selective breeding for wing courtship display, male Drosophila, 5024
sex pheromone for winter moth, precopulatory behavioral responses at low temperatures, male moths, 5267
sexual behavior & dominance interactions, male macaques, 2732
social interactions, immature vs adult male langurs, 2707
social rank & mating success & body size & antler size, red deer stags, 9786
species differences, greeting movements, adult male baboons, 402
stage of nesting & dominant vs subordinate status, size of testes, male anis, 508
testosterone propionate & castration, sexual & intermale biting behavior, 10 mo old male rats, 9927
testosterone vs estradiol-17-beta vs 5-beta-dihydrotestosterone vs delta-4-androstenedione vs 5-alpha-androstanedione vs 5-alpha-dehydrotestosterone, calling & locomotor activity & sexual behavior, castrated male quails, 702
uptake & retention of testosterone & its metabolites in forebrain, castrated male mice, implications for aromatization of testosterone to estradiol in forebrain, 484
urine from intact vs orchidectomized male with vs without testosterone propionate injections, lordosis behavior, orchidectomized male rats primed with estradiol benzoate & progesterone, 12177
vomeronasal organ removal, response to conspecific urine & social & sexual behavior, male guinea pigs, 12216
web-borne contact with female sex pheromones, attraction & courting behavior, male linyphiid spiders, 7381

Male Castration

castration & sham-castration & testosterone & estradiol, attack on lactating intruders, male mice, 5163
castration at hatching & subsequent exposure to white females & testosterone propionate during adulthood, preference for white vs brown females, brown male quails, 7519
contact with sham-preputialectomized & castrated Ss marked with preputial gland material, attack directed toward long-term castrates, isolated male mice, 5165
dihydrotestosterone implantation into lateral septum vs medial amygdala vs preoptic area/hypothalamus & systemic estradiol, sexual behavior, castrated male rats, 589
environmental stimulation, sex-associated activity/spatial learning skills, feminized male rats, 12137
estradiol benzoate vs testosterone proprionate, sexual behavior, female pseudohermaphrodite & castrated male & ovariectomized female rhesus monkeys, 7498
estradiol vs testosterone vs castration, wheel running rhythms, male vs female hamsters, 12168
low vs high conflict induced by food & water deprivation & gonadectomy, plasma corticosterone & food intake following taste aversion conditioning, male vs female rats, 12196
ovariectomy & gonadectomy, social & predatory aggression, individually housed male & female mice, 5168
prenatal androgen receptor blocker flutamide & postnatal testosterone & male castration, feminine sexual behavior, rats, 12153
testosterone propionate & castration, sexual & intermale biting behavior, 10 mo old male rats, 9927
testosterone vs estradiol-17-beta vs 5-beta-dihydrotestosterone vs delta-4-androstenedione vs 5-alpha-androstanedione vs 5-alpha-dehydrotestosterone, calling & locomotor activity & sexual behavior, castrated male quails, 702
urine from intact vs orchidectomized male with vs without testosterone propionate injections, lordosis behavior, orchidectomized male rats primed with estradiol benzoate & progesterone, 12177

Male Criminals

alexithymia, male prisoners with mean age of 28.5 yrs convicted of violent crimes, 5831
amount of physical damage to rape victim & penile responses to audiotaped narratives of nonsexual violence, rapists, 12953
delinquent & criminal behavior & drug & alcohol use, male adolescents & 20–30 yr olds, 1296
fear associated with psychophysiological testing, urinary excretion of adrenaline & noradrenaline & cortisol, 20–42 yr old male prisoners convicted for assault with robbery, 5817
female victim & male offender intoxication, attributions of blame in rape scenarios, male vs female college students, 12689
genetic & environmental influences & alcohol abuse, predisposition & inheritance of criminality, 23–43 yr old male adoptees, Sweden, 5810
genetics & environmental influences & alcoholism & low social status & unstable preadoptive placement, predisposition to petty criminality, 23–43 yr old male adoptees, Sweden, 5814
importance of crime scene data & interviews with sex offenders & role of psychological profiles of suspects & law enforcement, data collection of multiple rape-murders, male criminal, 10637
impulsivity of crime & length of imprisonment & time on parole, male vs female criminals, 12924
structured learning therapy, social skills & psychopathology, mentally ill incarcerated male offenders, 13437
tattoos & tattooing, type of crime & psychiatric diagnosis, male prisoners, 1815
type of crime committed, stage of moral reasoning, long term vs young male criminals, 10645

Male Delinquents

aggression & frustration & anxiety & depression, males with mean age of 15.9 & 15.7 yrs convicted of murder vs property offenses, India, 1268
aggressive behavior & trouble with law, aggressive abused difficult or delinquent male adolescents, followup study 3–30 yrs after institutional discharge, 12975
catecholamine metabolism, differential diagnosis of depressive states, 14–20 yr old males evaluated for criminal activity, 3565
delinquency & combative gang membership, fear of crime & victimization experiences, Black & White 14 yr old males, 8116
delinquent & criminal behavior & drug & alcohol use, male adolescents & 20–30 yr olds, 1296
depression, delinquent 13–18 yr old males & their parents, 10491

diagnostic classification & demographic characteristics & intellectual abilities, Black vs White 13–18 yr old male delinquents, 8101
Growing Up Through Selectivity game, teaching of assertiveness skills, 15–17 yr old male delinquents, 6465
history of abuse as child, violence toward family members, male delinquents, 3678
instances & perceptions of labeling by mother vs father vs police vs peers vs adult neighbors, 14–16 yr old males arrested for misdemeanors, 12946
institutional social structure & psychodrama, recidivism, male delinquents, 10-yr followup, 13423
rape & child molesting & exhibitionism, male 12–17 yr olds, 3660
Rotter Incomplete Sentences Blank, identification of delinquency, delinquent males with mean age of 14.8 yrs, 5821
scores on Lie scale & teacher observations on untruthful behavior, nondelinquents & male delinquents with mean ages of 15 & 14 yrs, 5846
social class vs closeness to parents vs exposure to high level of reasoning, legal reasoning, delinquent male 14–16 yr olds, 1277
social inadequacy & obstreperousness & social orientation & antisocial egocentricity, morality, male delinquents with mean age of 17.4 yrs, evidence for validity of H. C. Quay & L. B. Parson's inadequacy-immaturity dimension, 8094
social integration into & personal commitment to family & family structure & delinquency, male vs female 11–17 yr olds, 8080
standard MMPI vs MMPI-168 scores, 13–18 yr old male delinquents, 11667
structured vs therapeutic schools, relationship with staff, male delinquents, 1802
Male Genital Disorders
self deprivation of sleep due to fear of urinary incontinence caused by prostatism, reversible dementia, 74 yr old, 13042
Male Genitalia [See Also Penis, Prostate, Testes]
copulatory behavior & seminal vesicle pressure, male rats, 12027
removal of vomeronasal organ vs olfactory bulbs, ultrasonic courtship vocalization & seminal vesicle regression & plasma testosterone, mice, 12237
Male Homosexuality
chemical & verbal & electrical aversive stimuli in behavior modification, treatment of homosexuality, males, 6250
childhood play behavior, male homosexuals vs heterosexuals, 12605
classification & etiology & treatment, male homosexuality, 989
drinking behavior & alcoholism & treatment in context of "family" structures, gay & lesbian couples & single persons, 1280
gender identity/role orientation, 23–29 yr old males who had wished to be female as children, 7856
homosexual feelings & feminine gender identity, 21–26 yr old male medical students, Malaysia, 12602
human figures in Rorschach responses, 18–55 yr old homosexual males, 10374
male homosexuality in Greek history, literature review, 5535
neurotic structure in latent homosexuality, 39 yr old male, 10597
parent-child relations & development of narcissism & homosexual impulses, 40 yr old male homosexual, 10368
sex role orientation, homosexual males 13–60 yrs old & older, 12513
sexual preference & responses to heterosexual vs homosexual content-loaded pairs of slides in binocular device, 18–36 yr old heterosexual vs homosexual males, 12603
Male Orgasm [See Also Premature Ejaculation]
cooperation & competition for intromissions & ejaculations & sperm transport, male choice & social dynamics of copulation, Norway rats, 399
copulatory behavior & seminal vesicle pressure, male rats, 12027
ram sexual competence & semen quality, choice of mate & multiple mating behavior, ewes, 373
sex therapy, orgasmic ability & intrapsychic & interpersonal functioning of couple, 65 yr old penectomy patient & his wife, 10813
Males (Human) [See Human Males]
Malingering
analyses of psychopathic personality & consciousness disturbance during drunkenness & patterns of amnesia, differential diagnosis of blackout vs malingering vs hysterical amnesia, 10498
Malnutrition [See Nutritional Deficiencies]
Mammals [See Also Baboons, Cats, Cattle, Chimpanzees, Deer, Dogs, Dolphins, Elephants, Gerbils, Goats, Gorillas, Guinea Pigs, Hamsters, Horses, Lemurs, Mice, Monkeys, Norway Rats, Pigs, Primates (Nonhuman), Rabbits, Rats, Rodents, Sheep, Squirrels]
anal drag & body rubbing in territorial scent making, stoats & weasels, 7333
brain growth characteristics & comparison with primates, tammar wallabies from birth through adulthood, 5101
connections between visual cortex areas & superior colliculus vs visual telencephalic areas & optic tectum, mammals vs birds, 9829
distensions of biliary system, electrical activity from biliary afferents & determination of innocuous vs noxious levels of pressure & receptive fields, male ferrets, 5154
encephalization index based on brain/body weight ratio & volume & surface area of brain & cerebral cortex, mammals, 5060
group size & composition & dynamics & colonization & dispersal patterns & genetic isolation, brush & rock hyrax, 7352
interhemispheric cortical connections, structural & functional organization, mammals, literature review, 12061
melatonin, circadian rhythms of body temperature & activity & oxygen consumption, armadillos, 12287
model electronic nose, analysis of discrimination mechanisms in olfactory system, mammals, 9332
phylogeny of brain organization as measured by numerically coded characters of central neural organization, mammals, 5066
phylogeny of brain organization as measured by numerically ordered characters of central neural organization, various mammalian species, 5067
size of living space, social organization, hyrax, Tanzania, 7353
social composition & independence of offspring, tree shrews, 388
tropical environment, seasonal mating, impala antelopes, southern Africa, 7366
visual evoked potentials from dorsal hippocampus vs visual cortex, hedgehogs, 5119
6-hydroxydopamine injections into ventral tegmental area, A10 lesions & limbic tyrosine-hydroxylase activity & performance on passive avoidance task, tree shrews, 2878
Mammary Neoplasms [See Breast Neoplasms]
Mammillary Bodies (Hypothalamic) [See Hypothalamus]
Man Machine Systems
cord vs cordless switchboard interface design & operating procedures, stress & system efficiency & mood ratings, 18–53 yr old public telephone switchboard operators, 9176
degree of humanlike responses of computerized presentation of quiz, attitudes & perceived effort & difficulty, college students, social psychological implications for human-computer interaction, 9337
design & evaluation, onboard computer-based information system, aircraft operation, 2252
ergonomic analysis, pneumatic spinning machine, cotton mill workers, 13814
internal model of monitoring behavior in man-machine systems, flight training, pilots, 4542
man machine systems stability, 13822
organizational issues, psychology of occupational safety, 13746
type of input device for computer controlled text processing system, eye movements & EKG & muscle activity, police officers operating command control center, 4597
user-adaptive information selector, automatic selection & presentation of textual messages in computer based tactical command system, 2251
workload in cord vs cordless switchroom, subjective mood & performance efficiency, public telephone operators, 9182
Man Machine Systems Design
alphabetical vs random vs standard vs A. Dvorak typewriter key arrangement, ease of learning & typing speed, novice vs expert typists, 6893
alphanumeric keying logic & keyboard arrangement, keying speed & accuracy, 25–55 yr old scientists & engineers, 6883
creation of adaptive structure dialogue between operator & computer, 13821
design of information systems, organization not familiar with new technology, 6886
efficacy of concise vs elaborate instruction in interactive instruction automation, experienced & naive Ss, 2253
human factors & social problems of videotex information retrieval system, implications for psychological research, 9264
human factors in information processing automation in Apollo Manned Lunar Landing program, 2256
incorporation of human information-processing behavior component in design of computer based management information systems, literature review, 2245
knowledge representation & elicitation & inference & system & expert-machine-user interface factors of expert decision support systems, military situation assessment, 2246

linguistic information transfer via alpha-numeric display, user communication in Naval command systems & design of human-computer dialog format, 6896
microcomputer system requirements for psychometric use, 4717
patterns & principles of manuscript revisions, design of text editors, 6881
psychological problems in electronic computer automated design, 13820
sources of potential harm to information reliability, acceptability & design of decision support systems, 2257
system utility as objective in information flow management, distributed tactical command control system design, 2255
tactical map scenario, data patterns & meaningful informational chunks in battlefield reconstruction & copying task, military officer experts vs college student novices, information system design implications, 2244
type of input device for computer controlled text processing system, eye movements & EKG & muscle activity, police officers operating command control center, 4597
user experience-based interactive computer oriented algorithm, control synthesis of industrial manipulators, 2254
user- & task-oriented design & development of computer based personal decision aiding system, 2243
Management Decision Making
autonomy of decision making in foreign affiliates of US multinational corporations, France & Mexico, 9145
basic vs applied vs applicable research in social & organizational psychology, 10384
decisional participation, organizational & community & professional commitment, recreation administrators, 6861
high vs low intuition, managerial decision making, college business students, 9111
organizational change management, executives, 9135
participation level in decision making processes, radio station reporters, 2195
participatory management, response to change, dispersed employees, 9137
personal & environmental factors, assessment of uncertainty, entrepreneurs, India, 4577
personnel evaluation as component of management decision making system, 11471
presence of formal participatory body, levels of interaction & communication & influence & perceived effect on upper managerial decisions, lower level managers, 9113
Management Methods
applied behavior analysis, improvement of rehabilitation staff performance, critique of article by S. McRae & J. R. Lutzker, 8678
applied behavior analysis, rehabilitation administration, literature review, 8680
barriers to supervisory use of constructive confrontation in work-based programs, problem drinking employees, literature review, 6509
behavior modification methods, management information function of mental health system, 4151
characteristics of effective performance evaluations, 9085
characteristics of positive management, organizations, 13788
cognitive-behavioral theory of leader influence & effectiveness based on subordinate work behavior, 9107
guidelines, behavioral management of managerial personnel, 4571
guidelines for assessment of evaluative competence & accountability methods used by direct service workers, social work supervisors, 8728
guidelines for effective leadership, instructors of training seminars, 2191
guidelines for successful employee participation, managers, 2197
handling conflict in organizations, middle managers & chief executives, 2199
implementation of primary mental health prevention practices, community mental health managers, 6406
implementation, organizational behavior management, 4574
implementation, organizational behavior management, manager's perspective on F. Luthans & M. J. Martinko's article, 4575
InterFace Project, improvement of race relations, employees & supervisors, South Africa, 2210
involvement in quality of work life program, experienced influence & job autonomy & supervisor participativeness & influence, utility managers & engineers & technical/clerical staff, 11498
leader's contingent & noncontingent reward & punishment behaviors, subordinate performance & satisfaction, supervisors & administrators with mean age of 27.9 yrs, 9129
management methods, mental health administration, 6407
management methods, prevention of malpractice suits, university & college counseling centers, 11416
management of meaning, leadership in organizational context, 2209
management of organizational change to uncertain future state, 2203
management team system, application of behavioral techniques to organization, 9116
management-by-objectives intervention, perceived performance & satisfaction, university business & economics faculty members, 1926
methods for introduction of new technology & management of operations, managers, 2190
organizational behavior management, behavior control, extension of article by R. Kreitner, 4565
organizational behavior management, managerial performance, comments on article by J. Komaki, 4568
organizational behavior management, mental health services, commentary on J. Krapfl's article, 4150
organizational behavior management method, job performance, 4572
organizational change techniques used by large corporations, 2202
organizational structure using sociotechnical self managing work groups, perceived control, top vs middle managers vs workers, 9112
participation level in decision making processes, radio station reporters, 2195
participatory management, response to change, dispersed employees, 9137
performance evaluation, enhancement of management effectiveness, supervisors, 11466
planning model, implementation of technological change, 9126
practices for enhancement of health care programs, supervisors in medical settings, 8722
problem solving methods, organizational rigidity, executives, 9106
role conflict created by supervisor, ability & performance relationship, 1st & 2nd level managers, 13790
situational vs noncontingent approach to theory & research & practice of leadership, 2185
status & treatment by Jewish employers, attitudes toward Israelis, Arab industrial workers, Israel, 3269
strategic management & leader-follower roles, top level executives, 2214
strategies for managing differences between people/groups with shared problem, managers, 11479
structured meeting systems, successful completion of nonrecurring task, middle managers & college students, 9118
supervisor's management style & responses to day-to-day job performance, satisfaction & productivity, nurses, 1850
techniques, management of organizational change, 2181
theory P model of organizational management, implications for applications in UK & role of manager & management development, 4570
use of value analysis in management, 9115
Management Personnel [See Also Middle Level Managers, Top Level Managers]
accuracy & utility of traditional vs statistical vs hybrid management position evaluation approaches, 9120
age & education & income & tenure, need satisfaction & importance, 27–45 yr old automobile factory managers, India, 13787
age & education & seniority, perceptions of environmental issues, managers, South Africa vs Nigeria, 13794
applicant attractiveness & attractiveness-relevance of job, interviewer decisions & job specific attributions for management trainee applicants, college students as interviewers, 2184
attitudes toward career advancement & salary requirements for accepting promotions, male vs female managerial vs professional vs technical employees, 13765
attitudes toward family involvement in day care services for aged, day care center administrators, 4119
beliefs about goals of union leaders, union leaders vs industrial managers vs workers, 13810
business games, development of managerial skills, managers & general office staff, 4576
caveats regarding use of formal systems, job performance evaluation, public managers, 11485
communication problems & recommendations for improvement, supervisors & employees, 11484
cooperative validation studies in employee performance, life insurance field agency heads from 50 companies, 11482
corporate ownership, need satisfaction, public vs private sector managers, India, 2211

coworker & supervisor support, association between task characteristics & mental stress, male workers, 9153
cross-validity of Short Form of Position Description Questionnaire, job analysis, managers, 7045
decisional participation, organizational & community & professional commitment, recreation administrators, 6861
field experience in rehabilitation counselor education program, cooperating agency supervisors, 8717
guidelines, behavioral management of managerial personnel, 4571
guidelines for effective leadership, instructors of training seminars, 2191
human needs & job satisfaction, French- vs English-speaking managers with mean ages of 25.9 & 27.3 yrs, Canada, 2187
incidence & perceptions of participative vs autocratic leadership styles, male vs female college students & managers, 9122
information concerning training objectives, learning, industrial managers, 9134
initial leadership motive patterns & levels of promotion after 8 & 16 yrs, managers, 9127
involvement in quality of work life program, experienced influence & job autonomy & supervisor participativeness & influence, utility managers & engineers & technical/clerical staff, 11498
job involvement, 24–55 yr old bank managers vs officers vs clerks, India, 13798
leader's contingent & noncontingent reward & punishment behaviors, subordinate performance & satisfaction, supervisors & administrators with mean age of 27.9 yrs, 9129
leadership style, police managers, 4573
life stage of simulated organizations, intergroup organizational development intervention, 35–50 yr old middle managers, 2235
Machiavellianism, male vs female purchasing managers, 13789
management level, motivational needs, bank managers, Malaysia vs India, 13795
methods for introduction of new technology & management of operations, managers, 2190
mid-life career crisis, 20–55 yr old male managers, Australia & Great Britain, 2194
modeling, learning of managerial leadership, 9133
multivariate analysis, leader-subordinate interactions, 19–60 yr old clerical & managerial employees, implications for predictiveness of path-goal theory, 2495
organizational behavior management, managerial performance, comments on article by J. Komaki, 4568
organizational ownership & size & managerial level & professional discipline, goals & tactics of influence, middle level vs assistant managers, 9114
organizational pressure for performance & experienced time pressure, job performance & job satisfaction, 21–60 yr old retail sales managers, 9109
participant social relationships & opinions, efficacy of management course, trainees in meat & milk industry, 13792
peer vs supervisor paired-comparison evaluations of managerial effectiveness, savings & loan branch managers & supervisors, 9132
perception of & techniques for elimination of intergroup conflict in industry, high vs low level managers, 2182
perception of approach to & execution of work by Anglo vs French employees, Anglophone vs Francophone managers, Canada, 13796
performance evaluation, enhancement of management effectiveness, supervisors, 11466
personal & environmental factors, assessment of uncertainty, entrepreneurs, India, 4577
personal values, organizational negotiation, mental health managers, 6859
personality traits, change in interpersonal interaction after behavioral modeling training program, supervisors, 9130
practices for enhancement of health care programs, supervisors in medical settings, 8722
presence of formal participatory body, levels of interaction & communication & influence & perceived effect on upper managerial decisions, lower level managers, 9113
problem disclosure & help seeking in work setting from supervisors vs peers vs subordinates, managers, 2186
problem solving style measured by Myers-Briggs Type Indicator, autocratic vs participative decision making methods, graduate business students, implications for management, 3488
problems in employee knowledge & skill transfer from training to job, managers, 4546
psychological barriers, acceptance of technical innovation, managers, 9119
pyramidal training of supervisors who subsequently provide training to staff, teaching of communication & motor skills to severely & profoundly handicapped residents, residential care staff, 4301
race & sex, performance appraisals, Black vs White nonmanagement employees & supervisors, 2170
role of supervisor & employee in training, 9071
scoring format, relability & validity of self report in-basket test in assessment center setting, supervisory personnel with mean age of 47.2 yrs, 156
selection & training in international & intercultural management, corporate employees, 4566
sex & power strategy of fictional manager, perceived managerial effectiveness, managers, 2212
sex & sex role identity, descriptions of good manager, college students, implications for women in management, 2207
simulated management task & positive vs negative feedback on goal-achievement, self perception & perception of workers & use of power, Ss in simulated manager role, 6858
subjective work load & time urgency, problem solving performance, managers, 2189
system of roles for motivating improved employee performance, human resources managers, 11481
theory P model of organizational management, implications for applications in UK & role of manager & management development, 4570
training program, designers of training programs, 2193
training programs, company productivity levels, management personnel, 9121
Type A behavior, career experiences associated with failure, 22–62 yr old managers, validation of A. K. Korman & R. Korman's model, 9110
value homogeneity between supervisor & subordinate, job satisfaction, supervisors & subordinates, 9154
values & managerial success, private vs public sector business managers, 11487
work duties & training needs, managerial & secretarial staff in mental health agencies, 8774
workshop, alleviation of job stress, supervisors, 6857

Management Planning

causes of failure of organizational innovations, 11473
development & implementation of combined planning & appraisal system, organizational commitment & productivity, government employees, 11503
management of organizational change to uncertain future state, 2203
techniques, management of organizational change, 2181
US Air Force feasibility study, elimination of navigator position in tanker operation, 6860

Management Training

active psychological training methods, managers & teachers, 13793
business games, development of managerial skills, managers & general office staff, 4576
field experience in rehabilitation counselor education program, cooperating agency supervisors, 8717
information concerning training objectives, learning, industrial managers, 9134
leadership style management development & organizational change, satisfaction & effectiveness & productivity, employees, 4567
learning processes in action learning model & group dynamics, management education, 9125
manager training in appraisal interview feedback &/vs assigned goal setting techniques, reaction to appraisal, corporate research team leaders & other subordinates, 4569
need for women's study approach to management education, 11483
ongoing training needs, quality circle leaders, 9128
organizational development vs management training, employee productivity, 11474
participant social relationships & opinions, efficacy of management course, trainees in meat & milk industry, 13792
personality traits, change in interpersonal interaction after behavioral modeling training program, supervisors, 9130

baclofen prescribed for treatment of tardive dyskinesia, development of mania, 29 yr old male, 1660
chronic mania following polioencephalomyelitis, 8 yr old male, India, 8251
cimetidine, induction of manic syndrome, 70 yr old male, 4078
cognitive simplicity vs complexity & articulated vs unarticulated structure & integration of self & others & level of self esteem assessed by repertory grids, depressed vs manic vs schizophrenic vs alcoholic vs physically ill 19–68 yr olds, 12780
Dexamethasone Suppression Test, manic patients with mean age of 36 yrs, 8017
diagnosis of mania, mentally retarded, 1336
ECT & chlorpromazine & lithium, mania, hospitalized patients, 1472
EEG characteristics, depressive psychotics vs manic patients vs schizophrenics, 12826
hostility level, change from admission to discharge, manic & hypomanic patients with mean age of 42.6 yrs, 1199
intermittent delirious mania, hypomanic 41 yr old male, 1220
language profiles, 15–51 yr old schizophrenics vs manics, psychodiagnostic implications, 10551
lithium carbonate therapy withdrawal & spironolactone substitution, mania, 50 yr old male with endogenous depression, 1656
lithium citrate, psychotic excitement, manic patients, 13259
manic ratings at discharge, symptoms predicting rehospitalization or incarceration, patients, 1-mo followup, 4214
neurosyphilis & general paresis presenting as chronic mania, 57 yr old male, 5974
prevalence of schizophrenia & manic depression & mania in schizoaffective psychosis, adult inpatients, 5777
procyclidine abuse, secondary mania, 36 yr old psychiatric patient, 4064
psychotherapy, mania & depression, 1477
reliability & validity of Pleasure Scale, measurement of anhedonia, depressed vs manic vs schizophrenic vs psychotic patients, 9397
Manic Depression
abnormal cortisol suppression, bipolar patients, 12843
acute schizophrenic episodes, 10–50 yr old schizophrenics & manic depressives, 8060
antidepressants & neuroleptics & tranquilizers & sleep deprivation, chronic manic depression, 20–50 yr olds, 13137
blood serum concentrations in lithium kinetics, 20–40 yr old manic depressives, 6307
bright artificial light treatment, winter depression, 63 yr old manic depressive male with seasonal mood cycle, 6075
carbamazepine-induced reticulocytosis, 34 yr old female with mixed bipolar disorder, 13300
cerebrospinal fluid cortisol, depressed & manic & anorexic patients, 10527
cognitive therapy & journal keeping, dysphoria during remission in manic depressive illness, 6232
cultural & clinical factors, misdiagnosis of bipolar illness, Amish, 10521
denial & misperception of mood change & affect, manic depressives & their spouses & adult offspring, 8068
dexamethasone suppression test, discrimination of subtypes of depression, 10567
diurnal variation of urinary 3-methoxy-4-hydroxyphenylglycol, unipolar vs bipolar depressives, 12829
ECT & antidepressant therapy, length of time between hospitalizations, 13–88 yr old unipolar & bipolar depressives, 8272
erythrocyte/plasma lithium ratio, manic depressives who did vs did not respond to lithium therapy, 8464
frequency of manic & bipolar & depressive & unipolar disorders, psychiatric private practice patients vs inpatients vs outpatients, 1120
haloperidol & lithium carbonate, development of persistent dysarthria & apraxia, manic depressive 19 yr old male, 1593
hormonal & genetic factors & neurotransmitter disturbances, etiology of schizophrenia & manic depression, literature review, 1201
ifenprodil tartrate, clinical effectiveness, alcoholic & manic depressive & chronic schizophrenic & senile dementia patients, 1611
incidence of unipolar vs bipolar affective disorder, male vs female patients & their relatives, 10592
insight, lithium compliance, manic depressives, 6310
intellectual functioning & psychomotor activity, patients with uni- & bipolar depression, 1144
interpretation of body of water images in drawings, paranoid schizophrenics vs manic depressives vs patients with unipolar depressive disorder, 10593
lecithin, manic depression, 18–40 yr olds, 1600
levotryptophan, maintenance treatment, 63 yr old female with bipolar II manic depressive illness not responsive to lithium, 6268
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
lithium &/vs neuroleptics, spermiologic disturbances & potency & libido, manic depressives & sexual deviants, 1631
lithium, affinity constants & number of binding sites for platelet vasopressin receptors, bipolar patients with mean ages of 35 & 36 yrs, 6269
lithium carbonate &/vs imipramine hydrochloride, prevention of relapse, unipolar & bipolar depressed patients with mean age of 47.5 yrs, 1627
lithium therapy, memory, 20–45 yr old manic depressives, 6314
lithium toxicity & rise in serum lithium after treatment termination, permanent diffuse cerebellar defect, manic depressive 43 yr old female, 1652
model of illness components, manic depressive disorder, literature review, 8014
mood change & biochemical changes in urinary & plasma cyclic adenosine monophosphate & adenosine triphosphate during pregnancy & following delivery, 15–40 yr old mothers, implications for manic depression, 7451
patient history & clinical symptoms & response to drug therapy, 10–60 yr old schizoaffectives & manic depressives & schizophrenics, 6313
physiology of erythrocyte & lymphocyte membranes, manic depressives, 8047
plasma vanadium concentrations, manic depressives, 8003
prevalence & characteristics of mania, inpatients with mean age of 31.1 yrs, China, 1235
prevalence & risk of major affective disorders, relatives of patients with schizoaffective & bipolar & unipolar disease, 3575
prevalence of schizophrenia & manic depression & mania in schizoaffective psychosis, adult inpatients, 5777
prophylactic lithium discontinuation, manic depression, 18–70 yr old patients, 4063
reverse T-3 levels, manic & unipolar depressed females, 3751
severity of depression, EEG characteristics, 19–40 yr old schizophrenics & manic depressives, 10530
sex & race, glucose-6-phosphate dehydrogenase deficiency, unipolar vs bipolar depressed patients vs schizophrenics, 5764
sex, age of onset of affective illness measured by initial consultation, bipolar vs cyclothymic vs unipolar patients, 12868
similarities & coexistence of mania & depression in manic depression, implications for efficacy of carbamazepine treatment, 6306
sleep deprivation treatment, manic depressive adults, 1474
smooth pursuit eye tracking performance, schizophrenics vs unipolar vs bipolar depressives, 10537
stress & life events, early & late onset of bipolar illness, 12831
suicide rates, schizophrenic & bipolar affective disorder & psychiatric patients with mean age of 39.4 yrs, 12852

symptomatology & etiology, manic schizoaffective Schneiderian positive disorder vs manic depression, patients with mean age of 42 yrs, 1196
T & B lymphocyte populations, manic depressives, 10571
temperature vs iodoacetic acid vs ouabain, red blood cell tyrosine uptake, patients with unipolar vs bipolar depression vs schizophrenics, 3644
termination of lithium treatment, relapse rate, 20–60 yr old manic depressives, 13282
tranylcypromine, depressive symptomatology, anergically depressed patients, 4077
verbal productivity & cohesion & reference patterns, children at risk for mental disorders, 3581
zimelidine & desipramine, depressed patients, 8444
Manic Depressive Psychosis
characteristics & prognosis of bipolar manic depressive vs schizoaffective psychosis, patients, 12875
clinical & pathological factors, manic depressive psychosis, 25–40 vs 45–60 yr olds, 3591
course of bipolar manic depressive vs bipolar & manic schizoaffective vs recurrent paranoid psychosis, patients with mean age of 42.5 yrs, 14–17 yr followup, 12876
cross cultural validity of diagnostic concept of manic depressive psychosis, 10566
emotional experience of music, schizophrenic psychotics vs depressive vs anxiety vs obsessive neurotics vs depressive & manic psychotics, 3605
emotional response to music, patients with anxiety neurosis vs hysterical vs obsessive neurosis vs depressive psychosis vs schizophrenia, 12858
high doses of dextropropranolol vs dextrolevopropranolol, EEG changes before vs during vs after treatment, 22–51 yr olds with acute manic psychosis, 1603
human leucocyte antigen types, unipolar & bipolar manic depressive psychotics, 1232
lithium & tranquilizing drugs, side effects, adolescents with manic depressive psychosis, 10945
MMPI profiles during manic & depressed & euthymic phases, assessment of psychopathology corresponding with clinical picture, Ss with bipolar psychosis & mean age of 41.4 yrs, 4704
Mannerisms [See Habits]
Manual Communication [See Also Fingerspelling, Sign Language]
achievement test administration by standard written vs Manually Coded English videotaped vs American Sign Language form, reading test scores, deaf 18–24 yr olds, 2105
hemispheric dominance for manual communication & spoken language, 37 yr old right handed male patient, 7961
Manufacturing [See Business]
Maprotiline
maprotiline & amitriptyline, patients with primary affective disturbances, 10955
maprotiline vs nortriptyline vs clomipramine vs imipramine vs amitriptyline vs imipramine oxide vs mianserin vs zimelidine vs nomifensine vs isocarboxazid, salivation, 19–41 yr olds, 10027
maprotiline 75 mg administered 3 times/day & single evening dose, effectiveness & side effects, depressed patients, 1632
nomifensine vs maprotiline, treatment of endogenous depression, 16–78 yr old patients, 10936
thioridazine & maprotiline & trifluoperazine & trihexyphenidyl, drug interactions causing atypical ventricular tachycardia, 51 yr old chronic schizophrenic female, 4081
Maps (Brain) [See Stereotaxic Atlas]
Marihuana
abstinence from marihuana, persistence of urinary cannabinoids, male 20 yr old chronic marihuana user, 1254
acute marihuana intoxication, remote memory & learning, males with mean age of 27.9 yrs, 705
federal bias & clinical data on sedative & anticonvulsant & antimigraine therapeutic potentials, cannabis, literature review, 10939
incidence of alcohol vs marihuana vs tranquilizer usage, drivers injured in traffic accidents, 3863
social attitudes toward & reason for using vs not using marihuana, college students, implications for drug education, 4430
Marihuana Usage
cannabis, sexual behavior, literature review, 3361
disulfiram drug therapy & marihuana usage, hypomanic toxicity, 28 yr old male alcohol abuser, 13276
E sex & personality, E effects in marihuana research, males smoking marihuana with strangers vs friends, 7005
epidemiology & predictors & characteristics, adolescent marihuana users, literature review, 12506
heavy alcohol use, use of tobacco & marihuana & "party" drugs & medical sedatives & inhalants & psychedelic drugs, college students, 5563
marihuana usage, adverse reactions & medical attention seeking, students in grades 7–13, 5455
marihuana use & alcohol consumption, incidence of traffic accidents, 16–19 yr olds, 5554
marihuana use & patterns of use, psychotropic & side effects & interaction with pre-existing psychopathology, Morocco & France, 3362
marihuana use, academic achievement & college & social & sexual & work adjustment & emotional stability & physical health, college students, 4-yr longitudinal study, 5549
marihuana use during pregnancy, length of gestation & maternal weight gain & offspring behavior & development up to 1 yr of age, females, 5231
marihuana use, pregnancy & labor & delivery & neonatal meconium staining, females with mean age of 23.7 yrs & their infants, 5234
norm qualities of significant reference group, alcohol & marihuana attitudes & abuse, 7th–12th graders, 5832
official inquiry & report on marihuana use, Panama Canal Zone, 3357
psychodynamics of marihuana abuse, 17 yr old male, 5826
questionnaire on marihuana usage & consequences, 9409
regular marihuana use, sexual interest & performance, 23–38 yr olds, 7-yr followup, 3365
repeated marihuana usage, change in effect & tolerance, 5–6 yr followup, 12646
Marijuana [See Marihuana]
Marine Personnel
evaluation of navigation plotting task, development of performance evaluation tests for environmental research, 19–24 yr old US Navy enlistees & US Coast Guardsmen with mean age of 22.1 yrs, 11701
life experiences & locus of control & training unit environment & success in training, changes in locus of control, male US Marine corps recruits, 11447
personal history & employed method & reported reasons, attempted suicide, US Marine Corps recruits, 12972
Marital Adjustment [See Marital Relations]
Marital Conflict
conflict solving strategies, distressed vs nondistressed couples married less than 5 vs more than 20 yrs, 12579
decision making course vs communication skills training, generation of alternatives for interpersonal problems, childless couples, 10886
family relations, violent parents & their children, treatment implications, 8084
marital conflict & divorce & child behavior problems, literature review, 1258
marital interaction & conflict, persistence of severe obsessive compulsive disorders, 22–48 yr old married females, implications for spouse-aided therapy, 12836
sex & punctuational differences in description of interactions & marital distress, spouses, implications for communication theory & therapy, 10308
Marital Problems [See Marital Relations]
Marital Relations [See Also Marital Conflict]
application of J. Willi's collusion concept to couple & family therapy, 3973
appraisal & views of marital events, distressed vs nondistressed husbands with mean age of 41.3 yrs, 941
arranged vs love-match marriage & role specialization, understanding, 22–64 yr old couples, Japan, 12583
attachment vs individuation vs idealized projective identification, marital satisfaction, spouses married 2–20 yrs, 12568
background & empirical basis for typology of dyadic formation, spouses aged 16–84 yrs, 6961
blame as mechanism & symptom & restitution in relationships, spouses, 7804
blaming in marital relations, spouses, criticism of article by M. R. Lansky, 7821
cognitive therapy, marital dysfunction, spouses, 6181
communication styles, marriage partners, 10332
confirmatory factor analysis & reliability of Dyadic Adjustment Scale, 20–67 yr old divorced & separated Ss, 7112
conjoint marital therapy & subsequent transformation to self help group, concept of self & spouse & sex roles & marital adjustment, married couples, 2-yr followup, 13201
development & reliability of Waring Intimacy Questionnaire, assessment of marital intimacy, 11698

development & validity of Relationship Belief Inventory, assessment of dysfunctional beliefs about intimate relationships, 18–69 yr old clinical vs nonclinical spouses, 140
development of male & female defensiveness scales, measurement of defensiveness about one's marital & sexual relationship, spouses, 9410
divorce rate, marital satisfaction, spouses, reanalysis of 1963 data & implications for methodology in studies of social variables & marital satisfaction, 6958
early maternal bereavement, age at marriage & quality & fate of marriage & number of children & coping ability & childrearing, female psychiatric patients, 1127
early vs late marriage, motherhood & marital stability, 7788
economic resources, conjugal influence in employment decision making, wives with mean age of 30.6 yrs, test of resource vs social exchange theories, 7813
emotional responsiveness & conflict resolution & conversational patterns, spouses, 10318
family & marital relations, schizophrenics & their families, 8036
feminism, marital & sexual happiness, females with mean age of 30 yrs, 5547
home environment & maternal attitudes & marital adjustment & socioeconomic status, mental & motor development, 2 yr olds, 3149
hysterectomy, psychological problems, females below 35 to over 45 yrs of age & of high socioeconomic status, 10977
infertility, marital relations, couples, 6022
interaction with spouse vs other male vs female personal space requirements, 20–54 yr old married couples, 12660
language action analysis of marital decision making, dual career couple, 7802
level of marital problems, utilization & effectiveness of negotiation & optimistic comparisons & selective ignoring & resignation as coping strategies, 22–69 yr olds, 12577
marital & family relations & reactions following murder, parents & siblings of 19 yr old murderer, 5838
marital adjustment & reaction, end stage renal disease, patients & their spouses, literature review, 13013
marital adjustment, adult epileptics, 3800
marital adjustment, discrepancies in message valence expressed verbally vs nonverbally, spouses, 10415
marital adjustment, 24–38 yr old mothers vs involuntarily childless females, Nigeria, 7793
marital distress, reactivity to positive & negative behavior, spouses, 931
marital interaction & conflict, persistence of severe obsessive compulsive disorders, 22–48 yr old married females, implications for spouse-aided therapy, 12836
marital satisfaction, couples in marriage enrichment programs, 3992
marital status & sex differences, problems reported & extent to which unhappy about problem, married vs unmarried cohabiting couples, 10313
matrimonial legislation & exercise of autonomy, wives, Belgium, 928
midlife & long term marriage, wives vs husbands, implications for therapy, 8370
Minnesota Couple Communication Program, communication behavior & relationship satisfaction, couples, literature review, 3996
parental harmony, psychosocial adjustment, 8–12 yr olds of divorced vs married parents, 12475
parental maladjustment & marital difficulties & dysfunctional extrafamilial interactions, child's behavior problems & outcome of parent training, literature review, 8404
participation in marital enrichment program, marital or family distress, 21–49 yr old married couples, 1518
perceived role expectations & enactment, marital adjustment, spouses, 10309
Peter Pan & Wendy syndrome as marital dynamic, treatment implications, 10500
psychosocial stress & early childhood socialization & marital adjustment & handling of aggression & hostility, 46–74 yr old patients with polycythaemia vera, 10691
rape, marital & sexual relations, spouses, 5842
readability of marital assessment measures, critique of study by G. E. Dentch using method of F. W. Forbes & W. C. Cottle, 151
reliability of Dyadic Adjustment Scale & redundance in factor structure, 22–63 yr old married Ss, 7106
religiosity & marital satisfaction, spouses, implications for validity of Marital Conventionalization Scale, 11684
religiosity, marital satisfaction, 5511
reporting of their behavioral interactions, observation agreement, spouses entering marital therapy, 1520
Rorschach Test as joint task, measurement of interaction & utility in marriage counseling, spouses, 2436
sex therapy, marital relations & sexual functioning, spouses, 3–24 mo followup, 1537
sex therapy, orgasmic ability & intrapsychic & interpersonal functioning of couple, 65 yr old penectomy patient & his wife, 10813
sexual adjustment & behavior & marital adjustment, 21–31 & 50–60 yr old spouses, 5506
sexual disturbances, pair relationships, spouses, 3986
Skedsmo-SIA-follow up program, identification & prevention of emotional & marital problems during pregnancy & 1st yr following birth, families in need of support, 13362
spousal power structure, marital quality, Black married couples, 7796
supplemental factor scales for Marital Satisfaction Inventory, spouses, 194
validity & consistency & interspouse reliability of telephone survey of marital behavior, married couples, 129
validity of G. B. Spanier's Dyadic Adjustment Scale, 19–65 yr old married couples & cohabitating individuals, 11636
well-being & remarriage following divorce & quality of 2nd marriage, divorced adults, 7817

Marital Separation [See Also Divorce]
adjustment & feelings about parental separation, 12–18 yr olds from separated or divorced 1-parent families, 10256
background factors vs compatibility vs unrealized expectations, prediction of marriage failure, divorced & separated couples, USSR, 3321
confirmatory factor analysis & reliability of Dyadic Adjustment Scale, 20–67 yr old divorced & separated Ss, 7112
group counseling, persons in process of divorce, 4182
parental separation, emotional & behavioral problems functioning to stalemate divorce, 9 yr old female, suggestions for family therapy, 1521
preventive intervention program, newly separated persons, 4140
psychotherapy, 31 yr old female wishing to leave her family, 3965
sex vs socioeconomic status, drug use, separated or divorced parents vs nonparents, 995
sociodemographic factors & age & sex & length of marriage & separation & social stressors, symptom expression, 20–79 yr olds in the process of divorcing, 5500

Marital Status
age & sex & marital status, development of needs & expectations, 1st yr marriage & family therapy doctoral students, 11126
age & sex & retirement status & education & marital status & volunteerism, life satisfaction, 55–74 yr olds, 730
applicant sex & age & marital status & academic achievement as ambiguous information, evaluation of resume, male vs female personnel professionals, 9078
employment & marital status & sex & presence of young children, prevalence of neurotic disorder, 18–64 yr olds, 12886
epidemiology & age & marital status & sex & occupation & religion & referral agent & age at onset & clinical features, transsexual males & females aged 14–46 yrs, Northern Ireland, 5544
gender & marital status & sexual activity of temporary nursing home resident, attitudes toward elderly, 20–48 yr old nursing students, 6533
marital status & sex differences, problems reported & extent to which unhappy about problem, married vs unmarried cohabiting couples, 10313
marital status & social class, ischemic heart disease incidence & mortality, 40–64 yr old males, Finland, 10728
marital status, adjustment & attitudes toward religion & birth control & equality of women, 18–30 yr old married vs unmarried female college students, India, 1077
marital status, health behavior & life satisfaction & future time perspective, elderly female Ss from Bonn longitudinal study, 5313
right to reproduce & have custody & access to children despite label of "deviant," homosexual & transsexual & single & unmarried & retarded parents, 7976
sex & age & family/marital status, participation in physical recreation & individual vs team sports activities during adult life cycle, 23–58 yr olds, 5464
sex & marital & employment status, depressive symptoms, Mexican Americans, 3616
sex & marital status & race & age, utilization of mental health center services, 20–60 yr olds, 1725
sex & marital status, reactions & adjustment to child loss from sudden infant death syndrome, parents, counseling implications, 8607
sex differences, biographical variables & achievement motivation, single vs married high school graduates, 1907–67, 3310

social stability, outcome of alcoholism treatment program, 8698
stress levels, married vs unmarried medical students, implications for protection/support vs selection hypothesis, 6531
Marketing
commercial uses for conjoint analysis methodology in marketing, 2283
evaluation of aggregation criteria for market segmentation, families of customers, 9202
evaluation of alternative concepts & effect of price levels on purchase intent, consumers, 6959
hedonic aspects of consumer behavior, marketing, 2286
incentive program, referral of new members, 18–55 yr old health club members, 9196
model, prediction of sources of power in marketing channels, franchised new car dealers, 2291
new developments in structural equation modeling, implications for marketing, 7141
operant conditioning principles, marketing, 2297
person-situation as basis for marketing segmentation & strategies, 9201
reliability & validity of informant reports, wholesaler-retailer dyads, 7140
sample size, chi square & fit statistic provided by LISREL program in evaluation of causal models, implications for marketing, 7124
taxonomy development, macromarketing vs micromarketing, marketing academicians, 2289
TV viewer appeal & movie attendance patterns & marketing, decision making in film industry, 11523
Markov Chains
free recall of words, test of Markov model for order of recall & extension of model by T. M. Cowan, 4942
Markov chain model of stimulus & recovery functions of cochlear nerve fiber spike discharge probability, cats, 7410
Markov model for determining offense specialization & probability of offense escalation based on offense histories, juvenile offenders, 1284
Markov process model, developmental analysis of conversation about social transgressions, kindergartners through 4th graders, 3060
mathematical models of social mobility, 9481
paired associate learning, test of large sample stimulus sampling theory vs Markov model of all-or-none learning, 4832
proposed simplified calculations for W. J. Mackinnon's Successive Proportional Additive Numeration technique, group decision making, 4831
Marriage [See Also Endogamous Marriage, Exogamous Marriage, Interfaith Marriage, Interracial Marriage, Polygamy]
bibliometric analysis of articles published in Journal of Marriage & Family, 1970–73, 7787
demographic variables, attitudes toward law concerning marital rape, Ss over 17 yrs old, 7835
divorce in inter- vs intraethnic marriages, Chinese & Japanese, Hawaii, 9-yr longitudinal study, 10340
early vs late marriage, motherhood & marital stability, 7788
education & ethnicity & premarital work history & childhood place of residence, age at 1st marriage, females, Peninsular Malaysia, 7805
history of family structure & instability & mating patterns, urban & rural lower class, Jamaica, 940
husband's marriage order, stability of 1st vs 2nd marriages, Black vs White females under 45 yrs old, 7785
investment in schooling, socioeconomic outcomes & health & marriageability, 15–45 yr old females, Nicaragua, 11162
legalization of conjugal unions, rural 15–49 yr old females, Colombia & Mexico & Peru & Costa Rica, 10347
life experiences & change in relationships & marriage, older married females, 12567
marital & family factors, chronic pain, literature review, 3842
marriage & divorce rates, counties experiencing vs not experiencing major natural disasters, 7784
psychodynamics, choice of marriage partner, 923
sequence & time interval between age at 1st marriage & birth of 1st child, 30–44 yr old females, South Korea & Taiwan & Thailand & Malaysia, 12573
sex & age & physical attractiveness, perceived importance of attractiveness to friendship formation & dating frequency & marriage partner selection & marital adjustment & occupational success, 18–90 yr olds, 12683
sibling marriages in royal families, Egypt & Peru & Hawaii, 8075
swinging vs open vs group marriage as variants of normal behavior, psychotherapy groups, 3953
unmarried cohabitation as form of marriage, Sweden, 7806
well-being & remarriage following divorce & quality of 2nd marriage, divorced adults, 7817
Marriage Attitudes
appraisal & views of marital events, distressed vs nondistressed husbands with mean age of 41.3 yrs, 941
attitudes toward future marriage, peasant females, Italy, 7794
attitudes toward marriage & divorce & children of divorce, 13 & 14 yr olds from intact vs divorced homes, 5448
development & validity of Relationship Belief Inventory, assessment of dysfunctional beliefs about intimate relationships, 18–69 yr old clinical vs nonclinical spouses, 140
marriage role expectations, divorced males with mean age of 39.4 yrs vs females with mean age of 35.7 yrs vs married 20–56 yr olds, 10330
religiosity & attitudes toward kinship & mate preference & parenting & material resources, altruism, college students, implications for sociobiological theory, 5663
sex vs socioeconomic status vs ethnic group, marriage & parenthood values, Black vs Hispanic vs White 11th graders, 5461
Marriage Counseling [See Also Conjoint Therapy]
age & education & number of previous marriages & children & therapy sessions, outcome of brief marital therapy, couples, 1528
American Psychological Association's ethical standards & legal concerns, marital & family therapy, 6198
application of J. Willi's collusion concept to couple & family therapy, 3973
behavioral communications treatment, marital discord, 26–38 yr old couples, 6174
behavioral techniques & role modeling & systematic desensitization & relaxation & sexual therapy & marriage counseling & role playing, obsessive/compulsive behavior, Ss with mean age of 37.2 yrs, 3894
brief marital group psychotherapy, control patterns in group interactions, married couples, 1527
cognitive therapy, marital dysfunction, spouses, 6181
concept of "myth" in marital & family therapy & origins & functions of myths in family, literature review, 3987
dealing with resistance in behavioral-systems marital & family therapy, 1532
decision making course vs communication skills training, generation of alternatives for interpersonal problems, childless couples, 10886
ethical & conflict resolution issues, choice between individual & marital/family therapies, 6096
exposure treatment with behavioral marital therapy, patients with obsessive compulsive neurosis & agoraphobia & marital problems, 13192
hospital-based behavioral outpatient multidisciplinary treatment, chronic pain patients, 1759
House-Tree-Person projective drawing technique in transactional analysis, couples, 3989
importance of treatment goals & communicational feedback in marital therapy, 13203
insight-oriented & behavior & family & marital therapy & residential treatment, treatment of incest, child victims & abusers & families, literature review, 13117
involvement in marriage & family counseling preparations, counselor education programs, 13525
life position therapy, couples, 10870
love & work & values in marriage & marital therapy, obsessive-compulsive & hysterical couples, 8363
marital alienation & cooperation, pastoral counseling for troubled marriages, 6415
marital satisfaction, couples in marriage enrichment programs, 3992
midlife & long term marriage, wives vs husbands, implications for therapy, 8370
Minnesota Couple Communication Program, communication behavior & relationship satisfaction, couples, literature review, 3996
paradoxical interventions in psychodynamic marital therapy, 6189
participation in marital enrichment program, marital or family distress, 21–49 yr old married couples, 1518
Peter Pan & Wendy syndrome as marital dynamic, treatment implications, 10500
progressive vs traditional conceptions of relationships, diagnosis & therapeutic methods & research in marital therapy, therapists, 13190
readability of marital assessment measures, critique of study by G. E. Dentch using method of F. W. Forbes & W. C. Cottle, 151
reporting of their behavioral interactions, observation agreement, spouses entering marital therapy, 1520
Rorschach Test as joint task, measurement of interaction & utility in marriage counseling, spouses, 2436

seminar in marital & family assessment, medical students in psychiatric clerkship, 6518
sex & punctuational differences in description of interactions & marital distress, spouses, implications for communication theory & therapy, 10308
short term psychotherapy, older spouses, 8356
Values Analysis as psychotherapeutic technique & application to marital therapy, overcoming ambivalence in relationships, 6134
Marriage Therapy [See Marriage Counseling]
Married Couples [See Spouses]
Masculinity
achievement motivation & sex role orientation, female high school track & field athletes vs nonathletes, 7722
androgyny vs stereotyped masculinity/femininity, married couples seeking treatment for sexual dysfunction, Israel, 10751
development of masculinity, males, Stone Age New Guinea vs modern Western society, 889
experience of 1st-time parenthood, masculinity/femininity, spouses, 12571
gender traits & social control & opportunity, delinquency, 8th–12th graders, 10646
individual differences in masculinity & femininity & androgyny, prejudice & categorization, males vs females, implications for cognitive bases of stereotyping, 12692
masculine role & sterility, literature review, 3772
power strategies employed in intimate relationships, masculine vs feminine vs androgynous vs undifferentiated college students, 10455
pubertal status vs masculinity vs hemispheric specialization patterns vs participation in spatial activities, spatial ability, 11 yr old females, 12436
sex & peer evaluation of competition, expectations for & actual competitive performance & perceptions of success, masculine vs feminine vs androgynous vs sex role undifferentiated students, 7848
sex & sex role orientation, psychomotor reminiscence, 17–23 yr olds, 11754
sex role orientation & defense mechanisms, female college students, 5625
sex role orientation & fear of success, females, 12732
sex role orientation & MMPI profiles for psychological adjustment, female college students vs upper middle class housewives, 9371
sex roles of ideal opposite sex persons, male vs female college students, 5543
utility & validity of masculinity-femininity construct & adrogyny measures, alternative construct based on individual's own conceptions of masculinity-femininity, 10–80 yr olds & college students, 7739
validity & reliability of Attitudes Toward Men Scale, measure of traditional vs nontraditional attitudes toward males & masculinity, adult teachers & college students, 9393
Masking [See Also Auditory Masking, Visual Masking]
age differences, dichoptic backward masking of letters & words & trigrams, 16–26 vs 60–81 yr olds, 7645
event related potentials & retroactive masking, reply to dissociationist critique of M. Schwartz & W. S. Pritchard, 2848
intensity level of forward vs backward energy vs pattern masker, vibrotactile letter recognition, lab employees, 11737
interval between target & masker onset & masker energy, vibrotactile pattern recognition, college students, 11769
number of sweet stimulus presentations followed by salt/sucrose mixture, saltiness suppression, college students, 9513
presentation of chemicals alone vs in compounds, side tastes vs main effects, college students, 9512
relative frequencies of pure sodium chloride & sodium chloride-sucrose mixtures, suppression of taste perception of saltiness, college students, 11749
temporal masking & onset asynchrony of letters presented to fingertips, temporal integration of vibrotactile patterns, college students, 9505
terminology & logic of psychophysiological studies, reply to E. Donchin's critique, 2858
Masochism [See Sexual Masochism]
Mass Hysteria
auditory & visual stimulation, heart rate & skin conductance & spontaneous fluctuations & anxiety, female telephone operators suffering from epidemic faintness, 5933
peer influences & transmission of anxiety from teachers & principals, cause of gas poisoning epidemic, elementary school students, Hong Kong, 3530
personality & hypnotic susceptibility & heart rate & skin potential response & vigilance, elementary school students affected vs not affected by mysterious gas poisoning epidemic, Hong Kong, 3525
Mass Media [See Also Educational Television, Magazines, Newspapers, Radio, Telephone Systems, Television, Television Advertising]
agreement in judgments of accuracy of mass media reports on scientific symposium, participants, test of M. W. Charnley's method of defining accuracy, 2990
communication rules approach, analysis of mass communication & TV audience behavior, 10054
exposure to community awareness program through mass-media vs group instruction, attitudes & knowledge regarding early identification of exceptional children, parents, 11004
implementation & evaluation of crime prevention through mass media programs, 4242
mass & interpersonal communication habits, urban college students, 12361
mass media coverage of nuclear power issues, incidence of bomb threats against nuclear facilities, 711
mass media, creative expression, children, educational implications, 10117
news media use, political knowledge during election campaign, high school students, 7711
operationalization of new methods for estimation of differential effects of media context on advertising effectiveness, 6949
perceived deceptiveness of public leaders & mass media & advertising as information sources, adult survey respondents, 6909
practical suggestions for better communication of psychological research through mass media, 12360
status of mass media sex typing & effects on children & adolescents & research & policy for programing of nontraditional sex role portrayals, 2994
Massed Practice
race & sex, reminiscence on massed practice mirror tracking task, Black vs White males vs females, 7178
variable vs constant practice, development of motor recall schema in motor skill learning, educable mentally retarded 9.4–10.7 yr old males, 1332
Mastectomy
psychiatric symptoms & emotional reactions to diagnosis & treatment of breast cancer, 33–69 yr old females, 4124
Masturbation
biblical approach, masturbation, 5542
biblical approach, masturbation, criticism of J. R. Johnson's study, 5546
incidence of sexual experiences with partner of same sex & animals & group sex & sex differences in masturbation & being rape victim & premarital intercourse, college students, 1974 vs 1980, 10373
locus of control & sexual status & knowledge & masturbation practices, Ss with mean age of 68.5 yrs, 5538
masturbation & blasphemy, 10 yr old adopted female, 10630
response to autoerotic asphyxial death, victims' family members & friends, 12902
significance of masturbation & body cathexis & separation from mother's body, female adolescent psychoanalysis patients, 10841
telephoning, symbol of masturbation & anal erogeneity & castration & separation anxiety, psychiatric patients, 3625
Mate Swapping [See Extramarital Intercourse]
Materialism
meaning of idealistic vs materialistic dialects, 9241
TV advertising, role perceptions & purchasing activities & materialistic values & sex role attitudes, 6th–12th graders, 14-mo followup, 7738
TV watching time & individualism vs materialism vs spiritual well-being vs loneliness, adults, 7926
Maternal Behavior (Animal) [See Animal Maternal Behavior]
Maternal Behavior (Human) [See Mother Child Relations]
Maternal Deprivation [See Animal Maternal Behavior, Mother Absence, Mother Child Relations]
Mates (Humans) [See Spouses]
Mathematical Ability
achievement related peer interaction, mathematics learning in mixed vs uniform ability cooperative groups, 7th & 8th graders, 4406
conceptual & computational & attitudinal correlates, statistics achievement, college students, 13644
convergent & divergent thinking & intelligence, assessment of scientific creative abilities, adults, 174

educational & socioeconomic variations in schools & neighborhoods, mathematical reasoning & attitudes toward math, urban minority group 8th graders, 6710
evolution of brain mechanism for reflection of quantitative dependencies of objective reality, 463
field dependence & spatial visualization & reasoning ability, scores on mathematical story problems presented in verbal vs pictorial format, 5th graders, 13634
gender differences, mathematical reasoning ability, 11–13 yr olds, 5392
grade level & sex, mathematical performance & numerical & general reasoning, 3rd vs 5th vs 7th graders, 5351
intense & intermittent & unpredictable noise, arithmetic task performance & GSR & heart rate & neuroticism & introversion-extraversion, 18–49 yr olds, 5129
language strategy, mental arithmetic ability, bilingual vs monolingual 14–19 yr olds, 7674
learning disabilities in mathematics & skill deficits & remediation approaches, 6th grade & junior & senior high school learning disabilities teachers, 2052
ratings of students' mathematical abilities, teachers of educable mentally retarded vs 1st grade students, 4463
self perceived career relevant abilities, career aspirations, mathematically talented female high school sophomores, 12485
sex & sex role attitudes & age, mathematical ability & attitudes toward mathematics, 4th vs 8th vs 11th graders, 13641
sex differences, cognition & intellectual ability, literature review, 10134
sex vs age differences, verbal vs nonverbal problem solving performance, 9–61 yr olds, implications for Einstellung effect, 7673

Mathematical Modeling
application of latent variable structural modeling to study of adolescent drug use, quality of data, criticism of study of G. J. Huba & P. M. Bentler & J. A. Wingard, 6984
causal attribution task, use of extended judgmental dimensions & applicability of Bayes' theorem as normative decision rule, 11874
cognitive-mathematical model of attitude change, changing sex typed perceptions of occupations, college students, 6839
computer simulation of ocular accommodative oscillation, model of feedback mechanism, 461
critique of K. Kaye's assessment model of interobserver agreement, comparison to sensitivity/specificity vs kappa models for medical diagnosis, 6073
description & uses of linear structural relationship model, statistical measurement & analysis & evaluation of causal relationships, 7145
differential coupling of sensory discriminations to physical stimuli using stable decision models for Weber's Law, 4701
discrimination of visual number in dots display, test of probabilistic model as application of L. Thurstone's law of comparative judgment, 11830
distribution-free method, approximating nonlinear marketing relationships, 234
dynamic attribute satiation model, prediction of soft drink choices based on past choice behavior, college & graduate students, 2293
equation for relationship between stimulus & sensory magnitude, 11735
extrapolations from model of relativity to develop new model for construing time, application to life span development, literature review, 750
fuzzy sets as representation of valuations of objectives, multiple objective decision making with discrete membership functions, 11711
generalized matching equation for operant choice behavior, criticism of C. M. Allen's validation of power-function, 2689
generalized matching equation for operant choice behavior, reply to A. I. Houston's criticism of author's validation of power function, 2683
goodness-of-fit procedures, evaluation & selection of log-linear models, 9461
latent structure analysis, use of humor in advertising, 7146
learning model based on mathematical theory of expectation, 4921
linear functional & nonlinear physical 2-part model for transduction of basilar membrane mechanical displacements into neural activity, 5012
LISREL & partial least squares models estimated from study of exit & voice caused by dissatisfaction, consumers, 7136
log-linear modeling & chi square automatic interaction detection, causal analysis of categorical data, 7147
mathematical model, comparison of personality vs environmental codes of J. L. Holland's theory of occupational choice, 9052
mathematical model, concurrent & predictive validity of goal attainment scaling, implications for psychotherapeutic outcome evaluations, 11626
mathematical model, "filling-in" phenomenon in formation of illusory contour, 2551
mathematical models of social mobility, 9481
methodology, use of mathematical models of EEG analysis, 9864
methods of correction of response measures for guessing, 221
model of goal tracking in attentional-associative networks in spatial learning, implications for hippocampus as cognitive map, 9826
model using mathematical programming concepts, human factors research, 11715
multivariate model, statistical analysis of dyadic social behavior, children, 224
new developments in structural equation modeling, implications for marketing, 7141
perceptual combination of ground & sky referents in model of moon illusion, 7186
procedure to decompose any finite algebra into minimal set of maximally independent simple homomorphic factors, 2507
procedures for testing stage-learning hypothesis, instructional design implications, 767
qualitative vs quantitative dynamics of world system & application of field theory, anticipation of critical reconfigurations & war, 4625
recognition models for alphanumeric confusion data, criticism of conclusions of G. Keren & S. Baggen, 11826
recognition models for alphanumeric confusion data, response to criticism by J. K. Smith, 11799
ridge estimator, treatment of multicolinearity in structural equation model of advertising, 7138
scale construction & power function for line judgments, 11625
stochastic & nonstochastic models of human memory & probability learning & medical diagnosis & concept identification, literature review, 9224
structural equation modeling vs multidimensional scaling, test of Likert's theory of organizational structure & behavior, 6863
sufficient computational conditions, inferring 3-dimensional object description from its 2-dimensional projected motion image by biological or artificial systems, 2564
theoretical vs mathematical vs empirical practical models of pyramidal adaptive testing, test scores, 7016
theory of partial knowledge & theory testing mathematical models, analysis of cognitive development, 3173
use of latent variable structural modeling in study of adolescent drug use & other naturally occurring events, reply to J. A. Martin, 6969
use of log-linear techniques to test transactional systems model of person-to-person communication, police complainant interaction, 4814

Mathematics [See Also Statistics]
decision theoretic approach, ranking fuzzy sets, 4820
development of mental arithmetic operations & structures, children, review of cognitive psychology models, 3071
educational & socioeconomic variations in schools & neighborhoods, mathematical reasoning & attitudes toward math, urban minority group 8th graders, 6710
holy mountain as overview of ancient science of number & tone & correspondence with holographic model of mind, 4640
length of algebra problems in word vs equation formats, problem solving latencies & strategies, college students, 2616
mathematical problem solving expertise, perception of structure of mathematical problems, college students, 2623
neurophysiology of mathematics in biology of structures, comments on article by E. G. McClain, 5043
numerological vs mathematical emphasis in structure in ancient wisdom literature, comments on article by E. G. McClain, 4649
sex & arithmetic task difficulty, EEG alpha activity & asymmetry, college students, 12052
socioeconomic status & sex & age differences, expectations for success in reading & arithmetic & conduct, 1st–3rd graders, 13647
structure in ancient wisdom literature, comments on article by E. G. McClain, 4646

Mathematics (Concepts) [See Also Algorithms, Numbers (Numerals)]
Herrnstein's law of effect equation, reinforcement & behavior therapy, 6244
varied incentives & number of examples as adaptive instructional strategies, mathematics rules instruction, college students, 4381

Mathematics Achievement
achievement related peer interaction, mathematics learning in mixed vs uniform ability cooperative groups, 7th & 8th graders, 4406

adaptation-enhancing effects of symbiotic subliminal stimuli, mathematics achievement, 10th graders, Israel, 1931
amount of high school mathematics training, sex role attitudes, 12th graders, 11270
changing-criterion design in special education, evaluation of increase in math achievement, 11 yr old learning disabled 6th grade male, 11362
cognitive skills including mathematics achievement & visual search RT, prediction of success in small-engines course, mentally retarded students of high school age, 11382
conceptual & computational & attitudinal correlates, statistics achievement, college students, 13644
criterion referenced testing, mathematics achievement, 9th & 10th graders, 8896
didactic training in subtraction with vs without attributional feedback, subtraction skills & self efficacy, 7–10 yr olds, 1968
grade level & sex, mathematical performance & numerical & general reasoning, 3rd vs 5th vs 7th graders, 5351
high vs low & positive vs negative vs performance-feedback self monitoring, self observation & performance & attendance at math preparatory class, college students, 8883
immediate vs delayed feedback & academic self concept, arithmetic achievement, 4th graders, 8894
maternal reinforcement & punishment & contingency, reading & math achievement & field dependence, low income Anglo American mothers & their 7–9 yr olds, 3041
mathematics achievement & cross- & intrasensory matching ability & IQ, 3rd graders, 13642
participation in drafting vs geometry course, improvement in basic mathematical skills, 15–16 yr old high school students, 13615
programed vs traditional instruction of rational number, achievement & learning time & thinking ability & learning motivation, middle school students, 4355
reading & spelling & arithmetic achievement & ability measured by WISC-R & Basic Visual-Memory Association Test & Bender Gestalt, 2nd–9th graders, 4396
reading & spelling & arithmetic underachievement, epileptic 9–13 yr olds, 6032
sex & grade level & type of achievement test taken early vs late in school yr, mathematics attitudes & achievement, elementary school students, 6714
sex differences, measurement of mathematics achievement grade level & attitudes toward mathematics & locus of control, 5th & 6th graders, 8977
simultaneous processing intervention program, reading & spelling & arithmetic achievement & cognitive structure, 4th graders, 8856
social comparative information &/vs goal setting, self efficacy & division skills, low achieving 4th–5th graders, 11238
team based individualized instruction, mathematics achievement & attitudes, 3rd–6th graders, 6684
traditional worksheets vs game activities in mathematics instruction, mathematics achievement & on-task behavior, educable mentally retarded adolescents, 6751
type of calculator vs conventional instruction, mathematics achievement, 3rd & 4th grade compensatory education students, 8899
uniform- vs mixed-ability group composition & group interaction & S's personality, mathematics achievement, junior high school students working in groups, 1982
validity, categorized vs continuous mathematics proficiency test scores, 9th graders, 4472
validity of measures of reading attitudes & locus of control & field independence, prediction of reading & arithmetic achievement, inner city 5th graders, 8974
visual-auditory matching of trigrams, 3rd grade reading & arithmetic achievement, 1st graders, 6704

Mathematics Education

abstract vs concrete presentation, intuitions about functional concepts, 6th–9th graders, 13600
aptitude interaction with instructional method, learning quadratic inequalities in mathematics, college students, 13589
child-centered geometry program based on cognitive & mathematical & instructional structures & concept formation, elementary school students, 6692
coaching instruction in individualized study of mathematics, middle school students, 4359
computer literacy program, microcomputer-assisted instruction in mathematics & writing & computer programming & word processing, educable & trainable retarded & gifted 5th–8th graders, 6757
computer simulation exercises in statistics class, performance, college students, 6686
didactic training in subtraction with vs without attributional feedback, subtraction skills & self efficacy, 7–10 yr olds, 1968
feedback delay, short & long term retention of computer-based mathematical material, college students at different levels of mastery, 6649
field dependence & spatial visualization & reasoning ability, scores on mathematical story problems presented in verbal vs pictorial format, 5th graders, 13634
geometric interpretation of statistical correlation coefficient in terms of bivariate normal distribution, implications for statistics texts, 4828
high vs low & positive vs negative vs performance-feedback self monitoring, self observation & performance & attendance at math preparatory class, college students, 8883
instructional computing in teacher education, mathematics teachers, 8806
learning disabilities in mathematics & skill deficits & remediation approaches, 6th grade & junior & senior high school learning disabilities teachers, 2052
mathematics education research, 1981, bibliography, 4323
perceived characteristics associated with effective teacher of "O" level mathematics, students completing Postgraduate Certificate in Education, 11182
position of unknown quantity, solving verbal arithmetic problems, 1st graders, 13637
programed vs traditional instruction of rational number, achievement & learning time & thinking ability & learning motivation, middle school students, 4355
psychometric vs instructional validation of learning hierarchies in mathematics, 2nd graders, 6634
self instructional training program, addition & subtraction skills, educable mentally retarded 10.2–13.7 yr old special education students, 11375
spatial visualization ability & cognitive development, achievement in geometry course, preservice teachers, 13566
teaching style, math & foreign language learning, 13–15 yr old students, Netherlands, description of research project, 1980
team based individualized instruction, mathematics achievement & attitudes, 3rd–6th graders, 6684
traditional & behavior-analytic expectations of learners & mathematical instruction, mildly mentally handicapped, literature review, 2059
traditional worksheets vs game activities in mathematics instruction, mathematics achievement & on-task behavior, educable mentally retarded adolescents, 6751
uniform- vs mixed-ability group composition & group interaction & S's personality, mathematics achievement, junior high school students working in groups, 1982
use of time in mathematics classes, secondary students & teachers, 6727
varied incentives & number of examples as adaptive instructional strategies, mathematics rules instruction, college students, 4381

Mating Behavior (Animal) [See Animal Mating Behavior]
Matriculation [See School Enrollment]
Maturation [See Human Development]
Maturity (Emotional) [See Emotional Maturity]
Maturity (Physical) [See Physical Maturity]
Maturity (Vocational) [See Vocational Maturity]
Maxilla [See Jaw]

Maze Learning

aerial view of maze, use of information to navigate maze, 9–25 mo olds, 818
automatic device for study of maze learning & other higher nervous system activity, mice & rats, 4678
chemical lesions of thalamic mediodorsal vs ventral tegmental nucleus, maze performance, rats, 7521
Evolvulus alsinoides, maze learning capacity, rats, 12325
failure to demonstrate spatial memory in radial maze, mice vs rats, implications for research on innate foraging patterns, 4967
fetal exposure to ethanol, complex maze acquisition, male adult rats, 653
fornix-fimbria & medial & lateral septal lesions, acquisition & retention of maze-learning task, male rats, 7527
goal specificity in maze tracing task, use of means-ends analysis & learning rat & errors, college students, 2628
hippocampal lesions, latent learning of spatial maze, male rats, 12224
learning & stereotyped behavior in radial arm maze, Siamese fighting fish, 9758
lesions of caudate nucleus vs mediodorsal thalamus, spatial alternation learning ability, 8–10 vs 25–27 vs 150–160 day old rats, 9987

lesions of dorsal hippocampus vs medial frontal cortex, spatial learning, C57BL/6 vs DBA/2 male mice, 564
maze structure, maze learning time, blind vs sighted male rats, 2686
radial arm maze involving differing reinforcement amounts within each arm, serial pattern learning, female rats, implications for alphabet learning possibility, 4974
scopolamine, memory & place & cue learning, rats, 12318
scopolamine, spatial working memory, male rats, 616
unilateral anteromedial cortex lesions, approach to contralateral visual cues, male rats, 2894
unilateral 6-hydroxydopamine & kainate lesions of striatum contralateral vs ipsilateral to preferred forepaw or arm of maze, lever & forepaw preference & rate of leverpressing & rotational behavior, male rats, 9986
Maze Pathways
maze structure, maze learning time, blind vs sighted male rats, 2686
Mazes [See Maze Pathways]
Mealtimes [See Feeding Practices]
Mean
expected a posteriori estimation of ability based on mean & variance of posterior distribution, implications for microcomputer based adaptive testing of cognitive abilities, 7015
Meaning [See Also Verbal Meaning, Word Meaning]
emotional responses to activities, college students, implications for occupational therapy, 325
logotherapy, life review & preview, 6117
management of meaning, leadership in organizational context, 2209
meaning of idealistic vs materialistic dialects, 9241
multiple-sorting analysis, assessment of environmental meaning of Modern vs Post-Modern architecture, 22–74 yr old architects & accountants, 210
occupational choice, meaning in life, 14–23 yr olds, West Germany, 3232
parallels between artistic observations & phenomenological mode of exploration & explication, 11560
search for meaning & existential vacuum, East vs West, 4651
theme of confinement & dream imagery in "Poem of the Soul" by Janmot, 722
themes in perception of environment, autistic children, 5716
Meaningfulness
association value & pronounceability & characteristic associative structure, memory for surnames or orthographically identical words, college students, 7259
content analysis, concreteness & imagery & meaningfulness of suicide notes, 5851
job reorganization & redesign, work meaningfulness & autonomy & employee relations & skills & physical & emotional strain, 13805
meaningfulness & psychology of dreaming, literature review, 2671
statistical norms for Toronto Word Pool for imagery & concreteness & orthographic variables & grammatical function, college students, 9494
tactical map scenario, data patterns & meaningful informational chunks in battlefield reconstruction & copying task, military officer experts vs college student novices, information system design implications, 2244
visual field of successively presented words of varying imagery value & Thorndike-Lorge frequency, short term word recognition memory, male college students, 5080
word meaningfulness, word memory, kindergartners vs 2nd graders, implications for age-related elaboration of semantic memory system, 3086
Measles
literacy & age & socioeconomic characteristics, concept of measles & attitudes toward measles vaccine, mothers, Nigeria, 13330
Measurement [See Also Related Terms]
accuracy of posttreatment pain ratings, chronic pain patients with mean age of 48 yrs, 4703
age & IQ & education, performance on Rey Auditory-Verbal Learning Test, 19–81 yr old male general hospital inpatients, 11677
analysis of Adolescent Alcohol Involvement Scale, assessment of alcohol drinking patterns, female 7th–10th graders, implications for alcohol education, 5422
application of latent trait theory, organizational research, 11710
application of mu index for differentiation of state & trait scales to Oaster Stressor Scales, college students, 7030
applications of Griffiths Mental Development Scales, medical practitioners & psychologists, 9366
assessment & treatment of migraine & tension headache, literature review, 5928
assessment of counseling needs, aged, 13376
assessment of needs in potential stress areas, college students, implications for counseling, 4471
assessment of solidarity, aircraft crew members, 13775
assessment of vocational maturity, 11678
autocorrelated errors, intraclass reliability estimation in motor tests, 7153
automated verbal administration of multiple choice questionnaire, measurement of degree of dementia, geriatric patients, 4723
awareness of biochemical measure of cigarette smoking, self reported smoking behavior, 8th graders vs their mothers, 2342
Bem Sex-Role Inventory data, female speech pathologists & physiotherapists & occupational therapists, longitudinal study, 6566
biological tests of depressive disorders, literature review, 5737
Bruininks-Oseretsky Test of Motor Proficiency vs Southern California Sensory Integration Tests, screening for occupational therapy referral, learning disabled 4.8–12.2 yr olds, 4810
classical test theory & latent additive test model, 7029
comparability of original vs nonsexist language form of Role Repertory Test, assessment of cognitive complexity, junior high school students, 7119
computer administration, Screening Tests of Test of Syntactic Abilities, deaf students, 13727
computer based studies, Perceptual Maze Test performance, literature review, 4803
concurrent validity of original & revised versions of Death Anxiety Scale, college students, 7087
concurrent validity of Revised Developmental Test of Visual-Motor Integration with Bender-Gestalt, assessment of visual-motor development, emotionally disturbed 5–12 yr old males, 2425
confirmatory factor analysis & reliability of Dyadic Adjustment Scale, 20–67 yr old divorced & separated Ss, 7112
congruency between type of treatment & type of outcome measure, prediction of treatment outcome, 9298
conjugate lateral eye movements vs Your Style of Learning & Thinking test vs Torque Test, measurement of hemispheric specialization/dominance, intact humans, 119
consensus of self report & spouse ratings, measurement of personality traits, 21–29 yr olds, 4762
construct & predictive validity, friendship & love relationship scales, college students, 9388
construct validity & principal components factor structure of Bannister-Fransella Grid Test of Schizophrenic Thought Disorder, diagnosis of thought disorders, psychiatric inpatients, 196
construct validity of Adaptive Behavior Scale total scores determined by internal consistency, mentally retarded with mean age of 19.6 yrs, 7100
construct validity of visual & auditory & bimodal brain event-related potential amplitudes, assessment of cognitive style & abilities & aptitudes, male navy recruits, 9398
construction & administration & interpretation of DL 4–5 test, early diagnosis of developmental problems, 4483
construction & validation of Interview Skills Role-Play Test, evaluation of interviewing skills, experienced vs inexperienced interviewers, 4737
construction & validity of Peak Scale, assessment of peak experience tendencies, college students, 4761
construction of Incidents of Reality Scale, measurement of stress level of life events, 14–83 yr olds, 183
construction of lie scale, detection of faking on Child Abuse Potential Inventory, college students & adults, 170
construction of rape empathy scale, measurement of empathy toward heterosexual rape victim & rapist, college students & jurors, implications for juror selection, 4728
construction of Student Stress Inventory (Children's Version), measurement of source & level of perceived stress, 13 yr olds, 2080
convergent & discriminant validity of subjective vs objective organizational climate scales, real estate brokers & salespeople, 7064
correlation of measures of personality & cognitive ability, parents & sons & daughters, 2753
correlation of Rimland E-2 & measures of intelligence & social competence & language function, behaviorally disordered 5.3–13.1 yr olds with MAs 7–38 mo, 3659
criticism of Death Anxiety Scale as direct measure of death attitudes, 2434
cross validation of factor structure of McGill Pain Questionnaire, evidence of sensory & affective & evaluative dimensions, 16–81 yr old low back pain patients, 4720
cross-population invariance & validity, scale of psychological distress, adults, Israel, 2420

current practice in occupational therapy testing & measurement, response to criticism raised by P. Evans & M. A. Peham, 206
Defining Issues Test, measurement of moral development, sorority & fraternity members, 4479
definition & measurement of body self concept, 7026
definition of parameters & measurement of workload, 9183
depression as assessed by MMPI & Beck Depression Inventory & pain dimensions of McGill Pain Questionnaire, male pain patients with mean age of 49.7 yrs, 11676
development & factor analysis of instrument to assess style & content & target aspects of self disclosure & openness, college students, 4771
development & reliability & validity, instrument to assess residential satisfaction, metropolitan area residents, West Germany, 4757
development & reliability & validity of Career Decision Making Self Efficacy Scale, assessment of relationship to career indecision, college students, 11692
development & reliability & validity of Patient Description Questionnaire, assessment of physicians' perceptions of "problem patients", physicians in ambulatory care setting, 2457
development & reliability of Waring Intimacy Questionnaire, assessment of marital intimacy, 11698
development & validation of Vietnamese Depression Scale, depressed Vietnamese refugees with mean age of 33.5 yrs, 157
development & validity & reliability of instrument to classify organizations & subunits of organizations, 9166
development & validity of Individual Supervisory Conference Rating Scale, assessment of effective supervisory behaviors during conferences, speech-language pathology supervisors, 7110
development of interview-questionnaire combination, measurement of ego psychopathology, schizophrenic patients, 187
development of measurement instruments, assessment of career development skills & attitudes & personality for career planning & guidance, 4764
development of Needsort, measurement of motivation within A. Maslow's framework, 13–73 yr olds, 146
development of retirement maturity index, assessment of level of preparation for retirement & identification of Ss at risk for retirement maladjustment, 11661
development of scales, measurement of morale & life satisfaction, aged, 11642
development of 2 indexes of distinctness of cognitive preference, 9th & 11th & 12th graders & college students, 200
developmental aspects, measurement of degree of cerebral lateralization, critique of indices given by J. C. Marshall et al, 11713
dimensionality & degree of interrelatedness of Subjective Probability Questionnaire & Cognitive Events Schedule & Personal Events Inventory, measurement of expectations & other cognitions, depressed Ss, 9414
distance measurement in testing hypothesis of contagion, 209
embedded vs separate administration, correlation of Death Anxiety Scale & Taylor Manifest Anxiety Scale scores, college students, 9448
evaluation of latent-variable models of attributional measurement, 2476
external & concurrent validity of brief vs extended vs clinical replication role plays, assessment of heterosocial performance, male college students with low vs moderate vs high frequencies of dating, 4699
factor analysis & generalizability, union commitment measure, nonprofessional vs professional white collar union members, replication of study by M. E. Gordon et al, 2449
factor analysis & validity of Social Interest Index-Revised, 16–60 yr olds, 11705
factor analysis & validity, Work Values Inventory, 9417
factor analysis, Correctional Institutions Environment Scale, 11704
factor analysis of anxiety & personality tests, common factors, college students, 11689
factor analysis of Bem Sex Role Inventory & Adolescent Sex Role Inventory, measurement of androgyny, 10–14 yr olds, 4794
factor analysis of Family Environment Scale, assessment of family social climate & demographic characteristics, families, 11641
factor analysis of Work Values Inventory, comment on D. McLean's study, 9407
factor analysis, task battery measuring sequential vs simultaneous processing, 3–4.5 vs 5.5–6.5 vs 7.5–8.5 vs 10.5–12.5 yr olds, 154
factor analysis, 4 learning style measures, high school & community college students, 11393
factor structure of Behavior Problem Checklist, male vs female Mexican- vs Anglo-American 3–5 yr olds, 177
factorial validity of Privacy Questionnaire scales, college students, 7092
flaws in conceptual basis of Behavioral Observation Scales, personnel evaluation, 153
foundations & problems of dimensionality, psychology & psychological measurement, literature review, 2516
frequency & types of tests used, private vs academic counseling services, 4712
Global Deterioration Scale, assessment of primary degenerative dementia, 180
Graeco-Latin Instrument, measurement of semantic complexity in oral & written English, 4724
Guttman scaling of comprehension stage data from J. Rest's objective test of moral comprehension, implications for construct validity & usefulness, 11633
Herrmann Brain Dominance Instrument, identification of preferred learning mode, personnel training implications, 7056
hierarchical classification method, analysis of measurement of self concept, 41
high-performance liquid chromatography with amperometric &/vs fluorometric detection systems, measurement of catecholamines & indoleamines in CNS & blood & urine, literature review, 2339
hypothetical constructs vs intervening variables, clarification of 3-systems model of anxiety assessment, 72
idiographic vs consensual predictors of cross situational consistency of behavior, college students, 1041
incompleteness in photographic items & evaluation scales of Tasks of Emotional Development Test, adolescents, 7089
instrumentation & measurement error in hypertension research, 5972
internal consistency & reliability, Prufsystems fur Schul- & Bildungsberatung, skilled workers, West Germany, 7083
internal reliability & concurrent validity of Automatic Thoughts Questionnaire vs Dysfunctional Attitude Scale vs Interpretation Inventory, measurement of depression, college students, 9391
issues in measurement of political tolerance, 9404
item analysis of scales measuring alienation, school teachers & factory workers, 11679
item weighting of Adaptive Behavior Scale, 9–57 yr old mildly & moderately & severely & profoundly retarded patients, 113
laboratory measures vs teacher ratings vs classroom observations, measurement of classroom activity level, 2nd–3rd grade males, 2099
locus of control & quantity-frequency index of alcohol use, college students, 5548
Luscher Color Test, identification of clinical depression, psychiatric patients, 8002
McGill Pain Questionnaire responses, assessment of sensory & affective & evaluative dimensions of pain, females having acute vs chronic pain, 4779
measurement & alleviation of dental fear, children, literature review, 4138
measurement error in indicators of subjective air quality, 6943
measurement of associative processes & thought disorders, 18–30 yr old schizophrenics, 5735
measurement of body image, literature review, 11628
measurement of gait & balance, elderly, 4681
measurement of hypnotic susceptibility, implications for hypnotherapy, 6327
measurement of hypnotizability, psychotic patients, 6330
measurement of initial disability, prognosis & prediction of rehabilitation outcome, chronically mentally disabled, 6472
measurement of leisure needs, aged, applications to counseling, 11629
measurement of life events, implications for clinical & research application, 9422
measurement of therapist behavior, prediction of psychotherapeutic outcome, literature review, 6159
measurement of hypnotic susceptibility in laboratory vs clinical settings, 17 yr old suicidal male, 6325
memory factor structure, Revised Wechsler Memory Scale & WAIS & Halstead-Reitan subtest items, 2509
methodological concerns in assessment of social perception abilities, learning disabled children, 6983
methodology, unidimensional construct measurement, 7122
methods of measurement, Piagetian conservation tasks, aged, 12443
microcomputer system requirements for psychometric use, 4717
MMPI Low Back Pain Scale vs Conversion V MMPI profile vs Back Pain Classification Scale, measurement of psychological disturbance, 18–65 yr old low back pain patients, 4759
model, identification of basic communication & learning skills, nontraditional students, 6826

moral reasoning as measured by Defining Issues Test, Catholic male vs female 12–13 vs 15–16 vs 18–19 yr olds, Ireland, 3042
multivariate test using sequential moderator analysis, assessment of parallelism of regression equations in repeated measures, 7139
need for numerical ratings & multiple observations & narrative records as adjunct to structured psychiatric interview, documentation of psychosis, 7992
needs & client characteristics, test selection & construction in assessment research & gerontological counseling, aged, 13384
Perceptual Maze Test, automated measurement of treatment effects of ECT vs drug therapy vs psychosurgery, implications for development of automated psychological tests, 4733
physical & psychological load, ergopsychometry performance testing, military personnel & sportsmen, 6964
Pictograph Sentence Memory Test, index of reading readiness & sentence processing skills, kindergartners & 1st graders, literature review, educational implications, 11414
political consciousness & conceptualization & measurement of ethnicity, Chicanos, implications for political mobilization, 12542
Premorbid Adjustment Scale, measurement of premorbid developmental goal achievement & identification of those at high risk for chronic hospitalization & readmission, schizophrenics, 7993
program for determination of interscholastic athletic eligibility, 7th–12th graders, 8985
psychiatric assessment & long term treatment outcomes, jejuno-ileal bypass surgery for superobesity, 23–59 yr olds, 1670
psychological & educational tests, diagnosis of dyslexia, 4501
psychological testing, treatment strategies, borderline patients, 5701
ranking vs rating procedures in Rokeach Value Survey, cross cultural research, 175
rate-terminal process theory & suitability of tests for Performance Evaluation Tests for Environmental Research, assessment of productivity & selection & training research, US Navy personnel, 7072
readability of marital assessment measures, critique of study by G. E. Dentch using method of F. W. Forbes & W. C. Cottle, 151
recent advances in automated psychological testing, 4795
relationships among measures of social competence & achievement, educable mentally retarded & emotionally disturbed 11–15 yr olds, 2077
reliability & construct validity, Imaginary Audience Behavior scale, 11–18 yr olds, 4714
reliability & internal consistency & construct validity of metamemory battery, 2nd graders, 9412
reliability & validity of behavioral decision theory approach, assessment of decisions about jobs described in terms of need for affiliation & power & achievement, accountants & military officers & students, 7004
reliability & validity of British adaptation of Career Development Inventory, assessment of vocational maturity, 7121
reliability & validity of different types of tests, children, 9389
reliability & validity of Feetham Family Functioning Survey, assessment of families with myelodysplastic vs normal infants, 4782
reliability & validity of Rational Behavior Inventory, mental health clinic outpatients, 11688
reliability of Daydream Rating Scale & attitudes toward daydreaming measured by Imaginal Process Inventory, college students, 11652
reliability of Dyadic Adjustment Scale & redundance in factor structure, 22–63 yr old married Ss, 7106
reliability of individual differences between Test of Language Development-Primary subtest scores & mean scaled scores, 4–8 yr olds, 9433
reliability of self report vs behavioral measures of personal statements in & initiations of conversation with female, heterosocially anxious males, 2460
religiosity & marital satisfaction, spouses, implications for validity of Marital Conventionalization Scale, 11684
religious group value patterns measured by Rokeach Value Survey, Mennonite college students, replication of S. Mellor & J. Andre's study, 12552
responses to ideal person vs ultimate value sentences, nature of personal & moral & social values, male vs female 15 yr old students from different schools, 10258
Revised Denver Developmental Screening Test & Developmental Profile II, identification of cognitive & language & motor problems, 6–18 mo olds, 9401
revision of Knowledge of Behavioral Principles as Applied to Children Test, direct-care staff trainees, 7053
Rorschach Test as joint task, measurement of interaction & utility in marriage counseling, spouses, 2436
scale construction & reliability & validity, measurement of social trust, Ss with mean age of 35 yrs, 7073
scoring methods for Brown Peterson paradigm, assessment of proactive inhibition & sequence of recall, mentally retarded with mean age of 16.8 yrs vs nonretarded Ss with mean age of 6.4 vs 9.6 vs 13.7 yrs, 4711
selection & testing of indicators of automatized behavior, 6991
self estimate of energy mobilization & free association of numbers test, measurement of neuropsychic tonus of work capacity before vs after fatigue, aviation school candidates & student pilots, 4845
self reinforcement, measure of individual participation potential in small group activity, female college students, 10393
self report, measurement of alcohol consumption events & quantities & average drinking rates, 2362
Setting & Behavior Instrument, observation of physical & intellectual & social features of work/study setting, students, 13721
social cognition performance & social competence 4 yrs later, predictive validity of social-cognitive assessments, 5th–8th graders, 7076
social desirability of positive response to question, proportion of "yes" responses obtained using randomized response technique vs self administered direct questioning, college students, 9408
social skills assessment by staff vs patients vs structural methods, day hospital staff & 23–59 yr old psychiatric patients, 11630
social skills assessment, mainstreaming placement decisions, special education teachers, 11326
Standard Psychiatric Interview, assessment of psychiatric morbidity, 36–50 yr old pre- and post- & menopausal females, 8051
Stanford Hypnotic Susceptibility Scale, assessment of nonvolitional responses to suggestion, college students, 2423
strategies & instruments for assessment of family functioning, hemophiliacs & their families, literature review, 4700
syntactic vs emphatic elicitation procedures, elicitation of verbal auxiliary & copula, 5–66 yr olds, implications for assessment of expressive language, 2366
teacher ratings of classroom behavior & psychometric measures of attention & impulsivity, 7.8–14.7 yr old hyperkinetic males, 10700
technical characteristics of health-risk appraisal instruments & utility as motivators for behavior change conducive to positive health, 9392
test construction, measurement of humor perception & knowledge, college students, 2402
test methodology, measurement in social sciences, 109
test usage in career & education programs, 4705
test usage in career counseling & education, response to articles by J. V. Miller & D. G. Zytowski & R. E. Warman & A. Mitchell, 4698
test usage in career counseling & education, response to articles by J. V. Miller & D. G. Zytowski & R. E. Warman, 4697
test validity, measurement of interpersonal relations, myocardial infarction patients, 137
time series measurement model of G. E. Box & G. M. Jenkins, repeated measures analysis of physiological & performance processes, 9383
use of hypnotizability scales in experimental vs clinical reply to F. H. Frankel's criticism, 6332
use of hypnotizability scales in experimental vs clinical settings, criticism of P. Sacerdote's article, 6323
use of hypnotizability scales in hypnotherapy, 6331
use of Matching Familiar Figures Test & Porteus Maze Tests & Inspection Task as measures of reflection/impulsivity, 17–62 yr old institutionalized moderately to severely mentally retarded in workshop setting, 7057
validity & reliability of audiovisual version & translated version, Psychiatric Status Schedule, Chinese vs Japanese vs Korean patients, 205
validity & reliability of Family APGAR index, measurement of satisfaction with family functioning, 4789
validity & reliability, UCLA Loneliness Scale, Iranian college students, Iran vs US, 2443
validity, Bem Sex-Role Inventory, 10–95 yr olds, 4767
validity, measures of right & left brain hemisphere ability compared to reading & mathematics achievement scores, 2nd–4th graders, 4484
validity of DL 4–5 test, assessment of writing & orientation & memory & rhythm difficulties, kindergartners, 4509
validity of Examination of Professional Practice in Psychology, criteria for licensure or certification of subdoctoral professionals, graduates with Masters of Arts degrees in psychology, 4726
validity of G. B. Spanier's Dyadic Adjustment Scale, 19–65 yr old married couples & cohabitating individuals, 11636

validity of Language Arts Test of Cognitive Functioning, assessment of level of cognitive functioning in language arts tasks, 7th graders, 6802
validity of Psychotherapy Problem Checklist, measurement of trait anxiety, 14–61 yr old psychotherapy clients, 172
validity of Rauding Scale of Prose Difficulty vs Singer Eyeball Estimate of Readability, estimation of difficulty of prose material, qualified raters, 2088
validity of risk index of reproductive & birth & environmental factors, prediction of cognitive & language development, preterm vs full term 1 yr olds, 2-yr followup, 9445
validity of self report & interview measures, measurement of childhood & adolescent depression, 2445
validity of various measures based on corroboration time vs overt confidence judgments, self report assessment of learning, students, 4682
validity, stress measures, secondary school teachers, 9004
values measured by Likert-type scale, adolescents vs their fathers vs teachers, 4722
variance in diagnostic dimensions, assessment of alcoholism, adolescent males, 33-yr study, 5860
whole word vs semantic unit method, assessment of Arabic reading comprehension, Arab 5th vs 6th vs 7th graders, Israel, 11398
Mechanoreceptors
evoked potential study of ascending projections related to lingual branch of trigeminal nerve, role of low threshold mechanoreceptive information to tongue sensorimotor function, rhesus monkeys, 7402
evoked potential study of medial lemniscus as rostral projection path for hypoglossal afferent information, role in tongue sensorimotor function, rhesus monkeys, 7403
frequency & amplitude of perpendicular sinusoidal displacement of glabrous skin of hand, mechanoreceptor afferent unit activity, humans, 2783
interval between repeated depolarizing pulses to mechanoreceptor, amplitude of excitatory postsynaptic potentials in motor neurons & habituation of gill-withdrawal reflex, Aplysia, 5196
receptive fields & synaptic connections of interganglionic cerebral-buccal mechanoafferent units & role in feeding behavior, snails, 2805
sinusoidal skin displacement with stimulus probe edge over receptive field, spatial acuity of rapidly vs slowly adapting mechanoreceptive units in glabrous skin of hand, 21–31 yr olds, 2784
skin surface temperature, vibrotactile thresholds & relation to cat Pacinian corpuscle activity, humans, 7453
thickness of innervated guard hairs & follicle distribution & receptive field size, hair receptors, cats, 12102
Media (Communications) [See Communications Media]
Media (Educational) [See Instructional Media]
Media (Mass) [See Mass Media]
Medial Forebrain Bundle
frequency & intensity & duration of medial forebrain bundle electrical stimulation, control of avoidance behavior, male rats, 557
medial forebrain bundle thermal & electrical stimulation & noradrenaline, single unit neuronal responses in preoptic & anterior hypothalamus, male rats, 12155
Median Nerve [See Spinal Nerves]
Mediation (Cognitive) [See Cognitive Mediation]
Medical Diagnosis [See Also Angiography, Biopsy, Echoencephalography, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, Ophthalmologic Examination, Plethysmography, Pneumoencephalography, Roentgenography]
abnormal dexamethasone suppression results, prediction of antidepressant response to sleep deprivation, 22–72 yr old depressed patients, 6294
click rate & intensity change, diagnosis of multiple sclerosis by brain stem auditory evoked potentials, 5955
critique of K. Kaye's assessment model of interobserver agreement, comparison to sensitivity/specificity vs kappa models for medical diagnosis, 6073
development of chromatographic & electrophoretic methods, detection of amino acids & galactose inborn errors of metabolism, infants, 70
dexamethasone suppression test, diagnosis & treatment of depression, 12870
Dexamethasone Suppression Test, manic patients with mean age of 36 yrs, 8017
diagnosis of drug abuse presenting as psychiatric illness, 10603
economic analysis of benefits of prenatal screening for spina bifida, 13319
EEG frequency-modulated radio telemetry & videotape monitoring, diagnosis of epileptic seizures, severely & profoundly mentally retarded 1–27 yr olds, 10659
envelope curves of arterial pulse waves, diagnosis of psychosis, 12871
gynecologic teaching associate program vs pelvic models, performance in pelvic examination, medical students, 6575
information on use & cost of diagnostic procedures, diagnosis & patient management decisions & costs generated, medical students, 13547
misdiagnosis of conversion disorder, 54 yr old male with Guillain Barre syndrome, 8187
neurosyphilis & general paresis presenting as chronic mania, 57 yr old male, 5974
patient personality & behavior during endoscopic examination, diagnosis of psychosomatic gastrointestinal disease, 3825
peer group models in teaching physical examination techniques, medical students in mixed vs all-male vs all-female groups, 6561
plasma ACTH & cortisol concentrations before vs after dexamethasone, psychiatric patients, implications for hypothalamic-pituitary-adrenal abnormalities in depression, 5743
psychiatric symptoms & emotional reactions to diagnosis & treatment of breast cancer, 33–69 yr old females, 4124
psychological quiz vs physical exercise stressors, assessment of ischemic abnormalities, males with mean age of 54 yrs tested after uncomplicated myocardial infarction, 3860
role of plaques & tangles in neocortex, morphological diagnosis of Alzheimer's disease, literature review, 8256
self instructional vs relaxation training, coping with sigmoidoscopy, hospital patients, 4198
sociological & psychological & risk & pathophysiological factors, detection & prediction & prevention of cancer, 50–65 yr olds, 13029
stochastic & nonstochastic models of human memory & probability learning & medical diagnosis & concept identification, literature review, 9224
strongyloidiasis presenting as hypochondriacal depression, 70 yr old male, 5970
subjective minus lens & retinoscopic techniques, measurement of accommodative amplitude, amblyopes, 10723
ultrasound examination with high vs low feedback, anxiety, 18–32 yr old primiparous females, 1683
undiagnosed physical illness in patients presenting with psychiatric symptoms, 13131
value of EEG findings in diagnosis & treatment of organic psychosyndrome, patients with normotensive hydrocephalus & brain atrophy & dementia, 13052
X-ray absorption values of computed tomography, estimation of brain atrophy, patients wih senile dementia vs chronic schizophrenia with vs without tardive dyskinesia, 10584
Medical Education [See Also Psychiatric Training]
acceptance by medical profession & training in technique & hospital & staff reactions, dilation & evacuation technique for mid-trimester abortion, 13323
background & purpose & methods & impact on psychiatry, report of Graduate Medical Education National Advisory Committee, 11130
Balint group & case supervision group, teaching psychomatic medicine, Germany, 13502
behavioral science education, change in attitudes toward behavioral science, 26–29 yr old family practice residents, 13555
behavioral science texts used in medical schools, US, bibliography, 6547
clinical experience with dying patients & personality rigidity & selection of clinical career, attitudes toward death & dying, medical students, 8750
conflict dynamics, interdisciplinary medical school psychiatric staff, 6550
development & teaching strategies & evaluation, course in family life cycle within primary care clerkship curriculum, medical clerks, 13488
difficulty of finding adequate care for developmentally delayed children & inadequacy of medical school curricula in fostering such care, 8292
evaluation research, consultation & liaison psychiatry in medicine & medical education, literature review for 1970–81, 13127
factorial validity of Clinical Teaching Evaluation Form, assessment of clinical teaching effectiveness, 3rd yr medical students, 8999
freshmen preference for family practice vs participation in family practice curriculum, selection of residencies, medical students, 6549
goals & structure & impact on health care delivery, combined psychiatry-internal medicine teaching & clinical program, 6577

information on use & cost of diagnostic procedures, diagnosis & patient management decisions & costs generated, medical students, 13547
medical knowledge & yr of training, interview skills, 1st–4th-yr medical students, 6589
medical team rounding model of psychiatric consultation-liaison teaching service, 13506
patient instructor program involving education & interaction with health professionals, temperament, patient instructors with rheumatoid arthritis, 1463
pediatric-child psychiatry liaison program on postpartum unit of community hospital, education in helping behavior with normal developmental crisis inherent in parturition & pregnancy, medical students & pediatric residents, 8763
peer group models in teaching physical examination techniques, medical students in mixed vs all-male vs all-female groups, 6561
perceptions of functioning in mixed-sex vs all male anatomy dissection groups, medical students, 13487
psychology in undergraduate medical curriculum, 8741
psychosomatic interview conference as teaching method, medical students, 13499
sex differences, performance in obstetrics & gynecology clerkship, 3rd-yr medical students, 6563
stress levels, married vs unmarried medical students, implications for protection/support vs selection hypothesis, 6531
subjective vs objective admission factors, subjective & objective clinical performance during medical school, graduating medical students, 13527
survey of actual & preferred organizational structure of behavioral science teaching, medical schools, 1846
teaching behaviors & interactions with students, hospital senior faculty vs medical residents, 13552
Ten Question Drinking History in prenatal intake procedure, fetal alcohol education, hospital physicians, 1884
trends in education & practice, female physicians, US & Australia & New Zealand & Canada, literature review, 13492
videotape vs lecture methods, teaching mental status examination, 2nd-yr medical students, 6568
workshop on family therapy & experiences & type of practice & awareness of need for & use of family therapy, family physicians, 11116

Medical History [See Patient History]

Medical Model

anthropological medical view of assumptions underlying expression "non-western medical systems", literature review, 13343
critique of medical model of alcoholism, literature review, 5847
dissatisfaction with ward environment representative of psychiatric medical model vs therapeutic community, behavioral disturbances, psychiatric inpatients, 1754
medical & transactional & individual psychological models & social rehabilitation, schizophrenia, 1445
medical model approach, project to deal with & prevent child abuse & neglect, Belgium, 13313
medical model, improvement in provision of social work services, chronically & terminally ill & nursing home residents, implications for social work education, 6420
medical team rounding model of psychiatric consultation-liaison teaching service, 13506
medical vs other models in clinical psychology practice, decisions about criminal responsibility, 3350
organic aspects of mental illness & retardation, 7952
perception of alcoholism as disease, 12922
psychiatric training in medical model vs psychological approach, attitudes toward psychiatric consultation, psychiatrists vs internists, 1876
therapeutic community vs medical model of inpatient services, psychiatric inpatients, 8638

Medical Patients

ability to reconstruct events surrounding myocardial infarction, success at coping with heart attack, 42–74 yr old males, 4129
assessment & understanding of parental needs & issues & staff-parent relationships, parents of chronically ill hospitalized children, 8616
behavioral & hypnotic treatment of aversion reactions to chemotherapy, cancer patients, literature review, 6089
characteristics of patients transferred to psychiatric inpatient wards, medical & surgical hospital patients, 13419
child behavior management training, parents of chronically ill children, 8436
clinical utility of short form of Speech Sounds Perception Test, neurological & psychiatric inpatients, 4783
conceptions of cancer, 8–21 yr old cancer patients vs their families, 1432
construct validity of Mishel Uncertainty in Illness Scale, assessment of uncertainty in symptomatology & diagnosis & treatment & relationship with caregivers & planning for future, medical patients, 9423
degree of urgency & demographic characteristics, nonurgent vs psychiatric patients in emergency room, 1678
demographic & clinical & programatic characteristics of patients & services, general hospital psychiatric liaison service consultations, 4189
depression, chronic pain patients, 3841
development & reliability & validity of Patient Description Questionnaire, assessment of physicians' perceptions of "problem patients", physicians in ambulatory care setting, 2457
diagnostic computers, self reported stress & attitudes toward medical use of computers, patients, 6060
discourse analysis, verbalization of painful emotion & affect articulation, severely depressed female inpatients & 70–75 yr old medical outpatients, 5668
excessive daytime sleepiness, 6–92 yr old inpatients, 10713
factor structure & reliability & predictive validity of Health Locus of Control Scale, medical & dental students & male myocardial infarction patients & healthy middle aged males, 9454
factor structure of Health Locus of Control Scale, hospitalized medical & surgical patients with mean age of 47 yrs, 4763
family therapy, families with physically ill members, 10887
general practitioner's affective behavior, evaluation of professional competence & medical treatment, adult medical patients, Israel, 1845
group meetings, adjustment to hospitalization & separation from parents & illness, chronically ill children, 4194
interdisciplinary development & maintenance of situation/transition groups, crisis intervention & coping, general hospital patients & families, 4205
interpersonal aggression & hypertension, coronary patients with mean age of 52 yrs, 8188
length of hospitalization, cognitive performance & passivity & depression, male medical inpatients, 1784
methylphenidate & dextroamphetamine, treatment of depression, 15–78 yr old medically ill patients, 6293
need for psychiatric education in internal medicine training programs & underrecognition of psychosocial distress, internal medicine patients & internists, 13336
patient education activities, patients of family practice physicians, implications for family practice residency training, 6364
patient's age, treatment & rating of symptoms & prescribing patterns, ambulatory-care male physicians with mean age of 52 yrs, 13324
person centered group counseling, social activity & family/interpersonal relations & anxiety & emotional stability, 24–67 yr old cancer patients, 8526
personal concepts of depression & reported antidepressant activities, 17–73 yr old medical & psychiatric patients, 12784
personality profiles, 21–80 yr old cancer vs other disease patients, 3774
prevalence & reliability & discriminative power of fatigue, psychiatric vs oncological patients, 3594
prevalence of depressive symptoms & abnormal illness behavior, general hospital inpatients with mean age of 41.4 yrs, 13397
psychometric commonalities & differences between Luria-Nebraska & Halstead-Reitan Neuropsychological test batteries, neuropsychiatric patients with mean age of 47.8, 4788
psychosocial aspects of treatment, cancer patients, 10985
reactions to onset of chronic illness & demographic & illness related characteristics, patients with mean age of 54.2 yrs, 1439
relaxation as active coping skill, control of generalized aversive gastric upset, 68 yr old male ostomy patient, 13223
screening grid, determination of hospital service needs, medical patients with emotional problems, 11062
side effects of hospitalization unrelated to diagnosis & treatment of acute illness, elderly general medical patients, 1761
social & religious values as reinforcers, 19–79 yr old hemodialysis patients, implications for treatment, 5962
social support & health & illness behavior, long term psychotropic drug users, 10940
social work-psychiatric team approach to meeting patient & staff needs in hemodialysis unit, 1795
sociodemographic characteristics & locus of control, after-hour utilization of medical care, family practice patients, 6346

stress adaptation potential, length of hospitalization, 23–73 yr old medical-surgical patients, 8528
validity of 3 scoring systems for Bender Gestalt Test, diagnosis of psychopathology, 16–50 yr old psychiatric vs medical patients, 4736
WISC-R Verbal vs Performance IQ discrepancy, 4–17 yr olds with acute lymphoblastic leukemia, replication of study by J. A. Stehbens et al, 1384
Medical Personnel [See Also Attendants (Institutions), Dentists, Family Physicians, General Practitioners, Gynecologists, Internists, Military Medical Personnel, Nurses, Optometrists, Paramedical Personnel, Pediatricians, Physical Therapists, Physicians, Psychiatric Aides, Psychiatric Hospital Staff, Psychiatric Nurses, Psychiatrists, School Nurses]
acceptance by medical profession & training in technique & hospital & staff reactions, dilation & evacuation technique for mid-trimester abortion, 13323
assessment & understanding of parental needs & issues & staff-parent relationships, parents of chronically ill hospitalized children, 8616
attitudes toward family involvement in treatment of hospitalized chronic mental patients, family & staff members, 1793
communication skills program, health professionals working with elderly, 4285
entry into work force, preference for various job characteristics & self-concept, female health professionals, longitudinal study, 8758
familiarity with & attitudes toward self help groups, 25–70 yr old health professionals, 11142
intention to hire disabled for hospital occupations, rehabilitation counselors & health professionals, 8690
intervention for family of sick newborn, intensive care unit staff, 8631
locus of control, job satisfaction, hospital employees, 1865
motivational management approach, identification of causes & coping with burnout, public health & hospital & preschool personnel, 10919
perceptions of locus of drinking problem of alcoholics, 18–72 yr old alcoholics in treatment & 26–61 yr old alcohol treatment personnel, 13482
perceptions of problematic & stressful aspects of continuous mechanical respiration, patients vs family members vs medical staff, 13332
practices for enhancement of health care programs, supervisors in medical settings, 8722
social skills assessment by staff vs patients vs structural methods, day hospital staff & 23–59 yr old psychiatric patients, 11630
social work-psychiatric team approach to meeting patient & staff needs in hemodialysis unit, 1795
sources of information dissemination related to alcohol rehabilitation, alcoholism treatment center directors, 13471
staff group meetings, coping with stress, staff of children's hospital, 4270
tolerance for problem behaviors of mentally retarded patients, staff members from institutions vs group homes, US vs Israel, implications for social validity of treatment, 11061
Medical Psychology [See Also Clinical Psychology]
behavioral medicine, literature review, 6087
behavioral techniques, asthma, annotated bibliography for 1960–80, 1554
clinical applications & promotion of aerobic exercise within behavioral medicine, literature review, 6078
development & clinical applications & future of behavioral medicine, 6053
empirical testing of biopsychosocial model as ultimate challenge facing behavioral medicine, 6093
health psychology training opportunities in doctoral psychology programs, 6519
methodological considerations in expansion of field of behavioral medicine, 1462
therapeutic processes & study of personality development & dynamics & role in disease treatment & role playing, medical psychology education, clinical psychology students, 13520
Medical Records Keeping
effectiveness of organizational intervention to improve therapist-generated information, staff of community mental health center, 11006
interactive computer system, history taking & diagnosis for dyspepsia & dynamics of patient-doctor interaction, general practitioner trainees & outpatient clinic registrars, 6539
Medicaid patient characteristics & discipline, medical record keeping & delivery of outpatient psychiatric care, nonphysician mental health workers at psychiatric & hospital clinics, 1719
need for numerical ratings & multiple observations & narrative records as adjunct to structured psychiatric interview, documentation of psychosis, 7992
performance feedback, maintenance of client charts, therapist trainees, 8733
prevalence of alcoholism & impact of employee alcohol program, hospital employees with mean age of 42 yrs, 5829
Medical Regimen Compliance [See Treatment Compliance]
Medical Residency
behavioral science education, change in attitudes toward behavioral science, 26–29 yr old family practice residents, 13555
consultation liaison training, psychiatric residency programs, Canada, 13486
decision making process concerning practice selection, resident physicians, 6524
development & teaching strategies & evaluation, course in family life cycle within primary care clerkship curriculum, medical clerks, 13488
freshmen preference for family practice vs participation in family practice curriculum, selection of residencies, medical students, 6549
health education by pediatric residents, responses & factual knowledge, 3rd–4th graders, 8827
mental health training in family practice residencies, 6551
need for role definition in community psychiatric training, psychiatric residents, 13545
oral examination to test knowledge of psychiatric problems common in medical practice, medical residents, 4276
patient education activities, patients of family practice physicians, implications for family practice residency training, 6364
pediatric-child psychiatry liaison program on postpartum unit of community hospital, education in helping behavior with normal developmental crisis inherent in parturition & pregnancy, medical students & pediatric residents, 8763
psychiatric administration course, residency training program, 6581
psychiatric liaison educational program, ability to access patients' psychosocial problems, internal medicine residents, 4310
psychiatric training in dynamic psychotherapy, clinical skills, psychiatric residents, 8721
role as chief resident, male vs female psychiatric residents, 8746
role-defining conferences, attitude change, 1st-yr family residents, 6544
sex & diagnosis, benzodiazepine prescriptions in family residency program, patients with skeletal muscle injury vs anxiety neurosis, 10950
short term hospital treatment by residents & medical students, psychotics, 1763
teaching behaviors & interactions with students, hospital senior faculty vs medical residents, 13552
training for psychiatric education, psychiatry residents, 6565
training in behavioral pediatrics, pediatric residents, 8731
Medical Sciences [See Also Child Psychiatry, Community Psychiatry, Dentistry, Endocrinology, Epidemiology, Forensic Psychiatry, Geriatrics, Gynecology, Immunology, Neurology, Neuropathology, Neuropsychiatry, Obstetrics, Ophthalmology, Orthopsychiatry, Pathology, Pediatrics, Psychiatry, Psychopathology, Psychosomatic Medicine, Social Psychiatry, Surgery, Transcultural Psychiatry]
evaluation research, consultation & liaison psychiatry in medicine & medical education, literature review for 1970–81, 13127
forms & motives of anti-science discourse & medicine, 4644
historical & current scientific status of psychiatry, 6079
history & ethics of biomedical research on humans, 8274
history of Arabian medicine & psychiatry through 17th century, 3905
human dignity & medical ethics, 11137
inability to consolidate fields of medicine, psychoanalysis, 6156
integration of psychosomatic approach in routine patient care, medical hospitals, 13322
medical anthropology, literature review, 13344
pain & placebo & expectancy effects & coping styles & noncompliance in cognitive assessment, behavioral medicine, literature review, 10790
percentage of female senior authors in medicine & psychiatry & social work & status & number of females in each field, 1877
perspectives of medical profession vs feminist health movement as social myths, menopausal experience, literature review, 10364
psychiatric consultation & liaison services as contribution to holistic medical thinking, general hospitals, Switzerland, 13420
report of National Commission for Protection of Human Services on biomedical & behavioral research involving children, 11129
role of M. Balint in relationship of psychoanalysis & medicine, 10828

stress & general adaptation syndrome, implications for medical sciences, 13340
Medical Students
aptitude test & academic preparation & personal attributes, prediction of performance in medical school, Black & American Indian & Mexican American vs nonminority students, 4273
assessment of adequacy of patient-in-absentia supervision in psychiatric diagnoses, psychiatric trainees & residents, implications for clinical care & training & research, 6164
attitudes & attitude change about alcoholism & alcoholics, medical students, 13514
attitudes toward alcoholism, medical & nursing & pharmacy students, Australia, 1859
attitudes toward psychiatric clerkship, senior medical students, 8715
attitudes toward psychiatric clerkships, medical students, 6541
behavioral & temporal & situational dimensions of symbolic articulation, multiple identities, medical students, 11109
clinical experience with dying patients & personality rigidity & selection of clinical career, attitudes toward death & dying, medical students, 8750
clinical process in psychiatry & clinical reasoning, medical students vs psychiatrists, implications for psychiatric education, 4299
demographic factors & attitudes toward board certification & performance & personal experience with examination process, US & foreign medical graduates, 13553
evaluation & leadership guidelines, off campus process-oriented discussion groups, medical students & faculty members, 13536
fear of death & personality traits, medical students, 8744
freshmen preference for family practice vs participation in family practice curriculum, selection of residencies, medical students, 6549
gynecologic teaching associate program vs pelvic models, performance in pelvic examination, medical students, 6575
information on use & cost of diagnostic procedures, diagnosis & patient management decisions & costs generated, medical students, 13547
interest in psychiatry as career choice, medical school freshmen, 6542
learning style & personality traits, medical students, implications for construct validity of D. Kolb's model, 13557
medical knowledge & yr of training, interview skills, 1st–4th-yr medical students, 6589
modification of Barrett-Lennard Relationship Inventory, measurement of interaction with parents of pediatric patients, medical trainees, 7082
National Board of Medical Examiners Subject Examination as pretest, identification of "at risk" students in behavioral science course, medical students, 6525
pediatric-child psychiatry liaison program on postpartum unit of community hospital, education in helping behavior with normal developmental crisis inherent in parturition & pregnancy, medical students & pediatric residents, 8763
peer group models in teaching physical examination techniques, medical students in mixed vs all-male vs all-female groups, 6561
perceptions of functioning in mixed-sex vs all male anatomy dissection groups, medical students, 13487
personality correlates of creativity & implications for research aspirations, medical students, Yugoslavia, 13489
personality type, medical students who passed vs failed National Board of Medical Examiner's examination on 1st attempt, 13531
premedical vs medical school academic performance & values & attitudes, choice of family practice vs other specialties, medical students, 11110
psychiatric clerkship with group experience, empathy for & attitudes toward mental patients, medical students, 8729
psychoneurotic profiles, medical students, Iraq, 13522
psychosomatic interview conference as teaching method, medical students, 13499
readaptation process, foreign medical graduates in US who returned home to Peru, 13503
seminar in marital & family assessment, medical students in psychiatric clerkship, 6518
sex differences, performance in obstetrics & gynecology clerkship, 3rd-yr medical students, 6563
sex education course, sexual knowledge & attitudes, 18–35 yr old medical students, Colombia, 6516
sex, oncology related attitudes & achievement- vs help-orientations, medical students, 6517
short term hospital treatment by residents & medical students, psychotics, 1763
stress levels, married vs unmarried medical students, implications for protection/support vs selection hypothesis, 6531
subjective vs objective admission factors, subjective & objective clinical performance during medical school, graduating medical students, 13527
treatment of Jehovah's Witnesses in need of blood transfusions, medical students & house staff & faculty physicians, implications for development of norms under legal uncertainty, 13556
use of cues in clinical judgments of congenital heart disease, expert vs novice clinicians, 4286
videotape vs lecture methods, teaching mental status examination, 2nd-yr medical students, 6568
Medical Therapeutic Devices [See Hearing Aids, Optical Aids, Prostheses]
Medical Treatment (General)
concept of brain death, implications for medical & ethical dilemmas, 13337
frequency of contacting doctor about cold, patients, 10984
life event stresses & parent-child relations, response to medical treatment, 7–19 yr old Black asthmatics, 1693
medical fears, male vs female college students, 12713
medical service & education in comprehensive health care planning, children with exceptional health &/or learning needs, 10979
medical vs psychodynamic vs behavioral treatment, self injurious behavior, literature review, 1452
mother infant relations & medical care during postpartum period, 1768
need for research on psychological variables in cancer treatment, 1437
patient's age, treatment & rating of symptoms & prescribing patterns, ambulatory-care male physicians with mean age of 52 yrs, 13324
predictors of sex differences in outpatient medical care utilization, 18–89 yr olds, 1672
privacy & autonomy in patient physician relationship, 13316
Medication [See Drug Therapy]
Medicine (Science of) [See Medical Sciences]
Meditation
biofeedback &/vs meditation, 25–68 yr old patients with essential hypertension, 13221
characteristics of self actualization vs goals & effects of meditation, 1075
comparison of usefulness of meditation methods & methodological limitations of meditation research, literature review, 1568
intensive meditation retreat, sex role identification, Ss with mean age of 30 yrs, 8376
meditation vs professional reading, self actualization & client evaluations, social work college students acting as counselors, 13509
motivational factors in joining meditation program, Americans with mean age of 24.3 yrs, India, 7768
progressive relaxation vs meditation, cognitive & somatic manifestations of stress, Ss experiencing life-impairing stress, 6264
regular Transcendental Meditation practice, habitual patterns of visual perception & verbal problem solving, Ss with mean age of 21.3 yrs, 9493
relationship between Gestalt therapy & meditation & lust, 1498
rest/relaxation, oxygen consumption & blood flow, 25–35 yr old transcendental meditation practitioners, 12126
theory of creativity from Science of Creative Intelligence used in Transcendental Meditation, 4957
transpersonal psychology perspective, model of evolution of meditation research, 94
Medulla Oblongata
electrical stimulation of brain nuclei in vocal control pathway, neural recruitment in hypoglossal motor neurons as modulated by respiratory gating, budgerigars & zebra finches, 9961
medial thalamus lesions, increase in lateral hypothalamus stimulation threshold for reduction of aversiveness of stimulation of nucleus reticularis gigantocellularis, male rats, 7484
morphine sulfate & ethylketocyclazocine, elevation of aversion thresholds to escape supraspinal electrical stimulation & obtain stimulation of hypothalamus, male rats, 7537
morphological & physiological features of inhibitory neurons in medullary reticular formation, control of horizontal REMs, alert cats, 7448
role of ventrolateral medulla in pressor response to glutamate & mediation of autonomic component of defense reaction, rabbits, 12050
simple & inexpensive technique for sampling cerebrospinal fluid from cisterna magna, unanesthetized rats, 11592
slice temperature, firing of warm- vs cold-sensitive neurons in medulla oblongata, male rats, 12159
superior colliculus projections to supraspinal nucleus of caudal medulla & cervical cord gray, cats, 460

transection of crossed-olivo-cochlear bundle, auditory brain stem potentials, female cats, 2908
Melancholia [See Depression (Emotion)]
Melancholy [See Sadness]
Melatonin
alpha-melanocyte-stimulating hormone vs hypothalamic tripeptide MIF-I &/vs melatonin, attenuation of morphine analgesia, rats, 5230
melatonin & cortisol secretion patterns, 37–61 yr old depressed females, 12817
Melleril [See Thioridazine]
Membranes [See Nictitating Membrane, Olfactory Mucosa]
Memory [See Also Eidetic Imagery, Long Term Memory, Memory Decay, Memory Trace, Short Term Memory]
ability to reconstruct events surrounding myocardial infarction, success at coping with heart attack, 42–74 yr old males, 4129
accuracy of posttreatment pain ratings, chronic pain patients with mean age of 48 yrs, 4703
activity of dorsolateral prefrontal cortical neurons during spatial delayed response task, rhesus monkeys, 12069
acute marihuana intoxication, remote memory & learning, males with mean age of 27.9 yrs, 705
adaptation to high mountain conditions & arginine vasopressin & physical load, memory, inhabitants of Central Asian & Pskov regions, USSR, 12136
age & self control, memory for locations, 18–30 mo olds, 7670
age differences, association of concepts with exemplars vs superordinate classes, 8–12 yr olds, 10153
age differences, role of reduced memory in reasoning from new information, 17–86 yr olds, 3129
age differences, spatial cognition & gathering strategies, 1 vs 3 vs 5 yr olds, 10131
age, posterior pituitary & intra- and extrahypothalamic vasopressin content & memory decrement, rats heterozygous vs homozygous for diabetes insipidus vs normal rats, 452
aging, mnesic function & creativity, 50–65 vs over 65 yr olds, 12380
alpha-melanocyte-stimulating hormone vs melanocyte-stimulating hormone/ACTH, learning & attention & memory & sensitivity & CNS arousal & novelty-induced defecation, humans & animals, literature review, 7540
anisodine, discrimination learning & memory & spontaneous & evoked electrical brain potentials & electrocorticographic CR, rats & rabbits, 10013
anxiety & diazepam, RT of recall on semantic memory task, college students, 622
arginine vasopressin, retroactive memory enhancement, chicks, 12264
arousal & memory for sentences high in interactional content, graduate students, 9656
assessment of memory function, early diagnosis of dementia, 1421
attitudes & beliefs, reconstructive memory, college students, 11915
attribution of consensus & distinctiveness & consistency information with vs without instructions to form causal judgments, memory for causal agent, college students, 317
attribution of social behavior, reconstructive memory, college students, 7914
auditory vs visual stimulation & verbal vs manual responding, performance on memory search task, 298
avoidance conditioning with vs without pretraining & immediate vs delayed vasopressin injections, retention of avoidance behavior, male rats, 2969
bias for food vs light samples in discrimination learning & memory tasks, pigeons, 12001
body awareness training, perception & memory & skin temperature, 6209
brain mechanisms underlying episodic & semantic memory functions, literature review, 4908
chronic exposure to organic solvents, regional cerebral blood flow & verbal memory, male industrial workers with mean age of 51 yrs, 10025
citation in undergraduate memory texts published between 1976–80, 6694
classification of diagram consistent vs inconsistent with previous spatial description, college students, 7265
configurational cues, memory for line orientation, preschool age children, 10137
congruent vs incongruent verbal information, visual recognition & integration of verbal & visual information in memory, 6 vs 8 vs 10 yr olds vs college students, 3100
constructivist model of memory, literature review, 2633
contextual interference, retention of timing task, 54–83 yr old females with high vs low levels of exercise & physical activity, 7646
contrastive encoding of semantic information, recall & recognition, 2nd & 5th graders vs college students, 7631
delayed-matching-to-sample procedure, assessment of memory for recent pecking behavior, male pigeons, 2692
desmopressin acetate, concept learning & visual memory & anxiety & blood pressure & heart rate, males, 7531
developmental & motivational aspects, remembering to execute planned actions, literature review, 2642
discourse force, memory & comprehension of fables & parables & folktales, college students, 9633
discrimination learning & memory & social behavior, rhesus monkeys, review of work & list of publications by J. F. Harlow, 2681
discrimination of place & size & order in recognition & reproduction & recall, 5.6–17.5 yr olds with Down's syndrome., 8151
distance between word pair test items, recency judgments, 17–29 vs 59–76 yr olds, 10167
distortion of testimony based on paranormal experience, 6921
dive to 60 meters hyperbaric pressure, perceptual defense mechanisms & endocrine reactions & cognitive functioning, British Navy divers, 12194
dorsolateral prefrontal cortical ablation, delayed-response performance & nature of spatial memory loss, rhesus monkeys, 12225
dynamic film segments vs still pictures, recognition memory, college students, 11900
ECT modifications, memory for autobiographical episode, 28–73 yr old depressed males, 6061
ECT via alternating sine wave vs brief-pulsed square-wave, clinical functioning & memory loss, patients with mean age of 36 yrs, followup study, 1466
electrical high frequency stimulation of perforant path axons & contralateral hippocampal hilus, inhibition of long term potentiation of fascia dentata neurons, male rats, implications for learning & memory, 559
emotionality of target words, memory of words in emotionally congruent vs incongruent sentences, college students, 318
English vs Polish vs Shona language & age differences, immediate recall of word lists, 5 vs 9–10 vs 14–15 yr olds vs adults, 837
epinephrine & norepinephrine & ACTH injections, memory, rats, 12281
episodic memory & initial reading instruction & increasing mnemonic complexity of reading materials, 1947
ethymisol, affectivity & emotional memory & brain serotonin & plasma corticosteroid levels, albino rats, 12299
faces presented with congruent vs incongruent occupational category labels, face recognition, college students, 9650
failure to demonstrate spatial memory in radial maze, mice vs rats, implications for research on innate foraging patterns, 4967
focal dream interpretation & overcoming resistance, recollection of repressed memories, psychiatric patients, 13165
forgetting as fading process in memory & recall, 9652
generation vs reading of nonwords, memory, college students, 314
hierarchically graded memory standards & IQ, 8–12 yr olds, 5341
high vs low ambient temperature, learning & memory of avoidance task, C57BL/6 vs BALB/c/OrL vs A/J male mice, 542
hypothermia, amnesia for newly acquired vs old reactivated memories, male rats, 9936
iconic memory & visible persistence, criticism of conclusion of G. M. Long & M. Coltheart, 11778
icv vs intracisternal cycloheximide, protein synthesis inhibition & amnesia for saccharin aversion memory, rats, 699
imagery eliciting strategies, memory for prose or expository text, literature review, 11895
imipramine vs chlorpromazine & ECT, cognitive impairment & forgetfulness, 18–65 yr old schizophrenics & depressives, 6057
incidental vs intentional learning conditions, free vs letter-cued recall vs recognition, college students, 7272
independence vs additive components vs maximum rule model, prediction of multiple coding in memory performance, kindergartners vs 5th graders, 7655
individual differences, cognitive training performance, 62–85 yr olds, 5385
individual differences in RTs to secondary probe task, prediction of performance on difficult memory task, college students & 18–60 yr olds, 9651
inducement of elation vs depression, remembering happy vs unhappy past experiences, female college students, 2665

initial normative & psychometric data of selective reminding measure of learning & memory, potential utility in clinical neuropsychological assessment, 5–8 yr olds, 2462
instructions in Greek vs English vs both languages, formation of words from CVC trigrams, adult English-Greek bilinguals, 2620
instructions to ignore vs attend to suffixes & articulation of suffix, word recall, college students, implications for short-term memory & sensory memory explanations of stimulus suffix effect, 9661
intentional vs incidental learning of words, free recall, 2653
interpolation of imaged vs actual motor movement between initial presentation & recall of motor movement, recall bias, right handed college students, 11748
IQ & adaptive behavior, discrimination learning & memory & transfer, moderately retarded with mean age of 25.7 yrs vs severely retarded with mean age of 28.6 yrs vs low vs high profoundly retarded with mean ages of 26.1 & 26.9 yrs, 1312
lateral inhibition among echoic representations of list & suffix items, high school & college students, test of R. G. Crowder's theory of suffix effect & replication of his study, 9672
learning strategy training program based on network models of long term memory structure & depth-of-processing theory, enhancement of prose learning, college students, 13599
learning task using reminiscent material from own past, cognitive functioning, Ss with mean age of 68.2 yrs, 5362
lecithin & physostigmine, memory & learning, 64–77 yr olds, 7543
level of abstract thinking & age, verbal memory ability & accuracy, deaf 4th–5th vs 8th–9th graders, 10689
lithium therapy, memory, 20–45 yr old manic depressives, 6314
location memory task, college students, methodological test of adjusted index of location scores as correction for response bias effects, 7266
logical solution sequence length, time of problem solution, college students, 9619
manipulation of stimulus training context, generalization & retrieval of memory, pigeons, 9774
mechanisms of hippocampal long term potentiation & implications for memory, 9882
memorization strategies in picture recall task, 3–7 yr olds, 3133
memory & awareness, normal & amnesic Ss, 4928
memory & processing, social cognition, literature review, 2609
memory factor structure, Revised Wechsler Memory Scale & WAIS & Halstead-Reitan subtest items, 2509
memory for food storage sites, marsh tits, 408
memory for left-right relationships, 22–35 mo olds, 7636
memory for silent vs pronounced letters in word spelling, 7–10 yr olds, 7649
memory of familiar vs unfamiliar face, reconstruction of facial image, college students, 9675
memory, pattern of changes in beliefs & attributions & evaluations, college students, 5606
memory performance concerning inferences in text comprehension, college students, test of memory models, 9638
memory scores on Wechsler Digit-Span subtest vs Verbal IQ & level of violence, juvenile offenders, 12897
memory search task, response organization deficits, hyperactive 8–12 yr olds, 13078
memory set size & positive vs negative probes of varying quality, response latency, females with mean age of 23 vs 79 yrs, 9635
memory tests, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7061
memory vs eye movement impairments as cause of inability to match length of successively presented lines, clumsy children with mean age of 11.3 yrs, extension of study by C. Hulme et al, 13036
mental coloring of black & white line drawings, recognition of drawing when colored in same vs different color as imagined coloring, young adults, 4947
mental imagery as temporary spatial display in active memory as generated by long term memory abstraction, criticism of view of S. Kosslyn et al, 7236
metatheoretical view of representation in memory, animals, 9709
mnemonic codes vs memory pegs vs memory schemes, effectiveness, 313
model of recall & recognition retrieval of episodic memory information based on synergistic ecphory, 4946
multiple dose physostigmine, memory improvement, 50–68 yr old Alzheimer's disease patients, 6276
multiple hedonic memory, performance on rewarded vs nonrewarded trials, male rats, 11958
naloxone, memory span & relearning, Ss with mean age of 25.8 yrs, 7572
negative vs positive behavior valence & diagnostic label & relative behavior frequency, distortion of memory for behavior, college students, 2654
number of presentations of intersecting routes through urban area, directional & distance judgments from memory, college students, implications for cognitive network schemata, 11884
organization of information in memory, 7264
organized vs unrelated word lists with conceptual or associative or unrelated distractors, recognition, college students, 11901
paired associate learning, recall vs "tip-of-the-tongue" vs "don't know" reports in probed recall, college students, criticism of J. T. Hart's hypothesis on retrieval effort motivation, 11919
perceived duration of verbal stimuli, word recognition, college students, 9663
perceived memorability of & memory for unique personal events & effect of rehearsal, college roommates, 9669
perceiving vs imagining objects or words, cue value of contextual clues of time & location, college students, 9648
perception & memory of facial affect, Ss with posterior vs frontal brain lesions, 3832
perception of familiar vs celebrity vs unknown faces vs verbally described stimuli, right- vs left-hemisphere damaged adults, 5939
perceptions of mnemonically relevant actions & memory performance, development of memory strategies, 7–8 yr olds, 7680
perceptual direction & hints & training & past experience, creative problem solving, review of Gestalt approach, 7232
perceptual recognition task, cognitive units of sentence memory, college students, 9636
perspective & type of environment, memory for spatial locations, kindergartners & 3rd graders, 786
physostigmine, verbal memory & reasoning, 36 yr old male with posttraumatic amnesia, 13272
picture vs word stimuli, semantic encoding in memory, 2639
practice, ordered recall of items on list & mnemonic strategies, untrained mildly retarded Ss with mean age of 14.5 yrs vs normal 7th–9th graders, implications for problem solving theory of memory, 1302
predictions of 5 recognition memory models, 4945
predictive validity of personality vs memory vs aptitude measures, academic achievement, 8th graders, 4516
pretest epinephrine administration, retrograde amnesia for conditioned fear, male rats, 12258
problem solving & memory research, literature review, 9604
propositional structure & level of associations & time & location markers within sentences, recall, college students, 2644
quality of stimulus presented to right vs left visual field/left vs right hemisphere, RT, right handed college students, 9867
rated associability of word pairs, paired associate episode memory, students, 9660
reading ability, complete vs partial report of unrelated letter strings, adult readers, 4934
reading ability, speed & accuracy of word encoding & lexical access & semantic memory, 1st–6th graders, implications for source of reading disabilities, 10128
reconstruction of organized scene, memory for contextually organized material vs lists of items, American vs Mayan 8–9 yr olds, 3152
reliability & internal consistency & construct validity of metamemory battery, 2nd graders, 9412
resistive rocking & creeping & walking activities, motor coordination & memory & oculomotor control, students with poor visual attention, 11333
retrieval blocks in episodic & semantic memory, literature review, 4943
retroactive interference, spatial memory, normal vs hippocampal lesioned male rats, 7520
role of gustatory neocortex in taste-related cognitive processes, rats, literature review, 9704
role of linear-logistic & log-linear models in statistical analysis, response & survival & failure times & latencies in speed of recall of memories, 7135
role of thalamic mediodorsal nucleus in memory, humans & animals, literature review, 7427
role of the "story" as basic unit of learning & memory corresponding to K. Lashley's engram & as representation of "deep structure" & "universal grammar" of N. Chomsky, 7235
rule encoding vs memory, serial anticipation learning, male rats, 11957

salience of central/peripheral dimensions in 2 semantic categories, memory, college students, 9628
same-different judgments vs discrimination learning tasks with vs without memory component, visual vs tactual discrimination, 5 yr olds & 1st vs 3rd graders, implications for blind children, 5350
scopolamine, memory & place & cue learning, rats, 12318
scopolamine, spatial working memory, male rats, 616
scotopic vs photopic backgrounds, rod persistence on partial report task of iconic memory, college students, 11729
self consciousness & information load & self perception, memory for others' names & characteristics, female college students, 12684
semantic memory & reading, implications for bottom-up/top-down & automaticity & developmental change issues, literature review, 10184
semantic priming & word repetition effect, lexical decisions, college students & community residents, 9629
set size of memorized items, RT for identification of probe as member of set, college students, implications for serial scanning model of item recognition, 4927
sex & age & education & socioeconomic status, reminiscence, 18–90 yr olds, 5375
skimming vs normal reading speed, comprehension & memory of gist vs details, college students, 2615
social categorization conditions, attribution memory, college students, 10422
social interest in early recollections, expected choices of leisure activities related to ego recognition & adventure, college students, 7943
socioeconomic status & intelligence & memory, implications for A. R. Jensen's Level I/Level II theory, comments on article by L. Stankov, 9647
spatial numerosities & presentation frequency of words, frequency judgment & numerosity recall, college students, 9644
S's introversion & extraversion & E effects, retention & memory, literature review, 5649
stimulus duration & interstimulus interval, visual memory, college students, 4926
stimulus onset delay in visual search &/vs memory set size in memory search task, oculomotor latency & fixation duration, college students, test of process monitoring & preprogramming hypotheses, 7163
stochastic & nonstochastic models of human memory & probability learning & medical diagnosis & concept identification, literature review, 9224
studying textbook summaries vs original prose, memory & retention of main ideas, college students, replication of L. M. Reder & J. R. Anderson's study, 8898
successive discrimination training in memory reactivation treatment, postdiscrimination generalization performance, pigeons, 11990
synaptic mechanisms of long term potentiation in hippocampus as basis for learning & memory, literature review, 9836
synthetic polypeptides, memory processes, rats & healthy Ss vs memory disorder patients, 654
telencephalon ablation & delayed reinforcement under stimulus conditions similar to vs different from those controlling responses, discrimination learning, goldfish, 9980
temporal lobe resections, memory & learning deficits, epileptic patients, 1667
text difficulty & memory strategy limitation, oral reading comprehension, 4th graders, 765
text summarization efficiency, sentence recognition & verbalization, college students, 6705
thematic context & active vs passive voice, sentence memory, college students, 9649
themes of memory & time in works of poet G. Leopardi & current research on perception & memory, 5299
theory of serial pattern production based on F. Restle's theory of structural trees & process models for sequence production of J. G. Greeno & H. A. Simon, 4917
theory of storage & retrieval of item & associative information with assumed distributed memory model, 4936
therapist-S relationship & depth of hypnosis & use of posthypnotic suggestion & S age & IQ, learning & memory recall, school age vs older patients, 8514
timing of single vs double suffixes following auditory memory list, performance, college students, implications for disinhibition in auditory memory, 9569
tonality, recognition of sequences in melody, 11839
training in mental elaboration of memorized word-pair lists, memorization times, college students, 11898
usefulness of questionnaires to assess memory & role of memory beliefs in memory performance, literature review, 147
validity of DL 4–5 test, assessment of writing & orientation & memory & rhythm difficulties, kindergartners, 4509
varied tone preexposure & posttraining self stimulation, retention of tone-induced suppression of drinking, male rats, 9716
vasopressin nasal spray, memory & learning & intellectual functioning, brain-injured male patients over 18 yrs of age, 1612
violent/shocking vs nonviolent version of film, retention of film details, college students, 9653
visual complexity & verbal description of geometric form, memory for form, college students, 9659
visual memory processes, reading disabled 8.1–12.6 yr olds, 1327
visual pattern discrimination learned with 1 hemisphere, interhemispheric transfer of information & bilateral storage, cats, 7421
visual persistence & iconic memory, reply to comments of A. Bowling & W. Lovegrove, 11804
vividness of visual imagery, social memory, college students, 7911
word meaningfulness, word memory, kindergartners vs 2nd graders, implications for age-related elaboration of semantic memory system, 3086
wording of amnesia suggestion & resultant expectations, episodic vs semantic memory deficits in posthypnotic amnesia, college students, reevaluation of findings of J. F. Kihlstrom, 7290
writings of J. L. Vives on memory & recall, literature review, 7267

Memory Decay
visual presentation of familiar vs unfamiliar information, role of memory trace & active visualization in recency effect in visual memory, 18–35 yr olds, 7274

Memory Disorders [See Also Amnesia]
brain damage, sensory specific vs fractional disorders of recent memory, humans, literature review, 1416
cholinergic dysfunction, geriatric memory impairment, review of biochemical & electrophysiological & pharmacological studies, 2762
desmopressin, memory performance, college students vs patients with memory disorders, 10933
digital alarm chronograph, memory retraining, implications for use with aged or brain injured, 6068
ecmnestic disturbances, 60–70 yr old schizophrenics, 1182
effects of poor memory on cognition & personality & interpersonal relationships & rehabilitation process, personal report of author after cardiac arrest, 13327
memory deficit, long-term outcome, schizophrenic patients, 30–40 yr followup, 3636
memory disorders affecting acquisition vs recall, patients with damage to frontal lobe vs temporal or occipital lobes, 1379
memory paradox following aneurysm with hemorrhaging in limbic area of brain, 30 yr old male, 3816
synthetic polypeptides, memory processes, rats & healthy Ss vs memory disorder patients, 654

Memory Trace
auditory vs vocalized-visual presentations & delay interval, persistence of modality effect in delayed recall, college students, implications for echoic memory, 7160
visual presentation of familiar vs unfamiliar information, role of memory trace & active visualization in recency effect in visual memory, 18–35 yr olds, 7274

Men [See Human Males]

Menarche
information sources & expectations, attitudes toward menstruation & symptoms, pre- vs postmenarcheal 5th–8th vs 11th–12th grade females, cross sectional & longitudinal studies, 5311
menarcheal experience, attitudes toward menstruation & perimenstrual symptoms, 18–35 yr old females, 5144
personality characteristics & timing, psychological impact of menarche, adolescent females, literature review, 5318
preference for pictures of infants vs peers vs adults, pre- vs postmenarcheal 12–13 yr old females vs 7th grade males, 5317
preparation for & timing of menarche, emotional reactions & symptomatology, 5th–6th vs 7th–8th vs 11th–12th grade females, 5332

Menieres Disease
Meniere's disease vs unilateral total deafness vs cortical lesions, binaural interaction & localization, hearing impaired Ss, literature review, 3780

Meningitis
age at contraction of disease, residual intellectual & perceptual deficits, children recovered from H. influenzae meningitis, 4-yr longitudinal study, 3861

EEG biofeedback training, pathological brain electrical activity, cerebral arachnoiditis patients, 1581
Menopause
attitudes toward menopause, 18–67 yr old females, Colombia, 12717
depressive reaction to menopause, females, literature review, 2851
endocrinologic basis & associated symptoms, menopause & climacteric, literature review, 7461
female therapists at menopause clinic, ease in expression of menopause problem, middle aged females, 1671
health status & menopause & sexuality & values & menstruation problems & symptoms, daydreaming, 40–60 yr old females, 12392
menopausal symptoms, 35–50 yr old females, India, 1413
menstrual cycle & plasma estradiol & sexual interaction changes with age, 8–12 vs 16–17 yr old female bonnet macaques, 384
perspectives of medical profession vs feminist health movement as social myths, menopausal experience, literature review, 10364
Standard Psychiatric Interview, assessment of psychiatric morbidity, 36–50 yr old pre- and post- & menopausal females, 8051
Menstrual Cycle [See Also Menarche, Menstruation, Ovulation]
acquisition of semantic conditioning, 14–21 yr old females tested premenstrually vs intermenstrually, support for J. Vilas's model of vulnerability to neurotic symptoms, 5134
hypnotic suggestion, contraception through regulation of menstrual cycle & uterus, 7475
menstrual cycle & circulating levels of estrogen & progesterone & testosterone & estradiol & testosterone supplement, sexual arousal & receptivity, mature vs premenopausal female macaques, 12327
menstrual cycle & plasma estradiol & sexual interaction changes with age, 8–12 vs 16–17 yr old female bonnet macaques, 384
menstrual stress & dreams, dream anxiety & hostility & content & morning mood, females with mean age of 19.63 yrs, 2860
oral contraceptive use & phase of menstrual cycle, need for sleep, female college students, 10014
premenstrual & menstrual phase, skin conductance & blood pressure & pulse rate & anxiety levels, females with mean age of 23 yrs, 2831
psychophysiological vs self reported measures of CNS & autonomic nervous system activation during pre- vs intermenstrual phase of cycle, 17–37 yr olds, 12117
reported symptoms during premenstrual & menstrual cycle phases, 18–35 yr old females, implications for premenstrual distress as single construct, 13105
stage of menstruation, consistency of Hand Test & Guilford-Zimmerman Temperament Survey, college females, 9419
time series analysis, study of sexual hormonal & behavioral cycles, married couples, 12615
Menstrual Disorders [See Also Amenorrhea, Dysmenorrhea, Premenstrual Tension, Pseudocyesis]
diary maintenance vs Menstrual Distress Questionnaire, measurement of perimenstrual symptoms, 18–35 yr olds, 7012
health status & menopause & sexuality & values & menstruation problems & symptoms, daydreaming, 40–60 yr old females, 12392
incidence of alterations in libido & genital symptoms & menstrual irregularities, depressed 18–65 yr olds, 12850
menstrual stress & dreams, dream anxiety & hostility & content & morning mood, females with mean age of 19.63 yrs, 2860
sexual dysfunction & menstrual disturbances & plasma prolactin levels, 21–65 yr old schizophrenics on neuroleptics, 1617
stressful life events & perimenstrual symptoms, 18–35 yr old females, 1444
Menstruation [See Also Menarche]
information sources & expectations, attitudes toward menstruation & symptoms, pre- vs postmenarcheal 5th–8th vs 11th–12th grade females, cross sectional & longitudinal studies, 5311
menarcheal experience, attitudes toward menstruation & perimenstrual symptoms, 18–35 yr old females, 5144
menstruation, attitudes toward self & relations with family, middle school-aged females, 3199
premenstrual & menstrual phase, skin conductance & blood pressure & pulse rate & anxiety levels, females with mean age of 23 yrs, 2831
Mental Age
CA & MA & intelligence & vocabulary level, classification criteria as measured by modified Weigl Color-Form Sorting Test, 8–11 yr olds, 5397
quantitative vs qualitative nature of language deficiencies, semantic & syntactic abilities, mentally retarded with mean age of 99.4 mo vs language impaired preschoolers matched for MA, 8134
stimulus overselectivity & MA, autistic & retarded children, 3726
Mental Confusion
confusion &/or psychosis, patients with familial hemiplegic migraine, 5957
methadone & haloperidol & chlorpromazine, anxiety & conceptual disorganization & suspiciousness symptoms, 42 yr old male heroin addict, 1840
Mental Deficiency [See Mental Retardation]

results of Washington State Mental Health Outcome Study, 6382
suggestions for enhancing usefulness of mental health program evaluation, 13374
team approach to organizing for evaluation of psychological services, high schools, 8996

Mental Health Programs [See Also Crisis Intervention Services, Deinstitutionalization, Home Visiting Programs, Hot Line Services]
agency-supported self help group, sexually abusive families, 11027
clinically oriented faculty counseling program, academically related programs, college teachers, 11387
community mental health program, US, 8575
development of growth advancement program & group & activity therapy, chronically ill young adults, 1724
economic factors, mental health policy & deinstitutionalization, reply to criticism by R. Christenfeld, 8556
Fellowship House as community support & rehabilitation program, adults with mental & emotional disorders, 11017
ideological beliefs & perception of agency's receptivity to prevention, community mental health center staff with & without master's degree in social work, 6584
mental health needs & services, American Indians, 13361
mental health program & prevention, divorce & problems of coexistence, families, Finland, 13365
mental health promotion & mental illness prevention activities of federal government, 6402
model for planning of primary prevention programs, 6387
organizational maintenance vs personality change as goals of Recovery Inc., 13367
performance feedback, psychological service program planning skills, school psychologists, 8814
primary mental health programing in community mental health center, families with young children, 6398
primary prevention programs in schools, children, literature review, 6804
program planning in community mental health services, young adult chronic patients, 1694
programs nominated for Lela Rowland Prevention Award of National Mental Health Association, 4149
quality of life, self help group leaders & administrators of Recovery Inc, 11013
redundancy among indicators in Mental Health Demographic Profile System, 1970, 8581
school based mental health program, early detection & prevention of school adjustment problems, elementary school students, 13741
Skedsmo-SIA-follow up program, identification & prevention of emotional & marital problems during pregnancy & 1st yr following birth, families in need of support, 13362
sources of relevant statistical information, mental health planning & administration, 1676
strategies for recruitment of participants in preventive mental health education programs, 6397
stress management & life coping skills training, anxiety & depression, females receiving public assistance, 4158
support program, families of suicide victims, 13202
training program in primary prevention of childhood mental disorders, 6392
Mental Health Services [See Also Community Mental Health Services]
acceptance of employee mental health, business, 10996
accreditation guidelines & ethical standards, university & college counseling services, 2091
adequacy of mental health services, hearing impaired, Canada, 6404
behavior modification methods, management information function of mental health system, 4151
brief intervention in model preventive program in battered women's shelter, children living within violent families, 10999
clients' rights legislation, mental health services delivery, mental health personnel, 6400
computer applications in health care & description of automated psychological service delivery system, 2373
concepts & scope & methods of mental health consultation, 1730
deinstitutionalization, demand for care from private sector, 10994
differences between American & Israeli kibbutz units of Network of Psychiatric Services for Adolescents, therapeutic community & milieu therapy, emotionally disturbed adolescents, Israel, 4155
emergency psychiatric care delivery, 11005
epidemiology, improvement of mental health services, developing countries, 1702
future goals of VA psychiatric programs, 8621
government plans for upgrading psychological & psychiatric services & training psychologists & psychiatrists, Zimbabwe, 4116
health care system & psychogeriatrics, Netherlands, 8549
health policy & mental health care delivery & psychotherapy & pharmacotherapy & theoretical orientation, presidential address presented at annual American Psychiatric Association meeting, 1454
health promotion at work involving education & collaboration & training & referral & implementation, 11019
history & treatment modalities, treatment centers for psychiatric emergencies, Brazil, 8525
incidence of mental illness & mental health service utilization, Hispanics, literature review, 5738
Medicaid patient characteristics & discipline, medical record keeping & delivery of outpatient psychiatric care, nonphysician mental health workers at psychiatric & hospital clinics, 1719
mental & public health services as reflected in world health organization publications, Latin America, 8536
mental health delivery systems, India, 6381
mental health delivery to children, psychologists, 10794
mental health needs & services, American Indians, 13361
mental health resource utilization, rural consumers with mean age of 51 yrs, 6385
mental health service delivery & programing, need for home residence & network of supportive vocational & social treatment programs, young adult chronic patients, 1716
mental health service delivery trends, 1940–90, literature review, 8550
mental health service instruction, baccalaureate social work education programs, 6572
mental health services & mental disorders, 1950–70, US, 4152
mental health training in family practice residencies, 6551
methods of need assessment for mental health services, 1722
model for mental health care & psychiatric services, rural India, 6409
model of referral process & psychological services delivery, 11007
need for professional counseling services, 18–82 yr old active Christians, 13363
need for services, psychiatric patients, England, 8583
new triangle model & biopsychosocial model of J. C. Engel & sociocultural factors of change in psychiatric morbidity, demand for psychiatric care, literature review, 8296
organizational behavior management, mental health services, commentary on J. Krapfl's article, 4150
predominance of psychosis & presuicide syndrome & depression & physician attitudes, suicide victims treated in ambulatory psychiatric service, 13370
prevalence of mental illness & existing mental health services & philosophy of care, conference paper, India, 6574
prior public mental health services contact, persons committing suicide, 1960–75, 4143
problems in evaluation & management of psychological services, 11020
program planning in community mental health services, young adult chronic patients, 1694
progress in mental health services, 1955–78, Japan, 4153
provision of psychiatric & psychotherapeutic & neurological services, USSR, collection of papers, 6370
psychiatric morbidity & need for mental health services, 20–59 yr olds, Finland, 5-yr followup, 1171
psychiatric research & primary care, Great Britain, 8300
psychiatric service system & psychosocial environment, prevention of chronic disability, chronic young adult psychiatric patients, 1704
psychological services in substitute family care, Czechoslovakia, 1707
public health insurance & welfare systems, psychotherapeutic service delivery, heart attack patients, West Germany, 8547
restricted funding for mental health services, occupational therapy, interview with R. W. Gibson, 4147
role in mental health & health care delivery system, pediatricians, 8773
role of mental health services in Harvard Community Health Plan, 8554
role of psychiatry in programs for industry, 11016
self selection of experiment volunteers, experimental bias in evaluation of mental health services, adult outpatients, 11614
sex & marital status & race & age, utilization of mental health center services, 20–60 yr olds, 1725
sex, willingness to seek & preference for setting & provider of mental health care, patients over 18 yrs of age, 6393
statute requiring equal insurance coverage for treatment in outpatient psychiatric centers, 12592
stereotyped attitudes & prejudice & mental health needs & services & delivery, Black lower socioeconomic status females, 8559
supportive care model for care of chronically ill, burnout, mental health staff, 13347

survey of opinions regarding integration of mental health benefits into nation's health care system, members of American Psychological Association, 4126
uninstitutionalization & use of community care services, 18–35 yr old chronic psychiatric patients, 1717
use of medical & dental & mental health care services within Finnish Student Health Service, college students, Finland, 13734
utilization & effectiveness of mental health center treatment, psychiatric outpatients, Finland, 10989
work environment as cause & means of prevention of occupational stress & role of occupational physician, 11010
Mental Health Training (Community) [See Community Mental Health Training]
Mental Hospitals [See Psychiatric Hospitals]
Mental Illness [See Mental Disorders]
Mental Illness (Attitudes Toward)
attitudes affecting psychiatric screening & referral functions, general practitioners, 8749
attitudes toward discharged psychiatric patients, 20–56 yr old rehabilitation workers, Israel, 1872
attitudes toward hiring ex-offender vs ex-mental patient vs obese person, college students, 11451
attitudes toward schizophrenia & childrearing decisions, schizophrenics & their parents, implications for genetic counseling, 8056
cinematic portrayal of mentally retarded & mentally ill in pre-Nazi German films, social acceptance of Nazi euthanasia program, 1097
cognitive etiological model of phrenophobia, 10588
compulsory sterilization statutes, implications for public opinion toward mental illness, 7828
coping skills training, depression & attitudes toward mental illness & quality of life, outpatients, 1-yr followup, 10895
level of social support & personality traits & attitudes toward mental illness & life experiences, college students, 12760
perception of psychological problems & relevance of clinical psychologists, general practitioners, 1856
perceptions of causes of & attitudes toward mental disorders, rural village residents, India, 10576
psychiatric clerkship with group experience, empathy for & attitudes toward mental patients, medical students, 8729
sex differences, attitudes toward & stigma of mental illness, literature review, 12825
societal attitudes toward mental illness & rehabilitation, mental patients, 1801
stereotyped attitudes toward mentally ill & self perception & denial of own mental illness, first admission psychiatric patients with mean age of 35 yrs, 1193
Mental Load [See Human Channel Capacity]
Mental Retardation [See Also Anencephaly, Borderline Mental Retardation, Downs Syndrome, Psychosocial Mental Retardation]
age at contraction of disease, residual intellectual & perceptual deficits, children recovered from H. influenzae meningitis, 4-yr longitudinal study, 3861
argininosuccinic aciduria previously diagnosed as schizophrenia & mental retardation, 49 yr old female, 6043
clinical effects in humans & laboratory studies, fetal alcohol syndrome, digest of previously published article, 6033
clinical features of Cockayne's syndrome including mental retardation, children, 7965
clinical features of Seckel's syndrome including mental retardation, 1 yr old & 1 mo old, 7964
developmental & environmental screening, prevention or early identification of organically caused mental retardation, 3724
epidemiology, psychiatric illness & mental retardation, Polynesia, 3526
fetal alcohol syndrome, 1365
fetal alcohol syndrome, literature review, 3811
fragile-X chromosome syndrome & autism & mental retardation, 6–17 yr old males, 1304
functioning & diagnosis & treatment & relationship to hydrocephalus, cocktail party syndrome, 10758
incidence of mental retardation & epilepsy & other associated deficits, 1–6 yr olds with extrapyramidal cerebral palsy, 1401
intellectual impairment & clinical characteristics of mental retardation, children with cerebral palsy, 8220
interbehavioral maladjustments & juvenile retardation, 8135
level of professional experience, diagnostic accuracy & overshadowing in rating patient with schizophrenia with vs without mental retardation, psychologists vs clinical graduate students, 10672
low level exposure to lead, etiology of mental retardation & learning disorders & behavioral problems, 7966
malnutrition during fetal or infancy period, behavioral development, literature review, 3836
marker X chromosome, etiology of mental retardation, 8152
organic aspects of mental illness & retardation, 7952
participation in continuing education programs & training needs, leadership personnel of mental retardation programs, 1880
prediction of increase in mental retardation, offspring of mothers successfully treated for phenylketonuria, 3732
psychotic behaviors, 2–10 yr old oligophrenics, 8155
psychotropic drug treatment & side effects, mental retardation, literature review, 6299
published studies on mental retardation, USSR, 1970–80, literature review, 10660
readability & human interest of introductory texts in mental retardation, 6648
sex-linked mental retardation associated with short stature & obesity & hypogonadism & skin disease, male 16.5 & 21 & 25 & 45 yr old family members, 5898
Mental Retardation (Attit Toward)
attitudes & knowledge of handicapped, normal 5th graders in school with special classes for multiply handicapped severely & profoundly retarded students, 6792
attitudes toward children, parents of borderline & mildly & moderately & severely mentally retarded children, 8146
cinematic portrayal of mentally retarded & mentally ill in pre-Nazi German films, social acceptance of Nazi euthanasia program, 1097
cognitive-experiential module, attitudes toward physically handicapped & emotionally disturbed & mentally retarded & learning disabled children, education college students, 13580
Down's syndrome vs orthopedically handicapped vs nonhandicapped 4 yr olds in need of help, inclinations about who to help first & why, kindergartners through 4th graders, 10492
exposure to mentally retarded & physically handicapped children, attitude change, nonhandicapped 4–5 yr olds, 11275
labeling during early school years & throughout adulthood, others' vs own perceptions of adaptive limitations, Black 21–35 yr olds labeled as mildly mentally retarded, 5879
labeling, expectations for cognitive vs social behavior of mentally retarded, nonretarded mainstreamed 12–15 yr olds vs retarded 15–24 yr olds, 3729
social status & child's sex & visibility of handicap, perceived stigma, 18–54 yr old mothers of severely & profoundly retarded children under 12 yrs of age, 8138
Mentally Retarded [See Also Educable Mentally Retarded, Institutionalized Mentally Retarded, Profoundly Mentally Retarded, Severely Mentally Retarded, Trainable Mentally Retarded]
academic attitude, 3rd vs 5th vs 8th grade mentally retarded special school students, 11367
adenosine deaminase activity, autistic vs mentally retarded vs cerebral palsied 4–22 yr olds, 7977
administration & utility & interpretation of Rorschach Test, mentally retarded, 105
adverse effects of labeling, mentally retarded, literature review, 12984
affect abilities training, mentally retarded children & adults, 1806
age & cognitive development, comprehension of death, mentally retarded Ss with mean age of 19.9 yrs, 5867
age & intelligence & residential setting, problem behavior severity, mentally retarded, 11001
anticonvulsant & psychotropic drug interactions, mentally retarded, 10953
antipsychotic drugs, tardive dyskinesia, mentally retarded, 8481
assertiveness training, maintenance & generalization of assertive skills, mentally retarded 20–55 yr olds, 10913
attachment formation, children with mental retardation & other handicaps, literature review, 10654
attitudes, extent & location of sexual behavior of mentally retarded, institutional staff members vs college students, 10651
auditory/verbal cues in intertrial intervals, extinction rate of conditioned eyelid responses, mentally retarded 18–30 yr olds, implications for contextual change hypothesis, 5875
behavior contracting & de-emphasis on therapist visits as supplements to bell & pad procedure, enuresis, 21 yr old mentally retarded male, 1574
behavior, mentally retarded, 1308
behavioral treatment, depression, mentally retarded 10 yr old male, 13217
behavioral treatment techniques, obesity, mentally retarded youths, literature review, 8400
behavioral treatments, obesity, mentally retarded & nonretarded Ss, literature review, 13241

behavioral weight reduction program & training for mothers, weight loss, obese mentally retarded 16–34 yr olds, 6231
cause & treatment, obesity, mentally retarded & psychiatric patients, literature review, 12800
chromatographic profiles of urinary peptides & protein-associated peptides, autistic 4–19.4 yr olds vs psychotic 6–15.4 yr olds vs 9 yr olds with minimal brain dysfunction vs attention deficit disorder vs mentally retarded 3.8–15.1 yr olds, 1098
clinical characteristics & behavioral treatment, mentally retarded patients with anorexia nervosa, 10925
cognitive development & classification ability, mentally retarded 3rd graders, 8144
cognitive psychological considerations for education, mentally retarded children, 8930
cognitive skills including mathematics achievement & visual search RT, prediction of success in small-engines course, mentally retarded students of high school age, 11382
comparison & conservation & prediction tasks, ability for dimensional analysis, 3–5 yr olds & mentally retarded 9–14 yr olds, 8136
comprehension of double-object constructions, normal children & good vs poor readers & hearing impaired & mentally retarded & aphasics & nonnative English speakers, 5687
computer assisted handwriting exercises, handwriting ability, educable mentally retarded 9–16 yr olds, 11340
construct validity of Adaptive Behavior Scale total scores determined by internal consistency, mentally retarded with mean age of 19.6 yrs, 7100
construction of Vocational Adaptation Rating Scales, assessment of maladaptive social behavior related to vocational success, mentally retarded males with mean age of 22 yrs & females with mean age of 18 yrs, 9418
degree of retardation & sex, behavior disturbances during childhood & postschool period, mentally retarded young adults, 10662
delayed skin reactions to human brain S-100 protein & to liver protein, 7–85 yr old patients with schizophrenia & cerebral atrophy & dementia & depression & mental retardation, confirmation & extension of findings of B. D. Jankovic et al, 1103
design & use of foot-operated timeout door latch, staff working with mentally retarded, 8401
development & current status of welfare policies, disabled children, Japan, 6101
development of spatial perception, mentally retarded 6–10 yr olds, 8130
developmental & family & environmental variables, mental retardation, children, 3727
diagnosis, depression, mentally retarded, 1335
diagnosis of mania, mentally retarded, 1336
diagnostic standards, mentally retarded children & adults, 1333
drug therapy, side effects & behavior change, mentally retarded, 8482
EEG correlates of intellectual functioning, 12–14 yr olds with mean IQs of 79 vs 147, 3104
effectiveness of pyriditol vs aminalone vs piracetam vs pantogam, mentally retarded vs borderline mentally retarded vs feebleminded 7–12 yr olds, 4056
efficacy of self advocacy group, mentally retarded adults, implications for professional role, 13448
exercises in comparison & generalization & analysis & ordering, 1st–3rd grade mentally retarded special school students, 11307
experimental educational programs, mentally retarded children with minimal brain dysfunction, USSR, 4456
factor structure using radial parcels vs item factoring, 16PF, physically or mentally handicapped Ss with mean age of 31 yrs, 4753
fading on positive &/vs negative stimulus, size & number discrimination, mentally retarded 18–41 yr olds, 10680
familial X-linked mental retardation & congenital anomalies & behavior disorders & macro-orchidism & fragile X-chromosome, 16–30 yr old brothers, 10671
family background & physical & neurological development & school behavior, mentally retarded children with vision & hearing disabilities, 8142
fragile-X chromosome syndrome, 6 yr old mentally retarded male with clinical picture consistent with childhood autism, 1329
free-field behavior, autistic male children vs mentally retarded male children with EEG abnormalities, 7978
frequency of handicaps & exclusion from school, under 20 yr olds, France, 2079
functions & methods of music education, mentally retarded students, 8933
group hypnotherapy & behavior therapy, 32–38 yr old mentally retarded & psychotic males, 8494
hemoglobin content, mentally retarded, 10656
hyperlexia, mentally retarded & autistic & language disordered 4–17 yr olds, 7956
hypnotic treatment, mentally retarded & physically handicapped nonhypnotizable patients, 8505
imitation, mentally retarded, literature review, 10658
imitation of peers vs adults on sticker vs face preference tasks, institutionalized vs noninstitutionalized mentally retarded with mean ages of 16.2 vs 14.7 yrs, 5882
inappropriate or inadequate relations with significant others & responses to social cues & locus of control & self concept & achievement motivation, learning disabled & mentally retarded children, literature review, 5886
incidence & genetic factors & physical abnormalities & personality traits & social adjustment, Down's syndrome Ss, 1320
incidence & type of psychiatric disorders, mentally retarded, 1311
IQ & progressive prompt delay intervals, patterns in prompt dependent vs independent responding in apparatus assembly, mentally retarded 17–60 yr old vocational rehabilitation clients, 6479
item weighting of Adaptive Behavior Scale, 9–57 yr old mildly & moderately & severely & profoundly retarded patients, 113
job applicant interviews, implications for vocational training of mentally retarded, literature review, 11084
labeling, expectations for cognitive vs social behavior of mentally retarded, nonretarded mainstreamed 12–15 yr olds vs retarded 15–24 yr olds, 3729
learning abilities & training potential, mentally retarded children, 8137
legal advocacy program, state residential facility services for mentally retarded, 8624
legal status of mentally retarded adults, Switzerland, 10663
length of retention interval & distracting vocalization & rate of light presentation, proactive inhibition & memory loss, mentally retarded Ss approximately 17 yrs old, 1339
licensed foster homes & community residential facilities for mentally retarded, US, 10991
linguistic functions approach, language arts special education, mentally retarded children, 11361
low-calorie diet & exercise & hydrotherapy & physical expression & psychiatric treatment, weight reduction, obese neurotic vs psychotic vs mentally retarded females, 6064
manual vibrator, stimulation of masseter muscle & lips in speech therapy, mentally retarded 6–7 yr olds, 57
market analysis results, value of property surrounding group homes for 18–45 yr old mentally retarded, 11025
medical & genetic factors, mentally retarded 4–20 yr olds with inborn or early-age cataracts, 8139
mental retardation, maltreatment of children, parents, literature review, 5889
methodological framework for study of cognitive processes that monitor & regulate response speed & accuracy, mentally retarded, 37
methodology, measurement of response to instruction, mentally retarded, literature review, 13723
methodology of studies on reflective group counseling, parents of mentally retarded children, 11037
museum visits as educational tools, cognitive ability, mentally handicapped 11–14 yr olds, 11325
musical ability, mentally retarded 8–16 yr olds, 5883
musical illustration of stories in music curriculum, mentally retarded students, 8932
need for social assistance, families with intellectually impaired school age children or members with other handicaps, Japan, 1737
normalization movement, mentally retarded, Norway, 11015
numerically equal vs unequal sets, comparison within & between sets of objects, mentally retarded 8–16.2 yr olds, 1314
observation of model, learning of toy construction task, Down's syndrome patients with mean age of 10.8 yrs & mean IQ of 43.3 vs other mentally retarded with mean age of 10.5 yrs & mean IQ of 46.3, 1334
occurrence of affective disorders, mentally retarded, 10676
operant treatment techniques & contingent sensory stimulation, mentally retarded & autistic children, literature review, 1567
oriented attention, visual evoked potentials, mentally retarded 13–14 yr olds & 7–9 yr olds with delayed mental development of organic brain genesis, 12983

overall model competence & model task competence, concept acquisition, mentally retarded 9.7–16 yr olds, 8145
overcorrection, mentally retarded & autistic children, 8435
parent & offspring characteristics, attitudes toward involuntary vs voluntary sterilization of children, parents of mentally retarded people under 40 yrs of age, 1340
parent or caretaker socioeconomic status & level of education & attitudes, adaptive behavior skills & behavior problems, male vs female deinstitutionalized vs never-institutionalized mentally retarded 10–65 yr olds, 10670
parental influences, socialization, retarded children, literature review, 5869
perception of inservice training needs & most effective method of delivering such training, special education teachers of mentally retarded students, 6609
perception of problems of managing mentally handicapped children & adults, parents or residential care staff vs day care staff, 10970
perceptions of intimacy & sexuality, mentally retarded, 1319
peripheral & central handicaps in encoding, blind vs deaf subnormal vs subnormal autistic children & adolescents, implications for learning difficulties, 12793
physical & motor development, visually vs hearing vs mentally impaired students, 7974
physical fitness, mentally retarded, literature review, 10669
pioneering work of S. O. Garrison & E. R. Johnstone, establishment of training school for mentally retarded, 9229
placement of stimulus figure in relation to paper, ability to copy figure, mentally retarded 14.1–18.3 yr olds, 8123
play behavior with normal vs handicapped peers, 2.5–4 yr olds with cerebral palsy & Down's syndrome & mental retardation & hearing & speech deficits, 3512
prevalence & educational integration, kindergartners with learning & speech & language disorders & emotional & social disturbances & physical handicaps & mental retardation, Norway, 2073
prevalence of behavioral & emotional problems, mentally retarded children & adolescents seen at community evaluation clinic, 8132
problems of mentally retarded prisoners, 4218
pros & cons & suggestions for improvement of Special Olympics program, mentally retarded, 11011
quantitative vs qualitative nature of language deficiencies, semantic & syntactic abilities, mentally retarded with mean age of 99.4 mo vs language impaired preschoolers matched for MA, 8134
reasons for staff turnover, counselors at camp for mentally retarded children & adults, 4300
recall of categorized words, mentally retarded 5th & 7th grade special school students, 11381
recall of pictures & words, mentally retarded 1st graders, 8143
recognition & management of suicidal behavior, mentally retarded, 8303
rehabilitation services, mentally retarded, literature review, 8681
reliability of Wessex Behavior Rating Schedule, mentally retarded children & adults, 9429
resistance to temptation to steal & moral judgment of actions, retarded 11.2–14.7 yr olds vs normal 7–7.8 yr olds, 1321
right to reproduce & have custody & access to children despite label of "deviant," homosexual & transsexual & single & unmarried & retarded parents, 7976
rights of mentally retarded, US Supreme Court case of Youngberg v Romeo, 5520
role of state education agencies in evaluation of educational programs for mentally retarded, 6794
say-do correspondence training technique, classroom behavior, mentally retarded 9–13 yr olds, 8963
scores on WISC vs WISC-R, mentally retarded & borderline Ss with mean ages of 14.2 & 15.4 yrs, 10679
scoring methods for Brown Peterson paradigm, assessment of proactive inhibition & sequence of recall, mentally retarded with mean age of 16.8 yrs vs nonretarded Ss with mean age of 6.4 vs 9.6 vs 13.7 yrs, 4711
selective attention during dichotic listening task, Down's syndrome vs non-Down's syndrome retarded children with mean CAs of 145 & 149 mo, 10681
self mutilating behavior, mentally defective & psychotic patients living in psychiatric milieu, 6459
sensory extinction, stereotypic repetitive behaviors maintained by visual stimulation, mentally retarded male children, 8428
sensory integration therapy & quantitative reviewing procedures, academic achievement & improved motor & reflex performance & language, mentally retarded children, literature review, 8289
sex & age & retardation level, prevalence of obesity, mentally retarded adults over 18 yrs of age, 1313
side effects of electric shock treatment, mentally retarded, literature review, 8271
social skills training, social skills & popularity & academic achievement, underachieving vs disruptive vs exceptional 4th & 5th & 6th graders, 4459
special education, handicapped & retarded adolescents, 6758
stimulant drugs, mentally retarded vs autistic vs hyperactive children, literature review, 8445
stimulus overselectivity & MA, autistic & retarded children, 3726
structural importance & salience of story ideas, story recall, mentally retarded 11–13 yr olds, 10666
successive & simultaneous coding & language performance, mentally retarded with mean age of 20.3 yrs, 5866
suppression of alpha wave activity through EEG biofeedback, performance on arithmetic test, 22–29 yr old mentally retarded clients, 8412
techniques for teaching speech skills, nonverbal autistic & retarded children & their parents, literature review, 12788
theories for education, mentally retarded, 8931
theories of normalization, mentally retarded, Denmark, 11077
tolerance for problem behaviors of mentally retarded patients, staff members from institutions vs group homes, US vs Israel, implications for social validity of treatment, 11061
Tower of Hanoi problem solving tasks differing in type of goal state, performance, mentally retarded Ss with mean age of 20.2 yrs vs kindergartners vs 1st–4th graders, 3743
traditional sheltered workshops vs transitional employment training, mentally retarded, 8679
training in community survival skills as part of deinstitutionalization, mentally retarded adults, literature review, 11008
training in visual discrimination, discrimination learning & intradimensional transfer, mentally retarded 6–18 yr olds, 5870
training program, Portage method of structured early intervention, day nursery staff working with mentally retarded, 4275
treatment of phobias, mentally retarded, 8275
use of Brown-Peterson paradigm, evaluation of effect of category differences on accumulation & release of proactive inhibition, mentally retarded with mean ages of 16.5–17.4 yrs, 5897
varying training setting & objects, generalizing visual discrimination skills to other situations, mentally retarded 5–16 yr olds, special education implications, 6801
videocourse, early intervention in language development, parents of mentally retarded 3.3–7.1 yr olds, 4004
visual screening, stereotypic self stimulating & mutilating behaviors, mentally retarded & behaviorally disturbed 9 yr olds & retarded 13 yr olds, 4034
visual stimulation, behavior, autistic vs mentally retarded vs normal children, 7958

Meperidine
individual levels of fraction I endorphins & substance P in cerebrospinal fluid, self administered levels of meperidine for postoperative pain, 21–60 yr olds, 6316
meperidine vs normeperidine with vs without diazepam pretreatment, analgesia & lethality, male rats, 646
morphine sulfate vs methadone hydrochloride vs meperidine vs pentazocine lactate, motility, male rats, 12265
morphine vs methadone vs meperidine hydrochloride, carbachol-induced fighting, cats, 10020

Meprobamate
meprobamate & expected increase in latency, redundancy deficit, Ss with mean age of 30.4 yrs, implications for diagnosis of schizophrenia, 7545

Mercury (Metal)
enclosed pool mercury commutator for EEG recordings, small animals, 11609
misdiagnosis of self injection of metallic mercury as nodular melanoma, 24 yr old depressed paranoid male, 3577

Mercury Poisoning
mercury intoxication, visual symptoms, 30 yr old male, 8214
prenatal methyl mercury & postnatal dextroamphetamine, avoidance & DRL task performance, male rats, 606
prenatal methyl mercury, brain methyl mercury content & activity, neonatal rats, 607

Mercy Killing [See Euthanasia]

Mesencephalon [See Also Inferior Colliculus, Optic Lobe, Superior Colliculus]
activation with morphine or inhibition with naloxone of opioid receptors in substantia nigra pars reticulata, tonic activity in EMG, male rats, implications for regulation of striatal efferent pathways, 7574
auditory evoked potentials from thalamus & pons & midbrain aqueduct & lateral ventricle, patients, 2778
central gray lesions, estrous behavior, ovariectomized cats, 5214
cerebellar nuclei stimulation, red nucleus unitary activity during learned ballistic movement, cats, 9965
conditioned reward produced by enkephalin microinjection into ventral tegmental area, male rats, 671
cortical projections to nuclei of accessory optic system, cats, 472
dark adaptation & stimulus intensity, response to illumination in deep mesencephalon, blinded frogs, 2897
dorsal mesencephalic tegmentum lesions via ibotenic acid vs N-2-chloroethyl-N-ethyl-2-bromobenzylamine, noradrenergic innervation in hippocampus & hypothalamus & sexual behavior, male rats, 571
dorsal striatal lesions & amphetamine induced rotation, intracranial self stimulation in ventral tegmentum vs substantia nigra, male rats, 2877
dorsolateral tegmental lesions, hyperdipsia & amphetamine-induced hypodipsia vs anorexia & CNS permeation by amphetamine, female rats, 5194
electrical stimulation of pontine parabrachial nucleus & ventral tegmental area & amygdaloid apomorphine &/vs spiroperidol, neuronal activity in central nucleus of amygdala & consumption of sodium chloride solution, male rats, 12167
electrical stimulation of septum, spontaneous vs noxious shock induced neuronal activity of periventricular & periaqueductal gray & dorsal raphe & nucleus raphe magnus, male rats, 12201
electrode placement in dorsal hippocampus vs mesencephalic reticular formation & preexposure to tone, latent inhibition of subsequent conditioning, male rats, 9930
electrolytic lesions of ventral mesencephalic tegmentum, cortical beta rhythms during attentive behavior & after DOPA vs apomorphine injection, cats, 12230
estrogen-concentrating cells in hypothalamic neurons with axons to dorsal midbrain, female rats, 9863
GABA agonist progabide &/vs diazepam vs sodium valproate vs haloperidol vs diphenylhydantoin & bicuculline, escape response induced by electrical stimulation of periaqueductal grey, male rats, 9992
icv thyrotropin releasing hormone into various brain regions, starvation-induced feeding & drinking, male rats, 10042
medial hypothalamic stimulation inducing escape & approach responses, activity of central gray neurons, male rats, 12210
midbrain 6-hydroxydopamine injection, overeating & obesity & role of norepinephrine & epinephrine depletion & prevention by dextroamphetamine & desmethylimipramine & benztropine, rats, 7552
optic tectofugal projections to nucleus prethalamicus & nucleus isthmi, brackish water & marine teleosts, 493
periaqueductal gray dorsal vs ventral electrode placement & naloxone, role of opioids in electrical brain stimulation-produced analgesia, male rats, 5153
pimozide vs dextroamphetamine vs levamfetamine, ipsi- & contraversive circling induced by substantia nigra stimulation, male rats, 12347
quiet waking & synchronized sleep, slow rhythmic activity in midbrain reticular formation, cats, 9865
role of dopaminergic cells of ventral tegmentum in rewarding action of opiates, comment on R. Wise's article, 10051
scrapie virus injection into nigrostriatum, apomorphine induced rotation behavior, hamsters, 617
sleep vs wakefulness, midbrain respiratory neuronal activity, female cats, 5096
somatic stimulus induction of lordosis during sexual receptivity, distribution of pronounced & sustained midbrain unit responses, female hamsters, 480
square wave stimulus direction & velocity, single unit & extracellular activity in medial terminal nucleus of accessory optic system, cats, 5056
testosterone propionate vs dihydrotestosterone injection, masculinization of vocalization-controlling pretrigeminal nucleus, male vs female toads, 2978
traditional vs psychophysical procedures & use of moveable electrodes, mapping of mesencephalic sites for self stimulation, male rats, 11602
visual & tactile & auditory stimulation, single-unit activity in nucleus intercollicularis, pigeons, 5029
Messages
content analysis, concreteness & imagery & meaningfulness of suicide notes, 5851
contrastive vs redundant messages accompanying drawings, accuracy of listeners' comprehension, 1st vs 3rd graders vs college students, 3163
correspondence between picture/illustration & accompanying TV news messages, retention of verbal content of news program, 15–65 yr olds, 12355
discourse analysis of language & content, genuine vs simulated suicide notes, 3666
fixed vs individualized format for computer-displayed intelligence messages, message acquisition & comprehension, US Army officers, 2248
marital adjustment, discrepancies in message valence expressed verbally vs nonverbally, spouses, 10415
message length vs quality, judgment of adequacy of communication, 5 yr olds, 831
metacognitive guidance regarding message ambiguity, understanding of ambiguity as cause of communication failure & verbal referential communication skills, 4.3–5.3 yr olds, 5384
parent effectiveness training & parental use of I-messages & active listening skills, behavior change, children & mothers, 10889
perceived appropriateness of social context & media of communication for self disclosure vs counseling vs assertiveness vs impression management messages, 41–50 yr olds, 7583
problem of mixed message & resultant double bind, residents & staff of psychiatric halfway house, 13405
recipient anxiety & communicator reference group & message level of anxiety-arousal & technical vs colloquial language, perception of communicator credibility, 5564
speech to 2.5–4.9 yr olds during play, cognitive informational content, parents, 7807
user-adaptive information selector, automatic selection & presentation of textual messages in computer based tactical command system, 2251
Metabolic Rates
amitriptyline, cerebrovascular permeability & cerebral blood flow & metabolic rate, rhesus monkeys, 672
cold adaptation & reacclimation, food intake & body weight & dietary-induced thermogenesis, male vs female rats, 2869
food intake & huddling & exposure to cold, metabolism & diurnal activity, common bushtits, implications for survival during food scarcity & inclement weather, 2710
Metabolism [See Also Basal Metabolism, Biosynthesis, Carbohydrate Metabolism, Catabolism, Lipid Metabolism, Metabolites, Protein Metabolism]
acupuncture at Chu-Chih & Ho-Ku loci, hypothermia & analgesia & decreased metabolism & cutaneous vasodilation, normal Ss, 8538
atropine-induced coma, metabolism of biogenic amines, schizophrenics, 10946
autoradiographic method to measure 2-deoxyglucose uptake, assessment of odor specific spatial patterning of olfactory bulb glomeruli sensory coding, 68
cannulation via iliolumbar vein, measurement of blood ethanol metabolism, rats, 11568
catecholamine metabolism, differential diagnosis of depressive states, 14–20 yr old males evaluated for criminal activity, 3565
endorphins, appetite regulation & metabolism & obesity, literature review, 13103
hunger inducing insulin injection, metabolic & physiological changes, male rats, 12275
metabolic differences, rats with preference for ethanol vs water, 12115
molecular & metabolic basis of sex pheromone synthesis & secretion by preputial glands, rats, literature review, 2797
proportion of meat in diet & metabolic needs & ecology, home-range size, carnivores, 7340
restricted daily feeding, dietary protein & carbohydrate self selection, weanling vs adult rats, 7495
role of amphetamine accumulation & sympathetic activation & norepinephrine depletion, stereotypy produced by repeated amphetamine administration, male rats, 12295
sensory stimulation & metabolic conditions, adaptation & amplification in biological systems, 504

Metabolism Disorders [See Also Diabetes, Diabetes Insipidus, Diabetes Mellitus, Lipid Metabolism Disorders, Phenylketonuria]
acute porphyria, psychiatric patients, 5734
development of chromatographic & electrophoretic methods, detection of amino acids & galactose inborn errors of metabolism, infants, 70
genetic defect in metabolism of catecholamines, predisposition to convulsive seizures, SCES vs Wistar rats, 5122
pathophysiological mechanisms & neurochemical factors, enzymatic disorders, 1396
process of neutralization of uncertainties connected with cystic fibrosis, 10986
Metabolites [See Also Dopamine Metabolites, Homovanillic Acid, Norepinephrine Metabolites, Serotonin Metabolites]
diastolic blood pressure conditioning, levels of arterial blood lactic acid & systolic & diastolic blood pressure & heart rate, male baboons, 12113
probenecid, cerebrospinal fluid monoamine metabolite concentrations, normal vs narcoleptic dogs, implications for REM sleep & treatment of narcolepsy/catoplexy, 608
tyrosine, elevation of urinary catecholamines & metabolites, 18–21 yr old males, implications for treatment of depression, 2918
Metallic Elements [See Also Calcium, Copper, Iron, Lead (Metal), Lithium, Magnesium, Mercury (Metal), Potassium Ions, Sodium, Sodium Ions]
anosmia induced by intranasal isotonic zinc & sex differences, play fighting behavior, prepubescent rats, 12339
dietary carbohydrates, hair cadmium & intelligence & school achievement, 5–16 yr olds, 12397
dietary zinc deficiency, visual & auditory association & discrimination learning, male rats, 2961
parathyroid hormone &/vs aluminum, rotarod performance & locomotor activity & acquisition & extinction & retention of avoidance, rats, 599
plasma vanadium concentrations, manic depressives, 8003
postnatal cadmium, spontaneous locomotor activity & spatial discrimination task performance, male rat pups, 687
zinc & copper levels in blood & urine & hair & gastric fluid, 17–60 yr old acute & chronic schizophrenics, 12830
zinc distribution in right vs left hippocampus vs striatum vs cortex, spatial behavior, male rats, 490
Metaphor
associative dominance & typicality & fluency & imaginal distinctiveness of feature salience, metaphor goodness of sentences, college students, 9601
attribute matching vs analogical reasoning vs gestalt perceptual instruction, metaphor productions, college students, implications for metaphor production theories, 9613
"bumpy road", metaphor for learning process, elementary school students, 6748
city as Freudian metaphor for hysteria & as permanent part of psyche, 11527
creation of metaphors, insight in family therapy, 3972
meaning & metaphor in family myths, assessment of myths & probing of underlying conflict during therapy, depressed family, 1511
metaphor & foreign language learning theory, 10065
metaphoric communication style in therapeutic work of J. Haley & parables of Jesus, 13163
spontaneous egocentric vs socialized speech, metaphor production, children with mean age of 5.2 yrs, 12446
typology of metaphor & modes of thought, 2618
use of metaphorical & isomorphic analogies, writings of Freud, 2333
Metaphysics
Gnostic heresy & psychology, 11561
Methadone
maternal methadone exposure during gestation &/or lactation & age, analgesic response to hot plate test, rats, 5281
maternal methadone use during pregnancy, health & development & behavior, infants, literature review, 10005
methadone & haloperidol & chlorpromazine, anxiety & conceptual disorganization & suspiciousness symptoms, 42 yr old male heroin addict, 1840
methadone hydrochloride, prolactin levels, 22–54 yr old hospitalized depressives, 8462
morphine sulfate vs methadone hydrochloride vs meperidine vs pentazocine lactate, motility, male rats, 12265
morphine vs methadone vs meperidine hydrochloride, carbachol-induced fighting, cats, 10020
prenatal exposure to methadone & heroin, neonatal abstinence syndrome & organizational & perceptual abilities & cognitive functioning & adjustment & level of activity, humans & animals, 5241
prenatal l-methadone hydrobromide, postnatal l-methadone hydrobromide levels in brain & liver from birth to 30 days of age, rats, implications for persistent opiate withdrawal symptoms in rats & human neonates, 649
Methadone Maintenance
alcohol consumption & alcoholism, narcotic addicts & methadone maintenance patients, 10621
alcoholism & alcohol rehabilitation, productive activity, methadone maintained narcotic addicts, 6486
attitudes toward heroin & methadone & drug counseling & drug-free treatment approach, methadone maintenance clinic clients & staff, 4251
behavioral intervention, reduction in benzodiazepine use, 24–33 yr old male methadone maintenance outpatients, 8708
client characteristics of criminal & legal history, outcomes in methadone maintenance vs therapeutic community vs outpatient drug-free programs, opioid addicts with mean age of 26 yrs, 6511
EMG biofeedback training, anxiety, narcotic addicts in methadone program, 1830
factors affecting detoxification from methadone maintenance, discharged patients, 8707
maternal heroin & methadone addiction, prenatal & postnatal medical complications & developmental problems, infants, literature review, 1377
maternal methadone maintenance & age, motor & state functioning, infants observed at 1 day & 1 mo of age, 6503
maternal methadone maintenance, motor functioning, infants assessed at 1 day & 4 mo of age, 5250
methadone maintenance & cognitive & didactic & experimental treatment techniques, drug abuse, wealthy young adults, 8709
methadone vs levo-alpha-acetyl-methadol maintenance vs clinic attendance, treatment outcome, male narcotic addicts, 13470
model based on L. Guttman's facet theory, study of effects of maternal methadone maintenance on development, infants, 5251
model of socioecological & clinic & client variables, prediction of retention in methadone maintenance, clients, 11098
paid vs unpaid family therapy vs paid family movie treatment, attendance, families with son in methadone program, 4264
public policy & regulations in treatment of opiate addiction, 6498
rehabilitative methadone maintenance program, 6499
relapse antecedents & concomitants, male opiate addicts on methadone maintenance, 13456
retention rates in methadone maintenance programs, New York, 1964–76, comments on research findings of R. Bayer & I. Koenigsberg, 13462
sex of client & counselor in drug free vs methadone maintenance treatment, sex role attitudes, drug abuse counselors, 4262
staff & therapist absence & methadone therapy & number of new hospital admissions, prediction of treatment dropouts, male drug addicts in opiate detoxification program, 4253
symptoms of depression & interpersonal sensitivity, heroin addicts seeking ambulatory detoxification vs methadone maintenance, 11104
temporary increase in prescribed drug dosage, reduction in illicit drug use, 24–31 yr old drug addicts, England, 13467
Methamphetamine
methamphetamine & systemic tryptophan, brain tryptophan hydroxylase activity & serotonin metabolism, male rats, 698
methamphetamine vs chlorpromazine vs pilocarpine vs scopolamine, avoidance responses, male Wistar vs Fischer 344 rats, 12296
Methedrine [See Methamphetamine]
Methionine
methionine- vs leucine-enkephalins, retention & carbon dioxide-induced retrograde amnesia, rats at 20 & 34 days of age, 12248
Methodology [See Also Related Terms]
abnormal cortisol suppression, bipolar patients, 12843
adaptation of state notation to design & implement behavioral laboratory procedures, 9352
alternate binaural loudness balance test, assessment of loudness recruitment, criticism of R. C. Bishop's conclusions on methodology, 4671
alternative approach to identification of cognitive dimensions of work unit structures within organizations, 35–39 yr old employees, 9141
application of latent variable structural modeling to study of adolescent drug use, quality of data, criticism of study of G. J. Huba & P. M. Bentler & J. A. Wingard, 6984

applied research in clinical psychology, Norway, 10791
arguments against emphasis on external validity in theoretical consumer research, 9197
assessment of experience in studies of speech discrimination, infants, 4679
automated technique for home study of lucid dreams, 4617
automatic device for study of maze learning & other higher nervous system activity, mice & rats, 4678
autoradiographic method to measure 2-deoxyglucose uptake, assessment of odor specific spatial patterning of olfactory bulb glomeruli sensory coding, 68
BASIC programs, autocorrelation & goodness-of-fit & human visual attention experiments, 4685
case analysis method, occupational therapy, 13431
characteristics & methods & limitations of information processing approach to cognition, 11885
classification scheme, situation-outcome contingencies for threatening situations, 12 & 15 & 18 yr olds, 3049
cognitive vs behaviorist views, rule following in society, implications for A. Cicourel's cognitive ethnomethodology, 5496
collaboration with network personnel in community, preventive intervention in longitudinal developmental study, 4–8 yr olds, 12398
commercial uses for conjoint analysis methodology in marketing, 2283
comparison of usefulness of meditation methods & methodological limitations of meditation research, literature review, 1568
conceptual confusions & review of common criticisms, case study method, 84
contact stimulator, measurement of cutaneous thermal sensitivity, 4665
content analysis methodology, brief psychotherapy sessions, 60
content purification, homogeneity in psychometric scales of rejection, Ss with mean age of 28 yrs, 11632
cooperative validation studies in employee performance, life insurance field agency heads from 50 companies, 11482
correlation between measures of static & abdominal & dynamic strength during initial skill acquisition, male college students, 2368
criteria for treatment success & reliability & validity of self reports, methodological issues in alcohol treatment outcome evaluations, 6515
criticism of classroom ecology research, support for C. R. Griffith's methodology, 4417
cross cultural research methodology, application to parapsychology, 11536
dark adaptation paradigm for perceptual defense, reply to A. G. Worthington's criticism, 9251
data analysis of whole vs 1st part of interaction task, methodological considerations of assessing family individuation, families, 6955
development of F. Znaniecki's concept of humanistic coefficient, methodological implications, literature review, 9258
development of 2-stage procedure, case identification & classification in psychiatric epidemiology, 8004
device for measuring changes in penile length & circumference, 9270
dexamethasone suppression test & EEG evaluation as biological markers, severe secondary delusional depression, 67 yr old female with thyrotoxicosis, 1105
dexamethasone suppression test as screen for primary depressive illness, alcoholic male inpatients with mean age of 44.4 yrs, 6513
dexamethasone suppression test, discrimination of subtypes of depression, 10567
dexamethasone suppression test, primary depression, patients with mean age of 37 yrs, 12869
diagnostic comparability of brain stem evoked potential vs behavioral audiometry, 6 mo through 12 yr olds, 45
diary maintenance vs Menstrual Distress Questionnaire, measurement of perimenstrual symptoms, 18–35 yr olds, 7012
digital filters & methods, analysis of eye movement data, 9275
discrepancy between transactional theory & relational strategies in research on family functioning, literature review, 6962
divorce rate, marital satisfaction, spouses, reanalysis of 1963 data & implications for methodology in studies of social variables & marital satisfaction, 6958
drop in TV viewing during commercial breaks as measured by electrical activity, 6946
duration & postexperimental removal, elation vs depression induced by Velten Mood Induction Procedure, female college students, 3458
ecological approach to visual perception of J. J. Gibson, aviation psychological research, 2583
EEG vs blood pressure cuff monitoring of ECT seizures, 49–68 yr old depressives, 3890
efficacy of classical twin method, estimation of hereditary vs environmental variation, implication for N.H. & M.R.C. Twin Registry, Australia, 5015
electro-optical & optical system, time series collection of motility & water intake data, rodents, 11620
empirical-experimental vs structural methods, humanistic research in psychology, 4684
encephalization index based on brain/body weight ratio & volume & surface area of brain & cerebral cortex, mammals, 5060
estimation & interpretation of modifiers of disease risk factors, 44
ethnomethodology vs symbolic interactionism, study of temporal characteristics of social life, 2363
evaluation & applications of Check-Call survey method for obtaining customer information, 7009
evaluation of alternative concepts & effect of price levels on purchase intent, consumers, 6959
Evans Blue & acetylcholinesterase analysis, basal forebrain neuron projections to basolateral amygdala, female rats, 11621
exclusion of rest time, accuracy of measurement of production efficiency, employees, 59
experiences of E. Swedenborg, modus operandi of spirit communication, 11528
experimental methodology, measurement of brain activity mediating behavior, critique of G. S. Wasserman & K. L. Kong's article, 2804
explanatory linguistic models & validity of psycholinguistic research, literature review, 5291
exploratory & confirmatory techniques of K. C. Joreskog, exploratory factor analysis, 219
external validity of consumer research, 9212
facet theory, applied psychological research, 6950
fixed resource method, creation of profile of ideal football player, college football players vs nonplayers, 1030
fluorescent tracer histology & acetylcholinesterase histochemical analysis, morphology & intercellular organization & cortical projections of cholinergic neurons in basal forebrain, rats, 11567
Fourier components of visual moving gratings, 9303
genogram, 3-generational family history taking in family therapy, 2391
graduate coursework in research methods & statistics, socialization to research role, female graduate nursing students, 13491
hierarchical classification method, analysis of measurement of self concept, 41
high-pass filter cut-off variation during measurement, development of early auditory evoked responses, kittens, 73
historical research in music therapy, 8302
home range & level of harassment & presence of predators & habituation to humans as measures of environmentally disruptive influence of humans, monkeys, South Asia, 7320
horseradish peroxidase technique, assessment of projections from locus ceruleus to olfactory bulb vs olfactory tubercle, cats & rats, 11583
humanist vs activist vs experimentalist vs planner approaches to environmental aesthetics, 2272
hypergeometrical tests & Holm adjustment, testing of types in configuration frequency analysis, 4823
individual vs group research methodologies, voluntary heart rate control, literature review, 11565
informed consent with vs without statement of right to withdraw from experiment, effects of noise stressor on cognitive task, college students, 11575
intracerebral isotonic saline, prevention of behavioral deficits due to bilateral caudate nucleus damage, male rats, methodological implications, 543
intrahippocampal kainic acid, EEG & seizures, male rats, method for recurrent seizure induction, 2928
iontophoretic 5-hydroxytryptamine, postsynaptic depression in dorsal lateral geniculate nucleus during visual stimulation vs acetylcholine vs homocysteic acid iontophoretic pulses, cats, stimulation methodological implications, 7555
issues of sample selection in research, biologically at-risk & developmentally delayed infants, 6975
item by group interaction method vs method comparing probabilities of response for different groups conditional on ability level, assessment of item bias, 107
iv diazepam test & subsequent relief of symptoms, prediction of response to benzodiazepam & tricyclic antidepressant therapy, anxious & depressed 18–68 yr olds, 4091

job evaluation methods, similarity of job rating classifications, South Africa, 6876
justification of criminal justice policy, US & Canada, criticism of methodology used by D. Lipton et al & R. Martinson, 3328
Lee Obesity Index vs body fat & ovariectomy, measurement of diet-induced obesity, female rats, 11611
life histories as research tool in adult education, 4691
Maintenance of Wakefulness test, measurement of ability to stay awake as evaluation of treatment efficacy, narcoleptics, 3904
major research strategies & methodologic standards, studies of risk factors for child abuse, 11596
maturity in field of qualitative methods, 9262
measurement of therapist behavior, prediction of psychotherapeutic outcome, literature review, 6159
measurement of treatment outcome, smoking cessation research, 11610
measurement of warm-up decrement in task performance, literature review, 6990
meta-analysis procedures, assessment of cognitive sex differences, 2381
method for study of early syntactic development, children, Poland, 3162
methodological & statistical problems in differential diagnosis of neuropsychological vs psychiatric disorders, 5693
methodological & theoretical issues, sexual behavior, aged, 12623
methodological aspects of routinization project, 9364
methodological concerns in assessment of social perception abilities, learning disabled children, 6983
methodological considerations for alternate binuaral loudness balance test, reply to criticism of J. D. Hood, 4662
methodological critique of literature on psychopathology of Holocaust survivors, literature review, 10502
methodological difficulties in reflection-impulsivity research, 7936
methodological discussion, Study of Parental Involvement in Federal Education Programs, 9351
methodological errors & omissions & need for goal-directed planning in education project, preventive mental health work, 13364
methodological flaws of paradigm using spontaneous moral discussions, criticism of W. Damon & M. Killen's study of social interaction & moral reasoning in young children, 845
methodological implications of meta-analysis of psychotherapy outcome research, 13178
methodological integration in Research & Development Utilization Program, 9308
methodological issues associated with psychiatric epidemiological surveys, Europe, literature review, 4673
methodological issues in meta-analysis of psychotherapy outcome research, 13172
methodological issues, mental health needs assessment, literature review, 6405
methodological issues, Rural Experimental Schools Study, 9292
methodological issues, social support as buffer against life stress, literature review, 91
methodological problems in child abuse research, 4674
methodological problems in evaluation of risk reduction programs related to cigarette smoking & alcohol use, 5th–7th graders, 11210
methodological problems of psychology, 11590
methodological problems, study of pronominalization & development of grammatical marking of thematic structure in discourse, English or French speaking 4–9 yr olds, 3122
methodological rigor, results of evaluation of organizational development research, 13800
methodological solipsism as research in cognitive psychology, critique of J. A. Fodor's discussion, 2384
methodological suggestions, accounts of history of psychology, 2327
methodologies for evaluation of organizational effectiveness & program cost vs benefits, 75
methodologies for genetic analysis of disorders, Gilles de la Tourette's syndrome & stuttering, children, literature review, 3520
methodologies using linear slopes vs time bands, assessment of amplitude changes of visual evoked potentials, schizophrenics, 11572
methodology, between- and within-group rank order agreement in brand preference ranking, 228
methodology, birth planning decision making, reply to critique by J. F. Yates & W. M. Goldstein, 12565
methodology, chair design evaluation, 4595
methodology, collection of routine statistics from mental & other health services, 38
methodology, evaluation of deinstitutionalization & other community social programs, 13371
methodology, family planning decision making, critique of procedure developed by L. R. Beach et al, 12585
methodology for monitoring impact of sex role stereotypes on therapeutic behavior, counseling psychology graduate student psychotherapy trainees, 1885
methodology for study of history of psychology, Spain, 4686
methodology, intuitive analysis of qualitative data, 8967
methodology issues & model of variables, stress & illness onset, 11586
methodology, measurement of athletic performance, 13748
methodology of case study of process & outcome of time-limited counseling, reply to criticisms by G. S. Howard & M. J. Lambert, 10833
methodology of case study of time limited counseling process & outcome, comments on article by C. E. Hill et al, 10835
methodology of psychoanalytic theorizing, literature review, 4654
methodology of studies on reflective group counseling, parents of mentally retarded children, 11037
methodology, unidimensional construct measurement, 7122
methodology, use of mathematical models of EEG analysis, 9864
methods for dealing with low survey response rates in higher education research, 11396
methods for obtaining factor structure of personality, 217
methods of measurement, Piagetian conservation tasks, aged, 12443
methods of need assessment for mental health services, 1722
methods of social forecasting, literature review, 7865
micro-epidemiological level of analysis & research strategy, unemployment & health, 9049
mini-cross-site analysis, comment on journal articles, 9319
model of applied research, 2379
modified absolute judgment method for measurement of oblique effect in conditioned tilt naming, college students, 9317
multiple plate adjustable dynamometer & electromyograph & nontelemetric methodology, analysis of postural responses, quadrupeds, 6957
need for operationalization of time-unlimited counseling when comparing with time-limited counseling, comment on K. R. Kelly & G. L. Stone's study, 3940
need for social validation method, educational placement decisions, trainable & educable mentally retarded 6–21 yr olds, 8926
normative values of brain stem auditory evoked potentials as measured by digital filtering & automatic peak detection, 4–39 yr olds, implications for screening auditory deficits, 6973
official reports of incidence vs citizen-defined victimization, measurement of crime, 4818
open- vs closed-set procedures, compressed-speech perception testing, 20–24 yr olds, 7225
operationalization of new methods for estimation of differential effects of media context on advertising effectiveness, 6949
orientation & methodology, social psychology, 3380
overnight dexamethasone suppression test, literature review, 5675
paradoxical sleep deprivation by platform vs pendulum technique, locomotor activity & light-dark preference, male rats, 12190
past life experiences & vocational preferences, college students, integration of J. L. Holland & W. A. Owen's research paradigms, 9043
photocell-activated tachometer, running wheel motion detection, 6995
phylogeny of brain organization as measured by numerically ordered characters of central neural organization, various mammalian species, 5067
picture pointing technique vs visually reinforced operant task used with infants, assessment of speech discrimination, 4 yr olds, 7676
polyfunctionality of auditory perception, methodological implications, 7229
portable apparatus, measurement of arousal-related stress, 98
posture & method of measuring group latency, response patterns & individual differences in click-evoked acoustic emissions, normal hearing 21–42 yr olds, 5065
preferential looking technique as measure of visual acuity, infants, criticism of study by R. Held et al, 5393
preferential looking technique as measure of visual acuity, infants, criticism of study by R. Held et al, 5342
problems with & importance of observational skills in psychology, literature review, 9254
problems with research methodology based on assumptions of humanism, 9348

procaine vs muscimol microinjections into superior colliculus vs reticular formation, open field locomotor & exploratory behavior, male rats, methodological implications for electrolytic & AC lesions, 528
process & outcome of case study of time-limited counseling, comments on methodology of article by C. E. Hill et al, 10839
psychological methodology, matching of stimulus duration, male rats, 2370
psychometric vs cognitive psychological methods, study of reading comprehension, 61
psychometric vs instructional validation of learning hierarchies in mathematics, 2nd graders, 6634
psychophysical method for derivation of impulse response, criticism of assumptions by J. A. Roufs & F. J. Blommaert, 11619
relationships between puffing & puff duration & volume & heart rate change, 23–59 yr old heavy smokers, implications for research methodology & validity, 11577
repeated dexamethasone suppression test, hypothalamic pituitary adrenal hyperactivity, depressed patients, 1158
reproducibility of dexamethasone suppression test, depressed inpatients with mean age of 42 yrs, 3557
research assessment & treatment issues, social competence & social skills, children, literature review, 10237
research methodology for study of group phase development & leadership in psychotherapy, 4660
research methodology in naturalism & culture & linguistics, literature review, 9329
research methods, effectiveness of progressive teaching, 6624
research trends, sociopsychological climate of collectives, USSR, 83
researcher-respondent relations & methods for dealing with respondent "posturing", 9306
respirometric quotients from oral & nasal air volumes, evaluation of velopharyngeal closure, 6–10 yr olds, 7002
response to dexamethasone suppression test & hypothalamic-pituitary-adrenal axis abnormality, prediction of response to ECT, depressed 20–79 yr olds, 3885
responsiveness to saline for conditioning, blow flies, comments on methodology of M. C. Nelson & J. Hirsch & L. A. McCauley & T. R. McGuire, 7315
saliva thiocyanate levels, validation of self reported smoking, 10–11 yr olds, 12479
self rated vs carbon monoxide based measures of inhalation, cigarette smokers, 89
self report & behavioral & psychophysiological & neuroendocrine measures, measurement of stress, literature review, 4659
self report, measurement of alcohol consumption events & quantities & average drinking rates, 2362
short term monetary allowance following release, recidivism, ex-convict, reply to criticism by P. H. Rossi et al, 13454
short term monetary allowance following release, recidivism, ex-convicts, comment on experimental methodology, 13453
short term monetary allowance following release, recidivism, ex-convicts, criticism of H. Zeisel's interpretation of experimental results, 13446
simple & inexpensive technique for sampling cerebrospinal fluid from cisterna magna, unanesthetized rats, 11592
social contact paradigm in cognitive processes research, 4904
social desirability of positive response to question, proportion of "yes" responses obtained using randomized response technique vs self administered direct questioning, college students, 9408
social science model as alternative to natural science approach, sociology & social psychology, 2338
spatial 2-alternative forced choice staircase technique, measurement of contrast sensitivities, 22 mo to 16 yr olds vs adults, 5344
statistical techniques & research methods used in epidemiology., 4834
status & methods & need for miniature theories, research in instructional psychology, 1888
strategies to increase clinical significance of research on behavioral effects of alcohol, 12344
structural analysis of myth developed by C. Levi-Strauss as alternative to Freudian psychoanalytic interpretation, dream analysis & dream of Irma's injection, 1496
structural pattern recognition method, determination of similarity between motor patterns, male runners with mean age of 27 yrs, implications for rehabilitation of physically handicapped, 7185
student evaluation placement practices, special education directors, 6778
suggestions for laboratory research, effects of alcohol on pregnancy outcome, 12336
system for automatic analysis of sleep patterns, 2–12 mo olds, 2382
systemal method, analysis of psychopathological phenomena in psychiatry, 3901
task analysis, research in unusual environments, implications for development of performance test with military applications, 7102
task analytic approach to development of human performance test battery, student pilots, 7103
technique for construction of haptic stimulus patterns for visual & auditory cross-modal & intramodal matching tasks, 9344
techniques & instruments, assessment of attitudes toward death, aged, literature review, 11635
theoretical & methodological issues, learned helplessness, literature review, 9684
theories & deficiencies & interpretation of research using ANOVA model, androgyny, literature review, 90
theory & methodology, role of play in childhood development & play research, discussion of book edited by authors, 10249
theory-testing methodology, educational program evaluation, reanalysis of Ohio-Westinghouse evaluation of Head Start program of V. Cicirelli, 9013
time series analysis, study of sexual hormonal & behavioral cycles, married couples, 12615
time-budget & self report, measurement of tavern-going behavior, Ss over 18 yrs old, Nova Scotia, 5550
transformation of visual feedback, study of oculomotor system, 2341
type of judgment & distance range, scales for subjective distance using fractionation method, college students, 6956
unified perspective as theoretical framework for drug use research, 5553
update on procedural issues of token economies, literature review, 4031
use of latent variable structural modeling in study of adolescent drug use & other naturally occurring events, reply to J. A. Martin, 6969
use of questionnaires in sociopsychological research, literature review, 9310
usefulness of questionnaires to assess memory & role of memory beliefs in memory performance, literature review, 147
valence & nature of target behavior, accuracy & reactivity of self monitoring, college students, 10480
validity of observational studies & other methodological issues, language acquisition research, very young children, literature review, 46
value & direction of research, alcoholism & personality, 12947
variations in exposure duration in tachistoscopic visual laterality studies, 19–29 yr old right handed males, implications for model of cerebral lateralization, 9558

Methohexital

methohexital & succinylcholine & 1 vs 5 ECSs, delay of estrus cycle, rats, 9942
operant learning method, behavioral assessment of dopaminergic effects of dextroamphetamine & apomorphine & haloperidol & methohexital, female rats, 7547

Methoxamine

alpha-adrenoceptor agonists & antagonists, 5-hydroxytryptamine-induced head twitch, female mice, 621

Methylatropine [See Atropine]

Methyldopa

diuretics & methyldopa & guanethidine & reserpine & propanolol & clonidine & spironolactone & other oral antihypertensive drugs, sexual dysfunction, males, literature review, 4087
3-O-methyldopa, levodopa-induced rotation following unilateral nigrostriatal pathway destruction, male rats, 5176

Methylphenidate

cognitive behavioral treatment &/vs methylphenidate, behavior, hyperkinetic 8 yr olds, 10782
desipramine & methylphenidate, chronic depression, 39 yr old male, 13267
diets rich in saturated vs polyunsaturated fat, locomotor activity response to amphetamine vs methylphenidate vs atropine, rats, 526
eating vs fasting, methylphenidate absorption, 24–40 yr olds, implications for hyperkinesis medication schedules, 4076
methylphenidate & dextroamphetamine, treatment of depression, 15–78 yr old medically ill patients, 6293
methylphenidate & diazepam, reading performance, 6–12 yr olds with severe reading retardation, 8446
methylphenidate, childhood-onset pervasive developmental disorder, 5 yr old male, 8478
methylphenidate dosage, paired associate learning, 5–11 yr old males with attention deficit disorder with hyperactivity, 6280
methylphenidate dosage, stimulant induced stereotypy, severely & profoundly retarded 13.6–26.4 yr olds, 10927

methylphenidate, paired associate learning performance, hyperactive 9–13 yr old males with attention deficit disorder, 8466
methylphenidate serum levels, hyperkinetic 6–13 yr olds vs adults, 8461
methylphenidate, simple vs choice RT, 7–12 yr olds with attention deficit disorder, implications for ineffectiveness for long term academic achievement, 1587
methylphenidate, social behavior, 6–15 yr old hyperkinetic males, 8449
methylphenidate test, differentiation of response to imipramine & desipramine & amitriptyline & nortriptyline, 15–58 yr olds with major depressive disorder, 13292
predictive factors, outcome as measured by need for methylphenidate hydrochloride, hyperactive 48–92 mo olds with attention deficit disorder, 30-mo followup, 6298
sydnocarb vs imipramine vs methylphenidate vs psychotherapy, enuretic children with mean age of 7.9 yrs, 1646
temazepam, methylphenidate vs caffeine induced insomnia, male college students, 667
Methysergide [See Serotonin Antagonists]
Metrazole [See Pentylenetetrazol]
Mexican Americans
aptitude test & academic preparation & personal attributes, prediction of performance in medical school, Black & American Indian & Mexican American vs nonminority students, 4273
attitudes toward & expectations of school busing, 9–17 yr old Mexican American students, 2014
availability & use of interpersonal support network & mental health problems, Whites vs Blacks vs Mexican Americans vs Guamanians, 12892
awareness & empathy towards others' feelings, shared feelings & affective role taking, Anglo & Mexican American 66–109 mo olds, 3217
biculturalism & locus of control, leadership behavior, groups of Anglo & Black & Chicano college students, 7875
birthplace & ethnicity & exposure to US culture, talking about sex & pregnancy & birth control & use of birth control, pregnant Mexican American vs non-Mexican adolescents, 5438
correlation between Peabody Individual Achievement Test & WISC-R, Mexican American vs Anglo children, implications for diagnosing learning disabilities, 132
economic class & perceived parental practices, prosocial development & cooperation & competition & individualism, Anglo vs Mexican American 4th–6th graders, 3219
ethnic background, perceived training needs, Black vs Mexican American vs White female Child Development Associate trainees, 4305
ethnicity/race & social class, sex roles, female White vs Black vs Mexican American college students, 3356
factor structure of Behavior Problem Checklist, male vs female Mexican- vs Anglo-American 3–5 yr olds, 177
fatalism & inflexibility, impact of stress & depression, Anglo vs Mexican American adults, 12775
help seeking behavior, foreign- vs native-born Mexican Americans, 12553
Houston Parent-Child Development Center program, behavior problem prevention, low income Mexican American 1–3 yr olds & their families, 4148
intermarriage, Mexican Americans, literature review, 10334
interviewing technique, self disclosure willingness & perceptions of counselor, Mexican American vs Anglo male vs female college students, 3924
item bias on WISC-R, White vs Black vs Mexican American vs American Indian 6–15 yr olds, 11682
level of ethnic minority persons in social power-influence systems of high schools, negative school experiences & attitudes, Chicano college students, 13661
Mexican culture curriculum, attitudes toward Mexican Americans, Anglo vs Mexican American 6th graders, 13631
Mexican-American Culture Simulator, training in cultural awareness, child welfare workers dealing with Mexican American clients, 1871
moral reasoning development, Chicano vs Anglo 2nd–9th graders, 12470
number of siblings & birth order & ethnic & age & sex differences, cooperative-competitive social behavior, 5–12 yr old Anglo Americans vs Mexican Americans, 863
parental role models & support & aspirations & attendance of integrated schools & inner strengths, attainment of professional degrees or doctorates, male vs female Mexican Americans, 3277
parental schooling & occupational status & maternal employment, educational aspects of parent child relations & child's academic achievement, Chicanos vs non-Hispanic White families, 11265
perception of student competence, remedial Mexican American 3rd–5th graders vs their teachers, 1999
political consciousness & conceptualization & measurement of ethnicity, Chicanos, implications for political mobilization, 12542
prevalence of treated & untreated psychiatric symptoms & disorders & help seeking behavior, Blacks & Whites & Mexican Americans, 12889
responses to Scales for Rating Behavioral Characteristics of Superior Students, Anglo vs Mexican American gifted 1st–6th graders, 4470
role of conventional medical care vs folk healing systems, health care delivery, Mexican Americans, 13338
sex & educational attainment & ethnic origin, sex role attitudes, Asians vs Blacks vs Mexican Americans vs Native Americans vs Whites, replication of P. Hawey's study, 10362
sex & marital & employment status, depressive symptoms, Mexican Americans, 3616
sex role attitudes, agreement with attitudes stereotypical of Mexican family, male vs female Chicano vs Anglo college students, 12604
sex role restrictions & socioeconomic status & alienation & motivation & self & teacher expectations & cultural identification, participation in post-secondary education, Mexican American females, literature review, 3297
sociocultural factors & ethnicity & language & working status & time of migration, use of health care facilities for perinatal care, 16–41 yr old pregnant Mexican Americans, 10964
stability of McCarthy Scales of Children's Abilities scores over 1-yr period, English- & Spanish-speaking Mexican American 3.9–5.3 yr olds, 9449
stereotyped portrayal in social science, female Mexican Americans, 3270
validity of Estes Reading Attitude Scale, Mexican American vs Anglo 4th–5th graders, 9005
validity of McCarthy Scales of Children's Abilities, prediction of academic achievement, 2nd grade Mexican Americans, 9024
WISC-R factorial validity, Anglo vs Mexican American vs Black 5–11 yr olds, 4784
work environment, job satisfaction, White vs Black vs Mexican American employees of mental health agencies, 1863
Mexico
autonomy of decision making in foreign affiliates of US multinational corporations, France & Mexico, 9145
country's sociocultural premises, prevalence of myocardial infarct, US vs Mexico vs Japan vs Italy vs Czechoslovakia vs France vs Israel, 8215
drug usage, non-student youth, India & Pakistan & Switzerland & Canada & Mexico & Malaysia, 10259
factorial structure, self esteem, 15–35 yr old females, Mexico, 880
family conflict & prestige & acquisitions of new skill & sex, migration, Mexico, 903
illness beliefs & use of health care services, rural towns, Mexico, 13345
incidence of visual & auditory hallucinations, schizophrenics, Mexico, 10545
legalization of conjugal unions, rural 15–49 yr old females, Colombia & Mexico & Peru & Costa Rica, 10347
overt vs covert sexism in reading primers, 1960 vs 1972, Mexico, 8849
seasonal migration, economic stratification & interpersonal relations, rural community legal vs illegal migrants vs nonmigrants, Mexico, 5477
shame & acculturation, interethnic relations, Indian & Latin town residents, Mexico, 7763
societal role of "super stressful" sports competitions, Mexico vs Alaska, 3291
standardization of Denver Developmental Screening Test, 2–54 wk olds, Mexico, 11690
validity & reliability of drug use questionnaire, students, Mexico, 11673
Mianserin
iprindole vs bupropion vs mianserin, chronic stress model of depression & corticosterone levels, male rats, implications for drug therapy, 631
maprotiline vs nortriptyline vs clomipramine vs imipramine vs amitriptyline vs imipramine oxide vs mianserin vs zimelidine vs nomifensine vs isocarboxazid, salivation, 19–41 yr olds, 10027
mianserin, side effects & effectiveness, hospitalized & outpatient depressives, 1608

mianserin vs amitriptyline, cerebrospinal fluid levels of monoamine metabolites, 29–68 yr old depressed inpatients, 8468
mianserin vs chlordiazepoxide vs placebo, primary anxiety, 16–50 yr old general practice patients, 13257
mianserin vs nomifensine, treatment of depression, 8477
Mice
ability to learn simple food searching task & extrapolate direction of stimulus movement, mice with Robertsonian chromosome translocation, 4975
acetylcholine & noradrenaline & dopamine & serotonin & drugs affecting cholinergic & monoaminergic & noradrenergic & dopaminergic neurotransmitter systems, passive avoidance, male mice, 7530
age & environmental enrichment, retention on passive avoidance task & cholinergic muscarinic & benzodiazepine receptor binding in brain regions, male mice, 9852
age & propranolol vs clonidine, digitoxin-induced behavioral toxicity, mice, 12320
age & strain & commercial vs laboratory breeding, brain development & corpus callosum deficiency, inbred mice strains, 341
age vs experience, nest building behavior, inbred & outbred mice strains, 425
alpha-adrenoceptor agonists & antagonists, 5-hydroxytryptamine-induced head twitch, female mice, 621
amphetamine & restricted food access, reduction of food intake & body weight & hypothalamic norepinephrine levels, genetically obese mice, 10021
antidepressant & anxiolytic & neuroleptic & antiaggressive drugs, nonsocial & social & aggressive & defensive behavior, male rats & mice, 5262
asymmetries of unilaterally & bilaterally induced audiogenic seizures, DBA/2J vs SJL/J mice, 12175
attack by high status S, acquisition of learned submissive behavior, ICR & C57BL/6 mice, 9725
automatic device for study of maze learning & other higher nervous system activity, mice & rats, 4678
basic taste stimuli, chorda tympani nerve responses, mice, 5093
beta-phenylethylamine, activity & role of catecholamine/indoleamine interaction, isolated vs grouped mice, 2933
bipiperidyl mustard lesions, brain convulsive response to hypoglycemia, female mice, 12291
blockade of olfactory perception by N-methyl-formimino-methylester, olfactory sensory epithelium morphological alterations, male mice, 2910
brain level of dopamine & neophobia & locomotor responses to novelty, C57BL/6JOrl vs A/JOrl vs their reciprocal F1 hybrids, 2752
burying of sources of aversive stimulation, rats vs mice vs guinea pigs vs hamsters, 12014
butorphanol, nociceptive response in modified tail-flick test, rats vs mice, 657
calcium valproate vs aminooxyacetic acid, agonistic behavior, nonaggressive group housed vs aggressive isolate male mice, 690
castration & sham-castration & testosterone & estradiol, attack on lactating intruders, male mice, 5163
castration, aggressive & defensive-escape components of agonistic behavior, male mice housed singly vs in social cages with females, 581
cerebral amino acid alterations following cycloheximide & anisomycin administration, norepinephrine & dopamine & hydroxytryptamine synthesis in synaptosomes, male mice, 12331
cerebral asymmetry, general open field behavior & exploratory activity, mice, 5037
ceruletide vs ceruletide analogs vs cholecystokinin octapeptide, catalepsy & hexobarbital-induced sleep & harman-induced convulsions, mice, 7579
chlordiazepoxide & shock, attack behavior, adult male mice, 5177
chlordiazepoxide vs N-demethylchlordiazepoxide, ethanol-induced sleep time & blood & brain chlordiazepoxide levels, male mice, 2929
chlorpromazine, continuous avoidance, male mice, 12263
chronic stress & chronic narcotic antagonists during development, sensitivity to analgesic effect of morphine, mice, 5170
classical conditioning, stress-induced analgesia & reversal by naloxone, male mice, 2875
contact with sham-preputialectomized & castrated Ss marked with preputial gland material, attack directed toward long-term castrates, isolated male mice, 5165
cyclo(Arg-Gly), stability & half-life in brain & plasma & puromycin-induced amnesia, mice, 703
deficiency in glycine-mediated inhibition & involvement of benzodiazepine & GABA binding sites, spastic symptoms, mutant mice spastic, 5023
delayed hyperbaric helium/oxygen treatment, ethanol effects, mice, 5218
developmental difference, nigrostriatal tyrosine hydroxylase activity, BALB/cJ vs CBA/J mice after 1st postnatal wk, 440
dextroamphetamine & isolation vs inescapable shock, acoustic startle, mice, 12161
dextroamphetamine, facilitation of avoidance following anisomycin-induced amnesia, male mice, 10031
diazepam, exploratory activity, mice strains, 12262
differentiation of analgesic effects of morphine & GABA-agonists, OF sub 1 vs CD sub 1 vs NMRI mice, 5236
dominance hierarchy relations & individual S characteristics, group learning & performance of shuttle avoidance, mice, synthesis of ethological & conditioning approaches in model of group learning, 9751
dosage levels of haloperidol vs metaclopramide vs pimozide vs butaclamol, ACTH-induced grooming & locomotor activity, male mice, implications for dopamine neurotransmission in grooming, 2941
eboracin, suppression of pentylenetetrazol-induced ECS & audiogenic seizures, male mice, 2917
electrical stimulation of auditory nerve, inferior colliculus evoked potentials, "deafness" mutant mice, 525
enriched vs impoverished environment, learning, dwarf mice, 343
enriched vs impoverished environment, locomotor activity & exploration & habituation in open field, dwarf mice, 12138
estrus & stressful stimulation, response latencies & open field behavior, female mice, 12154
ethanol, phenotypic differences in sleep time & cerebellar Purkinje neuron discharge, inbred strains of mice, 12337
ethanol, transient susceptibility to audiogenic seizures, weanling C57BL/6J mice, 12329
evidence for insular cortex-nucleus parabrachialis gustatory & visceral afferents, male mice, 5108
exposure to horse dung containing seeds, attraction to dung, spiny pocket mice, 382
exposure to trained fighters as social stress, responses to sheep red blood cells & disease resistance, male mice, 5146
failure to demonstrate spatial memory in radial maze, mice vs rats, implications for research on innate foraging patterns, 4967
familiarity & degree of relatedness & sex & age differences, social interactions, mice, 387
foster mother strain & handling, open field behavior & plasma corticosterone levels following placement in novel environment vs no disturbance, inbred A/J mice, 9798
genetic analysis, social aggression, male offspring of wild male mice crossed to BALB/c vs C57BL vs wild females, 5020
genetic variation vs maternal environment, morphological & behavioral traits, wild house mice, 2754
genetics & phenotypes, handedness, house mice, 12028
genetics, taste perception of strychnine, inbred mice, 9823
ginseng & eleutherococcus, hypothalamic-pituitary control of stress, mice & rats, 10008
group housing vs isolation & ethanol, aggressive/attack & social behavior, male mice, 5186
haloperidol & diazepam & properidiazine & lithium chloride, social behavior & aggression, treated male mice & their untreated partners, 5235
high vs low ambient temperature, learning & memory of avoidance task, C57BL/6 vs BALB/c/OrL vs A/J male mice, 542
hypophysectomy & cortisone, hyperphagia & obesity & ventromedial hypothalamus lesions induced by gold thioglucose, female mice, 12146
icv ACTH peptides vs footshock vs naloxone, changes in 2-deoxyglucose uptake in brain regions, male mice, 2934
in utero estrogen exposure, facilitation of fighting behavior by testosterone, mice, 12278
individual vs paired housing & sensory communication, fighting behavior, male mice, 5162
intense noise, response of auditory neurons in inferior colliculus, inbred mice, 554
interaction of muscarinic agonist vs antagonist with phencyclidine, effect on muscarinic receptors & evidence against anticholinergic hypothesis of phencyclidine, male mice, 2951
interruption of shock vs novel stimulus as stimulus change, escape performance disruption by uncontrollable-shock vs haloperidol pre-exposure, mice, 9923

intracerebral injections of alpha- vs beta- vs gamma-endorphins, dopamine metabolism & behavior, male mice, 5245
intrahippocampal naloxone vs morphine, exploration of novel environment, C57BL/6 vs DBA/2 male mice, implications for role of opioid peptide modulation of cholinergic mechanism, 701
isolation as punishment for aggression, subsequent aggression, group-reared male mice, 5182
isolation-induced aggression, number of benzodiazepine receptors in various brain regions, male mice, 7486
lesions of dorsal hippocampus vs medial frontal cortex, spatial learning, C57BL/6 vs DBA/2 male mice, 564
light-dark cycle vs constant light & naloxone, nociceptive thresholds & morphine analgesia, C57BL/6 vs SEC/1Re mice, 12172
litter size & resultant nursing investment, subsequent reproduction of mother & female offspring, mice, 7335
main &/vs vomeronasal olfactory system, agonistic behavior, male mice, 12215
manipulation of external stimuli in rearing environment, social behavior, mice, 7292
maternal vs progesterone-induced nesting, female mice of inbred strains, 2757
mode of inheritance & prenatal & postnatal maternal behavior, behavioral development, mice from 5 inbred strains, 9822
morphine & apomorphine vs amantadine, choline uptake into corpus striatum synaptosomes, male mice, 12348
muscimol & haloperidol withdrawal & picrotoxin, apomorphine-induced climbing & striatal homovanillic & dopamine levels, male mice, 12297
naloxone & morphine tolerance & morphine vs ethanol, impairment of roto-rod performance, male mice, 2950
naloxone & naltrexone & apomorphine, shock- & social isolation-induced aggressive behavior, mice, 5173
naloxone & sodium chloride & exposure to aggressive dominant mouse, learned submissiveness, mice, 5269
naloxone, suppression of food intake, genetically obese vs streptozotocin-induced diabetic mice, 647
naloxone vs diprenorphine, spontaneous activity, individual vs paired mice vs rats, 10002
nutrition, scopolamine-induced activity potentiation, mice, 12174
olfactory stimulation, olfactory epithelium activity as measured by 2-deoxyglucose uptake, salamander & mouse, 2786
oral vs ip trichloromethane, taste aversion & fluid intake, male mice, 644
ovariectomy & gonadectomy, social & predatory aggression, individually housed male & female mice, 5168
pain & defeat, territorial aggression & offense, mice, 7300
pairing with sexually experienced vs inexperienced male, individual & social behavior, female mice, 9785
parity & maternal environment, strain differences in pregnancy-induced nest building, C57BL/6J vs DBA/2J mice, 2747
pentobarbital, hypnotic & hypothermic responses, long- vs short-sleep lines of mice genetically selected for ethanol sensitivity, 10028
pharmacological & biochemical characteristics of clocapramine, mice & rats, 2958
phencyclidine dosage & pretreatment with haloperidol vs methysergide, aggressive behavior & motor activity, mice, 12345
physical dependence on vs preference for ethanol, mice, 586
preferences for clear vs cloudy moonlit nighttime illumination & vertical vs horizontal orientation, field & laboratory studies, wild-reared mice, 361
prenatal prednisolone, birth & weaning weight & eye opening & walking & gripping ability, female mice, 612
pretreatment with mepyramine vs metiamide vs atropine, histamine induced aggressive behavior, mice, 661
prior exposure to CS, lithium-chloride induced avoidance of conspecific odor, male mice, 2696
protein content & cytochrome oxidase activity of brown adipose tissue, thermogenic activity suppression, virgin vs lactating vs pregnant mice, 507
protein synthesis inhibitor cycloheximide vs anisomycin, whole brain norepinephrine & dopamine levels & potassium-stimulated norepinephrine release from hypothalamus, mice, 10007
pup retrieval, inbred strains of mice, 12029
removal of vomeronasal organ vs olfactory bulbs, ultrasonic courtship vocalization & seminal vesicle regression & plasma testosterone, mice, 12237
reproductive experience & environment, postpartum aggression, C57BL/6J vs DBA/2J female mice, 5011
selective breeding for severity of ethanol withdrawal syndrome, HS/1Bg mice, 12038
sensitivity to ethanol & t-butanol & 1,2-propranediol & phenobarbital as measured by drug-induced ataxia, C57BL/6J vs DBA/2J mice, 2924
sensory discriminatory processes, pup recognition & retrieval, female mice, 7328
septal lesions & postsurgical enriched vs restricted environment, reactivity to handling, mice, 530
sex & isolation, physiological stress, mice, 5151
sex of S & stranger, recognition of strangers differing in littermate & cagemate status & kin recognition, white-footed deermice, 375
silil derivatives of alpha-pyrrolidone, emotional behavior & orienting response & locomotor activity & brain GABA & dopamine metabolism, mice, 10046
social isolation & n-dipropylacetate, aggression & brain GABA levels, male mice, 5185
social isolation, aggressive behavior & brain alpha-melanotropin changes, male mice, 5111
staggerer mutation & sexual experience, successful mating, mice, 2748
strain differences, aggression, mice, 4964
substance isolated from feces, reduction in eating & drinking behavior, rats & mice, 12041
substance P fiber ontogeny in trigeminal nerve, embryonic & neonatal mice, 2790
synthesized enkephalin analogs, electrically induced ileal contractions & analgesia, guinea pigs & mice, 7559
thiorphan & bestatin, striatal met-enkephalin & inhibition of dipeptidyl carboxypeptidase & pain thresholds, female mice, 5282
training in discriminated Y maze avoidance task, regional brain uptake of 2-deoxy-dextro-glucose, 7428
training on continuous vs FR schedules, level of hunger motivation during extinction, genetically obese male mice, 12040
unchanged thermoregulatory set-point & hypothermia, development of obesity, mice, 499
uptake & retention of testosterone & its metabolites in forebrain, castrated male mice, implications for aromatization of testosterone to estradiol in forebrain, 484
urine from grouped estrous vs nonestrous sib vs nonsib females & cage density & reproductive history & pup cross fostering, sexual maturation, singly caged female mice, 7456
varying dose levels of urine & mixing types from different donors, delay vs acceleration of 1st vaginal estrus through chemosignals from urine, female mice, 502
vibrissal amputation, cricket predation, mice, 9707
viloxazine hydrochloride, seizure thresholds of experimental epilepsy, mice & rats & baboons, 655
Y chromosomes, intermale aggression, DBA/1Bg vs DBA/2B mice, 5019
5,7-dihydroxytryptamine, motor activity & aggression & defecation as measure of emotionality, male mice, 5253
Micturition [See Urination]
Middle Aged
age & sex & retirement status & education & marital status & volunteerism, life satisfaction, 55–74 yr olds, 730
age & sex, acoustic reflex amplitude changes, 20–80 yr olds, 782
age differences, contingent negative variation during divided attention task, 18–32 vs 55–69 vs 70–85 yr olds, 7626
age differences, information acquisition strategies, 45–50 vs 60–65 vs 75–80 yr olds, 7661
age differences, role of reduced memory in reasoning from new information, 17–86 yr olds, 3129
anomia, White males aged 40 yrs & over, 12750
attributions of ability & effort & task difficulty & luck & age for success vs failure, female college students vs 55–82 yr olds, 1031
blood pressure & somatic complaints, normal vs hypertensive 21–65 vs 31–50 vs 51–65 yr old males, 3866
characteristics & preferences, art students aged 55 yrs & over, implications for community program planning, 2003
characteristics of midlife females, role of Women's Opportunities Network & other programs & services, adult females returning to college, 2008
educational level & previous musical experience, musical preferences, Ss aged 55 yrs & over, implications for music therapy & recreation, 743
employment outlook, older top level managers, 11472
employment status, self esteem & psychological well-being & physical health, 40–59 yr old females, 12469
female therapists at menopause clinic, ease in expression of menopause problem, middle aged females, 1671
health status & menopause & sexuality & values & menstruation problems & symptoms, daydreaming, 40–60 yr old females, 12392

incidence of substance abuse & schizophrenic disorders & organic brain syndrome & referral characteristics, emergency room patients aged 40–65 yrs & over, 4209
indices of psychosocial adjustment & motives for achievement & power & affiliation & intimacy, middle aged males, longitudinal study, 10244
interest in expressive & instrumental courses, Ss aged 55 yrs & over, 739
judgment of clinical concepts on semantic differential, 33–55 vs 56–70 yr old cardiovascular patients, 6034
leaderlessness & midlife transitions, termination of couples group, male vs female mental health professionals & spouses, 3976
life change & stress, onset of heart attack, 30–55 yr old myocardial infarction patients, 3849
life experiences & change in relationships & marriage, older married females, 12567
mid-life career crisis, 20–55 yr old male managers, Australia & Great Britain, 2194
need for training in counseling middle aged males changing careers, counselors, 8601
opportunities for growth, adults in postparental stage, 3037
perceptions of husbands' midlife career changes, 30–50 yr old wives, 10320
problems & needs, Ss 55 yrs old & older, 729
reasons for racing & feelings experienced during race, middle aged 1st-time marathon runners, 3494
religiosity & death anxiety, 20–30 vs 40–60 yr olds, 7916
reversal of Necker cube illusion, 20–39 vs 40–59 vs 61–80 yr old females, 3084
sexual dysfunction, 43–82 yr olds, 3807
social ties & community involvement & family relations, life satisfaction, Ss age 50 yrs & over, 1060
symptoms & causes of pathological maternal nostalgia, 45–55 yr old females whose adult children had left home, 5681
unsupervised self administered aerobic training program, participation & motivation, 40–53 yr old male US Army personnel, implications for supervision & positive reinforcement in military physical training, 13769
uses for reminiscence, life satisfaction, young adults vs middle aged vs aged, 3050
vocabulary scores, free associations to single words vs conceptually related word triads, 23–49 vs 52–90 yr olds, 796
work satisfaction & performance & motivation, older workers, literature review, 11491

Middle Class
age & middle class vs low socioeconomic & abusive/neglected background, regulation of emotional expression & reliability of ratings of emotions, 12–19 mo olds, 5315
autonomy-control variation in childrearing, alienation, college students reared in middle class professional homes, 12570
socioeconomic status & aggression, middle vs lower class 11–14 yr olds, 3225

Middle Class Attitudes
middle class interests, organization of curricula, 8850

Middle Ear
middle ear dysfunction & sensorineural hearing loss & age & signal bandwidth, acoustic reflex amplitude, 20–80 yr olds, 8203
middle ear muscle activity during REM sleep, 19–54 yr olds with schizophrenia vs schizoaffective disorder vs major depression, 5700

Middle East
emerging occupational & educational opportunities, stress, 18–40 yr old females, Kuwait, 992
history of Arabian medicine & psychiatry through 17th century, 3905
principal's leadership style/situational control match, teacher satisfaction, elementary school principals & teachers & students, Lebanon, retest of F. Fiedler's contingency theory, 1927
psychoneurotic profiles, medical students, Iraq, 13522
relaxation technique of H. Benson & M. Z. Klipper, combat anxiety, 5th graders, Lebanon, 1548
urban vs rural residence & education, reproduction & use of health services & infant feeding, mothers, Lebanon, 13346

Middle Income Level
building & resident variables, satisfaction with urban highrise living, residents, 2269
drinking & family history, middle income 15–85 yr olds admitted for alcoholism treatment, 5841
immediate tangible vs social reinforcement, reading & language test scores, middle & low income 7–10 yr olds labeled learning disabled or emotionally disturbed or educable mentally retarded, 6785
number of questions answered per pictorial stimulus, pictorial aid to comprehension, middle vs lower socioeconomic status 3.6–5.2 yr olds, 3113

Middle Level Managers
communication networks, middle level managers, 2208
elements of organizational culture & development & change & managers' job model & performance & perceived freedom, male middle managers, 2200
experience & seniority & age & education & intelligence, performance in assessment center, 25–46 yr old middle managers, 2188
handling conflict in organizations, middle managers & chief executives, 2199
managerial level & sex & age & education, attitudes toward public involvement, recreation & park senior vs middle level administrators, 6855
motivating factors, middle managers in public sector governments vs private sector business & industrial organizations, 2204
ongoing training needs, quality circle leaders, 9128
organizational climate, identification with work vs organization, middle management technicians in textile mills, 2206
organizational ownership & size & managerial level & professional discipline, goals & tactics of influence, middle level vs assistant managers, 9114
organizational structure using sociotechnical self managing work groups, perceived control, top vs middle managers vs workers, 9112
personal work orientations & organizational climate, career success, middle & top managers with mean ages of 43.9 & 45.5 yrs, 11470
role conflict & ambiguity & overload, psychological & physical strain, Type A vs Type B middle managers with mean age of 38.2 yrs, 2205
role conflict created by supervisor, ability & performance relationship, 1st & 2nd level managers, 13790
social support from work group & supervisor, relationship of role conflict to job satisfaction & involvement & anxiety, 30–65 yr old middle-lower managers, 9103

Migraine Headache
assessment & treatment of migraine & tension headache, literature review, 5928
characteristics of cyclic migraine & treatment with lithium carbonate, 28 yr old female, 1404
cognitive & pain stressors, temporal artery & skeletal muscle & general autonomic reactions, 21–59 yr old females with migraine &/vs muscle contraction headaches, implications for psychophysiological mechanism & stress-headache theories, 3787
confusion &/or psychosis, patients with familial hemiplegic migraine, 5957
early onset of migraine headaches, development of learning & behavior problems, 13 yr old female, 8190
left handedness & role of testosterone, migraine & myasthenia gravis & dyslexia & related language disorders & learning disabilities & autoimmunity, 3735
migraine headaches, literature review, 8236
MMPI profiles, patients with chronic low back pain vs migraine headache vs hypertension vs diabetes, 8225
photoelectric plethysmograph biofeedback, self regulation of blood volume pulse amplitude at superficial temporal artery & pain, female migraine headache patients, 4007
psychological vs physiological stress, blood pressure & heart & respiration rate & facial temperature & temporal pulse, migrainous vs nonmigrainous 18–41 yr olds, 5953
psychophysiology, migraine & tension headaches, 1346
rational stage directed hypnotherapy, migraine headaches, 30 yr old female, 4103
social class & mobility, psychosomatic illness, patients with asthma vs angina pectoris vs migraine vs duodenal ulcer vs ulcerative colitis vs anorexia nervosa, 13004
temporal vasoconstriction &/vs handwarming biofeedback, migraine headache, patients, 6237

Migrant Farm Workers
seasonal migration, economic stratification & interpersonal relations, rural community legal vs illegal migrants vs nonmigrants, Mexico, 5477

Migration (Human) [See Human Migration]

Migratory Behavior (Animal)
frosted lens vs no lens, nocturnal migratory orientation, white-throated sparrows, 7481
geomagnetic field, orientation in migratory direction, hand-raised pied flycatchers, 9787
magnetoreception mechanisms, animals, review of evidence from behavioral studies, 465

polarization axis of skylight at dusk, migratory orientation, white-throated sparrows, 9784
population variability & density, animals & plants, 332
reverse turning behavior & compensation for angular course deviations, savannah sparrows, 9803
unilateral blindfolding, locomotor circling responses, marine turtle hatchlings, implications for phototaxic basis of seaward orientations following birth, 4994
visual cues & wind direction, nocturnal migratory orientation, free flying passerine, 7317
Mildly Mentally Retarded [See Educable Mentally Retarded]
Milieu Therapy [See Therapeutic Community]
Military Desertion [See Antisocial Behavior]
Military Enlistment
Air Force Occupational Attitude Inventory, prediction of job satisfaction & reenlistment, airmen, 11648
development of norming of forms of Enlistment Screening Test, prediction of success on Armed Services Vocational Aptitude Battery, service applicants, 9420
item & factor analysis, Forms 8 & 9 & 10 of Armed Services Vocational Aptitude Battery, military enlistment applicants, 9431
ordinary vs pooled sample least squares vs equal weighting vs Bayesian m-group regression, estimation of regression weights in 2-variable linear model of reenlistment intentions, National Guardsmen, 7149
Military Medical Personnel
health education lecture series by physicians & residents from naval medical center, middle school students, 13617
practices & needs in relation to literature information acquisition, military psychologists, West Germany, 8762
Military Officers [See Commissioned Officers]
Military Personnel [See Also Air Force Personnel, Army Personnel, Commissioned Officers, Enlisted Military Personnel, Marine Personnel, Military Medical Personnel, National Guardsmen, Navy Personnel, ROTC Students]
compulsory military service, mental disorders as crisis reaction, 5772
computer-aided visual field screening, military personnel & civilians & commercial aircrews & pilots over 40 yrs of age, Netherlands, 4560
guidelines in counseling females considering military service, 11440
identification of combat unit leader skills, implications for performance in tactical situations, 11462
item & factor analysis, Forms 8 & 9 & 10 of Armed Services Vocational Aptitude Battery, military enlistment applicants, 9431
job performance, military maintenance technicians, 2172
knowledge representation & elicitation & inference & system & expert-machine-user interface factors of expert decision support systems, military situation assessment, 2246
maintenance simulators vs actual equipment trainers for training, performance & cost, military maintenance technicians, 2156
motivational factors, volunteering for centrifuge acceleration research, 18–36 yr old military personnel, 4562
multidimensionality & stability of achievement motivation construct, 17–18 yr old female military trainees, 5624
physical & psychological load, ergopsychometry performance testing, military personnel & sportsmen, 6964
prevalence & consequences of drug abuse, US military personnel, 1980, 5813
spouse abuse, military families, 12971
tactical map scenario, data patterns & meaningful informational chunks in battlefield reconstruction & copying task, military officer experts vs college student novices, information system design implications, 2244
verbal scores on Armed Services Vocational Aptitude Battery, assignment to appropriate difficulty level on Gates-MacGinitie Reading Tests, military recruits, 9382
vertical addition & perceptual speed & grammatical reasoning & closure flexibility tests, repeated measurement in environmental performance evaluation, 19–24 yr old US military enlisted males, 9365
weight of load worn vs carried & type of backpack, easy standing & vertical jump performance, male vs female ROTC students, 9096
Military Psychology
clinical psychology practice & military law, 8779
construction of Performance Evaluation Tests for Environmental Research, military applications, 7068
selection of Performance Evaluation Tests for Environmental Research subtests & comparison with source batteries, military applications, 7043
system utility as objective in information flow management, distributed tactical command control system design, 2255
tactical map scenario, data patterns & meaningful informational chunks in battlefield reconstruction & copying task, military officer experts vs college student novices, information system design implications, 2244
user-adaptive information selector, automatic selection & presentation of textual messages in computer based tactical command system, 2251
Military Training
ability level & individual vs conventional training, grades & supervisors' ratings, US Navy technical school graduates, 2152
analysis of precommissioning training needs, ROTC cadets, 2160
Army training technology transfer program, 11449
carrier landing training using Visual Technology Research Simulator with vs without freeze feature, air force pilots, 9072
characteristics of classes with more vs fewer dropouts, cadets in flight training classes, 2154
Computer Aided Training Evaluation & Scheduling decision model vs human judgment, assessment of flight training performance, US Navy aviators, 11599
concept of convergence/divergence with practice & application & differential long term retention & personnel selection & classification & latent factor identification, implications for military training, 11452
contribution of visual displays in flight simulation, military training, 9079
data entry process for prototype battlefield automated systems, 11445
development & predictive validity of original & revised Flight Aptitude Selection Test, US Army aviation candidates, 9064
Eysenck Personality Inventory, prediction of success in training, military pilots, 7038
individualized & self paced instruction in educational & industrial & military settings, literature review, 11454
instructor vs self expectancy for success, military clerical training course performance, 18 yr old males, 9067
intelligence quotient vs peer vs superior evaluation vs interview, prediction of success in officer training, 18 & 19 yr old females, Israel, 9099
learning strategies research program, satisfaction motivation & performance & self control, US Air Force technical training students, 9077
life experiences & locus of control & training unit environment & success in training, changes in locus of control, male US Marine corps recruits, 11447
performance predicted by Aircrew Psychomotor Test Device & Air Force Officer Qualifying Test & actual performance, US Air Force pilot training candidates, 9075
rate-terminal process theory & suitability of tests for Performance Evaluation Tests for Environmental Research, assessment of productivity & selection & training research, US Navy personnel, 7072
screening measures, prediction of success in Morse code training, military personnel, 2487
sex, acquisition rate for cognitive & psychomotor skills & complex flight skills 1 yr later, US Air Force Academy cadets, selection & training implications, 9076
task analysis, research in unusual environments, implications for development of performance test with military applications, 7102
task analysis, research in unusual environments, implications for military performance test development, 7104
task analytic approach to development of human performance test battery, student pilots, 7103
task analytic methodology, development of human performance battery for environmental research, student pilots, 7105
training task repetition, retention & transfer of maintenance skill, US Army student fuel & electrical repairmen, 11450
unsupervised self administered aerobic training program, participation & motivation, 40–53 yr old male US Army personnel, implications for supervision & positive reinforcement in military physical training, 13769
validity of assessment center, prediction of officer training performance, 18–19 yr old female applicants to military officer school, 9100
validity of conventional vs adaptive tests, prediction of performance in training course, US Air Force jet engine mechanic trainees, 7114
verbal scores on Armed Services Vocational Aptitude Battery, assignment to appropriate difficulty level on Gates-MacGinitie Reading Tests, military recruits, 9382

video games as skill acquisition & learning performance tests & practice effects, US Navy enlisted personnel, implications for pilot selection & training, 11453
Military Veterans
combat involvement & posttraumatic stress disorder symptoms, interpersonal problems, male Vietnam veterans seeking drug/alcohol abuse treatment, 6014
delayed stress syndrome & significant adult decisions, Vietnam combat veterans, implications for transactional analysis, 3546
design & efficacy of volunteer system Serve Alcoholic Veterans in Emergency, 11102
food deprivation followed by meal in anxiety-provoking site, reduction of stress related anxiety & avoidance, 30 yr old male Vietnam veteran, 13227
future goals of VA psychiatric programs, 8621
imaginal flooding, assessment of anxiety reduction across traumatic memories, 31 & 32 yr old male Vietnam veterans with combat-related stress disorders, 1552
implosive therapy, combat related fears, 55 yr old male veteran, 8386
investigator bias, prevalence of stress disorders, Vietnam veterans, comment on study by R. LaGuardia et al, 12882
maladjusted vs well adjusted expectancy, self perceived adjustment & self concept, Vietnam veterans, 12737
misdiagnosis of posttraumatic stress disorder as paranoid schizophrenia, 30 yr old male Vietnam veteran, 12824
posttraumatic stress disorder & alcoholism, Black Vietnam veterans, 3509
posttraumatic stress disorder, Vietnam veterans, addendum to bibliography of J. A. Fairbank et al, 3626
posttraumatic stress response, Vietnam veterans, literature review, 12894
psychiatric disability evaluation & VA claims procedures, delayed posttraumatic stress syndrome, Vietnam veterans, 1123
psychiatric disorders during war & postwar readjustment & psychopathology, Vietnam veterans, Australia, literature review, 12813
psychosocial stress, ischemic heart disease, etiological implications for war veterans, literature review, 10762
psychotherapeutic issues, beginning therapists in VA outpatient clinic, 6110
social & emotional adjustment, 25–45 yr old Vietnam War veterans suffering disfiguring vs no injuries, 4221
Minimal Brain Disorders
attention deficit disorders, adults, literature review, 3758
childhood history of minimal brain dysfunction & current patterns of alcohol use, essential vs reactive male alcoholics with mean age of 43 yrs, 5857
chromatographic profiles of urinary peptides & protein-associated peptides, autistic 4–19.4 yr olds vs psychotic 6–15.4 yr olds vs 9 yr olds with minimal brain dysfunction vs attention deficit disorder vs mentally retarded 3.8–15.1 yr olds, 1098
experimental educational programs, mentally retarded children with minimal brain dysfunction, USSR, 4456
neurological & psychiatric symptoms & episodic dyscontrol, 15–80 yr olds with minimal brain dysfunction, 5956
neurological disorders in neonatal period, etiology of minimal brain disorder, children, 9-yr longitudinal study, 3760
problems in diagnosis of minimal brain dysfunction, implications for effects of such labeling & special education, 13102
symptoms associated with minimal brain dysfunction & depression & diagnosis & psychoanalytic psychotherapy, borderline personality, children, 12838
visuomotor tasks, RT & spatiotemporal organization of movements, Ss with mean age of 8.9 yrs with minor neurological dysfunction, 13076
Minimally Brain Damaged
speech therapy as orthopedagogy, children with speech defects & minimal brain damage, 8518
Ministers (Religion)
nature & level of occupational stress, 27–82 yr old psychiatrists & clinical psychologists & social workers & physicians & attorneys & pastoral counselors, 8751
priest vs minister vs layman as E, religious attitudes assessed by questionnaires vs interviews, Roman Catholic vs Protestant college student, 2367
provision of social support, patients with life threatening illness, ministers & chaplains, 5481
psychological counseling techniques & religious metanoia model of R. R. Carkhuff & W. A. Anthony, 6419
psychological factors, occupational success, female minister graduates, 5482
self concept, evangelical/fundamentalist ministers, 7773
Minn Multiphasic Personality Inven
accuracy of MMPI & Faschingbauer Abbreviated MMPI, classification of low back pain patients as appropriately vs inappropriately disabled, 17–66 yr old patients, 11681
application of item-analytic procedures to factor analysis of MMPI, identification of homogeneous & independent dimensions & item scaling, male prison inmates, 111
behavioral & personality correlates of MMPI 4-5-6 configuration, female psychiatric patients, 3643
Bem Sex Role Inventory & Extended Personal Attitudes Questionnaire, MMPI correlates & normative data, 18–43 yr old male psychiatric inpatients, 4734
content analysis of MMPI & California Psychological Inventory & Eysenck Personality Inventory & EPPS, 4738
cross validation of Megargee MMPI-based typology, male psychiatrically disturbed vs violent inmates, 138
depression as assessed by MMPI & Beck Depression Inventory & pain dimensions of McGill Pain Questionnaire, male pain patients with mean age of 49.7 yrs, 11676
educational background, Psychiatric-Organic Special Scale score of MMPI, functional psychiatric vs organic brain damaged patients, 199
factors for consideration in research on validity of short forms of MMPI, 4744
Faschingbauer Abbreviated MMPI vs MMPI-168 vs full MMPI, alcoholic & drug abusing males with mean age of 44 yrs, 4769
MMPI Low Back Pain Scale vs Conversion V MMPI profile vs Back Pain Classification Scale, measurement of psychological disturbance, 18–65 yr old low back pain patients, 4759
MMPI profiles during manic & depressed & euthymic phases, assessment of psychopathology corresponding with clinical picture, Ss with bipolar psychosis & mean age of 41.4 yrs, 4704
MMPI profiles of psychiatric patients, similarity of diagnoses, psychologists vs physicians, 12861
MMPI profiles, patients with chronic low back pain vs migraine headache vs hypertension vs diabetes, 8225
oral vs written administration of MMPI, scores, 18–66 yr old outpatients, 4756
personality assessment using California Psychological Inventory & MMPI, male vs female visually impaired 18–55 yr olds, 169
psychiatric diagnosis & MMPI & 16PF personality profiles & IQ & neurological results, killers vs nonviolent offenders, 12933
relative classification rates & diagnostic accuracy of actuarial & 1-point code systems for MMPI, college students, 11686
scores on MMPI & Peabody Picture Vocabulary Test & Revised Beta Examination, Black vs White murderers, 4752
sex role orientation & MMPI profiles for psychological adjustment, female college students vs upper middle class housewives, 9371
standard MMPI vs MMPI-168 scores, 13–18 yr old male delinquents, 11667
test reliability of SVIB & 16PF & California Psychological Inventory & MMPI & EPPS & High School Personality Questionnaire, 2474
use of MMPI & WAIS in consultation-liaison psychiatry, 11627
usefulness of MMPI, prediction of treatment outcome, chronic low back pain patients in rehabilitation program, 11694
validity of K-corrected MMPI-168, psychiatric inpatients, 11674
Minor Tranquilizers [See Also Chlordiazepoxide, Chlorprothixene, Oxazepam]
alprazolam dosage levels, sleep induction & maintenance & stages, 21–35 yr old males, 2957
bromazepam, hypotension & hypertension as cardiovascular psychosomatic complications, 18–60 yr old anxious patients, 13269
clobazam vs diazepam, anxiety reduction & withdrawal effects, 19–58 yr olds with anxiety neurosis, 13278
prazepam, anxious & anxious-depressive symptoms & RT & sleep movements, ambulatory & hospitalized patients, 8457
Minority Group Discrimination [See Social Discrimination]
Minority Groups
age & cultural environment & socioeconomic level, IQ, Puerto Rican children, 2454
barriers to treatment & need to encourage client involvement in self help groups & community services, inner-city clinic for diagnosis of learning disabilities in disadvantaged minority children up to 16 yrs old, 6423
biased test items & difference in majority & minority group validity coefficients, 136
characteristics, nonminority vs minority college dropouts, implications for retention programs, 11294

closing of satellite clinic & recentralization of community mental health services, impact on service patterns & minority clientele, longitudinal study, 13375
counseling psychology & ethnic minorities, 4181
educational & socioeconomic variations in schools & neighborhoods, mathematical reasoning & attitudes toward math, urban minority group 8th graders, 6710
external validity, research involving American minorities, 2392
future perspectives, invisible vs popular minority vs Anglo 3rd–6th graders, 3185
gerontology training programs, minority low-income aged volunteers, 6548
group therapeutic approach, teaching of ethnic & minority relations & attitudes, social work students, 4278
incidence & pathogenesis of primary vs secondary alcoholism, Italians vs Slovene minority group members, Italy, 5854
intelligence test performance, minority children, criticism of V. MacKenzie's study, 11623
levels of academic responding time, minority disadvantaged special education students, 11369
minority curriculum & training, clinical psychology programs, 6520
proportional representation in work groups, relations with male coworkers & social support among females, female federal bureaucratic personnel, 13811
role as minority group & importance of rational & equanimous behavior by significant adults for optimal development, adolescents, 3206
self monitoring with vs without self reward, procrastination & academic behavior, academically disadvantaged minority college students, 11212
sex & previous employment & source of job information, obtaining & maintaining employment, former participants in National Urban League's Youth Career Development Project with mean age of 19.4 yrs, 2143
teaching strategies during oral reading, reading fluency, 1st & 2nd grade minority group students, 11213
Misanthropy
voting behavior in 1980 presidential election & misanthropy, college students, 3331
Misbehavior [See Behavior Problems]
Miscarriage [See Spontaneous Abortion]
Miscegenous Marriage [See Interracial Marriage]
Misconduct [See Behavior Problems]
Misdemeanors [See Crime]
Misogyny [See Misanthropy]
Missionaries
prefield orientation program, prediction of success & reduction of loss in personnel, missionaries, 6869
Mistakes [See Errors]
Mnemonic Learning
coding-mapping vs coding only vs decision tree training for simultaneous vs sequential processing & paradigm & memory aids & focus, learning inductive biconditional reasoning, 10th graders, 5369
episodic memory & initial reading instruction & increasing mnemonic complexity of reading materials, 1947
imaginal mnemonics, word recall in paired associate learning, college students, replication of study by W. H. Wallace et al, 9665
individual differences, cognitive training performance, 62–85 yr olds, 5385
keyword vs semantic-based learning strategies, vocabulary/definition learning, college students, 2646
mnemonic codes vs memory pegs vs memory schemes, effectiveness, 313
perceptions of mnemonically relevant actions & memory performance, development of memory strategies, 7–8 yr olds, 7680
practice, ordered recall of items on list & mnemonic strategies, untrained mildly retarded Ss with mean age of 14.5 yrs vs normal 7th–9th graders, implications for problem solving theory of memory, 1302
understanding of retrieval cue placement & utilization, 1st vs 2nd vs 6th graders, 7650
Mobility (Geographical) [See Geographical Mobility]
Mobility (Occupational) [See Occupational Mobility]
Mobility (Social) [See Social Mobility]
Modeling [See Simulation]
Modeling Behavior [See Imitation (Learning)]
Models [See Also Medical Model]
acute vs chronic administration & dosage level of imipramine, treatment of depressive symptoms induced by chronic stress, male rats, implications for drug therapy, 629
advantages/disadvantages of autonomous school vs integrated psychoeducational models of education in residential treatment, emotionally disturbed children, 11067
age & sex & satisfaction & instrumental communication & distributive justice & opportunity & routinization & length of service, turnover, business employees, investigation of J. L. Price's model, 2226
animal behavioral response to amphetamine, model of paranoid schizophrenic psychosis, literature review & comment on review by L. Kokkinidis et al, 677
animal models, genetic factors in alcoholism, literature review, 5016
animal models in psychological experimentation, 2390
anticipatory cardiac arousal in orienting response context, response fractionation, 20–25 yr olds, implications for dual-process model of preliminary orienting response processes, 9903
application of cognitive appraisal model of M. B. Arnold to problems in cognitive therapy, 4039
application of E. Erickson's model of human development, sequential nature of adult development, male college sophomores reinterviewed at ages of 30 & 47 yrs, summary of previous articles, 5465
application of PROBE model for assessment of organizational environment & behavioral repertoires, improvement in error rates, employees, 4554
application of problem solving models to supervision in psychology, 4313
applications of driver behavior model, 6833
assessment models, drug addiction, 12960
atmosphere effect vs ambiguity hypothesis models, prediction of responses to deductive reasoning tasks, college students, 7238
biopsychosocial model for brief inpatient psychotherapy, schizophrenia, 13187
case management model, rehabilitation, 8677
causal schemata, literature review, 1037
central place foraging & load size, swallows, test of predictions of G. Orians & N. Pearson's models, 7325
challenge to traditional model of entering substance abuse treatment & impact of criminal justice system, alcohol & drug abusers, 1834
choice theory, behavioral travel modeling, 11513
clarification of model for internal representation of pitch sequences in tonal music using hierarchies of operators, 11866
classical test theory & latent additive test model, 7029
cognitive complexity & social perspective taking & communication adaptation ability, ability to handle conversational deviance, 3.4–11.4 yr olds, 10186
comprehensive model of verbal information processing & comprehension, implications for reading education, 272
conceptual model, adoption of recreational activities, 16–25 yr old members of young farmers club, 12460
conceptual model incorporating cognitive complexity & time availability & uncertainty & stress, training in decision making & judgment, aircrew, 4543
confirmatory & exploratory factor analysis models via noniterative estimation, 7125
construct & predictive validity of multi-attribute attitude models, 12769
constructivist model of memory, literature review, 2633
control systems model, goal setting & performance monitoring & goal adjustment, college students, longitudinal study, 2657
crisis intervention model for suicide prevention, 8578
decision making model for pregnancy counseling & counselor role, 13378
decision making model, prediction of choice of car vs train transportation, critique of A. E. Bronner's study, 2513
decision making model, prediction of choice of car vs train transportation, reply to criticism of C. Van Knippenberg-Den Brinker et al, 2490
decision making model, prediction of choice of car vs train transportation, travelers, Netherlands, 2489
decision process & situation attributes, group solution of decision making problems, groups with leader & 2 subordinates & O, support for V. H. Vroom & P. W. Yetton's model of leadership behavior, 3388
decline of role of psychiatry in community mental health & proposed biopsychosocial model for redefinition of medical basis of psychiatry, 8555
development of comprehensive training model, family therapists in rural communities, 11134
development of learned helplessness model of depression, literature review, 10528
development of mental arithmetic operations & structures, children, review of cognitive psychology models, 3071

developmental model of literacy skills, literacy tasks performed in workplace, employees, 11469
differences in methods & models in physics & psychology, multidisciplinary problem solving & role of systems engineering, 6895
dimensions of perceived privacy, college students, implications for environmental design, 2280
direct experience & intentions, smoking behavior, junior high & high school students, implications for I. Ajzen & M. Fishbein's model of behavioral intention prediction, 3244
discussion of C. Levi-Strauss's mechanical models in anthropology, 4638
dominance hierarchy relations & individual S characteristics, group learning & performance of shuttle avoidance, mice, synthesis of ethological & conditioning approaches in model of group learning, 9751
drug effects, paired associate learning, implications for model, 634
dynamic organicist model based on biological encephalic structure & cerebral functioning, psychological functioning & psychiatry, 2819
emotionality-rationality-activity-awareness-context model, classification of family therapy theories, 10872
empirical testing of biopsychosocial model as ultimate challenge facing behavioral medicine, 6093
evaluation of latent-variable models of attributional measurement, 2476
evolutionary model of child abuse, 3681
expectancy-value judgments concerning blood donation & intention to give blood, college students & faculty & staff, implications for consumer behavior, 9195
explanatory linguistic models & validity of psycholinguistic research, literature review, 5291
explanatory model of human illness, reply to criticisms by D. W. Blumhagen & B. J. Good & R. A. Schweder, 3873
external & internal factors governing reading comprehension & review of LaBerge reading model, 294
factor analysis & cluster analysis, intelligence achievement, high school students, 7663
factor analysis, beliefs about & intentions of donating blood, donors, test of validity of Fishbein's behavioral intention model, 7127
Family Life Space Ecological approach in diagnosis & treatment, psychiatric patients, 8285
fear of crime & bystander surveillance & crime rate, literature review, 8087
fit of biometrical genetic models to California Psychological Inventory results, 240
formulation of theories & models, family social work practice, 8591
foundations & problems of dimensionality, psychology & psychological measurement, literature review, 2516
framework considering learning disabilities as superior ability to respond to environment vs symbolism deficit, 1309
genesis of obsessive compulsive behavior & alternative model, 10581
health status measure of "Well-Year", assessment of health needs & effectiveness & quality of medical care, 6358
hierarchical factor analysis vs 2-parameter logistic item response theory models, responses to Job Descriptive Index, company employees, 7031
hypothetical client observations, clinical & prognostic judgments, counselors, implications for process models, 11141
imipramine, reduction of sucrose & saccharin consumption following chronic stress, male rats, examination of animal stress model of depression, 630
immediate vs delayed rating of college lecturer performance, halo effect & appropriateness of traditional vs cognitive classification model for describing rating process, college students, 13779
index based on "rescaled & adjusted gains within stratum", model for comparison of impact of educational programs, 6646
information processing model, diagnosis of learning problems, 12987
information processing model, individual differences in reading skills, literature review, implications for reading education, 9585
innovation diffusion model of political mobilization, 7837
instructional models based on cognitive development & inquiry & inductive reasoning & behavior & perceptual-motor theory & diagnosis-prescription, special education, handicapped children, 2035
integration of cybernetic & social learning & psychodynamic theories, model of family problem maintenance, 2356
integrative model of psychotherapy & pharmacotherapy, 1457
interaction model of anxiety & high vs low stress & trait anxiety, state anxiety, 19–55 yr old surgical patients, 8532
internal model of monitoring behavior in man-machine systems, flight training, pilots, 4542
internal representation of information in hierarchical form, criticism of D. Deutsch's article, 11876
iprindole vs bupropion vs mianserin, chronic stress model of depression & corticosterone levels, male rats, implications for drug therapy, 631
item by group interaction method vs method comparing probabilities of response for different groups conditional on ability level, assessment of item bias, 107
knowledge & income, energy consumption, college students & 26–55 yr old consumers, test of Fishbein-Ajzen model & implications for increasing conservation, 6905
learning theory model of etiology & manifestation of stuttering, 10685
limiting case models of perfect competition & benevolence & malevolence, analysis of social behavior, 7863
linear models, analysis of EEG organization, normal vs schizophrenic Ss, 10510
LISREL vs 2-stage least squares analysis, test of hypothesis of reciprocal causation between job & life satisfaction, civil service workers, 7151
locus of control & attribution & learned helplessness & stress models, mental disorders, literature review, 3550
macrolevel model for creation of deviance rules, 5859
major models underlying screening procedures for learning problems & methodological problems, literature review, 9373
maximum likelihood estimation for general choice models based on choice axiom, 11726
mechanistic vs organic model for mapping organizational change, police organizations, 9158
medical & transactional & individual psychological models & social rehabilitation, schizophrenia, 1445
medical vs other models in clinical psychology practice, decisions about criminal responsibility, 3350
memory performance concerning inferences in text comprehension, college students, test of memory models, 9638
methodology issues & model of variables, stress & illness onset, 11586
methodology, unidimensional construct measurement, 7122
MMPI profiles & treatment issues & group psychotherapy model of I. D. Yalom & S. Brown, alcoholics, literature review, 6490
model & analysis of interaction of parental & situational & child characteristics, physical child abuse, 1298
model & principles of social work group treatment, men who batter, 4177
model based on L. Guttman's facet theory, study of effects of maternal methadone maintenance on development, infants, 5251
model construction, sexual dynamics & strength of heroin addiction, 3714
model, design of pulsating advertising strategy combatting wearout phenomena, 2300
model, effects of hemispheric blocking & neuropharmacological action on deep brain structures, 9860
model electronic nose, analysis of discrimination mechanisms in olfactory system, mammals, 9332
model for dealing with sexuality in group counseling, elderly, 13207
model for mental health care & psychiatric services, rural India, 6409
model for nonbiased assessment in special education programs with disproportionate number of culturally & linguistically different children, 11308
model for planning of primary prevention programs, 6387
model for political & organizational family policy developments, 3324
model for prediction of incidence of crime among drug abusing treatment population & effect of treatment on criminal activity, 1285
model for preventive work in parents guidance service, families at risk for childrearing problems, 13211
model for training persons to lead small group discussions, 1843
model integrating response & process theories of anxiety, creativity & "racket" systems, 3457
model involving apathy vs reactivity vs conductivity, differential styles in intimate relationships, 10405
model of applied research, 2379
model of clinical & prognostic judgment, counselors, criticism of article by D. Strohmer et al, 11132
model of clinical & prognostic judgment, counselors, reply to criticism by M. J. Patton & B. E. Wampold, 11119
model of coping skill acquisition, 4956
model of decision under risk based on subjective expected utility & achievement motivation models, 2619
model of defendant attributes in plea bargaining & sentencing decisions, 5525

model of driver behavior accident causation, implications for incentive systems for accident- & violation-free driving, literature review, 6838
model of etiological factors, fibrocystic disease & breast cancer, implications for prevention & rehabilitation, literature review, 8212
model of group social skills training with cognitive problem solving, incarcerated juveniles, 4223
model of information processing & cognitive & perceptual deficit, autistic children, literature review, 12847
model of interpretation & evaluation & planning in information dialog, 715
model of mental operations underlying propositional reasoning, 11888
model of neuropsychology of anxiety based on behavioral effects of antianxiety drugs, 9681
model of objectives for teaching thinking skills, school curriculum, 13620
model of organizational change in primary schools, 11146
model of probation practice, probation officers, England, 4219
model of problem solving based on constraint knowledge vs general search strategies, college students, 2604
model of psychological & biochemical & sociocultural factors in social problem behaviors & DSM-III classification, addiction processes, literature review, 10631
model of recall & recognition retrieval of episodic memory information based on synergistic ecphory, 4946
model of sexual needs motivation for sexual abuse of daughters, fathers, literature review, 12917
model of social group work combining cognitive-behavioral techniques & traditional approach, 4166
model of social interaction, criticism of model of M. D. Walton & A. J. Sedlak, 7874
model of socioecological & clinic & client variables, prediction of retention in methadone maintenance, clients, 11098
model of teaching & testing, spelling, 11229
model of vandalism as means for inequity resolution, 12916
model of work task learning in home environment, children & young people, implications for future work socialization, 748
model, prediction of sources of power in marketing channels, franchised new car dealers, 2291
model, price-induced brand switching, consumers, 2292
model-making for dream analysis & Aeschylus's "Prometheus Bound", 11942
models for component analysis, change measurement, 9478
models for concept of ego states, 3465
models of developmental psychopathology, 10590
models of hemispheric laterality, humans, literature review, 9828
models of perceived control & biofeedback-assisted self regulation, literature review, 12119
models of serial vs parallel processing in visual search, 4860
models of worker-client interaction, social work group interventions, 4172
Modified Desert Model, prediction of recidivism & sentencing, criminals, 973
multidimensional model, assessment of intelligence performance within information processing framework, learning disabled students, literature review, 2113
multidimensional person-centered model of moral development, 12509
multiple monotone regression, 4819
multiple orthogonal factor model of intelligence, 3449
multisite/multimethod approaches to data collection & analysis, 9309
norm vs criterion referenced & individually vs group administered reading tests, analysis based on reading model, 2118
normative vs conflict models, prediction of Black offender-White victim rape, 12932
notation system for formal aspects of E. H. Erikson's theory of psychosocial development, interstage relationships between identity & intimacy crises of adolescence, 5442
organizational characteristics & employee values, structure & intensity of optimal work motivation, industrial skilled workers vs personnel with academic degrees, 6871
origin of phenomenological & mediational models of cognitive therapy, 4022
paradigm for classroom writing competence, children, literature review, 11266
parent expectation-threshold model, reproductive decision making, spouses, 3300
participatory planning model, evaluation of community mental health centers to satisfy state accountability requirements, 13352
perceptual model of accentual cadences in Gregorian chant, 725
personal vs universal helplessness, problem solving performance, college students in contingency vs noncontingency groups, implications for reformulated model, 7278
planning model for disaster intervention services, 6376
planning model, implementation of technological change, 9126
predictions of 5 recognition memory models, 4945
predictive factors & model, coupon redemption rate, 9217
predictive validity, model for computation of expected return rate on mailed questionnaires, replication of T. A. Herberlein & R. Baumgartner's study, 2360
predictive validity of joint-space model, dog preferences based on breed attributes, consumers, implications for consumer evaluations of new concepts, 2295
psychoeducational model of counseling, literature review, 8599
psychoeducational vs task-analytical model, evaluation of behavior & instructional problem areas for educational intervention, students, 6626
psycholinguistic model of language development & disorders, literature review, 3754
reanalysis of previous data supporting hexagonal vs circular vs hierarchical models of vocational interests, 9045
recommended behavioral family therapy model, conduct disorders, children, literature review, 10902
reference level model of alcohol intoxication, implications for treatment of alcohol abuse, 12940
reliability & validity, M. J. Houston & M. L. Rothschild's situation & enduring & response components of involvement, implications for consumer information processing, 7123
reliability & validity of diagnostic models by DSM-III vs A. C. Rosen et al vs R. J. Stoller, childhood gender disturbance, 5806
revised mathematical model including priming effects, recognition failure, 304
rod & cone interaction above threshold in brightness matching & magnitude estimation tasks, adult Os, test of probability summation & vector addition models, 7400
role of linear-logistic & log-linear models in statistical analysis, response & survival & failure times & latencies in speed of recall of memories, 7135
role transcendent model of female identity in adult development & aging, literature review, 3047
secondary analysis of causal models of spelling ability, elementary school students, 11269
self administration of psychotropic drugs, reinforcement, animals, literature review, implications for human drug psychopathology, 5242
similarity & bias parameters, visual alphabetic confusion, college students, test of constant ratio rule & interpretations of similarity choice model, 11890
single-trial cued recall task, errors due to semantic similarity relations, humans, test of interactive model of association formation & storage & retrieval, 4922
social psychological expectancy model of individual coalition membership choice, 1008
sound-pressure level of interfering noise, speech-reception threshold for sentences, hearing impaired 20–96 yr olds, support for distortion vs attenuation hearing loss models & usefulness of hearing aids, 4239
spoonerisms of laboratory-induced predisposition, college students, implications for direct vs indirect encoding vs dual access models of word recognition, 2998
stimulus degradation & repetition, visual word recognition RT, college students, test of lexical decision models of J. Morton vs C. A. Becker, 2597
strength of semantic relation & temporal interval between prime & probe, categorization & naming task performance, college students, test of models of spreading activation on associative processes, 4933
structural & functional factors, model of variability in strategies for solving seriation tasks, 4910
structural frame of reference in psychoanalytic psychology, 11559
supportive care model for care of chronically ill, burnout, mental health staff, 13347
test of assumptions of exponential adaptive choice RT models, 7230
theoretical vs mathematical vs empirical practical models of pyramidal adaptive testing, test scores, 7016
theories & models of reading comprehension, literature review, 12441
theory of storage & retrieval of item & associative information with assumed distributed memory model, 4936
time series models, analysis of behavior designs, 6937
total valence associated with alternate effects as model of attributional discounting, college students, 3416

transactional analysis interpretation & Rissman trilog & models of G. Kelly & D. A. Kolb, learning stages & ego states, 3504
transcendental interaction model of hallucinogenic mushroom use, ancient Maya, literature review, 10379
transpersonal psychology perspective, model of evolution of meditation research, 94
treatment stages in group art therapy model, 9–17 yr old female incest victims, 13191
tripelennamine vs haloperidol vs oxazepam, stress-induced activity & neuroendocrine deficits, male rats, test of specificity of animal model of depression & implications for drug therapy, 632
use of bio-informational model of emotional imagery in behavior modification, phobic patients, replication of P. J. Lang's studies, 6214
use of representativeness heuristic, errors in probability judgment tasks, test of D. Kahneman & A. Tversky's hypothesis, 11870
utility of Saussurian-based approach to language as framework for construction of non-essentialist psychological paradigm, 2304
validity, M. Rokeach's 2-dimensional model of political ideology, college students & adults, Australia, 10446
wheel model of interpersonal competence, counseling & therapy, 10783
3 level model of group dynamics for therapeutic group work, 13205
6-cell performance engineering model, maximization of performance, 2175
Moderately Mentally Retarded [See Trainable Mentally Retarded]
Mohave Indians [See American Indians]
Molindone
chronic molindone treatment vs haloperidol, dopamine receptor sensitivity, male rats, 656
Mollusca [See Also Snails]
hierarchy of behaviors, herbivorous garden snails vs carnivorous marine mollusks, 370
light wavelength & potassium current outflow, photoreceptor prolonged hyperpolarizing afterpotential accompanying photoconversion of rhodopsin, bay scallops, 344
neural synaptic organization of visual system, nudibranch mollusca, 2816
pairing of light & bodily rotation, phototactic behavioral & photoreceptor associative changes, nudibranch mollusks, 7408
Monetary Incentives
amount of monetary incentive, heart rate during continuous motor task performance, college students, 7480
charity donation vs cash incentive, mail survey return rate, 53
incentive program, referral of new members, 18–55 yr old health club members, 9196
monetary incentive & rehearsal & working memory, elaboration of encoding in word list learning, 18–30 yr olds, 11899
paid vs unpaid family therapy vs paid family movie treatment, attendance, families with son in methadone program, 4264
success feedback with vs without monetary incentives, heart rate during continuous motor task performance, college students, 7467
Monetary Rewards
attribution & delay of gratification ability & praise & monetary reward, intrinsic interest, kindergartners & 4th graders, 3059
depression & preference for immediate vs larger delayed monetary reward, adult females, test of L. P. Rehm's theory using real situation, 326
extrinsic monetary rewards & locus of control, intrinsic motivation on puzzle-solving task, college students, 11928
intermittent scheduled monetary reinforcement, number of cigarettes smoked & puff frequency & puffs/cigarette, males, 12256
pacing & monetary reinforcement, acquisition & performance of response sequences, 18–27 vs 67–75 yr old males, 814
Money
cultural differences, paternity & tendency toward inheritance of wealth by sister's son &/or brother, reply to criticism of J. P. Gray & L. D. Wolfe, 3280
cultural differences, paternity & tendency toward inheritance of wealth by sister's son &/or brother, criticism of J. Hartung's article, 3278
development & validity & reliability of Money Attitude Scale, 17–75 yr olds, 4809
financial & family counseling program, 8589
guidelines for obtaining foundation grants for applied research & human service programing, 2349
money management training program, VA patients judged incompetent due to mental illness or brain trauma, 1780
self favoritism & fairness & maximum joint profit, allocation of imaginary money & time between self & spouse/child vs friend/workmate, 32–58 yr olds, 10383
Mongolism [See Downs Syndrome]
Monitoring [See Also Vigilance]
basis & utility of performance monitoring, program evaluation, 11605
dichotic monitoring, focused vs divided attention performance, normals vs chronic schizophrenics with mean age of 52.5 yrs, 1119
distribution of attention in visual space, mutual interference in detection of light flashes, 22–25 yr olds, 331
EEG frequency-modulated radio telemetry & videotape monitoring, diagnosis of epileptic seizures, severely & profoundly mentally retarded 1–27 yr olds, 10659
effectiveness of organizational intervention to improve therapist-generated information, staff of community mental health center, 11006
importance of computer monitoring, multiperson crew civilian vs single pilot military aircraft, 6894
internal model of monitoring behavior in man-machine systems, flight training, pilots, 4542
monotony of monitoring task, accuracy of vigilance performance & feelings of boredom, mildly retarded Ss with mean age of 20.4 yrs, replication of procedures of R. E. Perryman, 1325
short term memory & visual search performance, prediction of monitoring performance, college students, 2599
software package for VORTEX II real-time operating system, continuous monitoring of physiological & behavioral measures, 9302
target size & placement, rightward preferential visual monitoring in bimanual aiming task, 20–26 yr old right handed males, 11746
Monkeys
acoustic properties & meaning of grunts, vervet monkeys, 7329
acquisition of oral phencyclidine self administration, food-deprived vs food-satiated monkeys, 9996
activity of dorsolateral prefrontal cortical neurons during spatial delayed response task, rhesus monkeys, 12069
age & birth vs mating season, dominance status & dominance in relation to females & mating behavior, adult male Japanese macaques, 385
age & partner preferences, family groups of common marmosets, 7378
age & rank & social behavior, mate selection & mating, Japanese monkeys, 412
age, sexual behavior, 11.5–18.5 yr old bonnet macaques, 7358
al-amphetamine & amizyl, interaction of delayed reaction & conditioned differentiation, rhesus macaques & capuchins, 12273
amitriptyline, cerebrovascular permeability & cerebral blood flow & metabolic rate, rhesus monkeys, 672
amygdala control via ventral amygdalofugal vs stria terminalis pathways, vocalizations expressing different emotions, squirrel monkeys, 462
anesthesia, anterior parietal lobe topographical organization as measured by single neuron receptor field maps, macaques, 5257
atropine vs benactyzine vs scopolamine dosage levels, DRL performance, rhesus monkeys, 2962
auditory & visual RT tasks, activity of phasic- & tonic- & mixed-type neurons in dorsolateral prefrontal cortex, macaque monkeys, 9851
cerebellar cortex lesions, vestibulo-ocular reflexes, macaques, 7528
cerebral cortex concentration & synthesis of norepinephrine & dopamine & serotonin, rhesus monkeys aged 1 day to 36 mo, 2777
change in climate & environment, seasonal breeding, Japanese monkeys, implications for social drift, 7344
circadian rhythmicity & haloperidol, cerebrospinal fluid concentration of prolactin, male rhesus monkeys, 5263
classical aversive conditioning, cardiac output & blood pressure & heart rate & blood flow distribution, macaque monkeys, 7460
color discrimination go/no-go task, prefrontal cortex neuronal activity, macaques, 5075
comparative social behavior, adult female rhesus vs bonnet macaques, 409
conditional motor task learning & subsequent bilateral lesions of premotor cortex vs frontal eye fields vs superior parietal lobule, task performance & relearning, cynomolgus monkeys, 570
contrast of luminance-modulated sine-wave gratings, striate cortex neuronal responses, cats & macaques, 2759
cortical & subcortical olfactory pathways, rats & rabbits & cats & dogs & monkeys, literature review, 2817
counterphase modulated sinusoidal gratings, epidural steady state visual evoked potentials, adult male macaque monkeys, 12078
delay in postingestinal lithium injection, discriminative aversion conditioning to shape of food, vervet and grivet monkeys, 2687

delayed spatial choice & temporal interval discrimination & role of prefrontal cortex, rhesus monkeys, 5087
delayed spatial choice, EEG in hippocampus & prefrontal cortex, monkeys, 12077
development of visual responsiveness, 2 day to 6 mo old pigtail monkeys, 333
discrete forelimb & hindlimb movements, distribution of neuronal activity in supplementary motor area & comparison with precentral motor area, macaques, 7444
discrimination learning & memory & social behavior, rhesus monkeys, review of work & list of publications by J. F. Harlow, 2681
dominance status & sex of groomer, body sites groomed & postures & behaviors related to grooming, rhesus monkeys, 7322
dorsolateral prefrontal cortical ablation, delayed-response performance & nature of spatial memory loss, rhesus monkeys, 12225
duration of photoperiod, circadian rhythm of drinking, squirrel monkeys, 12183
estradiol benzoate vs testosterone proprionate, sexual behavior, female pseudohermaphrodite & castrated male & ovariectomized female rhesus monkeys, 7498
ethanol, visual short-term memory task performance & evoked potentials in cortical & reticular structures & visuomotor RT & ocular motility, male monkeys, 2938
evoked potential study of ascending projections related to lingual branch of trigeminal nerve, role of low threshold mechanoreceptive information to tongue sensorimotor function, rhesus monkeys, 7402
evoked potential study of medial lemniscus as rostral projection path for hypoglossal afferent information, role in tongue sensorimotor function, rhesus monkeys, 7403
external & social interferences, inadequate mothering & recovery & allomothering, squirrel monkeys, 7354
extrafoveal simple visual fixation & attention tasks, dorsolateral prefrontal cortex neuronal activity, monkeys, 474
familiarity & age of female partners, mating behavior, 20 yr old male rhesus monkeys, 12012
feeding & grooming & play behavior & rest & locomotion & social behavior & sexual activity, capped langur, Bangladesh, 12019
field luminance & saccade size, latency & amplitude of lambda potentials, rhesus monkeys, 9883
field sensitivity to long-wavelength stimulus measured by electroretinogram, cynomolgus macaque monkeys, 5038
food amount & type as discriminative stimuli, stimulus control in operant time discrimination, rabbits & dogs & monkeys, 9768
foraging & feeding activity, social interaction, captive adult bonnet macaques, 7371
functional development of prefrontal association cortex, rhesus monkeys, review of behavioral & electrophysiological studies, 12043
group composition & size & ecological density & social behavior, capped langur monkeys, Bangladesh, 7345
habitat & population dynamics & family structure & diet, pygmy marmosets, Amazonian Peru, 12026
home range & level of harassment & presence of predators & habituation to humans as measures of environmentally disruptive influence of humans, monkeys, South Asia, 7320
icv tetrahydropapaveroline dosages, ethyl alcohol intake, female macaque monkeys, 660
identification of mature cortical neurons with both associational & callosal axons, rhesus monkeys, 7438
illuminance & temporal frequency & chromatic adaptation, identification of red–green cone difference signal in corneal vs foveal EMG, male macaques, 2353
interspecific spatial organization & territoriality & social interactions & feeding behavior, gibbons & langurs, Indonesia, 2736
iv growth hormone, cerebrospinal fluid somatostatin-like immunoreactivity, male rhesus monkeys, 590
joint rotation angular components during visually-guided arm reaching task, precentral cortical unit responses, monkey, 7433
lesions of parieto-preoccipital subareas, visuospatial discrimination, rhesus monkeys, 9978
lesions of striate projections to parieto-preoccipital cortex, visuospatial discrimination, rhesus monkeys, 9979
LSD, pure tone delayed avoidance response, monkeys, 2922
male rank & familiar vs unfamiliar females, sociosexual & aggressive interaction & male cortisol & prolactin & testosterone levels, captive talapoin monkeys, 420
male sexual behavior during follicular vs luteal phases of female's cycle, rhesus monkey male-female pairings in small vs large area, 2740
maternal & paternal rank, selection of mate, rhesus macaques, 410
maternal behavior & infant abuse, Japanese macaque mother born & reared in wild & living in stable social group, 5008
maternal delta-9-tetrahydrocannabinol, visual attention, monkey offspring, 5233
mating season, allogrooming, confined Japanese macaques, 366
menstrual cycle & circulating levels of estrogen & progesterone & testosterone & estradiol & testosterone supplement, sexual arousal & receptivity, mature vs premenopausal female macaques, 12327
menstrual cycle & plasma estradiol & sexual interaction changes with age, 8–12 vs 16–17 yr old female bonnet macaques, 384
meridional differences in acuity & contrast sensitivity functions, infant macaque monkeys reared with externally applied astigmatism, implications for meridional amblyopia, 2866
motor output maps for distal forelimb in cortical area 4, squirrel monkeys, 2813
moving & resting & feeding & foraging behavior & food preferences, red howler monkeys, Columbia, 7339
naloxone, sexual activity, sexually inactive male rhesus macaques, 5232
object discrimination training, generalization of discrimination learning to photographs & pictures of objects, golden haired monkeys, 9737
olfactory communication of species & subspecies & individual & gender & hormonal condition & social status, marmosets & tamarins, 2713
oral ethanol concentrations, ethanol consumption & blood levels, female pregnant vs nonpregnant squirrel monkeys, feasibility of use as animal model for fetal alcohol effects, 2954
orally self administered phencyclidine, tolerance to behavioral effects, rhesus monkeys, 5228
organization of somatosensory input from digits & wrist to cortical area 4, squirrel monkeys, 2812
parental behavior, plasma prolactin levels, male marmosets, 9894
parietotemporal lesions, sensory neglect vs defect of intention, stumptailed macaques, 12236
population & group sex ratio & territoriality, male & female white sifaka, 1963–75 vs 1980, 12020
prefrontal lesions, motor conditional associative-learning, male rhesus monkeys, 7524
projections to striatum & pontine nuclei from superior temporal visual area, macaques, 2775
ranging patterns & aggression & vocalization & sexual behavior, solitary female red howler, 9809
response characteristics of high threshold cutaneous cold receptors, monkeys & cat, 5078
retention interval & color-form vs form-form compound comparison, matching-to-sample & role of shared attention & generalization decrement, cebus monkeys, 4970
retinal infusion of 2-amino-4-phosphonobutyric acid, blockade of ON-center ganglion cell fields in lateral geniculate nucleus vs striate cortex, rhesus monkeys, implications for ON- & OFF-center cell interaction, 481
season & availability of food & time of day, howling & spacing, red howlers, 12025
self directed & nondirected & object directed nocturnal behavior, rhesus monkeys, 9793
sensory deprivation, modification of visual cortex neuronal properties, cats & kittens & monkeys, literature review, 12145
separation from maternal surrogate & novel vs familiar environment, vocalization & movement & plasma cortisol levels, infant squirrel monkeys, 7350
sex differences, normal vs protanomalous trichromatic color vision, spider monkeys, 2673
sexual behavior & dominance interactions, male macaques, 2732
short- vs long-wavelength chromatic adaptation & flicker frequency, red–green cone difference signal, macaques, 2761
single-trial visual discrimination learning, marmosets, 4977
social interactions, immature vs adult male langurs, 2707
somatically & visually triggered wrist flexion-extension movements, neuronal activity in contralateral precentral forelimb area, monkeys, 9887
somesthetic stimuli, thalamic ventrobasal complex single & multiunit activity & projections to somatosensory cortex, monkeys, 5068
spatial frequency & background contrast of sinusoidal gratings, increment contrast thresholds, rhesus monkeys, 7309
species differences, time budget & social interactions, mother vs nonmother female rhesus macques vs bonnet macaques, 2733
structured auditory tunes, generalization of operant discrimination, monkeys & rats, 11964

superior colliculus & pretectum & thalamus ablation, initiation & accuracy of saccades to central & peripheral visual targets, macaques, 5203
thalamic origin of place- & modality-specific columns in somatosensory cortex, monkeys, 5069
time of day, spinal stretch reflex amplitude, monkeys, 5116
training of language-type skills, rhesus monkey, 2697
tree-rubbing behavior following copulation with troop member, solitary male howler monkey, 421
velocity of shoulder & elbow & wrist & hand & finger movements, red nucleus single unit activity, rhesus & cynomolgus monkeys, 7416
visual & vestibular stimulation, role of y group of vestibular nuclei & dentate nucleus of cerebellum in smooth vertical eye movements, rhesus monkeys, 2766
visual experience, development of visual cortex & neural interconnectedness, monkeys, 1981 Nobel Prize Lecture, 12197
visual function & social responses, infant rhesus monkeys in 1st 2 wks of life, 339
visual receptor fields of inferior pulvinar, macaques, 2763
visual transduction in retinal rods, cynomolgus monkeys, 12083
vocalizations, Goeldi's monkeys, 398
Monoamine Oxidase Inhibitors [See Also Isocarboxazid, Phenelzine, Tranylcypromine]
clorgyline, delay of phase-position of circadian rhythms of adrenergic & cholinergic & opiate & benzodiazepine brain receptors, male rats, 707
levodopa & ethanol, urinary MAO inhibitor output, postwithdrawal alcoholic males with mean age of 37.9–40 yrs, 4252
MAO inhibitors, anorgasmia, 22 & 28 & 54 yr old females, 1635
MAO inhibitors, depression, patients failing to respond to tricyclic antidepressants, 4095
MAO inhibitors, treatment of bulimia & atypical depression, 21–37 yr old females, 8489
Monoamine Oxidases
adrenaline, plasma epinephrine & norepinephrine & platelet MAO, patients with anxiety disorder, 3590
donor platelet MAO activity, effect of plasma on MAO activity, schizophrenics, 7985
haloperidol vs thioridazine vs butaperazine treatment, platelet MAO activity & prolactin levels, schizophrenics with mean age of 34.1 yrs, 6290
introversion & extraversion, platelet MAO activity, patients, Germany, 2847
mianserin vs amitriptyline, cerebrospinal fluid levels of monoamine metabolites, 29–68 yr old depressed inpatients, 8468
neuroleptic drug therapy, platelet MAO activity, psychiatric patients, 1639
oral glucose, platelet monoamine oxidase, 23–42 yr old chronic schizophrenics, replication of study by L. Demisch et al, 10538
platelet MAO activity & serum thyroxine, normals vs psychiatric patients with mean age of 17.2 yrs, 3645
platelet MAO activity & serum thyroxine, 3.9–22.5 yr olds with thyroid disorders, 3874
technique for isolation of free platelet mitochondria for study of monoamine oxidase activity, psychiatric patients, 2375
1 vs 2 vs no 1st-degree relatives with schizophrenia, platelet MAO activity, schizophrenics with mean age of 28 yrs, 5718
Monoamines (Brain) [See Catecholamines]
Monocular Vision
bilateral ablation of visual Wulst, interocular transfer of visual discrimination learning, pigeons, 7517
binocular deprivation following binocular vs monocular visual experience, ocular dominance distribution & orientation selectivity & response quality of visual cortical units, kittens, 5175
binocular vs monocular viewing & nasal vs temporal hemiretinal exposure to rotating visual background, visual verticality judgments, 18–24 yr olds, 2570
contrast of foveal flashes, monocular vs binocular detection, adults, 11785
development of monocular visual field, 13–56 day olds kittens, 7439
German Accident Insurance Law as impetus to research on monocular depth perception & subsequent legislation by German Insurance Board, 1884–1914, 2563
gratings of different orientation, role of eye-movement induced negative afterimages in monocular rivalry, criticism of theory of M. A. Georgeson & R. Phillips, 7200
judging distance of small vs large faces vs checkerboard ovals under monocular vs binocular conditions, 5 vs 7 mo olds vs adults, 3177
luminance, critical flicker fusion frequency, monocularly deprived cats, 12164
monocularly viewed rectangular grid rotated in depth &/vs masking textured surface, perceived slant-in-depth & optical texture, college students, 2557
visual field of deprived eye & recovery, monocularly deprived cats, 2883
Monotony
monotony of monitoring task, accuracy of vigilance performance & feelings of boredom, mildly retarded Ss with mean age of 20.4 yrs, replication of procedures of R. E. Perryman, 1325
night shift work & monotonous task, wakefulness & fatigue & well-being, train drivers, 13786
self regulated vs preset work tempo, performance & effort & physiological arousal in repetitive task, 20–50 yr old males, 5136
sensorimotor stress, fatigue & monotony & saturation & stress, Ss with vs without tendencies toward neurosis, 5785
Monozygotic Twins
early intimacy, adult identity crises, identical twins, 7393
EEG spectra, 19–55 yr old monozygotic vs same sex dizygotic twins, 9824
genetics, affective illness & schizophrenia, monozygotic & dizygotic twins, 3574
interaction of genetic influences known as emergenesis, usefulness of twin studies, monozygotic twins reared apart & mono- & dizygotic twins reared together, 2751
smooth pursuit & saccadic visual tracking performance, 18–33 yr old monozygotic vs dizygotic twins, 12037
Montessori Method
Montessori-based therapy, 5–13 yr old inpatients with perceptual problems & clumsiness & hyperactivity & emotional impulsiveness & immaturity & speech retardation, 13392
Moods [See Emotional States]
Moral Development
affect & empathy & guilt, moral development, 3039
age & intention & outcome of actor & age of S, magnitude of reward vs punishment assigned to actor, kindergartners vs 3rd vs 6th graders, 10088
age & order of intention & consequence information presentation, information integration & moral judgments, kindergartners vs 3rd vs 6th graders, 10098
causal explanations of immanent justice, cheating behavior & guilt, 10–12 yr olds & 4th & 5th graders, Israel, 10101
childrearing practices, mothers of endocentric vs exocentric vs nonaltruistic high school females, 12394
cognitive & moral competence & social authority in development of cooperation, 4–5 yr olds, 5433
cognitive & moral development & legal reasoning, children, implications for juvenile justice system, 10193
cognitive & perspective taking development & exposure to reasoning below vs above moral stage, moral development stage, 5th–7th graders, implications for sequentiality of L. Kohlberg's moral development stages, 3065
cognitive/moral development, long-term reconstructive memory of decision to terminate unplanned pregnancy, 15–33 yr old females, 3022
construct validity of disequilibrium, moral development theory of L. Kohlberg, 742
construction of group version of L. Kohlberg's Moral Judgment Interview, assessment of moral development, 8–65 yr olds, 9403
cross cultural differences, moral development, rural vs urban 10–28 yr olds, Turkey, 10106
Defining Issues Test, measurement of moral development, sorority & fraternity members, 4479
development of moral judgment & legitimization of harmful actions, review of research, 7713
education aimed at cognitive & moral & sociopolitical development, rehabilitation, criminals, Canada, 13432
Guttman scaling of comprehension stage data from J. Rest's objective test of moral comprehension, implications for construct validity & usefulness, 11633
importance of ethics curriculum for moral education, college students, 13616
inferential set & outcome intent & severity, moral judgments, 1st & 2nd & 6th graders, 3030
interpretation of Piaget's theory of development of practical morality, 762
level of understanding of moral thought, moral reasoning & extent of prudential concerns & consistency of decision making, 16–18 yr olds, 3067
liberal & authoritarian & nonmoralistic discipline of mothers, aggression-anxiety, 5 yr old males & their mothers, 3210

methodological flaws of paradigm using spontaneous moral discussions, criticism of W. Damon & M. Killen's study of social interaction & moral reasoning in young children, 845
methods & principles of moral education in childhood education programs, 8879
moral development & sex guilt & sexual experience, college students, 12391
moral development, kindergartners through 6th graders, US vs Switzerland, 12403
moral education, moral reasoning, 6th graders, 6713
moral reasoning as measured by Defining Issues Test, Catholic male vs female 12–13 vs 15–16 vs 18–19 yr olds, Ireland, 3042
moral reasoning development, Chicano vs Anglo 2nd–9th graders, 12470
moral reasoning level & social interaction during peer discussions of distributive justice, advancements in moral reasoning, 1st–3rd graders, 849
multidimensional person-centered model of moral development, 12509
observation of moral standards, sharing of toys in peer interaction, 6–7 yr olds, 7751
parent-child relations, rule violations, 5–6 yr olds, implications for social-cognitive approach to study of moral development & behavior, 755
parental disciplinary techniques, moral development, delinquent vs nondelinquent adolescents, 12912
perceived conflict vs consonance of presented opinions on moral questions, moral development, 5th–7th graders, 7628
perception of person's wealth & health & past & present intent & consequence, development of moral judgment, 5–10 yr olds, 3028
Piagetian stage & training in social perspective taking, social reasoning, 3.5–7.5 yr olds, 10089
play, development of personal autonomy & moral responsibility, children, 843
preference for permissive vs interventionistic mother, 4.5–8.9 yr olds, implications for moral development, 7623
relationships among cognitive & moral development & role taking ability, 5–14 yr olds, 10103
role playing vs discussion vs tension reduction program, moral behavior, 2nd graders, 8887
sex & rural vs urban residence & type of school, moral judgment, 10–11 yr olds, India, 888
stages of development in reconciliation of moral reasoning & reality, adults, 10093
stories including intent & damage & rationale for negative behavior, rules used in making moral judgments, 6 & 7 yr olds, 3045
theory of moral development reflecting Oriental & Western cultural values, 12389
transgressor responsibility & consequences & motivation & intentions & elaborateness of apology, judgments of blame, kindergartners vs 1st vs 4th vs 7th graders, 10090
type of crime committed, stage of moral reasoning, long term vs young male criminals, 10645

Morale
dance therapy, improved self esteem & physical well-being & communication, geriatric & institutionalized patients, 1460
development of scales, measurement of morale & life satisfaction, aged, 11642
information retrieval using video display terminals vs paper, physical discomfort & job satisfaction & job security concern, directory assistance telephone operators, 13819
levels of morale & ego strength, job performance, blue collar workers, India, 2174
mood change & depression & quality of life, aged, 13-yr longitudinal study, 12738
mutual aid via friendly visitor program, morale & anomie, socially isolated aged, 1728
principal's leadership style, morale, high school teachers, 4327
progress in medical treatment & subsequent feelings of impotence & depression, morale, physicians, 11107
residential preference & perception of environmental quality & health & socioeconomic status & social integration, well-being & morale, aged & disabled public housing residents, 6903
social interaction & morale, urban vs rural Hispanic spouses 55 yrs old & older, 10403
subjective incompetence, demoralization & mental disorders, literature review, 3562

Morality
concept of morally concerned psychology, comment on paper by N. Groeben, 11549
development of moral judgment & legitimization of harmful actions, review of research, 7713
epistemological status, social learning theory & moral cognition & behaviorism, 9242
ethical ideologies & contemporary moral issues, college students from church-affiliated colleges, 6732
ethical ideology, moral behavior, college students, 3455
ethics course, moral reasoning, college students, 13625
interpretation of Piaget's theory of development of practical morality, 762
moral issues & confidentiality in counseling, 8772
moral theory of B. F. Skinner, 4641
multidimensional person-centered model of moral development, 12509
personal meaning of abortion & contraception & relationship with doctor & mate & position regarding abortion laws, females who had legal & illegal abortions, 12609
premarital sex with known vs unknown partner by attractive vs unattractive female, morality judgments, college students, 7902
psychological motives & socio-historical context, actions & stance of C. Jung in period prior to outbreak of World War II, 4630
resistance to temptation to steal & moral judgment of actions, retarded 11.2–14.7 yr olds vs normal 7–7.8 yr olds, 1321
responses to friends & parents & verbal interaction style & family discussion, principled moral thinking, high school students, Australia, comparison to US data, 854
responses to ideal person vs ultimate value sentences, nature of personal & moral & social values, male vs female 15 yr old students from different schools, 10258
responses to moral & social conventional transgressions during unsupervised free play, male vs female 7–10 vs 11–14 yr olds, 3231
role playing vs discussion vs tension reduction program, moral behavior, 2nd graders, 8887
social change, morality & family functions, adolescents, Philippines, 12511
social inadequacy & obstreperousness & social orientation & antisocial egocentricity, morality, male delinquents with mean age of 17.4 yrs, evidence for validity of H. C. Quay & L. B. Parson's inadequacy-immaturity dimension, 8094
sociological boundaries & moral values, ethnic jokes, 7766
turntaking & participation in discussion of moral dilemma, mother-father-adolescent triads, 7812
values clarification approach to moral education vs tenets of evangelical Christianity, 7772

Morals [See Morality]
Mores [See Values]
Morons [See Educable Mentally Retarded]

Morphemes
evaluation of monosyllables & comparison to pure tones, college students, 717
grammatical morpheme acquisition, 21–24 mo olds, 10152
morphophonemic rule learning & generalization, normal vs articulation disordered 5.9–6.9 yr olds, 8158

Morphine
activation with morphine or inhibition with naloxone of opioid receptors in substantia nigra pars reticulata, tonic activity in EMG, male rats, implications for regulation of striatal efferent pathways, 7574
alpha-melanocyte-stimulating hormone vs hypothalamic tripeptide MIF-1 &/vs melatonin, attenuation of morphine analgesia, rats, 5230
amphetamine & morphine, carbon dioxide-induced amnestic effect on retention of avoidance learning, young vs old female rats, 12311
bilateral lesions of caudate nuclei, behavioral effects of morphine sulfate, cats, 12192
chlorpromazine & lorazepam & morphine, contingent negative variation, normal Ss, 2966
chronic naloxone & subsequent morphine vs naloxone, abstinence-like syndrome, male rats, 12306
chronic stress & chronic narcotic antagonists during development, sensitivity to analgesic effect of morphine, mice, 5170
clonidine, brain hyperactivity during morphine withdrawal, rodents & primates, literature review, 680
di-n-propylacetate & noradrenaline depletion by FLA-63, quasi-morphine abstinence behavior & reversal by morphine & locus ceruleus destruction, male rats, 9946
dietary morphine administration & pair feeding for long term intoxication, male rats, 11622
differentiation of analgesic effects of morphine & GABA-agonists, OF sub 1 vs CD sub 1 vs NMRI mice, 5236

discrete trial procedures requiring vs not requiring responses, development of morphine tolerance, pigeons, 10029
explicitly unpaired delivery of morphine, tolerance to locomotor-suppressing effects of morphine, female rats, 12270
front- vs hind-paw shock & naloxone & dorsolateral funiculus lesions & morphine tolerance, classically conditioned analgesia, male rats, 5192
front- vs hind-paw shock & naloxone & morphine tolerance, opiate vs non-opiate analgesia, male rats, 550
icv enkephalin analog FK 33-824 doses vs morphine vs dextro-ala-2-Met-enkephalinamide & subsequent naloxone & environmental temperature, hyperthermia, cats, 597
icv morphine, conditioned place preference & analgesia & hyperthermia, male rats, 5278
intrahippocampal naloxone vs morphine, exploration of novel environment, C57BL/6 vs DBA/2 male mice, implications for role of opioid peptide modulation of cholinergic mechanism, 701
intraseptal naloxone vs naltrexone vs beta-endorphin vs fentanyl vs morphine vs met-enkephalin, locomotor patterns induced by ip morphine, cats, 10026
intrathecal ACTH, morphine- & beta-endorphin induced analgesia, male rats, 9990
light-dark cycle vs constant light & naloxone, nociceptive thresholds & morphine analgesia, C57BL/6 vs SEC/lRe mice, 12172
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
morphine & apomorphine vs amantadine, choline uptake into corpus striatum synaptosomes, male mice, 12348
morphine, protein & fat & carbohydrate selection & intake, male rats, 650
morphine sulfate & ethylketocyclazocine, elevation of aversion thresholds to escape supraspinal electrical stimulation & obtain stimulation of hypothalamus, male rats, 7537
morphine sulfate vs methadone hydrochloride vs meperidine vs pentazocine lactate, motility, male rats, 12265
morphine sulfate vs other opiate agonists vs cocaine hydrochloride vs lithium chloride vs (-)-naloxone hydrochloride, conditioned place preference vs aversion, male rats, 5260
morphine vs analgesic U-49,274A vs pentazocine dosage levels & self administration & naloxone, plasma corticosteroids, rats, 2959
morphine vs beta-endorphin vs enkephalins, oxytocin release induced by acetylcholine vs suckling, lactating rats, 7549
morphine vs dextro-Ala-2-Met-enkephalinamide vs dextro-Ala-2-dextro-Leu-5-enkephalin, barpressing for obtaining vs escaping heat, cats, 598
morphine vs methadone vs meperidine hydrochloride, carbachol-induced fighting, cats, 10020
morphine vs pentobarbital pretreatment, tolerance to discriminative stimulus properties of morphine, male pigeons, 10052
morphine with vs without naloxone, startle reflexes to noise & electric shock, rats, 704
naloxone & morphine tolerance & morphine vs ethanol, impairment of roto-rod performance, male mice, 2950
naloxone pretreatment & nociceptive stimulation, icv self administration of morphine, rats, 7542
opiate antagonists & morphine, chlordiazepoxide induced hyperdipsia, water deprived male rats, 12259
peptidase inhibitors, reduction of morphine withdrawal effects, male rats, 5264
placebos with vs without nociceptive stimulation, morphine analgesia, tolerant vs drug-naive rats, test of associative model of morphine tolerance, 10037
preexposure to lithium vs morphine, attenuation of task aversion conditioned in preexposure environment, rats, 9717
preweanling chronic morphine vs naloxone, development of brain opiate receptor system vs monoamine levels & turnover & morphine tolerance, rats, 588
self administered morphine, dietary selection of proteins & fats & carbohydrates, male rats, 12308
ventral noradrenergic bundle lesions & naloxone, hypothalamic noradrenaline levels & nociceptive thresholds & stress- vs morphine-induced antinociception, male rats, 12228

Morphology
ACTH following peroneal nerve crushing, functional reorganization of regenerating motor units in extensor digitorum longus, adrenalectomized male rats, 5180
behavior & morphology & systematics, generic relationship to Myiarchine flycatcher, Flammulated flycatcher, Mexico, 2750
blockade of olfactory perception by N-methyl-formimino-methylester, olfactory sensory epithelium morphological alterations, male mice, 2910
cone optical bandwidth & role of morphological disarray, 18–34 yr olds with retinitis pigmentosa, 8172
cortical afferents to prefrontal cortex, bush babies vs rhesus monkeys vs nonprimates, 5100
distribution & patterns of axon collaterals of rubro-spinal neurons at brain stem level, sensorimotor integration, cats, 5104
encephalization index based on brain/body weight ratio & volume & surface area of brain & cerebral cortex, mammals, 5060
environmental complexity vs social vs isolation rearing conditions, synaptic contact curvature in visual cortex, rats, 552
estradiol benzoate, axonic & dendritic growth in ventromedial hypothalamic nucleus, ovariectomized rats, 595
genetic variation vs maternal environment, morphological & behavioral traits, wild house mice, 2754
monocular vs binocular enucleation, morphology of intercollicular pathway & number & distribution of intertectal cells, hamsters, 2911
morphology & electrophysiology of vestibular projections to cerebellum, dogfish, 5089
olfactory nerve section, degeneration & regeneration of olfactory bulb neurons, frogs, 2896
postoperative environmental enrichment following dorsal hippocampal lesions, occipital cortex dendritic branching & spines, male rats, 5169
removal of eyes, degeneration & maturation of superior colliculus, newborn rats, 2902
role of random topological distribution of cones in prevention of aliasing errors in visual processing of high spatial frequency stimuli, 7215
sex differences, corpus callosum morphology, humans, implications for visuospatial functional lateralization, 450
symmetry of early auditory experience, dendritic tree symmetry in brain stem, chicks, 5161
testosterone & 5-alpha-dihydrotestosterone doses, development of cloacal gland & sternotracheal muscles & crowing & sexual activities, castrated male Japanese quail, implications for testosterone regulation of reproduction, 2932
testosterone propionate vs dihydrotestosterone injection, masculinization of vocalization-controlling pretrigeminal nucleus, male vs female toads, 2978
topographic relation between facial nucleus cell groups & individual muscles, rats, 5115
topographical organization of spinally projecting superior colliculus neurons, rats & cats, 5091

Morphology (Language)
continuity from format to dialog to discourse, construction of semantic & morphological & syntactic relations, children, literature review, 3094
elaboration strategy vs maintenance rehearsal, paired associate learning in which items deviated from vs conformed to rule, college students, 300
meaning & form in creation of new words to fill lexical gaps, children, 3089

Mortality [See Death and Dying]

Mortality Rate
age & industry work setting & mortality rates, stress related causes of death, 12791
age & sex & mortality & degree of morbidity & occupational group, utilization of hospital services, discharged hospital patients, Finland, 1797
attitudes toward suicide & death, suicide rate, 12th graders & parents, Canada, 8076
availability & suggestion & psychological/symbolic factors, suicide incidence on Golden Gate vs San Francisco-Oakland Bay Bridges, 5852
birth dates, high risk of death & mortality rates, males, North America, 7458
death rate from natural causes, Ss with history of mental disorders, Sweden, 25-yr followup, 3617
deaths categorized as suicide vs undetermined vs accidental, native Australians vs migrants, 12903
differences in mourning behavior & post-bereavement mortality rates, Huli widows vs widowers, Papua New Guinea, 10317
epidemiology, alcohol consumption & accidental drowning, 15 yr olds & over, 1957–80, 12637

initial & present cigarette consumption & rates of mortality & coronary heart disease & lung cancer & other cancers & causes of death, 40–59 yr old male smokers with vs without intervention program, 10 yr followup, 1837
life span & mortality rate, Down's syndrome patients, literature review, 5895
marital status & social class, ischemic heart disease incidence & mortality, 40–64 yr old males, Finland, 10728
maternal ethanol &/vs nicotine, offspring stillbirths & neonatal deaths & activity & operant performance, rats, 651
maternal nicotine & caffeine, offspring size & growth rate & cognitive function & premature delivery & spontaneous abortion & stillbirths & neonatal deaths & congenital anomalies, humans & animals, 5252
mental disorders, death from suicide & accidents, Sweden, 25-yr followup, 12799
method of presentation of mortality statistics, perceived importance of causes of death, adolescents, 7932
mortality & psychopathology rates & bereavement, parents after death of adult child, literature review, 3517
premature mortality rate, psychiatric patients, 3567
sex, mortality rate, metropolitan vs nonmetropolitan counties, 1960–70, 10280
state handgun control laws, suicide rate & homicide by firearms, 12936
suicide rate, 10–24 yr olds, 10609
temporal & social & international contexts, suicide death rates & research, 15–24 yr olds, 5808
upcoming US presidential election, mortality rate for suicides vs accidents vs homicides, 12900
women's liberation movement & traditional feminine role & sex differences, suicide rate, human females, 5845
Mosaicism [See Chromosome Disorders]
Moslems [See Islam]
Mother Absence
early maternal bereavement, age at marriage & quality & fate of marriage & number of children & coping ability & childrearing, female psychiatric patients, 1127
early separation from mother, subsequent psychopathology & mental disorders, 40–49 yr old females, 3585
historical development of attachment theory, effects of early maternal deprivation & separation & loss, 3183
maternal separation & deprivation following delivery, mother-child relations, premature infants & mothers with mean age of 24 yrs, Nigeria, 932
psychotherapy, 31 yr old female wishing to leave her family, 3965
Mother Child Relations
age differences, mother-child interaction, premature vs full term infants at 6 vs 8 vs 10 vs 14 mo, 10311
age, type & frequency of facial expression & effects of socialization, 3–6 mo old males vs females & their mothers, 10241
amount of time spent alone vs with peers vs with mother vs with father & type of activities & conflict, 10th graders, 5443
attachment formation, children with mental retardation & other handicaps, literature review, 10654
attachment to mother & sociability with strangers, infants observed when 12.5 vs 19.5 mo old, 12520
"blame the mother" ideology & myths of schizophrenogenic mothers & harmful maternal employment, responsibility & accountability for children's behavior difficulties & disorders, 3656
childhood experiences, attitudes toward own children, mothers of 5th graders, Japan, 952
childrearing practices, mothers of endocentric vs exocentric vs nonaltruistic high school females, 12394
company of mother during hospitalization, neonates & infants in general pediatric unit, 1783
concept of alcoholism as narcissistic disorder, 5856
concept of "fantasmatic" mother-neonate interaction, implications for infant psychiatry, 935
development of nonverbal communication, mothers & their newborns, 12486
development of play behavior & mother-infant interaction, normal vs Down's syndrome & motor impaired & developmentally delayed 3–36 mo olds, 3508
deviations in development of shared focal attention in mother-infant visual interactions, families with psychotic transaction, 8010
direct parent training technique, parent-child interactions & behavior change, 29 yr old epileptic child-abusing mother, 1584
discussion of infant development with pediatricians, mother-child relations & child development, mothers & their infants from birth to 6 mo, 10114
early mother-child feeding relationship, etiology of eating disorders, literature review, 8179
early separation from mother, subsequent psychopathology & mental disorders, 40–49 yr old females, 3585
extended postnatal separation, mother-child attachment, infants, 925
fairy tale design in brief treatment of wind phobia seen as expression of symbiotic double bind interaction with mother, 6.5 yr old, 10855
free play & diaper changing in natural setting, structural components of parenting behavior, mothers & their 3 mo olds, 5503
friendship vs mother- vs father-child relations, attempts at behavior control & intimacy & nurturance, male vs female 4th vs 7th vs 10th graders vs college students, 3215
goals & expectations & teaching styles with children in childcare centers or preschools, mothers vs teachers, 10321
historical development of attachment theory, effects of early maternal deprivation & separation & loss, 3183
home-based early intervention program, mother-child relations & promotion of developmental functioning, adolescent mothers & their infants, 1542
impoverished living conditions, psychic maladjustment & personality development & mother child relations, mothers, 12576
income & education & rural vs urban residence & birth order & family size, parental acceptance, mothers of 2.5–5 yr olds, 934
interpersonal relations & double bind communication, behavior disordered 6–16 yr olds & their parents, 3651
joint mother-child hospitalization, treatment of breath holding spell, 12 mo old, 1786
liberal & authoritarian & nonmoralistic discipline of mothers, aggression-anxiety, 5 yr old males & their mothers, 3210
maternal acceptance & persistence on impossible task with positive vs no feedback, 5th & 6th graders, 5416
maternal characteristics & child's looking behavior, 6 & 9 mo old Down's syndrome infants, 5874
maternal hospitalization for postpartum depression or psychosis or child abuse, mother-child relationship, arguments for joint hospitalization of mother & child, 4197
maternal mood & caretaking difficulties, mothers of infants with perinatal complications at time of hospital discharge vs 9 mo later, 5664
maternal reinforcement & punishment & contingency, reading & math achievement & field dependence, low income Anglo American mothers & their 7–9 yr olds, 3041
maternal separation & deprivation following delivery, mother-child relations, premature infants & mothers with mean age of 24 yrs, Nigeria, 932
maternal verbal control during mutual gaze & visual co-orientation, mothers and their 2–4 mo old infants, implications for infant communication development, 5314
maternal/paternal care/overprotection, hypochondriacal in- & outpatients from psychiatric hospital with mean age of 39.7 yrs, 10485
mother infant interaction, smiling & laughing & play & coping behavior & emotional development, infants at 6 & 13 & 26 wks of age, 3203
mother infant relations & medical care during postpartum period, 1768
mother-child interactions, hyperactive vs normal 2–6 vs 7–9 yr olds, 3820
mother-child psychotherapeutic approach, autistic female twin from 6 mo to 3 yrs of age, 1480
mother-child separation during hospitalization in pediatric unit, 1772
mother-child symbiosis & body-ego development & father personality & family dynamics, schizophrenia & anorexia nervosa, 5692
mutually successful interaction, child emotional & cognitive development, mothers & children, literature review, 5333
need for verbal stimulation, ego & cognitive development, 7 & 9 yr old hearing daughters of deaf mute mother, 1359
neonatal irritability & maternal responsiveness, development of infant temperament & mother-infant interaction, 19–35 yr old mothers & their 1–3 mo old infants, 3302
neonate hospitalization, development of mother-child link, 1776
occupational therapy, understanding & acceptance of child & building child's self esteem, mothers of 5–10 yr olds with sensory integrative dysfunction, 8667
olfactory response to maternal odors from breast & neck, neonates, 800
parent effectiveness training & parental use of I-messages & active listening skills, behavior change, children & mothers, 10889

parental attitudes & emotional reactions & maternal influence, self esteem, physically handicapped 9–11 yr olds, 1373
perceptions of sons' family relationships & academic achievement, low income Black urban mothers of male elementary school students, 13643
perinatal & infant physical status & child development & mother-infant interaction & family ecology & parent perceptions of child, IQ & language skills, infants, 4-yr longitudinal study, 3076
preference for holding neonate on the left side at 1st contact, mothers, 947
premature mourning vs failure to mourn when critically ill neonate survives & subsequent parent-child difficulties, mothers & 3 & 4 yr olds, 3312
preschool cognitive ability & maternal influences, cognitive development, 11 yr olds, Japan, 8-yr followup, 10154
presence of adult vs 13–29 mo old peer, mother-infant interaction, mothers & their 19 mo olds, 3317
proximal & proximo-distal behaviors during breast- or bottle-feeding, primiparous mothers & their neonates on 2nd vs 4th vs 42nd day postpartum, 3318
reception of verbal description vs viewing vs active engagement in administration of Brazelton Neonatal Behavioral Assessment Scale, mother-infant interaction, mothers & their newborns, 951
relationships with infant at 1 mo & 1 yr following delivery by emergency caesarian section, 20–30 yr old mothers, 13339
role during pregnancy & perinatal period, child psychiatrists, literature review, 1674
security of attachment at 12 mo, exploration & cognitive mapping abilities, 30–34 mo olds, 785
sensory stimulation in mother-child activities, mothers & their 4–6 wk old infants, 7791
sex & age differences, maternal response to conflict & sibling hostility, 8 & 14 mo vs 26–51 mo old siblings, longitudinal study, 7725
sex differences, selectivity of attachment behaviors to mother vs adult female acquaintance, 12 vs 24 mo olds, 10239
taxonomy of mother's interrogative strategies as facilitating vs fragmenting to child's participation in conversation, mothers & their Down's syndrome children with mean age of 67 mo, 5880
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 7957
temporal characteristics of maternal speech during interaction with infants, mothers & their 3 mo olds, 12366
temporal organization of interaction during breast feeding, mothers & their neonates, 12563
time spent in "en face" position in 1st hr postpartum, Hispanic vs White mothers, 12581
undissociable mother-son dyad in case of J. Renard, 10471
unstructured free play vs structured task-oriented situation, interactive patterns, mothers & their abused vs behavior disordered children with mean age of 7 yrs, 10633
videotape modeling parent training, child behavior problems & mother-child interactions & confidence in parenting abilities, mothers of 3–5 yr olds, 1-wk & 1-yr followups, 6262

Mothers [See Also Schizophrenogenic Mothers, Unwed Mothers]
acceptance vs conflict in parenting role & employment & father's role & child care arrangements, mothers age 33 or older vs 23–29 yrs old at birth of 1st child, 3307
advanced maternal age, Alzheimer's disease, patients with mean age of 73.2 yrs, 13459
age & sex & disorder, agreement in symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3615
aggressive behavior during 45 days postpartum, mothers, 7922
anxiety & hostility & psychophysiology, prediction of postpartum depression, mothers measured during pregnancy & after birth, 12848
attitudes & lifestyle, mothers of adolescent mothers, 5507
autonomy & successful marriage & motherhood, mothers with careers, 942
"blame the mother" ideology & myths of schizophrenogenic mothers & harmful maternal employment, responsibility & accountability for children's behavior difficulties & disorders, 3656
causal attributions of problem behavior in school, 4th–6th graders vs teachers vs mothers, 13652
characteristics of biologic & adoptive parents & preplacement experiences, alcoholism susceptibility, 23–43 yr old adopted daughters, summary of authors' 1981 article, 5811
childbirth, rate of psychosis, females under psychiatric care, 8041
childhood experiences, attitudes toward own children, mothers of 5th graders, Japan, 952
child's sex & diagnosis of handicap & type of school attended, perception of sense of adjustment, 9–11 yr olds with cerebral palsy vs spina bifida vs their mothers, Australia, 3802
cognitive development & neonatal activity level & maternal verbal functions, language development, infants observed from 6 to 24 mo of age, 788
cognitive/social stimulation in home environment & sex typing in child's room, 3–6 yr olds from intact/mother working vs nonworking vs divorced/mother working families, 3048
comprehensive interdisciplinary vs traditional health care programs, infant immunization status & maternal contraceptive use & repeat pregnancy rate & school attendance, teenage mothers & their infants, 6362
construct validity of Maternal Social Support Index, mothers, 178
cry difficulty, physiological & emotional responses to infant cries, nonparents with mean age of 29.8 yrs vs primiparous vs multiparous mothers vs fathers, 2843
cultural factors, usefulness of reinforcement for better diets for infants & infant development, mothers, Philippines, 6354
development of sexual identity, 3–11 yr olds raised by lesbian mothers, implications for child custody, 7719
distress, teenage mothers interviewed when child was in 1st vs 12th grade, longitudinal study, 7708
Down's syndrome, family functioning, mothers or guardians of retarded 4–14 yr olds, Greece, 1301
dynamics underlying conflict between natural & foster mother & psychosomatic responses to conflict, 9 yr old females, 8233
early maternal bereavement, age at marriage & quality & fate of marriage & number of children & coping ability & childrearing, female psychiatric patients, 1127
early vs late marriage, motherhood & marital stability, 7788
epidemiology of motor & visuo-perceptual deficits, 5 & 6 yr olds born to mothers with mean age of 39 yrs vs 28 yrs, 8194
evaluation of Parent-Child Development Centers, promotion of mothering skills, mothers in low income families, 6414
factor analysis, Henderson Environmental Learning Process Scale responses, mothers of 7–14 yr old learning handicapped children, 112
feeling of responsibility for child's illness, mothers of sick children, 5682
free play & diaper changing in natural setting, structural components of parenting behavior, mothers & their 3 mo olds, 5503
goals & expectations & teaching styles with children in childcare centers or preschools, mothers vs teachers, 10321
health education program emphasizing hygiene & nutrition, incidence of infant gastro-enteritis, nursing mothers with mean age of 24.6 yrs, Nigeria, 6363
home & nursery school behavior & mother's childrearing attitudes, male vs female 2 yr olds from father-absent mother-headed families, 3223
home-based early intervention program, mother-child relations & promotion of developmental functioning, adolescent mothers & their infants, 1542
husband's sex role attitudes & time demands of student role, role conflicts & coping strategies, married female college students with children, 12601
identity reformulation process, career oriented 30–33 yr old primiparas 2 wks vs 4 mo postpartum, 12749
in utero drug abuse due to maternal drug addiction, arousal & irritability & muscle tone fluctuations & motor development & sleep & crying patterns, 38–40 wk old infants of 17–29 yr old drug dependent mothers, 12396
inadequacy of information provided to new mothers in maternity, pediatricians, 1762
individual differences, conversational style, mothers of 2.4–3 yr olds, 5505
informal vs formal sources of information in search for child care, 15–29 yr old mothers, 3315
intelligence & visual perception & psycholinguistic ability & incidence of psychopathology, 48–120 mo olds of alcoholic vs epileptic mothers, 5689
involvement of biologic mother in treatment, psychopathology, adopted 13 yr old female, 6108
issues in rehabilitation of disabled women & problems of mothers with disabled children, 4246
literacy & age & socioeconomic characteristics, concept of measles & attitudes toward measles vaccine, mothers, Nigeria, 13330
marital adjustment, 24–38 yr old mothers vs involuntarily childless females, Nigeria, 7793

maternal age, number of pregnancies & prenatal care & pregnancy complications & school dropout rate & child's Apgar score & subsequent illnesses, Black vs White 14–16 vs 20–30 yr old mothers & their children, 5501
maternal alcohol consumption during pregnancy, fetal development & disorders, humans & animals, literature review, 10022
maternal employment, attitudes toward sex role & occupational stereotypes, male vs female 8th graders, 5413
maternal employment, development of sex roles & sex role attitudes, 8 & 9 yr olds, 10254
maternal heroin & methadone addiction, prenatal & postnatal medical complications & developmental problems, infants, literature review, 1377
maternal hospitalization for postpartum depression or psychosis or child abuse, mother-child relationship, arguments for joint hospitalization of mother & child, 4197
maternal labor force participation, 2-parent families with 3–18 yr olds with cystic fibrosis vs cerebral palsy vs myelodysplasia vs multiple physical handicaps, 1351
maternal methadone use during pregnancy, health & development & behavior, infants, literature review, 10005
maternal mood & caretaking difficulties, mothers of infants with perinatal complications at time of hospital discharge vs 9 mo later, 5664
maternal narcotics use during perinatal period, effects on children & neonates & fetuses, literature review, 10019
maternal speech, type of sentence & pitch contour & interaction contexts, mothers with their 2–6 mo olds, 945
mood change & biochemical changes in urinary & plasma cyclic adenosine monophosphate & adenosine triphosphate during pregnancy & following delivery, 15–40 yr old mothers, implications for manic depression, 7451
mother's job autonomy & demands & skill utilization, child's school attendance & effort & achievement, Black lower socioeconomic mothers & their 10–17 yr old children, 6709
mother's role as primary speech-language therapist, 23 yr old autistic daughter, 6341
motivation & demographic factors, surrogate mothers, 10337
mutually successful interaction, child emotional & cognitive development, mothers & children, literature review, 5333
need for mainstream child care services, children of disabled mothers & disabled children, 4146
neonatal irritability & maternal responsiveness, development of infant temperament & mother-infant interaction, 19–35 yr old mothers & their 1–3 mo old infants, 3302
nonverbal language, mothers with malnourished vs healthy infants, 5923
occupational therapy, understanding & acceptance of child & building child's self esteem, mothers of 5–10 yr olds with sensory integrative dysfunction, 8667
parent personality & parenting skills & abuse of mother & father as children, behavior & learning problems & hyperactivity & overdependence & anxiety & bizzare behavior & asthma, multihandicapped 2–11 yr olds, 3521
parent training program utilization videotaped modeling, children's behavior problems, mothers & their 3–5 yr olds, 1543
parent training with vs without parent enhancement therapy group, treatment outcomes, mothers & their behavior problem children, 6188
parental schooling & occupational status & maternal employment, educational aspects of parent child relations & child's academic achievement, Chicanos vs non-Hispanic White families, 11265
paternal vs maternal origin of extra chromosome, patients with Down's syndrome & their parents, 5884
pediatrician's 1st comments about infant, future perception of child, mothers, 10319
perception & evaluation of child's strengths & weaknesses & prediction of future achievement, mothers of learning disabled vs nondisabled 2nd–6th graders, 10655
perception of child's social & emotional adjustment & emotional response to hemophilia, mothers of 3–18 yr old hemophiliac males, 1398
perceptions of personal competence in parental role, mothers, 10306
perceptual sensitivity on visual vigilance tasks, 9–16 yr olds with hyperkinesis vs schizophrenic vs nonpsychotic psychiatrically disordered mothers, 10555
personal values, 11–15 yr olds vs their 29–58 yr old mothers, 10209
preference for holding neonate on the left side at 1st contact, mothers, 947
presence & support of other adults & social interaction, evolution of family structure, Black mothers under 17 vs 18–19 vs 20–24 vs over 25 yrs old at birth of child, longitudinal study, 7801
psychological & acoustic properties of distress vocalizations, use of contextual cues in judgment of fussy/crying vocalizations of 3–4 mo olds, mothers, 7811
psychological effects, mothers of phenylketonuric infants, 1438
reception of verbal description vs viewing vs active engagement in administration of Brazelton Neonatal Behavioral Assessment Scale, mother-infant interaction, mothers & their newborns, 951
relationships with infant at 1 mo & 1 yr following delivery by emergency caesarian section, 20–30 yr old mothers, 13339
reliability & validity of Neonatal Perception Inventory, assessment of maternal perception of infant status, adolescent mothers, 7042
rise in marital dissolution & maternal participation in labor force, change in traditional childcare & rise in childcare industry, 10315
role as liaison between families & class & counseling role to help mothers cope, social workers dealing with language disordered preschoolers & their mothers, 2047
role confusion & self image problems, working mothers, 7858
role of self help groups & social workers, learning of death & mourning & burial of stillborn babies, 23–35 yr old mothers, 6432
screening for depression & anxiety at 6–8 wks postpartum, acceptance vs rejection of treatment offer at 6 mo postpartum, mothers, 10976
self described sex role behavior & ideal sex role behavior in children, 19–43 yr old heterosexual vs homosexual mothers, 10365
social networks, mothers of abused & neglected children, 10638
social status & child's sex & visibility of handicap, perceived stigma, 18–54 yr old mothers of severely & profoundly retarded children under 12 yrs of age, 8138
sociocultural factors & ethnicity & language & working status & time of migration, use of health care facilities for perinatal care, 16–41 yr old pregnant Mexican Americans, 10964
strength of social network, maternal role satisfaction, formerly married 19–55 yr old mothers, 10310
style of childbirth selected during prenatal period, actual hospital experience & attitudes toward future births, mothers, 4131
symptoms & causes of pathological maternal nostalgia, 45–55 yr old females whose adult children had left home, 5681
teenage childbearing, neonatal behavior & development, infants born to mothers aged 15–17 vs 20–32 yr olds, Puerto Rico, 3034
traditional views on childrearing & family life, mothers interviewed 1957–60, implications for etiology of narcissistic personality development, 10562
turntaking & participation in discussion of moral dilemma, mother-father-adolescent triads, 7812
TV viewing patterns & attitudes, mothers & children, Sweden, 12574
type of question, agreement on symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3582
urban vs rural residence & education, reproduction & use of health services & infant feeding, mothers, Lebanon, 13346
validity of modified version of Social Adjustment Scale, mothers of 1 yr olds & females receiving elective sterilization, 2432
validity of Neonatal Perception Inventory, inferring maternal attitudes toward their neonates, mothers, literature review, 9428
videotape modeling parent training, child behavior problems & mother-child interactions & confidence in parenting abilities, mothers of 3–5 yr olds, 1-wk & 1-yr followups, 6262

Moths
compass orientation to earth's magnetic field, orientation during migrations on cloudy nights, yellow underwing moths, 424
nervous system development, holometobolous insects in larval & pupal & adult form, 9855
sex pheromone for winter moth, precopulatory behavioral responses at low temperatures, male moths, 5267

Motion Perception [See Also Apparent Movement]
amounts of illusory vs real motion concomitant with lateral head motion, illusory & apparent motion perception, college students, 9539
aperture viewing, persistence effects on visual tracking & Mueller Lyer tasks, humans, 2574
binocular vs monocular viewing & nasal vs temporal hemiretinal exposure to rotating visual background, visual verticality judgments, 18–24 yr olds, 2570
displacement of dots in same vs opposite directions, segregation in random dot kinematograms, author & naive S, 2549
edge vs element occlusion & texture element size & visibility of edge of sphere & direction of rotation of parallel projections, direction-of-rotation judgments, college students, 11780

eyes open vs closed & moving vs artificially stationary visual field, motion sickness, 14–40 yr olds, 3833
Fourier components of visual moving gratings, 9303
image displacement & ocular pursuit & object-relative displacement, motion perception, college students, 9563
level of alcohol ingestion, motion perception, male Os, 10024
motion of tree with invisible trunk & branches with lighted limb ends, perception of tree structure, adult viewers, 274
motion sweep duration & number of stations of moving target, spatial & temporal vernier offset thresholds, adult Os, 11810
movement duration with vs without reference line, displacement thresholds, naive Os, 2565
ocular pursuit of moving object preceded by displacement of object's image in different direction, motion perception adaptation, college students, 11774
outline projection of rectangular solid object with missing corner contour rotating in depth, subjective contour perception, college students, 2567
retinal disparity of stimulus depth, neuronal sensitivity to direction of motion in visual cortex, cats, 5046
stereoscopic displays, form & depth & motion perception, 262
sufficient computational conditions, inferring 3-dimensional object description from its 2-dimensional projected motion image by biological or artificial systems, 2564
visual display of dots travelling toward each other at constant velocity, perceived pause & sticking upon coincidence, college students, 2561
Motion Pictures [See Also Motion Pictures (Educational), Motion Pictures (Entertainment)]
viewing of filmed violence in presence of submissive vs dominant peer, subsequent aggression, submissive 5–6 yr olds, 867
Motion Pictures (Educational)
simulated vs actual navigation of environment, spatial knowledge acquisition, college students, 2126
threat level of film about drinking & driving, attitudes toward & knowledge & self reports of frequency of impaired driving, high school students, 11218
Motion Pictures (Entertainment)
cinematic portrayal of mentally retarded & mentally ill in pre-Nazi German films, social acceptance of Nazi euthanasia program, 1097
depiction of nurse as sex object in motion pictures, 1930–80, 12358
factor analysis, attitudes toward motion pictures & omissions in L. L. Thurstone's Movie Attitude Scale, college students, 5283
insanity in movies, 1913–33, Germany, 2988
level of perceived outcome uncertainty & disposition toward protagonist in dramatic film, experienced suspense, college students, 10077
promotional film & violence preference, response to motion picture, movie audience members, 6912
TV viewer appeal & movie attendance patterns & marketing, decision making in film industry, 11523
Motion Sickness
anti-motion-sickness drugs, nystagmic eye movement responses to angular acceleration with vs without vision & to optokinetic stimuli, college students, 7539
body rotation induced taste aversion, defecation during rotation as index of motion sickness, male rats, 9900
eyes open vs closed & moving vs artificially stationary visual field, motion sickness, 14–40 yr olds, 3833
optokinetic stimulation, development of motion sickness, healthy males, 7173
polling technique, measurement of susceptibility to motion sickness, 2458
rate of rotation & acceleration value, motion sickness & vestibular & postural reactions, humans, 7170
Motivation [See Also Academic Achievement Motivation, Achievement Motivation, Affiliation Motivation, Animal Motivation, Educational Incentives, Employee Motivation, Extrinsic Motivation, Fear of Success, Hunger, Incentives, Intrinsic Motivation, Monetary Incentives, Sex Drive, Temptation, Thirst]
appetitive vs aversive reinforcement schedules, productivity & emotional reactions, 18–34 yr old males living in laboratory for prolonged period, replication of Skylab crew reactions, 324
application of A. Maslow's theories to international affairs, 5474
application of psychological principles to economic models of human behavior & motivation, 2305
characteristics & mechanisms of prosocial behavior & sources of prosocial motivation, literature review, 3382
cognitive abilities & emotional & motivational variables following inpatient treatment for delirium tremens, 23–71 yr old alcoholics, 1293
competition for prizes, artistic creativity, 7–11 yr old females, 12453
concepts of emotion & motivation in F. Heider's notebooks, 4949
consumption of alcoholic vs nonalcoholic drinks believed to be alcoholic vs nonalcoholic, motivation to drink 15 to 60 min later, mildly vs severely alcohol dependent Ss, 5855
control deprivation, effort expenditure to gain information about extent of environmental control, college students, 9679
control systems model, goal setting & performance monitoring & goal adjustment, college students, longitudinal study, 2657
correspondence between motivation of characters in C. Dickens's "Oliver Twist" & A. Maslow's hierarchy of needs & self actualization, 5308
criticalness of situation & attribution differences, endurance task performance, male vs female college students, 11733
degree of arbitrary provocation & level of physiological arousal & anger, aggressive behavior, 16–26 yr old males, 5594
demographic & background characteristics & motivation & prognosis & prevention, attempted suicide, children & adolescents, literature review, 3674
depression, level of reward values & expectations & motivation, college students, 2660
development of Needsort, measurement of motivation within A. Maslow's framework, 13–73 yr olds, 146
direct experience & intentions, smoking behavior, junior high & high school students, implications for I. Ajzen & M. Fishbein's model of behavioral intention prediction, 3244
economic & motivation analysis, self interest & collective behavior, 3429
economic analysis, charitable behavior, 3257
effect of feedback on performance, goal progress, college students, 11934
ego involvement regarding political knowledge, prediction of outcome before vs after 1980 presidential election in public vs private conditions, 18–22 yr olds, 3424
emotion & emotional behavior as related to internal & external demand, 2655
encouragement of goal directed behavior in counseling, 11047
endorphins released by stress & running & acupuncture & sexual activity & suggestion & ritualistic dancing, antinociception & socialization & euphoria & drive & vegetative functions & mental disorders, literature review, 7468
ethical motivation of consciousness & behavior, Communists, 10351
expectancy-value judgments concerning blood donation & intention to give blood, college students & faculty & staff, implications for consumer behavior, 9195
factor analysis, beliefs about & intentions of donating blood, donors, test of validity of Fishbein's behavioral intention model, 7127
forms & motives of anti-science discourse & medicine, 4644
generality of stimulus binding hypothesis across drinking behavior & task performance, alcoholics, 12969
goal difficulty & normative information on goal achievement, personal goals & performance, college students, 11929
ideals & motives & interests, adolescents, China, educational implications, 10252
infusion of organization with sense of purpose, leaders of successful organizations, 9136
intensity & motivational content of verbal rationales, compliance with prohibition, 7–10 yr olds, 7727
internal & external control beliefs & pattern of causal attributions for success/failure & vocabularies of motive for return to education, working class female adult education students, 4420
learning strategies research program, satisfaction motivation & performance & self control, US Air Force technical training students, 9077
level of deprivation, achievement & approval & trait & state anxiety & power & affiliation motives, 15–25 yr olds, 7736
management level, motivational needs, bank managers, Malaysia vs India, 13795
maternal acceptance & persistence on impossible task with positive vs no feedback, 5th & 6th graders, 5416
model, behavioral effects of perceived personal efficacy, 10437
motivation & demographic factors, surrogate mothers, 10337
motivation & generalization & maintenance of skills learned in social skills training program, 8379
motivation & impulsiveness & other factors affecting clothing buying behavior, 15–29 yr old vs older females, 4606
motivation for altruistic behavior, blood donors, 10429
motivation for murder & characteristics of victims & murderers, 14–67 yr old accused murderers, 3702

motivation in risk taking & paired associate learning task performance, test of Atkinson's theory, 9687
motivation to take childbirth preparation classes, 16–38 yr old primiparous females, 10971
motivational arousal, perception of magnitude of avoidance situation valence, female college students, 7284
motivational factors in joining meditation program, Americans with mean age of 24.3 yrs, India, 7768
motivational factors, volunteering for centrifuge acceleration research, 18–36 yr old military personnel, 4562
motivational management approach, identification of causes & coping with burnout, public health & hospital & preschool personnel, 10919
motivational supports of video games, implications for classroom instruction, 6629
motivations for attending college & academic & vocational preferences, college students, 11278
motives for intercultural & interracial marriage, 10324
mystical experience, drinking patterns & drinking reasons, members of health insurance plan, 12642
nuclear accident at Three Mile Island, number of & motivation for moves from area, residents, 13825
occupational status & status recognition as reason for leisure activity participation, male bowling team members, 1042
oracular art as channel for drives & desires, writers, 721
other vs self oriented vs no explanation for prohibition of activity, compliance, 9 & 10 yr olds, 7726
paired associate learning, recall vs "tip-of-the-tongue" vs "don't know" reports in probed recall, college students, criticism of J. T. Hart's hypothesis on retrieval effort motivation, 11919
perception of person's wealth & health & past & present intent & consequence, development of moral judgment, 5–10 yr olds, 3028
personal characteristics & nature of crisis & motivation, justifiability & attitudes toward suicide, college students, 8083
personality traits & motivation to choose medicine as vocation, stress adaptation & response, 27–73 yr old physicians, 13516
physical posture, motivation & emotions, college students, 11936
pleasure & reason as adaptations to nature's requirements, 321
positive vs negative social image of smoking & age & sex differences, social influences for smoking initiation, 6th vs 10th graders, implications for prevention, 5404
power motivation, social value orientation, male vs female Hindu vs Moslem graduate students, India, 1076
prevalence & motivation, alcohol drinking, 12–17 yr olds, 5407
prior ego-enhancing vs diminishing feedback, causality attributions following anagram task success vs failure, college students, 2662
proposals to ameliorate disincentive problem, rehabilitation, handicapped, 8657
provocativeness of target & previous experience with aggression, 3rd-party-instigated aggression, female college students, 1029
psychological motives & socio-historical context, actions & stance of C. Jung in period prior to outbreak of World War II, 4630
reasons chosen by patients vs clinical assessors for drug overdoses, 13–18 yr old self poisoners, 10619
reasons for racing & feelings experienced during race, middle aged 1st-time marathon runners, 3494
reasons for withdrawal from competitive swimming, 10–18 yr old swimming dropouts, 12480
regulation of will & self regulation of personality, 7945
relationship & sexual activities between owners & pets, 5843
relationship between Gestalt therapy & meditation & lust, 1498
research on distinction between violence in response to life-threatening event vs threat to property or social rank, animals, implications for human intrafamilial violence, 9795
role of self direction in sports & life & relevance of rational emotive therapy, 3450
role of stimulus quality vs stimulus location, learning of go/no-go vs go-left/go-right tasks, dogs, evidence for quality-location hypothesis, 7304
science of economics vs science of political economy, analysis of economically motivated behavior, 3327
self favoritism & fairness & maximum joint profit, allocation of imaginary money & time between self & spouse/child vs friend/workmate, 32–58 yr olds, 10383
self monitoring with vs without self reward, procrastination & academic behavior, academically disadvantaged minority college students, 11212
sensation seeking, intention to give blood, female college students who had not previously donated, 7927
sex role restrictions & socioeconomic status & alienation & motivation & self & teacher expectations & cultural identification, participation in post-secondary education, Mexican American females, literature review, 3297
social experience & cognitively oriented caregiver activities, cognitive competence & motivation to master environment, 1 & 3.5 yr olds, followup study, 3033
stability of factor structure of survey to assess motives for participating in river floating in different settings, river users, 4743
stimulus- & motivation-specific components of sensitization-habituation & aggression, male sticklebacks, 7369
tachistoscopic subliminal vs supraliminal oedipal stimuli & preexperimental arousal of oedipal wishes, dart throwing, 18–29 yr old male college students, replication of L. H. Silverman et al, 4952
task difficulty & self perceived ability level & belief that ability &/vs chance determined results, performance, 15 yr olds, 3023
technical characteristics of health-risk appraisal instruments & utility as motivators for behavior change conducive to positive health, 9392
theories of attachment & drive, 10214
timing of introduction of cost salience information & self consciousness & social anxiety & audience characteristics, degree of entrapment in escalating conflict, 1034
unclear legal definitions of intent & capacity, clinical limitations in giving expert testimony on diminished capacity, forensic psychiatrists & psychologists, 7826
unsupervised self administered aerobic training program, participation & motivation, 40–53 yr old male US Army personnel, implications for supervision & positive reinforcement in military physical training, 13769
validity of questionnaire, assessment of action vs state orientation & degree to which intended actions are performed, high school students, 160
value hierarchization & value of equality, prediction of attitudes & intentions & behaviors, students, implications for M. Rokeach's value theory, 12724
videotape of heavy & light drinking behavior & motivation for drinking, beer consumption, male spinal-cord-injured patients, 5552
vocal signals & motivation conveyed, indicator of posture & movement, animals, 422
wishes, 10–11 yr olds seen vs not seen by psychiatrist, 3528

Motivation Training

time management training program, time spent on high priority tasks, university faculty & staff members, 8805

Motor Coordination

bimanual movement task involving repetitive movements of unequal difficulty, voluntary timing control & timing, right handed 22–33 yr olds, 11770
competition & shock-induced aggression & isolation, coordination & dyadic social interaction, rats, 5183
gross motor incoordination, self esteem, 8–12 yr old males with learning disorders, 8150
memory vs eye movement impairments as cause of inability to match length of successively presented lines, clumsy children with mean age of 11.3 yrs, extension of study by C. Hulme et al, 13036
motor & premotor cortical ablation, goal-directed movement formation & coordination & precision, cats, 12222
motor ability & visual & kinesthetic & cross-modal perception & WISC spatial subtest performance, clumsy vs normal 10 yr olds, 7660
neurodevelopment & motor impairment & IQ, 5.6–7.8 yr olds identified as clumsy, 7658
phenyldiguanide, stimulation of pulmonary vagal afferents & resultant cardiovascular & respiratory & motor coordination effects, male rats, implications for cardiovascular effects of opioids, 2986
resistive rocking & creeping & walking activities, motor coordination & memory & oculomotor control, students with poor visual attention, 11333
spinal transection as adults vs neonates, tailpinch induced hindlimb stepping movements, rats, 578
temporal coordination of step cycles among limbs during in-phase stepping & transition to & from alternate stepping, cats, neural circuitry implications, 7407

Motor Cortex

acquisition & performance of defensive CR, EEG spectrograms of sensorimotor cortex & dorsal hippocampus & mesencephalic reticular formation & anteroventral thalamic nucleus, rabbits, 12053

dextroamphetamine vs haloperidol following motor cortex ablation, recovery from paresis & depressed catecholamine levels, male rats, implications for rehabilitation of stroke & trauma patients, 7544
discrete forelimb & hindlimb movements, distribution of neuronal activity in supplementary motor area & comparison with precentral motor area, macaques, 7444
early motor deprivation & training, neuronal activity in sensorimotor cortex, young rats, 7503
extinction of defensive CR to acoustic CS, changes in chemoreactive sensitivity to acetylcholine in sensorimotor cortex, rabbits, 12070
hypothalamus & locus ceruleus & raphe nuclei stimulation, synaptic & spike responses in sensorimotor cortex, male rats, 9962
joint rotation angular components during visually-guided arm reaching task, precentral cortical unit responses, monkey, 7433
motor cortex lesions, swimming measures as test of motor cortex integrity, male rats, 55
motor output maps for distal forelimb in cortical area 4, squirrel monkeys, 2813
neuron activation in motor & visual cortex, cause of future vs response to past activity, rabbits, 2809
neuronal activity in supplementary motor area, initiation of voluntary movements, 2772
neuronal spike activity in cortical motor area during foreleg movement, cats, 12094
noradrenaline, conditioning of sensorimotor cortex neurons to sound, rabbits, 11993
organization of somatosensory input from digits & wrist to cortical area 4, squirrel monkeys, 2812
recovery from impaired visual function, morphological characteristics & glutamate dehydrogenase activity in motor cortex, rats visually deprived at birth, 12140
somatically & visually triggered wrist flexion-extension movements, neuronal activity in contralateral precentral forelimb area, monkeys, 9887
stability of interneuronal connections in sensorimotor cortex, cats, 12055
Motor Development [See Also Psychomotor Development, Speech Development]
background characteristics & speech articulation & language & motor development & intelligence & behavior problems, 5 yr olds with bilateral otitis media with effusion, 1422
concurrent validity of Revised Developmental Test of Visual-Motor Integration with Bender-Gestalt, assessment of visual-motor development, emotionally disturbed 5–12 yr old males, 2425
development of technical knowledge & manual abilities, 11–14 yr olds, 5386
display & knowledge of sex related motor behavior, male vs female kindergartners vs 2nd vs 4th vs 6th vs 8th vs 10th vs 12th graders, 3118
home environment & maternal attitudes & marital adjustment & socioeconomic status, mental & motor development, 2 yr olds, 3149
in utero drug abuse due to maternal drug addiction, arousal & irritability & muscle tone fluctuations & motor development & sleep & crying patterns, 38–40 wk old infants of 17–29 yr old drug dependent mothers, 12396
motor & behavioral development, infants at risk for CNS dysfunction from birth, 8177
normative data on Purdue Pegboard Test, right handed 2.5–5.9 yr olds, implications for neuropsychological screening, 2486
patterns & frequency of dysfluencies & role of linguistic & motor factors, nonstuttering male 2 vs 4 vs 6 yr olds, 5398
physical & motor development, visually vs hearing vs mentally impaired students, 7974
Revised Denver Developmental Screening Test & Developmental Profile II, identification of cognitive & language & motor problems, 6–18 mo olds, 9401
sex & race & social status & gross motor development level, incidence of bruising, 3 yr old children, 13094
thermal reinforcement, head raising behavior, 1–8 day old rats, 11979
unilateral cerebellar hemispherectomy at 5 vs 10 vs 30 days of age, locomotor development, rats, 9973
use of cradleboard & other factors, delayed onset of walking, Hopi infants, implications for results of W. Dennis's 1940 study, 7613
Motor Disorders [See Nervous System Disorders]
Motor Evoked Potentials [See Somatosensory Evoked Potentials]
Motor Neurons
ACTH following peroneal nerve crushing, functional reorganization of regenerating motor units in extensor digitorum longus, adrenalectomized male rats, 5180
brain stem omnipause neuron role in oculomotor function, male cats, 464
cerebellar nuclei stimulation, red nucleus unitary activity during learned ballistic movement, cats, 9965
classically conditioned reflex facilitation, muscle tension & single motor unit EMG recordings from flexor muscle, spinal cats, 2907
conceptual reflectory arch as basis for neural organization, coding of motions & learning in motor & detector neurons, 7441
cortically-induced rhythmical jaw movements, trigeminal motoneuron membrane-potentials, guinea pigs, 2889
early motor deprivation & training, neuronal activity in sensorimotor cortex, young rats, 7503
electrical stimulation of brain nuclei in vocal control pathway, neural recruitment in hypoglossal motor neurons as modulated by respiratory gating, budgerigars & zebra finches, 9961
EMG evidence for flight interneurons in abdominal & thoracic ganglia, locusts, 2803
glucocorticoid, lumbar spinal cord motor neuron electrical properties, cats, implications for psychiatric disorders in humans, 619
interval between repeated depolarizing pulses to mechanoreceptor, amplitude of excitatory postsynaptic potentials in motor neurons & habituation of gill-withdrawal reflex, Aplysia, 5196
morphological & physiological features of inhibitory neurons in medullary reticular formation, control of horizontal REMs, alert cats, 7448
motoneuron activity during EMG pauses in NREM sleep, cats, 5055
nucleus reticularis pontis oralis stimulation, intracellular potentials of lumber motoneurons during wakefulness vs quiet vs active sleep, cats, 9956
paired swimbladder muscle contraction, sound production, toadfish, 2773
sex differences & neonatal testosterone, dorsolateral motor nucleus of lumbar spinal cord, rats, 12065
topographic relation between facial nucleus cell groups & individual muscles, rats, 5115
Motor Pathways [See Efferent Pathways]
Motor Performance [See Also Finger Tapping, Jumping, Running, Walking]
age & sex differences, motor ability, deaf 7–14 yr olds, 8176
age & sex differences, motor performance, 3–6 yr olds, 7618
age differences, RT & pushbutton force in choice task, 20–29 vs 66–79 yr olds, 2546
amount of monetary incentive, heart rate during continuous motor task performance, college students, 7480
bioelectrical skin reactivity & forced pace vs spontaneous stimulus presentation, motor & verbal performance, 19–59 yr old operators, 5132
compatibility between stimulus array & motor response array, left vs right hand up/down & rotational movement preferences, humans, 11736
criticalness of situation & attribution differences, endurance task performance, male vs female college students, 11733
exercise & fasting, blood glucose levels & force exerted in pedaling, male college students, 12109
glucose vs water vs saline placebos, performance on visual perceptual & vigilance & psychomotor tasks, female college students, 250
hand grip strength & hand preference for writing, left vs right handed college students, implications for reliability of hand dynamometer, 7423
hand temperature, RT for hand-operated braking performance, 18–24 yr old motorcyclists, 2539
home environment & neonatal reflexes, motor & cognitive-motor performance, 4 yr olds, longitudinal study, 3126
improvement in maximum speed arm muscle adduction/forearm flexion movement learning & role of cerebellar motor programs, 19–35 yr old males, 476
industrial engineering procedure, evaluation of amputees' motions, amputees vs nonamputees, implications for design of prosthetic devices, 1810
instruction emphasis, speed & accuracy of throwing task under competitive vs noncompetitive conditions, college students, 246
mental retardation with whole-model vs progressive part-model demonstration, swimming imagery & acquisition of swimming skills, college students, 2521
movement distance & stimulus velocity, perceptual motor timing task performance, right handed college students, 4854
naloxone & morphine tolerance & morphine vs ethanol, impairment of roto-rod performance, male mice, 2950
perceptions of child level of fine & gross motor skills & language ability, parents vs teachers of preschool age children, 3063

perceptual style, performance in volleyball & tennis & badminton, 10th graders, 3098
performance & EMG during motor task, 43–84 yr olds with cerebral lesions of left vs right hemisphere, 3834
performance on concurrent speech & motor task with right vs left hand, assessment of lateralization of speech perception & production, male 18–25 yr olds, 12076
positive vs negative self monitoring vs instruction only, bowling performance, skillful vs unskilled bowlers, 4032
predictors of performance in prolonged strenuous sports events, literature review, 2547
race & sex, reminiscence on massed practice mirror tracking task, Black vs White males vs females, 7178
scientific research on external stimulation of proprioceptive system & effect on human motor performance, 4853
sensory integration therapy & quantitative reviewing procedures, academic achievement & improved motor & reflex performance & language, mentally retarded children, literature review, 8289
sex & training variables, lifting performance, college students, 7181
sex & work load, movement capability, ROTC students, 9095
sex differences, development of overarm throw, 7th graders studied longitudinally from kindergarten through 2nd grade, 7612
sex differences, lifting performance, college students, 9522
shorthand training, mental & motor performance & CNS lability, 17–18 yr olds, 7171
success feedback with vs without monetary incentives, heart rate during continuous motor task performance, college students, 7467
teaching style, motor performance & social skill development, 5th graders, 737
teletype vs intermittent vs jet vs helicopter cockpit noise & personality, arousal & performance on psychomotor task, 19–39 yr old males, 9184
traditional vs movement education approach, motor skill learning, 1st graders, 1979
training for Olympic speed skating competition, body weight & blood lactic acid content & skating performance, 15–27 yr olds, 7466
viewing red vs blue vs pink illuminated wall, grip strength & jumping power & rotary pursuit precision, volunteer Ss, 2528
weight of load worn vs carried & type of backpack, easy standing & vertical jump performance, male vs female ROTC students, 9096
Motor Processes [See Also Activity Level, Animal Locomotion, Exercise, Finger Tapping, Jumping, Motor Coordination, Motor Performance, Motor Skills, Physical Agility, Physical Dexterity, Running, Sucking, Swimming, Tonic Immobility, Walking]
ability to inhibit hand movement, learning disabled 5–12 yr olds, 3725
acrylamide, operant behavior & spontaneous & amphetamine-induced locomotor activity & rotation as measures of toxicity, male rats, 675
adaptation to displacing prisms with hypnotically induced limb anesthesia, comment on failure by N. P. Spanos et al to duplicate critical experimental procedures, 255
agreement on given score & consistency across dives, high school diving judges, 9019
alpha-adrenoceptor agonists & antagonists, 5-hydroxytryptamine-induced head twitch, female mice, 621
antihypoxidotic SL-76188, EEG & vigilance & psychomotor activity & mood & side effects, 54–74 yr olds, 13274
apomorphine derivative 10,11-methylenedioxy, motor activity & stereotyped behavior, male rats, 12254
application of robotics to biological motor control systems design, 63
asymmetries in cortical motor evoked readiness potentials as index of motor control, 18–33 yr old left vs right handed males with inverted vs noninverted hand posture during handwriting, 5030
auditory & taste stimulation, sucking & heart rate & limb movement, neonates, 3091
autocorrelated errors, intraclass reliability estimation in motor tests, 7153
avoidance conditioning, leg lowering, chronic spinal female rats, 2912
bilateral globus pallidus lesions & amphetamine vs apomorphine, spontaneous motor behavior & stereotypy, male rats, 9951
bilateral lesions of habenular nuclei, selection of motor activities under stress, male rats, 9985
blindness & female movement & lack of smell, courtship & copulation, male Drosophila melanogaster, 2737
body build & arousal, stepping reflex, newborn infants, 7627
caudate nucleus injection 5-N-ethylcarboxamide adenosine & sc apomorphine, rotation, male rats, implications for dopaminergic function, 10012
cerebellar nuclei stimulation, red nucleus unitary activity during learned ballistic movement, cats, 9965
chronic alcoholic intoxication, temporal parameters of motor command organization & interhemispheric functional relations, humans, 12321
circling movements, 5 yr old female with left anterior temporal lesion resulting from presumed viral encephalitis, 5943
clockwise stereotype in turning key to unlock box with right vs left hand, right handed 18–69 yr olds, 7184
combined video & computer analysis, study of relationship between neural activity & behavior, rats, 11595
completeness of prior information about direction & extent of foot movement, RT, right footed Ss, 9503
conditioned circling behavior, brain dopamine metabolism, male rats, 5117
continuous music & contingent interruption of music, classroom task performance & movement, normal vs hyperactive 3rd graders, 2019
dextro- vs levoamphetamine & lesions of medial vs lateral substantia nigra sites, intracranial self stimulation & circling behaviors, male rats, 2884
digit uncertainty & response duration & nonconfounding precueing, choice RT, right handed college students, implications for generalized motor programs & feature construction hypothesis, 256
discrete forelimb & hindlimb movements, distribution of neuronal activity in supplementary motor area & comparison with precentral motor area, macaques, 7444
display & knowledge of sex related motor behavior, male vs female kindergartners vs 2nd vs 4th vs 6th vs 8th vs 10th vs 12th graders, 3118
disturbance of thumb movement, automatic long latency stretch reflex of flexor pollicis longus & subsequent "voluntary" compensating responses, 20–32 yr olds, 11759
dorsal striatal lesions & amphetamine induced rotation, intracranial self stimulation in ventral tegmentum vs substantia nigra, male rats, 2877
early motor deprivation & training, neuronal activity in sensorimotor cortex, young rats, 7503
electrical stimulation of striatum & other brain areas, assertion & challenge displays & locomotor responses, western fence lizards, 12212
endogenous freely voluntary acts, preceding readiness potentials, college students, 9856
ethanol with vs without 2-ethoxyethanol administration during pregnancy, maternal weight gain & pregnancy duration & offspring neuromotor ability & open field behavior & level of activity, rats, 662
gnawing vs eating as primary induced behavior by tail pinch & reversal by xylocaine, male rats, 7558
haloperidol, bilateral asymmetry for striatal dopamine metabolites & relation to dominant rotation direction, female rats, implications for pharmacologic treatment of schizophrenia, 7553
high vs low probability anticipated vs unanticipated movements, choice vs simple RT in "dit-dah" motor control task, right handed college students, experimental replication, 248
human factors & load carriage & stability & visual needs & fatigue, slipping & falling, literature review, 13813
lesions of ascending dopaminergic projection, recovery of sensorimotor functions & role of enhanced neostriatal dopamine receptor sensitivity, male rats, 2874
lesions of superior colliculus vs caudate nucleus vs nucleus centralis lateralis, head-eye turning response induced by electrical stimulation of pulvinar lateralis posterior complex, cats, 2872
lithium, hereditary shuddering, Drosophila melanogaster, 706
locomotor activity-induced theta rhythm, hippocampal 2-deoxyglucose uptake, male rats, 5088
long term spinning behavior, 54 yr old schizophrenic male, 3572
manual control, development of object play & classification skills, blind infant from 14–18 mo of age, 3792
maternal methadone maintenance & age, motor & state functioning, infants observed at 1 day & 1 mo of age, 6503
maternal methadone maintenance, motor functioning, infants assessed at 1 day & 4 mo of age, 5250
memory encoding specificity principle for kinesthetic information, methodological & theoretical criticism of study by T. D. Lee & T. T. Hirota, 302
memory encoding specificity principle for kinesthetic information, reply to criticisms of P. R. Crocker, 311
motor & vocal behavior similarities, religious glossolalics & Tourette syndrome patients, 3529
motor output maps for distal forelimb in cortical area 4, squirrel monkeys, 2813
motor reminiscence, literature review, 2524

motoric laterality & eye dominance, early onset schizophrenics & brain-damaged psychiatric patients & nonpsychotic non-brain-damaged psychiatric inpatients & college students, 1197
movement direction alteration, same- vs switched-limb reproduction of limb movement distances, right handed college students, 4852
multiple plate adjustable dynamometer & electromyograph & nontelemetric methodology, analysis of postural responses, quadrupeds, 6957
neuron activation in motor & visual cortex, cause of future vs response to past activity, rabbits, 2809
neuronal activity in supplementary motor area, initiation of voluntary movements, 2772
neuronal spike activity in cortical motor area during foreleg movement, cats, 12094
open field social play & play fighting & motor patterns, Australian magpies, 5000
operant learning method, behavioral assessment of dopaminergic effects of dextroamphetamine & apomorphine & haloperidol & methohexital, female rats, 7547
optimal handle position in box-holding task, biomechanical & physical & psychophysical indices, male college students, 2247
overt rehearsal of kinesthetic information, immediate recall, college students, 7269
parathyroid hormone &/vs aluminum, rotarod performance & locomotor activity & acquisition & extinction & retention of avoidance, rats, 599
parental hypertension & heart rate reactivity, blood pressure & heart rate response to cognitive & isometric tasks, male college students, 8218
partial limitation of motor activity & moderate motor loads, chains of motor alimentary CRs, rats, implications for model & prevention of human hypokinesis, 12008
passive elbow movements, EMG RTs of wrist flexors, 30–46 yr old males, 7172
phenylpiperazine derivative DU27716, attack & teeth-chattering & locomotion & switch-off behavior evoked by electric hypothalamic brain stimulation, male rats, 2985
pimozide vs dextroamphetamine vs levamfetamine, ipsi- & contraversive circling induced by substantia nigra stimulation, male rats, 12347
prefrontal lesions, motor conditional associative-learning, male rhesus monkeys, 7524
prenatal glutethimide, orienting-motor behavior in 1st vs 2nd generation & running periods & urination frequency following maze training, rat offspring, 10018
prenatal vs postnatal chlordiazepoxide, swimming & open field activity & cliff & active avoidance, rats, 585
presentation of colors vs their names, manual vs voice RT, adults, 4851
prevalence of tardive dyskinesia & parkinsonism, 20–94 yr old schizophrenics in discrete geographical area, Scotland, 1179
quipazine, raphe nuclei discharge rate, freely moving cats, 5276
rate-dependent effect of CNS stimulants, paradoxical reduction of motor processes, hyperactive children, literature review, 1640
recall accuracy of distance &/vs location movement information, college students, 299
reinforcement schedules, wheel running, gerbils, 7299
repetition & lag, immediate vs delayed kinesthetic movement recognition, college students, 307
resistive rocking & creeping & walking activities, motor coordination & memory & oculomotor control, students with poor visual attention, 11333
right vs left hemisphere damage, restoration of motor capabilities, 50–70 yr old stroke patients, 13081
role of lateral posterior pulvinar complex in motor functions, cats, 9868
RX 336-M doses, shaking & grooming, male rats, 615
scrapie virus injection into nigrostriatum, apomorphine induced rotation behavior, hamsters, 617
sensory inputs in generation of flight motor patterns, insects, 5032
sex & interpolated rest interval, lateral transfer of reactive inhibition, male vs female college students, 2649
sodium n-dipropylacetate vs gamma-vinyl-GABA vs bicuculline vs picrotoxin vs muscimol vs baclofen, fighting & motor impairment, male rats, 12323
somatically & visually triggered wrist flexion-extension movements, neuronal activity in contralateral precentral forelimb area, monkeys, 9887
spontaneous movements of arms & voluntary movements made on command, 36–68 yr old patients with Parkinson's disease, implications for assessment of akinesia, 6001
stepping & kicking reflex & hypothesis for disappearance by 2 mo of age, 2 wk olds, 760
structural pattern recognition method, determination of similarity between motor patterns, male runners with mean age of 27 yrs, implications for rehabilitation of physically handicapped, 7185
sustained standing posture, spontaneous physical movement, 3–11 yr olds, 741
system-analytic study, simultaneous cognitive vs motoric action during tracking task, college students, 9500
temporal patterning in spontaneous movement, awake neonates 38–60 hrs old, 10109
test-retest individual differences, visual & temporal discrimination & motor action & visual-motor organization in pursuit tracking, college students, 2517
transverse section of thoracic spinal cord dorso-lateral white column & white matter to tip of anterior horn, elimination of voluntary hindlimb flexion, dogs, 583
unilateral 6-hydroxydopamine & kainate lesions of striatum contralateral vs ipsilateral to preferred forepaw or arm of maze, lever & forepaw preference & rate of leverpressing & rotational behavior, male rats, 9986
variations in duration of /s/, normal articulating vs misarticulating 4–6 yr olds vs normal 22–35 yr olds, implications for speech motor control capabilities, 8165
velocity of shoulder & elbow & wrist & hand & finger movements, red nucleus single unit activity, rhesus & cynomolgus monkeys, 7416
visual & mechanical cues in short period following moult & number of foreleg femur & claw movements, subsequent predatory success, water stick insects, 364
visual feedback, observational learning of action patterns, college students, 7166
visual suppression during opening vs closing vs blinking of eyes, adults, 4875
vocal signals & motivation conveyed, indicator of posture & movement, animals, 422
voluntary movement, regional cerebral blood flow changes in cortex & basal ganglia, 18–35 yr olds, 5102
3-O-methyldopa, levodopa-induced rotation following unilateral nigrostriatal pathway destruction, male rats, 5176
5,7-dihydroxytryptamine, motor activity & aggression & defecation as measure of emotionality, male mice, 5253
6-hydroxydopamine- vs kainic acid-produced neostriatal lesions, spontaneous & amphetamine-induced rotation, rats, 12147

Motor Skill Learning [See Perceptual Motor Learning]

Motor Skills

distance of projection & ball size, ball catching, male vs female 1st graders, 3146
individual ability differences in attentional time-sharing vs flexibility vs rate of repetitive activity across muscle groups, prediction of high level motor skill, humans, 247
music, performance of soccer skill task, learning disabled 9–12 yr olds, confirmation of findings of R. Beecher & W. B. Karper, 1458
physical education program, self concept & movement skills, 3rd graders, 4386
visual vs verbal post-response error feedback, motor skill learning, 18–25 yr old males, 2518
writing readiness skills, writing disabled students, 11323

Motor Traffic Accidents

accident severity & perceived magnitude of driving error, responsibility attribution, test of E. Walster's defensive attribution vs M. B. Brewer's information processing theories, 12688
approaches & problems in study of driving accidents, 6835
blood alcohol concentrations, persons killed or injured in road crashes, 5980
careless driving & physiological & psychological fatigue from long-hour driving, rear-end collisions, truck drivers, 2128
driving exposure & experience & demerit point levels, risk of collision, licensed drivers, 11426
incidence of alcohol vs marihuana vs tranquilizer usage, drivers injured in traffic accidents, 3863
intelligence, accident & violation records, 20–23 yr old male drivers, implications for driver training, 11431
life event stress & biographical factors, Ss aged 15 yrs & older involved in attempted suicide & automobile accidents, New Zealand, 5828
lunar phase & daylight vs darkness, work & motor vehicle accident injuries, 9039

marihuana use & alcohol consumption, incidence of traffic accidents, 16–19 yr olds, 5554
model of driver behavior accident causation, implications for incentive systems for accident- & violation-free driving, literature review, 6838
raising of legal drinking age, alcohol-related highway crashes, 7861
right-turn-on-red, bicycle & pedestrian accidents involving right-turning vehicles, 9037
self induced risk exposure as confounding factor in statistical analysis of driving behavior & accidents, 9030
stress dimensions in life events, suicide attempters vs auto-accident drivers 15 yrs old & older, 1265
TV soap opera suicides, suicides & motor vehicle accidents, White adults, 1977, 2995
Motor Vehicles [See Also Automobiles]
decision making model, prediction of choice of car vs train transportation, critique of A. E. Bronner's study, 2513
decision making model, prediction of choice of car vs train transportation, reply to criticism of C. Van Knippenberg-Den Brinker et al, 2490
decision making model, prediction of choice of car vs train transportation, travelers, Netherlands, 2489
gap acceptance procedure, assessment of detectability of motorcycles, drivers, 4599
safety record, formally vs informally trained motorcyclists, 4533
Motorcycles [See Motor Vehicles]
Mourning [See Grief]
Mouth (Anatomy)
mouth angle & pupil diameters of line drawings of female face, affective attributions, male college students, 10430
nasal & oral trigeminal chemoreception & interaction with olfaction & gustation, terrestrial vertebrates, literature review, 2810
spontaneous speech, lateral mouth asymmetry, 18–43 yr olds, 12057
Movement Perception [See Motion Perception]
Movements (Activist) [See Activist Movements]
Movements (Social) [See Social Movements]
Movies [See Motion Pictures (Entertainment)]
Multidimensional Scaling
alternative procedure for conversion of multidimensional rank-order data into data appropriate for multidimensional scaling, 7134
calculation of system of common eigenvectors of symmetric positive semidefinite matrices for determination of solution to individual differences weight model of multidimensional scaling, 11721
evaluation of fit measure in Lingoes-Borg procrustean individual differences scaling, 9479
foundations & problems of dimensionality, psychology & psychological measurement, literature review, 2516
metric obtained by addition rule for hyperbolic tangents, nonlinearities in bounded response scales, 7032
multidimensional scaling analysis, dimensions used in conceptualizing & evaluating single-family residences, adults, 2277
nonhierarchical clustering analysis & algorithms, 9470
rating vs triads vs pair rank ordering vs conditional rank order similarity judgment methods, nonmetric multidimensional scaling solutions, college & graduate students, 7021
sequential estimation procedure, online updating of configuration estimation in multidimensional scaling, 225
structural equation modeling vs multidimensional scaling, test of Likert's theory of organizational structure & behavior, 6863
validity of multidimensional scaling methodology in organizational psychology, 4694
Multidisciplinary Treatment Approach [See Interdisciplinary Treatment Approach]
Multilingualism [See Also Bilingualism]
multilingualism & opinions about language, urban vs rural Havik Brahmins, India, 3010
multilingualism, Aborigines, Australia, 10059
multilingualism, rural vs urban residents, Tanzania, 3006
social factors, patterns of language use, multilingual Aboriginal groups, Australia, 10061
Multiple Births [See Heterozygotic Twins, Monozygotic Twins, Twins]
Multiple Choice (Testing Method)
construction of multiple choice test items, assessment of higher order educational objectives, 4468
criterion referenced answer-until-correct procedure, determination of multiple choice test length, 4524
depression & anxiety & sex role stereotyping & self actualization, frequency & success of changing answers on multiple choice tests, college students, 12751
development of appropriateness index using item response theory, detection of spuriously low & high scores on multiple choice tests of aptitude, 102
latent structure model, estimation of upper & lower bounds of probability of correct response to multiple choice items when examinee knows correct answer, 116
reliability of matching vs multiple choice tests, 2120
response rate to genuine vs nonsense multiple choice questions, applicability of T. P. Hutchinson's theory of response probability, 2403
short answer vs multiple choice vs no initial testing, 2-wk retention on same vs different format retest, high school students, 6806
test difficulty & guessing & item dependence, reliability & validity of matching & multiple choice recognition cloze testing, 2418
test expectations & study time, performance on open-question vs multiple choice test, college students, 11259
use of convergence guessing strategy, scores on Scholastic Aptitude Test, male college students & high school seniors, 9016
Multiple Personality
hypnosis, treatment of multiple personality, 8–72 yr olds, 4104
incest, multiple personality, 23–31 yr old patients, 3620
multiple identity processes, development of observing ego, 31 yr old male with borderline personality, 1208
restrictive childhood environment, female with multiple personality, 7990
Multiple Regression
limitations of measures of explained variance, 4833
multiple monotone regression, 4819
problems in use of Cleary or regression model, assessment of selector test fairness, 188
random sample size, procedures to estimate accuracy of predictions made from multiple regression equation, 235
simplified approach to multiple & hierarchical regression for use in applied behavioral science research, 9475
Multiple Sclerosis
click rate & intensity change, diagnosis of multiple sclerosis by brain stem auditory evoked potentials, 5955
hair follicle displacement discrimination via signal detection, assessment of somatosensory deficits, 28–39 yr old multiple sclerosis patients, 6018
Personal Resource Questionnaire, measurement of multidimensional characteristics of social support, spouses of patients with multiple sclerosis, 9381
prediagnosis illness behavior & doctor-patient relationship & role of patient in treatment of chronic disease, multiple sclerosis patients with mean age of 42 yrs, 8548
pure tone audiogram vs brain stem response audiometry & filtered speech test, extent & correlation with disease severity of hearing pathology, 25–56 yr old multiple sclerosis patients, 8201
visual & spinal & somatosensory evoked potentials, response latency & increased disability, multiple sclerosis patients, 2.5-yr followup, 6045
Multiple Therapy [See Cotherapy]
Multiply Handicapped
behavior modification using lemon juice as punishment, self induced vomiting & social behavior, profoundly retarded multiply handicapped 12 yr old female, 1558
community based program, self care & work related skills, multiply handicapped deaf adolescents, 13698
early diagnosis of learning disabilities, educational placement, multiply handicapped children, 8956
evolution & characteristics of school for multiply handicapped children, Canada, 11350
family background & physical & neurological development & school behavior, mentally retarded children with vision & hearing disabilities, 8142
lesson unit on sources of advertising, hearing impaired & learning disabled 11–14 yr olds, 11373
nursery rhymes, development of communicative behaviors, blind & multiply handicapped children, 13072
parent personality & parenting skills & abuse of mother & father as children, behavior & learning problems & hyperactivity & overdependence & anxiety & bizzare behavior & asthma, multihandicapped 2–11 yr olds, 3521
problems of labeling & social stigma in educational advancement, severely mentally retarded & multiply handicapped, 8942

Multivariate Analysis [See Also Factor Analysis, Multiple Regression]
application of 3-mode principal component analysis, individual differences in use of implicit theories of personality in rating stimulus persons, college students, 4839
canonical correlation technique, analysis of group differences within sample, 46–70 yr olds, 2497
computer-based multivariate analysis of single-S EEG spectra, 9256
correlation between educational attitude & personality factors, teachers & student teachers, evaluation of theories of F. N. Kerlinger vs H. J. Eysenck, 6605
discrete canonical correlation methodology, assessment of stability range of derived linear functions, 9471
discriminant analysis, psychological research, 7143
factor analysis in multivariate behavioral genetic analysis of correlations vs phenotypically standardized covariances, 4840
formula for determinant of partitioned matrix, 9468
FORTRAN IV computer program, canonical correlation, 2387
Hotelling's "T" vs Bonferroni procedure, comparison of 2 groups on "p" variables, 230
interactive FORTRAN program, growth curve analysis, 6942
log-linear modeling & chi square automatic interaction detection, causal analysis of categorical data, 7147
methodology, stepwise canonical correlation analysis, 2512
methods for analysis & interpretation of data with multivariate ANOVA, literature review, 9463
multivariate analysis, leader-subordinate interactions, 19–60 yr old clerical & managerial employees, implications for predictiveness of path-goal theory, 2495
multivariate model, statistical analysis of dyadic social behavior, children, 224
multivariate test using sequential moderator analysis, assessment of parallelism of regression equations in repeated measures, 7139
nonlinear factor analytic framework to examine uni- & multidimensional models in item response theory & classification of models, 7027
nonparametric statistics & multivariate analysis in attrition studies, college students, 11716
simultaneous test procedures & choice of test statistic in MANOVA, 9456
Murder [See Homicide]
Muscle Contraction Headache
assessment & treatment of migraine & tension headache, literature review, 5928
cognitive & pain stressors, temporal artery & skeletal muscle & general autonomic reactions, 21–59 yr old females with migraine &/vs muscle contraction headaches, implications for psychophysiological mechanism & stress-headache theories, 3787
cognitive therapy vs biofeedback training, improvement & maintenance, chronic tension headache sufferers, 2-yr followup, 4027
covert positive reinforcement & positive vs negative expectancy, headache & finger pressure pain, college students with muscle contraction headaches, 4047
electrodermal response, tension headache sufferers vs anxiety neurotics with mean ages of 27.5 & 26 yrs, 5670
introversion & neuroticism & personality correlates, 15–40 yr old tension headache sufferers vs neurotics, 5683
pain stimulus, muscular tension & expected & experienced intensity of pain, college students with vs without tension headaches, 3769
psychophysiology, migraine & tension headaches, 1346
Muscle Contractions
activation with morphine or inhibition with naloxone of opioid receptors in substantia nigra pars reticulata, tonic activity in EMG, male rats, implications for regulation of striatal efferent pathways, 7574
classically conditioned reflex facilitation, muscle tension & single motor unit EMG recordings from flexor muscle, spinal cats, 2907
cognitive & pain stressors, temporal artery & skeletal muscle & general autonomic reactions, 21–59 yr old females with migraine &/vs muscle contraction headaches, implications for psychophysiological mechanism & stress-headache theories, 3787
contralateral limb-matching task, perception of isometric forces, right handed humans, 2533
electrical stimulation of amygdala & hypothalamus & nucleus medialis dorsalis thalami, extracellular unitary activity in pericruciate cortex during voluntary flexion-extension forearm movement, cats, 9953
electrical stimulation of cervical spinal cord lateral funiculus, hindlimb muscle nerve rhythmic activity & resemblance to EMG during walking, spinal chicks, 2781
emotional stress, contractions of detrusor muscle, 6.5–13.9 yr olds with nocturnal enuresis, implications for organic vs psychogenic enuresis, 3864
hindlimb movements & associated muscle EMG activities during walking, chicks, 2782
improvement in maximum speed arm muscle adduction/forearm flexion movement learning & role of cerebellar motor programs, 19–35 yr old males, 476
in utero drug abuse due to maternal drug addiction, arousal & irritability & muscle tone fluctuations & motor development & sleep & crying patterns, 38–40 wk old infants of 17–29 yr old drug dependent mothers, 12396
inertial loading & de-efferentation of receptor muscle & passive & spontaneous flexions of merus-carpus joint, trajectory analysis of myochordotonal organ, crayfish, 5085
middle ear muscle activity during REM sleep, 19–54 yr olds with schizophrenia vs schizoaffective disorder vs major depression, 5700
pain stimulus, muscular tension & expected & experienced intensity of pain, college students with vs without tension headaches, 3769
paired swimbladder muscle contraction, sound production, toadfish, 2773
pelvic contractions during orgasm, nulliparous females, 12108
step torque perturbations to flex or extend wrists & instructions to restore joint to initial position immediately, EMG activity following forearm ischemia & vibration & ulnar nerve anesthesia, 22–40 yr olds, 5064
subsequent activation of receptors provoked by tetanic muscular contraction in electro-acupuncture analgesia, female rats, 9959
task difficulty & threat of aversive shock, skeletal muscle tension & respiration & heart rate & skin conductance, 21–26 yr old males, 2861
time of day, spinal stretch reflex amplitude, monkeys, 5116
torque step perturbations to flex or extend wrists & instructions to react, voluntary & reflexive components of EMG of stretched muscles, 20–40 yr olds, 5063
Muscle Cramps [See Muscular Disorders]
Muscle Relaxation
assessment of pain intensity & frontalis muscle tension using audiometer, low back pain patients with age 46.1 yrs given EMG biofeedback training, 6215
generalization of conditioned muscle tension, reply to H. Kotses & K. D. Glaus's criticisms, 7474
generalization of operant conditioning of EMG behavior & relevance to biofeedback, criticism of M. F. O'Connell & S. P. Yeaton's work, 7472
vibrotactile stimulation, muscle relaxation, college students, 2532
Muscle Relaxation Therapy [See Relaxation Therapy]
Muscle Relaxing Drugs [See Also Diazepam, Meprobamate, Papaverine, Succinylcholine, Tubocurarine]
aminophylline vs DH-ergotoxin alone vs with adrenaline vs noradrenaline vs isoprenaline, operant behavior, female rats, 696
baclofen prescribed for treatment of tardive dyskinesia, development of mania, 29 yr old male, 1660
concurrent lithium carbonate & neuromuscular blocker therapy, delayed recovery from anesthesia, 1638
sodium n-dipropylacetate vs gamma-vinyl-GABA vs bicuculline vs picrotoxin vs muscimol vs baclofen, fighting & motor impairment, male rats, 12323
Muscle Spasms
EMG feedback of muscle spasm activity, severe torticollis, 36 yr old female, 10910
Muscles [See Also Abdominal Wall, Facial Muscles, Oculomotor Muscles]
improvement in maximum speed arm muscle adduction/forearm flexion movement learning & role of cerebellar motor programs, 19–35 yr old males, 476
individual ability differences in attentional time-sharing vs flexibility vs rate of repetitive activity across muscle groups, prediction of high level motor skill, humans, 247
muscle tone at rest & cerebral dominance, 19–30 yr old female college students, 2807
sudden ankle rotation while maintaining tonic contraction of tibialis anterior vs triceps sural, joint position & torque & smoothed rectified EMGs, humans, 9897
testosterone & 5-alpha-dihydrotestosterone doses, development of cloacal gland & sternotracheal muscles & crowing & sexual activities, castrated male Japanese quail, implications for testosterone regulation of reproduction, 2932

Muscular Disorders [See Also Muscle Contraction Headache, Myasthenia Gravis, Myoclonia, Torticollis]
development of idiopathic torsion dystonia & treatment with haloperidol, 23 yr old female with schizophrenic brothers, 6273
monosynaptic H-reflex, 30–50 yr old disk hernia surgical patients, 13090
neuroleptic drug therapy & emotional arousal, onset of drug-induced dystonia, psychiatric patients, 4096
sex & diagnosis, benzodiazepine prescriptions in family residency program, patients with skeletal muscle injury vs anxiety neurosis, 10950
Musculocutaneous Nerve [See Spinal Nerves]
Musculoskeletal Disorders [See Also Arthritis, Bone Disorders, Joint Disorders, Muscle Contraction Headache, Muscular Disorders, Myasthenia Gravis, Myoclonia, Rheumatoid Arthritis, Torticollis]
postural sway & weight & loss of height & scoliosis & grip strength & knee angle & kyphosis, aged, 5935
Musculoskeletal System [See Also Abdominal Wall, Ankle, Arm (Anatomy), Bones, Elbow (Anatomy), Facial Muscles, Feet (Anatomy), Fingers (Anatomy), Hand (Anatomy), Jaw, Joints (Anatomy), Muscles, Oculomotor Muscles, Skull, Spinal Column, Thorax, Thumb, Wrist]
visual display terminals, visual & musculoskeletal complaints & occupational stress & attitudes toward job demands & quality of work, literature review, 6884
Music [See Also Musical Instruments]
acquisition of internalized hierarchy of tonal stabilities in music, 1st–6th graders & college students, 10157
age differences, dichotic ear differences in discrimination of phonetic vs musical stimuli, 2–4 mo olds, 12410
age, music reading speed using Optacon, blind 10–24 yr olds, 13429
auditory & visual imaging ability, aesthetic preferences for grammatical figures & patterns of musical notes, college students, implications for creativity, 11881
auditory streaming & variations of musical scale illusion, conservatory students vs nonmusician college students, 11856
background music, in-store shopping behavior, literature review, 2294
categorical perception of plucked & bowed music-like sounds, college students, replication & extension of study by S. M. Rosen & P. Howell, 9570
chord context key, perceived harmonic relationships & recognition of harmonic sequences, college students, 11847
chronometric analysis, musical-phrase comparison tasks, music students, 11840
clarification of model for internal representation of pitch sequences in tonal music using hierarchies of operators, 11866
continuous music & contingent interruption of music, classroom task performance & movement, normal vs hyperactive 3rd graders, 2019
cue controlled relaxation &/vs cognitive restructuring, musical performance anxiety & competence, music students, 4043
disc jockey vs peer vs music teacher approval of music, classical vs country vs rock music selection & preferences, 5th graders, 11271
educational level & previous musical experience, musical preferences, Ss aged 55 yrs & over, implications for music therapy & recreation, 743
educational TV program with appealing vs unappealing fast vs slow tempo background music, selective attention & information acquisition, 1st & 2nd graders, 4391
EMG biofeedback training with vs without music as positive reinforcement, anxiety & EMG & MMPI scores, patients with anxiety neurosis, 4018
emotional experience of music, schizophrenic psychotics vs depressive vs anxiety vs obsessive neurotics vs depressive & manic psychotics, 3605
emotional response to music, patients with anxiety neurosis vs hysterical vs obsessive neurosis vs depressive psychosis vs schizophrenia, 12858
excerpts from beginning vs middle vs end of musical compositions, recognition time, 23–35 yr olds, 11922
holy mountain as overview of ancient science of number & tone & correspondence with holographic model of mind, 4640
internal representation of information in hierarchical form, criticism of D. Deutsch's article, 11876
left ear advantage in musical chord recognition, 19–42 yr old right handed musicians vs nonmusicians, 5090
magnitude estimation, assessment of perceived melodic-rhythmic alteration, music students, 11853
mathological musicology & psychophysics in modern vs ancient mind, 4655
method of musical motion as aesthetic education technique, 1967
model, study of music recognition, music listeners, 9573
music, performance of soccer skill task, learning disabled 9–12 yr olds, confirmation of findings of R. Beecher & W. B. Karper, 1458
music structure & expertise of Ss, recall of melody, musicians vs nonmusicians, 11902
musical interval & beat frequency, threshold for discrimination of pure & mistuned intervals, musically trained college students, 11860
neurophysiology of mathematics in biology of structures, comments on article by E. G. McClain, 5043
numerological vs mathematical emphasis in structure in ancient wisdom literature, comments on article by E. G. McClain, 4649
on-stage projection of female stereotypes, autonomy & self expression off-stage, musical comedy stars S. Tucker & A. Held & J. Sanderson, 12617
oral vs audial vs literary cultures & role of harmony & tone vs arithmetic properties vs visual sensations, 5484
perceptual model of accentual cadences in Gregorian chant, 725
presentation of singing in severe aphasia, 43 & 50 yr old females, 10741
proximity of sung vs spoken auditory stimuli, activity levels, 11–29 yr old profoundly/severely retarded females, 1310
psychology of autonomous singing, 5298
psychology of listening to music, 10083
reactions to music, depressed Ss, 8294
reading comprehension of passage studied with music vs silence followed by relaxation vs reading, college students who seldom vs frequently study with music, 8891
receptive amnesia with timbre perception defect, brain damaged 58 yr old male, 5998
repetition of tones in children's vs popular vs classic songs, 7599
rhythmic context, detection of violations of higher order melodic rules, college students, 9575
sex & age, attitudes toward music & music education & music preferences, 12–18 yr old students, 11274
simultaneous & sequential abstraction of musical ideas, college students, 9568
structure in ancient wisdom literature, comments on article by E. G. McClain, 4646
successive presentation of tones & range of frequency values & musical context, octave equivalence perception, college students, 9576
therapist preference for recorded popular vs classical vs live music, attitude change toward therapist, psychiatric inpatients, 8321
tonality, recognition of sequences in melody, 11839
verbal ratings & operant listening times & requests for reexposure for melodic musical intervals, 11933
Music Education
application of psychoanalytic techniques to piano instruction, 8875
functions & methods of music education, mentally retarded students, 8933
influence of psychologist G. S. Hall's Social Darwinist theories, music education, 11234
keyboard learning vs traditional general music approach, music achievement attitudes & self concept as to music ability, 6th graders, 11252
music appreciation text focusing on musical perception vs factual information, musical perception & aesthetic judgment, college students, 13633
musical illustration of stories in music curriculum, mentally retarded students, 8932
nature of difficulties in teaching exceptional & disabled students, music teachers, implications of music therapists, 2036
sex & age, attitudes toward music & music education & music preferences, 12–18 yr old students, 11274
years of formal training & instrumental & vocal performance under enhanced vs reduced anxiety condition, state anxiety & curiosity & anger & performance quality, college students, 3461
Music Therapy
activity program with music as stimulus & contingent reward, verbal responses & spontaneous speech, physically handicapped 3–5 yr olds, 1555
application of psychoanalytically oriented art & music therapy to inpatient psychotherapy, 3939
educational level & previous musical experience, musical preferences, Ss aged 55 yrs & over, implications for music therapy & recreation, 743
feedback, music therapy competencies, music therapy graduates & undergraduates in clinical practica, 8711

group music therapy, self expressive abilities, psychiatric patients, 1447
historical research in music therapy, 8302
music therapy & games, creation of transitional space, 3–5 & 7 & 10 yr old psychotic or autistic children, 13119
music therapy & music in behavior modification & psychoanalysis, literature review, 10779
nature of difficulties in teaching exceptional & disabled students, music teachers, implications of music therapists, 2036
reactions to music, depressed Ss, 8294
speech & language therapy followed by melodic intonation therapy, facilitation of speech & language encoding & expressive language, language delayed apraxic male children, 1666
videotape analysis, music therapy competencies in simulated vs clinical practicum activities, graduate & undergraduate music therapy majors, 8710
Musical Ability
cognitive development, decline in performance quality, adolescents who have been musical prodigies, 7633
keyboard learning vs traditional general music approach, music achievement attitudes & self concept as to music ability, 6th graders, 11252
life experiences, nurturance of creativity, 65–98 yr old Black musicians, 10112
music structure & expertise of Ss, recall of melody, musicians vs nonmusicians, 11902
musical ability, mentally retarded 8–16 yr olds, 5883
scores on Seashore Measurements of Musical Talents, 22–50 yr old professional orchestral musicians, 4749
sex differences, personality structure, 13–25 yr old music vs nonmusic students vs 24–70 yr old professional musicians, 12734
validation of musical aptitude tests, 11663
validity of Seashore Measures of Musical Talent, 10–14 yr olds, 184
years of formal training & instrumental & vocal performance under enhanced vs reduced anxiety condition, state anxiety & curiosity & anger & performance quality, college students, 3461
Musical Instruments
application of psychoanalytic techniques to piano instruction, 8875
Muslims [See Islam]
Mutations
deficiency in glycine-mediated inhibition & involvement of benzodiazepine & GABA binding sites, spastic symptoms, mutant mice spastic, 5023
loss of inner speech, preservation of language skills, mute 54 yr old male with mild right hemiparesis due to stroke, 13049
random mutation & genetics without natural selection, female fruit flies, 9819
staggerer mutation & sexual experience, successful mating, mice, 2748
Mutism [See Also Elective Mutism]
need for verbal stimulation, ego & cognitive development, 7 & 9 yr old hearing daughters of deaf mute mother, 1359
teaching methods, training in symbol-object matching skills, nonspeaking severely retarded 5.3–17.5 yr olds, 6474
therapeutic use of nonvocal communication aids, mute patients, 11608
Myasthenia Gravis
left handedness & role of testosterone, migraine & myasthenia gravis & dyslexia & related language disorders & learning disabilities & autoimmunity, 3735
Myelin Sheath
cell-mediated immune response to human myelin basic protein, autistic 6–22 yr olds, 5802
intraventricular myelin basic protein antibodies, cortical evoked potentials & spontaneous activity & arousal & recruiting responses induced by electrical stimulation of thalamus, rabbits, 5226
nutritional deficiencies, CNS myelinated fiber development, literature review, implications for behavioral disordered children, 553
Myelitis [See Encephalomyelitis]
Myenteric Plexus [See Autonomic Ganglia]
Myers Briggs Type Indicator
reliability, Spanish version of Myers-Briggs Type Indicator Form G, Puerto Rican college students, 7080
Myocardial Infarctions
ability to reconstruct events surrounding myocardial infarction, success at coping with heart attack, 42–74 yr old males, 4129
aggressiveness/hostility as risk factor, male myocardial infarction patients with mean age of 53 yrs, 3865
country's sociocultural premises, prevalence of myocardial infarct, US vs Mexico vs Japan vs Italy vs Czechoslovakia vs France vs Israel, 8215
illness behavior & psychosocial outcome, survivors of myocardial infarctions with mean age of 52.4 yrs, 1354
illness behavior, cardiological & occupational outcome & subjective assessment of well being, survivors of myocardial infarction, 2-yr followup, 3775
injury to physical narcissism & fate-provoking syndrome, patients with myocardial infarction, 10688
life change & stress, onset of heart attack, 30–55 yr old myocardial infarction patients, 3849
perceptions of social support, recovery, 30–65 yr old male myocardial infarction patients, 6047
psychological quiz vs physical exercise stressors, assessment of ischemic abnormalities, males with mean age of 54 yrs tested after uncomplicated myocardial infarction, 3860
psychosocial stress, peripheral vasoconstriction & heart rate & blood pressure & myocardial infarction & ulcer & accident & pain, monozygotic vs dizygotic 51–74 yr old twins & 41–61 yr old construction workers, 10763
psychosocial stress vs smoking & weight & blood pressure, prediction of lung cancer & cardiac infarct & apoplexy & diabetes mellitus, survey respondents, 7-yr followup, 3798
public health insurance & welfare systems, psychotherapeutic service delivery, heart attack patients, West Germany, 8547
test validity, measurement of interpersonal relations, myocardial infarction patients, 137
Myoclonia
prevalence of sleep apnea & sleep apneic activity & nocturnal myoclonus & nocturnal myoclonic activity & correlation with psychopathology, 18–78 yr old insomniacs, 1378
Myopia
automated training system using slide projector & tape recorder & auditory feedback, visual acuity improvement, myopic adults, 10780
Mysticism
altered states of shamanic initiatory processes & ritual & religious healing, Nepal, 3290
mystical experience, drinking patterns & drinking reasons, members of health insurance plan, 12642
mystical experiences & romantic love & hypnotic susceptibility, college students, 1068
therapeutic surrender, psychotherapeutic processes from psychospiritual perspective, 3937
Mythology [See Literature]
Myths
analysis of thematic & symbolic content of myth & folklore & use as developmental phenomenon, nouveau orthodox Jewish patients, 12559
concept of "myth" in marital & family therapy & origins & functions of myths in family, literature review, 3987
content analysis, sex typical behavior in fairy tales, 720
function of myths in TV, 2989
historical view of children & parenthood in "Oedipus Rex" & other parental myths, implications for adult development theory, 3027
history & criticism of psychoanalytic interpretation of myths, 5305
meaning & metaphor in family myths, assessment of myths & probing of underlying conflict during therapy, depressed family, 1511
methodology for psychoanalytic interpretation of myths, psychoanalytic perspective on American Indian Earth Diver & Rolling Head stories, 909
model-making for dream analysis & Aeschylus's "Prometheus Bound", 11942
mythological volcanic goddess Pele as archetypical matriarchal image within human female psyche, 12371
myths & rituals & customs & comparative psychiatry, 10798
Oedipus myth & problems & complex in modern times, 5628
perspectives of medical profession vs feminist health movement as social myths, menopausal experience, literature review, 10364
universal meaning in folk & fairy tales, 12370
Myxedema [See Hypothyroidism]
Nabilone [See Cannabinoids]
NAch [See Achievement Motivation]
Naloxone
activation with morphine or inhibition with naloxone of opioid receptors in substantia nigra pars reticulata, tonic activity in EMG, male rats, implications for regulation of striatal efferent pathways, 7574
agonistic behavior & naloxone, analgesia, male rats, 2970
alpha-melanocyte-stimulating hormone vs hypothalamic tripeptide MIF-I &/vs melatonin, attenuation of morphine analgesia, rats, 5230

beta-endorphin doses & naloxone & pinealectomy, body temperature & activity levels, goldfish, 7554
brain naloxone injection site, experimental epilepsy, male rats, 12253
chronic naloxone & subsequent morphine vs naloxone, abstinence-like syndrome, male rats, 12306
classical conditioning, stress-induced analgesia & reversal by naloxone, male mice, 2875
dexamethasone vs insulin vs domperidone vs haloperidol vs acetylsalicylic acid vs naloxone vs chlorpheniramine vs cimetadine vs dimethyl sulfoxide, radiation-induced taste aversion, rats, 9995
enkephalin analogs administration into amygdala central nucleus & naloxone, acquisition of classically conditioned heart rate responding, rabbits, 10009
front- vs hind-paw shock & naloxone & dorsolateral funiculus lesions & morphine tolerance, classically conditioned analgesia, male rats, 5192
front- vs hind-paw shock & naloxone & morphine tolerance, opiate vs non-opiate analgesia, male rats, 550
handling & movement of cages & naloxone & ethanol, hyper- & hypothermia, female rats, 2885
icv ACTH peptides vs footshock vs naloxone, changes in 2-deoxyglucose uptake in brain regions, male mice, 2934
icv enkephalin analog FK 33-824 doses vs morphine vs dextro-ala-2-Met-enkephalinamide & subsequent naloxone & environmental temperature, hyperthermia, cats, 597
intrahippocampal naloxone vs morphine, exploration of novel environment, C57BL/6 vs DBA/2 male mice, implications for role of opioid peptide modulation of cholinergic mechanism, 701
intraseptal naloxone vs naltrexone vs beta-endorphin vs fentanyl vs morphine vs met-enkephalin, locomotor patterns induced by ip morphine, cats, 10026
light-dark cycle vs constant light & naloxone, nociceptive thresholds & morphine analgesia, C57BL/6 vs SEC/IRe mice, 12172
local anesthesia & naloxone, cutaneous nociception, 41 yr old male with deep musculoskeletal pain, 8534
MIF-1 vs naloxone & sex differences, tonic immobility in breeding vs nonbreeding season, lizards, 596
morphine sulfate vs other opiate agonists vs cocaine hydrochloride vs lithium chloride vs (-)-naloxone hydrochloride, conditioned place preference vs aversion, male rats, 5260
morphine vs analgesic U-49,274A vs pentazocine dosage levels & self administration & naloxone, plasma corticosteroids, rats, 2959
morphine with vs without naloxone, startle reflexes to noise & electric shock, rats, 704
naloxone & morphine tolerance & morphine vs ethanol, impairment of roto-rod performance, male mice, 2950
naloxone & naltrexone & apomorphine, shock- & social isolation-induced aggressive behavior, mice, 5173
naloxone & novel vs familiar environment, insulin-induced food intake & hypoglycemia, male rats, 681
naloxone & sodium chloride & exposure to aggressive dominant mouse, learned submissiveness, mice, 5269
naloxone, basal & photic & audiogenic stress-induced serum ACTH & corticosterone levels, male rats, implications for hypothalamo hypophyseal mechanism, 12335
naloxone, conditioned inhibition of nictitating membrane response, rabbits, 9991
naloxone, dextroamphetamine & apomorphine induced rearing & ambulation, male rats, 12289
naloxone, drowsiness & abnormal thought content & plasma prolactin, 21–45 yr old drug-free chronic schizophrenics vs schizophrenics on neuroleptics, 6295
naloxone, ethanol & acetaldehyde induced EEG & behavioral changes, male rabbits, 12307
naloxone, memory span & relearning, Ss with mean age of 25.8 yrs, 7572
naloxone, nitrous oxide-induced analgesia, 18–32 yr olds with dental pain, implications for role of endogenous opioids in analgesia, 6297
naloxone, number & latency & duration of REM sleep periods & NREM duration, humans, 5271
naloxone pretreatment & nociceptive stimulation, icv self administration of morphine, rats, 7542
naloxone, reversal of retrograde amnesia induced by ECS, female rats, 2867
naloxone, schizophrenic symptoms, 28 yr old female, 4080
naloxone, sexual activity, sexually inactive male rhesus macaques, 5232
naloxone, shock-elicited defensive fighting, female rats, 10003
naloxone, suppression of food intake, genetically obese vs streptozotocin-induced diabetic mice, 647
naloxone vs diprenorphine, spontaneous activity, individual vs paired mice vs rats, 10002
naloxone vs naltrexone, milk consumption & FR responding maintained by milk, male rats, 683
naloxone vs release of ACTH vs prolactin vs growth hormone, dental analgesia induced by nonpainful & low-frequency electrical nerve stimulation, healthy 21–27 yr olds, 7497
naltrexone, body weight loss, food & water deprived rats, 10032
opiate antagonists & morphine, chlordiazepoxide induced hyperdipsia, water deprived male rats, 12259
periaqueductal gray dorsal vs ventral electrode placement & naloxone, role of opioids in electrical brain stimulation-produced analgesia, male rats, 5153
phenazocine vs ketazocine vs ethylketazocine & naloxone, schedule-controlled behavior, male pigeons, 12300
phencyclidine &/vs naloxone, thermoregulation, female rats, 10011
preweanling chronic morphine vs naloxone, development of brain opiate receptor system vs monoamine levels & turnover & morphine tolerance, rats, 588
shock predictability & naloxone, preference for signaled vs unsignaled tail shock, rats, 5167
spinal naloxone before & after shock, front-paw vs hind-paw footshock-induced analgesia, male rats, 551
systemic naloxone, ventrobasal thalamus neuronal activity, arthritic rats, 5238
tail pinch & naloxone, pain thresholds & consummatory behavior, male rats, 534
ventral noradrenergic bundle lesions & naloxone, hypothalamic noradrenaline levels & nociceptive thresholds & stress- vs morphine-induced antinociception, male rats, 12228

Narcissism

absence of effective father, impairment of development of normal narcissism, 12466
concept of alcoholism as narcissistic disorder, 5856
critique of C. Lasch's "Culture of Narcissism", 12369
development & current concepts of narcissism, 10461
fear of death & depression & narcissism, hero of J. Conrad's "Lord Jim", 10460
injury to physical narcissism & fate-provoking syndrome, patients with myocardial infarction, 10688
life change & long term stress & narcissistic disturbances, development of pulmonary tuberculosis, 20–45 yr old patients, 7–8 yr followup, 10730
loss & lack of narcissistic defense & loneliness, developmental stage correlates & oedipal conflict, aged psychoanalysis patient, comments on paper of N. A. Cohen, 10845
misuse of narcissistic model in C. Lasch's "Culture of Narcissism", reply to C. Clements's criticism, 12376
narcissism & choice of love object, females, 10478
narcissism & obsessive neurosis, 10587
narcissism & oedipal conflicts & homosexuality, 10359
narcissism & sexual relations with same & opposite sex, alcoholics, 1281
narcissism & sexuality, 10473
narcissism as personality component, 10444
narcissism, children & adolescents, 10264
narcissistic conflicts & development of psychopathology, 10580
nature vs narcissistic partner relationships, 10421
object relations & self- & object-narcissism, implications for developmental precursors of adult narcissistic disturbance, 5748
parent-child relations & development of narcissism & homosexual impulses, 40 yr old male homosexual, 10368
pathological narcissism & psychoses, 10570
primary narcissism & self awareness & narcissistic disorders, 10543
psychoanalysis, narcissism & preoedipal conflict with fantasy, 3993
relationship of individuals to society & transformations & mental illness & significance of narcissism & double bind theories, 12536
structure & nature of moral narcissism, 7931
stylized image & ideal of femininity as defensive structure or perverse ritual, narcissism & pathology in devaluation & fetishism, 3641
sublimation & narcissism in psychoanalytic theory of ego, 10474
superego, pseudo-narcissistic psychopathology, 39 yr old male, 10583

Narcissistic Personality

early experiences & ego development & psychopathology, analytic process, Ss with unanalyzable narcissistic personality disorders, literature review, 6157
emergence of creative process during psychoanalysis, male in early 40's with narcissistic personality disorder, 8344

emergence of creative process during psychoanalysis, narcissistic personality disorder, comment on article by B. Rubenstein & M. Levitt, 8346
function of narcissistic libido & relationship to early primitive sexuality, 1181
idealizing & mirror transference & countertransference in psychoanalysis, narcissistic patients, 10849
object relations & self- & object-narcissism, implications for developmental precursors of adult narcissistic disturbance, 5748
Peter Pan & Wendy syndrome as marital dynamic, treatment implications, 10500
primary narcissism & self awareness & narcissistic disorders, 10543
psychodynamics & psychoanalytic treatment, narcissistic disorders, 13170
traditional views on childrearing & family life, mothers interviewed 1957–60, implications for etiology of narcissistic personality development, 10562
use of concept of cohesive sense of self in psychoanalysis, psychoneurotic & borderline & narcissistic personality disorders, 8329
Narcoanalytic Drugs [See Amobarbital]
Narcolepsy
excessive daytime sleepiness, 6–92 yr old inpatients, 10713
Maintenance of Wakefulness test, measurement of ability to stay awake as evaluation of treatment efficacy, narcoleptics, 3904
probenecid, cerebrospinal fluid monoamine metabolite concentrations, normal vs narcoleptic dogs, implications for REM sleep & treatment of narcolepsy/catoplexy, 608
Narcotic Antagonists [See Also Naloxone]
chronic naltrexone, increase in brain opiate receptors & sensitivity, female rats, 7580
chronic stress & chronic narcotic antagonists during development, sensitivity to analgesic effect of morphine, mice, 5170
MIF-I vs naloxone & sex differences, tonic immobility in breeding vs nonbreeding season, lizards, 596
naloxone vs diprenorphine, spontaneous activity, individual vs paired mice vs rats, 10002
naloxone vs naltrexone, milk consumption & FR responding maintained by milk, male rats, 683
naltrexone, eating & drinking induced by hypothalamic norepinephrine vs carbachol, male rats, 12255
naltrexone, food & water intake & water & electrolyte excretions & osmolar clearance, male rats, 645
opiate antagonists & morphine, chlordiazepoxide induced hyperdipsia, water deprived male rats, 12259
Narcotic Drugs [See Also Apomorphine, Atropine, Heroin, Meperidine, Methadone, Morphine]
antisocial personality & alcoholism & psychiatric illness, male & female narcotic addicts with mean age of 24 yrs, 1252
diagnosis of antisocial personality & alcoholism & depression & homosexuality, prediction of recurrence or continuation of drug & alcohol dependence, narcotic addicts, 12908
droperidol & phentanyl, pain during tail jerking, rats, 627
icv enkephalin analog FK 33-824 doses vs morphine vs dextro-ala-2-Met-enkephalinamide & subsequent naloxone & environmental temperature, hyperthermia, cats, 597
intraseptal naloxone vs naltrexone vs beta-endorphin vs fentanyl vs morphine vs met-enkephalin, locomotor patterns induced by ip morphine, cats, 10026
maternal narcotics use during perinatal period, effects on children & neonates & fetuses, literature review, 10019
methadone vs levo-alpha-acetyl-methadol maintenance vs clinic attendance, treatment outcome, male narcotic addicts, 13470
morphine sulfate vs methadone hydrochloride vs meperidine vs pentazocine lactate, motility, male rats, 12265
morphine vs dextro-Ala-2-Met-enkephalinamide vs dextro-Ala-2-dextro-Leu-5-enkephalin, barpressing for obtaining vs escaping heat, cats, 598
phenazocine vs ketazocine vs ethylketazocine & naloxone, schedule-controlled behavior, male pigeons, 12300
psychotropic & narcotic drugs & alcohol, RT & tracking performance, humans, literature review, 7570
temporary increase in prescribed drug dosage, reduction in illicit drug use, 24–31 yr old drug addicts, England, 13467
treatment of narcotic withdrawal, literature review, 1831
Nasal Mucosa [See Olfactory Mucosa]
National Guardsmen
ordinary vs pooled sample least squares vs equal weighting vs Bayesian m-group regression, estimation of regression weights in 2-variable linear model of reenlistment intentions, National Guardsmen, 7149
Nationalism
minority vs majority group membership, tolerance for discrepant attitudes about national identity, Catalan 16–19 yr olds, Spain, 3181
Native Americans [See American Indians]
Natural Disasters
marriage & divorce rates, counties experiencing vs not experiencing major natural disasters, 7784
physical & mental health status, adults who did vs did not experience major flood, analysis of studies by J. N. Logue & M. E. Melick, 8539
responses to possible flood hazard, repressor vs sensitizer floodplain residents, 1078
Nausea
anticipatory nausea & emesis, 18–82 yr old cancer chemotherapy outpatients, 8472
Navaho Indians [See American Indians]
Navigators (Aircraft) [See Aerospace Personnel]
Navy Personnel
ability level & individual vs conventional training, grades & supervisors' ratings, US Navy technical school graduates, 2152
Code Substitution Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7093
Computer Aided Training Evaluation & Scheduling decision model vs human judgment, assessment of flight training performance, US Navy aviators, 11599
correction procedures for restriction of range & attenuation, validation of prediction & criterion related selection & performance measures, US Navy personnel, 2451
development & research, Navy Performance Evaluation Test for Environmental Research, 7069
evaluation of navigation plotting task, development of performance evaluation tests for environmental research, 19–24 yr old US Navy enlistees & US Coast Guardsmen with mean age of 22.1 yrs, 11701
forward vs backward auditory digit span testing, suitability for inclusion in Performance Evaluation Test for Environmental Research, 18–25 yr old US Navy enlisted men, 7085
group form of Stroop Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7060
hospital admission rates during later stages of career, alcoholic US Navy enlisted males, 6445
Interference Susceptibility Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7074
item recognition measures, suitability for inclusion in Performance Evaluation Tests for Environmental Research, US Navy enlisted men, 7044
job analysis, Aegis combat system submode operators, 11460
job analysis, tactical command & control workstations, US Navy personnel, 11467
memory tests, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7061
microcomputer video game of bombing & air combat maneuvering & job control validity, US Navy enlisted males, implications for pretesting practice in repeated measurement, 9444
multiple administrations of group Stroop Color-Word Test, score stabilization & reliability and black & white vs color words vs color blocks, 19–24 yr old US Navy males, implications for performance battery, 4746
occupational group, stress-related illnesses, male US Navy personnel, longitudinal study, implications for prevention programs, 4583
Performance Evaluation Test for Environmental Research, 19–24 yr old US Navy enlistees, 7071
personality traits, occupational adjustment, male seamen, 4581
quality of sleep, career performance, 17–34 yr old US Naval school students, 11463
rate-terminal process theory & suitability of tests for Performance Evaluation Tests for Environmental Research, assessment of productivity & selection & training research, US Navy personnel, 7072
similarity of tactical work stations in air vs sea environments, US Navy personnel, 9097
Spoke tasks, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted personnel, 2344

stress of swimming test, defense mechanisms & anxiety & cortisol & testosterone & catecholamine responses, male US Navy recruits, 2862
verbal skills curriculum, listening & speaking skills, US Navy recruits with deficiencies in English, 9074
video games as skill acquisition & learning performance tests & practice effects, US Navy enlisted personnel, implications for pilot selection & training, 11453
Wonderlic Personnel Test, suitability for use as performance evaluation test, 19–24 yr old Navy personnel, 11668
Nearsightedness [See Myopia]
Neck (Wry) [See Torticollis]
Need Achievement [See Achievement Motivation]
Need for Affiliation [See Affiliation Motivation]
Need Satisfaction
age & education & income & tenure, need satisfaction & importance, 27–45 yr old automobile factory managers, India, 13787
concurrent validity of measures to assess in-home unmet needs & life satisfaction, 60–95 yr olds, 173
corporate ownership, need satisfaction, public vs private sector managers, India, 2211
job characteristics fulfilling lower vs higher level needs of Maslow's hierarchy, job satisfaction & absenteeism, blue vs white collar workers, Turkey, 6879
level of fulfillment of affiliative needs & interpersonal stress & symptomatology, female college students, 1052
need satisfaction theory of self, work motivation, literature review, 9098
need-complementarity & interpersonal attraction, dyads, literature review, 3385
occupation & education, realization of basic needs, Poland, 5657
perceived fulfillment of social needs, depression, young adults, Switzerland, 7987
psychological need satisfaction, drinking behavior, alcohol rehabilitation inpatients, 6494
satisfaction & support systems, patients on home dialysis & spouses, 8524
sex & occupational differences, leisure needs & satisfaction, Australia, 9152
Needs
age & education & income & tenure, need satisfaction & importance, 27–45 yr old automobile factory managers, India, 13787
age & sex & geographic location & socioprofessional level, personal needs, 17–25 vs 30–35 yr olds, France, 7946
age & sex & marital status, development of needs & expectations, 1st yr marriage & family therapy doctoral students, 11126
amount of prior help & prior recipient's need & dependency of potential recipient, reciprocity of helping, male college students, 10386
assessment of counseling needs, aged, 13376
assessment of needs in potential stress areas, college students, implications for counseling, 4471
career education course, needs & satisfaction with career development information & status, high school students, 1976
concurrent validity of measures to assess in-home unmet needs & life satisfaction, 60–95 yr olds, 173
correspondence between motivation of characters in C. Dickens's "Oliver Twist" & A. Maslow's hierarchy of needs & self actualization, 5308
development of Needsort, measurement of motivation within A. Maslow's framework, 13–73 yr olds, 146
development of self presentation & social approval needs, 2nd & 3rd & 5th graders, 10269
educational needs, Black college students, 13648
ethnic background, perceived training needs, Black vs Mexican American vs White female Child Development Associate trainees, 4305
frequency of sexual problems & self reported counseling needs, female college students, 13742
guidance needs, college students with diverse educational backgrounds, 6817
human needs & job satisfaction, French- vs English-speaking managers with mean ages of 25.9 & 27.3 yrs, Canada, 2187
internal consistency of Manifest Needs Questionnaire, 11644
level of interests & needs in health education, junior college students, 13590
management level, motivational needs, bank managers, Malaysia vs India, 13795
measurement of leisure needs, aged, applications to counseling, 11629
mental health service delivery & programing, need for home residence & network of supportive vocational & social treatment programs, young adult chronic patients, 1716
methods of need assessment for mental health services, 1722
model of sexual needs motivation for sexual abuse of daughters, fathers, literature review, 12917
need for achievement & power & affiliation, male vs female Black college students majoring in business, 4412
need for professional counseling services, 18–82 yr old active Christians, 13363
need for services, psychiatric patients, England, 8583
need for social assistance, families with intellectually impaired school age children or members with other handicaps, Japan, 1737
needs & client characteristics, test selection & construction in assessment research & gerontological counseling, aged, 13384
needs assessment, development of guidance program, elementary school students, 11390
needs of children under 5 yrs of age, surveyed organizations, UK, 4117
occupation & education, realization of basic needs, Poland, 5657
patient dependence & oral satisfaction needs & psychosomatic aspects in etiology, chronic open-eye glaucoma patients, 3776
perceived job attributes & growth need strength, productivity & job & overall satisfaction, manufacturing firm employees, 9149
perception of needs, graduate students, 13664
personality traits & needs, criminals vs noncriminals, 3687
problems & needs, Ss 55 yrs old & older, 729
programs & strategies for effective response to needs of adult college students, comment on articles in journal special issue, 1963
psychotherapy, acceptance of self & acknowledgement of needs, female psychiatric patient, 13182
role of caring & needing in love, college students, 7282
roles of geriatric & community mental health emergency services, mental health needs, aged, 11021
school district information vs information needs, teachers, 4348
self concept & personal values & needs & interpersonal perception, college students, 12722
sex & leisure participation outcome, leisure needs, college basketball players, 1061
stereotyped attitudes & prejudice & mental health needs & services & delivery, Black lower socioeconomic status females, 8559
training in client need analysis vs facilitative communication, communication level, clients & therapists, 6153
transitional needs & activity, personality development & mental illness, adolescents, 7706
value judgments, educational needs assessment for program planning, 8846
wishes, 10–11 yr olds seen vs not seen by psychiatrist, 3528
Negative Reinforcement
history of response omission, response suppression under FR schedule, schizophrenic vs normal 18–67 yr olds, 7276
negative contingency, stimulus generalizations in discrimination learning, pigeons, 12000
positive vs negative feedback following success vs failure, persistence, female 10–11 yr olds, 5417
punishment vs negative reinforcement in aversive conditioning, auditory hallucinations, 28–63 yr old chronic schizophrenics, 6224
Negotiation [See Also Bargaining]
complaint processes, consumer & business organizations, 9204
mediation & forms of arbitration, resolution in union/management collective bargaining simulation, business students, 3392
negotiator perspective taking ability & training to eliminate overconfidence, efficacy of final offer arbitration, college students, implications for labor-management negotiators, 4541
personal values, organizational negotiation, mental health managers, 6859
reciprocity of bargaining strategies & bargainer role, college & graduate students assigned to labor/management roles in same- vs mixed-sex dyads, 9131
Negroes [See Blacks]
Neighborhoods
community aftercare service delivery system, deinstitutionalized chronic psychiatric patients, 1714
crime-related perceptions of neighborhood & city, adults, Canada, 3704
educational & socioeconomic variations in schools & neighborhoods, mathematical reasoning & attitudes toward math, urban minority group 8th graders, 6710
environmental features, satisfaction with urban neighborhood, urban residents, 2276

factors affecting residential & community satisfaction, residents, 10278
group affiliation, neighborhood commitment, Hasidic sect members, 10299
individual & social variables, participation in neighborhood activities, residents, 12538
low vs high toughness/drug use neighborhoods, risk of drug involvement, inner city junior high school students, implications for drug abuse prevention programs, 10223
market analysis results, value of property surrounding group homes for 18–45 yr old mentally retarded, 11025
social & environmental influences, choice of residence, Chinese Americans, 10294
viewing of pictures of neighborhoods, inferences about & attitudes toward residents, college students, 2261
Nembutal [See Pentobarbital]
Neonatal Development
complications during neonatal period, developmental problems, preterm children from birth to 5 yrs old, longitudinal study, 3778
development of supine body points used for support, 15 day to 7 mo olds, 727
home environment & neonatal reflexes, motor & cognitive-motor performance, 4 yr olds, longitudinal study, 3126
marihuana use during pregnancy, length of gestation & maternal weight gain & offspring behavior & development up to 1 yr of age, females, 5231
maternal age, number of pregnancies & prenatal care & pregnancy complications & school dropout rate & child's Apgar score & subsequent illnesses, Black vs White 14–16 vs 20–30 yr old mothers & their children, 5501
maternal heroin & methadone addiction, prenatal & postnatal medical complications & developmental problems, infants, literature review, 1377
maternal methadone maintenance & age, motor & state functioning, infants observed at 1 day & 1 mo of age, 6503
neonatal development, preterm newborns, 10107
neonatal 6-hydroxydopamine treatment, experience-dependent odor preferences, male rats, 12261
Neonatal Disorders [See Also Anencephaly, Cleft Palate, Downs Syndrome, Phenylketonuria, Turners Syndrome]
family & anxiety factors, somatic disorders, infants hospitalized during 1st 3 mo of life, 1790
neonatology techniques requiring hospitalization, subsequent relational disorders, handicapped children, 1789
pregnancy outcome & incidence of infant mortality & neurologic disorders, pregnant Ss with seizure disorders, 13059
seasonal variations in epidemiology of anencephaly & teratogenicity of pre-ovulatory overripeness, 1951–68, Netherlands, 13038
Neonates
acoustic reflex thresholds for pure tones vs broadband vs filtered noise, 4–8 day olds, 7635
age & availability of pacifier, time & duration of empty sucking activity, 1–4 day olds, 10102
age & stage of sleep vs wakefulness, lower limb cutaneous polysynaptic reflexes, 3 day olds through 3 yr olds, 5394
auditory & taste stimulation, sucking & heart rate & limb movement, neonates, 3091
auditory stimuli & variation in temporal delays, cardiac response & head turning, neonates, 3139
behavior at 1st contact with newborn, 24–39 yr old male medical students & 26–45 yr old fathers of newborns, 3316
biological & psychosocial & demographic perinatal factors, prediction of adequacy of home environment, families 3 yrs after hospital discharge of neonates with medical problems, 939
body build & arousal, stepping reflex, newborn infants, 7627
cerebral dominance of family members, lateral differences in motor & sensory functions, 2–4 day olds, 3088
company of mother during hospitalization, neonates & infants in general pediatric unit, 1783
concept of "fantasmatic" mother-neonate interaction, implications for infant psychiatry, 935
development of communication, male from birth to 2 yrs of age, 7688
development of nonverbal communication, mothers & their newborns, 12486
dietary experience with sweet taste, taste preferences, newborns assessed at birth vs 6 mo, 7634
discussion of infant development with pediatricians, mother-child relations & child development, mothers & their infants from birth to 6 mo, 10114
early extended contact, father-child interaction, fathers & their neonates, 3313
early intervention programs, cognitive development, children 3 yrs old or younger, literature review, 6674
exposure to ball vs picture of ball vs blank card, reaching behavior, 8–16 day olds, 10185
family & anxiety factors, somatic disorders, infants hospitalized during 1st 3 mo of life, 1790
genetic counseling approach, mourning response, parents experiencing stillbirth, 10974
grief process & interventions, parents of stillborn infants, literature review, 1388
head control & vestibular nystagmus, infants treated with aminoglycosides for neonatal sepsis, 4069
hospital & child welfare treatment, child abuse victims less than 8 mo of age, 1675
instruction of parents about infant development & changes in patient-child relations, pediatricians, 1681
intervention for family of sick newborn, intensive care unit staff, 8631
judgments of parental vs maternal resemblance, 14–37 yr olds judging appearance of newborns, 3303
loudness of frequency modulated tone & horn sounds, GSR & respiration & heart rate, 1–7 day olds, 7470
manual asymmetry, neonates at 1.5–6 days vs 4–16 wks of age, 10199
marihuana use, pregnancy & labor & delivery & neonatal meconium staining, females with mean age of 23.7 yrs & their infants, 5234
maternal methadone maintenance, motor functioning, infants assessed at 1 day & 4 mo of age, 5250
maternal methadone use during pregnancy, health & development & behavior, infants, literature review, 10005
maternal narcotics use during perinatal period, effects on children & neonates & fetuses, literature review, 10019
maternal nicotine & caffeine, offspring size & growth rate & cognitive function & premature delivery & spontaneous abortion & stillbirths & neonatal deaths & congenital anomalies, humans & animals, 5252
maternal separation & deprivation following delivery, mother-child relations, premature infants & mothers with mean age of 24 yrs, Nigeria, 932
milk intake, breast-fed 5–9 day olds, 10115
monocular vs binocular viewing conditions in light vs dark, eye movements, 1–3 day olds, 10099
needs of children under 5 yrs of age, surveyed organizations, UK, 4117
neonate hospitalization, development of mother-child link, 1776
olfactory response to maternal odors from breast & neck, neonates, 800
phototherapy, short-term behavioral sequelae of neonatal jaundice, infants up to 28 days old, 3907
physical abuse, 1 wk to over 6 mo old neglected children, India, 12944
preference for holding neonate on the left side at 1st contact, mothers, 947
premature mourning vs failure to mourn when critically ill neonate survives & subsequent parent-child difficulties, mothers & 3 & 4 yr olds, 3312
prenatal exposure to methadone & heroin, neonatal abstinence syndrome & organizational & perceptual abilities & cognitive functioning & adjustment & level of activity, humans & animals, 5241
preventive intervention during prenatal & neonatal & infancy periods, literature review, 8545
proximal & proximo-distal behaviors during breast- or bottle-feeding, primiparous mothers & their neonates on 2nd vs 4th vs 42nd day postpartum, 3318
reception of verbal description vs viewing vs active engagement in administration of Brazelton Neonatal Behavioral Assessment Scale, mother-infant interaction, mothers & their newborns, 951
reliability & validity of Neonatal Perception Inventory, assessment of maternal perception of infant status, adolescent mothers, 7042
retinal anatomy, human newborn, 726
role of self help groups & social workers, learning of death & mourning & burial of stillborn babies, 23–35 yr old mothers, 6432
spontaneous behavior, male vs female newborns, 734
stepping & kicking reflex & hypothesis for disappearance by 2 mo of age, 2 wk olds, 760
teenage childbearing, neonatal behavior & development, infants born to mothers aged 15–17 vs 20–32 yr olds, Puerto Rico, 3034
temporal organization of interaction during breast feeding, mothers & their neonates, 12563

temporal patterning in spontaneous movement, awake neonates 38–60 hrs old, 10109
validity of Neonatal Perception Inventory, inferring maternal attitudes toward their neonates, mothers, literature review, 9428
ventilatory response to 100 vs 15 percent oxygen during wakefulness vs REM vs non-REM sleep, preterm infants with mean gestational age of 32 wks & mean postnatal age of 31 days, 12404
Neonates (Animal) [See Infants (Animal)]
Neonaticide [See Infanticide]
Neoplasms [See Also Brain Neoplasms, Breast Neoplasms, Leukemias, Terminal Cancer]
anomia & negative elements in recovery, recovered cancer patients, 1399
anticipatory nausea & emesis, 18–82 yr old cancer chemotherapy outpatients, 8472
assessment & behavioral intervention, psychosomatic symptoms, 24–64 yr old hospitalized patients receiving intensive cancer treatment, 8427
autohypnosis, treatment of cancer, 10960
behavioral & hypnotic treatment of aversion reactions to chemotherapy, cancer patients, literature review, 6089
chemotherapy regimens, psychological response & depression & fatigue, lung cancer patients, 10951
chewing tobacco, oral cancer & other health effects, 12630
chronic electrical stimulation of periventricular gray region of posterior thalamus, correlation of pain relief with location of stimulation sites, 45–67 yr old cancer pain patients, 6347
conceptions of cancer, 8–21 yr old cancer patients vs their families, 1432
content of parent therapeutic groups, English- vs Spanish-speaking parents of children with cancer, 8592
current status of research, depression & subsequent cancer, literature review, 12782
depression & anxiety, 6–17 yr olds with cancer, 13040
early emotional symptoms & psychosocial factors, attitudes toward & outcome of cancer, patients, 8-yr followup, implications for prevention & treatment, 5921
embarrassment as aura of complex partial seizures, 40 yr old male with Grade II astrocytoma of frontal lobe, 13021
humanization of hospital environment in department of gynecology-oncology, 6450
hypnosis, pain & anxiety, 6–19 yr old cancer patients, 6328
illness behavior in response to cancer onset, care seeking, males vs females, 13326
initial & present cigarette consumption & rates of mortality & coronary heart disease & lung cancer & other cancers & causes of death, 40–59 yr old male smokers with vs without intervention program, 10 yr followup, 1837
intellectual interests & habits of work & recreation, later development of cancer, physicians, 6021
need for communication & education about sexual concerns & impotence, 29–71 yr old males after cystectomy & prostatectomy for cancer, 13321
need for research on psychological variables in cancer treatment, 1437
person centered group counseling, social activity & family/interpersonal relations & anxiety & emotional stability, 24–67 yr old cancer patients, 8526
personality characteristics related to prediction & progress of cancer, patients, 10768
personality profiles, 21–80 yr old cancer vs other disease patients, 3774
preferences regarding sources of disease-related information, 11–20 yr old cancer patients, 5996
progressive presentation of imaginary food consumption scenes & cognitive restructuring, anorexia & depression, 54 yr old male cancer patient following prostatectomy & antineoplastic chemotherapy, 4050
psychiatric presenting symptoms, 36–44 yr old patients subsequently diagnosed as having cancer, 1411
psychological & emotional responses & fear, cancer, 6026
psychological morbidity & precursors & response in relation to outcome & intervention & research in psychological concomitants, cancer, literature review, 8200
psychopathological characteristics & insomnia, female with pharyngeal carcinoma, 8173
psychosocial aspects of treatment, cancer patients, 10985
psychosocial stress vs smoking & weight & blood pressure, prediction of lung cancer & cardiac infarct & apoplexy & diabetes mellitus, survey respondents, 7-yr followup, 3798
recognition of powerlessness in treatment of cancer, oncologists, 6529
relationship with father vs other risk factors, incidence of cancer, physicians, replication of work by C. B. Thomas et al, 1420
role of immunological interference with activity of serotonin in depressive illness, cancer patients, 10486
self esteem & parental relations & approach to life & nervous tension in psychological profile, health & mental & cardiovascular & neoplasm disorders, medical students, 33-yr longitudinal study, 13551
short term psychotherapy, adaptation to cancer, patients, 10735
social childhood environment & previous emotional symptoms & seeking of medical help & attitudes toward illness, emotional reaction to cancer, working-age patients, 10687
social work, pediatric cancer, long term survivors & their families, 8598
sociological & psychological & risk & pathophysiological factors, detection & prediction & prevention of cancer, 50–65 yr olds, 13029
transient visual obscurations without papilloedema, 38–54 yr old males with frontal space occupying tumor, 10722
vocational rehabilitation, cancer patients, 8670
vocational rehabilitation, patients with cancer & cardiac illness & epilepsy, 11088
Neopsychoanalytic School [See Individual Psychology, Jungian Psychology]
Nerve (Accessory) [See Cranial Nerves]
Nerve (Acoustic) [See Acoustic Nerve]
Nerve (Facial) [See Facial Nerve]
Nerve Cells [See Neurons]
Nerve Endings [See Baroreceptors, Chemoreceptors, Mechanoreceptors, Neural Receptors, Photoreceptors, Proprioceptors, Synapses, Thermoreceptors]
Nerve Tissues [See Also Myelin Sheath]
age & juvenile hormone & corpora allata & feeding & short- vs long-day conditions, mating behavior, Colorado potato beetles, 9945
postmortem cortical biopsy & microscopic study of brain tissue, analysis of neocortex development, normal vs neurobehaviorally retarded children, literature review, 13069
Nerves (Cholinergic) [See Cholinergic Nerves]
Nerves (Cranial) [See Cranial Nerves]
Nerves (Peripheral) [See Peripheral Nerves]
Nerves (Spinal) [See Spinal Nerves]
Nervous Breakdown [See Mental Disorders]
Nervous System [See Also Acoustic Nerve, Amygdaloid Body, Auditory Cortex, Auditory Neurons, Autonomic Ganglia, Autonomic Nervous System, Axons, Baroreceptors, Basal Ganglia, Brain, Brain Stem, Caudate Nucleus, Central Nervous System, Cerebellum, Cerebral Cortex, Cerebral Ventricles, Chemoreceptors, Cholinergic Nerves, Cones (Eye), Corpus Callosum, Cranial Nerves, Dendrites, Diencephalon, Dorsal Roots, Extrapyramidal Tracts, Facial Nerve, Frontal Lobe, Ganglia, Geniculate Bodies (Thalamus), Globus Pallidus, Gyrus Cinguli, Hippocampus, Hypothalamo Hypophyseal System, Hypothalamus, Inferior Colliculus, Limbic System, Lumbar Spinal Cord, Mechanoreceptors, Medulla Oblongata, Mesencephalon, Motor Cortex, Motor Neurons, Myelin Sheath, Nerve Tissues, Neural Analyzers, Neural Receptors, Neurons, Occipital Lobe, Olfactory Nerve, Optic Chiasm, Optic Lobe, Optic Nerve, Parasympathetic Nervous System, Parietal Lobe, Peripheral Nerves, Photoreceptors, Pons, Proprioceptors, Pyramidal Tracts, Reticular Formation, Rods (Eye), Sensory Neurons, Somatosensory Cortex, Spinal Cord, Spinal Ganglia, Spinal Nerves, Spinothalamic Tracts, Superior Colliculus, Sympathetic Nervous System, Synapses, Telencephalon, Temporal Lobe, Thalamic Nuclei, Thalamus, Thermoreceptors, Trigeminal Nerve, Vagus Nerve, Ventral Roots, Visual Cortex]
ACTH & melanocyte-stimulating hormones & related peptides, central & peripheral nervous system & behavioral effects, literature review, 5031
adaptive significance of sequential nature of sensory systems maturation in embryogenesis & neonatal period, neurogenesis & perceptual development, infants, literature review, 489
evolutionary development of nervous system, 12072
nervous system development, holometobolous insects in larval & pupal & adult form, 9855
neural processing of temporal frequency & amplitude changes, binaural hearing & need for complex stimuli in neurophysiological research, literature review, 2594

Nervous System Disorders [See Also Acalculia, Agraphia, Alzheimers Disease, Anencephaly, Ataxia, Brain Damage, Brain Disorders, Brain Neoplasms, Central Nervous System Disorders, Cerebral Palsy, Cerebrovascular Accidents, Convulsions, Delirium Tremens, Dyskinesia, Encephalitis, Encephalomyelitis, Epilepsy, Epileptic Seizures, General Paresis, Gilles de la Tourette Disorder, Grand Mal Epilepsy, Hemiplegia, Huntingtons Chorea, Hydrocephaly, Hyperkinesis, Korsakoffs Psychosis, Meningitis, Minimal Brain Disorders, Multiple Sclerosis, Myasthenia Gravis, Neurosyphilis, Organic Brain Syndromes, Paralysis, Paraplegia, Parkinsons Disease, Peripheral Nerve Disorders, Presenile Dementia, Senile Dementia, Toxic Psychoses]
brain stem auditory & visual & somatosensory evoked potentials, 4.5–39 yr olds with leukodystrophy, 3819
changes in cerebrospinal amino compounds accompanying aging & neurological & psychiatric illness, psychiatric patients, literature review, 1100
CNS lesion site, degree of impairment of slow phases of vestibular vs optokinetic nystagmus, neurologically disordered patients, 8242
definition of learning disability as neurophysiological dysfunction & suggestions for education, 12979
EEG temporal slow activity, 60–92 yr old inpatients with vs without neurological abnormalities vs cerebrovascular accidents vs organic cerebral lesions, 13041
epidemiology of motor & visuo-perceptual deficits, 5 & 6 yr olds born to mothers with mean age of 39 yrs vs 28 yrs, 8194
history & etiology & demography & symptomatology & treatment, tics & Gilles de la Tourette syndrome & other movement disorders, 3624
neurologic assessment & development of nonfocal signs, learning disabled/neurologically impaired 10–12 yr olds, 6-yr longitudinal study, 5677
neurologic complications & cerebral angiography, 21 yr old male with Degos disease, 13066
neurological abnormalities, paranoid vs nonparanoid male chronic schizophrenics with mean age of 31 yrs, 5767
neurological disease as origin or precipitant for affective disorders & suicide, literature review, 3527
neurological sleep disorders & narcolepsy, dreaming, literature review, 3773
plasma glutamate decarboxylase activity, 6–76 yr olds with endogenous psychosis & neurologic disease, 3516
pregnancy outcome & incidence of infant mortality & neurologic disorders, pregnant Ss with seizure disorders, 13059
prevalence of alcohol abuse & anxiety, depression & emotional disorders, neurology patients, 12878
provision of psychiatric & psychotherapeutic & neurological services, USSR, collection of papers, 6370
role of neurotransmitter dysfunction & genetic & environmental & developmental factors in etiology, schizophrenia, 8034
self determined vs high performance standards & yolking, spelling performance, special education students in classes for behaviorally or neurologically handicapped, 8947
sex & age, incidence of neurological disorders, 1 mo to 14 yr olds, USSR, 3872
short-latency somatosensory evoked responses, diagnosis of cervical & thoracic outlet syndromes, 16–52 yr old patients, 3850
somatosensory evoked potentials for assessment of peripheral & central nerve conduction, 50–80 yr old patients with subacute myelo-optic-neuropathy, 13080
temperament patterns, 5–39 mo olds with Down's syndrome or neurological impairments, 7959
therapy programs for communication & motor disorders, 2 & 5 & 7 yr olds, 13143
Nervous System Neoplasms [See Brain Neoplasms]
Nest Building
age vs experience, nest building behavior, inbred & outbred mice strains, 425
burrowing & feeding & predatory behavior, rats, 7368
construction & defense of burrows, sand fiddler crabs, 7332
egg laying & nest building in shared nest, lark sparrow & mockingbird, 2711
latitude & carnivorous vs herbivorous diet & nest type & social strategies, hatchability of eggs, birds, 2721
male quality & territory quality based on nest site concealment & courtship intrusions, female nest choice & male reproductive success, threespine sticklebacks, 406
selection & establishment of colony, honeybees, 5006
Netherlands
availability & organization of day care facilities for psychogeriatric patients, Netherlands, 6377
changes in national identity & collective value system, Netherlands, 911
concurrent validity of Dutch version of Jenkins Activity Survey, assessment of Type A coronary prone behavior, males in health intervention program, Netherlands, 2416
development of geriatrics, Netherlands, 8542
evaluation of own training in behavior therapy, applicant members of Dutch Association for Behavior Therapy, 11114
health care system & psychogeriatrics, Netherlands, 8549
need for integrated approach to geriatrics, Netherlands, 8540
negative attitudes toward each other, electors & elected political representatives, Netherlands, 7846
parental aggression, child abuse, Netherlands, support for 3-factor theory, 12935
prevalence & assessment & treatment of psychological disorders, aged, review of Dutch research, 10585
problems of psychogeriatrics, Netherlands, criticism of geriatric report, 10809
training and effectiveness, teachers trained to be counselors, Netherlands, 8800
validity of personality questionnaire, children, Netherlands, 7120
validity of translated version of British Attitude to Female Role Questionnaire, 16–65 yr olds, Netherlands, 11657
Neural Analyzers
electrical sensitivity of eye & critical flash fusion frequency of electrical phosphene, humans, implications for neural mechanisms of temporal discrimination, 485
Neural Lesions
ACTH following peroneal nerve crushing, functional reorganization of regenerating motor units in extensor digitorum longus, adrenalectomized male rats, 5180
avoidance conditioning, leg lowering, chronic spinal female rats, 2912
bilateral sinoaortic deafferentation, responsivity to painful thermal & electric footshock stimulation, spontaneously hypertensive vs normotensive rats, 9982
bilateral transection of lateral olfactory tract, 2-deoxyglucose uptake in olfactory bulb & projections, male rats, 5027
blockade of olfactory perception by N-methyl-formimino-methylester, olfactory sensory epithelium morphological alterations, male mice, 2910
cervical vs dorsal spinal transection, excitability of cerebral nystagmogenic area, rabbits, 12235
efferent projection lesions of rostral vs caudal trigeminal nuclear complex, orofacial pain, male rats, 5205
footshock stress, enkephalin-like peptide mediation of opioid stress analgesia, male rats with adrenalectomy vs adrenal demedullation vs adrenal medulla denervation, 2905
front- vs hind-paw shock & naloxone & dorsolateral funiculus lesions & morphine tolerance, classically conditioned analgesia, male rats, 5192
isolated vs group housing & rhizotomy, self mutilation of denervated limb, male rats, model of chronic pain, 5148
lesions of dopamine neurons, self stimulation, male rats, 12217
lesions of olfactory bulb projections, odor detection & arousal from slow wave sleep & mitral cell activity, male rats, 2901
olfactory bulbectomy & phase of circannual body weight rhythm, hyperphagia, wild male European hamsters, 12229
olfactory nerve section, degeneration & regeneration of olfactory bulb neurons, frogs, 2896
optic nerve crush, role of retinal ornithine decarboxylase activity in neural regeneration, goldfish, 573
section of trigeminal orosensory vs oromotor nerves, food intake vs electrical self stimulation of lateral hypothalamus, male rats, 2871
spinal transection, 5-hydroxytryptamine-mediated inhibition of spinal nociception & tail flick latency, male rats, 5147
stimulation of otolith organs, asymmetric reactions from semicircular canals, intact pigeons vs pigeons with bilaterally cut saccular nerves, 7513
transection of efferent pathways to sulcal cortex, intracranial self stimulation of medial prefrontal cortex, male rats, 12015
unilateral ablation of superior cervical sympathetic ganglion & electrical stimulation of posterior hypothalamus, motor defensive conditioned reflex magnitude & acquisition rate, dogs, 5204
ventral noradrenergic bundle lesions & naloxone, hypothalamic noradrenaline levels & nociceptive thresholds & stress- vs morphine-induced antinociception, male rats, 12228

vibrissal pad lidocaine injection vs infraorbital nerve section, nipple attachment & olfactory-guided orientation task performance & tactile sensation & vibrissal movement, rat pups, 7492
24-hr vs 1-hr light-dark cycles & lesions of primary vs accessory optic system vs retinohypothalamic tract/suprachiasmatic nucleus, sleep, rats, 12180
Neural Pathways [See Also Afferent Pathways, Corpus Callosum, Efferent Pathways, Fornix, Limbic System, Medial Forebrain Bundle, Optic Chiasm, Optic Tract, Reticular Formation]
amygdala control via ventral amygdalofugal vs stria terminalis pathways, vocalizations expressing different emotions, squirrel monkeys, 462
bilateral lesioning of suprachiasmatic nucleus, immunocytochemical localization of vasopressin fibers, rats, 5061
development & plasticity of callosal & corticostriatal projections of frontal association cortex, primates, 12056
electrical stimulation of preoptico-hypothalamus regions, 2-deoxyglucose uptake, rats, 5200
electrolytic midbrain raphe lesions vs 5,7-dihydroxytryptamine injections along ascending serotonergic pathways, locomotor & feeding behavior, female rats, 12220
interhemispheric cortical connections, structural & functional organization, mammals, literature review, 12061
lesions of olfactory bulb projections, odor detection & arousal from slow wave sleep & mitral cell activity, male rats, 2901
neural transmission & drug treatment, pain, 6289
projections to striatum & pontine nuclei from superior temporal visual area, macaques, 2775
somatosensory evoked potentials for assessment of peripheral & central nerve conduction, 50–80 yr old patients with subacute myelo-optic-neuropathy, 13080
stability of interneuronal connections in sensorimotor cortex, cats, 12055
ventral noradrenergic bundle lesions & naloxone, hypothalamic noradrenaline levels & nociceptive thresholds & stress- vs morphine-induced antinociception, male rats, 12228
Neural Receptors [See Also Baroreceptors, Chemoreceptors, Mechanoreceptors, Photoreceptors, Proprioceptors, Thermoreceptors]
activation with morphine or inhibition with naloxone of opioid receptors in substantia nigra pars reticulata, tonic activity in EMG, male rats, implications for regulation of striatal efferent pathways, 7574
acute ECS, effect of apomorphine on locomotion & rearing, male rats, lack of evidence for dopamine autoreceptor subsensitivity, 9998
age & environmental enrichment, retention on passive avoidance task & cholinergic muscarinic & benzodiazepine receptor binding in brain regions, male mice, 9852
alpha-2 adrenoceptors & opiate receptors & morphine & opiate peptides & clonidine locus coeruleus neurons, literature review, 436
androgens, tuning of electroreceptors to electric organ discharge frequencies, South American gymnotoid electric fish, 5259
benzodiazepine receptors & possible endogenous ligands, implications for biological substrates of anxiety, literature review, 5097
benzodiazepine receptors in brain membrane, rats, implications for neuronal excitability & convulsion regulation, 445
central cholinergic receptor blockade, spatial localization, male rats, 2981
cessation of long term reserpine therapy, reserpine withdrawal psychosis & role of denervation supersensitivity of receptors, 85 yr old female, 1628
chlorpromazine, sensitivity of dopamine & serotonin receptors, male rats, 2987
chronic desipramine & nomifensine, number of presynaptic dopamine receptors in striatal tissues, male rats, 5248
chronic molindone treatment vs haloperidol, dopamine receptor sensitivity, male rats, 656
chronic naltrexone, increase in brain opiate receptors & sensitivity, female rats, 7580
constant bright illumination, persistent estrus & hormone receptor binding & puberty & sexual receptivity & mating, female rats, literature review, 7502
deficiency in glycine-mediated inhibition & involvement of benzodiazepine & GABA binding sites, spastic symptoms, mutant mice spastic, 5023
distensions of biliary system, electrical activity from biliary afferents & determination of innocuous vs noxious levels of pressure & receptive fields, male ferrets, 5154
heat stress to hypothalamus, intracranial osmoreceptor control of thermoregulatory evaporative water loss, dehydrated cats, 451
hippocampal distribution of serotonin & cholinergic-muscarinic & alpha-adrenergic & opiate-type receptors, 62 yr old deceased male, implications for neurological pathology, 9833
increased brain dopamine & dopamine receptors, schizophrenia, 1173
isolation-induced aggression, number of benzodiazepine receptors in various brain regions, male mice, 7486
labeled quinuclidinyl vs imipramine vs dihydroalprenolol binding to brain receptors & cortical tissue levels of tricyclic antidepressives, suicide vs homicide victims, 3686
lithium, affinity constants & number of binding sites for platelet vasopressin receptors, bipolar patients with mean ages of 35 & 36 yrs, 6269
localization of neuroleptic receptors, implications for evaluation of therapeutic effects, 10956
neurotensin administration into caudate nucleus vs posterior hypothalamus, conditioned & unconditioned food reflexes & increased stomach secretion, dogs, 691
opiate receptor classification into mu & delta & kappa sites, literature review, 494
opiate receptors & vocalization & enkephalin neuronal systems, pain perception, 487
pharmacological characteristics of adrenergic & noradrenergic receptors, literature review, 5035
pharmacological investigation of properties of benzodiazepine receptors, 5079
progesterone dosage level, progesterone desensitization effect on lordosis & hypothalamic progestin receptors, female guinea pigs, 591
serotonin receptor distribution correlation with 5-hydroxytryptamine levels & corticosteroid & estrogen receptors in brain regions, female rats, 444
serotonin stimulation of cortical glycogen hydrolysis & role of novel serotonin receptor, implications for competitive antagonists in pharmacological research, 2800
subsequent activation of receptors provoked by tetanic muscular contraction in electro-acupuncture analgesia, female rats, 9959
tofisopam vs diazepam, flunitrazepam binding to benzodiazepine receptors, rats, 10033
Neurasthenic Neurosis
age of onset, anthropophobia vs obsessive-compulsive neurosis vs neurasthenia vs acute anxiety, 1221
epidemiology & phenomenology, neurasthenia & depression & somatization, 18–56 yr old psychiatric clinic patients, China, 5678
family psychotraumatic events & age, etiology of neurosis, neurasthenics with mean age of 36.5 yrs vs over 50 yrs of age, 12857
Neuroanatomy
anatomical asymmetries in posterior sylvian region & its importance for language, 5081
chronic electrical stimulation of periventricular gray region of posterior thalamus, correlation of pain relief with location of stimulation sites, 45–67 yr old cancer pain patients, 6347
clinical picture & epidemiology & diagnosis & neuroanatomical correlates & etiology & pathogenesis of amnesic episodes, 5961
conceptual reflectory arch as basis for neural organization, coding of motions & learning in motor & detector neurons, 7441
Evans Blue & acetylcholinesterase analysis, basal forebrain neuron projections to basolateral amygdala, female rats, 11621
fluorescent tracer histology & acetylcholinesterase histochemical analysis, morphology & intercellular organization & cortical projections of cholinergic neurons in basal forebrain, rats, 11567
horseradish peroxidase technique, assessment of projections from locus ceruleus to olfactory bulb vs olfactory tubercle, cats & rats, 11583
innate & environmental factors & role of visual stimulation, ocular dominance formation & development of columnar systems in visual cortex, mammals, literature review, 2815
model of neural mechanisms of cerebral asymmetry, humans, 9854
morphological & physiological features of inhibitory neurons in medullary reticular formation, control of horizontal REMs, alert cats, 7448
neural synaptic organization of visual system, nudibranch mollusca, 2816
neuroanatomical differences, 20–45 yr old male paranoid vs nonparanoid chronic schizophrenics, implications for differences in etiology, 5765
neuroanatomy & neurochemistry & neurophysiology of opiomelanotropinergic neurons in pituitary & brain, literature review, 5095
presence of axons in association amacrine cells of retina, asymmetrical lateral inhibition & null-preferred axis, pigeons, 5083

statistical comparisons of dendritic trees in auditory cortex, 74–89 yr olds, 12093
subclasses of opiate receptor binding sites, human brain membranes, 12085
temporal coordination of step cycles among limbs during in-phase stepping & transition to & from alternate stepping, cats, neural circuitry implications, 7407

Neurobiology

neural processes underlying movement control, literature review, 7180
neurobiological & psychology interpretations & theory of J. H. Jackson & cross-arena fallacy, mind-body question, 2664
reductionism in neurochemical & neurobiological approach, study & treatment of mental disorders, comments on viewpoints of S. Peele, 6056

Neurochemistry

ACTH & melanocyte-stimulating hormones & related peptides, central & peripheral nervous system & behavioral effects, literature review, 5031
acute vs chronic ECS exposure, central cholinergic receptor sensitivity as measured by oxotremorine-induced tremor & quinuclidinyl benzylate binding in frontal cortex, rats, 560
acute vs chronic stress, brain & hypothalamic catecholamine & serotonin concentration & turnover, male rats, 541
adrenalectomy vs stress, horseradish peroxidase uptake by parvocellular hypophysiotropic neurons of nucleus preopticus & lateral tuberis, goldfish, 456
age & environmental enrichment, retention on passive avoidance task & cholinergic muscarinic & benzodiazepine receptor binding in brain regions, male mice, 9852
age, posterior pituitary & intra- and extrahypothalamic vasopressin content & memory decrement, rats heterozygous vs homozygous for diabetes insipidus vs normal rats, 452
amitriptyline, cerebrovascular permeability & cerebral blood flow & metabolic rate, rhesus monkeys, 672
amphetamine & restricted food access, reduction of food intake & body weight & hypothalamic norepinephrine levels, genetically obese mice, 10021
anisomycin injection following progesterone, extension of period of sexual receptivity, female rats, 12247
antihypoxidotic SL-76188, EEG & vigilance & psychomotor activity & mood & side effects, 54–74 yr olds, 13274
apomorphine dosage, GABA content & glutamate decarboxylase & GABA-transaminase activity in paleostriatum augmentatum, chicks, 12317
beta-phenylethylamine, activity & role of catecholamine/indoleamine interaction, isolated vs grouped mice, 2933
bipiperidyl mustard lesions, brain convulsive response to hypoglycemia, female mice, 12291
brain activity of succinate vs lactate dehydrogenase vs peroxidase vs cytochrome oxidase, schizophrenics, 10506
brain level of dopamine & neophobia & locomotor responses to novelty, C57BL/6JOrl vs A/JOrl vs their reciprocal F1 hybrids, 2752
cerebral amino acid alterations following cycloheximide & anisomycin administration, norepinephrine & dopamine & hydroxytryptamine synthesis in synaptosomes, male mice, 12331
cerebral cortex concentration & synthesis of norepinephrine & dopamine & serotonin, rhesus monkeys aged 1 day to 36 mo, 2777
chemical instability in brain, behavioral deviations, literature review, implications for drug abuse in borderline personality, 5840
chemical sensitivity of ventromedial hypothalamus during electrically induced negative emotional reaction, rabbits, 12107
chlordiazepoxide & diazepam dosage, raphe nucleus activity & ataxia & EMG activity, cats, 12343
chlordiazepoxide & 5-methoxy,N,N-dimethyltryptamine interactions, conflict behavior, rats, 12332
chlordiazepoxide vs N-demethylchlordiazepoxide, ethanol-induced sleep time & blood & brain chlordiazepoxide levels, male mice, 2929
circadian changes, brain distribution & sensitivity to haloperidol, male rats, 5227
clonidine, brain hyperactivity during morphine withdrawal, rodents & primates, literature review, 680
clorgyline, delay of phase-position of circadian rhythms of adrenergic & cholinergic & opiate & benzodiazepine brain receptors, male rats, 707
conditioned circling behavior, brain dopamine metabolism, male rats, 5117
conditioned emotional response & conditioning anxiety & shock history & diazepam, brain monoamine content & turnover, rats, 468
cortical steady potential level & bioelectrochemical potential during orienting reaction & defensive CR, rabbits, 12095
cyclo(Arg-Gly), stability & half-life in brain & plasma & puromycin-induced amnesia, mice, 703
developmental difference, nigrostriatal tyrosine hydroxylase activity, BALB/cJ vs CBA/J mice after 1st postnatal wk, 440
dextroamphetamine, intracerebral electrochemistry & activity & stereotypy, male rats, 12326
dextroamphetamine vs haloperidol following motor cortex ablation, recovery from paresis & depressed catecholamine levels, male rats, implications for rehabilitation of stroke & trauma patients, 7544
dopamine, incorporation of labeled fucose into total proteins & guanosine diphosphate fucose formation in hippocampal slices, male rats, 10017
dorsolateral tegmental lesions, hyperdipsia & amphetamine-induced hypodipsia vs anorexia & CNS permeation by amphetamine, female rats, 5194
electrical stimulation of preoptico-hypothalamus regions, 2-deoxyglucose uptake, rats, 5200
estradiol & progesterone, brain endorphin levels, female rats in different stages of estrous cycle vs pregnancy vs following ovariectomy, 7577
estradiol benzoate, cholinergic muscarinic binding of quinuclidinyl benzilate in medial basal hypothalamus vs medial preoptic area, male vs female rats, 605
Evans Blue & acetylcholinesterase analysis, basal forebrain neuron projections to basolateral amygdala, female rats, 11621
exposure to spatial problems, synaptic proteins & glial protein glutamine synthetase in frontal & control brain regions, rats, 7432
extinction of defensive CR to acoustic CS, changes in chemoreactive sensitivity to acetylcholine in sensorimotor cortex, rabbits, 12070
fluorescent tracer histology & acetylcholinesterase histochemical analysis, morphology & intercellular organization & cortical projections of cholinergic neurons in basal forebrain, rats, 11567
fluoxetine vs desipramine & forebrain serotonin vs norepinephrine depletion induced by lesions of raphe nuclei vs dorsal noradrenergic bundle, taste aversion conditioning, male rats, 12165
food deprivation, interaction between cholinergic & catecholaminergic systems of hypothalamus & cerebral cortex in regulation of food-motivated behavior, rats, 9941
GABA binding in brain, aggressive vs nonaggressive female hamsters, 9872
haloperidol, bilateral asymmetry for striatal dopamine metabolites & relation to dominant rotation direction, female rats, implications for pharmacologic treatment of schizophrenia, 7553
haloperidol vs chlorpromazine vs clozapine vs dopamine, dopamine & acetylcholine release from nucleus accumbens & striatum, female rats, 604
high-performance liquid chromatography with amperometric &/vs fluorometric detection systems, measurement of catecholamines & indoleamines in CNS & blood & urine, literature review, 2339
hippocampal distribution of serotonin & cholinergic-muscarinic & alpha-adrenergic & opiate-type receptors, 62 yr old deceased male, implications for neurological pathology, 9833
home nest odors & age & circadian rhythms, effect of amphetamine vs phentolamine vs haloperidol on shock induced wall climbing, rat pups, 12244
hormonal & genetic factors & neurotransmitter disturbances, etiology of schizophrenia & manic depression, literature review, 1201
hormonal effects, explanation for multiplicity of neurotransmitters, comments on R. K. Dismuke's article, 2820
icv ACTH peptides vs footshock vs naloxone, changes in 2-deoxyglucose uptake in brain regions, male mice, 2934
icv vs intracisternal cycloheximide, protein synthesis inhibition & amnesia for saccharin aversion memory, rats, 699
imipramine binding in frontal cortex, 13–58 yr old suicides, 488
intracerebral injections of alpha- vs beta- vs gamma-endorphins, dopamine metabolism & behavior, male mice, 5245
intracisternal beta-endorphin, dopamine uptake in hypothalamus & striatum, male rats, 10010
intralaminar microchemistry of right frontal cortex, Alzheimer's patients with mean age of 74 yrs, 13018
intraocular injection of labeled N-acetylmannosamine following dark adaptation, labeling in gangliosides & glycoproteins of retinal ganglion cell layer & optic tectum following light exposure, chickens, 7536
iv apomorphine, glucose utilization in brain areas, male rats, 5254

iv haloperidol & apomorphine, glucose utilization in brain areas, male rats, 5255
labeled quinuclidinyl vs imipramine vs dihydroalprenolol binding to brain receptors & cortical tissue levels of tricyclic antidepressives, suicide vs homicide victims, 3686
leponex, brain lactate dehydrogenase activity, human embryo, 9994
lesions of locus coeruleus, resistance to extinction in classical conditioning of nictitating membrane & hippocampal & cortical norepinephrine levels, male rabbits, 7523
lithium &/vs diazepam & exposure to immobilization & cold & auditory stress, serotonin metabolism, male rats, 5158
locomotor activity-induced theta rhythm, hippocampal 2-deoxyglucose uptake, male rats, 5088
long term ethanol exposure, reduction of leucine-enkephalin-like immunoreactive substance in basal ganglia, hamsters, 592
long term monocular deprivation & short term binocular stimulation, choline acetyltransferase & glutamic acid decarboxylase activity in visual Wulst, pigeons, 9925
loss of cholinergic activity, patients with Alzheimer's disease, 6009
methamphetamine & systemic tryptophan, brain tryptophan hydroxylase activity & serotonin metabolism, male rats, 698
monaural vs binaural verbal vs nonverbal auditory stimulation, cerebral metabolism using labeled fluorodeoxyglucose & positron computerized tomography, right handed 21–28 yr old males, 7431
monoclonal antibodies formation to neurofiliments & neurofibrillary tangles in cerebral cortex & hippocampus, normal vs Down's syndrome vs senile dementia Ss examined postmortem, 1092
morphine & apomorphine vs amantadine, choline uptake into corpus striatum synaptosomes, male mice, 12348
naloxone, dextroamphetamine & apomorphine induced rearing & ambulation, male rats, 12289
neocortex & hippocampus & cerebellum & brain stem & liver content of DNA & RNA & proteins, rats raised in enriched vs deprived environments, 5113
neuroanatomy & neurochemistry & neurophysiology of opiomelanotropinergic neurons in pituitary & brain, literature review, 5095
neurochemical disturbances leading to end stage neuron development problems, etiology of infantile autism, 1135
neurochemical studies of attention deficit disorder, children, literature review, 3803
neurochemistry of autism, clinical studies of serotonin & dopamine & norepinephrine metabolism, 1236
nitrogen metabolism, rats recovered from Cosmos-1129, 7493
nomifensine, noradrenaline & dopamine uptake & serotonin & 5-hydroxyindoleacetic acid levels, rats, 10036
norepinephrine & phentolamine & propranolol, feeding behavior, cats, 12302
opiate antagonists & morphine, chlordiazepoxide induced hyperdipsia, water deprived male rats, 12259
optic nerve stimulation, potassium accumulation, 1–3 day old vs adult rat optic nerve, 558
parachloroamphetamine with vs without pretreatment with fluoxetine vs zimelidine vs metergoline, avoidance learning & dopamine & noradrenaline brain concentrations, male rats, 665
pathophysiological mechanisms & neurochemical factors, enzymatic disorders, 1396
pentobarbital anesthesia & footshock & shock avoidance conditioning, acetylcholinesterase & protein synthesis in brain, female rats, 12149
physiological & neuroendocrine correlates of anxiety, literature review, 5127
prenatal methyl mercury, brain methyl mercury content & activity, neonatal rats, 607
prenatal 1-methadone hydrobromide, postnatal 1-methadone hydrobromide levels in brain & liver from birth to 30 days of age, rats, implications for persistent opiate withdrawal symptoms in rats & human neonates, 649
pretreatment with GABA antagonists, ECS-induced enhanced responses to apomorphine & quipazine, rats, 12285
preweanling chronic morphine vs naloxone, development of brain opiate receptor system vs monoamine levels & turnover & morphine tolerance, rats, 588
probenecid, cerebrospinal fluid monoamine metabolite concentrations, normal vs narcoleptic dogs, implications for REM sleep & treatment of narcolepsy/catoplexy, 608
protein synthesis inhibitor cycloheximide vs anisomycin, whole brain norepinephrine & dopamine levels & potassium-stimulated norepinephrine release from hypothalamus, mice, 10007
protein synthesis suppression induced by neonatal asphyxia, rats born from females maintained on low-protein diet, 9934
recovery from impaired visual function, morphological characteristics & glutamate dehydrogenase activity in motor cortex, rats visually deprived at birth, 12140
reductionism in neurochemical & neurobiological approach, study & treatment of mental disorders, comments on viewpoints of S. Peele, 6056
regional brain distribution & biosynthesis of dynorphin, male rats, 7447
regional cerebral blood flow & glucose & oxygen uptake as means to study mental disorders, 1102
retrochiasmatic frontolateral lesions, lordosis & estrogen & progestin receptor binding in hypothalamus & preoptic area & pituitary, female rats primed with estrogen & progesterone, 12227
role of brain dopamine vs norepinephrine in reinforcing effects of alcohol & opiates, criticism of R. Wise's findings, 9989
role of dopaminergic cells of ventral tegmentum in rewarding action of opiates, comment on R. Wise's article, 10051
role of 5-hydroxytryptamine & dopamine & norepinephrine, etiology of depression, literature review, 7998
running activity & restricted feeding, brain 3-methoxy-4-hydroxyphenylethyleneglycol levels & activity & gastric ulcers, male rats, 12187
serotonin receptor distribution correlation with 5-hydroxytryptamine levels & corticosteroid & estrogen receptors in brain regions, female rats, 444
serotonin stimulation of cortical glycogen hydrolysis & role of novel serotonin receptor, implications for competitive antagonists in pharmacological research, 2800
sex differences, temporal patterns of copulation in group mating & relationship to neuroendocrine reflexes that mediate reproduction, Norway rats, 400
silil derivatives of alpha-pyrrolidone, emotional behavior & orienting response & locomotor activity & brain GABA & dopamine metabolism, mice, 10046
single vs multistage hypothalamic injections of 6-hydroxydopamine, consummatory & motor behavior & forebrain catecholamine depletion, male rats, 7578
sleep deprivation, brain neurotransmitters & related enzymes, male rats, 5188
sleep deprivation, cerebral serotonin binding & metabolism, rats, 9950
social isolation & n-dipropylacetate, aggression & brain GABA levels, male mice, 5185
social isolation, aggressive behavior & brain alpha-melanotropin changes, male mice, 5111
stress & anterior vs neurointermediate pituitary lobe ablation, plasma & brain levels of beta-endorphin & met-enkephalin, male rats, 580
stress, adenyl nucleotides & creatine phosphate in brain, rats, 449
stress, muscimol & diazepam & GABAergic reduction of gastric mucosal erosions & reversal by picrotoxin & thiosemicarbazide, rats, 5219
thiamine deficiency, ataxia & pilo-erection & paresis & sleep & serotonin & 5-hydrosyindoleacetic acid levels in raphe & locus coeruleus systems, male rats, 9999
tofisopam vs diazepam, flunitrazepam binding to benzodiazepine receptors, rats, 10033
training in discriminated Y maze avoidance task, regional brain uptake of 2-deoxy-dextro-glucose, 7428
uptake & retention of testosterone & its metabolites in forebrain, castrated male mice, implications for aromatization of testosterone to estradiol in forebrain, 484
valproic acid, brain serotonin metabolism, isolated vs grouped male rats, 2955
vasopressin vs oxytocin, brain catecholamine & serotonin metabolism & avoidance learning, rats heterozygous vs homozygous for diabetes insipidus, 695
ventral noradrenergic bundle lesions & naloxone, hypothalamic noradrenaline levels & nociceptive thresholds & stress- vs morphine-induced antinociception, male rats, 12228
visual deprivation, central neurochemical & neurophysiological changes & comparison with hallucinogenic drug effects, review of deafferentation studies, 2870
visual evoked potentials & positron emission tomographic mapping of cerebral blood flow & metabolism, 57–62 yr old patients with hemianopsia or cortical blindness, 10702
vitamin D-deficient diet, dopamine & norepinephrine & dihydroxyphenylacetic acid concentrations in brain stem & cerebellum & cerebral cortex & hypothalamus & striatum & plasma calcium, male rats, 523
zinc distribution in right vs left hippocampus vs striatum vs cortex, spatial behavior, male rats, 490

Neurodermatitis
epidemiology of peptic ulcer & bronchial asthma & neurodermatitis & rheumatoid arthritis, schizophrenic 20–70 yr olds, Canada vs US vs Poland, 12873
Neuroinfections [See Nervous System Disorders]
Neuroleptic Drugs [See Also Chlorpromazine, Chlorprothixene, Fluphenazine, Perphenazine, Phenothiazine Derivatives, Reserpine, Sulpiride, Trifluoperazine]
amantadine-neuroleptic combination, palliative treatment of tardive dyskinesia, 40–70 yr old patients, 1589
amoxapine, neuroleptic effects, psychiatric patients, 1599
antidepressant & anxiolytic & neuroleptic & antiaggressive drugs, nonsocial & social & aggressive & defensive behavior, male rats & mice, 5262
antidepressant & neuroleptic & hypnotic drug prescriptions, psychiatric patients during hospitalization vs in outpatient clinics, 1625
antidepressants & neuroleptics & tranquilizers & sleep deprivation, chronic manic depression, 20–50 yr olds, 13137
antipsychotic drug therapy, disordered children, literature review, 4085
antipsychotic medication, speed of information processing, schizophrenic patients, 1595
anxiolytics & neuroleptics, treatment of anxiety, 4067
bromocriptine, symptom exacerbation during neuroleptic treatment, 31 yr old schizophrenic female, 1615
change from fluphenazine decanoate to flupentixol decanoate, schizophrenic 22–61 yr olds, 8-mo followup, 1602
cis(Z)-Clopenthixol decanoate, chronic schizophrenics, 13297
clozapine therapy, schizophrenic 21–47 yr olds, 13285
combined lithium & neuroleptic drugs, EEG activity, psychiatric patients, 13286
combined use of phenazepam & sydnocarb & amitryptiline & triphthazine, treatment of borderline psychopathology, outpatients, 1588
dopamine-beta-hydroxylase cerebrospinal fluid levels, schizophrenic patients responsive vs not responsive to neuroleptic treatment, etiological implications, 1218
ECT vs tricyclic antidepressant-antipsychotic combination therapy, psychotic major depressive disorder, 8291
efficacy of oxyprothepin-decanoate, schizophrenic patients, 12-mo followup, 1626
etiology & neuroleptic treatment, organic psychosis, 5 yr old female, 4083
haloperidol vs chlorpromazine vs clozapine vs dopamine, dopamine & acetylcholine release from nucleus accumbens & striatum, female rats, 604
haloperidol vs thioridazine vs butaperazine treatment, platelet MAO activity & prolactin levels, schizophrenics with mean age of 34.1 yrs, 6290
interaction of chronic antipsychotic drug administration & bilateral denervation of dopamine afferents to nucleus accumbens, behavioral hyperresponsiveness, male rats, 7504
lithium &/vs neuroleptics, spermiologic disturbances & potency & libido, manic depressives & sexual deviants, 1631
localization of neuroleptic receptors, implications for evaluation of therapeutic effects, 10956
long term efficacy & temporary withdrawal of antipsychotic drugs, behavioral deterioration, institutionalized retarded, 6321
long term neuroleptic treatment, word associations, hospitalized psychiatric patients, 8447
low serum neuroleptic levels, prediction of relapse, 22–65 yr old male schizophrenics, 1131
naloxone, drowsiness & abnormal thought content & plasma prolactin, 21–45 yr old drug-free chronic schizophrenics vs schizophrenics on neuroleptics, 6295
neuroleptic blood plasma levels, supersensitivity psychotic symptoms & tardive dyskinesia, 50 yr old female & 27 yr old male paranoid schizophrenics, 4062
neuroleptic drug dosage & plasma & red blood cell levels, clinical symptoms, chronic schizophrenics, 6277
neuroleptic drug therapy & emotional arousal, onset of drug-induced dystonia, psychiatric patients, 4096
neuroleptic drug therapy, dyskinesia, children & adolescents & developmentally handicapped adults, information on centralized data system to collect & expand research, 1620
neuroleptic drug therapy, platelet MAO activity, psychiatric patients, 1639
neuroleptic drugs & stimulus intensity & rise-time factors, skin conductance orienting response, acute & chronic schizophrenics, 10509
neuroleptic drugs, dopamine & acetylcholine activity, patients with Gilles de la Tourette's syndrome, 10954
neuroleptic drugs, lateral asymmetry of visual evoked potentials, schizophrenics with mean age of 21.5 yrs, 4086
neuroleptic maintenance therapy, schizophrenics, 10934
neuroleptic medication &/or psychosis, sudden death, 18 yr old male, 1607
neuroleptic therapy, cerebrospinal fluid levels of neurotensin, schizophrenic 20–40 yr olds, 1659
neuroleptics & benzodiazepine derivative estazolam, auditory hallucinosis, chronic schizophrenics, 4082
neuroleptics & midbrain raphe nuclei lesions, activity & avoidance behavior, male rats, 12162
neuroleptics & social skills training with vs without group therapy, psychotic schizophrenia, 18–50 yr old patients, 3984
neuroleptics, pathophysiological mechanisms in etiology of tardive dyskinesia, literature review, 4052
oral gamma-vinyl GABA, neuroleptic-induced tardive dyskinesia, chronic simple & paranoid schizophrenics, 13277
patient history & clinical symptoms & response to drug therapy, 10–60 yr old schizoaffectives & manic depressives & schizophrenics, 6313
pharmacological & biochemical characteristics of clocapramine, mice & rats, 2958
pharmacological & therapeutic interactions of neuroleptics & tricyclic antidepressants, literature review, 1594
psychotropic drug treatment & side effects, mental retardation, literature review, 6299
psychotropic drugs with central anticholinergic properties, tardive dyskinesia, literature review, 13270
relationships among akathisia & pseudoakathisia & tardive dyskinesia, 20–65 yr olds, 6 case reports, 3824
serum dopamine-beta-hydroxylase activity, paranoid schizophrenics, replication of experiment by L. E. DeLisi, 4054
serum neuroleptic & anticholinergic levels & verbal IQ & symptom severity, verbal recall, 20–58 yr old chronic schizophrenics, 6317
sexual dysfunction & menstrual disturbances & plasma prolactin levels, 21–65 yr old schizophrenics on neuroleptics, 1617
subjective experience & attitudes toward illness, identification of patients who should not receive drug therapy, schizophrenics, 8450
symptom reduction through use of neuroleptics as not synonymous with successful treatment, schizophrenia, 10935
tricyclic antidepressants &/vs antipsychotic drugs vs ECT vs psychotherapy, treatment response, nonpsychotic vs psychotic depressives with mean ages of 55.1 & 57.4 yrs, implications for psychodiagnostic classification, 3883
Neurological Disorders [See Nervous System Disorders]
Neurology
areas of conflict & cooperation, neurology & psychiatry, implications for consultation-liaison psychiatrist, 13134
behavioral neurological model for etiology of childhood autism, 1177
model, effects of hemispheric blocking & neuropharmacological action on deep brain structures, 9860
neuroendocrine correlates, suicidal behavior, males with mean age of 32 yrs, 1282
neurological & psychiatric symptoms & episodic dyscontrol, 15–80 yr olds with minimal brain dysfunction, 5956
neurological assessment, hyperactive vs enuretic vs normal 5–13 yr olds, 8222
neurological status & time pressure during spatial constructive task, visuomotor behavior, male vs female 4–6 yr olds, 12428
prevalence of alcohol abuse & anxiety, depression & emotional disorders, neurology patients, 12878
tracking eye movements, patients with vestibular neuronitis & disorders in frontal cortex & cerebellum & brain stem, 1419
Neuromuscular Blocking Drugs [See Muscle Relaxing Drugs]
Neuromuscular Disorders [See Cerebral Palsy, General Paresis, Gilles de la Tourette Disorder, Hemiplegia, Myasthenia Gravis, Paralysis, Paraplegia, Parkinsons Disease]
Neurons [See Also Auditory Neurons, Axons, Cones (Eye), Dendrites, Motor Neurons, Rods (Eye), Sensory Neurons]
acetylcholine & noradrenaline, plasticity of visual cortical neurons, cats, 12239
activity of dorsolateral prefrontal cortical neurons during spatial delayed response task, rhesus monkeys, 12069
activity of metacerebral cell & behavioral arousal, free moving Aplysia californica, 467
background, activity of cortical neurons before & after burst of impulses, rabbits, 12080

chemical sensitivity of ventromedial hypothalamus during electrically induced negative emotional reaction, rabbits, 12107
diazepam, cerebellar inhibition of vestibular neurons, albino rabbits, 670
emotional stress, ultrastructure of neurons & synapses of parietal area of cortex & reticular formation of brain, rats, 510
establishment of alimentary reflex, hippocampal neuronal activity, rabbits, 12100
excitability of electro-excitable membrane of cortical neuron during intracellular tetanization with hyperpolarizing current, 12209
identification of mature cortical neurons with both associational & callosal axons, rhesus monkeys, 7438
intralaminar microchemistry of right frontal cortex, Alzheimer's patients with mean age of 74 yrs, 13018
morphology & electrophysiology of vestibular projections to cerebellum, dogfish, 5089
neural growth & selection of connections, snails, 5040
neurochemical disturbances leading to end stage neuron development problems, etiology of infantile autism, 1135
neuron activation in motor & visual cortex, cause of future vs response to past activity, rabbits, 2809
neuropeptides & blockators of protein synthesis, chemical sensitivity of visual cortex neurons during food procuring behavior, cats, 12238
phencyclidine, blockade of potassium & sodium channels, differentiated mouse neuroblastoma cells, 5275
pressure & hot & cold & electrical stimulation, viscerosomatic convergence onto spinothalamic tract neurons, cats, 5179
recovery from impaired visual function, morphological characteristics & glutamate dehydrogenase activity in motor cortex, rats visually deprived at birth, 12140
systemic naloxone, ventrobasal thalamus neuronal activity, arthritic rats, 5238
tungsten microelectrodes, recording activity of cells of subcortical structures, 11601
vestibular-induced eye nerve discharges, interaction of brain stem pause neurons & burst inhibitory neurons, cats, 5053
visual deprivation, striate cortex Meynert cell morphology, kittens, 12198

Neuropathology

behavioral neurological model for etiology of childhood autism, 1177
brain pathology, 21–54 yr old schizophrenics vs nonschizophrenic psychiatric patients vs nonpsychiatric patients, 3629
electrophysiological studies of forebrain & brain stem pathology & development & possible causal links, language & cognitive deficits, autistic children, 1222
learning through repetition or simple S–R relationships, 28–67 yr old amnesics, implications for functional separation of semantic & cognitive mediational memory systems & neuropathological evidence, 6046
loss of cholinergic activity, patients with Alzheimer's disease, 6009
postmortem cortical biopsy & microscopic study of brain tissue, analysis of neocortex development, normal vs neurobehaviorally retarded children, literature review, 13069
role of plaques & tangles in neocortex, morphological diagnosis of Alzheimer's disease, literature review, 8256
sensitivity of visual evoked potentials vs neuro-ophthalmological examination, detection of pathology, Ss with optic nerve disorders, 6006

Neuropathy [See Nervous System Disorders]

Neurophysiology

abnormal pi mechanisms, protanopic patient with retinitis pigmentosa, implications for role of short- & middle-wave cones, 2829
acetylcholine & noradrenaline, plasticity of visual cortical neurons, cats, 12239
acute vs chronic ECS exposure, central cholinergic receptor sensitivity as measured by oxotremorine-induced tremor & quinuclidinyl benzylate binding in frontal cortex, rats, 560
age differences & atropine vs scopolamine vs their methyl analogs, tonic immobility, chickens, 2948
application of robotics to biological motor control systems design, 63
benzodiazepine receptors in brain membrane, rats, implications for neuronal excitability & convulsion regulation, 445
chronic alcohol intoxication, morphological changes in brain structure, rats, experimental model for Korsakov's Syndrome, 682
color perception & retinal spectral information processes, teleost fish, literature review, 492
cortically-induced rhythmical jaw movements, trigeminal motoneuron membrane-potentials, guinea pigs, 2889
cyclic adenosine monophosphate, elaboration of active avoidance, rats, 5110
EEG, index of organizational structure & hierarchy of brain processes, 9862
electrical high frequency stimulation of perforant path axons & contralateral hippocampal hilus, inhibition of long term potentiation of fascia dentata neurons, male rats, implications for learning & memory, 559
electrical medial hypothalamus stimulation, inhibition of dorsal horn neuronal response to noxious skin heating, cats, 7510
electrical sensitivity of eye & critical flash fusion frequency of electrical phosphene, humans, implications for neural mechanisms of temporal discrimination, 485
electrical stimulation of brain nuclei in vocal control pathway, neural recruitment in hypoglossal motor neurons as modulated by respiratory gating, budgerigars & zebra finches, 9961
endogenous sleep-promoting factors, literature review, 2836
excitability of electro-excitable membrane of cortical neuron during intracellular tetanization with hyperpolarizing current, 12209
field sensitivity in short-wavelength-sensitivity mechanism, protanopic patient with retinitis pigmentosa, 2828
focal cortical excitation produced by strychnine & penicillin & acetylcholine with prozerine, determinant & dominant focal cortical interactions, cats, 5247
genetic & neurophysiological & psychosocial factors, aggressiveness & violence in large cities, 1278
human brain potentials & intercentral relationships in cerebral cortex during problem solving, human Ss, 12068
hypothalamus & locus ceruleus & raphe nuclei stimulation, synaptic & spike responses in sensorimotor cortex, male rats, 9962
interval between repeated depolarizing pulses to mechanoreceptor, amplitude of excitatory postsynaptic potentials in motor neurons & habituation of gill-withdrawal reflex, Aplysia, 5196
intervals between click stimulus pairs, auditory evoked potentials, 18–60 yr old acutely psychotic schizophrenics, 1116
intraocular injection of labeled N-acetylmannosamine following dark adaptation, labeling in gangliosides & glycoproteins of retinal ganglion cell layer & optic tectum following light exposure, chickens, 7536
intraventricular myelin basic protein antibodies, cortical evoked potentials & spontaneous activity & arousal & recruiting responses induced by electrical stimulation of thalamus, rabbits, 5226
iontophoretic 5-hydroxytryptamine, postsynaptic depression in dorsal lateral geniculate nucleus during visual stimulation vs acetylcholine vs homocysteic acid iontophoretic pulses, cats, stimulation methodological implications, 7555
light, modification of polypeptide isoelectric points in retinal photoreceptor layer, fruit flies, 7430
light wavelength & potassium current outflow, photoreceptor prolonged hyperpolarizing afterpotential accompanying photoconversion of rhodopsin, bay scallops, 344
lopirazepam & prazepam, neurophysiology & psychometric performance as prognostic indicators of therapeutic outcome, male chronic alcoholics, 13293
morphological & physiological features of inhibitory neurons in medullary reticular formation, control of horizontal REMs, alert cats, 7448
neural synaptic organization of visual system, nudibranch mollusca, 2816
neuroanatomy & neurochemistry & neurophysiology of opiomelanotropinergic neurons in pituitary & brain, literature review, 5095
neurophysical & neuropsychological dimensions & clinical manifestations & symptom patterns & classification systems, developmental dyslexia, 1395
neurophysiological bases of behavior, vertebrates, reports on 1981 NATO-Advanced Study Institute conference, 455
neurophysiological research trends, gating mechanisms in nociception, 2822
neurophysiology & brain electric activity, psychiatric patients, 10559
nitrogen-oxygen saturation & air excursion in simulated diving in depths of 20–36.5 & 50–70 meters, simple & choice RTs, adult males, 2868
odor-specific olfactory cell spatiotemporal activity, proposed experimental design to differentiate contribution of differential sorption & regional mucosal membrane responsitivity, 2792
olfactory nerve section, degeneration & regeneration of olfactory bulb neurons, frogs, 2896
olfactory stimulation, olfactory epithelium activity as measured by 2-deoxyglucose uptake, salamander & mouse, 2786

olfactory stimulation, 2-deoxyglucose uptake in olfactory epithelium, salamanders, 2794
optic nerve crush, role of retinal ornithine decarboxylase activity in neural regeneration, goldfish, 573
perceptual & motor & neuromaturational competence, 4–15 yr olds with Tourette's syndrome vs attention deficit disorder vs epilepsy, 3801
phencyclidine, blockade of potassium & sodium channels, differentiated mouse neuroblastoma cells, 5275
phenotype, correlation between central excitatory state & conditioning, blow flies, 434
physiological properties of in vitro hippocampal slice, hamsters, 7406
pituitary-thyroid activity & personality, normal college students, 5141
presence of axons in association amacrine cells of retina, asymmetrical lateral inhibition & null-preferred axis, pigeons, 5083
progesterone injection following estradiol benzoate, lordosis & nuclear & cytoplasmic progestin receptor concentration, ovariectomized guinea pigs, 5222
retinal infusion of 2-amino-4-phosphonobutyric acid, blockade of ON-center ganglion cell fields in lateral geniculate nucleus vs striate cortex, rhesus monkeys, implications for ON- & OFF-center cell interaction, 481
rod & cone interaction above threshold in brightness matching & magnitude estimation tasks, adult Os, test of probability summation & vector addition models, 7400
role of cerebellum in sensorimotor & behavioral function & dysfunction, literature review, 9832
role of neural interpolation in visual hyperacuity, humans, 7440
Sherringtonian vs Pavlovian scientific approaches to study of CNS, 21
short- vs long-wavelength chromatic adaptation & flicker frequency, red–green cone difference signal, macaques, 2761
simultaneous presence of food & avoidance stimuli, avoidance & neuronal command mechanism, snails, 12074
size constancy & accommodation-related proprioceptive neuronal mechanisms, reply to criticism by J. B. Deregowski, 2571
skin surface temperature, vibrotactile thresholds & relation to cat Pacinian corpuscle activity, humans, 7453
sleep pattern development, 4–30 wk olds, 3053
spatial frequency of suprathreshold sinusoidal gratings, spatial frequency discrimination & relation to photoreceptor spacing, human Ss, implications for neural interpolation, 11796
step torque perturbations to flex or extend wrists & instructions to restore joint to initial position immediately, EMG activity following forearm ischemia & vibration & ulnar nerve anesthesia, 22–40 yr olds, 5064
substance P as afferent neurotransmitter & research on antagonists, literature review, 459
vestibular-induced eye nerve discharges, interaction of brain stem pause neurons & burst inhibitory neurons, cats, 5053
visual cortex neurophysiology, contributions of D. Hubel & T. Wiesel, 441
visual deprivation, central neurochemical & neurophysiological changes & comparison with hallucinogenic drug effects, review of deafferentation studies, 2870
Neuropsychiatrists [See Psychiatrists]
Neuropsychiatry
developmental neuropsychiatry, review of concepts & issues & prospects, 5686
incidence of neuropsychiatric diseases & primary degenerative brain processes & psychopathological syndromes, psychiatric patients examined by computerized axial tomography, 10531
paternal violence & CNS vulnerability & predisposition to psychotic disorganization, impulsive self destructive & homicidally aggressive behavior, 5–12 yr old psychiatric inpatients, 12938
sex & neuropsychiatric status, Black & White incarcerated juvenile offenders, 5833
sociodemographic & psychosocial variables, mental & neuropsychiatric-surgical patients, Spain, 1091
thyroid function & catecholamines & neuropsychiatric disorders, children, 3531
Neuropsychological Assessment
adaptation of Halstead-Reitan Neuropsychological Test Battery, China, 134
age, measures of parietal lobe function, 40–88 yr olds, implications for evaluation & treatment in occupational therapy, 3102
assessment of executive functions, 4702
auditory processing ability, organic vs functional 11–18 yr old stutterers, 5905
behavioral & biological strategies for assessment of brain function in clinical pediatric research, literature review, 2396
Canter Background Interference Procedure for Bender Gestalt Test, screening for organic brain dysfunction, 16–65 yr old epileptics, 4729
clinical utility of short form of Speech Sounds Perception Test, neurological & psychiatric inpatients, 4783
cognitive fluctuations associated with on-off phenomena during levodopa treatment of Parkinson's disease, 51 yr old male, 8454
computerized axial tomography scan & neuropsychological tests, correlation in diagnosis of senile dementia, 54–84 yr olds, 13030
construct validity of Weigl Color-Form Sorting Test, assessment of ability to shift conceptual attitude, male psychiatric inpatients, 7115
correlation of Trail Making Test to visual search aspects of other tests, male Broca's & Wernicke's aphasics & nonaphasics with hemispheric lesions, 139
cross validation of neuropsychological key approach of E. W. Russell et al for actuarial interpretation of Halstead-Reitan Neuropsychological Test Battery, 143
diagnostic properties of neuropsychological assessment method, 5–6 yr olds with neurological diagnoses vs normal children, 13046
differential performance on right vs left hemisphere tasks, high-functioning autistic male 7.8–14.4 yr olds, 3583
evoked responses & EEG & neurological assessment 1 day vs 1 vs 6 mo vs 1 yr following head trauma, 11–37 yr old patients, 1371
factor analysis & construct validity of Verbal Concept Attainment Test, application in clinical neuropsychological assessment, 15–63 yr old patients, 2422
Halstead-Reitan test scores & personality & psychiatric symptomatology correlates, 7–14 yr olds with school conduct problems, 5818
initial normative & psychometric data of selective reminding measure of learning & memory, potential utility in clinical neuropsychological assessment, 5–8 yr olds, 2462
internal reliability of Speech Sounds Perception Test, 15–67 yr olds referred for neuropsychological evaluation, 7039
Luria Nebraska Pathognomonic scale & WISC-R IQ, academic achievement prediction, 11.5–16 yr olds in classes for educationally handicapped, 6809
memory factor structure, Revised Wechsler Memory Scale & WAIS & Halstead-Reitan subtest items, 2509
mood & personality, neuropsychological & computerized tomographic evaluations of intellectual impairment, 21–35 yr old male abstinent alcoholics, 10629
need for neuropsychological assessment of learning & behaviorally disordered children, school psychologists, 4498
neurologic assessment & development of nonfocal signs, learning disabled/neurologically impaired 10–12 yr olds, 6-yr longitudinal study, 5677
neurological & clinical examinations, 24 & 52 yr old females with Turner syndrome, 10748
neurological evaluation & diagnosis, 17–57 yr olds referred by psychiatrists for temper tantrums, 10494
neuropsychiatric test battery, assessment of developmental changes in cognitive functioning & motor control & perceptual abilities & vigilance & neuromaturational status, 4–14 yr olds, 2441
neuropsychological & electrophysiological & psychophysiological assessment methods in schools, 11392
neuropsychological assessment, children previously lead poisoned without development of encephalopathy, 3843
neuropsychological assessment, crossed aphasia & reversed laterality, 60 yr old right handed male, 5991
neuropsychological assessment, learning disabilities, 9–13 yr olds, 9426
neuropsychological profile, 9–23 yr olds suffering from agenesis of corpus callosum, 10732
Neuropsychological Questionnaire & Children's Neuropsychological Questionnaire, utility in outlining symptomology, 4727
neuropsychological test performance, presenile patients with Alzheimer's disease vs senile dementia patients of Alzheimer type, 6037
normative data on Luria Nebraska Neuropsychological Battery, 65–83 yr olds, 4790
normative data on Purdue Pegboard Test, right handed 2.5–5.9 yr olds, implications for neuropsychological screening, 2486
norms & clinical applications of Gottschalk-Gleser verbal behavior scales, children & adults, 2438
numerical computerized tomography scan information & WAIS & Wechsler Memory Scale scores, differential diagnosis, 55–65 yr old patients with Alzheimer's vs Huntington's disease, 10767

partialing out education & postmorbid intelligence, correlations between Luria-Nebraska & Halstead Reitan Neuropsychological Batteries, brain damaged patients, 103
preoperative neuropsychological performance, cerebral ischemia patients who were candidates for revascularization surgery, implications for postoperative followup, 6352
problems with administration & scoring & design & validity of Object Learning Test of Kendrick Battery, detection of dementia, 193
problems with design & validity of Object Learning Test of Kendrick Battery, detection of dementia, criticism of article by M. Skelton-Robinson & R. Telford, 155
psychiatric diagnosis & MMPI & 16PF personality profiles & IQ & neurological results, killers vs nonviolent offenders, 12933
psychological & intellectual & neurological assessment, behavior disordered 13–16 yr olds, 10628
psychometric commonalities & differences between Luria-Nebraska & Halstead-Reitan Neuropsychological test batteries, neuropsychiatric patients with mean age of 47.8, 4788
psychosocial developmental states & role changes & social psychological aspects & counseling & assessment, organic dysfunction, aged, 13024
qualitative & quantitative assessment & impact of A. R. Luria & rehabilitation of brain damaged, clinical neuropsychology, literature review, 13123
quantitative evaluation of musculoarticular sensitivity, patients with focal brain injuries, 1425
selection of Performance Evaluation Tests for Environmental Research subtests & comparison with source batteries, military applications, 7043
shortening of Speech Sounds Perception Test, neuropsychological assessment of auditory/perceptual functioning, neuropsychological & psychiatric patients, 4725
use of Bender Gestalt Test in neuropsychological assessment, criticism of article by E. D. Bigler & J. W. Ehrfurth, 7077
validity & internal consistency of Intellectual Processes scale of Luria-Nebraska Neuropsychological Battery, assessment of intellectual ability, high school & college students, 4776
validity of neuropsychological assessment as predictive measure, 7–12 yr old reading disabled males, 190
WAIS as adjunct to neurological diagnosis, monitoring of intellectual functioning, 29–52 yr olds with Huntington's disease, 4754
Yale Neuropsychoeducational Assessment Scales, delineation of course & relationship of various aspects of neuropsychiatric disorders, children, 2475

Neuropsychology
aging & senescence, histological changes in forebrain, humans, 13075
alcoholism, intellectual & adaptive ability & neuropsychological deficits, literature review, treatment implications, 12904
areas of conflict & cooperation, neurology & psychiatry, implications for consultation-liaison psychiatrist, 13134
books considered essential reading in clinical neuropsychology, directors of clinical training programs, 8770
catalog of pedagogic-therapeutic methods, psychoneurological disorders, 8948
cognitive perspectives in neuropsychology, literature review, 5084
cognitive psychology approaches, neuropsychology, 5106
concept of field dependence in neuropsychological research, 5039
current problems in clinical neuropsychology, collection of papers, 3868
dynamic organicist model based on biological encephalic structure & cerebral functioning, psychological functioning & psychiatry, 2819
hand grip strength & hand preference for writing, left vs right handed college students, implications for reliability of hand dynamometer, 7423
model of neuropsychology of anxiety based on behavioral effects of antianxiety drugs, 9681
nature & mechanisms & neuropsychological consequences of stroke, 1409
neurodevelopmental model of central processing deficiencies, children, implications for learning disabilities, 3840
neurolinguistic & neuropsychological factors, processing of written communication, 9840
neurophysical & neuropsychological dimensions & clinical manifestations & symptom patterns & classification systems, developmental dyslexia, 1395
neuropsychological & psycholinguistic approach, aphasia, literature review, 6016
neuropsychological functioning, mildly hypoxemic patients with chronic obstructive pulmonary disease, 13068
neuropsychology of text recall, 11908
postmortem cortical biopsy & microscopic study of brain tissue, analysis of neocortex development, normal vs neurobehaviorally retarded children, literature review, 13069
psychoanalytic writings, A. R. Luria, USSR, 4637
psychophysiology as based on human-neuron model, 7477
qualitative & quantitative assessment & impact of A. R. Luria & rehabilitation of brain damaged, clinical neuropsychology, literature review, 13123
traditional vs interactionist views, mind-brain relationship & evidence for survival of mind after death of body, 11533
unity of consciousness & unity of self & evidence from commissurotomized patients, 4648
update for survey of training & internship programs in clinical neuropsychology, 13521
vincamin, clinical & neuropsychological changes, patients with cerebrovascular disease, 1590

Neurosciences [See Also Neuroanatomy, Neurobiology, Neurochemistry, Neurology, Neuropathology, Neurophysiology, Neuropsychiatry, Neuropsychology]
contributions of work of R. W. Sperry, cerebral hemispheres in neurosciences, literature review, 2768

Neurosis [See Also Anxiety Neurosis, Childhood Neurosis, Conversion Neurosis, Experimental Neurosis, Hysterical Vision Disturbances, Neurasthenic Neurosis, Neurotic Depressive Reaction, Obsessive Compulsive Neurosis, Occupational Neurosis, Phobic Neurosis, Traumatic Neurosis]
abnormal content & therapeutic change, repertory grid construct relationships, neurotics, 13138
acquisition of semantic conditioning, 14–21 yr old females tested premenstrually vs intermenstrually, support for J. Vilas's model of vulnerability to neurotic symptoms, 5134
administration of rating scale as screening instrument for behavior & neurotic disorders & learning disabilities, parents & teachers of 8 yr olds, 9400
application of K. Horney's concept of neurotic claims to literary & case material, 5300
auditory information, EEG orienting response, acute vs recovered schizophrenics vs neurotics, 12841
avoidance conditioning & bilateral lesions of frontal neocortex & hippocampus & hypothalamus, sensitivity to alarm signals of conspecific & aversive sound & light, dogs & male rats, implications for neurosis, 2913
clinical & biological aspects of melancholia & depressive neuroses & schizoaffective psychoses & primary & secondary depression, literature review, 1210
diagnostic-therapeutic processes & classification, neurotic & psychotic disorders, literature review, 8024
differential diagnosis, anxiety & neurosis, aged, 12844
differential diagnosis, neurotic petitioners for compensation, 5795
differential diagnostic validity, Hamburg-Wechsler Intelligence Test for Adults, patients with cerebral dysfunctions vs neurotic disturbances, 7953
dishabituating tone, skin conductance habituation, 17–58 yr old schizophrenics & depressed & anxious neurotics, 8012
driving in automobiles during therapeutic activity, condition improvement & deterioration, psychotic & neurotic patients, 3632
duration of complaints & latency in seeking counseling & number of consultants & criticism of professional, neurotic vs psychosomatic vs somatic patients, 12779
duration of illness & seeking consultation & changing consultants, neurotics & stomach ulcer patients & patients with somatic illness, 10483
emotional experience of music, schizophrenic psychotics vs depressive vs anxiety vs obsessive neurotics vs depressive & manic psychotics, 3605
employment & marital status & sex & presence of young children, prevalence of neurotic disorder, 18–64 yr olds, 12886
evolution of technique for utilization of ego functions, psychoanalysis of neurotic conflict, 13164
fluphenazine & nortriptyline, irritable bowel syndrome & psychoneurotic morbidity, 15–58 yr old patients, 6296
inhalation of carbon dioxide, cardiovascular & subjective responses, anxious neurotics, 8305
interpretation of neurotic pride in S. Richardson's novel "Clarissa" using K. Horney's theory of inner conflict, 5297
introversion & neuroticism & personality correlates, 15–40 yr old tension headache sufferers vs neurotics, 5683
low-calorie diet & exercise & hydrotherapy & physical expression & psychiatric treatment, weight reduction, obese neurotic vs psychotic vs mentally retarded females, 6064

medical claims & health insurance, compulsory accident & mental illness & subsequent disablement, Switzerland, 12814
model based on conditioning theory, development of neurotic disorders, 10524
Morita therapy aimed at attitude change, shinkeishitsu-type neurotics, 13185
neurotic structure in latent homosexuality, 39 yr old male, 10597
neurotic vs normal MMPI profiles, industrial workers at risk for respiratory disease, Italy, 3553
onset age, neurotic disorders, survey of protocols, 1952–60, 10579
outpatient vs inpatient treatment, psychotics vs neurotics committed to psychiatric hospital, 6455
primary vs secondary vs no pretraining, outcome of group psychotherapy, 20–60 yr old outpatients with neurotic & characterological disorders, 3990
psychiatric outpatient care vs supportive home visiting from community psychiatric nurses, 18–69 yr old neurotic patients, 1715
psychodiagnostic classification of schizophrenia & neuroses in DSM-III, 1187
psychopathology & verbal expression, psychoneurotic & ulcerative colitis & Crohn's disease patients, implications for role of alexithymia in psychosomatic disorders, 13092
role of hospitalization in recovery, neurotic patients voluntarily admitted to psychiatric institute, 6456
season of birth, schizophrenic & neurotic twins, 5746
sensorimotor stress, fatigue & monotony & saturation & stress, Ss with vs without tendencies toward neurosis, 5785
sex & age & socioeconomic status & parental psychopathology, 3 types of evolution profiles leading to different personality structure & school efficiency & adjustment levels, psychotic vs neurotic children, 8033
social skills training with & without cognitive modification, social interaction & anxiety & isolation & interpersonal relations & depression, 22–57 yr old neurotic outpatients, 8438
somatosensory & visual & auditory evoked potentials, chronic schizophrenics vs neurotics, 12880
superego, pseudo-narcissistic psychopathology, 39 yr old male, 10583
therapeutic aspects of acting out, hospitalized neurotic 13–23 yr olds, 10554
therapist's sex & type of therapy & importance of defenses & transference & resistance, successful treatment of neurotic & personality disorders, 10820
unwanted pregnancy & neurotic conflict & psychosocial factors, abortion patients, 10965
use of concept of cohesive sense of self in psychoanalysis, psychoneurotic & borderline & narcissistic personality disorders, 8329
vulnerability of self during depressive episode, 16–70 yr old neurotic & psychotic & schizophrenic inpatients vs normals, 5769

Neurosurgery [See Also Decerebration, Decortication (Brain), Hemispherectomy, Psychosurgery, Vagotomy]
central commissurotomy, intractable generalized epilepsy, 15–25 yr old patients, 1692
cortical mapping, localization of finger spelling & oral language areas in brain, 25 yr old female undergoing left anterior temporal lobe resection, 473
preoperative neuropsychological performance, cerebral ischemia patients who were candidates for revascularization surgery, implications for postoperative followup, 6352

Neurosyphilis
neuropsychiatric manifestations & diagnosis & treatment of neurosyphilis, 8254
neurosyphilis & general paresis presenting as chronic mania, 57 yr old male, 5974

Neurotic Depressive Reaction
cluster analysis, classification of neurotic depression on axes of clinical phenomenology & characteristics of course & personality, 48–65 yr old inpatients, 3600
cognitive restructuring & behavioral assertive training, prevention of relapse & reduction of depression, depressive neurotics, 6242
discriminant function analysis, clinical symptoms, anxiety & depressive & phobic neurotic 17–65 yr olds, 1188
rating scales & differentiation, patients with mean age of 37.2 yrs with depressive vs anxiety vs phobic neurosis, 1189
time awareness, 20–66 yr old patients with endogenous vs neurotic depression vs schizophrenia or paranoid state with depressive symptoms, 3589

Neuroticism
authoritarianism & achievement motivation & neuroticism & social desirability, India, 5647
body change due to puberty & sex & neuroticism & self esteem, body satisfaction, behavior disordered 9–18 yr olds, 10242
cardiovascular variability, introversion/extraversion & neuroticism & psychoticism, volunteers, 2845
dyspnea proneness to carbon dioxide stimulation & neuroticism & extraversion & panic-fear strength, male nonsmokers, 7949
extraversion & neuroticism & psychoticism & risk taking based on individual decision making vs group discussion, college students, 12755
extraversion/introversion & neuroticism, reversal latencies for Necker cube & sectored circle, college students, 2578
hypnotically implanted aggressive conflict & neuroticism, psychopathology & anger & aggression expressed at authority figures present vs absent, college students, 7281
intense & intermittent & unpredictable noise, arithmetic task performance & GSR & heart rate & neuroticism & introversion-extraversion, 18–49 yr olds, 5129
introversion & neuroticism & personality correlates, 15–40 yr old tension headache sufferers vs neurotics, 5683
level of athletic participation & involvement, personality & extraversion & neuroticism & emotionality, male & female athletes with mean ages of 23.7 & 22.2 yrs, West Germany, 5633
neuroticism & extraversion & psychoticism, dislike of filling out questionnaire, male & female Ss, 5650
neuroticism & extraversion, 21–50 heterosexual vs homosexual females, 12777
neuroticism & extraversion-introversion & intelligence & verbal comprehension & sex, verbal fluency, high school students, 5325
neuroticism & length of underground employment, work fatigue, 20–51 yr old miners, 4593
neuroticism & mood scores & relation to arousal effects on performance, students, 1087
neuroticism, short vs long sleepers, India, 3471
personality correlates & extraversion & psychoticism & neuroticism, 20–50 yr old normal & mentally ill criminals, 5684
psychoneurotic profiles, medical students, Iraq, 13522
psychoticism & extraversion & neuroticism & blood group antigens, Ss from different countries, 12122
reliability of Eysenck Personality Inventory, measurement of extraversion & neuroticism, adults over 60 yrs of age, 4785
rest period & extraversion/ambiversion/introversion & neuroticism, reminiscence & performance on massed pursuit rotor practice, female college students, 5613
sex differences, neuroticism & emotional disturbances, infertile couples, 3513
unusual responses to Kent-Rosanoff Word Association Test & Torrance Tests of Creative Thinking & correlation with psychoticism & frustrative tension & neuroticism, male college students, 1084

Neurotoxins
acrylamide, operant behavior & spontaneous & amphetamine-induced locomotor activity & rotation as measures of toxicity, male rats, 675
intrahippocampal kainic acid, EEG & seizures, male rats, method for recurrent seizure induction, 2928
lithium toxicity & rise in serum lithium after treatment termination, permanent diffuse cerebellar defect, manic depressive 43 yr old female, 1652
noradrenaline neurotoxin DSP4 & exteroceptive context & UCS preexposure & desipramine pretreatment, taste aversion learning, male rats, 12240
prenatal methyl mercury & postnatal dextroamphetamine, avoidance & DRL task performance, male rats, 606
prenatal methyl mercury, brain methyl mercury content & activity, neonatal rats, 607
valproic acid plasma levels, induced seizures & kindled epilepsy & neurotoxicity, rats, 700
6-hydroxydopamine- vs kainic acid-produced neostriatal lesions, spontaneous & amphetamine-induced rotation, rats, 12147

New Guinea [See Papua New Guinea]

New Zealand
breast feeding practices, intelligence & language development, children at 3 & 5 & 7 yrs of age, New Zealand, 12421
conservative vs liberal vs Marxist & socialist vs radical feminist perspectives, women & education, New Zealand, 11157
decision making process & method of contraception & need for group support, childless couples, New Zealand, 5510
factor analysis of Frost Self Description Questionnaire, measurement of anxiety, 8–14 yr olds, New Zealand, 9440

life event stress & biographical factors, Ss aged 15 yrs & older involved in attempted suicide & automobile accidents, New Zealand, 5828
norms, Junior Eysenck Personality Questionnaire, 7–15 yr olds, New Zealand, 9441
practices in psychometric training, New Zealand, 1966
sex differences, health locus of control beliefs, chronic low back pain patients, New Zealand vs US, 13091
socioeconomic status & sex & ethnicity & cultural factors, educational aspirations, Polynesian vs Pakeha 4th form students, New Zealand, 11291
socioeconomic status, family & housing characteristics & development, 5 yr olds, New Zealand, 10111
trends in education & practice, female physicians, US & Australia & New Zealand & Canada, literature review, 13492
work values, male vs female high school students attending school learners' seminars, New Zealand vs Australia, 11280
Newborn Infants [See Neonates]
Newsletters (Professional) [See Scientific Communication]
Newspapers
structuralism in press & TV advertising communications, 9211
TV vs radio vs newspaper media usage & news topics of interest, surveyed 13 & 17 yr olds, 1969–75, 5431
Nicotine
auditory stimulation & low & middle nicotine cigarette smoking, arousal & habituation & excitation/inhibition & response suppression, 18–24 yr olds, 12282
chewing tobacco, oral cancer & other health effects, 12630
extent & health hazards of snuff dipping & tobacco chewing, male adolescents, US, literature review, 5551
maternal ethanol &/vs nicotine, offspring stillbirths & neonatal deaths & activity & operant performance, rats, 651
maternal nicotine & caffeine, offspring size & growth rate & cognitive function & premature delivery & spontaneous abortion & stillbirths & neonatal deaths & congenital anomalies, humans & animals, 5252
nucleus accumbens septum 6-hydroxydopamine lesions, schedule-induced nicotine self injections, male rats, 12233
prenatal nicotine & age, spontaneous alternation & response to novelty & brightness discrimination & reversal, neonatal vs adult rats, 626
psychological smoking cessation treatment with vs without nicotine chewing gum, abstinence, high- vs low-nicotine-dependent smokers, 8700
smoking low-tar low-nicotine cigarettes, puffing patterns & plasma nicotine & cotinine & mouth level nicotine, 26–56 yr olds, 2971
Nictitating Membrane
dorsolateral pons lesions, acquisition & retention of ipsilateral vs contralateral nictitating membrane CR vs UCR, rabbits, 567
intensity of light/tone compound stimulus, nictitating membrane response acquisition, rabbits, 9736
naloxone, conditioned inhibition of nictitating membrane response, rabbits, 9991
paraorbital shock & body temperature, nictitating membrane reflex latency & amplitude, bullfrogs, 5199
periocular electrostimulation, nictitating membrane response latency, unanesthetized rabbits, 561
prior single-stimulus conditioning, classically conditioned nictitating membrane response & extinction to compound CS & its components, rabbits, 7307
unilateral lesions of cerebellum, ipsilateral classical conditioning of eyelid & nictitating membrane, rabbits, 577
unilateral superior cerebellar peduncle lesions, ipsilateral abolition of classically conditioned nictitating membrane eyelid response, rabbits, 5209
Nigeria
age & changes in intelligence as seen in 3-yr changes in Draw-A-Person test scores, 7–12 yr olds, Nigeria, 5366
age & education & seniority, perceptions of environmental issues, managers, South Africa vs Nigeria, 13794
age & sex & marital & educational status & diagnosis, 1st referral to psychiatric hospital, psychiatric patients, Nigeria, 4195
age & sex & rural vs urban residence, interests & concerns, 7–13 yr olds, Nigeria, implications for primary & secondary school curricula, 7732
education, socialization & independence & dependence, Nigeria, 3446
educational counseling needs, Nigeria, 8997
family life & development of drug use & types of drugs used, 14–38 yr old toxic psychosis patients admitted to hospital psychiatric ward, 3696
health education program emphasizing hygiene & nutrition, incidence of infant gastro-enteritis, nursing mothers with mean age of 24.6 yrs, Nigeria, 6363
literacy & age & socioeconomic characteristics, concept of measles & attitudes toward measles vaccine, mothers, Nigeria, 13330
marital adjustment, 24–38 yr old mothers vs involuntarily childless females, Nigeria, 7793
mastery learning, achievement in French, secondary school students, Nigeria, 13601
maternal separation & deprivation following delivery, mother-child relations, premature infants & mothers with mean age of 24 yrs, Nigeria, 932
need for student counseling services, Nigeria, 9002
performance on selective attention task, & sociocultural stigmas, mainstreaming, 18–35 yr old blind students, Nigeria, 6795
presence of handicapped child, family problems, 2 mo to 7 yr olds & their families, Nigeria, 3785
problem of alcohol drinking, college students, Nigeria, 12635
socioeconomic factors, victimization, infants in urban centers, Nigeria, 8113
somatic complaints questionnaire, screening for mental disorders, psychiatric patients vs college students, Nigeria, 3568
verbal rule instruction technique, acquisition of conservation concepts, 1st & 2nd graders, Nigeria, 12438
Nightmares
dream content analysis & awakening from anxiety dream, Holocaust & Japanese camp survivors in psychotherapy, 6167
psychotherapy, treatment of night terror, 22 & 26 & 27 yr old males, 3941
Nitrazepam
H-reflex during voluntary hyperventilation, depressed patients before vs after clomipramine & nitrazepam treatment, 4057
symptoms of withdrawal from chlordiazepoxide & diazepam & oxazepam & lorazepam & nitrazepam & temazepam & clobazam, literature review, 10938
Nitrogen
naloxone, nitrous oxide-induced analgesia, 18–32 yr olds with dental pain, implications for role of endogenous opioids in analgesia, 6297
nitrogen metabolism, rats recovered from Cosmos-1129, 7493
nitrogen-oxygen saturation & air excursion in simulated diving in depths of 20–36.5 & 50–70 meters, simple & choice RTs, adult males, 2868
Nocturnal Behavior (Animal) [See Animal Nocturnal Behavior]
Nocturnal Teeth Grinding
brief contingent ice applications, reduction of bruxism, profoundly retarded 16 & 32 yr olds, 8388
self manipulatory nonverbal behavior & gestures & personality traits & emotional expressiveness, 16–45 yr old patients with bruxism, 10690
terminology & diagnosis & incidence & role of stress in etiology & treatment, bruxism, literature review, 1406
Noise (Sound) [See Auditory Stimulation]
Noise (Visual) [See Figure Ground Discrimination, Visual Stimulation]
Noise Effects
adaptation to highway traffic noise, community residents, 6907
adaptation to noise effects & cardiovascular function, humans, 7473
aircraft noise, sleep disturbance, 11518
computer-aided development of sentences for testing speech intelligibility in noise, normal hearing 18–32 yr olds, 4669
duration of initial acoustic component of stimulus word, identification, 30–60 yr olds with noise induced hearing loss, 8195
informed consent with vs without statement of right to withdraw from experiment, effects of noise stressor on cognitive task, college students, 11575
intense & intermittent & unpredictable noise, arithmetic task performance & GSR & heart rate & neuroticism & introversion-extraversion, 18–49 yr olds, 5129
intense noise, response of auditory neurons in inferior colliculus, inbred mice, 554
knowledge of effects of noise & interest level on attention, 3–4 yr olds, 3137
morphine with vs without naloxone, startle reflexes to noise & electric shock, rats, 704
noise, diminished frequency selectivity & poor speech perception, Ss with sensorineural hearing loss, 3818
noise exposure, early development & activity level, 15 day old rats, 9943
noise vs quiet & type of recognition probe, auditory vs visual recognition memory for prose items, college students, 310

sound-pressure level of interfering noise, speech-reception threshold for sentences, hearing impaired 20–96 yr olds, support for distortion vs attenuation hearing loss models & usefulness of hearing aids, 4239
symmetry of hearing loss, speech perception in noise, adults, implications for binaural hearing aids, 4222
teletype vs intermittent vs jet vs helicopter cockpit noise & personality, arousal & performance on psychomotor task, 19–39 yr old males, 9184
vibration & noise, subjective ratings of ride quality, aircraft passengers, 2250
Noise Levels (Work Areas)
ergonomic analysis, pneumatic spinning machine, cotton mill workers, 13814
Nomenclature (Psychological) [See Psychological Terminology]
Nomifensine
chronic desipramine & nomifensine, number of presynaptic dopamine receptors in striatal tissues, male rats, 5248
maprotiline vs nortriptyline vs clomipramine vs imipramine vs amitriptyline vs imipramine oxide vs mianserin vs zimelidine vs nomifensine vs isocarboxazid, salivation, 19–41 yr olds, 10027
mianserin vs nomifensine, treatment of depression, 8477
nomifensine & amitriptyline therapy, endogenous & reactive depression, 64–89 yr olds, 4074
nomifensine, noradrenaline & dopamine uptake & serotonin & 5-hydroxyindoleacetic acid levels, rats, 10036
nomifensine vs amitriptyline, treatment of endogenous depression, 30–over 50 yr old patients, 10937
nomifensine vs imipramine, treatment of depression, 18–60 yr old outpatients, 10947
nomifensine vs imipramine, treatment of endogenous depression, 18–65 yr old patients, 10928
nomifensine vs maprotiline, treatment of endogenous depression, 16–78 yr old patients, 10936
nomifensine vs nortriptyline, treatment of endogenous vs reactive vs endogenous/reactive depression, 18–60 yr old patients, 10943
oral vs iv nomifensine, blood levels & EEG & blood pressure & pulse rate & side effects, 21–31 yr olds, 10034
pharmacology of nomifensine, 10015
Nonconformity (Personality)
nonconformity & assignment of problem responsibility & its teaching in alcohol & drug education programs, 8th graders, 1983
Nondirected Discussion Method
amount of lecturing vs discussion in teaching format, learning outcomes, college students, 13619
methods of stimulating student questions in classroom discussion, 1956
Nondirective Therapy [See Client Centered Therapy]
Nonmetallic Elements [See Helium, Nitrogen, Oxygen]
Nonparametric Statistical Tests [See Also Chi Square Test, Cochran Q Test, Sign Test]
analysis of 2-dimensional frequency tables with categorical & ordered dependent variable, 2500
BASIC programs, autocorrelation & goodness-of-fit & human visual attention experiments, 4685
correlation & concordance coefficients for rank order judgments, 2492
correlation ratio by R. Fisher, measure of association for nonparametric procedures, 4836
distribution-free method, approximating nonlinear marketing relationships, 234
goodness-of-fit procedures, evaluation & selection of log-linear models, 9461
Hotelling's "T" vs Bonferroni procedure, comparison of 2 groups on "p" variables, 230
item response theoretical approach based on purely ordinal assumptions about positive response probabilities, nonparametric analysis of dichotomous items, 7028
nonparametric statistics & multivariate analysis in attrition studies, college students, 11716
nonparametric strategies, testing independence of behavioral states in sequential data, 4841
nonparametric test, measurement of similarity between independently determined object set partitions, 11709
RATFOR & FORTRAN & BASIC programs, calculation of parametric & nonparametric indexes of sensory sensitivity, 9278
Nonprofessional Personnel [See Also Related Terms]
counseling training, counseling & problem solving skills, low income nonprofessional community service staff, 4315
effectiveness of pyramid training model, nonprofessional volunteer community helpers, 8561
factor analysis & generalizability, union commitment measure, nonprofessional vs professional white collar union members, replication of study by M. E. Gordon et al, 2449
labor education program with mentoring system, assistance in development of educational & vocational goals & plans, nonprofessional university employees, 2095
role conflict in homemaker aide programs, aides for elderly, 8566
training procedures, counseling & problem solving skills & generalization to actual client sessions, undergraduate counseling students, implications for community psychology & training nonprofessionals, 1848
Nonprofit Organizations
guidelines for obtaining foundation grants for applied research & human service programing, 2349
Nonprojective Personality Measures [See Also Bannister Repertory Grid, California Psychological Inventory, Childrens Manifest Anxiety Scale, Edwards Personal Preference Schedule, Edwards Social Desirability Scale, Embedded Figures Testing, Eysenck Personality Inventory, Guilford Zimmerman Temperament Surv, High Sch Personality Questionnaire, Minn Multiphasic Personality Inven, Myers Briggs Type Indicator, Personal Orientation Inventory, Rod and Frame Test, Rotter Intern Extern Locus Cont Scal, Sensation Seeking Scale, Sixteen Personality Factors Question, State Trait Anxiety Inventory, Taylor Manifest Anxiety Scale, Tennessee Self Concept Scale]
alternative scoring for Jenkins Activity Survey & relationship to Eysenck Personality Inventory & measure of achievement need, personality correlates of Type A personality, 20–41 yr olds, 2405
assessment of Type A behavior & demographic factors & implications for prevention of heart disease, 40–59 yr old male factory workers, Belgium, 2448
Bem Sex Role Inventory & Extended Personal Attitudes Questionnaire, MMPI correlates & normative data, 18–43 yr old male psychiatric inpatients, 4734
Bem Sex Role Inventory & self disclosure indices, criticism of multiple regression analyses of J. Stokes et al, 9416
Bem Sex-Role Inventory & self disclosure indices, reply to criticism by D. Lubinski, 9446
concurrent validity of Dutch version of Jenkins Activity Survey, assessment of Type A coronary prone behavior, males in health intervention program, Netherlands, 2416
correlation between Self-Consciousness Questionnaire & 16PF, college students, Great Britain, 131
development & reliability & validity of test of assertiveness, 17–68 yr olds, 7108
factor structure of Levenson Tridimensional Locus of Control Scale, high school students, Australia, 11656
Middle Childhood Temperament Questionnaire, assessment of personality traits, 8–12 yr olds, 7062
orthogonal vs oblique rotation analysis, factor structure of Bem Sex-Role Inventory, males vs females, 9374
stimulus modality, Affective Sensitivity Test performance, college students, 106
validity of forced-choice form of Mach V & California F Scale, assessment of Machiavellianism & authoritarianism, criticism of article by B. W. Bloom, 4778
validity of personality questionnaire, children, Netherlands, 7120
validity, Rokeach Value Survey, adults, 2479
Nonrapid Eye Movement Sleep [See NREM Sleep]
NonREM Sleep [See NREM Sleep]
Nonreversal Shift Learning
changes in mode of stimulus presentation with vs without reversal of response rule, percentage of correct responses, male rats, 9739
Nonstandard English
Martin Luther King Jr. Elementary School Children v Ann Arbor School District Board decision regarding Black English, effect of language attitudes on education, teachers, 11260
Nontraditional Education
alternative approaches, humanization of education, 13572
alternative learning school project, attendance & suspension & achievement & attitudes towards teachers & learning & school & self, potential high risk adolescent dropouts, 6676
evaluation of interdisciplinary experiential education program, high school seniors, 11200
experiential education & strengthening learning process, 11261
experiential education, success & equality of opportunity in adulthood, 11148

group treatment programs emphasizing community service, troubled adolescents, 6750
influence on child study & progressive education, Bureau of Educational Experiments, 1886
limitations & critical issues in deschooling, 4377
locus of control, traditional vs progressive teaching methods, elementary school teachers, 1912
outdoor leadership development program, self confidence & ethical awareness & communication skills, adolescents, 11215
School Action Effectiveness Study's national evaluation of Office of Juvenile Justice & Delinquency Prevention's Alternative Education Program, 6655
voluntary community service & career internships & community study/political action & adventure education, psychosocial & intellectual development, adolescents, 11203
wilderness adventure program, social & emotional & academic adjustment, incoming college students, 4367
Nonverbal Communication [See Also Body Language, Eye Contact, Facial Expressions, Gestures, Smiles]
absence of visual contact, verbal & nonverbal interaction, college students, 1026
age & game conditions, verbal & nonverbal social interaction in volleyball games, 8th vs 10th grade males, 5453
construct validity of coding procedures, classification of verbal tactics in interpersonal conflict & correlation with nonverbal behaviors, college students, 9350
development of nonverbal communication, mothers & their newborns, 12486
developmental sequence of nonverbal concept of agent, 11 mo olds, 12-mo longitudinal study, 7679
experience of telling story to 1 child, generalization of verbal signals to other children vs adults, college students, 10389
language acquisition through verbal & nonverbal communication with adults, children, 5388
marital adjustment, discrepancies in message valence expressed verbally vs nonverbally, spouses, 10415
microcomputer system, automated analysis of nonverbal communication patterns in experimental social psychology, 9305
nonverbal behavior & mental state symptoms, anxiety neurotics & depressives & schizophrenics, 1161
nonverbal behavior vs verbal content of interviews, prediction of ratings of interviewer effectiveness, college students, 10413
nonverbal cues, improvement of training behavior, trainers, 9062
nonverbal cues in hypnotic treatment, 8500
nonverbal language, mothers with malnourished vs healthy infants, 5923
nonverbal Piagetian tasks, elimination of confounding effects of linguistic & attention deficits in assessment of cognitive development, autistic vs normal vs trainable mentally retarded 4–9 yr olds, 2407
nonverbal tongue-show display, O's willingness to interact, college students, 7873
olfactory communication of biologic information, humans, literature review, 2526
pantomime recognition, 22–70 yr old aphasics, 8259
perception of other's emotionality & nonverbal & verbal disclosure, replication of study by D. J. Woods & J. Brooks, 3393
psychological & communicative functions of masquerades, West Africa, 917
psychophysiological & nonverbal correlates & RT, word associations, college students, 2857
relationship of nonverbal & linguistic expressions of concept of agent, 11 mo olds, 12-mo longitudinal study, 7678
role of art as nonverbal expression in verbal processes of psychotherapy & psychoanalysis, 1481
role of nonverbal involvement in social control, literature review, 10382
role play scenes of negative assertion vs accepting help vs giving vs accepting compliments, verbal vs nonverbal vs assertive behavior, male vs female 8–13 yr old psychiatric patients, 5680
self manipulatory nonverbal behavior & gestures & personality traits & emotional expressiveness, 16–45 yr old patients with bruxism, 10690
single- vs mixed-sex groups, stereotyped verbal & nonverbal behavior, college students, 7849
spontaneous nonverbal intervention in group therapy, therapists, 3982
student vs teacher status & same vs opposite sex partner, nonverbal communication, college students, 10407
tutor's warm/cold nonverbal behavior, nonverbal reactions, college students, 12661
verbal & nonverbal cues, perception of deceptive vs ambivalent messages, college students, 7898
videotape of 1st vs 2nd half of between point behavior of tennis players, perception of winning vs losing behavior, experienced tennis players, 3437
videotapes of between point behavior of tennis players, perception of winning & losing behavior, experienced vs inexperienced tennis players, 3438
Nonverbal Learning
field independence/dependence & verbal ability & task knowledge & active learning on verbal vs geometric sorting task, college students, 7268
overt rehearsal of kinesthetic information, immediate recall, college students, 7269
unilateral frontal vs temporal lobectomy, performance on self ordered verbal vs nonverbal tasks, 15–52 yr olds, 6010
validity of Snyders-Oomen Nonverbal Intelligence Scale, 3–6 yr olds, 144
Noradrenaline [See Norepinephrine]
Norepinephrine
abrupt termination of tricyclic antidepressant drugs, symptoms & norepinephrine turnover, depressed 19–63 yr olds, 13260
acetylcholine & noradrenaline & dopamine & serotonin & drugs affecting cholinergic & monoaminergic & noradrenergic & dopaminergic neurotransmitter systems, passive avoidance, male mice, 7530
acetylcholine & noradrenaline, plasticity of visual cortical neurons, cats, 12239
acute vs chronic stress, brain & hypothalamic catecholamine & serotonin concentration & turnover, male rats, 541
adrenaline, plasma epinephrine & norepinephrine & platelet MAO, patients with anxiety disorder, 3590
aminophylline vs DH-ergotoxin alone vs with adrenaline vs noradrenaline vs isoprenaline, operant behavior, female rats, 696
amphetamine & restricted food access, reduction of food intake & body weight & hypothalamic norepinephrine levels, genetically obese mice, 10021
beta-endorphin injection into hypothalamic paraventricular nucleus, norepinephrine & blockade by phentolamine & food intake & antagonism by naloxone, male rats, 5249
cerebral amino acid alterations following cycloheximide & anisomycin administration, norepinephrine & dopamine & hydroxytryptamine synthesis in synaptosomes, male mice, 12331
cerebral cortex concentration & synthesis of norepinephrine & dopamine & serotonin, rhesus monkeys aged 1 day to 36 mo, 2777
conditioned emotional response & conditioning anxiety & shock history & diazepam, brain monoamine content & turnover, rats, 468
delta sleep-inducing peptide, daily variations of 5-hydroxytryptamine & dopamine & norepinephrine & plasma proteins/corticosterone concentrations, male rats, 12284
di-n-propylacetate & noradrenaline depletion by FLA-63, quasi-morphine abstinence behavior & reversal by morphine & locus ceruleus destruction, male rats, 9946
diazepam & epinephrine with local anesthetic during dental surgery, anxiety & heart rate & blood pressure & plasma norepinephrine, 18–25 yr old patients, 6282
dorsal mesencephalic tegmentum lesions via ibotenic acid vs N-2-chloroethyl-N-ethyl-2-bromobenzylamine, noradrenergic innervation in hippocampus & hypothalamus & sexual behavior, male rats, 571
dosage of norepinephrine into anterodorsal hippocampus, activity level, male rats, 2937
dysfunction of serotonin &/or noradrenaline systems as possible etiopathogenesis of affective disorders, literature review, 5698
epinephrine & norepinephrine & ACTH injections, memory, rats, 12281
etiological role of dopamine & noradrenaline abnormalities in schizophrenia, literature review, 10534
excretion rates of adrenaline & noradrenaline & dopamine & differential neuroendocrine & cardiovascular reactivity & self assessed workload, city bus drivers with varying absenteeism rates, 9036
fear associated with psychophysiological testing, urinary excretion of adrenaline & noradrenaline & cortisol, 20–42 yr old male prisoners convicted for assault with robbery, 5817
fluoxetine vs desipramine & forebrain serotonin vs norepinephrine depletion induced by lesions of raphe nuclei vs dorsal noradrenergic bundle, taste aversion conditioning, male rats, 12165

footshock stress, blood pressure & heart rate & sympathetic-adrenal medullary responses, isolated vs paired male rats, 2891
lesions of amygdalar terminal fields of mesolimbic dopaminergic & locus cerular noradrenergic systems, food & water intake & body weight, rats, 12226
lesions of locus coeruleus, resistance to extinction in classical conditioning of nictitating membrane & hippocampal & cortical norepinephrine levels, male rabbits, 7523
locus ceruleus & raphe lesions & disulfiram & parachlorophenylalanine, brain serotonin & noradrenaline decreases & development & consolidation of food procuring & defensive CR, male rats, 12182
low vs high salt diets, basal & stress-induced increase in norepinephrine & epinephrine plasma levels, Dahl salt-sensitive vs salt-resistant rats, 536
major affective disorder, high plasma norepinephrine, 20–62 yr olds, implications for sympathetic hyperactivity, 1170
medial forebrain bundle thermal & electrical stimulation & noradrenaline, single unit neuronal responses in preoptic & anterior hypothalamus, male rats, 12155
midbrain 6-hydroxydopamine injection, overeating & obesity & role of norepinephrine & epinephrine depletion & prevention by dextroamphetamine & desmethylimipramine & benztropine, rats, 7552
naltrexone, eating & drinking induced by hypothalamic norepinephrine vs carbachol, male rats, 12255
neurochemistry of autism, clinical studies of serotonin & dopamine & norepinephrine metabolism, 1236
nomifensine, noradrenaline & dopamine uptake & serotonin & 5-hydroxyindoleacetic acid levels, rats, 10036
noradrenaline & dopamine & adrenaline plasma & cerebrospinal fluid & urine levels, 25–35 yr old schizophrenics, 1164
noradrenaline, conditioning of sensorimotor cortex neurons to sound, rabbits, 11993
norepinephrine & phentolamine & propranolol, feeding behavior, cats, 12302
open field behavior & defecation & role of peripheral noradrenergic system, Maudsley Reactive vs Nonreactive rat strains with agouti vs nonagouti allele, 5010
parachloroamphetamine with vs without pretreatment with fluoxetine vs zimelidine vs metergoline, avoidance learning & dopamine & noradrenaline brain concentrations, male rats, 665
pharmacological characteristics of adrenergic & noradrenergic receptors, literature review, 5035
posture & pulse rate & blood pressure, plasma norepinephrine & dopamine-beta-hydroxylase activity, chlorpromazine- vs haloperidol-treated vs drug-free schizophrenics vs schizoaffectives, 3555
protein synthesis inhibitor cycloheximide vs anisomycin, whole brain norepinephrine & dopamine levels & potassium-stimulated norepinephrine release from hypothalamus, mice, 10007
role of amphetamine accumulation & sympathetic activation & norepinephrine depletion, stereotypy produced by repeated amphetamine administration, male rats, 12295
role of brain dopamine vs norepinephrine in reinforcing effects of alcohol & opiates, criticism of R. Wise's findings, 9989
role of 5-hydroxytryptamine & dopamine & norepinephrine, etiology of depression, literature review, 7998
septal lesions, plasma & adrenal epinephrine & norepinephrine & corticosterone levels during single vs repeated immobilization stress, male rats, 2899
sex differences & stress, inter-S consistency of cortisol & adrenaline & noradrenaline excretion, college students, 12112
stress management & progressive relaxation training, epinephrine & norepinephrine excretion at work & anxiety & depression & irritation & somatic complaints, public agency employees with mean age of 39 yrs, 4020
sudden termination & resumption of prolonged mild vs severe stress, conditioned avoidance & blood pressure & heart rate & respiration & acetylcholine & epinephrine & norepinephrine levels, male rats, 2886
tyramine excretion rate & norepinephrine turnover, patients with primary major depressions, 10548
ventral noradrenergic bundle lesions & naloxone, hypothalamic noradrenaline levels & nociceptive thresholds & stress- vs morphine-induced antinociception, male rats, 12228
vitamin D-deficient diet, dopamine & norepinephrine & dihydroxyphenylacetic acid concentrations in brain stem & cerebellum & cerebral cortex & hypothalamus & striatum & plasma calcium, male rats, 523
6-hydroxydopamine followed by dextro- vs levoamphetamine, dopamine & norepinephrine levels in brain & activity level at 15 & 20 & 25 days, rats, implications for hyperkinesis research, 2931

Norepinephrine Metabolites
amitriptyline therapy, urinary excretion of 3-methoxy-4-hydroxyphenylglycol & plasma drug levels & clinical response, 24–65 yr old patients with primary affective disorder, 1616
diurnal variation of urinary 3-methoxy-4-hydroxyphenylglycol, unipolar vs bipolar depressives, 12829
mood state, 3-methoxy-4-hydroxyphenylglycol & ion transport function, patients with affective disorders, 10557
pretherapy urinary excretion level of 3-methoxy-4-hydroxyphenylglycol & amitriptyline treatment, clinical response & pharmacokinetics, 24–65 yr old inpatients with primary affective disorder, 1596
running activity & restricted feeding, brain 3-methoxy-4-hydroxyphenylethyleneglycol levels & activity & gastric ulcers, male rats, 12187

Normal Distribution
bivariate normal distribution, estimation of prevalence of reading disabilities, 9466

Normalization (Test) [See Test Standardization]
Norms (Statistical) [See Statistical Norms]
Norms (Test) [See Test Norms]
North America [See Also Canada, Mexico, United States]
development of organizational sociotechnical systems theory & research, North America, literature review, 11497
portrayal of aggression on TV, North America, 10056
trends in alcohol & cannabis use, Europe & North America & Australia, literature review, 12641

Northern Ireland
effects of daily threat of violence & response of schools, children & teachers & school officials, Northern Ireland, 1890
epidemiology & age & marital status & sex & occupation & religion & referral agent & age at onset & clinical features, transsexual males & females aged 14–46 yrs, Northern Ireland, 5544
handling of controversial sociopolitical & religious issues, social studies teachers, Northern Ireland, 1916
meaning of terms "Protestant" vs "Catholic", 6 vs 9 yr olds, Northern Ireland, 3227
religious affiliation, psychiatric hospital admission for schizophrenia, Ireland vs Northern Ireland, 8636
religious self definition & behavior & belief in supernatural & political conflict, 17–65 yr old males, Northern Ireland, 1973, 7774

Nortriptyline [See Antidepressant Drugs]
Norway
applied research in clinical psychology, Norway, 10791
growing interdependence between work & school & family, changes in traditional career system, seamen, Norway, 11432
need for applied clinical research, Norway, 10805
normalization movement, mentally retarded, Norway, 11015
prevalence & educational integration, kindergartners with learning & speech & language disorders & emotional & social disturbances & physical handicaps & mental retardation, Norway, 2073
program for stimulation of clinical psychology research, Norway, 2377
psychiatry, Norway, 3887
social & psychiatric problems & suicidal intentions, self poisoned patients, Norway, followup study, 8115
social psychology, Norway, literature review, 1002

Norway Rats
cooperation & competition for intromissions & ejaculations & sperm transport, male choice & social dynamics of copulation, Norway rats, 399
sex differences, temporal patterns of copulation in group mating & relationship to neuroendocrine reflexes that mediate reproduction, Norway rats, 400
social learning, Norway rats, literature review, 347

Nose [See Also Olfactory Mucosa]
nasal lavage with varying concentrations of cyclohexanone vs dimethyl disulfide vs n-butanol vs ethyl acetoacetate, response to odors of cyclohexanone vs dimethyl disulfide, tiger salamanders, 12309

Nouns
acquisition of suffix "er" in coining agents & instrument nouns, 3–6 yr olds, 771
acquisition rates for comprehension & production of singular & plural noun forms, 11–15 yr olds with Down's syndrome, 8133
comprehension & recognition of semantic relations between nouns, 4–8 yr olds, 3158

spatial grouping of high- vs low-imagery nouns, free recall, college students, 7253
transforming auditory vs visual stimuli by imagination vs drawing pictures vs printing as words, free recall of nouns, college students, 4930
Novel Stimuli [See Stimulus Novelty]
Novelty Seeking [See Sensation Seeking]
Novocaine [See Procaine]
NREM Sleep
alcohol dosage level, REM & NREM sleep & sleep onset, 20–27 yr old males, 12305
caffeine &/vs N-6-(L-phenylisopropyl)adenosine, slow wave sleep duration, male rats, 7564
lesions of olfactory bulb projections, odor detection & arousal from slow wave sleep & mitral cell activity, male rats, 2901
motoneuron activity during EMG pauses in NREM sleep, cats, 5055
naloxone, number & latency & duration of REM sleep periods & NREM duration, humans, 5271
paired geniculate stimuli during REM sleep vs ponto-geniculo-occipital spikes without REMs phases of paradoxical sleep, visual evoked responses, cats, 9873
physical fitness & exercise, slow-wave sleep, Ss with mean age of 22 vs 32 yrs, 9700
quiet waking & synchronized sleep, slow rhythmic activity in midbrain reticular formation, cats, 9865
REM & slow wave sleep, 73–92 yr olds, 9696
REM vs NREM sleep, Cheyne-Stokes vs normal respiration, 63 yr old female with bilateral cerebral lesions, 1412
slow wave sleep, human growth hormone secretion, male alcoholics vs nonalcoholics, 12951
slow wave sleep vs wakefulness & visual attention vs bar pressing for reward, neuronal firing in pulvinar nucleus of thalamus, cats, 12075
theories of sleep physiology & neural structures in production of wakefulness & NREM & REM sleep, literature review, 500
unilateral dopamine deficiency & reversal by levodopa, lateral EEG asymmetry in sleep, 56–72 yr old hemi-Parkinson's patients, 7562
ventilatory response to 100 vs 15 percent oxygen during wakefulness vs REM vs non-REM sleep, preterm infants with mean gestational age of 32 wks & mean postnatal age of 31 days, 12404
Nuclear Family
same vs different societies, sharing of cultural elements, nuclear family members, 919
Nucleic Acids [See Also Adenosine, Cyclic Adenosine Monophosphate, Deoxyribonucleic Acid, Nucleotides, Ribonucleic Acid]
purines, suppression of spontaneous muscimol- vs insulin- vs deprivation- vs diazepam-induced eating, male rats, 648
Nucleotides [See Also Cyclic Adenosine Monophosphate]
acute delirium tremens, cyclic adenosine & guanosine monophosphates in cerebrospinal fluid, 20–50 yr old alcoholics, 3720
dopamine, incorporation of labeled fucose into total proteins & guanosine diphosphate fucose formation in hippocampal slices, male rats, 10017
intrahypothalamic vs systemic guanosine triphosphate & ovariectomy with vs without adrenalectomy, lordosis behavior, estrogen-primed female rats, 524
light vs dark adaptation & ischemia, cyclic adenosine & guanosine monophosphate in whole eyes, ground squirrels, 12111
stress, adenyl nucleotides & creatine phosphate in brain, rats, 449
Nucleus Accumbens
apomorphine vs bromocriptine vs pergolide vs intrastriatal vs intra-accumbens apomorphine & trifluoperazine, reserpine-induced locomotor hypokinesia, male rats, 10016
dextroamphetamine microinjections into nucleus accumbens vs caudate putamen, learning to ignore irrelevant stimulus in latent inhibition paradigm, rats, 688
electrical stimulation of striatum & other brain areas, assertion & challenge displays & locomotor responses, western fence lizards, 12212
haloperidol vs chlorpromazine vs clozapine vs dopamine, dopamine & acetylcholine release from nucleus accumbens & striatum, female rats, 604
hippocampal vs neocortical lesions & dopamine agonist 3,4-dihydroxyphenylamino-2-imidazoline into nucleus accumbens, locomotion & exploration & grooming in open field, male rats, 9940
icv thyrotropin releasing hormone into various brain regions, starvation-induced feeding & drinking, male rats, 10042
interaction of chronic antipsychotic drug administration & bilateral denervation of dopamine afferents to nucleus accumbens, behavioral hyperresponsiveness, male rats, 7504
nucleus accumbens septum 6-hydroxydopamine lesions, schedule-induced nicotine self injections, male rats, 12233
preoperative gentling, mouse killing & reactivity induced by lesions of lateral septum vs medial accumbens vs medial hypothalamus, male rats, 563
tailpinch with vs without nucleus accumbens damage, acoustic startle response amplitude & footshock threshold & airpuff-elicited startle response, male rats, 9944
Null Hypothesis Testing
problems in use of null hypothesis test of significance, analysis of open field behavior, 2511
Number Comprehension
age & critical period, development of number concept & operational ability, school age children, 3130
counting behavior, animals, literature review, 4971
counting behavior, 4 yr old male, 3141
sample size & proportionality & order of task presentation, understanding of law of large numbers, college students, comparison of Piagetian & judgment theory, 12427
Numbers (Numerals)
general attentional & specific-relevant cue training, Piagetian tasks of number development, kindergartners, 3121
magnitude vs nominal encoding of digits in paired associate task, college students, 9643
number of places in stimulus number & standard, RT & accuracy in multidigit number comparison task, college students, 9599
power functions, value of subjective numbers, college students, 4847
sex of S & E & verbal reinforcement vs punishment, serial digit learning, college students, 4929
transcoding numerals from alphabetic to digital form, 18–75 yr old aphasics, 10705
Numerical Ability [See Mathematical Ability]
Numerosity Perception
block stacking task requiring knowledge of relations between numerosity & density, partial knowledge & self correction, 2.8–6.2 yr olds, 3174
delayed-matching-to-sample procedure, assessment of memory for recent pecking behavior, male pigeons, 2692
discrimination of visual number in dots display, test of probabilistic model as application of L. Thurstone's law of comparative judgment, 11830
evolution of brain mechanism for reflection of quantitative dependencies of objective reality, 463
linear &/vs nonlinear stimulus configurations of equivalent cardinal tasks, cardinality performance, kindergartners & 1st graders, 5368
proximity between & number of dots, processing time for quantifying numerosity, college students, 9623
set size, performance on number conservation tasks of equivalence vs nonequivalence & use of 1-to-1 correspondence, 3 vs 4 yr olds, 780
simultaneous vs delayed presentation, relative length & number judgments, 5 yr olds, 772
single judgments of numerosity of elements in visual display, underestimation, college students, 11727
spatial numerosities & presentation frequency of words, frequency judgment & numerosity recall, college students, 9644
subitizing spatial & temporal patterns, development of numerical concepts, children, 12449
Nurse Patient Interaction [See Therapeutic Processes]
Nursery School Students
interpersonal cognitive problem solving intervention, impulsive & inhibited behavior, disadvantaged Black 4 & 5 yr old nursery school & kindergarten students, 4385
role of teacher, enhancement of representational play, nursery school students, literature review, 4429
separation response & adaptation to nursery school, 3 yr olds, 8902
Nursery Schools
experience & home & nursery school & kindergarten environments, psychological development, infants & young children, literature review, 11151
Nurses [See Also Psychiatric Nurses, School Nurses]
analysis of role stress, nurses with mean age of 33.6 yrs, 13554
death anxiety & social desirability, 21–59 yr old registered nurses, 1869
depiction of nurse as sex object in motion pictures, 1930–80, 12358
element & construct stability in repertory grids, 18–36 yr old nurse trainees, 11646
graduate coursework in research methods & statistics, socialization to research role, female graduate nursing students, 13491
group meetings in hospital lung department, nursing staff & psychoanalyst, 11057

incidence of drug abuse & dependence, nurses, Czechoslovakia, 1855
organizational change, work satisfaction, university school of nursing educators, 6-yr longitudinal study, 1847
participation in decision making, perceived influence & role conflict & ambiguity & emotional strain & job satisfaction, absenteeism & turnover intention, nursing & clerical employees, 13804
perception of surgical patients' worries, 24–65 yr old hospitalized females vs nursing staff, 8625
perceptions & therapeutic processes of hospitalized patients, therapists & supervisors & patients & nursing staff, 8610
reliability & validity of Nurse Practitioner Rating Form, nurse practitioners, 9405
self esteem & locus of control & timidity & abrasiveness & perceptiveness, satisfaction with role as helper, nurses, 4272
self esteem, peer group interaction & job performance & job strain, nurses, 1873
socioeconomic backgrounds & perceived opportunities in Philippines vs US, Filipino nurses employed in Philippines vs US less vs more than 3 yrs, implications for migration theory, 4287
standard scale transformation, essay certification examination for nurse-midwives, 2435
supervisor's management style & responses to day-to-day job performance, satisfaction & productivity, nurses, 1850
transfer of learning from classroom to clinical setting, nursing trainees & health field clinical army personnel, 4304
type of hospital & achievement values & age & length of service & parents' occupation & earnings & perception of hospital environment, occupational commitment, nurses in private vs public hospitals, 1879

Nursing
development of psychiatric liaison nursing, 1962–82, literature review, 4207
development of theory of learned helplessness & clinical applications in psychiatric/mental health nursing, literature review, 1682
nursing care based on logotherapy, rehabilitation, patients with spinal cord injuries, 6098
Risser Patient Satisfaction Scale, evaluation of primary nursing on hospital orthopedic units, patients, 4800
utilization of mental health facilities by Hispanic- & Asian- & Native Americans & Blacks & role of community mental health nursing, literature review, 1700

Nursing Education
graduate coursework in research methods & statistics, socialization to research role, female graduate nursing students, 13491
mental health prevention training program, pediatric nurses at day nursery, 1853
simulation games as teaching technique in psychiatric nursing, 1852
transfer of learning from classroom to clinical setting, nursing trainees & health field clinical army personnel, 4304
validity of American College Testing Proficiency Examination Program, placement in Bachelor of Science in Nursing program, students from hospital-based nursing diploma program, 8781

Nursing Homes
characteristics of jobs & role in skilled nursing facilities, licensed clinical social workers, implications for social work education, 6458
daily functioning levels, senior citizen center participants vs adult day care clients vs nursing home patients, 10983
degree of assistance during training, proficiency in psychomotor task completion & perception of task difficulty & self confidence, nursing home patients with mean age of 78 yrs, 1750
feeding problems & independence, elderly nursing facility residents, implications for occupational therapy, 1787
old-age-oriented sex education program, sexuality attitudes & knowledge & older Ss' sexual behavior, Ss with mean age of 67.8 yrs & their families & nursing home staff, 6460
role of nurses' aide in team approach, nursing home staff, 6534
social worker intervention to involve family in life & care of nursing home residents, 1764
special wing in psychogeriatric nursing home, aged spouses with 1 suffering from dementia, 13393
treatment- & cost-effectiveness of adult day care vs nursing home services, day care participants & nursing home residents with mean ages of 75 & 81 yrs, 1760

Nursing Students
acute objective occupational stress, subjective stress & physiological correlates, nursing students, 8727
attitudes toward alcoholism, medical & nursing & pharmacy students, Australia, 1859
gender & marital status & sexual activity of temporary nursing home resident, attitudes toward elderly, 20–48 yr old nursing students, 6533
Open Focus Training, state anxiety, female nursing students, 8784
validity of American College Testing Proficiency Examination Program, placement in Bachelor of Science in Nursing program, students from hospital-based nursing diploma program, 8781
validity of personality factors, prediction of GPA & graduation, females in 3-yr hospital-based nursing diploma program, 8788
work setting, affective symptoms & perceptions of work environment & sickness/absence & performance, student nurses, 8761

Nurturance [See Animal Maternal Behavior, Parent Child Relations]

Nutrition
age differences, understanding of food & nutrition, kindergartners vs 3rd vs 6th graders, 3172
behavioral techniques & cognitive modeling & dietary education, binge eating & self induced vomiting, 27–28 yr old females, 1566
health education program emphasizing hygiene & nutrition, incidence of infant gastro-enteritis, nursing mothers with mean age of 24.6 yrs, Nigeria, 6363
nutrition education in supermarkets, nutritional knowledge & purchase of dairy products, shoppers, 2290
nutrition education, preschool students, 13610
nutrition instruction & modification of eating habits & development of active lifestyle, weight loss & maintenance, obese Ss with mean age of 36.6 yrs, 12–18 mo followup, 1560
nutrition, scopolamine-induced activity potentiation, mice, 12174
nutritional counseling as part of holistic health program, 1742
participation in physical fitness activity & medical care & parental & peer & teacher & coaches' influence & food patterns, food & vitamin/mineral supplement usage, adolescent males, 10094
point-of-choice nutrition information program, modification of milk selection, college students, 13598
school-based behavior modification vs exercise/nutrition-education weight loss program, weight loss, obese 12–15 yr old students, 4503

Nutritional Deficiencies [See Also Starvation, Vitamin Deficiency Disorders, Wernickes Syndrome]
behavior modification weight loss program, biochemical assessment of nutritional status, females with mean age of 37.3 yrs, 1545
consumption of exposed limelayer during nesting season & mining to reach hidden layer, reproductively mature female desert tortoises, implications for calcium stress, 397
dietary zinc deficiency, visual & auditory association & discrimination learning, male rats, 2961
early malnutrition, mental & physical development, 6–24 mo olds, 3-yr followup, 3795
gestational malnutrition & quipazine vs methysergide vs parachlorophenylalanine, rate of conditioned responses, rats, 2876
gross undernourishment during infancy, physical & cognitive & perceptual & psychosocial development, 20 yr longitudinal study, 8250
lithium toxicosis, preference for thiamine-enriched diet, thiamine deficient vs nondeficient female rats, implications for aversion conditioning, 7483
malnutrition during fetal or infancy period, behavioral development, literature review, 3836
mental ability, well-nourished vs malnourished 2–6 yr olds, 13058
mineralocorticoids interaction with cerebral angiotensin, sodium appetite generation, salt deficient animals, 5050
nonverbal language, mothers with malnourished vs healthy infants, 5923
nutritional deficiencies, CNS myelinated fiber development, literature review, implications for behavioral disordered children, 553
protein synthesis suppression induced by neonatal asphyxia, rats born from females maintained on low-protein diet, 9934

Nystagmus
anti-motion-sickness drugs, nystagmic eye movement responses to angular acceleration with vs without vision & to optokinetic stimuli, college students, 7539
cerebellar cortex lesions, vestibulo-ocular reflexes, macaques, 7528
cervical vs dorsal spinal transection, excitability of cerebral nystagmogenic area, rabbits, 12235
CNS lesion site, degree of impairment of slow phases of vestibular vs optokinetic nystagmus, neurologically disordered patients, 8242
dose & temporal effects of alcohol, brain stem auditory evoked responses & tympanic temperature & positional alcohol nystagmus & self rated intoxication & blood alcohol level, 22–34 yr olds, 7538
exposure to industrial solvents, nystagmus & CNS disorders, 37–61 yr old males, 8227

frequency of randomized vs sinusoidal head oscillations, visuo-vestibular interaction, 20–41 yr olds, implications for clinical diagnosis, 2531
head control & vestibular nystagmus, infants treated with aminoglycosides for neonatal sepsis, 4069
hysterical neuro-ophthalmologic manifestations, 21–45 yr old patients, 1163
interference between synchronous optokinetic nystagmus & vestibular nystagmus, patients with central & peripheral vestibular system lesions & healthy 20–40 yr olds, 1376
optokinetic stimulation, development of motion sickness, healthy males, 7173
optokinetic stimulation of immobile eye, movements of covered sound eye, 62 yr old male with unilateral complete ophthalmoplegia, implication for open loop condition, 7198
optokinetic stimulation vs electrical shock vs light pulse stimulation of visual system, efferent & afferent vestibular neuron firing, green frogs, 446
rate of rotation & acceleration value, motion sickness & vestibular & postural reactions, humans, 7170
sensory integration therapy with vestibular stimulation, postrotary nystagmus level, learning disabled 7.8–8.6 yr olds, 13443
sinusoidal stimulation of horizontal semicircular canals & neck proprioceptors & retina, cervico- & visuo-vestibular interaction, 21–29 yr olds, 2523
vestibular system, EEG & optokinetic nystagmus, intact vs hemilabyrinthectomized rabbits, 7526

Obedience

viewing of filmed violence in presence of submissive vs dominant peer, subsequent aggression, submissive 5–6 yr olds, 867

Obesity

activity, caloric intake & sucrose-induced obesity, male vs female rats, 12114
actual food characteristics vs opinions of others vs E's attire, food preferences & intake, obese vs normal weight vs thin college students, 13087
age at onset of obesity, response to treatment for weight reduction, 16–67 yr olds, 8403
amphetamine & restricted food access, reduction of food intake & body weight & hypothalamic norepinephrine levels, genetically obese mice, 10021
attendance at weight loss sessions with vs without spouse & 1- vs 2-party contingency contracts, weight loss & maintenance of loss, obese adults, 12-wk & 1- & 2-yr followups, 6245
attitudes toward hiring ex-offender vs ex-mental patient vs obese person, college students, 11451
behavior-oriented group therapy, diet-induced depression, obese females with mean age of 31 yrs, 13242
behavioral contracts for problem solving vs practice of weight loss skills, weight loss, overweight Ss, 10894
behavioral management programs, obese 23 & 34 yr old females & 41 yr old male, 8419
behavioral treatment, mood & weight loss, obese patients with mean age of 40 yrs, 13254
behavioral treatment, obesity, junior high school students vs randomly vs self selected controls, 13230
behavioral treatment techniques, obesity, mentally retarded youths, literature review, 8400
behavioral treatments, obesity, mentally retarded & nonretarded Ss, literature review, 13241
behavioral weight reduction program & training for mothers, weight loss, obese mentally retarded 16–34 yr olds, 6231
biological & pathological characteristics of obesity & metabolic responses of adipose & muscle tissues to physical training & role in diabetes mellitus, 3856
biological & psychological & social factors & body image & eating patterns in etiology & multidimensional treatment approach, obesity, literature review, 8168
body esteem, self esteem, obese 7.5–12 yr olds, 3823
body image, obese 12–17 yr old females seeking vs not seeking help for weight reduction, 3855
body sensation & significance & awareness & gestures in obesity & anorexia, 8228
breach of double-blind procedure as consequence of informed consent, obese 22–65 yr old patients & physicians involved in fenfluramine trial, 4664
C-terminal octopeptide of cholecystokinin, food intake & rate of eating, obese males with mean age of 24.7 yrs, 13067
cause & treatment, obesity, mentally retarded & psychiatric patients, literature review, 12800
cholecystokinin, gastric emptying & intestinal transit & satiety, Zucker obese rats, 7561
dance movement therapy, obesity, 13140
dance therapy & guided imagery, insight into eating behavior, obese Ss, 13139
development & reliability & validity of Weight Locus of Control Scale, prediction of weight loss behaviors, college students & 15–68 yr old female weight control patients, 9443
dietary fat, hyperphagia & excess weight following hypothalamic knife cuts, female rats, 12179
dietary gallic acid vs propyl gallate, food intake & body weight, hypothalamic-obese vs lean rats, 12280
directive vs nondirective treatment, behavioral weight control, 14–66 yr old overweight females, 1559
elevated insulin levels, food intake, normal vs dietary-obese rats, 7575
endorphins, appetite regulation & metabolism & obesity, literature review, 13103
exercise, food intake & eating patterns, obese vs lean Ss, 13023
external control & recognition & expression, emotions, obese children, 13026
goal setting & goal levels, self monitoring effects on weight loss, 18–44 yr olds in weight control program, 1544
high-fat vs sucrose vs chow diet, food intake & body weight & carcass composition & oxygen consumption, male hamsters, 12195
hypnotherapy & autohypnosis, obesity, 21–70 yr old females, 6329
hypophysectomy & cortisone, hyperphagia & obesity & ventromedial hypothalamus lesions induced by gold thioglucose, female mice, 12146
increased wheel running due to food deprivation vs food-contingent activity, food intake & body weight, obese vs lean female Zucker rats, 529
Lee Obesity Index vs body fat & ovariectomy, measurement of diet-induced obesity, female rats, 11611
lifestyle change of increased energy expenditure vs aerobic exercise with vs without dieting, weight & fitness, obese 8–12 yr olds, 6223
low-calorie diet & exercise & hydrotherapy & physical expression & psychiatric treatment, weight reduction, obese neurotic vs psychotic vs mentally retarded females, 6064
midbrain 6-hydroxydopamine injection, overeating & obesity & role of norepinephrine & epinephrine depletion & prevention by dextroamphetamine & desmethylimipramine & benztropine, rats, 7552
multiple determinants of overeating behavior, overweight vs normal-weight college students, 13032
naloxone, suppression of food intake, genetically obese vs streptozotocin-induced diabetic mice, 647
nutrition instruction & modification of eating habits & development of active lifestyle, weight loss & maintenance, obese Ss with mean age of 36.6 yrs, 12–18 mo followup, 1560
nutritional modification with vs without blood pressure self monitoring & social competence training or relaxation training or information, blood pressure & body weight, obese patients with essential hypertension, 8382
parent participation in child's weight reduction program, weight loss, overweight 13–17 yr olds, 8393
pathological obesity as addiction, 20 yr old female, 13079
perceived causes of obesity & belief in ability to lose weight, weight loss with behavior modification &/vs diet, Ss with mean age of 36.7 yrs, 4026
physical training, weight reduction, obese adolescents, 3908
profile, diet resistant personality, obese females, 13039
psychiatric assessment & long term treatment outcomes, jejuno-ileal bypass surgery for superobesity, 23–59 yr olds, 1670
psychological & physiological characteristics & assessment & treatment of obesity, literature review, 5936
rectal temperature & body weight regulation & hoarding, hereditarily obese Zucker rats, 12034
school-based behavior modification vs exercise/nutrition-education weight loss program, weight loss, obese 12–15 yr old students, 4503
self monitoring & daily goals, weight reduction, 6218
self monitoring, weight loss, obese 22 yr old male, 6-yr followup, 13226
sex & age & retardation level, prevalence of obesity, mentally retarded adults over 18 yrs of age, 1313
sex-linked mental retardation associated with short stature & obesity & hypogonadism & skin disease, male 16.5 & 21 & 25 & 45 yr old family members, 5898
slides of main courses vs snack foods, pupil dilation, sated vs hungry normal vs overweight college students, implications for S. Schachter & R. E. Nisbett's theories, 8221

training on continuous vs FR schedules, level of hunger motivation during extinction, genetically obese male mice, 12040
unchanged thermoregulatory set-point & hypothermia, development of obesity, mice, 499
Object Relations
attachment vs individuation vs idealized projective identification, marital satisfaction, spouses married 2–20 yrs, 12568
Hermannian vs other psychoanalytic theories of clinging instinct & object relations, 10104
interests as object relations, 7925
narcissism & choice of love object, females, 10478
nature vs narcissistic partner relationships, 10421
object relations & self- & object-narcissism, implications for developmental precursors of adult narcissistic disturbance, 5748
object relations perspective, stages in treatment & aftercare strategies, schizophrenic patients, 1695
oral &/vs cuddly comfort habits at 4 yrs of age, subsequent personality development, Ss evaluated at 11 & 16 yrs of age, longitudinal study, 3230
psychoanalytic facilitation of intrasubjective relations & perception of self as object, 10817
regression & object choice in early psychic development, psychoanalytic treatment process, 6163
role of cotherapists & object relations approach in group psychotherapy, borderline patients, 6187
self object theory & psychoanalytic perspectives on anthropological field work, book review essay, 10290
specific meaning of objects or words within family, children with psychoses or Down's syndrome or autism, 12796
theories of attachment & drive, 10214
transference & phallic aspects & use of own pillow on analyst's couch, hypochondriacal psychoanalytic patients, 3950
transference paradigm of fantasied twin relationship with analyst, non-twin psychoanalytic patients, 13151
uncovering of object-relations conflicts defended by projective identification in family & individual psychoanalysis, borderline adolescents, 8327
validity of excerpted responses to Rorschach Mutuality of Autonomy Scale, rating of object relations, 13–17 yr old psychiatric patients, 4798
Objective Referenced Tests [See Criterion Referenced Tests]
Objectives [See Aspirations]
Objectives (Organizational) [See Organizational Objectives]
Objectivity
mystical experiences & romantic love & hypnotic susceptibility, college students, 1068
problems of subjectivity/objectivity in psychological knowledge, application of theories of Vygotsky & Leontyev, 9240
Oblique Rotation
orthogonal vs oblique rotation analysis, factor structure of Bem Sex-Role Inventory, males vs females, 9374
Observation Methods
analysis of social interactions & remedial discourse with finite-state grammar, kindergartners through 4th graders, 95
Apple II microcomputer applications to behavioral observational research including undergraduate instruction, 9281
APPLESOFT program packages, collection & analysis of observational data, 9280
classroom observation in early evaluation & intervention, literature review, 8998
clinical vs existential & interpersonal observation methods & risks of knowing vs not knowing, 4629
computer assisted instruction & use of videodisk, training in observation & classification of nonverbal behavior, college students, 4363
computerized system, recording & analysis of self observation of communication during interaction sequence, couples, 9314
data collection methods, naturalistic observation of behavior, literature review, 11607
development of observation method, assessment of pain behavior, low back pain patients, 1382
development of observation schedules, assessment in areas of academic & language & self help skills & behavior & music & drama & arts & crafts & play, children with severe learning disabilities, 10653
global consolidated vs specific observational measures & intervention, assessment of & increase in rate of interaction, socially withdrawn 2.7–8.9 yr olds, 2006
interactive APPLESOFT BASIC program, observation & analysis of reinforcement value of ordinary activities, humans, 9253
interobserver reliability, evaluation of graphed data, 9321
interpersonal problem solving & school adjustment & sociometric status as assessed through observation of classroom behavior, kindergartners, 2004
laboratory measures vs rating scales vs direct observation, diagnosis of hyperkinesis, children, 7040
length of observation time over course of lecithin treatment, frequency counts of abnormal involuntary movements used for measurement of tardive dyskinesia, chronic schizophrenics with mean age of 55 yrs, 1110
manual of observational procedures & interviewing techniques for home assessment of development, twins from infancy to midadolescence, 77
methodological characteristics of time-on-task observations, effects on academic achievement, 2nd–5th graders, 11401
multifaceted direct assessment, diagnosis & planning of remediation for reading & related learning disabilities, 2033
need for numerical ratings & multiple observations & narrative records as adjunct to structured psychiatric interview, documentation of psychosis, 7992
observation of smoking in natural environment, failure to confirm expectation from actor-observer hypothesis of attribution theory, college students, 5596
observational techniques, preschool teachers, 2106
participant observation in humanistic psychology research, 11591
prejudgment of day care quality, interrater agreement & predictive validity of items in Parent Guide to Quality Day Care Centers, female college & graduate student Os, replication of authors' previous study, 6944
problems with & importance of observational skills in psychology, literature review, 9254
psychometrics & direct observation in empirical research, alexithymia & speech characteristics, psychosomatic & psychoneurotic patients, 11618
rating patients labeled competent vs incompetent, interrater reliability of global evaluations, college student Os, implications for social anxiety & social skills research, 96
reactivity, validity of behavioral observations, literature review, 9291
reliability & utility of 1st-hand observation reports, visitors to USSR, 10433
self report vs physicians' observations, assessment of symptoms, psychiatric outpatients with mean age of 36.3 yrs, 2348
Setting & Behavior Instrument, observation of physical & intellectual & social features of work/study setting, students, 13721
sex of helper & beneficiary, participant-observations of prosocial interactions in mixed-sex groups, Ss with mean age of 15.6 yrs, 5471
validity & reliability of PREVARA as observation instrument, somatic fixation, 10795
validity of observational studies & other methodological issues, language acquisition research, very young children, literature review, 46
Observational Learning
direct vs observational learning, selective attention to stimulus components & retention, 5.9–6.8 yr olds, 10178
observation of multidimensional grouping vs ordering vs single classification on basis of color &/vs form, multiple classification & seriation skills, 4.5–5.5 yr olds, 3154
observational learning of food aversions, red-winged blackbirds, implications for Batesian model-mimic systems & ingestion of dangerous food, 2695
viewing naive models attempt to solve solvable vs insolvable discrimination task, subsequent anagram solving performance, college student models & Os, 4950
visual feedback, observational learning of action patterns, college students, 7166
visual information available during vs after modeling in observational learning, acquisition of conservation concept, 5.8–7.11 yr olds, 12442
Observers
causal attributions, actors vs Os, literature review, 5609
fine vs natural vs gross instructions, segmentation of single-actor vs dyadic behavior, college student Os, 3418
hypnosis, eyewitness identification accuracy, college students, 11945
inclusion of process-observer in group therapy, parents with severely disturbed family systems, 6205
performance of difficult vs easy observational tasks, accuracy of eyewitness identification of criminal, college students, 10424
perspective taking ability of O & target's self consciousness & amount of observation time, matching target with self descriptions, female college students, 1032

presence & sex of O, self focused attention during interviewing role rehearsal, male vs female college students, 3436
self esteem & perceptions of avoidability of victimization, behavioral vs characterological blame for rape, female college students role playing victim vs O, 3417
task & group involvement & performance feedback, attributional effect of performance cues on self report descriptions, college students in simulated organizations, 9160
viewing naive models attempt to solve solvable vs insolvable discrimination task, subsequent anagram solving performance, college student models & Os, 4950
Obsessions
behavior modification, surface behavior related to obsessions with food & slenderness, clients wth eating disorders, 13249
differentiation between fantasy & reality, development of imaginative competence & relief from anxiety in obsessional phenomena, psychiatric patients, 1157
food intake abuse, literature review, 5863
paradoxical intention, obsessional ruminations about flatulence, 33 yr old female, 8423
relationship between anticipation & obsessions, 24 & 29 yr old males, 3597
structure of obsession in obsessive compulsive neurosis, curable vs improving vs incurable neurotics, 8065
Obsessive Compulsive Neurosis
age of onset, anthropophobia vs obsessive-compulsive neurosis vs neurasthenia vs acute anxiety, 1221
assimilation & accommodation in reflective thinking, symptom choice, hysterical & phobic-obsessive neurotics, 3634
behavior therapy, patients with obsessional-compulsive disorders, 13229
behavioral techniques & role modeling & systematic desensitization & relaxation & sexual therapy & marriage counseling & role playing, obsessive/compulsive behavior, Ss with mean age of 37.2 yrs, 3894
behavioral treatment, obsessive compulsive disorders, 4011
emotional response to music, patients with anxiety neurosis vs hysterical vs obsessive neurosis vs depressive psychosis vs schizophrenia, 12858
exposure & response prevention, untreated rituals, 18 yr old female obsessive compulsive checker, 13225
exposure treatment with behavioral marital therapy, patients with obsessive compulsive neurosis & agoraphobia & marital problems, 13192
love & work & values in marriage & marital therapy, obsessive-compulsive & hysterical couples, 8363
loxapine, obsessive compulsive disorder, 21 yr old male, 1649
marital interaction & conflict, persistence of severe obsessive compulsive disorders, 22–48 yr old married females, implications for spouse-aided therapy, 12836
modified leukotomy, treatment of obsessional neurosis, 28–52 yr olds, 8551
narcissism & obsessive neurosis, 10587
response prevention & in vivo & imaginal exposure, obsessive-compulsive washing & checking, 8437
separation & oedipal conflict problems, 19–58 yr old primitive-hysteric & obsessive-compulsive patients, 1191
similarities between anorexia nervosa & obsessive neurosis, 17–30 yr olds, 1113
sleep patterns, 18–71 yr old obsessive compulsives, 8021
structure of obsession in obsessive compulsive neurosis, curable vs improving vs incurable neurotics, 8065
Obsessive Compulsive Personality
genesis of obsessive compulsive behavior & alternative model, 10581
sensitivity to experience of & perception of demands, obsessional psychotherapy patients, 1176
Obsessive Neurosis [See Obsessive Compulsive Neurosis]
Obstetrical Complications
acute episode of eclampsia during pregnancy, complex neuropsychological syndrome involving aphasia & apraxia & agraphia & constructional disturbances, 19 yr old female, 5951
birth complications & handwriting posture, college age males vs female, 9521
birth complications, lateral preferences, males & females, 9843
effects of maternal behavior on fetal well being & role of physician in cases of suspected abuse of fetus, 3682
maternal heroin & methadone addiction, prenatal & postnatal medical complications & developmental problems, infants, literature review, 1377
pregnancy outcome & incidence of infant mortality & neurologic disorders, pregnant Ss with seizure disorders, 13059
Obstetrics
maternal age, number of pregnancies & prenatal care & pregnancy complications & school dropout rate & child's Apgar score & subsequent illnesses, Black vs White 14–16 vs 20–30 yr old mothers & their children, 5501
sex differences, performance in obstetrics & gynecology clerkship, 3rd-yr medical students, 6563
style of childbirth selected during prenatal period, actual hospital experience & attitudes toward future births, mothers, 4131
Obturator Nerve [See Spinal Nerves]
Occipital Lobe [See Also Visual Cortex]
attention task, detection of new stimuli, patients with unilateral hemispheric damage to right vs left frontal vs temporal vs parietal vs occipital lobes, 3844
cervical vs dorsal spinal transection, excitability of cerebral nystagmogenic area, rabbits, 12235
heart rate & carotid pressure, occipital visual evoked potentials in right vs right hemisphere, college students, 7446
induced strabismus, binocular ocular dominance distributions in cortical area 17 & lateral suprasylvian sulcus, cats, 7506
left-sided parieto-occipital lesions with dysgraphia & dyscalculia, medical patients, 1372
lesions of parieto-preoccipital subareas, visuospatial discrimination, rhesus monkeys, 9978
lesions of striate projections to parieto-preoccipital cortex, visuospatial discrimination, rhesus monkeys, 9979
memory disorders affecting acquisition vs recall, patients with damage to frontal lobe vs temporal or occipital lobes, 1379
neonatal vs adulthood lesions of visual areas 17 & 18, retinal X-cell loss, cats, 582
postoperative environmental enrichment following dorsal hippocampal lesions, occipital cortex dendritic branching & spines, male rats, 5169
Rorschach test results, patients with damage to frontal-parietal vs temporal vs occipital lobes vs brain stem, 10744
Occupation (Parental) [See Parental Occupation]
Occupational Adjustment
emotional process of clinical practice & reasons for dropouts, occupational therapists, 11111
individual differences, cost of adaptation to work, 31–36 yr old metallurgic workers, 4587
length of training, subsequent success in work environment, graduates of special school for children with severe speech disorders, 11339
marihuana use, academic achievement & college & social & sexual & work adjustment & emotional stability & physical health, college students, 4-yr longitudinal study, 5549
occupational choice & job performance problems, learning disabled adults, literature review, 1331
personality traits & motivation to choose medicine as vocation, stress adaptation & response, 27–73 yr old physicians, 13516
personality traits, occupational adjustment, male seamen, 4581
role messages sent vs received & role behavior with social control vs rehabilitation orientation, juvenile court probation officers, 1817
Setting & Behavior Instrument, observation of physical & intellectual & social features of work/study setting, students, 13721
social & work factors in favorable vs unfavorable prognosis, patients with periodic schizophrenia living in Moscow vs Andijan, USSR, 1117
technostress training, effective use of computer technology, employees, 4544
type of psychosis & criteria for clinical & work capacity prognosis, work fitness, 17–68 yr old paroxysmal epileptic psychotics, 10539
vocational & psychosocial adjustment, former vocational rehabilitation clients, followup studies, literature review, 8658
vocational behavior & career development, review of 1981 literature, 9044
work opportunity structure, family & community & individual satisfaction, employed females vs males, sex role implications, 4539
Occupational Aspirations
academic vs vocational secondary school curriculum, career patterns, male vs female high school graduates, longitudinal study, 9048
actual & ideal career choices & females' choice of traditionally male fields, male vs female gifted high school students, 896
attitudes toward career advancement & salary requirements for accepting promotions, male vs female managerial vs professional vs technical employees, 13765
birth order & sibling dynamics, career choice, 2133
career & homemaking commitment & realistic & ideal career choice & educational aspirations, 9th & 12th graders, 10225

change in life goal aspirations & educational expectations, college students, 1968 & 1979, 13662
knowledge about jobs & sources of work-related information & awareness of occupational information & projected occupations, 13–16 yr old learning disabled students, implications for occupational counseling, 8927
occupation decision & career exploration & work role salience, high vs low anxiety college business majors, 4415
personality correlates of creativity & implications for research aspirations, medical students, Yugoslavia, 13489
professional activities & future aspirations, clinical psychologists, Australia, 6527
secondary school curriculum, career patterns, comments on article by E. L. Herr et al, 9056
secondary school curriculum, career patterns, reply to critique by D. E. Super, 9047
self perceived career relevant abilities, career aspirations, mathematically talented female high school sophomores, 12485
sex differences, political ambition, municipal legislators, 11441
sex role influences, family decisions about careers of teenagers with preference given to male's goals, families with 14–18 yr olds, 7741
social background & educational experiences, occupational prestige expectations, Black vs White college students, 13757
socio-professional category of parents & demographic & educational & cultural background & job tenure & professional expectations & ambitions, job satisfaction prediction, secretaries, 2219
socioeconomic backgrounds & perceived opportunities in Philippines vs US, Filipino nurses employed in Philippines vs US less vs more than 3 yrs, implications for migration theory, 4287
vocational behavior & career development, review of 1981 literature, 9044

Occupational Attitudes

Air Force Occupational Attitude Inventory, prediction of job satisfaction & reenlistment, airmen, 11648
attitudes & vocational values, college students studying to be elementary vs junior high school teachers, 1917
changes in attitudes toward profession & in self image as professional, dental students, Israel, longitudinal study, 1858
cluster analysis of occupations rated on social attributes, college students, 2139
cognitive-mathematical model of attitude change, changing sex typed perceptions of occupations, college students, 6839
congruence of occupational title primes & bisected facelike stimuli, RT for deciding if halves were from same face, college students, 12685
construct validity of Career Decision Scale, assessment of educational-vocational indecision, graduate counseling students, 145
educational vs impression management interventions, solicitation of stereotype confirming & disconfirming evidence for investigation of accuracy of occupational stereotypes, college students, 11613
enactment of equal opportunity policies, employment & advancement in nontraditional jobs, female blue collar workers, 3-yr study, 9069
entry into work force, preference for various job characteristics & self-concept, female health professionals, longitudinal study, 8758
job reorganization & redesign, work meaningfulness & autonomy & employee relations & skills & physical & emotional strain, 13805
occupational issues, male strippers, 7851
occupational sex stereotyping, androgynous male vs female college students, 994
occupational values & attitudes & expectations, beginning college students, Yugoslavia & Austria, 11286
reliability of ratings on characteristics of occupations from "Dictionary of Occupational Titles", 13756
self esteem & attitudes toward encouragement & valuing of men & women & size & level of support from social networks, female college students oriented toward male dominated science careers, 11442
self reported perceived vs outsider observed job characteristics, 10th & 11th graders, 758
sources of work satisfaction & dissatisfaction, 22–30 yr old females after 1 vs 2 yrs of employment in nontraditional occupation, 9161
stereotyped perceptions of job orientation of opposite sex, college business students, 2141

Occupational Choice

actual & ideal career choices & females' choice of traditionally male fields, male vs female gifted high school students, 896
attitudes toward psychiatric clerkship, senior medical students, 8715
birth order & sibling dynamics, career choice, 2133
career & homemaking commitment & realistic & ideal career choice & educational aspirations, 9th & 12th graders, 10225
career decision making behavior, congruence of chosen career with personal values, community college students, 9051
career guidance methods, decision making behavior, 11th graders, 6814
chaining in rational decision making, quality of simulated career decisions, 16–50 yr old community college students, 11402
clinical experience with dying patients & personality rigidity & selection of clinical career, attitudes toward death & dying, medical students, 8750
demographic characteristics & parental education & role conflict & discrimination problems & persons significant in career choice, females in traditional vs nontraditional careers, implications for vocational guidance, 10375
educational information centers, assistance for adults who wish to make educational & career choices, 2114
evaluation of Occ-U-Sort, career exploration & occupational decision making, 13766
factor analysis & reliability & validity, Career Exploration Survey, 7113
family systems theory, isolation of family influence on career choice, clients, 2134
freshmen preference for family practice vs participation in family practice curriculum, selection of residencies, medical students, 6549
J. L. Holland's constructs of consistency & differentiation & congruency & sex & age, vocational maturity, college & vocational students, 9046
lateral hand & foot & eye & ear preferences, academic major, college students, implications for handedness & career choice, 2767
level of career indecision & Vocational Card Sort vs Strong-Campbell Interest Inventory treatment, vocational needs & exploration & satisfaction with career choice, female college students, 11444
lower age boundaries of ego identity development in vocational & religious & political & sex role areas, 6th vs 8th vs 10th vs 12th graders, 5402
mathematical model, comparison of personality vs environmental codes of J. L. Holland's theory of occupational choice, 9052
occupation decision & career exploration & work role salience, high vs low anxiety college business majors, 4415
occupational choice & job performance problems, learning disabled adults, literature review, 1331
occupational choice, meaning in life, 14–23 yr olds, West Germany, 3232
perception of appropriateness of counseling in terms of vocational choice & college routine & adjustment, Black college students using vs not using counseling center, 4521
perception of psychic & economic rewards & costs for occupations & occupational choice, college students majoring in business vs education vs psychology, 13767
personality correlates of occupational choice, 7th graders, 2009
personality traits & motivation to choose medicine as vocation, stress adaptation & response, 27–73 yr old physicians, 13516
premedical vs medical school academic performance & values & attitudes, choice of family practice vs other specialties, medical students, 11110
"Puzzling Your Career" approach to occupational choice, 11436
race & sex & socioeconomic status & academic aptitude, career choice unrealism, Black vs White college students, 2142
receipt of occupational information, cognitive complexity, vocationally decided vs undecided college students, replication of J. L. Bodden & L. E. James's study, 9042
relative importance of work values, organizational choice at different vocational life stages, Master of Business Administration students with mean age of 31 yrs, 2137
reliability & validity of behavioral decision theory approach, assessment of decisions about jobs described in terms of need for affiliation & power & achievement, accountants & military officers & students, 7004
self esteem & attitudes toward encouragement & valuing of men & women & size & level of support from social networks, female college students oriented toward male dominated science careers, 11442
sex & locus of control & fear of success & academic aptitude, vocational indecision, college students, 9057
sex role influences, family decisions about careers of teenagers with preference given to male's goals, families with 14–18 yr olds, 7741
values clarification approach, career decision making, college students in career exploration class, 11233

Occupational Guidance

career counseling, critique of articles by L. Gottfredson & B. Fretz, 11391

career guidance & vocational preparation goals & components, report of 1980 Virginia Guidance Conference, school counselors & vocational educators, 1892
career guidance methods, decision making behavior, 11th graders, 6814
career guidance system in Sweden, implications for Great Britain, 9059
career planning & placement services, disabled college students, 8979
chaining in rational decision making, quality of simulated career decisions, 16–50 yr old community college students, 11402
climate of employment uncertainty, college occupational guidance, 11384
community based program, self care & work related skills, multiply handicapped deaf adolescents, 13698
computer-assisted career counseling, 9060
construction of occupational classification structure & development of interest & aptitude measures, assessment of occupational counselees, 11437
counselor education career guidance, Canada, 8739
development of measurement instruments, assessment of career development skills & attitudes & personality for career planning & guidance, 4764
development of program for definition of career guidance terms, 11443
educational & vocational opportunities, learning disabled college age students, literature review, 1303
educational information centers, assistance for adults who wish to make educational & career choices, 2114
employment programs, elderly, 9041
evaluation of vocational counseling, 2145
family systems theory, isolation of family influence on career choice, clients, 2134
guided imagery, generation of career alternatives, college students, 9055
guidelines for vocational counseling, mentally ill & handicapped, 4241
guidelines in career counseling of abused females, 11435
guidelines in counseling females considering military service, 11440
implementation of career development program, small business with 8 employees, 2229
interest pattern structure & personality traits & occupational information seeking, community college students seeking career counseling, 2138
knowledge about jobs & sources of work-related information & awareness of occupational information & projected occupations, 13–16 yr old learning disabled students, implications for occupational counseling, 8927
labor education program with mentoring system, assistance in development of educational & vocational goals & plans, nonprofessional university employees, 2095
level of career indecision & Vocational Card Sort vs Strong-Campbell Interest Inventory treatment, vocational needs & exploration & satisfaction with career choice, female college students, 11444
life career development services, deaf college students, 13719
need for knowledge of entry level skills & teaching styles in vocational programs for special needs students, vocational counselors, 11410
programed learning package called Guided Steps to Employment Readiness, assessment of employability, students, 9009
Puzzle Pieces of Your World counseling aid, decision making in life-career planning, 2135
"Puzzling Your Career" approach to occupational choice, 11436
reflective judgment development theory of K. S. Kitchener & P. M. King, career counseling, college students, 2117
school-based career assessment programs for special needs students, 9001
sex & previous employment & source of job information, obtaining & maintaining employment, former participants in National Urban League's Youth Career Development Project with mean age of 19.4 yrs, 2143
suggestions for enjoyable career counseling classes, career counseling graduate students, 11128
techniques for assessment of relative importance of potential occupational guidance officers, 2144
test usage in career & education programs, 4705
test usage in career counseling & education, response to articles by J. V. Miller & D. G. Zytowski & R. E. Warman, 4697
test usage in career counseling & education, response to articles by J. V. Miller & D. G. Zytowski & R. E. Warman & A. Mitchell, 4698
vocational & career guidance & education, Great Britain, interviews conducted at 1981 International Round Table for Advancement of Counselling, 2146
vocational assessment, educational counseling & career planning, handicapped students, 13696
vocational counseling, adolescent epileptics, 1732
Vocational Exploration Group, vocational maturity, economically disadvantaged Black 7th–9th graders, 1954
vocational guidance & career education, vocational maturity, 8th–9th graders, 8873
vocational opportunities & services & barriers, physically & emotionally handicapped & trainable & severely/profoundly retarded clients, 1808
vocational research priorities based on content analysis of articles from Journal of Vocational Behavior & Vocational Guidance Quarterly, 4538
vocational school psychology, career development, handicapped high school students, 1906

Occupational Interest Measures [See Also Strong Vocational Interest Blank]
computerized vs standardized & accurate vs inaccurate feedback, acceptance of feedback & attitudes toward occupational interest testing, college students, 2431
construct validity of California Occupational Preference System & Kuder General Interest Survey based on interscale correlations, 8th graders, 8973
construct validity of Career Decision Scale, assessment of educational-vocational indecision, graduate counseling students, 145
construct validity of J. L. Holland's vocational types as measured by Vocational Preference Inventory & Hand Test scores, 7046
construct validity of unnormed Self-Directed Search, assessment of vocational interests, females, reply to D. J. Prediger's article, 9406
construction of occupational classification structure & development of interest & aptitude measures, assessment of occupational counselees, 11437
evaluation of Occ-U-Sort, career exploration & occupational decision making, 13766
factor analysis & reliability & validity, Career Exploration Survey, 7113
fairness of unnormed Self-Directed Search, assessment of vocational interests, females, reply to L. S. Gottfredson's criticism, 9430
level of career indecision & Vocational Card Sort vs Strong-Campbell Interest Inventory treatment, vocational needs & exploration & satisfaction with career choice, female college students, 11444

Occupational Interests
avocational interests, vocational interest group using J. L. Holland's model, college students, 9058
biographical data & vocational interests, college students, 9053
correlation of data/ideas & things/people dimensions with J. L. Holland's vocational types & with vocational tasks, career groups & individuals, 9054
creativity & extraversion & vocational interests, male vs female 12th graders, 5412
evaluation of Occ-U-Sort, career exploration & occupational decision making, 13766
factor analysis & reliability & validity, Career Exploration Survey, 7113
guided imagery, generation of career alternatives, college students, 9055
occupational choice, meaning in life, 14–23 yr olds, West Germany, 3232
reanalysis of previous data supporting hexagonal vs circular vs hierarchical models of vocational interests, 9045

Occupational Mobility
factors affecting content & structural plateaus in careers, 11492

Occupational Neurosis
clinically oriented faculty counseling program, academically related programs, college teachers, 11387

Occupational Preference
freshmen preference for family practice vs participation in family practice curriculum, selection of residencies, medical students, 6549
interest in psychiatry as career choice, medical school freshmen, 6542
job attributes, job preferences, Poland, 6840
motivations for attending college & academic & vocational preferences, college students, 11278
past life experiences & vocational preferences, college students, integration of J. L. Holland & W. A. Owen's research paradigms, 9043

Occupational Safety
action research program involving employee problem solving group & surveys & interviews, number of injuries, employees, 2230

chronic exposure to organic solvents, regional cerebral blood flow & verbal memory, male industrial workers with mean age of 51 yrs, 10025
configuration of reflective materials worn on body & body posture & location in visual field, visibility, college students, implications for enhancement of conspicuousness of coal miners, 11776
organizational issues, psychology of occupational safety, 13746
revision of Postal Service case of maintenance & safety checklist for mail handling equipment, 11423
Occupational Status
age & sex & geographic location & socioprofessional level, personal needs, 17–25 vs 30–35 yr olds, France, 7946
attitudes & personal characteristics & job tenure, absenteeism, waste collection workers with mean age of 41.8 yrs, 2234
characteristics of prominent family therapists, 8783
educational background & position & experience & age & size & level & type & number of schools served, powerlessness, school nurses, 8821
employee's job status, supervisor's responses & subordinate's experiences & satisfaction with performance appraisal interview, employees & their supervisors, 2162
employment opportunities & salaries & duties & job skills, PhD vs master's level clinical psychologists vs MSWs in public mental health settings, 8740
environmental characteristics, status demarcation & status support & job satisfaction, 17–64 yr old office workers, 4588
evaluation of racial vs sexual discrimination in labor market entry, 14–24 yr old Ss of National Longitudinal Survey, 11430
experience & seniority & age & education & intelligence, performance in assessment center, 25–46 yr old middle managers, 2188
factors affecting content & structural plateaus in careers, 11492
high school curriculum & vocational training, occupational outcomes, White vs Black males at 25–29 & 29–33 yrs of age, 9050
innovativeness & age & education & occupational experience & hierarchical level, 30–47 yr old male agricultural research scientists, 13783
job attributes, job preferences, Poland, 6840
marital status & social class, ischemic heart disease incidence & mortality, 40–64 yr old males, Finland, 10728
occupational status & status recognition as reason for leisure activity participation, male bowling team members, 1042
occupational status & working conditions, stress & morbidity, male vs female 18–64 yr old engineering industry employees, 10721
occupational status, switch from Spanyol to Hebrew language, Sephardic Jewish males aged 32–45 vs 60–78 yrs, Israel, 12539
occupational status, work & leisure activities, males vs females, Australia, 11439
parents' vs own social & educational & occupational status, preadmission & hospital assaultiveness/dangerousness, male acute schizophrenics with mean age of 30.1 yrs, 10595
percentage of female senior authors in medicine & psychiatry & social work & status & number of females in each field, 1877
placement in Villages d'Enfants de France, academic & occupational achievement, 6 yr olds followed up in adulthood, 8590
retirement vs preretirement, life satisfaction, university administrators vs faculty vs classified workers, 7923
scholarly status, political liberalism, faculty of honorific academies vs other professors, 1914
sex & occupational differences, leisure needs & satisfaction, Australia, 9152
socioeconomic & professional class & sex & age differences, variation in Early Modern Eastern spoken Judezmo, Israel, 12363
Occupational Stress
acute objective occupational stress, subjective stress & physiological correlates, nursing students, 8727
age & experience & level of teaching & type of service delivered & student label, burnout, teachers of handicapped & gifted children, 8824
analysis of role stress, nurses with mean age of 33.6 yrs, 13554
attrition & job satisfaction/dissatisfaction & reasons for leaving job, 21–50 yr old teachers of emotionally disturbed, 8810
belief in internal vs external locus of control, perceived job stress, police officers with mean age of 35.3 yrs, 6868
characteristics & prevention, occupational stress, counselors, 11144
clinically oriented faculty counseling program, academically related programs, college teachers, 11387
cognitive-behavioral stress management program, anxiety & stress & classroom behavior, secondary school teachers, 6612
coworker & supervisor support, association between task characteristics & mental stress, male workers, 9153
emotional process of clinical practice & reasons for dropouts, occupational therapists, 11111
group counseling program, coping with job stress, transportation workers, 13379
individual differences, cost of adaptation to work, 31–36 yr old metallurgic workers, 4587
job anxiety, absenteeism, males employed in engineering complex, 2241
job reorganization & redesign, work meaningfulness & autonomy & employee relations & skills & physical & emotional strain, 13805
labor union views on comprehensive health insurance & role of psychiatry in management of worker stress, 10784
levels & sources of stress, municipal vs state police officers, 4589
locus of control & occupational stress, health, adult male employees, 13812
logotherapy, treatment of frustration, teachers in public schools, 6133
mediating effect of social support networks, effects of work stress on personal functioning, males vs females, 9140
motivational management approach, identification of causes & coping with burnout, public health & hospital & preschool personnel, 10919
mutual aid groups, alleviation of occupational stress, counselors, 1881
nature & level of occupational stress, 27–82 yr old psychiatrists & clinical psychologists & social workers & physicians & attorneys & pastoral counselors, 8751
need for organizational stress management training programs, 4549
neuroticism & length of underground employment, work fatigue, 20–51 yr old miners, 4593
occupational group, stress-related illnesses, male US Navy personnel, longitudinal study, implications for prevention programs, 4583
occupational status & working conditions, stress & morbidity, male vs female 18–64 yr old engineering industry employees, 10721
occupational stress, blood & urine vitamin C levels & urinary pyrroles, police cadets, 2850
occupational stress, cardiovascular disorders, literature review, 1381
occupational stressors & preventive behaviors, teachers of learning disabled & behavior disordered & educable mentally retarded, 4337
occupational stressors & strategies for prevention, burnout, 24–59 yr old school psychologists & interns, 4344
participation in decision making, perceived influence & role conflict & ambiguity & emotional strain & job satisfaction, absenteeism & turnover intention, nursing & clerical employees, 13804
perceived peer & leader support, role ambiguity & conflict & job satisfaction & performance & stress, Black & White clerical personnel, South Africa, 13807
personality traits & motivation to choose medicine as vocation, stress adaptation & response, 27–73 yr old physicians, 13516
prefield orientation program, prediction of success & reduction of loss in personnel, missionaries, 6869
psychological well being & health & occupational stress, school teachers, Finland, 4340
relaxation training & systematic desensitization, professionals & paraprofessionals working with behaviorally disordered adolescents, 11138
role conflict & ambiguity & overload, psychological & physical strain, Type A vs Type B middle managers with mean age of 38.2 yrs, 2205
self esteem & assertiveness, insulation from occupational stress, firemen, 2232
self esteem, peer group interaction & job performance & job strain, nurses, 1873
sex & age & grade level taught & years of experience & type of community & educational level & marital status, burnout, kindergarten through 12th grade teachers, 13583
social support from work group & supervisor, relationship of role conflict to job satisfaction & involvement & anxiety, 30–65 yr old middle-lower managers, 9103
somatic complaints & illnesses, job-related stress, secondary Catholic school teachers, 4326
sources & remediation techniques, occupational stress, special educators, 1899
sources of stress, part- vs full-time homemakers, 929
staff group meetings, coping with stress, staff of children's hospital, 4270
stress management & progressive relaxation training, epinephrine & norepinephrine excretion at work & anxiety & depression & irritation & somatic complaints, public agency employees with mean age of 39 yrs, 4020
stress manifestations, rescue workers of recent disasters, 8564

supportive care model for care of chronically ill, burnout, mental health staff, 13347
technostress training, effective use of computer technology, employees, 4544
unusual stress, psychosocial development, 27–55 yr old police officers, 12477
validity, stress measures, secondary school teachers, 9004
visual display terminals, visual & musculoskeletal complaints & occupational stress & attitudes toward job demands & quality of work, literature review, 6884
work environment & stress & absenteeism, workers, Finland, 11502
work environment as cause & means of prevention of occupational stress & role of occupational physician, 11010
work setting, affective symptoms & perceptions of work environment & sickness/absence & performance, student nurses, 8761
work-related stress & disorders, women, literature review, 1374
workshop, alleviation of job stress, supervisors, 6857

Occupational Success
factors in achievement of success in corporate management, top level female executives entering job market in 1930's & 1960's, 11478
father's occupation & educational attainment & occupational achievement, attitudes & behavior, 12709
femininity, success & potential, student psychotherapists, 4295
hemispheric dominance, successful flight performance & spatial illusion susceptibility, pilots, 7413
initial leadership motive patterns & levels of promotion after 8 & 16 yrs, managers, 9127
long term employment profiles, female doctoral students of radio astronomy, implications for sex differences in science career success, 11464
personal vs educational characteristics, career paths, female school superintendents, 1915
personal work orientations & organizational climate, career success, middle & top managers with mean ages of 43.9 & 45.5 yrs, 11470
psychological factors, occupational success, female minister graduates, 5482
quality of sleep, career performance, 17–34 yr old US Naval school students, 11463
role play exercises, demonstration of skills of successful salesmen, postgraduate management students, implications for training of salespersons, 2158
scientific consensus, early detection of scientific talent, graduate school faculty, 13574
sex & age & physical attractiveness, perceived importance of attractiveness to friendship formation & dating frequency & marriage partner selection & marital adjustment & occupational success, 18–90 yr olds, 12683
sex differences in patterning of adult roles, sex differences in occupational achievement, males vs females from Project TALENT high school class of 1963, 10261
social class & ethnicity & other characteristics, attributions for economic success, adults, Australia, 10426
social mobility & occupational attainment, college graduates, 1970's, Canada, extension of E. Harvey & I. Charner's study, 8791
unusual names & family income & completion of professional education, Black & White males & females, 12776
values & managerial success, private vs public sector business managers, 11487

Occupational Success Prediction
accuracy of hierarchical mode analysis vs J. H. Ward's vs k-means methods in cluster analysis of simulated job-analytic data, 118
analysis & assessment of occupational abilities & potential, 13772
development of norming of forms of Enlistment Screening Test, prediction of success on Armed Services Vocational Aptitude Battery, service applicants, 9420
Eysenck Personality Inventory, prediction of success in training, military pilots, 7038
intelligence quotient vs peer vs superior evaluation vs interview, prediction of success in officer training, 18 & 19 yr old females, Israel, 9099
item & factor analysis, Forms 8 & 9 & 10 of Armed Services Vocational Aptitude Battery, military enlistment applicants, 9431
job sample tests, prediction of tank gunnery performance, US Army personnel, 2165
prefield orientation program, prediction of success & reduction of loss in personnel, missionaries, 6869
situational control of performance variance, relationship between individual differences & job performance, Ss with mean age of 21 yrs, 2157
validity of conventional vs adaptive tests, prediction of performance in training course, US Air Force jet engine mechanic trainees, 7114
validity of methods for combining multiple criteria into single composite, bank tellers, implications for personnel evaluation, 2494

Occupational Tenure
attitudes & personal characteristics & job tenure, absenteeism, waste collection workers with mean age of 41.8 yrs, 2234
job promotion practices & shift changes & perceived public expectations, satisfaction with husband's career & family relations & job longevity, Black vs White wives of police officers, 4592
socio-professional category of parents & demographic & educational & cultural background & job tenure & professional expectations & ambitions, job satisfaction prediction, secretaries, 2219

Occupational Therapists
Bem Sex-Role Inventory data, female speech pathologists & physiotherapists & occupational therapists, longitudinal study, 6566
classroom-based program, social development & self esteem & problem solving, emotionally disturbed males in elementary special education, implication for cooperation between occupational therapist & school psychologist, 9029
emotional process of clinical practice & reasons for dropouts, occupational therapists, 11111

Occupational Therapy
Bruininks-Oseretsky Test of Motor Proficiency vs Southern California Sensory Integration Tests, screening for occupational therapy referral, learning disabled 4.8–12.2 yr olds, 4810
case analysis method, occupational therapy, 13431
conceptualization of habit structure, implications for psychosocial occupational therapy, 11087
current practice in occupational therapy testing & measurement, response to criticism raised by P. Evans & M. A. Peham, 206
emotional responses to activities, college students, implications for occupational therapy, 325
environmental setting, occupational therapy, literature review, 13425
feeding problems & independence, elderly nursing facility residents, implications for occupational therapy, 1787
methods of reversing learned helplessness to increase compliance with physical & occupational therapy, elderly patients, 13451
occupational therapy & insight-oriented psychotherapy & experiential learning, acquisition of community living skills, psychiatric patients, 4235
occupational therapy, handicapped children, 6793
occupational therapy in hospice care, 8683
occupational therapy in sociological framework, acquisition of basic social skills in identification group, female psychiatric patients, 4224
occupational therapy, understanding & acceptance of child & building child's self esteem, mothers of 5–10 yr olds with sensory integrative dysfunction, 8667
restricted funding for mental health services, occupational therapy, interview with R. W. Gibson, 4147
role of occupational therapy in assessment & diagnosis, 17 yr old female accused of matricide, 12930
sensory integration & play development in occupational therapy, children, 4232

Occupations [See Also Related Terms]
age & sex & mortality & degree of morbidity & occupational group, utilization of hospital services, discharged hospital patients, Finland, 1797
attitude & training & job problems, workers in fields traditionally monopolized by opposite sex, 11493
cluster analysis of occupations rated on social attributes, college students, 2139
cognitive-mathematical model of attitude change, changing sex typed perceptions of occupations, college students, 6839
construction of occupational classification structure & development of interest & aptitude measures, assessment of occupational counselees, 11437
content analysis, contribution of TV to sex role socialization & learning about occupational roles, male vs female 7th–9th graders, 5429
demographic characteristics & parental education & role conflict & discrimination problems & persons significant in career choice, females in traditional vs nontraditional careers, implications for vocational guidance, 10375
epidemiology & age & marital status & sex & occupation & religion & referral agent & age at onset & clinical features, transsexual males & females aged 14–46 yrs, Northern Ireland, 5544
faces presented with congruent vs incongruent occupational category labels, face recognition, college students, 9650

growing interdependence between work & school & family, changes in traditional career system, seamen, Norway, 11432
identification of speaker occupation from speech samples, listeners, 3422
knowledge about jobs & sources of work-related information & awareness of occupational information & projected occupations, 13–16 yr old learning disabled students, implications for occupational counseling, 8927
language & stereotypically inappropriate responses in perceptions of sex stereotyped occupations, 1st & 4th & 6th graders, 10110
manifest anxiety, unemployed 20–25 yr olds from family-oriented vs nonfamily-oriented occupation groups, India, 13761
model of work task learning in home environment, children & young people, implications for future work socialization, 748
occupation & education, realization of basic needs, Poland, 5657
occupation & token economy program, intellectual preservation, institutionalized 60–101 yr olds, 13232
occupation, suicide, literature review, 8074
organizational ownership & size & managerial level & professional discipline, goals & tactics of influence, middle level vs assistant managers, 9114
perception of psychic & economic rewards & costs for occupations & occupational choice, college students majoring in business vs education vs psychology, 13767
photographs of occupational activities, elicitation of vocationally relevant responses, reading disabled 14–20 yr old special education high school students, 13692
physical activity in work & leisure, coronary heart disease, 3805
reliability of ratings on characteristics of occupations from "Dictionary of Occupational Titles", 13756
retirement vs preretirement, life satisfaction, university administrators vs faculty vs classified workers, 7923
self confidence & state of health & occupational background & age & social support resources & coping behavior, aged, 12386
sex & occupational area, evaluation of impact of appearance on employee performance evaluation & effectiveness & interactions in work environment, college students & campus recruiters, 11459
stress effects of sexual harassment in job situations, 16–65 yr old females, implications for counseling, 2123
type of job & number of surrounding partitions, perception of privacy in office, secretaries & bookkeepers & accountants & office managers & administrators, 4594
vibration induced circulatory disturbance vs exposure time vs age vs use of ear protectors, hearing loss, lumberjacks, 6-yr longitudinal study, 8235
vocational opportunities & services & barriers, physically & emotionally handicapped & trainable & severely/profoundly retarded clients, 1808
work as activity for obtaining extrinsic rewards, 9038

Ocular Accommodation
altitude, ocular functions & convergence amplitude & acute mountain sickness, 23–53 yr old female mountain climbers, 12163
computer simulation of ocular accommodative oscillation, model of feedback mechanism, 461
presence vs absence of distance cues & level of accommodative convergence, distance adaptation & lateral phoria, college students, 11788
size constancy & accommodation-related proprioceptive neuronal mechanisms, reply to criticism by J. B. Deregowski, 2571
subjective minus lens & retinoscopic techniques, measurement of accommodative amplitude, amblyopes, 10723
visible texture & dark focus of accommodation, misjudgments in detection of air traffic & landing airplanes, pilots, 4557

Ocular Dominance
binocular deprivation following binocular vs monocular visual experience, ocular dominance distribution & orientation selectivity & response quality of visual cortical units, kittens, 5175
genetic factors, ocular dominance, mothers & fathers & firstborn offspring, 2746
induced strabismus, binocular ocular dominance distributions in cortical area 17 & lateral suprasylvian sulcus, cats, 7506
innate & environmental factors & role of visual stimulation, ocular dominance formation & development of columnar systems in visual cortex, mammals, literature review, 2815
motoric laterality & eye dominance, early onset schizophrenics & brain-damaged psychiatric patients & nonpsychotic non-brain-damaged psychiatric inpatients & college students, 1197
questioner seated in front of vs behind S & verbal vs spatial question, lateral eye movements & anxiety, right handed college students, 5057
stimulus orientation & spatial frequency, ratio of dominance in binocular rivalry, 18–40 yr olds, 2558
tetrodotoxin, formation of ocular dominance columns, goldfish, 12312
visual afferent vs spontaneous activity, development of ocular dominance columns in primary visual cortex, literature review, 12098

Ocular Fixation [See Eye Fixation]

Oculomotor Muscles
gaze shifts, oculomotor functioning, 5–8 yr olds, 7666
natural stimulation of labyrinth, responses of oculomotor neurons, rabbits, 9848
resistive rocking & creeping & walking activities, motor coordination & memory & oculomotor control, students with poor visual attention, 11333

Oculomotor Nerve [See Cranial Nerves]

Oculomotor Response [See Eye Movements]

Odor Aversion Conditioning [See Aversion Conditioning]

Odor Discrimination
model electronic nose, analysis of discrimination mechanisms in olfactory system, mammals, 9332
neonatal 6-hydroxydopamine treatment, experience-dependent odor preferences, male rats, 12261
odor-specific olfactory cell spatiotemporal activity, proposed experimental design to differentiate contribution of differential sorption & regional mucosal membrane responsitivity, 2792
olfactory response to maternal odors from breast & neck, neonates, 800
topographic patterns of olfactory cell responsivity, salamanders, 2787
type & amount of liquid reinforcement, odor-based double-alternation patterning & contrast effects, male rats, 345
valeric acid vapor, olfactory threshold detection curves, dogs vs humans, 2536

Oedipal Complex
Freudian Oedipus complex vs Antigone, theory of maturation, adolescents, 754
importance of phallic-oedipal stage in hysterical personality, review of Freud's psychoanalysis of Dora, 13169
loss & lack of narcissistic defense & loneliness, developmental stage correlates & oedipal conflict, aged psychoanalysis patient, comments on paper of N. A. Cohen, 10845
narcissism & oedipal conflicts & homosexuality, 10359
oedipal conflicts & transference relationship in psychoanalysis, depressed female, 10819
Oedipus myth & problems & complex in modern times, 5628
parent-child relations & development of narcissism & homosexual impulses, 40 yr old male homosexual, 10368
relationship of Freud & Jung & development of concepts of oedipal complex & countertransference in psychoanalytic theory, 11537
separation & oedipal conflict problems, 19–58 yr old primitive-hysteric & obsessive-compulsive patients, 1191
stages of oedipus complex & role in psychological development, 10265
tachistoscopic subliminal vs supraliminal oedipal stimuli & preexperimental arousal of oedipal wishes, dart throwing, 18–29 yr old male college students, replication of L. H. Silverman et al, 4952

Offenders (Adult) [See Criminals]

Offenders (Juvenile) [See Juvenile Delinquents]

Officers (Commissioned) [See Commissioned Officers]

Ojibwa Indians [See American Indians]

Old Age [See Aged]

Olfactory Bulb
amino acid olfactory stimuli, olfactory bulb single neuron response similarity, goldfish, 2788
amino acid stimulation of olfactory mucosa, correlation between olfactory receptor electroolfactographic & bulbar EEG responses, juvenile catfish, 12047
amygdala lesions, interruption of vomeronasal & olfactory chemosensory afferents & mating deficits, male hamsters, 576
autoradiographic method to measure 2-deoxyglucose uptake, assessment of odor specific spatial patterning of olfactory bulb glomeruli sensory coding, 68
bilateral transection of lateral olfactory tract, 2-deoxyglucose uptake in olfactory bulb & projections, male rats, 5027
deafferentation, thyrotropin-releasing hormone concentrations in olfactory bulb, rats, 574
horseradish peroxidase technique, assessment of projections from locus ceruleus to olfactory bulb vs olfactory tubercle, cats & rats, 11583
lesions & 5,7-dihydroxytryptamine, mouse killing behavior, naive vs killer vs nonkiller rats, 5190

lesions of olfactory bulb projections, odor detection & arousal from slow wave sleep & mitral cell activity, male rats, 2901
luteinizing hormone-releasing hormone immunoreactivity in accessory olfactory bulb, male hamsters, implications for neuroregulation of sexual behavior, 7434
odor-specific olfactory cell spatiotemporal activity, proposed experimental design to differentiate contribution of differential sorption & regional mucosal membrane responsitivity, 2792
olfactory bulbectomy & phase of circannual body weight rhythm, hyperphagia, wild male European hamsters, 12229
olfactory nerve section, degeneration & regeneration of olfactory bulb neurons, frogs, 2896
olfactory stimulation, 2-deoxyglucose uptake in olfactory epithelium, salamanders, 2794
removal of vomeronasal organ vs olfactory bulbs, ultrasonic courtship vocalization & seminal vesicle regression & plasma testosterone, mice, 12237
topographic patterns of olfactory cell responsivity, salamanders, 2787
type of oderant, regional differences in ventral olfactory epithelium electrophysiological responses, salamanders, 5082
Olfactory Mucosa
amino acid stimulation of olfactory mucosa, correlation between olfactory receptor electroolfactographic & bulbar EEG responses, juvenile catfish, 12047
blockade of olfactory perception by N-methyl-formimino-methylester, olfactory sensory epithelium morphological alterations, male mice, 2910
nasal & oral trigeminal chemoreception & interaction with olfaction & gustation, terrestrial vertebrates, literature review, 2810
odor-specific olfactory cell spatiotemporal activity, proposed experimental design to differentiate contribution of differential sorption & regional mucosal membrane responsitivity, 2792
olfactory nerve section, degeneration & regeneration of olfactory bulb neurons, frogs, 2896
olfactory stimulation, olfactory epithelium activity as measured by 2-deoxyglucose uptake, salamander & mouse, 2786
olfactory stimulation, 2-deoxyglucose uptake in olfactory epithelium, salamanders, 2794
type of oderant, regional differences in ventral olfactory epithelium electrophysiological responses, salamanders, 5082
Olfactory Nerve
bilateral transection of lateral olfactory tract, 2-deoxyglucose uptake in olfactory bulb & projections, male rats, 5027
odor of aliphatic n-acetates & n-fatty acids, olfactory receptor cell responses, dogs vs box turtles, 12101
olfactory nerve section, degeneration & regeneration of olfactory bulb neurons, frogs, 2896
Olfactory Perception [See Also Odor Discrimination, Olfactory Thresholds]
blindness & female movement & lack of smell, courtship & copulation, male Drosophila melanogaster, 2737
blockade of olfactory perception by N-methyl-formimino-methylester, olfactory sensory epithelium morphological alterations, male mice, 2910
carbon dioxide concentrations presented to 1 vs both nostrils, perceived pungency, 18–55 yr olds, 11741
chemoreception in prey detection, Proteus anguinus vs Necturus maculosus, 2771
cortical & subcortical olfactory pathways, rats & rabbits & cats & dogs & monkeys, literature review, 2817
duality of olfactory sense, 11760
exposure to clean vs unclean cage vs cage containing familiar formaldehyde odor, tongue flicking, prairie rattlesnakes & western massasaugas & Crotalus durissus, 342
lesions of olfactory bulb projections, odor detection & arousal from slow wave sleep & mitral cell activity, male rats, 2901
magnitude estimations of odor & loudness, 18–25 vs 65–83 yr olds, 12447
main &/vs vomeronasal olfactory system, agonistic behavior, male mice, 12215
maternal vs simple exposure to nonnatural odor, attractiveness of odor at various ages, rat pups, 7291
nasal & oral trigeminal chemoreception & interaction with olfaction & gustation, terrestrial vertebrates, literature review, 2810
nasal lavage with varying concentrations of cyclohexanone vs dimethyl disulfide vs n-butanol vs ethyl acetoacetate, response to odors of cyclohexanone vs dimethyl disulfide, tiger salamanders, 12309
nonassociative neophobia & sensitization, potentiation of odor by taste, male rats, 7294
odor aversion conditioning compounded with taste cue, overshadowing of aversion conditioning, female rats, 9740
odor strength & chemical characterization of indoor air, human Os, implications for psychophysical model of air quality, 6897
olfactory & magnetic hypotheses, homing instinct, pigeons, 374
olfactory communication of biologic information, humans, literature review, 2526
olfactory communication of species & subspecies & individual & gender & hormonal condition & social status, marmosets & tamarins, 2713
olfactory recognition, female & calf reindeer, 4992
perceived magnitude of nasal irritant vs tone, smokers vs nonsmokers, 12257
rearing on lemon-scented vs unscented bedding from birth to weaning, preference for nesting in lemon-scented environments, male vs female rats, 2680
sniff pressure & resistance, perceived effort in sniffing, college students, support for odor constancy model, 11767
taste & smell as illustrative of environmental relationships, humans, 2545
vibrissal pad lidocaine injection vs infraorbital nerve section, nipple attachment & olfactory-guided orientation task performance & tactile sensation & vibrissal movement, rat pups, 7492
Olfactory Stimulation
activation & scenting of nipple with novel odor, nipple sucking, 3 day old rats, 9745
age & olfactory arousal, visual sensitivity, 157–420 day old male rats, 9706
appetitive classically conditioned orientation to novel & normally aversive odor, neonatal rats, 350
factor analysis, preferences among & sensitivity to visual & auditory & tactual & olfactory stimuli, male college students, 9520
home nest odors & age & circadian rhythms, effect of amphetamine vs phentolamine vs haloperidol on shock induced wall climbing, rat pups, 12244
maternal vs simple exposure to nonnatural odor, attractiveness of odor at various ages, rat pups, 7291
nasal lavage with varying concentrations of cyclohexanone vs dimethyl disulfide vs n-butanol vs ethyl acetoacetate, response to odors of cyclohexanone vs dimethyl disulfide, tiger salamanders, 12309
novel vs predatory vs conspecific olfactory stimulation, ultrasonic responses, neonatal rats, 7362
odor of aliphatic n-acetates & n-fatty acids, olfactory receptor cell responses, dogs vs box turtles, 12101
olfactory reference syndrome, 28 yr old female, 8000
preclusion of foot odors, conditioned maze running responses, male rats, 9778
prenatal &/vs postnatal exposure to odor, elicitation of 1st nipple attachment, suckling rats, 538
presence of odor vs taste in environment, toxicosis-based conditioning to environmental cues, male rats, 12003
runway & shuttle box for olfactory aversive conditioning, insects, 6936
taste & odor CS interactions with shock vs lithium chloride as UCS, male rats, 2701
taste & smell &/vs postingestinal stimuli, forming of flavor-toxicosis associations & food aversions, male rats, 11986
type of oderant, regional differences in ventral olfactory epithelium electrophysiological responses, salamanders, 5082
visual & olfactory deprivation, acoustically directed homing orientation, kittens, 5172
Olfactory Thresholds
gustatory neocortex lesions, potentiation of odor by taste during illness-induced aversions, male rats, 2904
lateralization, olfactory sensitivity to n-butanol, left handed vs right handed males, 9889
model electronic nose, analysis of discrimination mechanisms in olfactory system, mammals, 9332
odor detection thresholds for vapors of various explosives, rats, 2676
perceived magnitude of nasal irritant vs tone, smokers vs nonsmokers, 12257
valeric acid vapor, olfactory threshold detection curves, dogs vs humans, 2536
Oligophrenia [See Mental Retardation]
Oligophrenia (Phenylpyruvic) [See Phenylketonuria]
On the Job Training
performance feedback, psychological service program planning skills, school psychologists, 8814

Onset (Disorders)
age at onset & clinical & pharmacokinetic & neurophysiological factors, 16–76 yr old paranoid schizophrenics with vs without impairment of blood-brain barrier, 10507
age at onset of disorder & fluphenazine decanoate therapy, treatment response, chronic schizophrenics, 8480
age at onset of obesity, response to treatment for weight reduction, 16–67 yr olds, 8403
age of drinking onset, impairment of cortical & cognitive development & functioning, chronic alcoholics, 5848
age of onset, anthropophobia vs obsessive-compulsive neurosis vs neurasthenia vs acute anxiety, 1221
attempted suicide, sudden onset of stuttering & intervention with delayed auditory feedback, 28 yr old male, 3747
birth order & psychosocial factors & early parent child relations, onset of psychosomatic disorder, 16–64 yr old asthmatics, Japan, 13002
criteria for prognosis of paroxysmal schizophrenia, patients with disease onset in adolescence & youth, 1230
development of Hope Index Scale, measurement of hope, college students & psychiatric patients, implications for effects on mental & physical illness onset & duration & prognosis & recovery, 4772
familiarity vs novelty of room & presence vs absence of auditory cues, spatial updating stategies in location of objects, early vs late blinded vs blindfolded sighted 18–38 yr olds, 3838
family factors, onset & course & treatment of schizophrenia, literature review, 5733
isolated psychic seizures in initial period of epilepsy, 6041
life change & stress, onset of heart attack, 30–55 yr old myocardial infarction patients, 3849
life events & coping behavior & behavior change to avoid onset of depression, 14–66 yr old nonclinical Ss & nonpsychotic depressives with mean age of 40.2 yrs, implications for cognitive & behavior therapy, 8045
life events & social difficulties & poor physical health & lack of confidant, onset of depression, elderly, 5762
life events, onset of rheumatoid arthritis, 22–76 yr old females, 13005
methodology issues & model of variables, stress & illness onset, 11586
onset age, neurotic disorders, survey of protocols, 1952–60, 10579
onset between 11–15 yrs of age, outcome of anorexia nervosa, literature review, 8253
personality characteristics & number of hobbies & family history of atopic disorders & number of friends, onset & course & severity of asthma, 16–52 yr olds, 10761
perspective of biographical disruption, onset & development of chronic illness, rheumatoid arthritis patients, 10701
psychopathology & onset, chronic depressive subtypes, 10505
psychosocial adaptation before & after onset of illness, female patients with terminal vascular pulmonary hypertension, 13034
self description of behavior & onset & symptoms & criteria & role of body weight, bulimics with mean age of 24 yrs, 8166
sex, age of onset of affective illness measured by initial consultation, bipolar vs cyclothymic vs unipolar patients, 12868
skin vs deep-tissue injuries, onset of pain, 16–35 yr old patients, 13054
stress & life events, early & late onset of bipolar illness, 12831
sudden onset of stuttering & treatment, 36 yr old male, 6345
Ontogeny [See Development]
Open Classroom Method
perceptions of differential teacher treatment, 4th–6th graders in open vs traditional classrooms, 4432
traditional vs open plan school organization experience & uncontrollable outcomes, learned helplessness induction, high school students, 8888
Open Field Behavior (Animal) [See Animal Open Field Behavior]
Open Universities [See Nontraditional Education]
Operant Conditioning [See Also Avoidance Conditioning, Conditioned Emotional Responses, Conditioned Responses, Discrimination Learning, Escape Conditioning, Fading (Conditioning)]
acquisition of oral phencyclidine self administration, food-deprived vs food-satiated monkeys, 9996
acrylamide, operant behavior & spontaneous & amphetamine-induced locomotor activity & rotation as measures of toxicity, male rats, 675
adaptation of state notation to design & implement behavioral laboratory procedures, 9352
age differences in manipulation of noisy vs quiet toys, sound as reinforcement, 4–12 mo olds, implications for behavioral hearing tests, 3153
age, food acquisition problem solving, 2–3 vs 5–6 vs 8–9 mo rats, implications for development of object-oriented purposive llectual activity, 9776
aminophylline vs DH-ergotoxin alone vs with adrenaline vs noradrenaline vs isoprenaline, operant behavior, female rats, 696
amount of signaled & unsignaled extra food reinforcement at end of fixed-time intervals, schedule-induced drinking & interaction with eating, rats, 2700
analysis of operant theory of Skinner, literature review, 9228
atropine vs benactyzine vs scopolamine dosage levels, DRL performance, rhesus monkeys, 2962
auditory CSs for positive vs negative vs differential operant CRs, differential inhibition in auditory evoked potential changes, cats, 9875
availability of sinusoidal &/vs concurrent constant-rate reinforcement keys, response consistency & frequency, male pigeons, 2691
avoidance conditioning & bilateral lesions of frontal neocortex & hippocampus & hypothalamus, sensitivity to alarm signals of conspecific & aversive sound & light, dogs & male rats, implications for neurosis, 2913
behavioral analysis of chronic pain, literature review, 8191
behavioral functions of feedback, implications for terminology in operant & behavioral analysis, 4683
bibliography of studies on human operant behavior, 1958–81, 301
change vs consistency of sexual partner, mating response latencies in operant paradigm, rats, 2685
changes in FI reinforcement, response latency, male rats, 9738
chlorpromazine & operant conditioning, encopresis, 4 yr old male, 8383
classical conditioning of reflexive ankle jerk, event related slow potentials & comparison with contingent negative variation in operant task, 16–29 yr olds, 2801
complex instrumental conditioning, dogs, 4979
concurrent sequential watching, pigeons, 9747
conditional motor task learning & subsequent bilateral lesions of premotor cortex vs frontal eye fields vs superior parietal lobule, task performance & relearning, cynomolgus monkeys, 570
conditioned &/vs partial reinforcement in free-operant leverpress situation, responding during extinction, female rats, 9711
conditioned association between pictures of persons & vocalized responses, mynah, 9777
conditioned association of visual reinforcer with auditory stimulus, avoidance reaction to auditory stimulus alone, lovebirds, 7298
conditioned fear & noncontingent shock, enhancement during extinction, rats, 9781
context, operant conditioning, rats, 354
correlation vs contingency of responding & reinforcement, preferences, male pigeons, 2703
delay & probability of reinforcement in stimulus-reinforcer contingency in multiple schedules, keypecking response, pigeons, 11955
delayed-matching-to-sample procedure, assessment of memory for recent pecking behavior, male pigeons, 2692
development & application of PASTOR schedule programing language, control of operant experiments, 9273
diastolic blood pressure conditioning, levels of arterial blood lactic acid & systolic & diastolic blood pressure & heart rate, male baboons, 12113
dorsolateral prefrontal cortical ablation, delayed-response performance & nature of spatial memory loss, rhesus monkeys, 12225
effort required in standard maintenance feeding, subsequent effort expended in operant learning task, male rats, 11971
ethanol & operant alternation task, number of errors in simple alternation & rate of responding & response location variability, male rats, 10000
ethanol vs sucrose reinforced responding, male rats, 10035
extinction following treatment by 1 vs 3 days, recovery from ECS-induced amnesia, male rats, 12200
food amount & type as discriminative stimuli, stimulus control in operant time discrimination, rabbits & dogs & monkeys, 9768
frontal lesions, rate of barpressing, male rats, 9988
generalization of conditioned muscle tension, reply to H. Kotses & K. D. Glaus's criticisms, 7474
generalization of operant conditioning of EMG behavior & relevance to biofeedback, criticism of M. F. O'Connell & S. P. Yeaton's work, 7472
generalized matching equation for operant choice behavior, criticism of C. M. Allen's validation of power-function, 2689
generalized matching equation for operant choice behavior, reply to A. I. Houston's criticism of author's validation of power function, 2683

instrumental consumption of food under FR schedule, role of response deprivation & overjustification in food preference shifts, 3.6–4.5 yr olds, 7603
instrumental learning, treatment of orthostatic hypotension & idiopathic scoliosis, 6222
interface for Apple II microcomputer, control of behavioral laboratory experiments, 9299
intertrial interval & delay, accuracy of delayed matching to sample, pigeons, 9756
lateral vs medial vs central amygdalar nuclei lesions, alimentary reflex acquisition & retardation of avoidance conditioning, male rats, 5206
locus ceruleus & raphe lesions & disulfiram & parachlorophenylalanine, brain serotonin & noradrenaline decreases & development & consolidation of food procuring & defensive CR, male rats, 12182
maternal ethanol &/vs nicotine, offspring stillbirths & neonatal deaths & activity & operant performance, rats, 651
microcomputer interface, enhancement of input/output capacity for control of experiments involving large number of Ss, 9289
microcomputer-based system, control & recording of activity in operant chambers, 11576
microcomputer-controlled constant-current electrical brain stimulation system & BASIC programs for operant conditioning experimentation, 9333
modification of Sinclair ZX-80 microcomputer for operant laboratory control, 9356
morphine vs dextro-Ala-2-Met-enkephalinamide vs dextro-Ala-2-dextro-Leu-5-enkephalin, barpressing for obtaining vs escaping heat, cats, 598
multiple hedonic memory, performance on rewarded vs nonrewarded trials, male rats, 11958
naloxone vs naltrexone, milk consumption & FR responding maintained by milk, male rats, 683
operant conditioning principles, marketing, 2297
operant learning method, behavioral assessment of dopaminergic effects of dextroamphetamine & apomorphine & haloperidol & methohexital, female rats, 7547
operant response rate & attribution of teaching success & ability, female college students receiving contingent vs noncontingent reinforcement, 2638
operant treatment techniques & contingent sensory stimulation, mentally retarded & autistic children, literature review, 1567
operant vs relaxation vs cognitive vs multimodal behavioral treatment, chronic pain, literature review, 8421
pacing & monetary reinforcement, acquisition & performance of response sequences, 18–27 vs 67–75 yr old males, 814
PET microcomputer control of operant schedules & VAX analysis of spatial dispersion & dispersal of animals, rats, 9284
phenazocine vs ketazocine vs ethylketazocine & naloxone, schedule-controlled behavior, male pigeons, 12300
phencyclidine &/vs pentobarbital, operant responding in repeated-acquisition task, male pigeons, 10044
picture pointing technique vs visually reinforced operant task used with infants, assessment of speech discrimination, 4 yr olds, 7676
preclusion of foot odors, conditioned maze running responses, male rats, 9778
presentation of response-contingent signal prior to reinforcer delivery, blocking & conditioned reinforcement effects, pigeons, 9783
propranolol & atropine & elaboration of alimentary instrumental reflexes & nonavoidable pain, heart rate control, rats with weak vs pronounced innate passive defensive reaction, 5246
psychological methodology, matching of stimulus duration, male rats, 2370
reinforcement & response specificity, transfer from appetitive Pavlovian conditioning to appetitive instrumental responding, rats, 11954
reinforcement history, effectiveness of omission training conditions, 4.5–11 yr olds, 768
reinforcement of correct double alternation sequence, operant conditioning, male rats, 9775
reinforcement of pause length following reward vs nonreward, conditioning, pigeons, 2704
reinforcement schedule vs reward magnitude, pattern running performance, rats, 348
reinforcement variations associated with serial trial position, response patterns, male rats, 9729
role of operant behavior analysis research in human social & verbal behavior, basic vs applied research, 4610
serial positive patterning training, CRs to elements of pattern, male rats, 9761
shift from high to low percent sucrose solution, negative contrast & role of increased aggression vs frustration in operant barpressing, male rats, 7313
shift from multiple VI VI baseline to multiple signaled VI VI vs mutiple extinction VI schedules, behavioral contrast & autochecking, pigeons, 349
single-case methodology in operant conditioning research, 11587
size of travel requirement for changeover in concurrent VI VI schedules, operant matching, male pigeons, implications for foraging optimization strategies, 2684
slow wave sleep vs wakefulness & visual attention vs bar pressing for reward, neuronal firing in pulvinar nucleus of thalamus, cats, 12075
social deprivation & age & visual reinforcement & housing conditions, operant learning, male albino adult rats, 7310
species differences, learning under response-independent VI vs variable time schedule, crows vs pigeons, 9752
thermal reinforcement, head raising behavior, 1–8 day old rats, 11979
time interval in FI vs FR vs fixed-time positive reinforcement schedules, adjunctive defecation, rats, 2699
time of intrusion of visual vs auditory stimulus during interreinforcement interval in VI schedule, response rate, pigeons, 7312
time out following FI food delivery, attack, male pigeons, 7303
top-down designed FORTRAN program, control of operant choice experiments, 9287
training on continuous vs FR schedules, level of hunger motivation during extinction, genetically obese male mice, 12040
unilateral 6-hydroxydopamine & kainate lesions of striatum contralateral vs ipsilateral to preferred forepaw or arm of maze, lever & forepaw preference & rate of leverpressing & rotational behavior, male rats, 9986
withdrawal from nonreinforcement in partial reinforcement runway situation, inhibition of performance, rats, 7301

Operation (Surgery) [See Surgery]

Ophidiophobia
coping self instructions & covert modeling, reduction of fear of snakes, college students, 4044
expectancies for improvement in flooding therapy, actual improvement, 18–29 yr old snake phobics, 13248
heart rate & magnitude estimation of fear, assessment of treatment effectiveness, 18 yr old snake phobic female, 13218
level of social demand, congruence between self efficacy judgments & performance before vs after modeling treatment & avoidance & fear arousal, 18–57 yr old snake phobics, 5794
manipulation of perceived self efficacy, fear arousal & coping behavior, snake- & spider-phobic 16–62 yr olds, 3540
participant modeling vs placebo treatment, avoidance & fear of snakes, Ss with mean age of 24 yrs, 1551
psychoanalytic vs rational emotive vs behavior therapy rationales for treatment of snake phobia vs test anxiety vs depression vs paranoid schizophrenia, perception of therapy & client & psychologist & disorder, college students, 3917
semantic conditioning, reduction of avoidant behavior, snake phobics, 4040
viewing distance of 2.5–15.0 ft, intensity of fear, 18–26 yr old snake phobics, 13251

Ophthalmologic Examination [See Also Electro Oculography, Electroretinography]
sensitivity of visual evoked potentials vs neuro-ophthalmological examination, detection of pathology, Ss with optic nerve disorders, 6006

Ophthalmology
hysteria & psychosomatic phenomena & mental disorders & research, ophthalmological disease, literature review, 10746

Opiates [See Also Apomorphine, Heroin, Morphine, Papaverine]
admission to community-based treatment program, posttreatment opioid use, Black & White opioid addicts with mean age of 25 yrs, 6-yr followup, 6510
age & sex & ethnicity & socioeconomic status & drug cost & availability & length of addiction, opium dosage, opiate addicts, Laos, 10649
alpha-2 adrenoceptors & opiate receptors & morphine & opiate peptides & clonidine locus coeruleus neurons, literature review, 436
classical conditioning factors, opiate dependence, literature review, implications for treatment, 5823
client characteristics of criminal & legal history, outcomes in methadone maintenance vs therapeutic community vs outpatient drug-free programs, opioid addicts with mean age of 26 yrs, 6511
clonidine & lofexidine, opiate detoxification, outpatients, 1841

clonidine, anatomical & physiological & biological processes in opiate withdrawal, implications for treatment of mania & schizophrenia, 1824
clonidine, drug withdrawal symptoms & treatment of opiate addiction, literature review, 1835
clonidine, opiate withdrawal & cognitive & affective & physiological symptoms, 1828
demographic & personality characteristics, opiate addicts classified as abstainers vs continued abusers, implications for counseling amenability, 13466
discovery & function of endorphins & opiates, literature review, 497
drug use patterns & opium, 14–18 yr olds, Iran, 5401
exposure vs adaptive orientation, addiction to heroin & other opiates, literature review, 1243
front- vs hind-paw shock & naloxone & morphine tolerance, opiate vs non-opiate analgesia, male rats, 550
hippocampal distribution of serotonin & cholinergic-muscarinic & alpha-adrenergic & opiate-type receptors, 62 yr old deceased male, implications for neurological pathology, 9833
morphine sulfate vs other opiate agonists vs cocaine hydrochloride vs lithium chloride vs (-)-naloxone hydrochloride, conditioned place preference vs aversion, male rats, 5260
morphine vs analgesic U-49,274A vs pentazocine dosage levels & self administration & naloxone, plasma corticosteroids, rats, 2959
noradrenergic locus coeruleus & clonidine, opiate withdrawal, nonhuman primates, literature review, 679
number of inescapable shocks & stress situations, opioid analgesia, male rats, 11970
opiate receptor classification into mu & delta & kappa sites, literature review, 494
opiate receptors & vocalization & enkephalin neuronal systems, pain perception, 487
phenyldiguanide, stimulation of pulmonary vagal afferents & resultant cardiovascular & respiratory & motor coordination effects, male rats, implications for cardiovascular effects of opioids, 2986
prenatal 1-methadone hydrobromide, postnatal 1-methadone hydrobromide levels in brain & liver from birth to 30 days of age, rats, implications for persistent opiate withdrawal symptoms in rats & human neonates, 649
public policy & regulations in treatment of opiate addiction, 6498
relapse antecedents & concomitants, male opiate addicts on methadone maintenance, 13456
reliability of diagnosis, opiate addicts, 3703
residence relocation, abstinence from opioid use, adult male opioid addicts, 20-yr followup, 5839
role of brain dopamine vs norepinephrine in reinforcing effects of alcohol & opiates, criticism of R. Wise's findings, 9989
role of dopaminergic cells of ventral tegmentum in rewarding action of opiates, comment on R. Wise's article, 10051
sc vs globus pallidus opiate drug injections, head turning induced by striatal electrical stimulation, rats, 12351
sex differences, social adjustment & absence of crime & drug abuse during treatment in therapeutic community, 19–26 yr old opioid abusers, 2-yr followup, 6488
subclasses of opiate receptor binding sites, human brain membranes, 12085
Opinion (Public) [See Public Opinion]
Opinion Change [See Attitude Change]
Opinion Questionnaires [See Attitude Measures]
Opinion Surveys [See Attitude Measures]
Opinions [See Attitudes]
Opium Alkaloids [See Alkaloids, Opiates]
Opium Containing Drugs [See Opiates]
Opium Derivatives [See Opiates]
Optic Chiasm
hemifield stimulation with reversing checkerboard pattern, visual evoked potentials, 12–77 yr olds with optic chiasm or cerebral parenchyma lesions, 8202
monocular full-field & hemifield pattern reversal stimulation, visual evoked potentials, 9–72 yr old patients with homonymous & bitemporal field defects due to chiasmal or retrochiasmal lesions, 8217
Optic Lobe
connections between visual cortex areas & superior colliculus vs visual telencephalic areas & optic tectum, mammals vs birds, 9829
intraocular injection of labeled N-acetylmannosamine following dark adaptation, labeling in gangliosides & glycoproteins of retinal ganglion cell layer & optic tectum following light exposure, chickens, 7536
lesions of tectofugal visual pathway, luminance difference thresholds, pigeons, 572
optic tectofugal projections to nucleus prethalamicus & nucleus isthmi, brackish water & marine teleosts, 493
photic & optic nerve electrical stimulation, dorsal hippocampus activity & relation to striate cortex response, rats with pons transections vs tectum vs cingulum lesions, 5112
retinal ganglion cell afferent distribution in layer 9A of superficial tectal neuropil, frogs, 9853
superior colliculus & pretectum & thalamus ablation, initiation & accuracy of saccades to central & peripheral visual targets, macaques, 5203
Optic Nerve
iontophoretic 5-hydroxytryptamine, postsynaptic depression in dorsal lateral geniculate nucleus during visual stimulation vs acetylcholine vs homocysteic acid iontophoretic pulses, cats, stimulation methodological implications, 7555
lateral eye retinal inputs to optic ganglia of brain, horseshoe crabs, 5042
optic nerve crush, role of retinal ornithine decarboxylase activity in neural regeneration, goldfish, 573
optic nerve stimulation, potassium accumulation, 1–3 day old vs adult rat optic nerve, 558
photic & optic nerve electrical stimulation, dorsal hippocampus activity & relation to striate cortex response, rats with pons transections vs tectum vs cingulum lesions, 5112
sensitivity of visual evoked potentials vs neuro-ophthalmological examination, detection of pathology, Ss with optic nerve disorders, 6006
Optic Tract
retinal ganglion cell afferent distribution in layer 9A of superficial tectal neuropil, frogs, 9853
24-hr vs 1-hr light-dark cycles & lesions of primary vs accessory optic system vs retinohypothalamic tract/suprachiasmatic nucleus, sleep, rats, 12180
Optical Aids
age, music reading speed using Optacon, blind 10–24 yr olds, 13429
Optical Illusions [See Illusions (Perception)]
Optimism
development of Hope Index Scale, measurement of hope, college students & psychiatric patients, implications for effects on mental & physical illness onset & duration & prognosis & recovery, 4772
egocentrism & role taking vs information regarding classmates, perception of own vs other chances of experiencing negative events, college students, implications for optimistic bias, 3502
psychological factors including anxiety & optimism & self sufficiency, prediction of breast biopsy outcome, female patients, implications for treatment, 10769
unrealistic optimism about susceptibility to health & life-threatening problems, college students, 7950
Optokinetic Nystagmus [See Nystagmus]
Optometrists
purposes & types of testing, problem of professional turf guarding in testing learning disabled students, school psychologists vs reading specialists vs optometrists vs speech therapists vs teachers, 6819
Oral Communication [See Verbal Communication]
Oral Contraceptives
oral contraceptive use & phase of menstrual cycle, need for sleep, female college students, 10014
Oral Reading
audience presence &/vs threat of evaluation, oral reading errors, academically handicapped 9.2–12.8 yr olds & nonhandicapped 3rd–6th graders, implications for mainstreaming, 2040
dysfluency & fundamental frequency & vocal sound pressure level in monotone reading, 14–41 yr old stutterers vs 15–39 yr old nonstutterers, 5900
Edinburgh Masker, speech during oral reading & spontaneous speech, 12–19 yr old stutterers, 6338
oral reading error analysis research, criticism of D. Leu's review, 6823
oral reading fluency as goal in remedial reading, 13671
teaching strategies during oral reading, reading fluency, 1st & 2nd grade minority group students, 11213
text difficulty & memory strategy limitation, oral reading comprehension, 4th graders, 765
tutorial hypothesis testing instruction vs oral reading practice vs word recognition training, comprehension skills, remedial reading elementary school students, 11365
visual field, oral reading & writing to dictation task performance involving abstract emotional vs nonemotional vs concrete words, male aphasic patients, 5989

Organ of Corti [See Cochlea]
Organ Transplantation
attitudes toward kidney donation for transplantation, Blacks, 6349
embryonic forebrain transplantation into midline cerebellum vs cerebellar lesions, behavior, rat pups, 5191
neonatal transplantation of brain tissue from males, sexual behavior, female rats, 9924
renal transplant, family structure & relations, 9 & 10 yr old females & 19 yr old male & their families, 1690
Organic Brain Syndromes [See Also Alzheimers Disease, Delirium Tremens, Korsakoffs Psychosis, Presenile Dementia, Senile Dementia, Toxic Psychoses]
Canter Background Interference Procedure for Bender Gestalt Test, screening for organic brain dysfunction, 16–65 yr old epileptics, 4729
improvement during hospitalization, 54–94 yr old psychiatric patients with functional vs organic vs mixed diagnosis, 1791
incidence of substance abuse & schizophrenic disorders & organic brain syndrome & referral characteristics, emergency room patients aged 40–65 yrs & over, 4209
problems with administration & scoring & design & validity of Object Learning Test of Kendrick Battery, detection of dementia, 193
problems with design & validity of Object Learning Test of Kendrick Battery, detection of dementia, criticism of article by M. Skelton-Robinson & R. Telford, 155
propranolol, control of rage outbursts & aggressive behavior, 7–35 yr olds with organic brain dysfunction, 6320
Rorschach test results, patients with damage to frontal-parietal vs temporal vs occipital lobes vs brain stem, 10744
substance abuse & depression masked by pseudodementia, 60 yr old female, 1099
unexpected worsening of symptoms during phenothiazine therapy as indicative of possible organic brain syndrome, 18–40 yr olds, 8488
value of EEG findings in diagnosis & treatment of organic psychosyndrome, patients with normotensive hydrocephalus & brain atrophy & dementia, 13052
Organic Therapies [See Also Drug Therapy, Electroconvulsive Shock Therapy, Psychosurgery, Vitamin Therapy]
ginseng & eleutherococcus, hypothalamic-pituitary control of stress, mice & rats, 10008
lecithin, manic depression, 18–40 yr olds, 1600
lecithin treatment, cholesterol level, 50–76 yr old Alzheimer's patients, 8487
Organization (Spatial) [See Spatial Organization]
Organizational Behavior
adaptation to sudden unprecedented death, organizations, 9162
application of latent trait theory, organizational research, 11710
application of organizational behavior theory of C. Argyris to college housing, role of resident assistant, 2085
bases of influence from personal source, changes in organizational decision makers' product evaluations & purchases, librarians & scientists & budget administrators, 2132
basic vs applied vs applicable research in social & organizational psychology, 10384
corporate control & performance, managerial succession, large industrial corporations, 1971–80, 9105
dependency & performance variability differences & leader-follower relationships, organizational volunteers vs employees, 2231
evaluator preconceptions about organizational decision making in social programs, program evaluation, 49
holistic construal, representing & testing organizational theories with wholesale distribution companies, 2216
individual operator error count, compliance with crew coordination procedures, aircrew, 4558
information processing framework of organizational communication, organization members, 4591
issues in organizational school psychology, 6613
management team system, application of behavioral techniques to organization, 9116
model for political & organizational family policy developments, 3324
organization of psychiatric institution, social & therapeutic effects, patients, 13409
organizational & community responses to deinstitutionalization strategy, juvenile status offenders, 4244
organizational ownership & size & managerial level & professional discipline, goals & tactics of influence, middle level vs assistant managers, 9114
organizational responses to political budget control & patronage placement, machine vs reform county health departments, 9173
organizational stages & problems of authority & leadership, lesbian-feminist radical organization, 2183
organizational subgroup quota constraints, recruitment & performance outcomes, personnel, 13768
participant social relationships & opinions, efficacy of management course, trainees in meat & milk industry, 13792
planning of personnel operations for mining corporation, Australia, 9174
questionnaire development, assessment of conflict between individual & organization, 18–60 yr old workers, 124
reliability & validity of informant reports, wholesaler-retailer dyads, 7140
review of K. Marx's philosophy of social consciousness, implications for corporate social responsibility, 2129
role of culture in micro-organizational behavior, literature review, 4580
school as organization, literature review, 8796
selection of behavior to modify through organizational behavior management, 9117
sex differences, organizational leadership assessed by in-basket simulation vs paper & pencil scenario experiment, college students, 11612
social & economic influences, welfare administration performance, 4579
sources of potential harm to information reliability, acceptability & design of decision support systems, 2257
structural equation modeling vs multidimensional scaling, test of Likert's theory of organizational structure & behavior, 6863
task & group involvement & performance feedback, attributional effect of performance cues on self report descriptions, college students in simulated organizations, 9160
Organizational Change [See Also Organizational Merger]
design of information systems, organization not familiar with new technology, 6886
efficacy of quantum vs piecemeal-incremental approaches, organizational structural change, successful vs unsuccessful business firms, Australia & Canada, 9163
elements of organizational culture & development & change & managers' job model & performance & perceived freedom, male middle managers, 2200
implementation, organizational behavior management, 4574
implementation, organizational behavior management, manager's perspective on F. Luthans & M. J. Martinko's article, 4575
job reorganization & redesign, work meaningfulness & autonomy & employee relations & skills & physical & emotional strain, 13805
leadership style management development & organizational change, satisfaction & effectiveness & productivity, employees, 4567
management of organizational change to uncertain future state, 2203
mechanistic vs organic model for mapping organizational change, police organizations, 9158
methodologies for evaluation of organizational effectiveness & program cost vs benefits, 75
methods for introduction of new technology & management of operations, managers, 2190
model of organizational change in primary schools, 11146
organizational change management, executives, 9135
organizational change techniques used by large corporations, 2202
organizational change, work satisfaction, university school of nursing educators, 6-yr longitudinal study, 1847
organizational responses to political budget control & patronage placement, machine vs reform county health departments, 9173
planning model, implementation of technological change, 9126
problem solving methods, organizational rigidity, executives, 9106
rational strategy vs delta technique in role play, implementation of change in hypothetical organization, graduate business students, 11488
techniques, management of organizational change, 2181
Organizational Climate
application of PROBE model for assessment of organizational environment & behavioral repertoires, improvement in error rates, employees, 4554
convergent & discriminant validity of subjective vs objective organizational climate scales, real estate brokers & salespeople, 7064
effect vs general vs functional congruence theories of person-situation interaction, prediction of work satisfaction, industrial foremen, 9151
elements of organizational culture & development & change & managers' job model & performance & perceived freedom, male middle managers, 2200

job reorganization & redesign, work meaningfulness & autonomy & employee relations & skills & physical & emotional strain, 13805
organizational characteristics & employee values, structure & intensity of optimal work motivation, industrial skilled workers vs personnel with academic degrees, 6871
organizational climate & employee creativity, 13808
organizational climate, identification with work vs organization, middle management technicians in textile mills, 2206
organizational climate, job satisfaction & perceived supervisory style, teachers, 1908
organizational climate, productivity, public sector organization employees, 2223
organizational pressure for performance & experienced time pressure, job performance & job satisfaction, 21–60 yr old retail sales managers, 9109
organizational size & level & span of control, perceptions of openness in superior-subordinate communication, subordinates, 4584
personal work orientations & organizational climate, career success, middle & top managers with mean ages of 43.9 & 45.5 yrs, 11470
personnel evaluation in "Theory Z" or Japanese business organizations, 11468
psychological & organizational climate discrepancy, job satisfaction & performance, foremen, 9150
school organizational characteristics, on-the-job learning, teachers, 8811
unit productivity, perceptions of organizational climate, 25–35 yr old male hosiery unit employers vs workers, 9165
work environment as cause & means of prevention of occupational stress & role of occupational physician, 11010

Organizational Crises
adaptation to sudden unprecedented death, organizations, 9162
perception of & techniques for elimination of intergroup conflict in industry, high vs low level managers, 2182
social cognition processes, sensing of organizational problems, managers, 9123

Organizational Development
competing values approach as diagnostic tool & theoretical framework for organizational development, 11501
competing values approach to organizational diagnostics, reply to criticism of R. R. Blake & J. S. Mouton, 11500
contrasting trajectories for quality of working life program development, manufacturing facilities, 2222
corporate image in brewing industry, beer production & consumer behavior, Great Britain, 2233
design of information systems, organization not familiar with new technology, 6886
development & implementation of combined planning & appraisal system, organizational commitment & productivity, government employees, 11503
effectiveness of organizational intervention to improve therapist-generated information, staff of community mental health center, 11006
elements of organizational culture & development & change & managers' job model & performance & perceived freedom, male middle managers, 2200
emergence & key figures & history of organizational development through mid-1960's, 2220
evaluation of laboratory training vs survey feedback vs team building vs process consultation, organization development interventions, 11505
grid framework for organizational development, criticism of R. E. Quinn & M. R. McGrath's paper, 11490
implementation of career development program, small business with 8 employees, 2229
intervention in loosely organized system, diagnoses & evaluations of individual agencies, county mental health organization & community agencies, 11002
involvement in quality of work life program, experienced influence & job autonomy & supervisor participativeness & influence, utility managers & engineers & technical/clerical staff, 11498
life stage of simulated organizations, intergroup organizational development intervention, 35–50 yr old middle managers, 2235
management-by-objectives intervention, perceived performance & satisfaction, university business & economics faculty members, 1926
methodological rigor, results of evaluation of organizational development research, 13800
organizational development intervention based on modeling, supervisory skills & relations with subordinates, company foremen, longitudinal study, 11499
organizational development vs management training, employee productivity, 11474
planning of personnel operations for mining corporation, Australia, 9174
potential threat posed by "groupthink", effective decision making in autonomous work groups for improvement in quality of working life, 2224
profiles of human resources development consultants, 11494
social criteria & impact, development & implementation of advanced information technology in workplace, 11434
system of seminars to deal with problems arising from corporate mergers & acquisitions, 11489

Organizational Goals [See Organizational Objectives]

Organizational Merger
system of seminars to deal with problems arising from corporate mergers & acquisitions, 11489

Organizational Objectives
infusion of organization with sense of purpose, leaders of successful organizations, 9136
personal values & priority of organizational goals, male vs female college business students, 8915

Organizational Psychology [See Industrial Psychology]

Organizational Structure
alternative approach to identification of cognitive dimensions of work unit structures within organizations, 35–39 yr old employees, 9141
bureaucratic orientation, job satisfaction & involvement, engineering teachers in higher institutions, India vs Great Britain, 13575
corporate control & performance, managerial succession, large industrial corporations, 1971–80, 9105
development & validity & reliability of instrument to classify organizations & subunits of organizations, 9166
development of organizational sociotechnical systems theory & research, North America, literature review, 11497
efficacy of quantum vs piecemeal-incremental approaches, organizational structural change, successful vs unsuccessful business firms, Australia & Canada, 9163
occupational segregation & unionization & women's participation in blue & white collar levels of industrial classifications, implications for labor stratification theories, 13801
organizational characteristics, organizational work force participation, Blacks & females, literature review, 6849
organizational models, commitment rates, juvenile court judges, 3346
organizational ownership & size & managerial level & professional discipline, goals & tactics of influence, middle level vs assistant managers, 9114
organizational size & level & span of control, perceptions of openness in superior-subordinate communication, subordinates, 4584
organizational structure of police department, official crime rates, 6872
organizational structure using sociotechnical self managing work groups, perceived control, top vs middle managers vs workers, 9112
presence of formal participatory body, levels of interaction & communication & influence & perceived effect on upper managerial decisions, lower level managers, 9113
recruitment strategies & ideology & movement structure & social forces, Hare Krishna movement, 5493
structural equation modeling vs multidimensional scaling, test of Likert's theory of organizational structure & behavior, 6863
survey of actual & preferred organizational structure of behavioral science teaching, medical schools, 1846

Organizations [See Also Alcoholics Anonymous, Business Organizations, Government Agencies, Health Maintenance Organizations, International Organizations, Labor Unions, Nonprofit Organizations, Professional Organizations]
boundary management, leadership at organizational level, 2192
characteristics of positive management, organizations, 13788
development & validity & reliability of instrument to classify organizations & subunits of organizations, 9166
efficacy of normative vs altruistic vs reciprocal positive vs negative persuasive appeals in dealing with bureaucratic organizations, 11506
formation & management of psychiatric associations & institutions, France, 1860
management of meaning, leadership in organizational context, 2209
need for organizational stress management training programs, 4549
needs of children under 5 yrs of age, surveyed organizations, UK, 4117
organizational &/vs rater effects, performance rating differences, nurses & university resident advisors, 2180
organizational issues, psychology of occupational safety, 13746

photography, meeting evaluation, 6945
social interaction within oganizations & political exposure, alienation in immediate relationships & from political processes, voters, 5582
technological changes & resultant societal changes, implications for research agencies & manufacturers & workers, 2130
utilization of organizational research, literature review, 9139
Orgasm [See Female Orgasm, Male Orgasm, Premature Ejaculation]
Orientals [See Asians]
Orientation (Perceptual) [See Perceptual Orientation]
Orientation (Spatial) [See Spatial Orientation (Perception)]
Orienting Reflex
changes in illumination, bidirectional heart rate response, infant rats, implications for distinction between orienting vs defensive reflexes, 4985
cortical steady potential level & bioelectrochemical potential during orienting reaction & defensive CR, rabbits, 12095
early learning of orienting reflex & conditioned nonavoidance & active avoidance, subsequent learning as adults, 7–10 & 12–14 & 15–16 day old rats, 11956
EEG correlates of attention during habituation/dishabituation of orienting response, 3–10 yr olds, 12420
high vs low orienting reflex, electrodermal configurational conditioning, 15–35 yr olds, 5139
instructions & verbal differential semantic conditioning, inhibition of GSR measure of orienting reflex, college students, 9913
interstimulus interval & stimulus novelty & significance, responsivity of GSR as index of orienting reflex, college students, 9912
task instructions, habituation of GSR index of orienting reflex, college students, 9911
Orienting Responses
anterior vs posterior cingulate cortex lesions, classical conditioning of heart rate & eye-blink, rats, implications for cingulate mediation of cardiovascular orienting responses, 7516
anteromedial frontal cortex lesions & postoperative visual deprivation, shock avoidance visual discrimination choice latency, male rats, implications for attentional/orienting functions, 9929
anticipatory cardiac arousal in orienting response context, response fractionation, 20–25 yr olds, implications for dual-process model of preliminary orienting response processes, 9903
attentional vs neutral instructions & forward vs backward conditioning analog, habituation & recovery in autonomic conditioning, college students & staff, 12124
auditory information, EEG orienting response, acute vs recovered schizophrenics vs neurotics, 12841
auditory stimuli & variation in temporal delays, cardiac response & head turning, neonates, 3139
bursts of white noise from left vs right loudspeaker, sternomastoid orienting response, 18–24 yr olds, 7219
elicitation of habituation of orienting response, literature review, 4914
extinction of orienting investigating reactions in open field test, rats, 12002
heart rate & skin conductance during arousal & orienting & attention, learning disabled children, literature review, 12982
hippocampal & superficial cortical lesions vs no surgery, place navigation impairment, female rats, 579
lesions of superior colliculus vs caudate nucleus vs nucleus centralis lateralis, head-eye turning response induced by electrical stimulation of pulvinar lateralis posterior complex, cats, 2872
passerine alarm & mobbing calls, localization of calls & orientation, hawks & owls, 7324
silil derivatives of alpha-pyrrolidone, emotional behavior & orienting response & locomotor activity & brain GABA & dopamine metabolism, mice, 10046
Originality [See Creativity]
Orphans
placement in Villages d'Enfants de France, academic & occupational achievement, 6 yr olds followed up in adulthood, 8590
Orthogonal Rotation
orthogonal vs oblique rotation analysis, factor structure of Bem Sex-Role Inventory, males vs females, 9374
Orthography
development of orthographic knowledge, 4–10 yr olds, 7653
incomplete sentences & letters presented in upper vs lower case, word naming latency, college students, 9621
orthographic & lexical properties of visual letter string, component letter search time, college students, 9610
orthography of Asian vs Western languages, incidence of reading disabilities, 5th graders, US vs Taiwan vs Japan, 3744
phonemic vs graphemic vs semantic similarities between pairs of English words & Chinese logographs, lexical coding & recognition, native English- vs Chinese-speaking college students, 9626
phonetic & orthogenic similarity, picture naming, college students, 9655
recognition of fingerspelled words, deaf adults, implications for use of orthographic structure, 10720
statistical norms for Toronto Word Pool for imagery & concreteness & orthographic variables & grammatical function, college students, 9494
understanding of English spelling system, assessment of linguistic knowledge, 7 yr olds, 5390
variation of phonological vs orthographic factors, performance on lexical decision & pronunciation tasks, college students, implications for grapheme-grapheme conversion rules, 9618
word regularity & frequency, judgments of spelling-sound correspondences, 14–62 yr olds, 10058
Orthopedically Handicapped [See Physically Handicapped]
Orthopsychiatry
boundaries & regulatory function of scientific community, authors' personal experience, 4296
Oscilloscopes
electronic circuit to generate visual oscilloscope waveform patterns containing Z axis abrupt transitions in frequency & amplitude, 6989
Otosclerosis
psychophysiology, assessment of multiple pulse modulated sound, patients with otosclerosis & neurosensory deafness & trauma to temporal region due to tumor removal, 13096
Outcomes (Psychotherapeutic) [See Psychotherapeutic Outcomes]
Outcomes (Treatment) [See Treatment Outcomes]
Outpatient Psychiatric Clinics [See Psychiatric Clinics]
Outpatient Treatment
benefits of & psychotherapeutic processes in cotherapy, schizophrenia, outpatients, 1502
client characteristics of criminal & legal history, outcomes in methadone maintenance vs therapeutic community vs outpatient drug-free programs, opioid addicts with mean age of 26 yrs, 6511
clonidine & lofexidine, opiate detoxification, outpatients, 1841
comprehensive rehabilitation program, deterrence of rehospitalization, severely disturbed psychiatric outpatients with mean age of 25.4 yrs, 4192
day treatment in childhood, psychiatric disturbances, 16–26 yr olds, 10-yr followup, 6390
efficacy of therapeutic encounter groups, schizophrenic outpatients, 10893
factors associated with poor transition from inpatient to outpatient treatment, psychiatric patients, 1770
group therapy, schizophrenia, in- & outpatients, literature review, 6202
hospital-based behavioral outpatient multidisciplinary treatment, chronic pain patients, 1759
liaison for patient transition from hospital to day treatment centers, 13407
major presenting problems in consultation in primary care clinic for outpatients, psychiatrists, 8713
Medicaid patient characteristics & discipline, medical record keeping & delivery of outpatient psychiatric care, nonphysician mental health workers at psychiatric & hospital clinics, 1719
outpatient treatment, chronic psychotics, 8651
outpatient treatment/rehabilitation program, mentally ill adolescents & adults, 11009
outpatient vs inpatient treatment, psychotics vs neurotics committed to psychiatric hospital, 6455
past behavior & life situational factors & self predictions, prediction of treatment dropouts, outpatient psychotherapy clients with mean age of 33 yrs, 6125
predictors of sex differences in outpatient medical care utilization, 18–89 yr olds, 1672
psychiatric outpatient care vs supportive home visiting from community psychiatric nurses, 18–69 yr old neurotic patients, 1715
reality construction & exploration as part of treatment process in therapeutic communities, psychiatric day hospital vs "concept house" for treatment of drug addicts, 10774
selection process, outpatient detoxification, tranquilizer & sedative-hypnotic addicts, 1829
sex, symptoms of psychiatric distress & utilization of in- vs outpatient psychiatric services, psychiatric patients vs drug addicts under 55 yrs vs 55 yrs old & older, Iran, 6095
social & coping skills training group in psychiatric day hospital unit, 22–60 yr olds with life crises stresses, 13418

social skills assessment by staff vs patients vs structural methods, day hospital staff & 23–59 yr old psychiatric patients, 11630
statute requiring equal insurance coverage for treatment in outpatient psychiatric centers, 12592
therapist ratings & demographic variables, prediction of psychotherapy attendance, community mental health center outpatients, 6131
treatment by objectives & acute stabilization & day treatment & medication/monitoring, partial hospital treatment program, 1713
uninstitutionalization & use of community care services, 18–35 yr old chronic psychiatric patients, 1717
utilization of psychiatric hospital or outpatient services before & after self poisoning, 15–79 yr old patients, 6360
Outpatients
American Psychiatric Association Task Force screening criteria, review of drug therapy practices, outpatients, 13275
anticipatory nausea & emesis, 18–82 yr old cancer chemotherapy outpatients, 8472
antidepressant & neuroleptic & hypnotic drug prescriptions, psychiatric patients during hospitalization vs in outpatient clinics, 1625
assessment of urgency of problem, therapists vs scheduled vs walk-in patients at outpatient clinic, 4144
Beck Depression Inventory vs Form E of Depression Adjective Check Lists vs Generalized Contentment Scale, psychiatric inpatients vs outpatients vs graduate students, 4719
clinic symptoms, borderline states, hospitalized vs nonhospitalized 15–50 yr old patients, 1774
correlates & severity of self reported & clinically assessed depression, alcoholic outpatients with mean age 37.9 yrs, 12966
daily functioning levels, senior citizen center participants vs adult day care clients vs nursing home patients, 10983
diagnosis of borderline conditions, 15–50 yr old outpatients vs hospitalized patients, 10542
distance between home & outpatient clinic & enrollment in treatment, outpatients, 4141
effective strategies in ego activation psychotherapy, acutely depressed outpatients, 8352
effectiveness of skill &/vs cognitive approach in assertiveness training, 21–59 yr old community mental health outpatients, 10906
factors associated with poor transition from inpatient to outpatient treatment, psychiatric patients, 1770
incidence of psychiatric & physical disorders, 15–64 yr old outpatients, Sri Lanka, 7967
psychotherapeutic issues, beginning therapists in VA outpatient clinic, 6110
reported group therapy curative factors, male chronic alcoholic outpatients with mean age of 54.8 yrs, 6497
self selection of experiment volunteers, experimental bias in evaluation of mental health services, adult outpatients, 11614
social psychiatric guidance services as adjunct to psychiatric office practice, outpatients, 1708
utilization & effectiveness of mental health center treatment, psychiatric outpatients, Finland, 10989
validity & reliability of Eysenck Personality Inventory, 16–65 yr old psychiatric outpatients, 11651
Ovariectomy
age at ovariectomy & at slaughter & estrogen replacement, skeletal growth & body weight & composition, female rats, 527
central gray lesions, estrous behavior, ovariectomized cats, 5214
estradiol & progesterone, brain endorphin levels, female rats in different stages of estrous cycle vs pregnancy vs following ovariectomy, 7577
estradiol benzoate vs testosterone proprionate, sexual behavior, female pseudohermaphrodite & castrated male & ovariectomized female rhesus monkeys, 7498
estradiol benzoate with vs without subsequent progesterone, social & sexual behavior, intact vs ovariectomized female brown lemmings, 531
estradiol replacement, ethanol intake, ovariectomized rats, 12169
human chorionic gonadotropin vs luteinizing hormone releasing hormone vs estradiol &/vs progesterone, sexual receptivity, intact vs ovariectomized female frogs, 532
intrahypothalamic vs systemic guanosine triphosphate & ovariectomy with vs without adrenalectomy, lordosis behavior, estrogen-primed female rats, 524
Lee Obesity Index vs body fat & ovariectomy, measurement of diet-induced obesity, female rats, 11611
low vs high conflict induced by food & water deprivation & gonadectomy, plasma corticosterone & food intake following taste aversion conditioning, male vs female rats, 12196
ovariectomy & estradiol benzoate vs progesterone vs testosterone, body weight & hoarding, female rats, 12144
ovariectomy & ethanol concentration & pregnancy & estrous cycle, ethanol intake, female rats, 9969
ovariectomy & gonadectomy, social & predatory aggression, individually housed male & female mice, 5168
Ovaries
endocrinologic basis & associated symptoms, menopause & climacteric, literature review, 7461
gonadal dysgenesis & development of anorexia nervosa, 17.5 yr old female undergoing hormonal replacement therapy, 3869
seasonal variations in epidemiology of anencephaly & teratogenicity of pre-ovulatory overripeness, 1951–68, Netherlands, 13038
Ovary Disorders [See Endocrine Sexual Disorders]
Overlearning
number of postcriterion overlearning trials in adjusted learning procedures, equating items for subsequent retention, college students, 9307
overcorrection & manual sign language, teaching verbal "yes" & "no" discrimination, autistic 5-yr-old male, 4048
overtraining at beginning vs middle of prolonged retention interval, skill performance & estimation of refresher training, Army reservists, 4550
positive practice overcorrection & positive reinforcement & contingent exercise, learning manual signs, 5 yr old autistic male, 1557
Overweight [See Obesity]
Ovulation
starvation, suppression of egg-laying by inhibition of ovulation hormone producing cells, snails, 546
Oxazepam
dosage level of oxazepam & prior drug experience, individual variability in punished vs unpunished responses in Geller-Seifter paradigm, drug-sophisticated male rats, 2921
oxazepam, symptom improvement & side effects, anxiety neurosis outpatients with mean age of 67.5 yrs, 1630
symptoms of withdrawal from chlordiazepoxide & diazepam & oxazepam & lorazepam & nitrazepam & temazepam & clobazam, literature review, 10938
tripelennamine vs haloperidol vs oxazepam, stress-induced activity & neuroendocrine deficits, male rats, test of specificity of animal model of depression & implications for drug therapy, 632
Oxidases [See Cytochrome Oxidase, Monoamine Oxidases]
Oxilapine [See Loxapine]
Oxygen
arterial oxygen saturation levels during activities at various altitudes, 26–37 yr olds wearing nasal cannula, implications for pilot supplemental oxygen supply, 7485
delayed hyperbaric helium/oxygen treatment, ethanol effects, mice, 5218
nitrogen-oxygen saturation & air excursion in simulated diving in depths of 20–36.5 & 50–70 meters, simple & choice RTs, adult males, 2868
oxygen inhalation, hearing threshold levels, college students, 7220
Oxytocin
breast-feeding, plasma oxytocin levels, lactating females, 501
morphine vs beta-endorphin vs enkephalins, oxytocin release induced by acetylcholine vs suckling, lactating rats, 7549
vasopressin vs oxytocin, brain catecholamine & serotonin metabolism & avoidance learning, rats heterozygous vs homozygous for diabetes insipidus, 695
Pain [See Also Aphagia, Back Pain, Headache, Migraine Headache, Muscle Contraction Headache, Psychogenic Pain]
accuracy of posttreatment pain ratings, chronic pain patients with mean age of 48 yrs, 4703
admission variables & index of T. Maruta et al, prediction of treatment outcomes, pain patients, 13111
anatomy & physiology & biochemistry & treatment of pain, bibliography, 8178
anticipated pain & fear & anxiety in dental treatment procedures, dental patients with mean age of 32.5 yrs, 1691
anxiety & depression & urinary 3-methoxy-4-hydroxyphenylethylene glycol, pain threshold & relief of pain, doxepin-treated vs untreated patients with depression & pain, 5800
behavioral & pharmacological management of pain & fear in dental patients, dentists, literature review, 1680
behavioral analysis of chronic pain, literature review, 8191
behavioral assessment & treatment of chronic pain, literature review, 6234

behaviorally oriented hospital treatment program, medication use & pain behavior & physical functioning, chronic pain patients with mean age of 43.8 yrs, 8618
changing-criterion design treatment, avoidance learned chronic abdominal pain, 21 yr old male, 8399
characteristics, patients with chronic pain vs depression, 3522
chronic electrical stimulation of periventricular gray region of posterior thalamus, correlation of pain relief with location of stimulation sites, 45–67 yr old cancer pain patients, 6347
clinical applications of psychoneuroendocrinology, 10490
cognitive-behavioral skills training, pain during knee arthrogram, male outpatients, 8440
cold pressor, autonomic & somatic & subjective & behavioral responses to pain, 9–14 yr olds with recurrent abdominal pain syndrome, implications for recovery deficit in autonomic arousal, 5958
contralateral local anesthesia, phantom limb & stump pain, 29–66 yr olds, 6284
covert positive reinforcement & positive vs negative expectancy, headache & finger pressure pain, college students with muscle contraction headaches, 4047
dental pulp stimulation, postsynaptic responses of trigeminal sensory complex in brain stem, cats, 7509
depression & abnormal illness behavior & locus of control & severity of illness & presence of chronic pain, 16–67 yr old psychiatric consultees, 3871
depression as assessed by MMPI & Beck Depression Inventory & pain dimensions of McGill Pain Questionnaire, male pain patients with mean age of 49.7 yrs, 11676
depression, chronic pain patients, 3841
depth of depression & anaclitic & introspective depressive experiences & illness behavior, chronic pain patients with mean age of 40.7 yrs, 13089
detoxification withdrawal program, treatment of chronic pain, 6285
discourse analysis, verbalization of painful emotion & affect articulation, severely depressed female inpatients & 70–75 yr old medical outpatients, 5668
doxepin, treatment of chronic pain, literature review, 6267
doxepin, treatment of low back or cervical pain combined with depression, 26–65 yr old patients, 6286
EMG biofeedback, frontalis EMG & digital skin temperature, chronic pain patients, 4015
etiology & psychological factors & EMG feedback vs dental treatment, temporomandibular joint dysfunction & myofascial pain dysfunction syndromes, literature review, 1407
evaluation of external contingency management, treatment of chronic pain, literature review, 1563
experimentally induced lateralized ischemic pain in each arm, lateralization of EEG from temporals, 22–38 yr old males, 12058
hospital-based behavioral outpatient multidisciplinary treatment, chronic pain patients, 1759
hypnosis, pain & anxiety, 6–19 yr old cancer patients, 6328
hypnotherapy, psychogenic vs organic pain, 8503
individual levels of fraction I endorphins & substance P in cerebrospinal fluid, self administered levels of meperidine for postoperative pain, 21–60 yr olds, 6316
isolated vs group housing & rhizotomy, self mutilation of denervated limb, male rats, model of chronic pain, 5148
local anesthesia & naloxone, cutaneous nociception, 41 yr old male with deep musculoskeletal pain, 8534
marital & family factors, chronic pain, literature review, 3842
mental illness vs pathological personality traits vs reactive decompensation, treatment with transcutaneous nerve stimulation, pain patients, 8287
MMPI profiles of normalcy vs hypochondriasis vs psychopathology, pain history, male chronic pain patients with mean age of 48.2 yrs, 1348
modulation of nociception & alleviation of affective suffering & behavior analysis & therapy, chronic pain, 1580
multimodal treatment consisting of symptom control & stimulus control & social system modification, chronic pain, outpatients, 13125
naloxone, nitrous oxide-induced analgesia, 18–32 yr olds with dental pain, implications for role of endogenous opioids in analgesia, 6297
neural & hormonal & opiate & nonopiate pain modulation mechanisms, literature review, 491
neural transmission & drug treatment, pain, 6289
nitrous oxide inhalation, auditory & nociceptive dental stimulation induced cortical potentials, males with mean age of 26, 2942
noxious stimulation of visceral receptors, single unit activity of thoracic spinal cord viscero-somatic multireceptive neurons, cats, implications for visceral & cutaneous afferent fiber convergence, 447
operant vs relaxation vs cognitive vs multimodal behavioral treatment, chronic pain, literature review, 8421
pain & defeat, territorial aggression & offense, mice, 7300
pain & placebo & expectancy effects & coping styles & noncompliance in cognitive assessment, behavioral medicine, literature review, 10790
pain laterality, patients with mean age of 54 yrs, Great Britain, replication of US findings by W. D. Hall et al, 13031
Pain Perception Profile, psychophysical assessment of pain, 1436
pain stimulus, muscular tension & expected & experienced intensity of pain, college students with vs without tension headaches, 3769
pain vs anguish, 2656
perceptual-defensive-recuperative theory, pain & fear, critique of article by R. C. Bolles & M. S. Fanselow, 2853
perfusion with serotonin & pre-incubation with methysergide & cyclic adenosine monophosphate-phosphodiesterase activation, potentiation of fast conducting system response & comparison with electrical & tactual & nociceptive response, leeches, 7482
photoelectric plethysmograph biofeedback, self regulation of blood volume pulse amplitude at superficial temporal artery & pain, female migraine headache patients, 4007
placebos with vs without nociceptive stimulation, morphine analgesia, tolerant vs drug-naive rats, test of associative model of morphine tolerance, 10037
premorbid personality traits & alcohol & drug abuse & psychopathology & stress, relief from neuropathic pain through thalamic stimulation & psychiatric treatment following continued pain, patients, 6368
psychodiagnosis & psychological theories, chronic pain patients, literature review, 10719
psychological aspects of chronic pelvic pain without obvious pathology, females, literature review, 3837
psychosocial stress, peripheral vasoconstriction & heart rate & blood pressure & myocardial infarction & ulcer & accident & pain, monozygotic vs dizygotic 51–74 yr old twins & 41–61 yr old construction workers, 10763
relaxation pain management training, dysmenorrhea, female college students, 8426
replication of McGill Pain Questionnaire construction, 7095
sc nociceptive & intracerebral emotionally positive vs negative reinforcement effectiveness, visual evoked potential control, rats, 9746
serum cortisol levels & diurnal rhythms, 25–82 yr old patients with organic vs psychogenic pain, 5979
sex, treatment received in health care systems, 14–72 yr old chronic pain patients, 8533
skin vs deep-tissue injuries, onset of pain, 16–35 yr old patients, 13054
treatment in pain centers, patients with chronic pain, 6055
tricyclic antidepressants, treatment of chronic gastrointestinal pain due to peptic ulcer, literature review, 6309
vision of pathology based on close relationship of pain & pleasure, 13107

Pain (Psychogenic) [See Psychogenic Pain]

Pain Perception [See Also Analgesia, Pain Thresholds]
accuracy of posttreatment pain ratings, chronic pain patients with mean age of 48 yrs, 4703
assessment of pain intensity & frontalis muscle tension using audiometer, low back pain patients with age 46.1 yrs given EMG biofeedback training, 6215
cold pressor task performance as assessment of preparation for childbirth, labor pain, pregnant women with Lamaze vs Red Cross training vs female college students with Lamaze training, 4139
consistency between increase/decrease heart rate instructions & increase/decrease in feedback, heart rate changes & cold pressor pain & beliefs about heart rate contributions, male college students, 2856
cross validation of factor structure of McGill Pain Questionnaire, evidence of sensory & affective & evaluative dimensions, 16–81 yr old low back pain patients, 4720
defensive style & stress, individual differences in perception of pain in others, female college students, 7948
depression as assessed by MMPI & Beck Depression Inventory & pain dimensions of McGill Pain Questionnaire, male pain patients with mean age of 49.7 yrs, 11676

development of laboratory technique, behavioral assessment of oversensitivity to & avoidance of auditory & light stimuli, headache-prone Ss with mean age of 32.6 yrs, 6993
distraction vs attention to sensations & stimulus duration, coping with cold-pressor pain, college students, lack of evidence for commonsense hypothesis, 2537
efferent projection lesions of rostral vs caudal trigeminal nuclear complex, orofacial pain, male rats, 5205
electrical stimulation of septum, spontaneous vs noxious shock induced neuronal activity of periventricular & periaqueductal gray & dorsal raphe & nucleus raphe magnus, male rats, 12201
endorphins released by stress & running & acupuncture & sexual activity & suggestion & ritualistic dancing, antinociception & socialization & euphoria & drive & vegetative functions & mental disorders, literature review, 7468
intrathecal normal saline, sensitivity to pain & temperature in back & lower extremities & psychogalvanic skin reflex, 24–78 yr old patients undergoing differential spinal block anesthesia for below-waist chronic pain, 13335
iontophoresis of microtubule inhibitors, chronic pain, rats & humans, 12206
local anesthesia & naloxone, cutaneous nociception, 41 yr old male with deep musculoskeletal pain, 8534
lysine-vasopressin vs levodeamino-vasopressin, tailflick latencies & flinch-jump thresholds, female rats, 7556
McGill Pain Questionnaire responses, assessment of sensory & affective & evaluative dimensions of pain, females having acute vs chronic pain, 4779
MMPI profiles, description of attributes & intensity of low back pain, 18–65 yr olds, 5993
naloxone pretreatment & nociceptive stimulation, icv self administration of morphine, rats, 7542
neurophysiological research trends, gating mechanisms in nociception, 2822
opiate receptors & vocalization & enkephalin neuronal systems, pain perception, 487
Pain Perception Profile, psychophysical assessment of pain, 1436
pain stimulus, muscular tension & expected & experienced intensity of pain, college students with vs without tension headaches, 3769
preference for visual vs verbal modes of information processing & coping strategies based on images vs words & cold pressor task, pain tolerance & thresholds & rating, college students, 12116
relaxation training vs standard preoperative instructions, abdominal muscle tension & self report of pain & distress, 30–70 yr old cholecystectomy patients, 6372
relaxation training with vs without EMG biofeedback, pain & level of myometrial tension during menstruation, female college students with dysmenorrhea, 8384
reported painfulness & discriminability of pairs of electric shock, human Ss, 12205
serotonin application to parafascicularis, reduction of noxious stimuli-induced neuron firing, male rats, implications for dorsal raphe ascending pain modulation pathway, 438
simultaneous administration of benzodiazepine tranquilizers & pyranal, finger sensitivity thresholds as index of drug interactions, patients, 635
spinal transection, 5-hydroxytryptamine-mediated inhibition of spinal nociception & tail flick latency, male rats, 5147
strain & degree of maturity, latency of response to repeated nociceptive tests, spontaneously hypertensive vs normotensive Wistar-Kyoto & Charles rats, 429
thiorphan & bestatin, striatal met-enkephalin & inhibition of dipeptidyl carboxypeptidase & pain thresholds, female mice, 5282
validity & reliability of Pediatric Pain Inventory, projective measurement of pain perception, 4–19 yr olds vs their parents, 164
Pain Relieving Drugs [See Analgesic Drugs]
Pain Thresholds
amygdala microinjection of neurotensin, nociceptive threshold, male rats, 5244
anxiety & depression & urinary 3-methoxy-4-hydroxyphenylethylene glycol, pain threshold & relief of pain, doxepin-treated vs untreated patients with depression & pain, 5800
bilateral sinoaortic deafferentation, responsivity to painful thermal & electric footshock stimulation, spontaneously hypertensive vs normotensive rats, 9982
dosage & time since injection of fenfluramine, nociceptive thresholds & role of serotonin, male rats, 7533
light-dark cycle vs constant light & naloxone, nociceptive thresholds & morphine analgesia, C57BL/6 vs SEC/1Re mice, 12172
naloxone vs release of ACTH vs prolactin vs growth hormone, dental analgesia induced by nonpainful & low-frequency electrical nerve stimulation, healthy 21–27 yr olds, 7497
systemic naloxone, ventrobasal thalamus neuronal activity, arthritic rats, 5238
tail pinch & naloxone, pain thresholds & consummatory behavior, male rats, 534
theoretical & experimental interface temperatures during heating to pain threshold by contact with various materials, adults, 7505
tryptophan, pain thresholds tested by dental pulp electrical stimulation, 23–50 yr olds, 7569
ventral noradrenergic bundle lesions & naloxone, hypothalamic noradrenaline levels & nociceptive thresholds & stress- vs morphine-induced antinociception, male rats, 12228
Painting (Art)
illusions of painting & art, "seduction" of psychotherapist & role in psychotherapeutic process, 1482
Paired Associate Learning
accuracy of recall & recognition & "feeling of knowing" in paired associate task, 20–45 yr olds, 308
age & labeling vs sentence repetition vs interrogative elaborations, incidental vs intentional paired associate learning, 5–7 vs 10–13 yr olds, 3150
cue structure similarity of learned paired associates, cue discrimination, 11918
diazepam, free recall & paired associate & serial learning, 18–30 yr olds, 2947
drug effects, paired associate learning, implications for model, 634
elaboration strategy vs maintenance rehearsal, paired associate learning in which items deviated from vs conformed to rule, college students, 300
emotion, immediate vs delayed retention of self generated paired associates, female nursing students, replication of G. Levinger & J. Clark's study, 4938
imaginal & verbal elaboration strategy training, free recall & serial recall & paired associate learning & reading comprehension, 9th graders, 6693
individual differences in RTs to secondary probe task, prediction of performance on difficult memory task, college students & 18–60 yr olds, 9651
item order & phonetic symbolism of stimuli, facilitation of paired associate learning, college students, 9658
learning through repetition or simple S–R relationships, 28–67 yr old amnesics, implications for functional separation of semantic & cognitive mediational memory systems & neuropathological evidence, 6046
length of anticipation vs feedback interval, rehearsal in verbal discrimination learning, college students, 2640
list competition & S ego strength, learning of paired associate lists by anticipation vs study/list method, college students, extension of study by J. C. Duffy & N. J. Kanak, 9662
magnitude vs nominal encoding of digits in paired associate task, college students, 9643
methylphenidate dosage, paired associate learning, 5–11 yr old males with attention deficit disorder with hyperactivity, 6280
methylphenidate, paired associate learning performance, hyperactive 9–13 yr old males with attention deficit disorder, 8466
microcomputer-automated presentation of scoring of Digit Symbol Substitution test & application to pharmacological research, 9318
motivation in risk taking & paired associate learning task performance, test of Atkinson's theory, 9687
number of postcriterion overlearning trials in adjusted learning procedures, equating items for subsequent retention, college students, 9307
paired associate learning, recall vs "tip-of-the-tongue" vs "don't know" reports in probed recall, college students, criticism of J. T. Hart's hypothesis on retrieval effort motivation, 11919
paired associate learning, test of large sample stimulus sampling theory vs Markov model of all-or-none learning, 4832
paired associate learning with word vs picture stimuli & performance on verbal intelligence vs spatial abilities measures, evidence of dominant hemisphere dysfunction, 6.6–11.7 yr old schizophrenics vs 7.8–11.8 yr old nonschizophrenics, 1133
paired associate word vs picture lists, cued recall, kindergartners vs 2nd vs 6th graders vs college students, comparison of stages-of-learning vs traditional interaction analyses of memory development, 3080
pictorial vs verbal presentation mode & imagery ability & abstract &/vs concrete words, immediate vs delayed recall of paired associates, college students, 11904

rated associability of word pairs, paired associate episode memory, students, 9660
revised mathematical model including priming effects, recognition failure, 304
similarity of repetitions & type of intervening material & cue effectiveness, processing of repetitions in verbal learning task & role of forgetting, college students, 4919
simultaneous learning of paired associate list & free recall lists, retroactive interference, 11924
socioeconomic status, digit span test & Raven Standard Progressive Matrices & paired associate task as measures of level I & level II mental abilities, 10–11 yr olds, 7117
susceptibility to semantic vs phonetic interference & individual differences in arousal, deep processing as learning style & paired associate learning, college students, 4944
temporal relations between disjunctive information to be learned, transfer & interference in paired associate task, college students, 4925
water deprivation & tone-footshock pairings & test context, lick suppression & context-UCS association, rats, 11952

Pakistan
cultural traditions & social roles of women, sex trait stereotypes, 5 & 8 yr olds & college students, India & Pakistan, 5468
drug usage, non-student youth, India & Pakistan & Switzerland & Canada & Mexico & Malaysia, 10259
token reinforcement, disruptive classroom behavior, 2nd graders, Pakistan, 13630

Palsy [See Paralysis]

Pancreas
emotional stress, hormonal secretion of pancreas & thyroid gland & adrenal cortex, cats, 498

Pancreozymin [See Cholecystokinin]

Panic
diazepam vs relaxation therapy, panic disorder, 18–25 yr olds, 13135
panic attacks, patients with mean age of 38.9 yrs with mitral valve prolapse & their first-degree relatives, 1357
panic disorder & similar human leucocyte antigen genotypes, 23–46 yr old sisters, evidence for genetic susceptibility to panic disorder, 12883

Papaverine
icv tetrahydropapaveroline dosages, ethyl alcohol intake, female macaque monkeys, 660
tetrahydropapaveroline, ethanol consumption, rats, 5270

Papua New Guinea
acquisition & use of pragmatically appropriate word order & development of correct agentive casemaking, Kaluli 2 yr olds, Papua New Guinea, 3156
development of masculinity, males, Stone Age New Guinea vs modern Western society, 889
developmental themes in male-female relationships & sociocultural context of Sambia nosebleeding rites, Papua New Guinea, 10292
differences in mourning behavior & post-bereavement mortality rates, Huli widows vs widowers, Papua New Guinea, 10317
rituals involving anti-humor, Melanesians, New Guinea, 916
social factors, language registers & levels of style in Pidgin, Papua New Guinea, 3013
use of conventional Oksapmin measurement system & development of concept of equivalent units, unschooled Ss with mean ages of 8.4 vs 29.5 yrs vs 2nd vs 6th graders, Papua New Guinea, 3155

Parachlorophenylalanine
gestational malnutrition & quipazine vs methysergide vs parachlorophenylalanine, rate of conditioned responses, rats, 2876
locus ceruleus & raphe lesions & disulfiram & parachlorophenylalanine, brain serotonin & noradrenaline decreases & development & consolidation of food procuring & defensive CR, male rats, 12182
parachlorophenylalanine &/vs 1-5-hydroxytryptophan, attentuation of hyperreactivity syndrome, male rats with septal lesions, 10039
pemoline & haloperidol vs pimozide vs diazepam & pretreatment with parachlorophenylalanine vs parachloroamphetamine, stereotyped & self injurious behavior, male rats, 659
serotonin depletion by parachlorophenylalanine, insomnia & its reversal by 5-hydroxytryptophan, hippocampectomized male rats, 642

Paradigmatic Techniques [See Paradoxical Techniques]

Paradoxical Sleep [See REM Sleep]

Paradoxical Techniques
consistent vs inconsistent paradoxical &/vs nonparadoxical interpretations in brief counseling, depressive symptoms, moderately depressed college students, 11031
identification & use of nodal themes within families, design & development of paradoxical interventions, 1510
paradoxical intention, obsessional ruminations about flatulence, 33 yr old female, 8423
paradoxical intention vs self statement training, agoraphobia, 13235
paradoxical interventions in psychodynamic marital therapy, 6189
paradoxical techniques in transactional analysis & Gestalt Therapy, adolescents, 10857
paradoxical treatment specifying place & time for tantrums, number of temper tantrums, 5 yr old cerebral palsied male, 1586
therapist techniques & group therapy, schizophrenics, 6204
treatment applications of paradoxical intention, 6106

Paralysis [See Also Cerebral Palsy, General Paresis, Hemiplegia, Paraplegia, Parkinsons Disease]
dextroamphetamine vs haloperidol following motor cortex ablation, recovery from paresis & depressed catecholamine levels, male rats, implications for rehabilitation of stroke & trauma patients, 7544
incidence of diabetes mellitus & taste disturbances, patients with Bell's palsy, 6008

Paralysis Agitans [See Parkinsons Disease]

Paramedical Personnel [See Also Attendants (Institutions), Nurses, Physical Therapists, Psychiatric Aides]
congruency between work values & perceived job attributes, prediction of job satisfaction, retail & hospital pharmacists, 6873
experience with & attitudes toward electronic computers, accountants vs lawyers vs pharmacists vs physicians, 6880
interactive computer system, history taking & diagnosis for dyspepsia & dynamics of patient-doctor interaction, general practitioner trainees & outpatient clinic registrars, 6539
job characteristics & satisfaction & motivation, hospital pharmacists, 13512
role of nurses' aide in team approach, nursing home staff, 6534
role of patient representatives vs social workers in hospitals, 8595
utilization in school health programs, participation of 3rd graders & parent involvement in health assessments, community health aides, 9011

Paramedical Sciences [See Nursing, Pharmacology, Physical Therapy, Psychopharmacology]

Parametric Statistical Tests [See Also F Test, T Test]
normal distribution violations & heterogeneous variances & unequal group size, Type I error rates & power of ANOVA vs Welch vs Brown & Forsyth tests for mean equality, 4817
parametric & robust tests, Monte Carlo assessment of equality of 2 correlation coefficients, 7158
RATFOR & FORTRAN & BASIC programs, calculation of parametric & nonparametric indexes of sensory sensitivity, 9278

Paranoia (Psychosis)
acute paranoid episode for resolution of identity conflicts, case reports, 10558
age at onset & clinical & pharmacokinetic & neurophysiological factors, 16–76 yr old paranoid schizophrenics with vs without impairment of blood-brain barrier, 10507
classification & diagnostic criteria & epidemiology, acute paranoid reaction syndrome, Canada, 5695
correlations between dynamics of paranoia & depression, 12815
diagnosis according to current diagnostic criteria vs dimensions of premorbid adjustment & paranoid symptomatology & chronicity, schizophrenics, 1166
long-acting haloperidol decanoate injections as substitute for daily neuroleptic intake, patients with paranoia or paranoid schizophrenia, 13287
methadone & haloperidol & chlorpromazine, anxiety & conceptual disorganization & suspiciousness symptoms, 42 yr old male heroin addict, 1840
modern conceptualization & diagnosis of paranoia, literature review, 12853
parallels between Akhnaton & Freud's case of President Schreber, 9237
predictors of 5-yr outcome, schizophrenia & other paranoid psychoses, 1186
similarities in behavior & libidinal differences, 25 yr old homosexual vs 36 yr old paranoiac, 10547
single paranoid episode & diagnosis with traditional criteria vs criteria of P. Pichot vs undiagnosed, development of chronic psychosis, followup study, 3628
symptoms & characteristics, monosymptomatic hypochondriacal psychosis, 5761
time awareness, 20–66 yr old patients with endogenous vs neurotic depression vs schizophrenia or paranoid state with depressive symptoms, 3589

withdrawal from dextroamphetamine & diethylpropion, confusional paranoid psychosis, 70 yr old male & 22 yr old female, 1606
Paranoid Personality
claustrophobic core & paranoid process in drug addiction, extension of article by W. W. Meissner, 8122
correlations between dynamics of paranoia & depression, 12815
genetics & paranoid personality disorder, biologic & adoptive relatives of "schizophrenic spectrum" adoptees, 1165
introjection & projection & paranoid process in drug abuse & addiction, 8109
Paranoid Schizophrenia
animal behavioral response to amphetamine, model of paranoid schizophrenic psychosis, literature review & comment on review by L. Kokkinidis et al, 677
assimilation/accommodation equilibrium & thinking & reasoning & abstraction, paranoid & hebephrenic schizophrenic patients, 1132
course of bipolar manic depressive vs bipolar & manic schizoaffective vs recurrent paranoid psychosis, patients with mean age of 42.5 yrs, 14–17 yr followup, 12876
demographic characteristics & age & race, substance abuse history & illicit drug use, hospitalized paranoid schizophrenic vs other psychiatric patients, 13388
depressive moods, 16–67 yr old hebephrenic vs paranoid vs schizoaffective schizophrenics, 5792
diagnosis of paranoid schizophrenia for J. Bolyai based on pathobiographical material, 10533
duration of tachistoscopically presented letters, icon thresholds of short term memory, acute paranoid vs non-paranoid vs chronic schizophrenics vs nonschizophrenic psychiatric patients vs normal Ss, 1174
interpretation of body of water images in drawings, paranoid schizophrenics vs manic depressives vs patients with unipolar depressive disorder, 10593
long-acting haloperidol decanoate injections as substitute for daily neuroleptic intake, patients with paranoia or paranoid schizophrenia, 13287
misdiagnosis of posttraumatic stress disorder as paranoid schizophrenia, 30 yr old male Vietnam veteran, 12824
neuroanatomical differences, 20–45 yr old male paranoid vs nonparanoid chronic schizophrenics, implications for differences in etiology, 5765
neuroleptic blood plasma levels, supersensitivity psychotic symptoms & tardive dyskinesia, 50 yr old female & 27 yr old male paranoid schizophrenics, 4062
neurological abnormalities, paranoid vs nonparanoid male chronic schizophrenics with mean age of 31 yrs, 5767
oral gamma-vinyl GABA, neuroleptic-induced tardive dyskinesia, chronic simple & paranoid schizophrenics, 13277
performance latency in identification of rules for organizing multidimensional items, paranoid vs nonparanoid schizophrenics with mean ages of 20 & 27 yrs, 3566
psychoanalytic vs rational emotive vs behavior therapy rationales for treatment of snake phobia vs test anxiety vs depression vs paranoid schizophrenia, perception of therapy & client & psychologist & disorder, college students, 3917
secondary schizophrenia in relatives, hebephrenic & catatonic & paranoid schizophrenics, 3622
sensory-motor lateralization, 18–45 yr old paranoid vs nonparanoid male schizophrenics, 5766
serum dopamine-beta-hydroxylase activity, paranoid schizophrenics, replication of experiment by L. E. DeLisi, 4054
Paraplegia
anxiety & depression, 17–61 yr old quadriplegics vs 18–60 yr old paraplegics, 6005
strategy for assessment of intelligence, male quadriplegic spastic with no speech, implications for labeling, 7049
Paraprofessional Education
counseling training, counseling & problem solving skills, low income nonprofessional community service staff, 4315
ethnic background, perceived training needs, Black vs Mexican American vs White female Child Development Associate trainees, 4305
preservice & inservice training program in behavior modification skills, mental health paraprofessionals, 13541
training & certification & use in special education, paraprofessionals, 11178
Paraprofessional Personnel [See Also Attendants (Institutions), Paramedical Personnel, Physical Therapists, Psychiatric Aides, Teacher Aides]
gerontology training programs, minority low-income aged volunteers, 6548
preservice & inservice training program in behavior modification skills, mental health paraprofessionals, 13541
primary prevention program training community workers, competence & community knowledge, aged, 4145
sex roles measured by Bem Sex Role Inventory, dental hygiene students, 4281
training & certification & use in special education, paraprofessionals, 11178
training & qualifications of paraprofessionals as group psychotherapists in fields of mental health & substance abuse, 6557
Parapsychological Phenomena [See Also Extrasensory Perception, Precognition, Psychokinesis, Telepathy]
automated technique for home study of lucid dreams, 4617
cultural factors, differentiation of psychopathology from psychic reality, 2312
distortion of testimony based on paranormal experience, 6921
educational background, belief in religious & extraordinary phenomena, college teachers vs students vs general public, 12747
genetic basis for paranormal experience, reply to C. T. Chari's criticism, 2310
genetic basis for paranormal experiences, criticism of V. M. Neppe & L. A. Hurst's study, 2307
hypnotist-S relationship, emergence of hypnotic behavior vs psi, 2308
hypothesis of formative causation by R. Sheldrake, implications for psi phenomena, 2313
mediumship of E. Palladino, 4614
models of out-of-body experience, 11532
need to explore multiple possible causes for normal & paranormal occurrences, parapsychologists, 2309
out-of-body experience as psychological rather than paranormal phenomenon, 11529
psychiatric interpretation of subjective paranormal perception, 2311
remote viewing, reanalysis of earlier experiments, 11534
survival explanation vs ESP vs satanic theories, 6919
time proximity to Halloween, belief in paranormal phenomena, college students, 13
traditional vs interactionist views, mind-brain relationship & evidence for survival of mind after death of body, 11533
wording of question about out-of-body experience & dreaming & sex & age, reported incidence of experiences, college students, 4615
work of R. A. Moody on near-death experiences & life after death, 10
Parapsychology [See Also Extrasensory Perception, Parapsychological Phenomena, Precognition, Psychokinesis, Telepathy]
cross cultural research methodology, application to parapsychology, 11536
life after death from parapsychological & philosophical & theological perspectives, 11526
need for historical perspective in parapsychology, 4613
Parasitic Disorders [See Also Malaria]
strongyloidiasis presenting as hypochondriacal depression, 70 yr old male, 5970
Parasympathetic Nervous System [See Also Efferent Pathways, Vagus Nerve]
autonomic modulation of hypothalamic control of feeding, literature review, 7412
Parasympatholytic Drugs [See Cholinergic Blocking Drugs]
Parasympathomimetic Drugs [See Cholinomimetic Drugs]
Parathyroid Disorders
long-term lithium carbonate therapy, hyperparathyroidism, 30–67 yr olds, 1614
Parathyroid Hormone
lithium & time of day, temporal patterns of calcium & magnesium & parathyroid hormone & calcitonin, rats, 5256
parathyroid hormone &/vs aluminum, rotarod performance & locomotor activity & acquisition & extinction & retention of avoidance, rats, 599
Parent Child Communication
analysis of verbal interaction, 21 mo old female & her parents, 3044
child's perceptions of parents' goals, parent-offspring concordance on educational goals & parental influence, 6th & 8th & 10th graders & their parents, 7815
cognitive development & neonatal activity level & maternal verbal functions, language development, infants observed from 6 to 24 mo of age, 788

early communication with mother, subsequent communication in psychoanalysis, 25 yr old female, 13177
father involvement in communication of sexual attitudes & values & information, parents & 9th–12th grade daughters, 5428
individual differences, conversational style, mothers of 2.4–3 yr olds, 5505
interaction with parents & E, synchronization of time patterns of own speech with other's speech & length of pauses, autistic 14.5–20 yr olds, 5722
interpersonal relations & double bind communication, behavior disordered 6–16 yr olds & their parents, 3651
maternal speech, type of sentence & pitch contour & interaction contexts, mothers with their 2–6 mo olds, 945
maternal verbal control during mutual gaze & visual co-orientation, mothers and their 2–4 mo old infants, implications for infant communication development, 5314
nonverbal language, mothers with malnourished vs healthy infants, 5923
parent effectiveness training & parental use of I-messages & active listening skills, behavior change, children & mothers, 10889
parental communication deviance, prediction of functioning level, 7 & 10 yr olds at risk for psychiatric disturbances, 1143
parental sexual messages, sexual behavior & satisfaction, male vs female adolescent college students, 12569
speech patterns when talking to mothers vs 14 mo old siblings, 2–3 yr olds, 5352
speech to 2.5–4.9 yr olds during play, cognitive informational content, parents, 7807
TV content of family shows & parental intervention in TV viewing, perceptions of & expectations of parental & family behavior, 4th–8th graders, 10215
voice tones & content during conversation, prediction of treatment outcome, disturbed 14–19 yr olds & their parents, 3538
Parent Child Relations [See Also Father Child Relations, Mother Child Relations, Parental Attitudes, Parental Permissiveness]
alcoholic parents, primary vs secondary alcoholic psychopaths, 1251
attachment as basis for primary mental health prevention, infants, 6412
autonomy in parent- & teacher-child relationships, creativity, children, literature review, 5331
belief in "parental mattering", self esteem & mental health, junior & senior high school students, 7744
birth order & family composition & educational level & parental drinking patterns, imitation of parental alcohol use, 18–70 yr old normal drinkers, 12631
birth order & psychosocial factors & early parent child relations, onset of psychosomatic disorder, 16–64 yr old asthmatics, Japan, 13002
cognitive factors & emotional trauma in childhood & adolescence & early relationship with parents, religious conversion, 20–40 yr old converts, 3296
community adjustment & relations with parents & others, 6–15 yr old leavers from residential schools for maladjusted children, 6-yr followup, 11341
compensatory vs conditional vs indifferent parental permissiveness, defiance of parental authority, adolescents, 7818
congruence of child discipline views, 4–6 yr olds & their parents, 3251
demographic characteristics & play behavior & peer relations & parent child relations, traditionally vs nontraditionally sex-typed females aged 4–12 yrs, 5423
development of ideas about means of production & ownership & parental influence, 4–13 yr olds, 10122
early parent-child interactions, subsequent development, premature infants, literature review, 736
etiological factors & child's adaptation, child abuse, 10617
family drawings, measurement of interpersonal distance & intimacy or alienation, adolescents, 2399
family environment & number of siblings & birth order & sex, academic achievement & intellectual ability, 11 yr olds, Australia, 10165
family pathology & social work treatment, psychosocial dwarfism, 4–8 yr olds, 1423
family relations, violent parents & their children, treatment implications, 8084
filiation problem & parental shortcomings, subsequent depression & inferiority complex & indignity & development of nostalgic image with excessive idealization, children, 3705
group therapy, deficient parenting responses & excessive nurturance & psychopathology & emotional maturation, 6180
instruction of parents about infant development & changes in patient-child relations, pediatricians, 1681
life event stresses & parent-child relations, response to medical treatment, 7–19 yr old Black asthmatics, 1693
model of development of social interaction & parent-infant relations, 12504
parent effectiveness training, use of parent effectiveness training techniques in parent child interactions, parents & their adolescent children, 8377
parent personality characteristics & parent-child relations, psychiatric hospital readmission, 15–30 yr old acute male schizophrenics, 4185
parent training vs adaptive relationship approach, early intervention, developmentally disabled infants & their parents, literature review, 11302
parent-child & family therapies, integration, aging Holocaust survivors, 6179
parent-child personality trait intercorrelations, intact White middle class families with 6–22 yr old children, 3301
parent-child relations & development of narcissism & homosexual impulses, 40 yr old male homosexual, 10368
parent-child relations, rule violations, 5–6 yr olds, implications for social-cognitive approach to study of moral development & behavior, 755
parental acceptance vs rejection, preference for artistic complexity, 17–77 yr olds, failure to support findings of holocultural studies by H. Barry & R. P. Rohner, 882
parental behavior & sex, home & emotional & social & health adjustment, 22–25 yr olds, 5620
parental divorce & adjustment to leaving home & parent-adolescent separation, college students, 12500
parental influences, socialization, retarded children, literature review, 5869
parental schooling & occupational status & maternal employment, educational aspects of parent child relations & child's academic achievement, Chicanos vs non-Hispanic White families, 11265
parental sexual messages, sexual behavior & satisfaction, male vs female adolescent college students, 12569
parents' ages & agreement about religion & relationship with child & denomination, transmission of religious & social values from parents to children, adolescents with mean age of 16 yrs & parents with mean age of 45.3 yrs, 7799
perception of parent vs peer vs teacher presidential candidate preference, mock election voting behavior, 3rd–5th graders, 3180
perception of parents, 17–55 yr old male-to-female transsexuals, 5545
perceptions & attitudes & beliefs regarding religion & home situation & parent child relations, Black vs White male vs female 8th graders, 3241
problems during own adolescence with teachers & parents & friends, 22–30 yr old training teachers, 11173
psychoanalytic interpretation, impact of child's observation of parents' sexual intercourse, 12471
psychological approach, prevention of psychological problems & development of competence & confidence & bonding during perinatal period, families, 13130
reciprocal social effects of child athletic participation, parents & children under 15 yrs old, 7816
relations with parents & peers during childhood, loneliness, Iranian college students, Iran vs US, 12484
relationship-focused intervention, infants with developmental disabilities & their parents, literature review, 8263
relationships with offspring, adjustment to aging, 60–87 yr olds, 733
reparenting as group therapy technique, remedy of defective communication patterns experienced during childhood, patients, 10862
responses to friends & parents & verbal interaction style & family discussion, principled moral thinking, high school students, Australia, comparison to US data, 854
role of family in prevention & initiation & maintenance & treatment & cessation, drug use, family members, literature review, 10378
role of parental ambivalence in formation of beating fantasies, comment on case report by W. Myers, 8013
self esteem & parental relations & approach to life & nervous tension in psychological profile, health & mental & cardiovascular & neoplasm disorders, medical students, 33-yr longitudinal study, 13551
separation & oedipal conflict problems, 19–58 yr old primitive-hysteric & obsessive-compulsive patients, 1191
social class vs closeness to parents vs exposure to high level of reasoning, legal reasoning, delinquent male 14–16 yr olds, 1277
sources of disturbed relationships & recommendations for intervention, parents & infants, literature review, 10860

speech to 2.5–4.9 yr olds during play, cognitive informational content, parents, 7807
tactile & vestibular & audial stimulation as calming techniques, infant stress, parents, 3319
validity of Parent Behavior Progression rating scale, evaluation of parent-child interaction, parents & their handicapped infants in early intervention program, 120
work & love problems & effects on children, adolescent parents, 5498
Parent Educational Background
demographic characteristics & parental education & role conflict & discrimination problems & persons significant in career choice, females in traditional vs nontraditional careers, implications for vocational guidance, 10375
parental education & occupation, creativity, 8th graders, 10238
parental education & occupation, interpersonal values, female high school students & their parents, Philippines, 12580
parental education & socio-occupational background, intellectual ability, 11 yr olds, Poland, 5355
parental schooling & occupational status & maternal employment, educational aspects of parent child relations & child's academic achievement, Chicanos vs non-Hispanic White families, 11265
parents' vs own social & educational & occupational status, preadmission & hospital assaultiveness/dangerousness, male acute schizophrenics with mean age of 30.1 yrs, 10595
sex & handedness & space of motion & parental educational degree & language, incidence of dyslexia, 8.4–10.4 yr olds, 5887
social class & IQ, biological children of unskilled workers adopted at infancy by middle class families, 9827
social class as measured by father's occupation vs educational level & size of dwelling, autistic children with mean age of 10.6 yrs vs random sample of 7 yr olds, Sweden, 1153
Parent Effectiveness Training [See Parent Training]
Parent School Relationship
determinants of use of parent involvement strategies, elementary school teachers, 6625
home & school collaboration model, 1960
home vs school focus of involvement in education, parents, literature review, 1941
home-based reinforcement using daily report card procedure, completion & accuracy of in-class assignments, male 3rd graders, 4360
involvement in education of their handicapped children, parents, 2076
methodological discussion, Study of Parental Involvement in Federal Education Programs, 9351
parent & teacher cooperation in teaching basic academic skills, 11204
parent schools, support in childrearing & child education problems, 4376
parent tutoring program, reading achievement, 3rd–5th graders, 13632
parent-school-child interaction systems, truant children, 6724
physical & behavioral indications of incest & responsibility of school personnel to report suspected incest & school's role in providing counseling & support to family, 3701
recorded telephone messages, parent school communication & student progress, learning disabled 8.3–10.6 yr olds, 2023
school-based counseling program participation, school contact & student problems, parents of learning disabled students, 2093
student peer counselors in role plays, orientation, parents of college freshmen, 4510
teachers & nursery school staff & parents in family groups, development of self confidence & responsibility & consideration, preschoolers through 4th graders, 13608
utilization in school health programs, participation of 3rd graders & parent involvement in health assessments, community health aides, 9011
Parent Training
acquisition & generalization of vocal imitation training skills, parents of 3.5 yr old Down's syndrome males, 10962
adverse effects of parent-implemented behavior modification programs, trained parents, 8397
auto safety education program, use of infant restraints, parents, 1735
behavioral parent training, literature review, 10915
behavioral weight reduction program & training for mothers, weight loss, obese mentally retarded 16–34 yr olds, 6231
behaviorally oriented parent training programs, improvement of child's behavior, foster parents of behaviorally disordered 2–17 yr olds, 1-yr followup, 6253
child behavior management training, parents of chronically ill children, 8436
counseling techniques in foster parent training, 1699
direct parent training technique, parent-child interactions & behavior change, 29 yr old epileptic child-abusing mother, 1584
discussion of infant development with pediatricians, mother-child relations & child development, mothers & their infants from birth to 6 mo, 10114
early identification of auditory imperception & receptive language disorders & language delay, remediation through parents, preschool children, 5917
effectiveness of program to train parents of physically handicapped children to develop movement in specific joints of child's body, parents of 2.8 & 3.7 yr olds, 8673
ethical problems in parent behavior modification training, 10921
evaluation of Parent-Child Development Centers, promotion of mothering skills, mothers in low income families, 6414
family systems approach to behavioral training, parents of autistic children, 8405
filial therapy training, home-based client centered play techniques, parents of emotionally disturbed children, 1490
frequency of vs no home visits by paraprofessionals trained to work with parents, school achievement, disadvantaged 4 & 5 yr olds, 2-yr longitudinal study, 13674
generalization effects of parent training using instructions plus feedback & self management, parents of preschoolers with oppositional behavior, 10920
group counseling on issues of self esteem & self concept & racism, White parents of Black children, 10891
group parent program, self esteem & attitudes toward children & knowledge of childrearing techniques, parents of psychiatrically hospitalized children, 4193
group treatment program, parents of mentally ill adults living in community, 1710
group vs individual parent training, knowledge of behavior modification & teaching of self help skills & management of behavior problems, parents of moderately to severely retarded 3–15 yr olds, 8390
home & school collaboration model, 1960
home based behavioral training with vs without feedback with vs without cuing, deviant child behavior, 28–31 yr old parents of 2.1–8.2 yr olds, 6254
home vs training setting & child management & planned activities training, reduction of child deviant behavior, families with difficult-to-manage 3–5 yr old males, 1531
home-based early intervention program, mother-child relations & promotion of developmental functioning, adolescent mothers & their infants, 1542
Houston Parent-Child Development Center program, behavior problem prevention, low income Mexican American 1–3 yr olds & their families, 4148
inadequacy of information provided to new mothers in maternity, pediatricians, 1762
instruction of parents about infant development & changes in patient-child relations, pediatricians, 1681
lottery reinforcement for parents' training accomplishments, language skills, 2–2.5 yr old handicapped children, 4037
methodology of studies on reflective group counseling, parents of mentally retarded children, 11037
model for preventive work in parents guidance service, families at risk for childrearing problems, 13211
parent education & support program, private pediatric practice, 1679
parent education program, coping behavior, Sweden, 13208
parent education program, personal development, adolescent mothers, criticism of study by E. Badger & D. Burns, 1539
parent education program, personal development, adolescent mothers, response to criticism by L. E. Arnold, 1540
parent effectiveness training & parental use of I-messages & active listening skills, behavior change, children & mothers, 10889
parent effectiveness training, use of parent effectiveness training techniques in parent child interactions, parents & their adolescent children, 8377
parent instruction in & utilization of paired reading, reading accuracy & comprehension, students with mean age of 10.1 yrs & with acute or chronic reading difficulties, 11310
parent participation in child's weight reduction program, weight loss, overweight 13–17 yr olds, 8393
parent schools, support in childrearing & child education problems, 4376
parent training & group behavior therapy vs individual family behavior therapy, behavior management, parents & their 5–13 yr olds with behavior problems, 8368

parent training, child's deviant behavior, parents of 3–12 yr olds identified as socially aggressive, 6249
parent training in language stimulation, parents of developmentally delayed 1–4 yr olds, 10961
parent training program utilization videotaped modeling, children's behavior problems, mothers & their 3–5 yr olds, 1543
parent training vs adaptive relationship approach, early intervention, developmentally disabled infants & their parents, literature review, 11302
parent training with vs without parent enhancement therapy group, treatment outcomes, mothers & their behavior problem children, 6188
parent-child sign training program, language & communication skills, severely language disordered 20 mo to 11 yr olds & their parents, 11376
parental maladjustment & marital difficulties & dysfunctional extrafamilial interactions, child's behavior problems & outcome of parent training, literature review, 8404
pilot study, behavioral management skill training, parents, 4006
Portage model of home intervention, child skill acquisition & parental depression, handicapped preschoolers & their parents, Wales, 11332
Portage system involving parent teaching at home, severely handicapped preschoolers, UK, 11311
problem solving training, social adjustment & interpersonal competence, 4 & 5 yr olds & their parents & teachers, 8877
relationship-focused intervention, infants with developmental disabilities & their parents, literature review, 8263
role as liaison between families & class & counseling role to help mothers cope, social workers dealing with language disordered preschoolers & their mothers, 2047
role of family life educator & educational programs, primary prevention of child abuse, 11225
self management procedures, generalization & maintenance effects in behavioral parent training, literature review, 13244
social class & sex, attitudes toward education for parenthood, high school vs college students, 8903
suggestions for diagnosis & parent counseling & referral, stuttering, pediatricians treating 2–6 yr olds, 1673
systemic training for effective parenting, parental attitudes, 23–50 yr old mothers, 13210
techniques for teaching speech skills, nonverbal autistic & retarded children & their parents, literature review, 12788
training by mental health professionals vs other foster parents, parenting skills, foster parents, 8558
training program, mothers of handicapped children, 11018
unprogrammed learning of behavior modification techniques at home from trained mothers, fathers of oppositional toddlers, 13239
validity of Parent Behavior Progression rating scale, evaluation of parent-child interaction, parents & their handicapped infants in early intervention program, 120
videocourse, early intervention in language development, parents of mentally retarded 3.3–7.1 yr olds, 4004
videotape modeling parent training, child behavior problems & mother-child interactions & confidence in parenting abilities, mothers of 3–5 yr olds, 1-wk & 1-yr followups, 6262

Parental Absence [See Also Father Absence, Mother Absence]
adjustment & feelings about parental separation, 12–18 yr olds from separated or divorced 1-parent families, 10256
child demographics & parental loss & deprivation factors & adult sociodemographic factors & social class & employment status & religious participation, mental disorders, 18–64 yr olds, 1223
demographic analysis, living arrangements, parent-absent unmarried noninstitutionalized children under 18 yrs of age, US, 1980, 10333
early parental loss, predisposition to suicidal ideation & behavior, college students, 1240
epidemiology & family background & parental absence & unemployment, suicide attempts, 6–21 yr olds, 1260
intact vs broken home & age & sex, personal adjustment, 10th graders, 864
parental loss & family stability, suicidal ideation & attempted suicide, Ss who have attempted suicide, 1241

Parental Attitudes
academic expectations for learning disabled vs normally achieving 3rd graders, teachers vs parents, 6752
academic self concept & expectations & teacher expectations & perception of student & parental expectation & reported stress levels, learning disabled 8th & 10th graders, 8943
acceptance vs conflict in parenting role & employment & father's role & child care arrangements, mothers age 33 or older vs 23–29 yrs old at birth of 1st child, 3307
adverse effects of parent-implemented behavior modification programs, trained parents, 8397
assessment of social competence & school behavior & achievement by parents vs teachers & cooperative-competitive preferences, male vs female 4th–6th graders, 10096
attitudes & knowledge & demographic factors, routine neonatal circumcision, physicians & parents of male infants, 4136
attitudes & lifestyle, mothers of adolescent mothers, 5507
attitudes & practices related to flame retardant & potential carcinogen Tris, parents of young children, 11519
attitudes of parents & teachers & peers & self esteem & attributions & social competence, learning disabled children, literature review, 5868
attitudes toward children, parents of borderline & mildly & moderately & severely mentally retarded children, 8146
attitudes toward effects of Big Brother/Big Sister program on children of divorce, participating parents & children & Big Brother & Big Sister volunteers, 11023
attitudes toward having children, rural parents, 921
attitudes toward schizophrenia & childrearing decisions, schizophrenics & their parents, implications for genetic counseling, 8056
attitudes toward suicide & death, suicide rate, 12th graders & parents, Canada, 8076
Behavior Problem Checklist ratings of kindergartners through 8th graders in counseling, parents vs teachers vs counselors, 4504
childhood experiences, attitudes toward own children, mothers of 5th graders, Japan, 952
child's sex & diagnosis of handicap & type of school attended, perception of sense of adjustment, 9–11 yr olds with cerebral palsy vs spina bifida vs their mothers, Australia, 3802
cry difficulty, physiological & emotional responses to infant cries, nonparents with mean age of 29.8 yrs vs primiparous vs multiparous mothers vs fathers, 2843
expectations from professionals serving their children, parents of physically or mentally disabled or developmentally delayed children, 7971
exposure to community awareness program through mass-media vs group instruction, attitudes & knowledge regarding early identification of exceptional children, parents, 11004
factors related to emotional readiness for fatherhood, 18–42 yr old 1st time fathers, 3311
group parent program, self esteem & attitudes toward children & knowledge of childrearing techniques, parents of psychiatrically hospitalized children, 4193
help seeking behavior & preferences & perceptions of child psychologists, parents of school age children, Australia, 8286
home environment & maternal attitudes & marital adjustment & socioeconomic status, mental & motor development, 2 yr olds, 3149
judgments of parental vs maternal resemblance, 14–37 yr olds judging appearance of newborns, 3303
Likert-scale vs paired-choice format & specificity of survey items, assessment of parental preferences for curriculum components, parents of elementary school students, 8988
literacy & age & socioeconomic characteristics, concept of measles & attitudes toward measles vaccine, mothers, Nigeria, 13330
mainstreaming, academic achievement & attitudes of parents vs regular vs special education teachers, educable mentally retarded students, 13701
maternal authoritarianism, child's cognitive performance, 3–4 yr olds & their mothers, 3083
Maternal-Fetal Attachment Scale, females in 3rd trimester of pregnancy, 9386
occupational therapy, understanding & acceptance of child & building child's self esteem, mothers of 5–10 yr olds with sensory integrative dysfunction, 8667
parent & offspring characteristics, attitudes toward involuntary vs voluntary sterilization of children, parents of mentally retarded people under 40 yrs of age, 1340
parental attitudes & emotional reactions & maternal influence, self esteem, physically handicapped 9–11 yr olds, 1373
parental attitudes & identification of interpersonal traits, junior high school students, 11292
parental attitudes prior to child's admission to short term residential psychiatric program, treatment outcome, 4–14 yr old males, 6446
parental influences, socialization, retarded children, literature review, 5869

parental role models & support & aspirations & attendance of integrated schools & inner strengths, attainment of professional degrees or doctorates, male vs female Mexican Americans, 3277
parents' perceptions of diagnostic evaluation & child & parent demographic characteristics, treatment attrition, 5–16 yr old psychiatric examinees, 1468
paternity confidence & wife sharing, polygynous & polyandrous societies, 10293
pediatrician's 1st comments about infant, future perception of child, mothers, 10319
perception & evaluation of child's strengths & weaknesses & prediction of future achievement, mothers of learning disabled vs nondisabled 2nd–6th graders, 10655
perception of child's social & emotional adjustment & emotional response to hemophilia, mothers of 3–18 yr old hemophiliac males, 1398
perception of cotherapy role in home-based behavioral treatment, parents of autistic children, 8410
perceptions of child level of fine & gross motor skills & language ability, parents vs teachers of preschool age children, 3063
perinatal & infant physical status & child development & mother-infant interaction & family ecology & parent perceptions of child, IQ & language skills, infants, 4-yr longitudinal study, 3076
predictive validity of parental reports of developmental milestones, WISC-R scores, 6–17 yr olds, 141
preference for pictures of infants vs peers vs adults, pre- vs postmenarcheal 12–13 yr old females vs 7th grade males, 5317
presence of handicapped child, family problems, 2 mo to 7 yr olds & their families, Nigeria, 3785
relative influence of expectations & attitudes, student role expectations, 6th graders & teachers & parents, 11293
sex & marital status, reactions & adjustment to child loss from sudden infant death syndrome, parents, counseling implications, 8607
systemic training for effective parenting, parental attitudes, 23–50 yr old mothers, 13210
type of student misconduct, attitudes, parents vs teachers of Head Start children, 4319
validity of Neonatal Perception Inventory, inferring maternal attitudes toward their neonates, mothers, literature review, 9428
Parental Authoritarianism [See Parental Permissiveness]
Parental Behavior (Animal) [See Animal Parental Behavior]
Parental Influence [See Parent Child Relations]
Parental Occupation
family socioeconomic status & type of occupation & size & birth order, parental childrearing practices, male college students, 7808
father's occupation & educational attainment & occupational achievement, attitudes & behavior, 12709
father's occupation & physical maturity, academic achievement & mental ability, 3rd & 5th & 6th graders, Sweden, 4407
mother's job autonomy & demands & skill utilization, child's school attendance & effort & achievement, Black lower socioeconomic mothers & their 10–17 yr old children, 6709
parental education & occupation, creativity, 8th graders, 10238
parental education & occupation, interpersonal values, female high school students & their parents, Philippines, 12580
parental education & socio-occupational background, intellectual ability, 11 yr olds, Poland, 5355
parental schooling & occupational status & maternal employment, educational aspects of parent child relations & child's academic achievement, Chicanos vs non-Hispanic White families, 11265
parents' vs own social & educational & occupational status, preadmission & hospital assaultiveness/dangerousness, male acute schizophrenics with mean age of 30.1 yrs, 10595
sex & rural vs urban residence & mothers' employment status, awareness of sex trait stereotypes, 8 yr olds, Korea, 5436
social class as measured by father's occupation vs educational level & size of dwelling, autistic children with mean age of 10.6 yrs vs random sample of 7 yr olds, Sweden, 1153
socio-professional category of parents & demographic & educational & cultural background & job tenure & professional expectations & ambitions, job satisfaction prediction, secretaries, 2219
type of hospital & achievement values & age & length of service & parents' occupation & earnings & perception of hospital environment, occupational commitment, nurses in private vs public hospitals, 1879
Parental Permissiveness
birth order & memory of childhood perceptions of parental authority, dentists, 3239
birth order & perceived parental behavior & restrictiveness in school, locus of control, females, 1064
compensatory vs conditional vs indifferent parental permissiveness, defiance of parental authority, adolescents, 7818
economic class & perceived parental practices, prosocial development & cooperation & competition & individualism, Anglo vs Mexican American 4th–6th graders, 3219
liberal & authoritarian & nonmoralistic discipline of mothers, aggression-anxiety, 5 yr old males & their mothers, 3210
maternal authoritarianism, child's cognitive performance, 3–4 yr olds & their mothers, 3083
perceived parent & teacher socialization styles, self esteem, adolescents with mean age of 12.1 yrs, 10262
preference for permissive vs interventionistic mother, 4.5–8.9 yr olds, implications for moral development, 7623
Parental Role
acceptance vs conflict in parenting role & employment & father's role & child care arrangements, mothers age 33 or older vs 23–29 yrs old at birth of 1st child, 3307
behavior as surrogate parent to male vs female infant sibling in presence of stranger, male vs female 2.5–4.8 yr olds, 12518
child's perceptions of parents' goals, parent-offspring concordance on educational goals & parental influence, 6th & 8th & 10th graders & their parents, 7815
development of ideas about means of production & ownership & parental influence, 4–13 yr olds, 10122
experience of 1st-time parenthood, masculinity/femininity, spouses, 12571
historical view of children & parenthood in "Oedipus Rex" & other parental myths, implications for adult development theory, 3027
parenting, psychological recovery, Holocaust survivors, implications for H. Kohut's theory of bipolar self, 5328
parents' ages & agreement about religion & relationship with child & denomination, transmission of religious & social values from parents to children, adolescents with mean age of 16 yrs & parents with mean age of 45.3 yrs, 7799
peer vs parental influences & interest in "pop" culture, 12–15 yr old females, England, implications for existence of youth culture, 5445
perception of & identification with parental sex roles, 3–16 yr olds, 7752
perception of role of mother vs father in socialization, 10th–12th graders, Iran, 7819
perceptions of personal competence in parental role, mothers, 10306
pro-natalist bias in life span developmental psychology, literature review, 12406
religiosity & attitudes toward kinship & mate preference & parenting & material resources, altruism, college students, implications for sociobiological theory, 5663
role of father, separation-individuation, 34 yr old female & 33 yr old male, 10234
role of provider vs structure, caretaking functions, fathers, examination of cross cultural studies, 5508
sex vs socioeconomic status vs ethnic group, marriage & parenthood values, Black vs Hispanic vs White 11th graders, 5461
strength of social network, maternal role satisfaction, formerly married 19–55 yr old mothers, 10310
traditional marital role, adjustment to single parenthood, divorced custodial parents with mean age of 40 yrs, 10343
Parents [See Also Adoptive Parents, Fathers, Foster Parents, Mothers, Schizophrenogenic Mothers, Single Parents, Stepparents, Surrogate Parents (Humans), Unwed Mothers]
alcoholic parents, primary vs secondary alcoholic psychopaths, 1251
assessment & understanding of parental needs & issues & staff-parent relationships, parents of chronically ill hospitalized children, 8616
attitudes & practices related to flame retardant & potential carcinogen Tris, parents of young children, 11519
attitudes toward parents, delinquent 13–16 yr olds, India, 3709
behavioral psychology model, management of children's problems, teachers & parents, 11250
behavioral research, zoo design, children & parents & teachers & zoo personnel, 2270
birth order & family composition & educational level & parental drinking patterns, imitation of parental alcohol use, 18–70 yr old normal drinkers, 12631
characteristics of parental EEG, identification of type & course of schizophrenia, parents of schizophrenic children, 12842
child & parent characteristics, children's adherence to regimen of stimulant medication, parents & their hyperactive 5–9 yr olds, 1613
child abuse & depression, parents & children, 3677
child abuse, parricide, 14 & 15 yr olds, 3699
childlessness vs 1 vs 2 children, kin relationships & use of social services, Ss aged 60 yrs & over, 926

considering having replacement child after diagnosis of developmental delay in 3.5 yr old, parents, 7972
content of parent therapeutic groups, English- vs Spanish-speaking parents of children with cancer, 8592
coping strategies, adjustment to death of child, 21–67 yr old parents, 1-yr longitudinal study, 3323
correlation of measures of personality & cognitive ability, parents & sons & daughters, 2753
correlations & regressions for IQ, parents & their offspring, 12039
counseling & guidance, parents of handicapped children, 13359
death of child by suicide vs disease, perception of parents, adults, 7897
depression, delinquent 13–18 yr old males & their parents, 10491
EEG activity, predisposition to alcoholism, 11–13 yr olds with alcoholic fathers vs schizophrenic vs psychopathic vs character disordered parents, 3669
efficacy of self help group participation, 21–67 yr old bereaved parents, 11050
evaluation of TEACCH psychoeducational program, parents & their autistic 2–26 yr olds, followup study, 6092
family & marital relations, schizophrenics & their families, 8036
family walk-in center, intervention including group work & casework & education, parents who abuse or fear abusing their child, 1720
genetic & environmental influences, WISC & WAIS IQs, adopted & biological children & parents, 12035
genetic counseling approach, mourning response, parents experiencing stillbirth, 10974
genetic factors, ocular dominance, mothers & fathers & firstborn offspring, 2746
grief process & interventions, parents of stillborn infants, literature review, 1388
group counseling on issues of self esteem & self concept & racism, White parents of Black children, 10891
group orientation program, parents of children in foster family care, 3980
group psychotherapy, parents of 16–30 yr old psychiatric patients, 3975
guidelines for early identification of learning disabled students, teachers & parents, 4448
inclusion of process-observer in group therapy, parents with severely disturbed family systems, 6205
influence of peers vs parents vs coaches, athletic participation, female intercollegiate volleyball players, 12522
involvement in education of their handicapped children, parents, 2076
involvement of parents & teachers in school psychological service referral procedure, students with special educational needs, 11386
involvement with Unification Church & subsequent deprograming, 19 yr old female & her parents, 3282
joint custody of children, parents, Sweden vs US, 948
knowledge of disease, self reported psychological distress, adolescent male hemophilia patients & families, 13044
knowledge of safety practices & child development, parents with mean age of 28 yrs with hospitalized children, 1415
laws concerning visiting rights of parents & grandparents with children, France vs Switzerland, 975
limits to government intervention in families & rights of children, 978
marital & family relations & reactions following murder, parents & siblings of 19 yr old murderer, 5838
mental disorder of parent & family interactions, school achievement & adjustment, 4 vs 7 vs 10 yr olds, longitudinal studies, 4408
mental retardation, maltreatment of children, parents, literature review, 5889
MMPI profiles, parents of conduct & personality disordered & learning disabled 6–12 yr olds, 1096
model of causes & consequences of harsh parental punishment, parents & their 8–14 yr old children, West Germany, implications for antecedents of child abuse, 12913
modification of Barrett-Lennard Relationship Inventory, measurement of interaction with parents of pediatric patients, medical trainees, 7082
mortality & psychopathology rates & bereavement, parents after death of adult child, literature review, 3517
parent & teacher cooperation in teaching basic academic skills, 11204
parent or caretaker socioeconomic status & level of education & attitudes, adaptive behavior skills & behavior problems, male vs female deinstitutionalized vs never-institutionalized mentally retarded 10–65 yr olds, 10670
parent personality characteristics & parent-child relations, psychiatric hospital readmission, 15–30 yr old acute male schizophrenics, 4185
parent-child personality trait intercorrelations, intact White middle class families with 6–22 yr old children, 3301
parent-child play home intervention programs, imaginative play, developmentally delayed 3–5 yr olds, 3998
parental aggression, child abuse, Netherlands, support for 3-factor theory, 12935
parental education & occupation, interpersonal values, female high school students & their parents, Philippines, 12580
parental maladjustment & marital difficulties & dysfunctional extrafamilial interactions, child's behavior problems & outcome of parent training, literature review, 8404
parental participation in parallel group psychotherapy, group psychotherapy attendance & outcome, 13–16 yr olds, 6201
parent's avoidant vs non-avoidant illness behavior, illness behavior, diabetics with mean age of 51 yrs, 8257
parents' listening to child's reading, improvement in reading, 7–11 yr olds with reading difficulties, 11317
participant profiles & victimization process, parental child theft, 8071
pediatric & psychopediatric intervention, infants with spina bifida & anal imperforation & their parents, 1686
perception of cotherapy role in home-based behavioral treatment, parents of autistic children, 8410
perception of problems of managing mentally handicapped children & adults, parents or residential care staff vs day care staff, 10970
perceptions of child level of fine & gross motor skills & language ability, parents vs teachers of preschool age children, 3063
perceptions of child problems & parenting self esteem & maternal reported stress, parents of hyperkinetic 5–8 yr olds, 13051
political & social attitude & value similarity & interpersonal influences, college students & their parents, 12746
practical help from clinical psychologists, parents of children in clinic for psychological or organic disorders, 8576
preferences for various counseling dimensions during different phases of grieving, 28–66 yr old bereaved parents, 3921
preparation for & avoidance of confrontation with fundamentalist groups, school counselors, implications for censorship issues, 13733
preventive process in Parents Anonymous, child abusing parents, 10993
psychodynamics of image of parents' sexual relationship, 12758
respite care services, satisfaction, parents of severely handicapped children, 8574
right to reproduce & have custody & access to children despite label of "deviant," homosexual & transsexual & single & unmarried & retarded parents, 7976
school-based counseling program participation, school contact & student problems, parents of learning disabled students, 2093
self help model, social support group, average-size parents of dwarf children, 10987
self perception & perception of social interaction, parents of schizophrenic inpatients, 1126
sex & age & socioeconomic status & parental psychopathology, 3 types of evolution profiles leading to different personality structure & school efficiency & adjustment levels, psychotic vs neurotic children, 8033
sex & marital status, reactions & adjustment to child loss from sudden infant death syndrome, parents, counseling implications, 8607
sex vs socioeconomic status, drug use, separated or divorced parents vs nonparents, 995
socioeconomic stressors & abuse by own parents & impulsiveness & inaccurate parenting knowledge, criticism of review paper by J. J. Spinetta & D. Rigler on characteristics of abusing parents, literature review, 3668
somatic & emotional symptoms, preschoolers of parents with mental disorders, 7963
speech to 2.5–4.9 yr olds during play, cognitive informational content, parents, 7807
utilitarian perspective, issue of rights in education, students & parents & educators, 11154
utilitarian view of rights of students vs parents vs educators in education, reply to J. McMurty's criticism, 11153
utilitarian view on rights of students & parents & educators in education, criticism of R. Magsino's study, 11156
work & love problems & effects on children, adolescent parents, 5498
Paresis (General) [See General Paresis]
Parietal Lobe [See Also Somatosensory Cortex]
age, measures of parietal lobe function, 40–88 yr olds, implications for evaluation & treatment in occupational therapy, 3102
anesthesia, anterior parietal lobe topographical organization as measured by single neuron receptor field maps, macaques, 5257

associative responses, asymmetry in parietal cortex multiple evoked potentials, cats, 5036
attention task, detection of new stimuli, patients with unilateral hemispheric damage to right vs left frontal vs temporal vs parietal vs occipital lobes, 3844
caudate nucleus cholinomimetic injections, antagonistic amygdala & parietal cortex EEG during food procurement, cats, 5184
conditional motor task learning & subsequent bilateral lesions of premotor cortex vs frontal eye fields vs superior parietal lobule, task performance & relearning, cynomolgus monkeys, 570
cortical afferents to prefrontal cortex, bush babies vs rhesus monkeys vs nonprimates, 5100
emotional stress, ultrastructure of neurons & synapses of parietal area of cortex & reticular formation of brain, rats, 510
left-sided parieto-occipital lesions with dysgraphia & dyscalculia, medical patients, 1372
lesions of parieto-preoccipital subareas, visuospatial discrimination, rhesus monkeys, 9978
lesions of striate projections to parieto-preoccipital cortex, visuospatial discrimination, rhesus monkeys, 9979
parietotemporal lesions, sensory neglect vs defect of intention, stump-tailed macaques, 12236
Rorschach test results, patients with damage to frontal-parietal vs temporal vs occipital lobes vs brain stem, 10744
Parkinsons Disease
checkerboard pattern reversal visual evoked potentials, evaluation of Parkinson's disease, patients with mean age of 64 yrs without eye pathology, 10709
cognitive deficit, Parkinson's disease patients, 8232
cognitive fluctuations associated with on-off phenomena during levodopa treatment of Parkinson's disease, 51 yr old male, 8454
ethimizole, very slow waves of evoked potentials, Parkinson's patients, 10693
ocular motor problems, visual search & scanning task performance, 58–68 yr old patients with progressive supranuclear palsy vs Parkinson's disease vs cerebellar damage, 1363
semantic similarity of stimulus words, verbal learning, Parkinson's patients with mean age of 69.2 yrs, 13095
smoking & development of Parkinson's disease, 5965
spontaneous movements of arms & voluntary movements made on command, 36–68 yr old patients with Parkinson's disease, implications for assessment of akinesia, 6001
unilateral dopamine deficiency & reversal by levodopa, lateral EEG asymmetry in sleep, 56–72 yr old hemi-Parkinson's patients, 7562
visual perception & visual vs verbal retention disorders, constructional apraxia, 54–82 yr old Parkinson's patients, 6042
Parks (Recreational) [See Recreation Areas]
Parochial School Education [See Private School Education]
Parole
early notification of definite parole date, frequency & nature of disciplinary infractions & program participation, prisoners, 4245
impulsivity of crime & length of imprisonment & time on parole, male vs female criminals, 12924
recidivism, inmates released on parole vs conditional release vs by mandatory expiration of sentence, 5-yr followup, 13434
Parole Officers
use of pre-sentence report in criminal adjudication, India, 3344
Partial Reinforcement [See Reinforcement Schedules]
Partially Hearing Impaired
adequacy of mental health services, hearing impaired, Canada, 6404
Apple microcomputer in learning center, special education, deaf, 13702
attitudes toward hearing impaired & deaf children with vs without hearing aid, elementary school teachers, 4436
auditory masking thresholds, adults with high frequency hearing loss, implications for speech perception difficulties, 1426
bivariate plotting procedure, accurate diagnosis of hearing loss, normal hearing 22–58 yr olds & hearing impaired 24–84 yr olds, 4687
comprehension of double-object constructions, normal children & good vs poor readers & hearing impaired & mentally retarded & aphasics & nonnative English speakers, 5687
computer administration, Screening Tests of Test of Syntactic Abilities, deaf students, 13727
computer assisted instruction, special education supplement, severely & profoundly hearing impaired mainstreamed students, 13684
computer assisted video instruction, special education, deaf students, 13676
computerized Bekesy audiometer with earspeculum adapter, threshold measurement, hearing impaired Ss, 6971
contextual cues, identification of spoken words, hearing impaired 7–12 yr olds, 1429
creative dance program, language arts education, hearing impaired children, 2022
curriculum development, visually & hearing & physically impaired preschoolers, 11320
dichotic split-signal presentation of word lists vs unfiltered diotic vs high-pass diotic presentation, performance-intensity function & word recognition, hearing impaired 23–85 yr olds, 6965
duration of initial acoustic component of stimulus word, identification, 30–60 yr olds with noise induced hearing loss, 8195
family background & physical & neurological development & school behavior, mentally retarded children with vision & hearing disabilities, 8142
free-field tests, binaural interaction & localization, Ss with bilateral sensorineural hearing losses, 2350
lesson unit on sources of advertising, hearing impaired & learning disabled 11–14 yr olds, 11373
microcomputer system, reading instruction, deaf 2–6 yr olds, 13699
microcomputers in education, critical review of papers presented at 1982 Symposium on Research & Utilization of Educational Media for Teaching Deaf, 13686
microcomputers in secondary special education programs, hard-of-hearing & deaf, 6774
microcomputers, instruction, hearing impaired children, 13707
past & present & future of auditory education, hearing impaired children, 8283
physical & motor development, visually vs hearing vs mentally impaired students, 7974
play behavior with normal vs handicapped peers, 2.5–4 yr olds with cerebral palsy & Down's syndrome & mental retardation & hearing & speech deficits, 3512
presentation of Auditory Test W-22 subtest of Auditory Tests, half- vs full-list speech discrimination scores, hearing impaired 60–83 yr olds, 8230
Psychosocial Aspects of Deafness course as counseling tool, hearing impaired college students, 2069
pulsation-threshold procedure using vowel maskers, simultaneous masking patterns & vowel pulsation patterns, normal vs hearing impaired 17–40 yr olds, implications for suppression effects, 8171
range of computer application in education, deaf, 13704
sex & hearing impairment differences, gender identification of fantasy animal characters, 8–15 yr olds, 10742
sound-pressure level of interfering noise, speech-reception threshold for sentences, hearing impaired 20–96 yr olds, support for distortion vs attenuation hearing loss models & usefulness of hearing aids, 4239
speech babble vs cafeteria noise, speech discrimination in monotic vs dichotic listening, 61–91 yr old hearing impaired, 1380
speech reception & localization abilities, hearing impaired 19–45 yr olds using monaural hearing aids vs 18–58 yr olds using binaural hearing aids, 4233
speech stimuli presented through audition &/vs lipreading &/vs cues, speech reception & production, profoundly hearing impaired 9.2–16.9 yr olds, implications for aural rehabilitation, 8226
successful adjustment to hearing aid vs no hearing aid, self concept & communication efficiency, hearing impaired Ss 60 yrs & older, 4227
Supreme Court decision in Hendrick Hudson Central School District Board of Education v Amy Rowley, sign language interpreter as part of special education rights, hearing impaired student, 5518
synthetic speech perception, 22–81 yr olds with mild to severe hearing losses, 8196
task analysis, design of computer assisted instruction system for hearing impaired students, 13700
test instructions methods, deaf & hard of hearing children, literature review, 126
token economy reinforcement changes, academic achievement & disruptive behavior, severely & profoundly hearing impaired 12–14 yr olds, 6788
tonal vs speech tests, assessment of central auditory pathways, 60–80 yr olds with presbycusis, 36
Participation [See Also Group Participation]
age & sex composition, family groups in shopping & recreational settings, 10304
attitudes toward family involvement in treatment of hospitalized chronic mental patients, family & staff members, 1793
class characteristics, student participation, college students, 11282
family participation in psychoeducational assessment conferences, assessment information & client satisfaction & follow-through on decisions, 4–17 yr olds with learning & behavior problems, 10488

guidelines for successful employee participation, managers, 2197
individual & social variables, participation in neighborhood activities, residents, 12538
participation, distribution & perceptions of control, employees, West Germany, 2217
participation in decision making, perceived influence & role conflict & ambiguity & emotional strain & job satisfaction, absenteeism & turnover intention, nursing & clerical employees, 13804
participation in goal setting & goal difficulty level, performance level, college students, 2169
participation in household tasks, 6–17 yr olds of 2-parent 2-child families, 3189
participation level in decision making processes, radio station reporters, 2195
participation of adolescents in Western society, developmental implications, 10240
participatory management, response to change, dispersed employees, 9137
play organizing & toy sharing & assistance vs social imitators, participation, normal vs handicapped preschool children & withdrawn peers, 6230
presence of formal participatory body, levels of interaction & communication & influence & perceived effect on upper managerial decisions, lower level managers, 9113
prompt & praise vs praise anything vs token conditions, participation in low-interest recreational activities, autisticlike 7–8 yr old males, 8408
relationship with expectant mothers & their families, 16–21 yr old expectant fathers, 3299
role of values, participation in community intervention design, 6384
social activation program, social participation & self dependence, aged living in urban senior citizen apartment building, 13348
strategies for increasing learner participation, 8890
task structure, competence attribution & small group participation, 5th–6th grade males, 13665
unsupervised self administered aerobic training program, participation & motivation, 40–53 yr old male US Army personnel, implications for supervision & positive reinforcement in military physical training, 13769
youth participation & school curriculum, 11246
Parturition [See Birth]
Passive Avoidance [See Avoidance Conditioning]
Passiveness
interpretation & interpersonal communication & passivity, symbolic interactionism, 10401
Pastoral Counseling
age & sex & supervisory status, expectations of ministry, Association for Clinical Pastoral Education, 7776
clinical pastoral education & type of setting, self actualization & openness to feelings, 34–39 yr old students, 7781
clinical pastoral education, Blacks, 7765
clinical religious history format & pastoral intervention, adolescent psychiatric patients, 6425
compatibility of rational emotive therapy & Christianity, implications for pastoral counseling, 11039
marital alienation & cooperation, pastoral counseling for troubled marriages, 6415
nature & goals of clinical pastoral education, 7771
pastoral care as work of church, 6416
psychological counseling techniques & religious metanoia model of R. R. Carkhuff & W. A. Anthony, 6419
values clarification, religious education, adolescents, 11041
Pastors [See Ministers (Religion)]
Pathogenesis [See Etiology]
Pathology [See Also Neuropathology, Psychopathology]
captivity & stress, pathology due to cortico- & medullo-adrenal secretion overload & renal insufficiency & death, lesser mouse lemurs, 11949
formation & functioning & pathology, superego, 12462
parameters of cardiac rhythm, 17–20 yr olds with mental disadaptation & reduced adaptability to extreme conditions & pathological states, 12890
pathological defenses of avoidance & freezing & fighting due to early experience of danger & deprivation, 3–18 mo olds, 12478
pathophysiology & psychosocial impact & treatment, genital herpes, 3765
vision of pathology based on close relationship of pain & pleasure, 13107
Patient Attitudes [See Client Attitudes]
Patient Characteristics [See Client Characteristics, Patients, Personality Traits]
Patient History
abnormalities of sexual history & premenstrual affective syndrome, 14–45 yr old female inpatients with schizophrenia vs depression &/vs borderline personality disorder, 5729
clinical history & risk & psychosocial & angiographic factors & treatment characteristics, work status, 18–70 yr old males with coronary artery disease, 3783
clinical religious history format & pastoral intervention, adolescent psychiatric patients, 6425
demographic characteristics & case history & length of hospitalization, patients admitted to depression ward, 6461
exogenous factors, course of schizophrenia, patients with unfavorable vs slow course, 1198
family & patient history of mental illness, relapse, discharged functional psychotics, 5730
family history of psychiatric illness, patient characteristics & diagnosis of schizoaffective disorder & schizophrenia, hospitalized schizophrenics, 8059
family relations & background, 20–44 yr old self mutilators, 8081
genogram, 3-generational family history taking in family therapy, 2391
interactive computer system, history taking & diagnosis for dyspepsia & dynamics of patient-doctor interaction, general practitioner trainees & outpatient clinic registrars, 6539
maternal/paternal care/overprotection, hypochondriacal in- & outpatients from psychiatric hospital with mean age of 39.7 yrs, 10485
medical & genetic factors, mentally retarded 4–20 yr olds with inborn or early-age cataracts, 8139
paternal violence & CNS vulnerability & predisposition to psychotic disorganization, impulsive self destructive & homicidally aggressive behavior, 5–12 yr old psychiatric inpatients, 12938
patient history & characteristics, reactive psychotics, 10–14 yr followup, 10553
patient history & clinical symptoms & response to drug therapy, 10–60 yr old schizoaffectives & manic depressives & schizophrenics, 6313
patient history & suicide, chronic schizophrenics, 5784
personal history & social stability & current diagnosis, 19–58 yr old tattooed male psychiatric patients, 12819
psychiatric history & prior violence & type of charge, psychiatric assessments, forensic psychiatrists, 12596
social & work factors in favorable vs unfavorable prognosis, patients with periodic schizophrenia living in Moscow vs Andijan, USSR, 1117
systems approach to taking family & personal histories, family therapy, critique of articles by F. J. Duhl & R. R. Resnikoff, 10869
Ten Question Drinking History in prenatal intake procedure, fetal alcohol education, hospital physicians, 1884
types & time course & outcomes of hystero-depressive states developing during exacerbation of slow progressing schizophrenia, patients, 1202
validity of self report vs hospital records, hospitalization history, psychiatric patients, 13416
Patient Therapist Interaction [See Psychotherapeutic Processes]
Patients [See Also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients]
freedom of choice & sufficiency of information & standard of disclosure & competency as criteria, valid informed consent to treatment, 1470
patient instructor program involving education & interaction with health professionals, temperament, patient instructors with rheumatoid arthritis, 1463
preoperative counseling &/vs chlordiazepoxide, anxiety, dental patients, 8301
self monitoring, assistance to family physician as basis for effective treatment of psychological complaints, patients, 4120
Pattern (Stimulus) [See Stimulus Variability]
Pattern Discrimination
anisotropies of perceived contrast & detection speed for gratings at oblique vs horizontal vs vertical orientations, humans, 7193
coarse spatial sampling of luminance patterns, spatial visual interpolation, human Os, 9551
conventional vs iconic symbols in graphic displays, identification & search & comparison & pattern recognition, 20–30 yr olds, 2519
dichoptically presented gratings with equal vs different contrast, perceived orientation of fused image, human Os, 2553

discrimination of gratings with square- vs triangle-wave phase, 17–50 yr old anisometropes vs strabismics, 5992
duty cycle of rectangular wave grating, contrast thresholds, 8–10 wk olds, 3073
early perceptual-motor & visual experience, tactual pattern discrimination & path learning, blind Ss, 13077
exposure time of visual stimuli & axis of rotation, perceived similarity between patterns, college students, 9546
gratings of different orientation, role of eye-movement induced negative afterimages in monocular rivalry, criticism of theory of M. A. Georgeson & R. Phillips, 7200
head position & vertical vs horizontal stimulus orientation, identification of symmetry, 17–22 yr olds, 11792
intensity level of forward vs backward energy vs pattern masker, vibrotactile letter recognition, lab employees, 11737
interval between target & masker onset & masker energy, vibrotactile pattern recognition, college students, 11769
lesions of parieto-preoccipital subareas, visuospatial discrimination, rhesus monkeys, 9978
lesions of striate projections to parieto-preoccipital cortex, visuospatial discrimination, rhesus monkeys, 9979
luminance level of checkerboard stimulus pattern presented to varied fields, visual evoked potentials, humans, implications for Bloch's law, 4868
manipulation of objects, use of visual & haptic information for differentiation of structural vs nonstructural invariants, 1 yr olds, 820
matrix size & visual angle, visual memory span for dot-in-matrix patterns, college students, 9544
mirror-image acoustic patterns, consistency of assignment to arbitrary response categories, college students, 11843
perceived depth of pattern & structural relevance of briefly flashed target line, identification accuracy, naive Ss, implications for object superiority effect, 11802
perceived tempi of coherent & streaming tone sequences, college students, 11858
psychophysiology, assessment of multiple pulse modulated sound, patients with otosclerosis & neurosensory deafness & trauma to temporal region due to tumor removal, 13096
radial arm maze involving differing reinforcement amounts within each arm, serial pattern learning, female rats, implications for alphabet learning possibility, 4974
redundancy in perception of bilateral symmetry in dynamic dot textures, 11797
reference cues, pattern copying, male vs female 7 vs 10 yr olds, 10201
removal of visual cortex & training with ciassical vs fading procedures, pattern discrimination learning, male rats, 9974
rhythmic context, detection of violations of higher order melodic rules, college students, 9575
serial positive patterning training, CRs to elements of pattern, male rats, 9761
similarity of rhythm of auditory vs visual stimuli, attention span, 4 mo olds, 10169
sinusoidally modulated chromatic gratings, visually evoked cortical potentials, 20–30 yr olds, 2796
size & number of elements of hierarchically constructed patterns, perceived organization of pattern, college students, 2534
spatial frequency of suprathreshold sinusoidal gratings, spatial frequency discrimination & relation to photoreceptor spacing, human Ss, implications for neural interpolation, 11796
subitizing spatial & temporal patterns, development of numerical concepts, children, 12449
symmetry vector, prediction of pattern goodness & complexity & symmetry, 9565
tempo, discrimination of last click of rhythmic series, adults, 11844
temporal masking & onset asynchrony of letters presented to fingertips, temporal integration of vibrotactile patterns, college students, 9505
transfer of visual pattern discrimination, light- vs dark-reared rats, 9771
visual display simulating matrix of radio frequences of noise & extraterrestrial radio signals, pattern detection & recognition, 9529
visual evoked potentials & behavioral indicants of selective attention to multifeature gratings, graduate students & faculty, 12087
visual pattern discrimination learned with 1 hemisphere, interhemispheric transfer of information & bilateral storage, cats, 7421
visual patterns, dishabituation to transformations, 10 mo olds, 795
visual presentation of familiar vs unfamiliar information, role of memory trace & active visualization in recency effect in visual memory, 18–35 yr olds, 7274

Pavlovian Conditioning [See Classical Conditioning]
Pay [See Salaries]
PCP [See Phencyclidine]
Peabody Picture Vocabulary Test
concurrent validity of Peabody Picture Vocabulary Test-Revised & McCarthy Scales of Children's Abilities, at-risk 3.9–4.8 yr olds, 9380
correlation between scores on Peabody Picture Vocabulary Test-Revised & McCarthy Screening Test, 4.9–5.7 yr olds in kindergarten screening program, 11418
scores on MMPI & Peabody Picture Vocabulary Test & Revised Beta Examination, Black vs White murderers, 4752
scores on Peabody Picture Vocabulary Test-Revised vs McCarthy Scales of Children's Abilities, 3–4 yr olds, 11653
Spanish translation vs English form of Peabody Picture Vocabulary Test, test scores, bilingual 5–12 yr olds, 2430
validity & reliability of traditional vs revised Peabody Picture Vocabulary Test, screening for giftedness, students with mean age of 11 yrs, 13728
validity of Peabody Picture Vocabulary Test-Revised, screening for participation in gifted program, 1st–8th graders, 11422
Pearson Prod Moment Correl Coeff [See Statistical Correlation]
Pecking Order [See Animal Dominance]
Pederasty [See Pedophilia]
Pedestrian Accidents
right-turn-on-red, bicycle & pedestrian accidents involving right-turning vehicles, 9037
sociopsychological analysis, pedestrian behavior & accidents, 13749
Pedestrians
timing of pedestrian walk & no walk signs, jaywalking, 4531
Pediatricians
client characteristics & type of practice & doctor-client interaction, prediction of return to doctor, pediatricians & patients, 1685
content & purpose of prenatal interviews, pediatricians, 1668
discussion of infant development with pediatricians, mother-child relations & child development, mothers & their infants from birth to 6 mo, 10114
health education by pediatric residents, responses & factual knowledge, 3rd–4th graders, 8827
home environment, child development, literature review, clinical implications for pediatricians, 1669
inadequacy of information provided to new mothers in maternity, pediatricians, 1762
instruction of parents about infant development & changes in patient-child relations, pediatricians, 1681
pediatrician's 1st comments about infant, future perception of child, mothers, 10319
role in mental health & health care delivery system, pediatricians, 8773
suggestions for diagnosis & parent counseling & referral, stuttering, pediatricians treating 2–6 yr olds, 1673
teacher-physician interaction in monitoring drug treatment of children with behavior disorders, special education teachers & pediatricians & psychiatrists, 13298
Pediatrics
behavioral evaluation & referral unit of pediatric clinic, facilitation of referral, children with learning & behavioral problems, 8520
characteristics of badly battered children admitted to hospital pediatric intensive care department, France, 1968–80, 13401
company of mother during hospitalization, neonates & infants in general pediatric unit, 1783
home environment, child development, literature review, clinical implications for pediatricians, 1669
mother-child separation during hospitalization in pediatric unit, 1772
neonatology techniques requiring hospitalization, subsequent relational disorders, handicapped children, 1789
parent education & support program, private pediatric practice, 1679
pediatric & psychopediatric intervention, infants with spina bifida & anal imperforation & their parents, 1686
pediatric-child psychiatry liaison program on postpartum unit of community hospital, education in helping behavior with normal developmental crisis inherent in parturition & pregnancy, medical students & pediatric residents, 8763
staff group meetings, coping with stress, staff of children's hospital, 4270
training in behavioral pediatrics, pediatric residents, 8731
Pedophilia
behavior therapy, treatment of pedophilia, 17 yr old, 4008
definition & incidence & characterization & effectiveness of behavioral treatment, pedophilia, literature review, 10912

Peer Counseling
application of organizational behavior theory of C. Argyris to college housing, role of resident assistant, 2085
criteria for self help/mutual aid groups outlined by President's Commission on Mental Health, implications for prevention, 10990
efficacy of campus radio counseling program, 4527
efficacy of self help group participation, 21–67 yr old bereaved parents, 11050
familiarity with & attitudes toward self help groups, 25–70 yr old health professionals, 11142
gerontology training programs, minority low-income aged volunteers, 6548
peer counseling in self help groups, depression, females at home, 8604
perceived benefits of group participation & role of professional, 16–75 yr old members of self help groups, 11033
preventive process in Parents Anonymous, child abusing parents, 10993
quality of life, self help group leaders & administrators of Recovery Inc, 11013
student peer counselors in role plays, orientation, parents of college freshmen, 4510
Peer Evaluation
factors influencing teacher & peer sociometric ratings, mildly mentally retarded 7–14 yr olds in special classes, 11348
function & significance of institutional review boards for scientific research, 11136
model for peer review, psychologists in medical center, 6564
peer ratings of effectiveness & session attendance rates of clients, assessment of therapeutic competence, therapy trainees in their internship settings, 8786
peer reviews of psychological services & fees, psychologists, 4316
peer vs supervisor paired-comparison evaluations of managerial effectiveness, savings & loan branch managers & supervisors, 9132
sex & peer evaluation of competition, expectations for & actual competitive performance & perceptions of success, masculine vs feminine vs androgynous vs sex role undifferentiated students, 7848
Peer Relations
achievement related peer interaction, mathematics learning in mixed vs uniform ability cooperative groups, 7th & 8th graders, 4406
age & handicapping condition & contextual setting, development of peer relations, young children, literature review, 865
age & peer acceptance & status, interpersonal understanding & perceived social self competence, 3rd–8th grade unilateral vs mutual friendship vs nonfriendship pairs, 5432
age & sex, play with familiar vs unfamiliar peer, 37–64 mo olds, 10245
amount of time spent alone vs with peers vs with mother vs with father & type of activities & conflict, 10th graders, 5443
classroom social relationships & student attitudes, high school students, 13659
cognitive & affective role-taking skills & peer interaction patterns, learning disabled 7–10 yr olds, 8126
communication with peers & adults, cognitive development, infants & preschool age children, 7672
delinquent peer associations, perceived risk of punishment & self reported delinquency, 11–18 yr olds, 12954
demographic characteristics & play behavior & peer relations & parent child relations, traditionally vs nontraditionally sex-typed females aged 4–12 yrs, 5423
developmental progression of pretend & peer oriented social behavior, 19–41 mo olds, 10226
developmental stage, friendship formation & impairment & relationship to group therapy, 1–3 vs 3–6 vs 6–12 vs 12–16 yr olds, 3207
factor analysis, academic stress, adolescents, US vs England, 11301
friendship vs mother- vs father-child relations, attempts at behavior control & intimacy & nurturance, male vs female 4th vs 7th vs 10th graders vs college students, 3215
group size & composition, self stimulation & interaction, 16–26 yr old institutionalized severely & profoundly mentally retarded males, 11070
grouping with popular nonhandicapped peers, social acceptance, mainstreamed special education students, 11344
identification with & perceived reality of TV characters, perception of peers, 3rd–6th graders, 3237
Interactive Classroom Television System, on-task performance & self esteem & peer affiliation & attachment, partially sighted elementary school students, 13673
interpersonal interactions with peers & psychostimulant & behavioral treatment & social skills training, hyperactive 1st–6th graders & 5–9 yr olds, 6085
judgments of social hostility & adaptability for learning disabled vs normal 2nd vs 4th graders interacting with peers, college student naive judges, 1305
multiple step program involving peer pressure & employees' own behaviors, employee absenteeism & attitudes & motivation & turnover, 6867
mutuality & affective tone & orientation of peer attractions, White & Black 8th graders in racially mixed accelerated classes, 4425
observation of interaction & social cognition & emotion in peer playgroups, toddlers during 2nd yr of life, monograph, 10212
opportunities for & attitudes toward cross-sex peer learning in science classroom, 4th & 5th graders, 11287
peer interactions, 5th & 6th graders in kibbutz vs urban school, Israel, 3243
peer relations & socialization, hyperactive children, literature review, 6002
peer selection & rejection via sociometric scale, immigrant 3rd & 6th & 9th graders, Sweden, 866
peer vs parental influences & interest in "pop" culture, 12–15 yr old females, England, implications for existence of youth culture, 5445
perceived peer & family relations & locus of control & hopelessness, adolescent suicide attempters, 12968
person-environment congruence at home vs school vs in peer group, health & well-being, 10th & 11th graders, 12481
personality & family & peer influences, drug use, high school students, 12463
play behavior with normal vs handicapped peers, 2.5–4 yr olds with cerebral palsy & Down's syndrome & mental retardation & hearing & speech deficits, 3512
play organizing & toy sharing & assistance vs social imitators, participation, normal vs handicapped preschool children & withdrawn peers, 6230
presence vs absence of peers, assignment of starring role in game to own vs others' dolls, 5–7 yr olds, 3229
programs & methods for modifying peer acceptance of exceptional children, students in regular classrooms, literature review, 4450
quality & satisfaction of life & family & social relations & finances & safety & health, 18–65 yr old institutionalized mentally disabled, 1777
relations with parents & peers during childhood, loneliness, Iranian college students, Iran vs US, 12484
reliability & construct validity of Children's Self-Efficacy for Peer Interaction Scale, 3rd–5th graders, 2483
roles assumed in interactions during game playing, male vs female 8–10 yr olds & their best friends & 4.5–7 yr old younger siblings, 3184
school & playground behavior, 3rd & 5th graders rejected or neglected by peers, 3195
self esteem, peer group interaction & job performance & job strain, nurses, 1873
social behavior with same- vs different-aged others, children, literature review, 869
sociocultural influences of family & parental & peer behavior & personality traits, alcohol drinking patterns, adolescents, 7717
teacher attitudes & behavior toward individual students, peer social acceptance, mainstreamed learning disabled 4th–6th graders, 13705
token reinforcement, on-task behavior & assignment completion & accuracy & peer relations, 15 yr old male secondary special education student, 6755
traditional vs student-centered teaching method, grammar achievement, 2nd graders, 8884
training intervention, attempts at communication & interaction with deaf peers, hearing preschoolers in low-key mainstreaming program, 4465
type & number of toys available, peer social activity, 18 mo old males, 3193
willingness to conform to peer pressure to engage in antisocial vs prosocial actions, learning disabled junior high school students, 8127
Peer Review [See Peer Evaluation]
Peer Tutoring
compensatory intervention & vocational education & basic skills remediation & peer tutoring, self concept, learning disabled adolescents, 2074
peer trio technique, peer tutoring, learning disabled 4th–6th graders, 11329
role taking ability, prosocial behavior during tutoring of kindergartners, 2nd graders, 3214
tutor training program, empathy & altruism & self esteem, high school students, 6697

tutorial hypothesis testing instruction vs oral reading practice vs word recognition training, comprehension skills, remedial reading elementary school students, 11365
Peers
attitudes of parents & teachers & peers & self esteem & attributions & social competence, learning disabled children, literature review, 5868
influence of peers vs parents vs coaches, athletic participation, female intercollegiate volleyball players, 12522
interrater agreement, aggression & withdrawal & likability, 1st & 4th & 7th graders & teachers & peers, 2450
methodological flaws of paradigm using spontaneous moral discussions, criticism of W. Damon & M. Killen's study of social interaction & moral reasoning in young children, 845
moral reasoning level & social interaction during peer discussions of distributive justice, advancements in moral reasoning, 1st–3rd graders, 849
norm qualities of significant reference group, alcohol & marihuana attitudes & abuse, 7th–12th graders, 5832
peer group models in teaching physical examination techniques, medical students in mixed vs all-male vs all-female groups, 6561
peer influences & transmission of anxiety from teachers & principals, cause of gas poisoning epidemic, elementary school students, Hong Kong, 3530
peer pressure during high school, attitudes & behavior, college students, 12464
peer vs adult models, donation behavior, 2nd & 3rd graders, 7703
perception of parent vs peer vs teacher presidential candidate preference, mock election voting behavior, 3rd–5th graders, 3180
presence of adult vs 13–29 mo old peer, mother-infant interaction, mothers & their 19 mo olds, 3317
problem disclosure & help seeking in work setting from supervisors vs peers vs subordinates, managers, 2186
responses to friends & parents & verbal interaction style & family discussion, principled moral thinking, high school students, Australia, comparison to US data, 854
semantic wording & influence of peer opinions, conformity, male college students, 7903
Pemoline
pemoline & haloperidol vs pimozide vs diazepam & pretreatment with parachlorophenylalanine vs parachloroamphetamine, stereotyped & self injurious behavior, male rats, 659
Penguins
foraging behavior & energy requirements, king penguins, 4995
Penicillins
constant magnetic field, hippocampal penicillin epileptogenic foci, rabbits, 5189
focal cortical excitation produced by strychnine & penicillin & acetylcholine with prozerine, determinant & dominant focal cortical interactions, cats, 5247
GABA vs liposome-entrapped GABA, penicillin-induced epileptic activity, rats, 12304
Penis
sex therapy, orgasmic ability & intrapsychic & interpersonal functioning of couple, 65 yr old penectomy patient & his wife, 10813
Penis Envy
psychoanalytic views, penis envy, 10469
Penitentiaries [See Prisons]
Penology
antiprotectionist view of criminal justice, 8691
capital punishment as deterrent to murder, criticism of methodology & ethics of theory of I. Ehrlich, 1804
capital punishment as deterrent to murder, reply to criticism by D. Beyleveld, 1809
evaluation of prisoner work release programs, literature review, 1812
grievance procedure design, inmates, 4236
modern penology & its basis in Platonistic penological theory of J. Mill, 4217
validity & social policy implications of adherence to assumptions about causes of crime & effectiveness of rehabilitation programs, 1262
value systems in criminal justice, US, 8661
Pentobarbital
delta-9-tetrahydrocannabinol vs atropine vs LSD vs phencyclidine vs hallucinogen SKF-10,047 vs dextroamphetamine vs sodium pentobarbital, food consumption, food-deprived dogs, 12349
dextroamphetamine vs chlordiazepoxide vs chlorpromazine vs LSD vs pentobarbital vs scopolamine, brightness discrimination, male rats, 638
morphine vs pentobarbital pretreatment, tolerance to discriminative stimulus properties of morphine, male pigeons, 10052
pentobarbital anesthesia & footshock & shock avoidance conditioning, acetylcholinesterase & protein synthesis in brain, female rats, 12149
pentobarbital, hypnotic & hypothermic responses, long- vs short-sleep lines of mice genetically selected for ethanol sensitivity, 10028
phencyclidine &/vs pentobarbital, operant responding in repeated-acquisition task, male pigeons, 10044
probenecid vs sulfinpyrazone, potentiation of pentobarbital- & halothane-induced hypnosis, female rats, 676
time between lithium & pentobarbital injection & dosage, aversion of failure, male rats, 2968
Pentylenetetrazol
eboracin, suppression of pentylenetetrazol-induced ECS & audiogenic seizures, male mice, 2917
Pentylenetetrazole [See Pentylenetetrazol]
Peoples Republic of China
adaptation of Halstead-Reitan Neuropsychological Test Battery, China, 134
conference of Chinese Psychological Society, 1981, 11552
development of psychology, China, literature review, 9230
epidemiology & phenomenology, neurasthenia & depression & somatization, 18–56 yr old psychiatric clinic patients, China, 5678
experimental preschool education program, Peoples Republic of China, 4395
ideals & motives & interests, adolescents, China, educational implications, 10252
observations of Chinese psychologist C. C. Ching after tour of Britain & France, 2306
physiological & sociocultural hypotheses, rarity of alcoholism among Chinese, China & British Columbia, literature review, 5836
political culture & personality & aggressive behavior, China, comment on article by M. Bond & W. Sung-hsing, 10303
prevalence & characteristics of mania, inpatients with mean age of 31.1 yrs, China, 1235
rationale & problems with birth planning policy of 1 child per couple, People's Republic of China, 7800
treatment & role of elderly under Communist regime & since 1949 Revolution, People's Republic of China, 5475
treatment techniques in psychiatry, China, 10781
Peptic Ulcers [See Gastrointestinal Ulcers]
Peptides [See Also Cholecystokinin, Endorphins]
ACTH & melanocyte-stimulating hormones & related peptides, central & peripheral nervous system & behavioral effects, literature review, 5031
alpha-melanocyte-stimulating hormone vs hypothalamic tripeptide MIF-I &/vs melatonin, attenuation of morphine analgesia, rats, 5230
alpha-2 adrenoceptors & opiate receptors & morphine & opiate peptides & clonidine locus coeruleus neurons, literature review, 436
amygdala microinjection of neurotensin, nociceptive threshold, male rats, 5244
angiotensin II analogs, drinking induced by eledoisin vs bombesin vs angiotensin II, pigeons, 7541
bombesin vs somatostatin & ambient temperature, oxygen consumption, male rats, thermoregulation implications, 594
ceruletide, food intake & hunger & activation & RT & psychomotor performance, nonobese Ss, 7571
ceruletide vs ceruletide analogs vs cholecystokinin octapeptide, catalepsy & hexobarbital-induced sleep & harman-induced convulsions, mice, 7579
chromatographic profiles of urinary peptides & protein-associated peptides, autistic 4–19.4 yr olds vs psychotic 6–15.4 yr olds vs 9 yr olds with minimal brain dysfunction vs attention deficit disorder vs mentally retarded 3.8–15.1 yr olds, 1098
delta sleep-inducing peptide, daily variations of 5-hydroxytryptamine & dopamine & norepinephrine & plasma proteins/corticosterone concentrations, male rats, 12284
delta sleep-inducing peptide vs its phosphorylated analog, circadian locomotor activity, rats, 7548
dosage of bombesin injected into cerebral ventricles, body temperature & food intake, food deprived rats, 12242
ECT, acute rise in pancreatic polypeptide concentrations, 37–55 yr old psychiatric patients, 3876
gluten peptides & schizophrenia & celiac disease, 10489
hypothalamic peptides, neurobiology & hypothalamic-pituitary functions, 448
icv bombesin, food intake & grooming, male rats, 639

icv enkephalin analog FK 33-824 doses vs morphine vs dextro-ala-2-Met-enkephalinamide & subsequent naloxone & environmental temperature, hyperthermia, cats, 597
individual levels of fraction I endorphins & substance P in cerebrospinal fluid, self administered levels of meperidine for postoperative pain, 21–60 yr olds, 6316
interaction of presence of food in small intestine & exogenous cholecystokinin & bombesin & oropharyngeal stimulation by food, gastric vs intestinal satiety vs food intake, animals, literature review, 5054
lateral hypothalamic bombesin, food intake, male rats, 12338
light, modification of polypeptide isoelectric points in retinal photoreceptor layer, fruit flies, 7430
lithium & time of day, temporal patterns of calcium & magnesium & parathyroid hormone & calcitonin, rats, 5256
mild psychological stress, immunoreactive neurophysins levels, male rats, 9893
morphine vs dextro-Ala-2-Met-enkephalinamide vs dextro-Ala-2-dextro-Leu-5-enkephalin, barpressing for obtaining vs escaping heat, cats, 598
neuroanatomy & neurochemistry & neurophysiology of opiomelanotropinergic neurons in pituitary & brain, literature review, 5095
neuroleptic therapy, cerebrospinal fluid levels of neurotensin, schizophrenic 20–40 yr olds, 1659
neuropeptides & blockators of protein synthesis, chemical sensitivity of visual cortex neurons during food procuring behavior, cats, 12238
peptidase inhibitors, reduction of morphine withdrawal effects, male rats, 5264
social isolation, aggressive behavior & brain alpha-melanotropin changes, male mice, 5111
substance P as afferent neurotransmitter & research on antagonists, literature review, 459
substance P fiber ontogeny in trigeminal nerve, embryonic & neonatal mice, 2790
synthetic corticotropin-releasing factor & prior dexamethasone, pituitary secretion of melanocyte-stimulating hormone & plasma ACTH levels, rats, 673
synthetic polypeptides, memory processes, rats & healthy Ss vs memory disorder patients, 654
thiorphan & bestatin, striatal met-enkephalin & inhibition of dipeptidyl carboxypeptidase & pain thresholds, female mice, 5282
Perception (Self) [See Self Perception]
Perception [See Also Related Terms]
age & sex & realistic vs stylistic picture style & content & information about picture, picture apperception, 5–9 yr olds, 3092
body awareness training, perception & memory & skin temperature, 6209
bupropion, change in attention & memory & perception & vivid dreaming, depressed patients, 1592
definition of cross cultural psychology & applications to perception studies, 5485
dissonance & self perception theories & positive vs negative feedback on task performance, perception of task as interesting, 17 yr olds, 3405
doctrine of perception & meaning & causality & prudential judgment & sympathy, elements of valuation, adolescents, 7707
equation for relationship between stimulus & sensory magnitude, 11735
item analysis of Leiter International Performance Scale in terms of perceptual & conceptual content & interpretation of Leiter IQ, language disordered vs normal 4.4–5.5 yr olds, 7023
modular microprocessor-based control & data collecting device for perception & cognition experiments, 67
music appreciation text focusing on musical perception vs factual information, musical perception & aesthetic judgment, college students, 13633
Open Focus Training, state anxiety, female nursing students, 8784
organism vs environment & J. J. Gibson's concept of affordance in understanding behavior, 28
perception & cognition in theory of J. J. Gibson, criticism of J. Heil's study, 4849
prenatal exposure to methadone & heroin, neonatal abstinence syndrome & organizational & perceptual abilities & cognitive functioning & adjustment & level of activity, humans & animals, 5241
rural vs urban environment, functional perception of poverty, males & females, India, 3268
sensitivity to experience of & perception of demands, obsessional psychotherapy patients, 1176
themes of memory & time in works of poet G. Leopardi & current research on perception & memory, 5299
theory of disinterestedness of aesthetic perception, viewers, 2259
Perceptual Aftereffect [See Also Afterimage]
binocular vs monocular viewing & nasal vs temporal hemiretinal exposure to rotating visual background, visual verticality judgments, 18–24 yr olds, 2570
contour stimuli moving in same vs different directions, strength of tilt aftereffect, college students, 11784
individual differences, field dependence in learning ability & visual aftereffect, 8–11 yr olds, 3179
intensity of adapting tone, perceived loudness of test tone, humans, 11854
interstimulus interval & duration of circles vs triangles, aftereffects, 18–29 yr olds, 9534
kinesthetic aftereffect performance & accuracy in judgment of relative line length of Mueller-Lyer illusion, Ss classified as augmenters vs reducers, 7164
relationship between Vividness of Visual Imagery Questionnaire scores & imagery-induced McCollough effects, 9541
spatial frequency, contrast sensitivity to chromatic sinusoidal gratings & adaptation aftereffect, humans, 2589
spatial frequency of matched inducing & test gratings, color-contingent tilt aftereffect, experienced Os, comparison with C. McCollough's study, 2562
stimulus pattern angle vs orientation, color aftereffects, adults, 9528
susceptibility to nonvisual cues, chevron & tilted grating versions of tilt aftereffects, 19–58 yr olds, 4879
tilt aftereffect induced by grating vs checkerboard surrounds at different orientations, 11836
Perceptual Closure
apparent expansion by amodal completion of figures, 4864
effects of amodal integration vs perceived phenomena, 4863
height & length of partially hidden figure, size of amodal completion, college students, 4861
Perceptual Development
acquisition of internalized hierarchy of tonal stabilities in music, 1st–6th graders & college students, 10157
adaptive significance of sequential nature of sensory systems maturation in embryogenesis & neonatal period, neurogenesis & perceptual development, infants, literature review, 489
age, development of part-whole picture perception & role of educational conditions, 4–8 yr olds, 10170
age differences, compensation & conservation of liquid task performance, 3–4.5 yr olds, 10168
assessment of experience in studies of speech discrimination, infants, 4679
change vs no change in stimulus following visual occlusion, cardiac activity & visual tracking & fixation, 17–21 wk olds, 3169
changes in frequency of pure tones, discrimination thresholds, 5–8 mo olds vs college students, 807
communication game precuing, production of view-specific drawings, 5–6 vs 7–8 vs 9–10 yr olds, 10162
concurrent validity of Revised Developmental Test of Visual-Motor Integration with Bender-Gestalt, assessment of visual-motor development, emotionally disturbed 5–12 yr old males, 2425
development of monocular visual field, 13–56 day olds kittens, 7439
development of spatial perception, mentally retarded 6–10 yr olds, 8130
development of visual acuity assessed by operant preferential looking, 5 mo to 5 yr olds, methodological comparison with forced choice studies, 7675
development of visual responsiveness, 2 day to 6 mo old pigtail monkeys, 333
gaze shifts, oculomotor functioning, 5–8 yr olds, 7666
gross undernourishment during infancy, physical & cognitive & perceptual & psychosocial development, 20 yr longitudinal study, 8250
length of visual deprivation, visual evoked potentials, 5–8 vs 13–15 yr olds with congenital vs traumatic cataracts, 10712
manual control, development of object play & classification skills, blind infant from 14–18 mo of age, 3792
neuropsychiatric test battery, assessment of developmental changes in cognitive functioning & motor control & perceptual abilities & vigilance & neuromaturational status, 4–14 yr olds, 2441
normative data on Purdue Pegboard Test, right handed 2.5–5.9 yr olds, implications for neuropsychological screening, 2486
partially displayed line drawing figure, perceptual integration of accumulated visual data, 3–5 yr olds, 10179

position & orientation factors, classification of spatial information & development of spatial concepts, 6 vs 10 vs 14 yr olds vs college students, 10194
predisposed & distinctiveness-based stimulus salience, classification, 4 vs 11 yr olds, implications for a developmental shift from integral to separable perception, 7632
repeated stimulation with figures & moving target, visual scanning, 2–5 mo olds, implications for developmental model of saccadic control & encoding capabilities, 7637
route-finding test, assessment of spatial organization development, 2472
sensory integration & play development in occupational therapy, children, 4232
social isolation during preweanling period, sensorimotor development & homing behavior & open field activity, rats, 9928
spatial 2-alternative forced choice staircase technique, measurement of contrast sensitivities, 22 mo to 16 yr olds vs adults, 5344
synthesis of sensory integration & occupational behavior approaches, model of play development, literature review, 745
visual function & social responses, infant rhesus monkeys in 1st 2 wks of life, 339
Perceptual Discrimination [See Also Figure Ground Discrimination, Odor Discrimination, Pattern Discrimination, Visual Discrimination]
age differences & pre-exposure to object color & contrast with background, color preferences, neonatal chicks, 2702
differential coupling of sensory discriminations to physical stimuli using stable decision models for Weber's Law, 4701
lesion site & guessing, vowel perception & perceptual vs expressive phonemic discrimination, 23–75 yr old aphasics, 1383
micro & macrogravity during parabolic flight, mass estimation & discrimination, 18–30 yr olds, applications to spaceflight, 9518
performance characteristics & perceptual discrimination, leather vs synthetic basketballs, college students, 7175
reported painfulness & discriminability of pairs of electric shock, human Ss, 12205
RTs for discrimination among pairs of physically present circles vs symbols associated with circles, college students & 16–31 yr olds, 9490
visual &/vs auditory stimuli on same vs opposite side of fixation point & simultaneous additional stimuli, RT for cross-modal vs intra-modal matching, college students, 2530
2-point tactual stimulation of back vs forearm, discrimination sensitivity, male graduate students, 2529
Perceptual Disturbances [See Also Auditory Hallucinations, Drug Induced Hallucinations, Hallucinations, Visual Hallucinations]
definition of learning disability as neurophysiological dysfunction & suggestions for education, 12979
dissociation between prosopagnosia & impaired capacity to match familiar faces, 26 & 64 yr old males, 10497
incidence of diabetes mellitus & taste disturbances, patients with Bell's palsy, 6008
memory vs eye movement impairments as cause of inability to match length of successively presented lines, clumsy children with mean age of 11.3 yrs, extension of study by C. Hulme et al, 13036
model of information processing & cognitive & perceptual deficit, autistic children, literature review, 12847
occupational therapy, understanding & acceptance of child & building child's self esteem, mothers of 5–10 yr olds with sensory integrative dysfunction, 8667
perceptual skills curriculum vs sensory integrative therapy, academic achievement, 1st graders with perceptual deficits, 13703
Raven Coloured Progressive Matrices, diagnosis of perceptual dysfunctions, 9387
RT crossover in embedded set paradigm, anhedonic vs perceptual aberration schizotypic male college students, perceptions for psychosis proneness, 5788
severity of perceptual vs personality disturbance, female psychiatric inpatients, 3544
tactile vs visual vs dichotic stimulation on cognitive tasks, inter- vs intrahemispheric processing, 4–10 yr old hydrocephalics vs 5–9 yr olds with letter reversal problems, 13106
Perceptual Fill [See Perceptual Closure]
Perceptual Localization [See Also Auditory Localization]
availability of body-based spatial reference points under intra- & interlimb conditions, spatial localization, college students, 9516
discrimination vs detection of spatial position, female Os, 4855
placement in visual field, reactions to threatening interpersonal stimuli, 19–43 yr old females, 2585
practice with oscillating target within scotoma, pointing accuracy & visual orientation, adult male with cortical scotoma, 8175
retinal location of brief visual stimulus, mislocation during pursuit eye movement, 21–38 yr olds, 4866
stimulus perspective & rotational complexities, perception of geometric properties of moving 3 dimensional objects, college students, 9533
Perceptual Measures [See Also Rod and Frame Test, Stroop Color Word Test]
computer-aided visual field screening, military personnel & civilians & commercial aircrews & pilots over 40 yrs of age, Netherlands, 4560
correlation between Bender & Beery Developmental Test of Visual Motor Integration & Wide Range Achievement Test performance, 6–11 yr olds, 4525
modified absolute judgment method for measurement of oblique effect in conditioned tilt naming, college students, 9317
predictive validities of verbal vs academic achievement vs attitudinal vs visual perception tests, English composition grades, college freshmen, differential placement implications, 8980
route-finding test, assessment of spatial organization development, 2472
testing conditions, assessment of auditory discrimination ability, implications for E influence, 6976
vertical addition & perceptual speed & grammatical reasoning & closure flexibility tests, repeated measurement in environmental performance evaluation, 19–24 yr old US military enlisted males, 9365
Perceptual Motor Coordination [See Also Physical Dexterity]
cognitive aspects of tennis learning, children & adults, 7671
distance of projection & ball size, ball catching, male vs female 1st graders, 3146
intelligence & sex, psychomotor performance, high school students, 12435
target size & placement, rightward preferential visual monitoring in bimanual aiming task, 20–26 yr old right handed males, 11746
two-handed visual target acquisition task involving position & velocity manual controls, coordination activity sequence & errors, right handed male college students, 249
validity of DL 4–5 test, assessment of writing & orientation & memory & rhythm difficulties, kindergartners, 4509
vertically vs horizontally vs obliquely oriented stimuli in mirror-tracing task, response time & accuracy, 17–21 yr olds, 9517
visual cues & cognitive processes, acquisition of locomotor tracking action, adult football players, 7183
visual-motor coordination & motor development, deaf 6–10 yr olds, 13101
visuomotor tasks, RT & spatiotemporal organization of movements, Ss with mean age of 8.9 yrs with minor neurological dysfunction, 13076
Perceptual Motor Development [See Motor Development, Perceptual Development]
Perceptual Motor Learning [See Also Fine Motor Skill Learning, Gross Motor Skill Learning]
acquisition of motor skill requiring accuracy & timing & method for error reduction, 18–26 yr old males, 7179
cognitive & perceptual motor skill approach, driver training, 6834
concept of convergence/divergence with practice & application & differential long term retention & personnel selection & classification & latent factor identification, implications for military training, 11452
contextual interference, acquisition & transfer of motor skill, female college students with vs without experience in open sport skills, 243
correlation between measures of static & abdominal & dynamic strength during initial skill acquisition, male college students, 2368
fixation phase of learning & similarity between training & operating environment, flight simulator training, 4551
learning & generalization, video game playing, severely retarded 18–19 yr olds, 11093
microcomputer video game of bombing & air combat maneuvering & job control validity, US Navy enlisted males, implications for pretesting practice in repeated measurement, 9444
presentation vs test-trial training, motor acquisition & retention, humans, 9640
sex & sex role orientation, psychomotor reminiscence, 17–23 yr olds, 11754
sex, acquisition rate for cognitive & psychomotor skills & complex flight skills 1 yr later, US Air Force Academy cadets, selection & training implications, 9076

teaching style, motor performance & social skill development, 5th graders, 737
traditional vs movement education approach, motor skill learning, 1st graders, 1979
variability in experience, increased transfer to novel response of same class of movement forms, college students, test of schema theory, 7161
video games as skill acquisition & learning performance tests & practice effects, US Navy enlisted personnel, implications for pilot selection & training, 11453
visual feedback, observational learning of action patterns, college students, 7166
Perceptual Motor Processes [See Also Perceptual Motor Coordination, Physical Dexterity, Rotary Pursuit, Tracking, Visual Tracking]
ability to see catching hand, ball catching accuracy, college students, 7182
blood pressure & heart rate & respiration rate elicited by Multiple Task Performance Battery, humans, 9917
body vs eye movement & vision, visual-motor adjustment to prismatically distorted environment, male college students, 2527
Bruininks-Oseretsky Test of Motor Proficiency vs Southern California Sensory Integration Tests, screening for occupational therapy referral, learning disabled 4.8–12.2 yr olds, 4810
carbon dioxide inhalation during exercise & recovery, perceptual motor & cognitive performance, 5268
cerebral dominance of family members, lateral differences in motor & sensory functions, 2–4 day olds, 3088
ceruletide, food intake & hunger & activation & RT & psychomotor performance, nonobese Ss, 7571
clinical status, daily living ability & IQ & psychomotor RT & EEG, 21–53 yr old hospitalized patients with myoclonus epilepsy, 5994
compatibility between stimulus array & motor response array, left vs right hand up/down & rotational movement preferences, humans, 11736
concurrent validity of Revised Developmental Test of Visual-Motor Integration with Bender-Gestalt, assessment of visual-motor development, emotionally disturbed 5–12 yr old males, 2425
correlation between Bender & Beery Developmental Test of Visual Motor Integration & Wide Range Achievement Test performance, 6–11 yr olds, 4525
correlation between scores on Bender Gestalt Test & Developmental Test of Visual-Motor Integration, learning disabled & normal 7–10 yr olds, 8124
degree of assistance during training, proficiency in psychomotor task completion & perception of task difficulty & self confidence, nursing home patients with mean age of 78 yrs, 1750
development of pointing & related behaviors up to age 2, infants, longitudinal study, 835
diazepam, impairment of lateral position control in highway driving, 24–34 yr old expert drivers, 666
distribution & patterns of axon collaterals of rubro-spinal neurons at brain stem level, sensorimotor integration, cats, 5104
early perceptual-motor & visual experience, tactual pattern discrimination & path learning, blind Ss, 13077
exposure to ball vs picture of ball vs blank card, reaching behavior, 8–16 day olds, 10185
family history of schizophrenia, neuromotor & attentional abnormalities, schizophrenics, 3642
improvement of abstraction & visuospatial & perceptuomotor abilities, long- vs short-term sober alcoholic females with mean age of 42 yrs, 10613
intellectual functioning & psychomotor activity, patients with uni- & bipolar depression, 1144
interhemispheric asymmetry, formation of preference of movement direction in food procuring reaction, rats, 12103
interpolation of imaged vs actual motor movement between initial presentation & recall of motor movement, recall bias, right handed college students, 11748
joint rotation angular components during visually-guided arm reaching task, precentral cortical unit responses, monkey, 7433
lateralized cerebral damage, contra- vs ipsilateral perceptual motor performance, adults with vascular vs neoplastic vs traumatic cerebral lesions, 13035
left vs right hemispace, performance on left vs right hand sequencing task during concurrent speech, right handed college students, 5086
localized kainic acid vs 6-hydroxydopamine lesions of neostriatum, sensorimotor asymmetry, male rats, 12219
maturity & integration of brain functions, dyslexics with mean age of 12.3 yrs, 8125
monaural verbal vs tone stimulation, RT using right vs left hand, right handed 18–29 yr olds, 12089
movement distance & stimulus velocity, perceptual motor timing task performance, right handed college students, 4854
neural processes underlying movement control, literature review, 7180
neurological status & time pressure during spatial constructive task, visuomotor behavior, male vs female 4–6 yr olds, 12428
normative data on Purdue Pegboard Test, right handed 2.5–5.9 yr olds, implications for neuropsychological screening, 2486
parietotemporal lesions, sensory neglect vs defect of intention, stump-tailed macaques, 12236
perceptual & motor & neuromaturational competence, 4–15 yr olds with Tourette's syndrome vs attention deficit disorder vs epilepsy, 3801
perceptual motor abilities, reading impaired 7.5–9 yr olds with vs without oral language deficits, 3745
performance on drawing copying task, Ss with right hemisphere brain damage, implications for differences in findings between H. Hecaen & G. A. Assal & G. Gainotti et al, 5938
presleep administration of hypnotics & benzodiazepines & barbiturates, next-day psychomotor performance, review of studies, 5243
psychomotor batteries, assessment of performance in hyperbaric/underwater & hot/cold & vibration environments, annotated bibliographies, 7047
reversed hearing from electronic pseudophones with vs without head movements, sound localization, 4891
role of cerebellum in sensorimotor & behavioral function & dysfunction, literature review, 9832
sensorimotor stress, fatigue & monotony & saturation & stress, Ss with vs without tendencies toward neurosis, 5785
sex differences, nonverbal intelligence & adaptive functioning & receptive vocabulary & eye-hand integration & perception & affect & play & interpersonal relations, autistic 3–8 yr olds, 8032
spatial compatibility between command signal & right vs left hand response requirement, RT, right handed males, test of attentional bias vs spatial coding hypotheses, 7176
stimulus intensity & task complexity, sensorimotor RT, 18–28 yr old monozygotic & dizygotic twins, 7177
task differences, visual accuracy of drawings, 5 vs 8 yr olds, 834
teletype vs intermittent vs jet vs helicopter cockpit noise & personality, arousal & performance on psychomotor task, 19–39 yr old males, 9184
training in organization of complex visual material, performance on visuo-cognitive tasks, 47–80 yr old right brain damaged stroke patients, 4248
visual right-left discrimination task, focal changes in cerebral blood flow during visual & cognitive processing, 21–37 yr old males, 9910
visual vs auditory vs no feedback, balance performance on dynabilometer, 12–14 yr old females, 3159
Perceptual Orientation [See Also Spatial Orientation (Perception)]
frosted lens vs no lens, nocturnal migratory orientation, white-throated sparrows, 7481
fusion vs cyclovergence explanation, ability of human visual system to accept horizontal & vertical disparities, 11813
semantic & perceptual orienting tasks, free & cued recall, 3 & 5 yr olds, 10180
Perceptual Stimulation [See Also Auditory Feedback, Auditory Stimulation, Delayed Auditory Feedback, Delayed Feedback, Filtered Noise, Illumination, Loudness, Noise Levels (Work Areas), Olfactory Stimulation, Pitch (Frequency), Prismatic Stimulation, Sensory Feedback, Somesthetic Stimulation, Speech Pitch, Stereoscopic Presentation, Tachistoscopic Presentation, Tactual Stimulation, Taste Stimulation, Ultrasound, Visual Feedback, Visual Stimulation, White Noise]
autonomic myocardial influences as measured by pulse transit time & sensory intake vs rejection tasks, consistency of heart rate responsivity, male college students, 2844
category vs neutral prime & age & perceptual vs nonperceptual categories, speed & strategies in processing subordinate-superordinate relationships, educable retarded Ss with mean age of 16.6 yrs vs normal 2nd vs 5th vs 11th graders, 3742
operant treatment techniques & contingent sensory stimulation, mentally retarded & autistic children, literature review, 1567
pressure & hot & cold & electrical stimulation, viscerosomatic convergence onto spinothalamic tract neurons, cats, 5179
problems with visual modality in multisensory instruction, teaching spelling with "Hemispheric-Routing-TAK/v" involving blindfolding, dyslexic 9–12 & 16 & 19 yr old males, 2021

Perceptual Style
consistency & reliability of revised Conservatism Scale & correlates with tolerance for ambiguity & preference for visual complexity, Ss with mean age of 25 yrs, 9438
perceptual style & field dependence & automobile driving, 9519
perceptual style, performance in volleyball & tennis & badminton, 10th graders, 3098
presence of circular pattern around frame, inhibition of rod & frame effect, naive Ss, 11790
regular Transcendental Meditation practice, habitual patterns of visual perception & verbal problem solving, Ss with mean age of 21.3 yrs, 9493
stimulus size in Embedded Figures Test & rod-and-frame test, construct validity of perceptual field dependence/independence, college students, 11766
Performance [See Also Group Performance, Job Performance, Motor Performance]
achievement motivation & causal attribution of failure, negative affect & expectation of future success & performance, female college students, 12723
achievement need, goal setting & feedback effectiveness & perceptual speed task performance, college students, 2661
age, performance on Digit Symbol Substitution tasks, 30–92 yr olds, 12423
anticipation of evaluation by males vs females vs "persons", fear of success & task performance, female college students, 9683
appetitive vs aversive reinforcement schedules, productivity & emotional reactions, 18–34 yr old males living in laboratory for prolonged period, replication of Skylab crew reactions, 324
assessment of executive functions, 4702
authoritarianism & expectations, attributions for pupil test performance, teachers, 11181
choice vs no choice & high vs low pay in participative budgeting, commitment to budget & task performance, college students, implications for dissonance model, 3431
cognitive style, performance on logical trouble shooting tasks, aviation maintenance trainees, 6848
complexity & stressfulness of situation & achievement motivation, performance, college students, 4954
confidence in passing & prediction of examination scores & effects of feedback on performance expectancies, male vs female college students, 11285
continuous music & contingent interruption of music, classroom task performance & movement, normal vs hyperactive 3rd graders, 2019
control systems model, goal setting & performance monitoring & goal adjustment, college students, longitudinal study, 2657
controlograph, prediction of mental performance in complex task, 6970
cue controlled relaxation &/vs cognitive restructuring, musical performance anxiety & competence, music students, 4043
dosage of chlorpromazine, EEGs & evoked responses & psychometric test performance, 20–30 yr old males, 12277
effect of feedback on performance, goal progress, college students, 11934
experiential correlates of superior intellectual functioning, 16–65 yr olds, 7685
FORTRAN programs, test item sampling for repeated measurement in human performance research, 9257
generality of stimulus binding hypothesis across drinking behavior & task performance, alcoholics, 12969
goal difficulty & normative information on goal achievement, personal goals & performance, college students, 11929
graphical analysis vs early vs late correlational ANOVA vs test of correlational equality, testing for differential stability in repeated measures performance evaluation, 9458
human performance in fault diagnosis, annotated bibliography, 11429
impulsivity & caffeine, proofreading, college students, test of J. A. Easterbrook's cue utilization explanation of arousal effects on performance, 2919
individual differences, dual-task performance, 18–35 yr olds, 7159
inferred opinions of others, self perception of ability & expectations & performance, 10432
informed consent with vs without statement of right to withdraw from experiment, effects of noise stressor on cognitive task, college students, 11575
IQ & progressive prompt delay intervals, patterns in prompt dependent vs independent responding in apparatus assembly, mentally retarded 17–60 yr old vocational rehabilitation clients, 6479
measurement of warm-up decrement in task performance, literature review, 6990
methodology, measurement of athletic performance, 13748
micro & macrogravity during parabolic flight, mass estimation & discrimination, 18–30 yr olds, applications to spaceflight, 9518
multiple administrations of group Stroop Color-Word Test, score stabilization & reliability and black & white vs color words vs color blocks, 19–24 yr old US Navy males, implications for performance battery, 4746
nitrogen-oxygen saturation & air excursion in simulated diving in depths of 20–36.5 & 50–70 meters, simple & choice RTs, adult males, 2868
pacing & monetary reinforcement, acquisition & performance of response sequences, 18–27 vs 67–75 yr old males, 814
perceived sex linkage of cognitive task & expectancy of success & attribution for performance, male vs female college students, 10431
perception of time during examination & final examination performance, college students, 9014
performance characteristics & perceptual discrimination, leather vs synthetic basketballs, college students, 7175
performance on laboratory vs naturalistic task, urban vs rural 13 yr olds, 5449
performance on morning vs afternoon impulse control tasks given 1 wk apart, male vs female 7th graders, 7003
personality type, medical students who passed vs failed National Board of Medical Examiner's examination on 1st attempt, 13531
physical & psychological load, ergopsychometry performance testing, military personnel & sportsmen, 6964
physical attractiveness stimuli before vs after performance & primacy effect, attributions of ability, college students, 3406
physical effort & visual-auditory attention task, fatigue & performance, 18–21 yr old males, 9526
potassium chlorazepate & clobazam, sleep & performance, anxious Ss, 6305
pregame state anxiety, performance in competition, female college basketball players, 13752
presleep administration of hypnotics & benzodiazepines & barbiturates, next-day psychomotor performance, review of studies, 5243
regular vs irregular sleep schedules, body temperature & mood & EEG sleep variables & auditory vigilance & addition performance, 19–28 yr old male college students, 9891
rest period & extraversion/ambiversion/introversion & neuroticism, reminiscence & performance on massed pursuit rotor practice, female college students, 5613
self induced hypnotic sleep, performance, 11–14 yr old swimmers, 8396
self regulated vs preset work tempo, performance & effort & physiological arousal in repetitive task, 20–50 yr old males, 5136
sex & peer evaluation of competition, expectations for & actual competitive performance & perceptions of success, masculine vs feminine vs androgynous vs sex role undifferentiated students, 7848
single vs competing auditory psychometric tasks, measurement of intelligence, college students, 11650
situation & sequence of outcomes & individual differences & desirability of control, performance estimates & causal attributions & perceived control, college students, 1090
situational variability, skill performance, assessment center candidates, 4559
social support, stress-related symptoms & task performance & urinary catecholamines, Ss living near Three Mile Island nuclear power plant, 9187
statistical criteria & analyses, intervention & repeated measures of human performance in environmental research, 9460
stimulus & central processing & response compatibility & resource competition, verbal & spatial flight simulator task performance, pilots, 11465
susceptibility to biasing information, negative vs positive treatment of high vs low status students & subsequent student performance, high school student teachers, 1891
tachistoscopic subliminal vs supraliminal oedipal stimuli & preexperimental arousal of oedipal wishes, dart throwing, 18–29 yr old male college students, replication of L. H. Silverman et al, 4952
task variety vs single task during training, generalized effort on subsequent essay writing task, female college students, 323
test anxiety, EMG responses & performance on challenging tracking test, college students, 12125
test anxiety, speed & accuracy on letter classification task, college students, 11262
test expectations & study time, performance on open-question vs multiple choice test, college students, 11259

time series measurement model of G. E. Box & G. M. Jenkins, repeated measures analysis of physiological & performance processes, 9383
training based on relational concept of between, learning & retention of standard-setting skills & transfer to abstract tasks with less feedback, moderately retarded Ss with mean age of 11.1 yrs, 5892
training in task-related referential communication, performance on packing task, educationally subnormal 14–17 yr olds, 6462
translocation jet lag, exercise capacity & performance & fatigue & weakness & headache & sleepiness & irritability, 18–34 yr old US Army male soldiers, 12199
triazolam, sleep & performance & arousal threshold, males with mean age of 21 yrs designated as poor sleepers, 6315
Type A coronary prone behavior pattern, task performance, college students, 12702
type of goal & task variety & evaluative context, performance on manual & cognitive tasks & satisfaction, college students, 9088
vertical addition & perceptual speed & grammatical reasoning & closure flexibility tests, repeated measurement in environmental performance evaluation, 19–24 yr old US military enlisted males, 9365
windowing vs scrolling on visual display terminal, speed & efficiency of performance, 11th–12th graders, 40
years of formal training & instrumental & vocal performance under enhanced vs reduced anxiety condition, state anxiety & curiosity & anger & performance quality, college students, 3461

Performance Tests
Code Substitution Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7093
construction & standardization, Performance Evaluation Tests for Environmental Research, 7070
construction of Performance Evaluation Tests for Environmental Research, military applications, 7068
development & research, Navy Performance Evaluation Test for Environmental Research, 7069
evaluation of navigation plotting task, development of performance evaluation tests for environmental research, 19–24 yr old US Navy enlistees & US Coast Guardsmen with mean age of 22.1 yrs, 11701
forward vs backward auditory digit span testing, suitability for inclusion in Performance Evaluation Test for Environmental Research, 18–25 yr old US Navy enlisted men, 7085
group form of Stroop Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7060
Interference Susceptibility Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7074
item recognition measures, suitability for inclusion in Performance Evaluation Tests for Environmental Research, US Navy enlisted men, 7044
memory tests, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7061
normative data on Purdue Pegboard Test, right handed 2.5–5.9 yr olds, implications for neuropsychological screening, 2486
Performance Evaluation Test for Environmental Research, 19–24 yr old US Navy enlistees, 7071
performance predicted by Aircrew Psychomotor Test Device & Air Force Officer Qualifying Test & actual performance, US Air Force pilot training candidates, 9075
psychomotor batteries, assessment of performance in hyperbaric/underwater & hot/cold & vibration environments, annotated bibliographies, 7047
rate-terminal process theory & suitability of tests for Performance Evaluation Tests for Environmental Research, assessment of productivity & selection & training research, US Navy personnel, 7072
selection of Performance Evaluation Tests for Environmental Research subtests & comparison with source batteries, military applications, 7043
stabilization & task definition in performance test battery, 19–24 yr old US Navy enlisted men, 7067
task analysis, research in unusual environments, implications for development of performance test with military applications, 7102
task analysis, research in unusual environments, implications for military performance test development, 7104
task analytic approach to development of human performance test battery, student pilots, 7103
task analytic methodology, development of human performance battery for environmental research, student pilots, 7105
video games as skill acquisition & learning performance tests & practice effects, US Navy enlisted personnel, implications for pilot selection & training, 11453
Wonderlic Personnel Test, suitability for use as performance evaluation test, 19–24 yr old Navy personnel, 11668

Performing Arts [See Dance, Drama, Music]

Peripheral Nerve Disorders [See Also Myasthenia Gravis]
brain stem auditory evoked responses, 12 yr old male & 34 & 59 yr old females with heredity motor-sensory neuropathy, 8193

Peripheral Nerves [See Also Acoustic Nerve, Afferent Pathways, Cranial Nerves, Efferent Pathways, Facial Nerve, Neural Pathways, Olfactory Nerve, Optic Nerve, Spinal Nerves, Trigeminal Nerve, Vagus Nerve]
mental illness vs pathological personality traits vs reactive decompensation, treatment with transcutaneous nerve stimulation, pain patients, 8287

Permissiveness (Parental) [See Parental Permissiveness]

Perphenazine
amitriptyline vs nortriptyline with vs without perphenazine, antidepressant plasma level, psychiatric patients with mean age of 42.3 yrs, 1636
amitriptyline-perphenazine vs doxepin, depression, outpatients, 13288

Perseverance [See Persistence]

Perseveration
hyperstriatal lesions, proactive interference in discrimination learning & retention, pigeons, 7522
semantic difficulty as seen in word frequency & rate of presentation, perseveration in sentence completion & picture naming & word reading, 41–71 yr old male aphasics, 8241

Persistence
ambient illumination changes, persistence of visual afterimage, college students, 7213
attributions & expectancies & affect & persistence & teachers' perceptions of learned helplessness, learning disabled 7.4–11.5 yr olds vs normally achieving 7.7–11 yr olds, 11352
cognitive functioning & early experiences, competence & persistence at mastery tasks, 13 mo olds, 3176
control deprivation, effort expenditure to gain information about extent of environmental control, college students, 9679
importance of effort in mastery instruction method & quantification of effort, achievement, college students, 6656
intelligence & GPA & other educational rewards & anxiety level & commitment & personality, persistence in education, high school males, 8-yr study, 8893
learning contracts, completion of independent study course, high school & college students, 1939
locus of control, task persistence & non-task behavior, 3–5 yr old students, 6728
maternal acceptance & persistence on impossible task with positive vs no feedback, 5th & 6th graders, 5416
perseverance of beliefs about R. Nixon during Watergate hearings, voters who supported Nixon vs G. McGovern, 12673
positive vs negative feedback following success vs failure, persistence, female 10–11 yr olds, 5417
spatial configuration & duration & angular orientation of line segments, oblique effect & visual persistence, college students, 7199
tutor assistance vs self instructional training following failure on problem solving task, persistence & learned helplessness & coping with failure, learning disabled 4th grade males, 6756
visual persistence & iconic memory, reply to comments of A. Bowling & W. Lovegrove, 11804

Personal Adjustment [See Emotional Adjustment]

Personal Construct Theory [See Personality Theory]

Personal Growth Techniques [See Human Potential Movement]

Personal Orientation Inventory
FORTRAN program, scoring of Personal Orientation Inventory, 2345
Personal Orientation Inventory & K. Dabrowski's theory of positive disintegration, compatibility of anxiety & self actualization, 5623

Personal Space
attribution of responsibility & disruption of social interaction, social distance from disabled vs deviant, professionals & managers with mean age of 26.9 yrs, 5665
concept of assumed similarity, measurement of psychological distance between self & others, 7892
density & segregation as factors in probability for choice behavior, urban environments, implications for theory of micro-ecology, 3379

family drawings, measurement of interpersonal distance & intimacy or alienation, adolescents, 2399
interaction with spouse vs other male vs female personal space requirements, 20–54 yr old married couples, 12660
Interpersonal Distance Mat, measurement of preferred interpersonal distances in male/male vs female/female dyads, college students, 4658
interpersonal reward & distance violation, compliance & interaction, salespeople & customers, 3384
personality & sex & social situation, interpersonal distance & orientation choices, college students, 10400
presence of human model & distance between photographer & S & status, violations of space between photographer & S, 5574
self esteem manipulation, personal space & body image, marine personnel with mean age of 18.6 yrs, 5651
sex & physical distance & intimacy of question, self disclosure, college students, 7879
size of preferred personal space, smokers vs nonsmokers, 1022
socialization games, prosocial behavior & interpersonal distance, 19–32 yr old moderately & severely mentally retarded aggressive institutionalized females, 11056
space & available resources & attraction to or rejection of others, social interaction, nursery school children, 884
space between ceiling & head, personal space, college students, 1009
verbal reinforcement & proximity & direct/indirect orientation, verbal behavior, female schizophrenics with mean age of 40 yrs, 5697

Personal Values
ethical ideology, moral behavior, college students, 3455
interests & value orientation in psychotherapy, psychotherapeutic processes, 13167
love & work & values in marriage & marital therapy, obsessive-compulsive & hysterical couples, 8363
perception of self vs family vs friends vs adults, Wolof 17–20 yr olds, Senegal, 1085
personal & professional value orientations, psychotherapy success & rapport with patients, 24–38 yr old psychiatric residents & clinical psychology interns, 4312
personal values & priority of organizational goals, male vs female college business students, 8915
personal values & uncertainty over choice, repeat abortions, 12622
personal values, attitudes toward rational emotive therapy & behavior modification & client-centered therapy, college students, 10793
personal values, organizational negotiation, mental health managers, 6859
personal values, 11–15 yr olds vs their 29–58 yr old mothers, 10209
personal values, 1980 presidential candidate preference, college students, 964
pretherapy information about therapist's values & therapy orientation, judgments of similarity to therapist & confidence in therapist's helpfulness & willingness to see therapist, female college students, 10844
responses to ideal person vs ultimate value sentences, nature of personal & moral & social values, male vs female 15 yr old students from different schools, 10258
self concept & personal values & needs & interpersonal perception, college students, 12722
sex, development of values orientation, 16–17 vs 19–20 vs 22–23 yr olds, 12515
sex vs socioeconomic status vs ethnic group, marriage & parenthood values, Black vs Hispanic vs White 11th graders, 5461
TV advertising, role perceptions & purchasing activities & materialistic values & sex role attitudes, 6th–12th graders, 14-mo followup, 7738
validity, Rokeach Value Survey, adults, 2479
value orientation, college students, US vs Poland, 12557
value theory & value judgments & their epistemology, 5636
values & attitudes & beliefs regarding abortion, members of Missouri Citizens for Life vs Abortion Rights Alliance, 3308
values & expectations & attitudes, willingness to assist social movement organizations, college students, 12525
Values Analysis as psychotherapeutic technique & application to marital therapy, overcoming ambivalence in relationships, 6134
values clarification approach to moral education vs tenets of evangelical Christianity, 7772
values clarification exercise, understanding of reactions to extramarital relations, couples & individuals, 1745
worldmindedness, willingness to buy foreign products, professional buyers, US, 2284

Personality Assessment [See Personality Measures]

Personality Change
assessment of personality change within & outside psychoanalysis & psychotherapy, 8316
organizational maintenance vs personality change as goals of Recovery Inc., 13367
severe dog bite, personality change & symptoms & subsequent personality development, 20 & 26 & 36 mo olds, 5964
sex differences & life experiences, change in locus of control, adults tested during college & 15 yrs later, 7921
stability of individual differences in personality characteristics, 15 yr olds, 12-yr longitudinal study, 5421

Personality Characteristics [See Personality Traits]

Personality Correlates
A-B personality & dominance & achievement motivation & freneticism, coronary heart disease patients, 13070
abnormal content & therapeutic change, repertory grid construct relationships, neurotics, 13138
aggression & frustration & anxiety & depression, males with mean age of 15.9 & 15.7 yrs convicted of murder vs property offenses, India, 1268
alienation & dogmatism & related personality traits, college freshmen, 12763
alternative scoring for Jenkins Activity Survey & relationship to Eysenck Personality Inventory & measure of achievement need, personality correlates of Type A personality, 20–41 yr olds, 2405
assessment of Type A behavior & demographic factors & implications for prevention of heart disease, 40–59 yr old male factory workers, Belgium, 2448
behavioral & personality correlates of MMPI 4-5-6 configuration, female psychiatric patients, 3643
cognitive simplicity vs complexity & articulated vs unarticulated structure & integration of self & others & level of self esteem assessed by repertory grids, depressed vs manic vs schizophrenic vs alcoholic vs physically ill 19–68 yr olds, 12780
construct validity of J. L. Holland's vocational types as measured by Vocational Preference Inventory & Hand Test scores, 7046
correlation between educational attitude & personality factors, teachers & student teachers, evaluation of theories of F. N. Kerlinger vs H. J. Eysenck, 6605
dyspnea proneness to carbon dioxide stimulation & neuroticism & extraversion & panic-fear strength, male nonsmokers, 7949
Halstead-Reitan test scores & personality & psychiatric symptomatology correlates, 7–14 yr olds with school conduct problems, 5818
intelligence & GPA & other educational rewards & anxiety level & commitment & personality, persistence in education, high school males, 8-yr study, 8893
introversion & extraversion, platelet MAO activity, patients, Germany, 2847
introversion & neuroticism & personality correlates, 15–40 yr old tension headache sufferers vs neurotics, 5683
IQ & Rorschach indices, male college students, 1071
liberal attitudes toward women, emotional stability, male & female Ss, 5639
locus of control & quantity-frequency index of alcohol use, college students, 5548
MMPI profiles & treatment issues & group psychotherapy model of I. D. Yalom & S. Brown, alcoholics, literature review, 6490
neighborhood conditions & psychological factors & life circumstances, crime precautionary behaviors, surveyed female urban residents, 5849
personality & behavior pattern correlates, psychosomatic medicine, 13033
personality & other correlates of desire for personal feedback, college students & psychiatric patients & alcoholics, implications for psychotherapy, 12764
personality & social & territorial factors, etiology of homesickness, 3573
personality characteristics & number of hobbies & family history of atopic disorders & number of friends, onset & course & severity of asthma, 16–52 yr olds, 10761
personality characteristics measured by MMPI & Maudsley Personality Inventory & Oral Trait Scale, depressed inpatients, 8008
personality characteristics related to prediction & progress of cancer, patients, 10768
personality correlates & extraversion & psychoticism & neuroticism, 20–50 yr old normal & mentally ill criminals, 5684
personality correlates of academic achievement & adjustment, college students, 13651
personality correlates of adaptability, adolescents, 3240

personality correlates of creativity & implications for research aspirations, medical students, Yugoslavia, 13489
personality correlates of death anxiety, 30–45 yr old gamma vs delta alcoholics vs nondrinkers, 12931
personality correlates of motive to avoid success, male vs female college students, 3491
personality correlates of occupational choice, 7th graders, 2009
personality correlates of performance, female vs male corrections officers, 8687
personality correlates, privacy preferences, college students, 12748
personality correlates, urinary hesitancy & body shyness, male college students, 3799
personality correlates, 14–18 yr old delinquents & nondelinquents, 3708
personality type, medical students who passed vs failed National Board of Medical Examiner's examination on 1st attempt, 13531
physical attractiveness, locus of control & sex roles & anxiety & depression & success expectancies, female vs male college students, 5619
pituitary-thyroid activity & personality, normal college students, 5141
prevalence & correlates of nonpsychotic psychiatric symptoms, adults, 1139
psychiatric diagnosis & MMPI & 16PF personality profiles & IQ & neurological results, killers vs nonviolent offenders, 12933
recognition of personality & other factors associated with suicide, psychiatric nursing assistants, training implications, 8714
sociological & emotional & personality & life stress correlates, coronary heart disease, literature review, 10753
stable vs changing subcultures, addictive personality, 8085
stage of menstruation, consistency of Hand Test & Guilford-Zimmerman Temperament Survey, college females, 9419
value & direction of research, alcoholism & personality, 12947

Personality Development [See Also Separation Individuation]

absence of effective father, impairment of development of normal narcissism, 12466
age differences, aggression & TV viewing & sex roles, 1st–5th graders, 3-yr longitudinal study, 7714
age differences, identity status development & perceptions of parental childrearing practices, 10th–12th grade females, 12451
age, sex esteem level, high school seniors, followups at 2-yr intervals until age 23 yrs, 12503
aggression & deviance & personality adaptation as antecedents & consequences of alienation involvement, males from Grades 8–12, 4-yr longitudinal study, 12492
attachment to mother & sociability with strangers, infants observed when 12.5 vs 19.5 mo old, 12520
attitude & personality, development of responsibility for intellectual achievement, 9 yr olds, 1-yr followup, 10220
childrearing perceptions, ego development, female 15–18 yr olds, 5400
development of gender identity & role & sexual partner orientation, 892
development of gender identity, children, literature review, 3252
development of masculinity, males, Stone Age New Guinea vs modern Western society, 889
development of mastery motivation, infants at 6 & 12 mo old, 12523
development of self understanding as cognitive aspect of self concept, infants through adolescents, literature review, 10221
developmental perspective, transactional analysis model of ego-state behavior, adult narcotic addicts & inmates, 10641
differentiation between fantasy & reality, development of imaginative competence & relief from anxiety in obsessional phenomena, psychiatric patients, 1157
drug addiction as result of shattering experience during "mirror stage" of development, 3692
early communication with mother, subsequent communication in psychoanalysis, 25 yr old female, 13177
early defensive fantasies in body pathology & mental functioning, infants, 10229
early psychic development, transference process, 35 yr old male, literature review, 6118
efficacy & ego development & problem solving, 1st vs 5th yr vs former teachers, 4333
ego development, male chronic drug users vs nonusers, 12965
empathy & ego development, college students, 10448
filiation problem & parental shortcomings, subsequent depression & inferiority complex & indignity & development of nostalgic image with excessive idealization, children, 3705
flexibility & trust & cohesion & expression of feelings & self sufficiency in families, maturity & ego development, 15–17 yr old females, 10211
formation & functioning & pathology, superego, 12462
identity status of achievement vs moratorium vs diffusion vs foreclosure, self esteem, female college students, 10472
impoverished living conditions, psychic maladjustment & personality development & mother child relations, mothers, 12576
lower age boundaries of ego identity development in vocational & religious & political & sex role areas, 6th vs 8th vs 10th vs 12th graders, 5402
maternal employment, development of sex roles & sex role attitudes, 8 & 9 yr olds, 10254
maturity, effectiveness of human relations training, preservice teachers, literature review, 6615
mother-child symbiosis & body-ego development & father personality & family dynamics, schizophrenia & anorexia nervosa, 5692
multiple identity processes, development of observing ego, 31 yr old male with borderline personality, 1208
need for verbal stimulation, ego & cognitive development, 7 & 9 yr old hearing daughters of deaf mute mother, 1359
neonatal irritability & maternal responsiveness, development of infant temperament & mother-infant interaction, 19–35 yr old mothers & their 1–3 mo old infants, 3302
nuclear war threat, personality development in middle childhood & adolescence, 3200
object relations & self- & object-narcissism, implications for developmental precursors of adult narcissistic disturbance, 5748
oral &/vs cuddly comfort habits at 4 yrs of age, subsequent personality development, Ss evaluated at 11 & 16 yrs of age, longitudinal study, 3230
parental attitudes & emotional reactions & maternal influence, self esteem, physically handicapped 9–11 yr olds, 1373
physical & personality characteristics, promotion of development through reactions by others, children & adolescents, literature review, 12495
play, development of personal autonomy & moral responsibility, children, 843
problems in development of healthy self concept & suggestions for counselor assistance, Black college students, 4410
psychological maturity, happiness, 35–85 yr old males, 12499
psychosocial & cultural factors, personality development, gifted children & adolescents, 840
reflective judgment development theory of K. S. Kitchener & P. M. King, career counseling, college students, 2117
regression & object choice in early psychic development, psychoanalytic treatment process, 6163
self concept development, adolescents, 3198
self concept stability, males from college entry to 10 yrs after college, 14-yr longitudinal study, 7737
self stroking classroom exercises, development of healthy self concept, students, 8835
sense of self & objective self awareness & early narcissistic development, shame, literature review, 10213
severe dog bite, personality change & symptoms & subsequent personality development, 20 & 26 & 36 mo olds, 5964
sex & cohort differences, identity status & intraindividual changes in ego development, freshman vs sophomore vs junior college students, cross sectional study, 7702
sex, development of values orientation, 16–17 vs 19–20 vs 22–23 yr olds, 12515
sex role orientation, homosexual males 13–60 yrs old & older, 12513
small group program using role playing & data gathering from family & interpersonal feedback & group discussions, identity formation, college students, 6207
sociological & social psychological views, play & personality development, 10263
stages of oedipus complex & role in psychological development, 10265
suggestions for development of self concept, children, Philippines, 12455
teachers & nursery school staff & parents in family groups, development of self confidence & responsibility & consideration, preschoolers through 4th graders, 13608
therapeutic processes & study of personality development & dynamics & role in disease treatment & role playing, medical psychology education, clinical psychology students, 13520
transitional needs & activity, personality development & mental illness, adolescents, 7706
trauma & defense mechanisms & personality formation in psychosomatic disorders, 13006
views of J. Lacan on ego establishment, 12501

Personality Disorders [See Also Antisocial Personality, Cyclothymic Personality, Hysterical Personality, Narcissistic Personality, Obsessive Compulsive Personality, Paranoid Personality, Schizoid Personality]
discriminating symptomatology, "borderline schizophrenic" biologic relatives of chronic schizophrenic adoptees, implications for revision of criteria for schizotypal personality disorder, 10532
EEG activity, predisposition to alcoholism, 11–13 yr olds with alcoholic fathers vs schizophrenic vs psychopathic vs character disordered parents, 3669
group psychotherapy, patients with neurotic character problems, 6185
guilty-knowledge card task responses & personality traits, normal vs personality disordered Ss, 3580
identification of borderline personality subcategories, psychiatric inpatients, 5696
incidence & characteristics of concomitant borderline personality disorder, alcoholics with mean age of 44.2 yrs, 10632
interpersonal perspective, psychoanalytic study of patients described as imposters, 1154
MMPI profiles, parents of conduct & personality disordered & learning disabled 6–12 yr olds, 1096
multiple identity processes, development of observing ego, 31 yr old male with borderline personality, 1208
personality pathology, chronic prostatitis patients with mean age of 36.8 yrs, 8211
personality traits & procedural instructions & countermeasure strategies, electrodermal responses to deception, normal vs personality disordered Ss, 12834
phenomenology & family history & treatment response & long-term outcome, patients meeting DSM-III criteria for borderline personality disorder, implications for validity as diagnostic entity, 10563
primary vs secondary vs no pretraining, outcome of group psychotherapy, 20–60 yr old outpatients with neurotic & characterological disorders, 3990
psychotherapeutic techniques, infantile personality disorders, ego disturbed preschool & school age children, 13159
self mutilation, profile on borderline index & previous diagnosis as borderline or multiple diagnoses during treatment, 21–41 yr olds, implications for diagnosis & treatment & diagnostic interview, 1206
severity of perceptual vs personality disturbance, female psychiatric inpatients, 3544
therapist's sex & type of therapy & importance of defenses & transference & resistance, successful treatment of neurotic & personality disorders, 10820
Personality Factors (Psychoanalytic) [See Psychoanalytic Personality Factors]
Personality Measures [See Also Bannister Repertory Grid, Bender Gestalt Test, California Psychological Inventory, Childrens Manifest Anxiety Scale, Edwards Personal Preference Schedule, Edwards Social Desirability Scale, Embedded Figures Testing, Eysenck Personality Inventory, Guilford Zimmerman Temperament Surv, High Sch Personality Questionnaire, Holtzman Inkblot Technique, Human Figures Drawing, Minn Multiphasic Personality Inven, Myers Briggs Type Indicator, Nonprojective Personality Measures, Personal Orientation Inventory, Projective Personality Measures, Rod and Frame Test, Rorschach Test, Rosenzweig Picture Frustration Study, Rotter Incomplete Sentences Blank, Rotter Intern Extern Locus Cont Scal, Sensation Seeking Scale, Sixteen Personality Factors Question, State Trait Anxiety Inventory, Szondi Test, Taylor Manifest Anxiety Scale, Tennessee Self Concept Scale, Thematic Apperception Test, Zulliger Z Test]
adaptation & reliability & validity of Bem Sex Role Inventory, 16–58 yr olds, India, 179
adaptation of repertory grid for microcomputer use, 4787
broad-band factor scales for Personality Inventory for Children & ability to differentiate among varied disordered samples, behaviorally disturbed children, 161
cluster analysis, Spanish adaptation of Early School Personality Questionnaire responses, children, 4821
consistency & reliability of revised Conservatism Scale & correlates with tolerance for ambiguity & preference for visual complexity, Ss with mean age of 25 yrs, 9438
content purification, homogeneity in psychometric scales of rejection, Ss with mean age of 28 yrs, 11632
correlation of measures of personality & cognitive ability, parents & sons & daughters, 2753
Defense Mechanism Inventory vs Blacky Defense Preference Inventory, college students, 4760
development & reliability & validity of Social Reticence Scale, assessment of shyness, college students, 9411
development & reliability & validity of Weight Locus of Control Scale, prediction of weight loss behaviors, college students & 15–68 yr old female weight control patients, 9443
development of male & female defensiveness scales, measurement of defensiveness about one's marital & sexual relationship, spouses, 9410
development of measurement instruments, assessment of career development skills & attitudes & personality for career planning & guidance, 4764
development of Negative Self Evaluation Scale, 9–12 yr olds, 9421
diagnostic considerations, Asian Americans, 13115
estimated item co-endorsement & empirical conditional probabilities, veridicality of implicit personality theory, reply to criticism of O. C. Tzeng & C. Tzeng, 3478
factor analysis & validity of Modified Rathus Assertiveness Schedule—Short Form, 6th–10th graders, 2456
factor analysis, construct validity of California Test of Personality-Secondary Level, high school & college students, 11669
factor analysis, F-Scale & Conservatism Scale scores, college students, 4827
factor analysis of anxiety & personality tests, common factors, college students, 11689
factor analysis of Frost Self Description Questionnaire, measurement of anxiety, 8–14 yr olds, New Zealand, 9440
factor analysis, test of convergent validity of jealousy scales, college students, 2455
factor structure & reliability & predictive validity of Health Locus of Control Scale, medical & dental students & male myocardial infarction patients & healthy middle aged males, 9454
factor structure of Piers-Harris Children's Self-Concept Scale, 10–17 yr olds, 4806
FORTRAN program, generation of data sets with desired degrees of score stability, implications for construct validity in cross-situational repeated measures in personality assessment, 9315
Hindi PEN Inventory, psychiatric patients with mean age of 34 yrs, 3601
internal consistency of Manifest Needs Questionnaire, 11644
item content of personality scales, implications for item overlap with correlated scale, 4770
item format & omission vs inclusion of buffer items on Achievement Anxiety Test, internal consistency reliability, college students, 11695
latent class models, pairwise assessment for prerequisite & transference relations among personality traits, 9480

enactment of equal opportunity policies, employment & advancement in nontraditional jobs, female blue collar workers, 3-yr study, 9069
factorial validity of questionnaire, evaluation of teaching competency, students, implications for faculty promotions, 8987
guidelines, identification of top level manager material, 9104
initial leadership motive patterns & levels of promotion after 8 & 16 yrs, managers, 9127
involvement in prior promotion decision, evaluation of promoted poorly performing hypothetical employee, college business student raters, 9083
job level & number of promotions & perceived importance of promotion process, male vs female employees of finance organization, 2176
reliability & validity, oral interview board for promotion evaluations, state police troopers, 11461
Personnel Recruitment
corporate image & specificity of job applicant qualifications, responses to recruitment advertisements, job candidates, 6841
recruiter affect & knowledge of job & job attractiveness, propensity to pursue job possibility, job candidates, 13771

Personnel Selection [See Also Job Applicant Screening]
accuracy of hierarchical mode analysis vs J. H. Ward's vs k-means methods in cluster analysis of simulated job-analytic data, 118
applicant attractiveness & attractiveness-relevance of job, interviewer decisions & job specific attributions for management trainee applicants, college students as interviewers, 2184
applicant's physical attractiveness & experience & social performance, decision making, personnel interviews, implications for behavioral counseling, 6844
attitudes toward hiring ex-offender vs ex-mental patient vs obese person, college students, 11451
causes & implications of elimination of Professional & Administrative Career Examination, 2155
concept of convergence/divergence with practice & application & differential long term retention & personnel selection & classification & latent factor identification, implications for military training, 11452
concurrent validity of measure of job aptitudes & attributes identified through job analysis technique, selection for job of setter in plastics industry, setters, 195
concurrent validity of multiple-choice test, job performance prediction, applicants for entry-level social work positions, 8586
control & organization of voluntary movements, 20–24 yr old left handed Ss, implications for sports medicine & personnel selection, 9874
court standards for assessment of job analyses in development & validation of selection tests, 7116
development of selection test battery, assessment of visual fault inspection performance, college students & industrial inspectors, 9068
employment behavior as possible standard for hiring, Equal Employment Opportunity Commission, 4548
enactment of equal opportunity policies, employment & advancement in nontraditional jobs, female blue collar workers, 3-yr study, 9069
individual differences in multiple task response strategies & information processing, 18–35 yr olds, implications for pilot selection, 9065
intention to hire disabled for hospital occupations, rehabilitation counselors & health professionals, 8690
negotiator perspective taking ability & training to eliminate overconfidence, efficacy of final offer arbitration, college students, implications for labor-management negotiators, 4541
organizational characteristics, organizational work force participation, Blacks & females, literature review, 6849
organizational subgroup quota constraints, recruitment & performance outcomes, personnel, 13768
personnel selection & training, Air Force Human Laboratory Technical Reports, annotated bibliography, 2148
predictive validity of Defence Mechanism Test, personnel screening, Royal Air Force pilot applicants, 2477
psychological traits, selection & training, cosmonauts, 9073
selection & training in international & intercultural management, corporate employees, 4566
sex, acquisition rate for cognitive & psychomotor skills & complex flight skills 1 yr later, US Air Force Academy cadets, selection & training implications, 9076
validity of measure of static strength, personnel selection, steelworkers, 4540
video games as skill acquisition & learning performance tests & practice effects, US Navy enlisted personnel, implications for pilot selection & training, 11453

Personnel Termination
attrition & job satisfaction/dissatisfaction & reasons for leaving job, 21–50 yr old teachers of emotionally disturbed, 8810
leadership style & leader-member exchange, turnover, public utility systems analysts & computer programers, 9147
realistic job preview, realistic expectations & voluntary vs involuntary turnover, gasoline station job applicants, 2147

Personnel Training [See Also Inservice Teacher Education, Management Training, Military Training, On the Job Training]
advantages & disadvantages of trainability testing, selection of personnel for training of new skills, unskilled & semiskilled workers, 6850
assessment, training effectiveness of flight simulators, 13770
assignment to tracking, task training group based on motor skill & information processing test performance, training efficiency, employees, 2159
attitude & training & job problems, workers in fields traditionally monopolized by opposite sex, 11493
changes in perspective necessary to become effective consultant, human resource development trainers, 11446
computer-aided training, risky decision making, 9063
conceptual model incorporating cognitive complexity & time availability & uncertainty & stress, training in decision making & judgment, aircrew, 4543
content-free computer-based simulations, training & performance on fault diagnosis tasks, engineering & technical trainees, 11457
development of programs to train effective trainers, 11448
factors in selection of best training approach, personnel trainers, 13773
feedback system, quality of infant & toddler hygiene & social stimulation, day care staff members, 7803
group meetings in hospital lung department, nursing staff & psychoanalyst, 11057
guidelines for conducting effective employment interviews, 6843
guidelines for effective leadership, instructors of training seminars, 2191
Herrmann Brain Dominance Instrument, identification of preferred learning mode, personnel training implications, 7056
individualized & self paced instruction in educational & industrial & military settings, literature review, 11454
internal model of monitoring behavior in man-machine systems, flight training, pilots, 4542
Japanese vs Western cognitive patterns & hemispheric processing, implications for human resource development, 2601
maintenance simulators vs actual equipment trainers for training, performance & cost, military maintenance technicians, 2156
need for affective interpersonal skill training program & role appropriate law enforcement education, task of notifying next-of-kin of death, police officers, 4547
need for organizational stress management training programs, 4549
negotiator perspective taking ability & training to eliminate overconfidence, efficacy of final offer arbitration, college students, implications for labor-management negotiators, 4541
neurolinguistic programming in training, 9061
nonverbal cues, improvement of training behavior, trainers, 9062
objectives & limitations, training programs, performance evaluators, 11477
overtraining at beginning vs middle of prolonged retention interval, skill performance & estimation of refresher training, Army reservists, 4550
performance engineering as culmination of progressive movement in education & training, 4321
performance engineering, education & training, critique of T. F. Gilbert's article, 4320
Personal Employment Program, employment training, Comprehensive Employment & Training Act participants, 6845
personnel selection & training, Air Force Human Laboratory Technical Reports, annotated bibliography, 2148
personnel training approaches, day care personnel, 11455
personnel training program planning incorporating attitudes of trainees & management & trainers, 6847
personnel training strategies, enhancement of transfer to work situation, 6846
physical fitness & strength & standards & training program & maintenance exercise, female police officers, 4545
planning & evaluation of public school personnel preparation programs related to Public Law 94-142, teams of teachers & specialists & administrators, 8815
planning methodologies & techniques in training programs, 2150
prefield orientation program, prediction of success & reduction of loss in personnel, missionaries, 6869
prejob training & job experience, dogmatism & counselor skills & knowledge, 19–71 yr old volunteer telephone crisis counselors, 4162
problem & causes of dysfunctional participant in occupational training programs, 2153
problems in employee knowledge & skill transfer from training to job, managers, 4546
program recommendations, training programs for disabled & handicapped employees, 2149
psychological traits, selection & training, cosmonauts, 9073
pyramidal training of supervisors who subsequently provide training to staff, teaching of communication & motor skills to severely & profoundly handicapped residents, residential care staff, 4301
reasons for premature termination of in-company vocational training, 16 yr old male, 9081
role of supervisor & employee in training, 9071
simulator visual & force cues in training for manual reversion flight control system, performance, aircraft pilots, 2151
systems for corporate training & organization, Japan vs US, 11456
technostress training, effective use of computer technology, employees, 4544

training program, designers of training programs, 2193
training program, Portage method of structured early intervention, day nursery staff working with mentally retarded, 4275
use of high-achieving employees in performance management, 9070
work duties & training needs, managerial & secretarial staff in mental health agencies, 8774
workshop, alleviation of job stress, supervisors, 6857
6-cell performance engineering model, maximization of performance, 2175
Personnel [See Also Related Terms]
chronic exposure to trichloroethylene in work place, intelligence & attention span & physical & psychological health, personnel, 2983
communication problems & recommendations for improvement, supervisors & employees, 11484
dependency & performance variability differences & leader-follower relationships, organizational volunteers vs employees, 2231
developmental model of literacy skills, literacy tasks performed in workplace, employees, 11469
group counseling program, coping with job stress, transportation workers, 13379
holiday malaise & job performance, employees, 9093
locus of control & occupational stress, health, adult male employees, 13812
participation, distribution & perceptions of control, employees, West Germany, 2217
social criteria & impact, development & implementation of advanced information technology in workplace, 11434
stress manifestations, rescue workers of recent disasters, 8564
visual display terminals, vision, employees, 6882
Perspective Taking [See Role Taking]
Persuasive Communication [See Also Brainwashing]
cinematic portrayal of mentally retarded & mentally ill in pre-Nazi German films, social acceptance of Nazi euthanasia program, 1097
colloquial vs mass media language of text, assessment of speaker's personality traits & appearance & education, college students, 3409
confederate arguing minority opinion on last issue as suggested by E. H. Hollander vs on every issue as suggested by S. Moscovici & C. Faucheux & problem solving competence & sex, social influence of confederate, college students, 3383
efficacy of normative vs altruistic vs reciprocal positive vs negative persuasive appeals in dealing with bureaucratic organizations, 11506
informational communication, perspective & attitude change, college students, 3426
interhemispheric EEG alpha patterns, cognitive responses to persuasive communication, college students, implications for attitude change research & psychophysiological approaches to social psychology, 7465
persuasion & source consensus, strength of classically conditioned attitudes, college students, 12695
reading of persuasive text, retrospective ratings of initial attitudes & present attitudes, 20–65 yr olds, 3480
religious attitudes & emotional security & favorable vs unfavorable communication about religion, attitude change, male vs female college students, 1065
request to sign petition benefiting requestor vs general public vs S, compliance, Ss over 15 yrs of age, 12678
sensory deprivation, resistance to influence about color perception by majority vs minority opinion, college students, 1024
signs with vs without verbal prompting, reduction of cigarette smoking in university cafeteria, 9032
size of initial request & authority & sex, compliance with subsequent request for socially undesirable activity, college students, 10438
structuralism in press & TV advertising communications, 9211
verbal ability & elimination of structure operations in writing 1st draft, number of arguments in 1st & 2nd drafts of persuasive document, college & graduate students, 280
Pessimism
construct validity of Hopelessness Scale on basis of covariation with Edwards Social Desirability Scale, criticism of article by M. M. Linehan & S. L. Nielsen, 11675
perceived peer & family relations & locus of control & hopelessness, adolescent suicide attempters, 12968
social desirability & hopelessness & suicidal ideation/behavior, reply to criticism by J. S. Nevid, 12939
Pesticides [See Insecticides]
Pets
behavioral inferences of jealousy in pets, cat & dog owners, 11947
birds' songs & instincts & relationship with keepers, comment on works of I. Kant & D. Barrington, 2742
predictive validity of joint-space model, dog preferences based on breed attributes, consumers, implications for consumer evaluations of new concepts, 2295
relationship & sexual activities between owners & pets, 5843
research into relationships between humans & animals, 9233
therapy for pets, conflict resolution & family functioning, disordered families with many pets, 10876
Petting
attitudes, extent & location of sexual behavior of mentally retarded, institutional staff members vs college students, 10651
Phantom Limbs
contralateral local anesthesia, phantom limb & stump pain, 29–66 yr olds, 6284
phantom limb sensations & pain, amputees aged 10 yrs & older, 3847
Pharmacology [See Also Psychopharmacology]
assembly language programs for PDP-11, real-time control of behavioral pharmacology laboratory, 9355
education & credentialing in law & dentistry & medicine & pharmacy, implications for psychology, literature review, 6587
microcomputer-automated presentation of scoring of Digit Symbol Substitution test & application to pharmacological research, 9318
pharmacological characteristics of adrenergic & noradrenergic receptors, literature review, 5035
pharmacology of nomifensine, 10015
Pharmacotherapy [See Drug Therapy]
Pharyngeal Disorders
diagnosis & clinical management of velopharyngeal insufficiency, 16 yr old male with multifocal eosinophilic granuloma, 3779
psychopathological characteristics & insomnia, female with pharyngeal carcinoma, 8173
Pharynx
pharyngeal flap surgery for hypernasality, conditioned dysphagia, 3–14 yr olds with cleft palate, 6350
respirometric quotients from oral & nasal air volumes, evaluation of velopharyngeal closure, 6–10 yr olds, 7002
Phencyclidine
acquisition of oral phencyclidine self administration, food-deprived vs food-satiated monkeys, 9996
chronic phencyclidine abuse, aggressive behavior, drug rehabilitation patients, 8102
delta-9-tetrahydrocannabinol vs atropine vs LSD vs phencyclidine vs hallucinogen SKF-10,047 vs dextroamphetamine vs sodium pentobarbital, food consumption, food-deprived dogs, 12349
discriminative stimulus properties of ketamine stereoisomers, male rats trained to discriminate phencyclidine from saline, 9993
interaction of muscarinic agonist vs antagonist with phencyclidine, effect on muscarinic receptors & evidence against anticholinergic hypothesis of phencyclidine, male mice, 2951
orally self administered phencyclidine, tolerance to behavioral effects, rhesus monkeys, 5228
phencyclidine &/vs naloxone, thermoregulation, female rats, 10011
phencyclidine &/vs pentobarbital, operant responding in repeated-acquisition task, male pigeons, 10044
phencyclidine, blockade of potassium & sodium channels, differentiated mouse neuroblastoma cells, 5275
phencyclidine dosage & pretreatment with haloperidol vs methysergide, aggressive behavior & motor activity, mice, 12345
phencyclidine dosage levels, exploratory behavior & autoshaping, food-deprived rats, 601
phencyclidine doses, seizures kindled in amygdala, rats, 610
phencyclidine vs etoxadrol vs dexoxadrol, response suppression, pigeons, 12301
Phenelzine
acetylator phenotype, response to phenelzine, patients with anxiety with vs without depression, 10942
imipramine & phenelzine, agoraphobia following amphetamine withdrawal, 32 yr old female amphetamine addict, 1827
lithium & phenelzine, depressive symptoms, 41–71 yr old patients with major depressive disorder unresponsive to phenelzine alone, 4090
phenelzine & amitriptyline, 21–65 yr olds with depression & mixed anxiety-depression & phobic symptoms, 1645
phenelzine, chronic diarrhea & underlying depression, 59 yr old male, 1658
phenelzine therapy, depression & side effects, 1601
trimipramine/phenelzine combination, refractory depression, 30 yr old male, 13279
Phenobarbital
diazepam vs phenobarbital vs phenytoin & prefrontal cortex electrical stimulation, self stimulation response, male rats, 12176

sensitivity to ethanol & t-butanol & 1,2-propranediol & phenobarbital as measured by drug-induced ataxia, C57BL/6J vs DBA/2J mice, 2924
Phenomenology
aspects of clinical phenomenology, 9238
conceptual shift in leisure sciences toward leisure as experience & need for phenomenological viewpoint, literature review, 5629
epidemiology & phenomenology, neurasthenia & depression & somatization, 18–56 yr old psychiatric clinic patients, China, 5678
humanistic/phenomenological approach to role play methodology, 4693
phenomenological & psychopathological concepts in British vs continental psychiatry, literature review, 15
phenomenological analysis, envy vs jealousy, young adults, 3432
phenomenological analysis of aging & identity, literature review, 12697
phenomenological study, experience of failure to learn, college & graduate students, 4398
phenomenology & doctrine of self determinism in humanistic psychology, 9226
phenomenology, environmental psychology, literature review, 6904
structural phenomenology as theory of nature of experience, 2316
Phenothiazine Derivatives [See Also Chlorpromazine, Chlorprothixene, Fluphenazine, Perphenazine, Thioridazine, Trifluoperazine]
haloperidol & diazepam & properidiazine & lithium chloride, social behavior & aggression, treated male mice & their untreated partners, 5235
phenothiazines & thioxanthenes & butyrophenones & benzamides, depression, literature review, 8475
unexpected worsening of symptoms during phenothiazine therapy as indicative of possible organic brain syndrome, 18–40 yr olds, 8488
Phenotypes
acetylator phenotype, response to phenelzine, patients with anxiety with vs without depression, 10942
ethanol, phenotypic differences in sleep time & cerebellar Purkinje neuron discharge, inbred strains of mice, 12337
factor analysis in multivariate behavioral genetic analysis of correlations vs phenotypically standardized covariances, 4840
genetics & phenotypes, handedness, house mice, 12028
hemoglobin content, mentally retarded, 10656
individual differences, daytime habitat selection, snails of contrasting shell phenotype, 7394
male eye color, mating advantage, flies, 432
open field behavior & defecation & role of peripheral noradrenergic system, Maudsley Reactive vs Nonreactive rat strains with agouti vs nonagouti allele, 5010
phenotype, correlation between central excitatory state & conditioning, blow flies, 434
prior experience with female plumage phenotypes, mating preferences, male Japanese quail, 9813
Phenoxybenzamine
clonidine vs phenoxybenzamine vs chlorpromazine vs yohimbine vs piperoxane vs desipramine, paradoxical sleep, male rats, 12276
Phenylalanine
dextrophenylalanine & other enkephalins, implications for therapeutic applications, literature review, 13268
phenylalanine load in diet, psychopathology, phenylketonuric 7–15 yr olds, 1475
Phenylketonuria
phenylalanine load in diet, psychopathology, phenylketonuric 7–15 yr olds, 1475
prediction of increase in mental retardation, offspring of mothers successfully treated for phenylketonuria, 3732
psychological effects, mothers of phenylketonuric infants, 1438
psychopathic behavior patterns following diet therapy termination, children with late-treated phenylketonuria at auxiliary school, 10695
Pheromones
anal drag & body rubbing in territorial scent making, stoats & weasels, 7333
components of female estrous urine, Flehmen-like responses, bull elephants, 2729
contact with sham-preputialectomized & castrated Ss marked with preputial gland material, attack directed toward long-term castrates, isolated male mice, 5165
molecular & metabolic basis of sex pheromone synthesis & secretion by preputial glands, rats, literature review, 2797
olfactory recognition, female & calf reindeer, 4992
pheromones, initiation of foraging & recruitment & defense, tropical termite soldiers, 2735
preference for fresh flour vs flour conditioned by male vs female conspecifics, flour beetles, 9799
removal of vomeronasal organ vs olfactory bulbs, ultrasonic courtship vocalization & seminal vesicle regression & plasma testosterone, mice, 12237
sex pheromone for winter moth, precopulatory behavioral responses at low temperatures, male moths, 5267
urine from grouped estrous vs nonestrous sib vs nonsib females & cage density & reproductive history & pup cross fostering, sexual maturation, singly caged female mice, 7456
urine from intact vs orchidectomized male with vs without testosterone propionate injections, lordosis behavior, orchidectomized male rats primed with estradiol benzoate & progesterone, 12177
vomeronasal organ removal, response to conspecific urine & social & sexual behavior, male guinea pigs, 12216
web-borne contact with female sex pheromones, attraction & courting behavior, male linyphiid spiders, 7381
Philippines
cultural factors, usefulness of reinforcement for better diets for infants & infant development, mothers, Philippines, 6354
parental education & occupation, interpersonal values, female high school students & their parents, Philippines, 12580
public health & social problems associated with nonmedical usage of synthetic psychotropic drugs, review of studies on drug use, US & Europe & Australia & Canada & Thailand & Philippines & Malaysia, 12648
relationship between thought about speech & categories of speech acts, Ilongots, Philippines, 10069
self esteem & locus of control & academic achievement, high school students, Philippines, 7750
sex & school differences, stress ratings of life experiences, 5th & 6th graders, Philippines, comparison to ratings from previous studies from US vs Japan, 5470
social change, morality & family functions, adolescents, Philippines, 12511
socioeconomic backgrounds & perceived opportunities in Philippines vs US, Filipino nurses employed in Philippines vs US less vs more than 3 yrs, implications for migration theory, 4287
suggestions for development of self concept, children, Philippines, 12455
Philosophies [See Also Animism, Dualism, Epistemology, Existentialism, Fatalism, Humanism, Idealism, Materialism, Metaphysics, Mysticism, Realism (Philosophy), Reductionism]
analysis of G. H. Mead's conception of self as internal interaction process, 3447
atomistic vs organistic interpretation, motto "life liberty & pursuit of happiness", 7758
belief in free will vs determinism, attitudes toward punishment, college students, 7947
communicative coordination & social order, macrosociological implications of G. H. Mead's social psychology, 3378
concept of human being as basis for philosophy of special education, 11304
contribution of philosopher B. Spinoza to principles & methods of systemic/family therapy, 8362
embodiment as person parameter, 9239
errors in objectivist interpretation of G. H. Mead's work, 2328
influence of Plato on Freud's theories of love, 14
language & communication by use of significant symbols & linguistic gestures, discussion of G. H. Mead's interpretation of role taking, 2993
life after death from parapsychological & philosophical & theological perspectives, 11526
mechanistic world view, conflict between advocacy vs employee role, school psychologists, 1905
modern penology & its basis in Platonistic penological theory of J. Mill, 4217
parallels between artistic observations & phenomenological mode of exploration & explication, 11560
philosophic beliefs of humanistic psychology, implications for conduction of research, 9225
possibilities for intelligent social action, comment on G. H. Mead's analysis, 2320
principles underlying current psychoanalytic debate between structural-conflict theorists & their critics, 11548
problems with interpretations of G. H. Mead's work, 2337
proceedings of 74th Annual Meeting of Southern Society for Philosophy & Psychology, 11131
psychoanalysis & explanation of human existence, 8345

psychoanalytic concept of self & Indo-Asiatic philosophy of self, 10854
religious & philosophical perspective on human experience, 3294
similarities in approaches of K. Marx & G. H. Mead to relationship between consciousness & community, 2317
social science model as alternative to natural science approach, sociology & social psychology, 2338
Socratic dialogues as myth for beginning psychological deepening, 12379
symbolic interactionist vs psychoanalytic perspectives, social interaction & socialization & personality, 2323
unity of consciousness & unity of self & evidence from commissurotomized patients, 4648
views on self actualization, A. Maslow vs Eastern philosophers, 1059
Phobias [See Also Agoraphobia, Claustrophobia, Dysmorphophobia, Ophidiophobia]
age of onset, anthropophobia vs obsessive-compulsive neurosis vs neurasthenia vs acute anxiety, 1221
animal movement in Rorschach responses, diagnosis of phobia, 4–11 yr olds, 3554
behavior therapy vs family systems theories of fear of flight, 5804
cognitive etiological model of phrenophobia, 10588
conditioning for hypnosis via telephone & relaxation & imagery/flooding, 31 yr old female with dental phobia, 8499
developmental psychology, behavioral treatment of phobic behavior & attention deficit disorder, children, 10905
fairy tale design in brief treatment of wind phobia seen as expression of symbiotic double bind interaction with mother, 6.5 yr old, 10855
hypnosis, children with enuresis & learning difficulties & phobias & hyperactivity & delinquency, 8508
hypnotherapy, treatment of 30-yr mayonnaise phobia, adult male, 4108
incidence of benzodiazepine dependence in long term usage as seen in occurrence of withdrawal syndrome, 20–79 yr old phobic benzodiazepine users, 1621
manipulation of perceived self efficacy, fear arousal & coping behavior, snake- & spider-phobic 16–62 yr olds, 3540
phenelzine & amitriptyline, 21–65 yr olds with depression & mixed anxiety-depression & phobic symptoms, 1645
phobic avoidance stance & personality, anorexia nervosa, 17–25 yr old males & females, 13016
phobic factors on AZU Fear Questionnaire & Fear Survey, phobic Ss, 7036
psychodynamics & treatment, phobic neuroses characterized by inhibition of locomotion, 1515
school truancy & refusal, predisposition to adult antisocial behavior & emotional disorders & phobias, literature review, 5666
systematic desensitization & self instructional training in role reversal format, cognitive coping skills, 50 yr old male with writing phobia, 8415
transference in psychotherapy, phobic clients, 3943
treatment of phobias, mentally retarded, 8275
use of bio-informational model of emotional imagery in behavior modification, phobic patients, replication of P. J. Lang's studies, 6214
Phobic Neurosis
assimilation & accommodation in reflective thinking, symptom choice, hysterical & phobic-obsessive neurotics, 3634
discriminant function analysis, clinical symptoms, anxiety & depressive & phobic neurotic 17–65 yr olds, 1188
personality structure & disease-specific conflicts & behavioral treatment, cardiac phobia, 3606
rating scales & differentiation, patients with mean age of 37.2 yrs with depressive vs anxiety vs phobic neurosis, 1189
Phonemes [See Also Consonants]
digraphs & pseudowords, phoneme tapping task performance, 5–6 yr olds, 10200
free recall of S-generated word in phonemic vs semantic encoding context, 19–40 yr olds, 9637
glide & steady-state durations, identification of synthetic phonemic vs nonphonemic diphthongs, 4880
instructions to attend to phonemes vs semantics of auditorily presented sentences, immediate vs delayed recall, college students, 11910
lesion site & guessing, vowel perception & perceptual vs expressive phonemic discrimination, 23–75 yr old aphasics, 1383
morphophonemic rule learning & generalization, normal vs articulation disordered 5.9–6.9 yr olds, 8158
phonemic representation of words, 1st–6th graders vs college students, 12450
phonemic vs graphemic vs semantic similarities between pairs of English words & Chinese logographs, lexical coding & recognition, native English- vs Chinese-speaking college students, 9626
phonetic origins of recurrent utterances, aphasics, 5944
production & perception of contrast between English /r/ & /l/, 19–31 yr old native Japanese Ss, 3008
reading of passages containing voiced with vs without voiceless phonemes, stuttering, 7–13 yr old stutterers, 5913
spectrographic analysis, voiced & unvoiced fricative production, Broca's aphasia, 5946
Phonetics [See Also Morphemes, Phonemes, Syllables, Words (Phonetic Units)]
duration of frication in synthetic speech stimuli, perception of fricative series as continuous vs discontinuous, college students, 4884
glide & steady-state durations, identification of synthetic phonemic vs nonphonemic diphthongs, 4880
interitem phonological similarity of lists spoken by S vs E, modality effect in serial recall, college students, 7257
item order & phonetic symbolism of stimuli, facilitation of paired associate learning, college students, 9658
memory for silent vs pronounced letters in word spelling, 7–10 yr olds, 7649
monosyllable frequency & speed, semantic judgments, college students, implications for phonetic symbolism, 10072
PDP-11 assembly subroutine, real-time voice-activated key to record speech onset/offset, experimental applications, 9349
phonetic & orthogenic similarity, picture naming, college students, 9655
phonetic characteristics of writing as adaptive to linguistic faculties, implications for dyslexia, 3739
phonetic coding in short-term memory, poor readers, reply to criticisms by J. W. Hall et al, 10674
phonetic reading ability, dyslexic 14-23.2 yr olds, 3740
prototype- vs threshold-based models of phonetic categorization in speech perception, English speaking females, 11855
spelling-to-sound regularity, lexical access time, college students, implications for phonological vs direct access in reading, 9612
suprasegmental information in sentences, listening comprehension, 4–6 yr olds, 12412
susceptibility to semantic vs phonetic interference & individual differences in arousal, deep processing as learning style & paired associate learning, college students, 4944
syllable stress & letter voicing & word frequency, recognition of letter "e" during silent reading, college students, 7254
visual similarity of pseudohomophones to real words, lexical decision nonword rejection RT, college students & aphasic adults, 13050
Phonics
direct instruction in phonics, learning vowel sounds & transfer & reduction in nonacademic & impulsive behaviors, learning disabled 78–106 mo olds, 2038
instruction in blending sounds, blending abilities & reading readiness, kindergartners, 4380
performance on speech segmentation task & recall with rhyming vs nonrhyming word series, 1st grade beginning readers following phonic vs whole word method, 11195
Phonology
aerodynamic & spectrographic analysis, nasal-fricative sequences, adult speakers of British English, 5287
age vs mean length of utterance, expression of development of phonological processes, 21–48 mo olds, 815
characterizations & complementarity of K. Pike's 3 modes of language, development of gestalt phonology, 7587
phonatory performance, 21–32 vs 68–82 yr olds, 3021
phonological & semantic processing during silent reading, 33–64 yr old aphasics vs brain damaged nonaphasics, 8216
phonological complexity in lexical items & syntactic construction, number & pattern of errors in sentence production, language disordered 5.8–6.9 yr olds, 8161
phonological interference, tactual coding of congruent vs incongruent Braille word pairs, blind Ss with mean age of 12.3 yrs, 6011
presence of unattended incongruent homophones of semantically related word, lexical decision response to attended word, right handed Ss, 9622
production & perception of contrast between English /r/ & /l/, 19–31 yr old native Japanese Ss, 3008
syntactic boundaries, alveolar flapping in speech production, reanalysis of E. Egido & W. E. Cooper's studies, 5292

variation of phonological vs orthographic factors, performance on lexical decision & pronunciation tasks, college students, implications for grapheme-grapheme conversion rules, 9618
word regularity & frequency, judgments of spelling-sound correspondences, 14–62 yr olds, 10058
Phosphatases
cell localization of adenylate cyclase & cyclic adenosine monophosphate phosphodiesterase activity in foliate papillae, rabbits, 9890
Phosphatides
lecithin & physostigmine, memory & learning, 64–77 yr olds, 7543
lecithin treatment, cholesterol level, 50–76 yr old Alzheimer's patients, 8487
Phospholipids [See Phosphatides]
Photic Threshold [See Illumination, Visual Thresholds]
Photographs
eye pouch presence, selection of full-face photographs of males vs females for genuineness of smile, female shoppers, 7905
object discrimination training, generalization of discrimination learning to photographs & pictures of objects, golden haired monkeys, 9737
on-site encounters with vs without prior photographic information, familiarity with & preference for visual environment of bog, bog visitors, 6900
photographs, projective technique in psychotherapy, 13186
photography, meeting evaluation, 6945
rating of self photographs for degree of reference to imaginal prototype of "real self", recognition memory of photographs 1 wk later, male vs female college students, 1089
Photopic Stimulation
intermittent photic driving of alpha, hypnotic response, college students, 4958
monocular vs binocular viewing conditions in light vs dark, eye movements, 1–3 day olds, 10099
scotopic vs photopic backgrounds, rod persistence on partial report task of iconic memory, college students, 11729
Photoreceptors [See Also Cones (Eye), Rods (Eye)]
circadian pacemaker localization in photoreceptor layers vs base of retina, cloudy bubble snail, 2764
color perception & retinal spectral information processes, teleost fish, literature review, 492
electrical sensitivity of eye & critical flash fusion frequency of electrical phosphene, humans, implications for neural mechanisms of temporal discrimination, 485
light, modification of polypeptide isoelectric points in retinal photoreceptor layer, fruit flies, 7430
light wavelength & potassium current outflow, photoreceptor prolonged hyperpolarizing afterpotential accompanying photoconversion of rhodopsin, bay scallops, 344
neural synaptic organization of visual system, nudibranch mollusca, 2816
pairing of light & bodily rotation, phototactic behavioral & photoreceptor associative changes, nudibranch mollusks, 7408
single-lens simple eyes, behavior, insects, review of neurological studies, 486
spatial frequency of suprathreshold sinusoidal gratings, spatial frequency discrimination & relation to photoreceptor spacing, human Ss, implications for neural interpolation, 11796
visual pigment distribution in retina, 4-eyed fish, 439
visual transduction in retinal rods, cynomolgus monkeys, 12083
visual wavelength-discrimination, grasshopper, support for ocular filter-mediated color vision, 2823
Phrases
comprehension of phrases with dimensional adjectives, 35–65 yr old left- vs 48–66 yr old right-hemisphere damaged aphasic Ss, implications for semantic aphasia, 3763
Phrenic Nerve [See Spinal Nerves]
Phylogenesis
male courtship patterns & associated markings, conspecific recognition by females & construction of phylogeny, Drosophila nasuta, 391
phylogeny of brain organization as measured by numerically coded characters of central neural organization, mammals, 5066
phylogeny of brain organization as measured by numerically ordered characters of central neural organization, various mammalian species, 5067
Physical Agility [See Also Physical Dexterity]
individual ability differences in attentional time-sharing vs flexibility vs rate of repetitive activity across muscle groups, prediction of high level motor skill, humans, 247
Physical Appearance [See Also Physique]
alcohol consumption, facial flushing, 21–25 yr old sons of alcoholics, 12330
appearance, self perception, college students, 12733
confederate's appearance & campus vs city location, altruism as seen in returning quarter vs dollar, 18–65 yr olds, 7871
judgments of parental vs maternal resemblance, 14–37 yr olds judging appearance of newborns, 3303
male courtship patterns & associated markings, conspecific recognition by females & construction of phylogeny, Drosophila nasuta, 391
personal history & social stability & current diagnosis, 19–58 yr old tattooed male psychiatric patients, 12819
physical & personality characteristics, promotion of development through reactions by others, children & adolescents, literature review, 12495
physical appearance improvement program, self concept & body satisfaction & appearance, female chronic psychiatric patients, 11053
self perceived physical distinctiveness, causal self attributions for hypothetical social interactions vs nonsocial events, college students, 12741
sex & occupational area, evaluation of impact of appearance on employee performance evaluation & effectiveness & interactions in work environment, college students & campus recruiters, 11459
sex of O & auditory &/vs visual presentation mode, ratings of speech & facial acceptability, college students rating 12–44 yr olds with cleft lip/palate, rehabilitation implications, 8247
tattoos & tattooing, type of crime & psychiatric diagnosis, male prisoners, 1815
Physical Attractiveness
age & physical attractiveness of female counselor, evaluation of & reaction to counselor, college students, 11035
applicant attractiveness & attractiveness-relevance of job, interviewer decisions & job specific attributions for management trainee applicants, college students as interviewers, 2184
applicant's physical attractiveness & experience & social performance, decision making, personnel interviews, implications for behavioral counseling, 6844
degree of factual material in case, sentencing bias in favor of attractive defendant, college students in mock jury, 3326
height & attractiveness of female partner, male college students, 1012
perceived age & physical attractiveness of males vs females, male vs female 14–16 vs 31–38 yr olds, 3220
physical attractiveness discrepancy, length of time for evaluation of romance, couples, 1011
physical attractiveness, locus of control & sex roles & anxiety & depression & success expectancies, female vs male college students, 5619
physical attractiveness of female targets, perception of social skill, male college students, 3414
physical attractiveness of male vs female, categorization in socially acceptable vs deviant roles, male vs female college students, 3434
physical attractiveness stimuli before vs after performance & primacy effect, attributions of ability, college students, 3406
premarital sex with known vs unknown partner by attractive vs unattractive female, morality judgments, college students, 7902
rating photographs by age & attractiveness & age preferences for partner in independent vs interdependent relationships, 61–89 yr olds, 856
sex & age & physical attractiveness, perceived importance of attractiveness to friendship formation & dating frequency & marriage partner selection & marital adjustment & occupational success, 18–90 yr olds, 12683
validity & reliability of Attitudes Toward Physical Attractiveness Scale, index of attractiveness stereotypes, adolescents & adults, 9394
victim's provocativeness & attractiveness, judgments of hypothetical rape victim's blameworthiness, college students, 7894
viewing of single photograph vs successive vs simultaneous viewing of 4 photographs of 10 yr old males, judgments of physical attractiveness, male college students, implications for influence of methodology, 3430
Physical Comfort
frequency & direction of translational vibration of footrest & backrest, equal comfort sensitivity contours, 19–48 yr old males, 4848
information retrieval using video display terminals vs paper, physical discomfort & job satisfaction & job security concern, directory assistance telephone operators, 13819

intensity & frequency & direction of translational seat vibration, discomfort, 19–41 yr olds, development of computerized psychophysical method, 245
intensity of rotational seat vibration, psychophysical contours of equal comfort, 19–41 yr olds, 253
methodology, chair design evaluation, 4595
optimal handle position in box-holding task, biomechanical & physical & psychophysical indices, male college students, 2247
response instructions in psychophysical measurement, equal sensation contour judgments of whole-body vibration, humans, 4706
shifts in actual & purported room temperature, perceived comfort, college students, 11765
translational vibration of footrest & backrest & seat, psychophysical functions of equal comfort sensitivity contours, humans, implications for procedure to predict discomfort, 4846
vibration & noise, subjective ratings of ride quality, aircraft passengers, 2250

Physical Contact
amount of filial huddling at 5–9 days of age, emotionality & locomotor activity, rats, 9800
development of body nosing & physical contact & investigation & socialization & settling, sibling vs nonsibling dyads of Microtus ochrogaster vs Microtus pennsylvanicus, 419
distance measurement in testing hypothesis of contagion, 209
food intake & huddling & exposure to cold, metabolism & diurnal activity, common bushtits, implications for survival during food scarcity & inclement weather, 2710
foster mother strain & handling, open field behavior & plasma corticosterone levels following placement in novel environment vs no disturbance, inbred A/J mice, 9798
handling & movement of cages & naloxone & ethanol, hyper- & hypothermia, female rats, 2885
patient need for physical contact during re-living of early trauma, female patient & male analyst, 6112
physical contact & judged intervention outcomes, clinicians & their clients with mean age of 7.7 yrs, 13152
physical contact during infancy, Africa, implications for subsequent interaction, 878
postweaning social isolation with vs without handling vs rearing with male peer, recovery of copulatory behavior following medial preoptic area lesions, male rats, 537
preference for arm touch vs back pat after get-acquainted session with male vs female, male vs female college students, 1018
preference for holding neonate on the left side at 1st contact, mothers, 947
preoperative gentling, mouse killing & reactivity induced by lesions of lateral septum vs medial accumbens vs medial hypothalamus, male rats, 563
proximal & proximo-distal behaviors during breast- or bottle-feeding, primiparous mothers & their neonates on 2nd vs 4th vs 42nd day postpartum, 3318
reality & physical contact, examination of G. H. Mead's theory, 2329
self contact & gestures produced by right vs left side of body during neutral vs emotional situations, female college students, 2806
septal lesions & postsurgical enriched vs restricted environment, reactivity to handling, mice, 530
sex of shopper & E & touching during request, compliance in trying food sample & buying product, supermarket shoppers, 2301
sleep deprivation induced by "flower pot" vs handling procedures, stomach erosions, male rats, 12170

Physical Development [See Also Motor Development, Prenatal Development, Psychomotor Development, Sexual Development, Speech Development]
ACTH following peroneal nerve crushing, functional reorganization of regenerating motor units in extensor digitorum longus, adrenalectomized male rats, 5180
adaptive significance of sequential nature of sensory systems maturation in embryogenesis & neonatal period, neurogenesis & perceptual development, infants, literature review, 489
brain growth characteristics & comparison with primates, tammar wallabies from birth through adulthood, 5101
brain stem transection at pretrigeminal level, development of brain vs caudal brain stem & behavior, kittens, 2916
carbaryl sublethal concentrations, surfacing behavior & food intake & growth, air-breathing fish, 2920
crowding, dendritic spine density in optic tectum, jewel fish, 7404
cultural factors, usefulness of reinforcement for better diets for infants & infant development, mothers, Philippines, 6354
development & morphology of striate cortical projections to dorsal lateral geniculate nucleus, 1–20 wk old kittens, 2818
early malnutrition, mental & physical development, 6–24 mo olds, 3-yr followup, 3795
electrical stimulation of auditory nerve, inferior colliculus evoked potentials, "deafness" mutant mice, 525
electrophysiological studies of forebrain & brain stem pathology & development & possible causal links, language & cognitive deficits, autistic children, 1222
ethanol vs butanol, reflexes & brain growth, neonatal rats, 618
family background & physical & neurological development & school behavior, mentally retarded children with vision & hearing disabilities, 8142
family pathology & social work treatment, psychosocial dwarfism, 4–8 yr olds, 1423
father's occupation & physical maturity, academic achievement & mental ability, 3rd & 5th & 6th graders, Sweden, 4407
gross undernourishment during infancy, physical & cognitive & perceptual & psychosocial development, 20 yr longitudinal study, 8250
identification & social work intervention & treatment, psychosocial dwarfism, children, literature review, 1350
innate & environmental factors & role of visual stimulation, ocular dominance formation & development of columnar systems in visual cortex, mammals, literature review, 2815
long term monocular deprivation & short term binocular stimulation, choline acetyltransferase & glutamic acid decarboxylase activity in visual Wulst, pigeons, 9925
monocular vs binocular enucleation, morphology of intercollicular pathway & number & distribution of intertectal cells, hamsters, 2911
nervous system development, holometobolous insects in larval & pupal & adult form, 9855
neural growth & selection of connections, snails, 5040
neurochemical disturbances leading to end stage neuron development problems, etiology of infantile autism, 1135
olfactory nerve section, degeneration & regeneration of olfactory bulb neurons, frogs, 2896
perinatal & infant physical status & child development & mother-infant interaction & family ecology & parent perceptions of child, IQ & language skills, infants, 4-yr longitudinal study, 3076
physical & motor development, visually vs hearing vs mentally impaired students, 7974
physical development, self esteem & consciousness & satisfaction with & stability of self image, 7th grade males, 7604
postoperative environmental enrichment following dorsal hippocampal lesions, occipital cortex dendritic branching & spines, male rats, 5169
program for determination of interscholastic athletic eligibility, 7th–12th graders, 8985
psychosocial conceptualization at nonorganic failure to thrive, infants, literature review, 10750
recovery from impaired visual function, morphological characteristics & glutamate dehydrogenase activity in motor cortex, rats visually deprived at birth, 12140
removal of eyes, degeneration & maturation of superior colliculus, newborn rats, 2902
retinal anatomy, human newborn, 726
social isolation, growth rate & body weight, bluegill sunfish, 9931
stepping & kicking reflex & hypothesis for disappearance by 2 mo of age, 2 wk olds, 760
substance P fiber ontogeny in trigeminal nerve, embryonic & neonatal mice, 2790
subtoxic doses of triamcinolone acetonide during prenatal & neonatal & postnatal periods of brain development, maze exploration & spontaneous alternation, rats, 12283
unilateral eye enucleation, age-related changes in distribution of visual callosal neurons, 4 vs 7 vs 10 vs 14 day old rats, 7501
urban vs rural environments, exercise fitness & physical development, children, Europe, 3058
verbal deficits & sentence verification performance & delays in physical growth, children with mean age of 8.5 yrs & supernumerary X chromosome, 1408
visual & mechanical cues in short period following moult & number of foreleg femur & claw movements, subsequent predatory success, water stick insects, 364
visual deprivation induced by chronic intraocular tetrodotoxin, synaptic defects in lateral geniculate nucleus, kittens, 5220
visual deprivation, striate cortex Meynert cell morphology, kittens, 12198
visual experience, development of visual cortex & neural interconnectedness, monkeys, 1981 Nobel Prize Lecture, 12197

weight-for-height & other physical growth variables & socioeconomic status, IQ, 3–6 yr olds, 3056
Physical Dexterity
age & sex differences, motor ability, deaf 7–14 yr olds, 8176
movement velocity & system mass, response amplitude & timing accuracy in discrete timing motor control task, right handed college students, 251
suitability of Minnesota Rate of Manipulation Test placing & turning tasks for repeated application, personnel evaluation, 18–24 yr old males, 2429
Physical Disfigurement
social & emotional adjustment, 25–45 yr old Vietnam War veterans suffering disfiguring vs no injuries, 4221
Physical Divisions (Geographic) [See Geography]
Physical Education
elimination of fear of failure, performance on skill & knowledge tests in gymnastics course, college students, 1993
individualized teaching methods in physical education, academic learning time, mainstreamed mildly handicapped elementary school students, 11338
physical education program, self concept & movement skills, 3rd graders, 4386
physical work capacity & classroom attention, physically handicapped vs nonhandicapped 7.6–13.9 yr olds, implications for physical training programs, 2030
student effort & grade & sex & race & teacher & teacher expectations, self concept, handicapped vs nonhandicapped kindergartners through 3rd graders in mainstreamed physical education classes, 4454
traditional vs movement education approach, motor skill learning, 1st graders, 1979
trampoline activities in physical education, handicapped children, 6767
Physical Endurance
criticalness of situation & attribution differences, endurance task performance, male vs female college students, 11733
malarial infection, hematological & parasitological effects on physiology & behavioral capacity, field-caught lizards, 7397
17-hydroxycorticosteroid & catecholamine levels, diagnosis of mental & physical load, 12121
Physical Exercise [See Exercise]
Physical Fitness
aerobic capacity as measure of physical fitness, learning disabled 8–10 yr old males, implications for motoric aid, 12994
exercise & improved physical fitness, epidemiology of cardiovascular disease, 3781
lifestyle change of increased energy expenditure vs aerobic exercise with vs without dieting, weight & fitness, obese 8–12 yr olds, 6223
participation in physical fitness activity & medical care & parental & peer & teacher & coaches' influence & food patterns, food & vitamin/mineral supplement usage, adolescent males, 10094
physical fitness & exercise, slow-wave sleep, Ss with mean age of 22 vs 32 yrs, 9700
physical fitness & strength & standards & training program & maintenance exercise, female police officers, 4545
physical fitness, exercise program, cognitive processing, 24–68 yr old males, 284
physical fitness, mentally retarded, literature review, 10669
physical fitness program in alcohol rehabilitation, alcoholic inpatients with mean age of 42 yrs, 6512
physical work capacity & classroom attention, physically handicapped vs nonhandicapped 7.6–13.9 yr olds, implications for physical training programs, 2030
role models & enrollment & health programs & policies & practices & leader influence on fitness & smoking & prevalence of smoking by youth & adult leaders, youth agencies, Canada, 10997
urban vs rural environments, exercise fitness & physical development, children, Europe, 3058
visual & auditory acuity & anthropometric fitness, 6–62 yr old offspring of 1st cousin matings, 12031
weight-training program, success & self concept, male college students, 3497
Physical Geography [See Geography]
Physical Growth [See Physical Development]
Physical Handicaps (Attit Toward)
cognitive-experiential module, attitudes toward physically handicapped & emotionally disturbed & mentally retarded & learning disabled children, education college students, 13580
development of scale, measurement & analysis of knowledge & attitudes toward epilepsy & epileptics, college students, 11637
Down's syndrome vs orthopedically handicapped vs nonhandicapped 4 yr olds in need of help, inclinations about who to help first & why, kindergartners through 4th graders, 10492
exposure to mentally retarded & physically handicapped children, attitude change, nonhandicapped 4–5 yr olds, 11275
sex of O & auditory &/vs visual presentation mode, ratings of speech & facial acceptability, college students rating 12–44 yr olds with cleft lip/palate, rehabilitation implications, 8247
Physical Maturity
varying dose levels of urine & mixing types from different donors, delay vs acceleration of 1st vaginal estrus through chemosignals from urine, female mice, 502
Physical Restraint
anterior vs posterior cingulate cortex lesions & immobilization, stomach pathology, male rats, 5207
dexamethasone pretreatment & intraventricular vs ip serotonin & immobilization stress, plasma corticosteroid response, neonatal rats, test of role of serotonergic mechanisms in pituitary-adrenocortical stress response, 7499
exposure to inescapable yoked shock vs escape training vs restraint without shock, aggressive & defensive behavior toward intruder, alpha males, 12006
individual vs group housing vs restraint with vs without shock, parachloramphetamine toxicity, rats, 12152
intermittent hypokinesia of varied duration, CR & EEG & blood neurotransmitter levels & emotional stress & exhaustion, albino rats, 12134
microelectrode positioner system & restraint apparatus for chronic single-unit recording, rats, 4667
psychosis & voluntary vs involuntary admission status, prediction of violence & need for seclusion & restraint, 17–62 yr old psychiatric inpatients, 13413
restraint-induced emotional stress, dorsomedial thalamus & ventromedial hypothalamus neuron impulse flow power, alert rats, 5077
septal lesions, plasma & adrenal epinephrine & norepinephrine & corticosterone levels during single vs repeated immobilization stress, male rats, 2899
supine restraint & subsequent time for healing & cimetidine, stomach lesions, female rats, 12193
therapists' decisions to use physical restraint, Black vs White psychiatric emergency room patients, 13399
Physical Strength
correlation between measures of static & abdominal & dynamic strength during initial skill acquisition, male college students, 2368
hand grip strength & hand preference for writing, left vs right handed college students, implications for reliability of hand dynamometer, 7423
horizontal lifting task, physiological responses & psychophysically-measured preferred workload, 28–37 yr old brewer's draymen, 6890
physical fitness & strength & standards & training program & maintenance exercise, female police officers, 4545
postural sway & weight & loss of height & scoliosis & grip strength & knee angle & kyphosis, aged, 5935
sex & training variables, lifting performance, college students, 7181
sex differences, lifting performance, college students, 9522
validity of measure of static strength, personnel selection, steelworkers, 4540
viewing red vs blue vs pink illuminated wall, grip strength & jumping power & rotary pursuit precision, volunteer Ss, 2528
Physical Therapists
Bem Sex-Role Inventory data, female speech pathologists & physiotherapists & occupational therapists, longitudinal study, 6566
Physical Therapy
effectiveness of program to train parents of physically handicapped children to develop movement in specific joints of child's body, parents of 2.8 & 3.7 yr olds, 8673
hospital-based behavioral outpatient multidisciplinary treatment, chronic pain patients, 1759
low-calorie diet & exercise & hydrotherapy & physical expression & psychiatric treatment, weight reduction, obese neurotic vs psychotic vs mentally retarded females, 6064
methods of reversing learned helplessness to increase compliance with physical & occupational therapy, elderly patients, 13451
motivation techniques for exercise program participation, aged, 13441
physiotherapy, developmental management, visually impaired children, 13334
services & facilities & admission requirements for Kinesiotherapy Center, handicapped/disabled individuals, 13435
Physical Trauma [See Injuries]

Physical Treatment Methods [See Also Acupuncture, Adrenalectomy, Artificial Respiration, Blood Transfusion, Castration, Decerebration, Decortication (Brain), Dental Surgery, Dental Treatment, Dialysis, Heart Surgery, Hemispherectomy, Hemodialysis, Hypophysectomy, Hysterectomy, Immunization, Induced Abortion, Male Castration, Mastectomy, Medical Treatment (General), Neurosurgery, Organ Transplantation, Ovariectomy, Pinealectomy, Psychosurgery, Surgery, Vagotomy]
blood pressure determination over 24-hr period, 19–83 yr old hypertensives, 6355
client & treatment program differences, alcohol rehabilitation outcome, alcoholics, 3- & 8-mo followups, 6501
differential treatment of enuresis, 4137
inhalation of carbon dioxide, cardiovascular & subjective responses, anxious neurotics, 8305
neonatology techniques requiring hospitalization, subsequent relational disorders, handicapped children, 1789
problems in integrating physical & psychological care, critique of article by H. N. Brown & N. E. Zinberg, 8281
problems in integrating physical & psychological care, literature review, 8266
procedural vs sensation information about threatening medical procedure, expectations & emotional responses, 24–61 yr old hospitalized patients, 6356
Physically Handicapped [See Also Amputees]
activity program with music as stimulus & contingent reward, verbal responses & spontaneous speech, physically handicapped 3–5 yr olds, 1555
barriers to college education, physically handicapped students, Switzerland, 11149
child's sex & diagnosis of handicap & type of school attended, perception of sense of adjustment, 9–11 yr olds with cerebral palsy vs spina bifida vs their mothers, Australia, 3802
church attendance & life satisfaction & physical disabilities, Ss aged 60 yrs & older, 12393
curriculum development, visually & hearing & physically impaired preschoolers, 11320
development of play behavior & mother-infant interaction, normal vs Down's syndrome & motor impaired & developmentally delayed 3–36 mo olds, 3508
disability as deviance & labeling & social & emotional adjustment, physically disabled, literature review, 8205
effectiveness of program to train parents of physically handicapped children to develop movement in specific joints of child's body, parents of 2.8 & 3.7 yr olds, 8673
employment status & issues & vocational rehabilitation, disabled women, 4247
Etran-N vs normal response mode, assessment of intellectual ability with Raven Progressive Matrices, physically disabled vs normal 10–13 yr olds, 100
factor structure using radial parcels vs item factoring, 16PF, physically or mentally handicapped Ss with mean age of 31 yrs, 4753
health/disability status & societal attitudes & education & employment & benefits & services, females in developing & industrialized countries, 3859
hypnotic treatment, mentally retarded & physically handicapped nonhypnotizable patients, 8505
issues in rehabilitation of disabled women & problems of mothers with disabled children, 4246
maternal labor force participation, 2-parent families with 3–18 yr olds with cystic fibrosis vs cerebral palsy vs myelodysplasia vs multiple physical handicaps, 1351
need for mainstream child care services, children of disabled mothers & disabled children, 4146
parental attitudes & emotional reactions & maternal influence, self esteem, physically handicapped 9–11 yr olds, 1373
physical work capacity & classroom attention, physically handicapped vs nonhandicapped 7.6–13.9 yr olds, implications for physical training programs, 2030
play as preventive & therapeutic tool, children with medical or psychiatric disorders or physical handicaps, 12787
pregnancy decision making & support systems & childbirth education, disabled females, 4115
presence of handicapped child, family problems, 2 mo to 7 yr olds & their families, Nigeria, 3785
prevalence & educational integration, kindergartners with learning & speech & language disorders & emotional & social disturbances & physical handicaps & mental retardation, Norway, 2073
recommendations for vocational rehabilitation counseling, disabled females, 4216
social context, attitudes toward amputee vs epileptic vs cerebral palsied vs blind, 18–64 yr olds, 8199
structural pattern recognition method, determination of similarity between motor patterns, male runners with mean age of 27 yrs, implications for rehabilitation of physically handicapped, 7185
use of microcomputers in instruction, severely physically disabled children, 4444
validity of automated form of AH4 Group Test of Intelligence & Digit Span Test & Mill Hill Vocabulary Scale—Synonyms, severely physically disabled 19–70 yr olds, 4805
vocational opportunities & services & barriers, physically & emotionally handicapped & trainable & severely/profoundly retarded clients, 1808
Physically Ill Patients [See Patients]
Physician Patient Interaction [See Therapeutic Processes]
Physicians [See Also Family Physicians, General Practitioners, Gynecologists, Internists, Pediatricians, Psychiatrists]
acceptance by medical profession & training in technique & hospital & staff reactions, dilation & evacuation technique for mid-trimester abortion, 13323
applications of Griffiths Mental Development Scales, medical practitioners & psychologists, 9366
attitudes & knowledge & demographic factors, routine neonatal circumcision, physicians & parents of male infants, 4136
Balint groups for hospital physicians, 11133
consultation to internal medicine, psychiatrists, 6573
decision making process concerning practice selection, resident physicians, 6524
development & reliability & validity of Patient Description Questionnaire, assessment of physicians' perceptions of "problem patients", physicians in ambulatory care setting, 2457
diagnosis of hyperactivity in children, physicians, 6028
education & credentialing in law & dentistry & medicine & pharmacy, implications for psychology, literature review, 6587
effects of maternal behavior on fetal well being & role of physician in cases of suspected abuse of fetus, 3682
experience with & attitudes toward electronic computers, accountants vs lawyers vs pharmacists vs physicians, 6880
health attitudes & practices, 25–76 yr old physicians, 6545
intellectual interests & habits of work & recreation, later development of cancer, physicians, 6021
MMPI profiles of psychiatric patients, similarity of diagnoses, psychologists vs physicians, 12861
nature & level of occupational stress, 27–82 yr old psychiatrists & clinical psychologists & social workers & physicians & attorneys & pastoral counselors, 8751
patient's age, treatment & rating of symptoms & prescribing patterns, ambulatory-care male physicians with mean age of 52 yrs, 13324
perceived help of physician in treatment, 40–50 yr old recovered alcoholics, 1825
perceptions of merits & demerits of referrals to clinical psychologists, family physicians who had vs had not made direct referrals, 13537
personality traits & motivation to choose medicine as vocation, stress adaptation & response, 27–73 yr old physicians, 13516
physician competence & courtesy in videotaped interaction with patient, perceived patient satisfaction & compliance, college students, 13342
postgraduate course in office orthopedics, knowledge & clinical practice behavior, primary care physicians, 4279
prevalence & correlates of alcoholism & drug abuse & suicide, physicians, implications for treatment & role of consultation-liaison psychiatrist, literature review, 4268
problems in psychiatric consultation, internists, 6559
problems of alcoholism & factors in recovery & response of professional groups, social workers & physicians & nurses in Alcoholics Anonymous, digest of previous articles, 5809
process of change in practice behavior, physicians in general practice vs internal medicine vs pediatrics vs surgery vs obstetrics/gynecology, 13504
progress in medical treatment & subsequent feelings of impotence & depression, morale, physicians, 11107
reasons for fear & avoidance of elderly & chronic & terminal illness & death, physicians, 1867
recognition of powerlessness in treatment of cancer, oncologists, 6529
relationship with father vs other risk factors, incidence of cancer, physicians, replication of work by C. B. Thomas et al, 1420
roles in planning special education & diagnosis & therapy & followup assessments of learning disabled students, physicians, 6790

self esteem & parental relations & approach to life & nervous tension in psychological profile, health & mental & cardiovascular & neoplasm disorders, medical students, 33-yr longitudinal study, 13551
Ten Question Drinking History in prenatal intake procedure, fetal alcohol education, hospital physicians, 1884
treatment of Jehovah's Witnesses in need of blood transfusions, medical students & house staff & faculty physicians, implications for development of norms under legal uncertainty, 13556
trends in education & practice, female physicians, US & Australia & New Zealand & Canada, literature review, 13492
use of cues in clinical judgments of congenital heart disease, expert vs novice clinicians, 4286
work environment as cause & means of prevention of occupational stress & role of occupational physician, 11010

Physics
behavioral teaching method, physics education, 18–23 yr old male technology students, 1965
content organization of thermodynamics course, cognitive structure, college students, 6672
differences in methods & models in physics & psychology, multidisciplinary problem solving & role of systems engineering, 6895
extrapolations from model of relativity to develop new model for construing time, application to life span development, literature review, 750
historical & current scientific status of psychiatry, 6079
knowledge structure, procedures for effective problem solving in physics education, 6712
quantum theory & interbehaviorism & Q-methodology, comments on D. Zimmerman's article, 30
structure of intellect factor measures vs subtests of Florida State-Wide Twelfth Grade Test, prediction of physics achievement, high school students, 4499
systemic model to teach heuristic thinking skills, reduction of problem solving time in physics course, secondary school students, 8871

Physiological Aging
age, individual consistency in autonomic nervous system responses to stimuli, 30–79 yr old males, 3035
age, measures of parietal lobe function, 40–88 yr olds, implications for evaluation & treatment in occupational therapy, 3102
age, posterior pituitary & intra- and extrahypothalamic vasopressin content & memory decrement, rats heterozygous vs homozygous for diabetes insipidus vs normal rats, 452
age, retinal sensitivity measured by pupillary light reflex thresholds, 32–683 day old albino rats, 7445
aging & senescence, histological changes in forebrain, humans, 13075
biological aging, Down's syndrome patients, 10725
changes in cerebrospinal amino compounds accompanying aging & neurological & psychiatric illness, psychiatric patients, literature review, 1100
cholinergic dysfunction, geriatric memory impairment, review of biochemical & electrophysiological & pharmacological studies, 2762
chronological & functional age, changes in human sexual response, 12384
diminution of vision & hearing, communication breakdown, aged, 3831
EEG findings, aged normals vs patients with Alzheimer's dementia vs multi-infarct dementia, 6029
experimental design bias, aging research, 2340
hippocampal distribution of serotonin & cholinergic-muscarinic & alpha-adrenergic & opiate-type receptors, 62 yr old deceased male, implications for neurological pathology, 9833
individual differences & stress & adjustment & life satisfaction & personality, aging, 12519
lack of financial support & social contacts & interests & flexibility & cognitive deprivation & independence, dependency & competence, elderly women & widows, need for preventative occupational work, literature review, 12395
loss & lack of narcissistic defense & loneliness, developmental stage correlates & oedipal conflict, aged psychoanalysis patient, comments on paper of N. A. Cohen, 10845
medical problems & sexuality, aged, 731
menstrual cycle & plasma estradiol & sexual interaction changes with age, 8–12 vs 16–17 yr old female bonnet macaques, 384
personality traits vs emotional adjustment vs age, cardiovascular disease symptoms & general well being, 25–84 yr olds, 3782
phenomenological analysis of aging & identity, literature review, 12697
psychopathology & situational crises & organic illness & loneliness, psychotherapeutic processes with aged, comments on paper by N. A. Cohen, 10848
relationships with offspring, adjustment to aging, 60–87 yr olds, 733
role transcendent model of female identity in adult development & aging, literature review, 3047
uses for reminiscence, life satisfaction, young adults vs middle aged vs aged, 3050

Physiological Arousal
age, individual consistency in autonomic nervous system responses to stimuli, 30–79 yr old males, 3035
alcohol & stressful vs unstressful arithmetic task, emotions & physiological arousal, male college students, 7535
alpha-melanocyte-stimulating hormone vs melanocyte-stimulating hormone/ACTH, learning & attention & memory & sensitivity & CNS arousal & novelty-induced defecation, humans & animals, literature review, 7540
anticipatory cardiac arousal in orienting response context, response fractionation, 20–25 yr olds, implications for dual-process model of preliminary orienting response processes, 9903
arousal & memory for sentences high in interactional content, graduate students, 9656
attentional capacity & arousal deficits, schizophrenia, literature review, 10529
auditory stimulation & low & middle nicotine cigarette smoking, arousal & habituation & excitation/inhibition & response suppression, 18–24 yr olds, 12282
caffeine, arousal & anxiety & depression & performance, literature review, 7567
cognitive restructuring & progressive relaxation, speech anxiety, college students with physiological vs cognitive anxiety reactions, 10903
cold pressor, autonomic & somatic & subjective & behavioral responses to pain, 9–14 yr olds with recurrent abdominal pain syndrome, implications for recovery deficit in autonomic arousal, 5958
contingent vs noncontingent aversive stimulation presented with high vs low frequency, cardiovascular & catecholamine & behavioral responses, Type A vs Type B 29–53 yr old males, 2846
cry difficulty, physiological & emotional responses to infant cries, nonparents with mean age of 29.8 yrs vs primiparous vs multiparous mothers vs fathers, 2843
CS contingencies in electrodermal response conditioning, individual differences in changes in skin conductance during conditioning & habituation & self reported discomfort, electrodermally labile vs stabile male college students, 9907
degree of arbitrary provocation & level of physiological arousal & anger, aggressive behavior, 16–26 yr old males, 5594
EMG biofeedback from frontal vs multiple muscle sites, anxiety & autonomic arousal, college students, 7476
emotional stress stimuli, platelet aggregations, 25–30 yr old males, literature review, 509
experimental emotional & cognitive stress, autonomic arousal & plasma catecholamines, schizophrenics vs endogenous depressives, 12803
extraversion/introversion, contingent negative variation amplitudes, 22–30 yr olds, 12051
field dependence & aggressive vs neutral stimulus, mood & self esteem & autonomic arousal, college students, implications for psychoanalytic theory of depression, 9685
heart rate & skin conductance during arousal & orienting & attention, learning disabled children, literature review, 12982
hypobiosis, physiological mechanisms of arousal response, rats, 5121
impulsivity & caffeine, proofreading, college students, test of J. A. Easterbrook's cue utilization explanation of arousal effects on performance, 2919
in utero drug abuse due to maternal drug addiction, arousal & irritability & muscle tone fluctuations & motor development & sleep & crying patterns, 38–40 wk old infants of 17–29 yr old drug dependent mothers, 12396
individual differences in stress-response-dampening effects of alcohol as seen in reduction of cardiovascular & affective responses, 21–30 yr old males at risk for alcoholism, 1290
petting by human, differential heart rate responses, nervous vs normal purebred pointer dogs, 5017
physiological arousal & stimulus ambiguity, RT, humans, 12129
physiology of sexual response, females, 2838
plasma cortisol & cephalic EMG & heart rate & anxiety & fingertip vasoconstriction/dilation & respiration rate & symptom severity during EMG biofeedback relaxation training, 18–56 yr olds, 1549

presleep physiological & cognitive activity & personality factors, insomnia, 20–53 yr old sleep onset insomniacs, 1364
prior inescapable shock, schedule-induced polydipsia, plasma corticosterone levels, female rats, 12139
production of maintenance of pure-breeding lines, blow flies with high vs low central excitatory state, 5022
progressive relaxation training, management of competitive level of arousal, athletes, implications for sport psychology counseling, 8402
resting vs strained attention vs fear vs alarm, receptive fields in primary visual cortex, cats, 12104
self regulated vs preset work tempo, performance & effort & physiological arousal in repetitive task, 20–50 yr old males, 5136
self regulation of palmar GSR through visualization & yoga exercise after termination of drug therapy, blood pressure, Ss with essential hypertension, 6255
sensation seeking & attitudinal similarity, attraction to strangers & misattribution of arousal, college students, 1048
situational autonomic reactivity & state of biochemical & physiological arousal, unmedicated acute schizophrenics with paranoid hallucinatory symptomatology with mean age of 34 yrs, 3534
stress of aversive stimulation & sensory isolation, physiological arousal effects of cigarette smoking, 18–28 yr old males, 2940
teletype vs intermittent vs jet vs helicopter cockpit noise & personality, arousal & performance on psychomotor task, 19–39 yr old males, 9184
Type A behavior measured by Adolescent Structured Interview, cardiovascular arousal & sleep disturbances, 13–18 yr olds, 7624

Physiological Correlates

acute objective occupational stress, subjective stress & physiological correlates, nursing students, 8727
arousal from different stages of sleep & individual differences, EEG correlates of dream reports, 2672
biological & psychological & social processes, group-related behavior, 5581
bromazepam, hypotension & hypertension as cardiovascular psychosomatic complications, 18–60 yr old anxious patients, 13269
cardiovascular correlates of process variables in brief dynamic psychotherapy, medical students, 8334
cold- & exercise-induced alternations in skin & core temperature, substrate mobilization & utilization, 22–27 yr old males, 7489
continuous text reading on TV screen vs book, speed & comprehension & adverse physiological effects, 18–40 yr olds, 6892
erythrocyte/plasma lithium ratio, manic depressives who did vs did not respond to lithium therapy, 8464
inhalation of carbon dioxide, cardiovascular & subjective responses, anxious neurotics, 8305
neuroendocrine correlates, suicidal behavior, males with mean age of 32 yrs, 1282
operator activity & work load, circadian rhythm of body temperature & pulse rate & cardiovascular system parameters, 19–45 yr olds, 12131
physiological & neuroendocrine correlates of anxiety, literature review, 5127
physiological & psycholinguistic & psychosocial factors in early childhood stuttering, 5908
physiological & psychological & social factors, alcohol problems, females, literature review, 3652
poverty, physiological defects, 1345
psychodiagnostic correlates of EEG variables, 16–65 yr old psychiatric patients, 8058
psychodynamics & cognitive & social & personality processes underlying physiological response & tranquilizers, accuracy of polygraphic detection of deception, 5143
psychological reasons & processes, physiological & biochemical processes & changes, 7469
psychophysiological & nonverbal correlates & RT, word associations, college students, 2857
psychophysiology of anxiety, literature review, 5128
return to normal from altered work rest cycle, sleep patterns & physiological functions & work capacity, 28–40 yr old males, 9159
serum concentrations of thioridazine & its major metabolites & neuroleptic-like radioreceptor activity of serum, 56–80 yr old chronic schizophrenics with vs without tardive dyskinesia, 13301
smooth pursuit eye tracking impairment, psychological & biochemical & psychophysiological correlates & psychiatric syndromes, 18–38 yr old college students, 254
stress of swimming test, defense mechanisms & anxiety & cortisol & testosterone & catecholamine responses, male US Navy recruits, 2862
time series measurement model of G. E. Box & G. M. Jenkins, repeated measures analysis of physiological & performance processes, 9383
visual & spinal & somatosensory evoked potentials, response latency & increased disability, multiple sclerosis patients, 2.5-yr followup, 6045

Physiological Psychology [See Neuropsychology]

Physiological Stress

chlordiazepoxide, plasma corticosterone response to novelty vs cold & restraint, male rats, 2935
chronic stress & chronic narcotic antagonists during development, sensitivity to analgesic effect of morphine, mice, 5170
cord vs cordless switchboard interface design & operating procedures, stress & system efficiency & mood ratings, 18–53 yr old public telephone switchboard operators, 9176
definition of parameters & measurement of workload, 9183
EEG & EKG during physical vs emotional vs mental stress, epileptics, 3794
effectiveness of GSR-2 unsupervised biofeedback in home environment, physiological & psychological stress, college students, 6257
footshock stress, blood pressure & heart rate & sympathetic-adrenal medullary responses, isolated vs paired male rats, 2891
health state before vs after heavy transport helicopter flight, pilots, implications for performance, 9089
psychological quiz vs physical exercise stressors, assessment of ischemic abnormalities, males with mean age of 54 yrs tested after uncomplicated myocardial infarction, 3860
psychological vs physiological stress, blood pressure & heart & respiration rate & facial temperature & temporal pulse, migrainous vs nonmigrainous 18–41 yr olds, 5953
psychosocial & physical stress & Type A vs Type B personality & parental coronary heart disease, cardiovascular response, 18–25 yr olds at risk for coronary heart disease, 13063
role conflict & ambiguity & overload, psychological & physical strain, Type A vs Type B middle managers with mean age of 38.2 yrs, 2205
sex & isolation, physiological stress, mice, 5151
stress induced by ip hypertonic saline, plasma corticosterone levels, rats with hypothalamus lesions, 7529
stress of aversive stimulation & sensory isolation, physiological arousal effects of cigarette smoking, 18–28 yr old males, 2940
tail pinch & naloxone, pain thresholds & consummatory behavior, male rats, 534
tailpinch with vs without nucleus accumbens damage, acoustic startle response amplitude & footshock threshold & airpuff-elicited startle response, male rats, 9944
task load & overload, psychophysiological strain, students, 328
translocation jet lag, exercise capacity & performance & fatigue & weakness & headache & sleepiness & irritability, 18–34 yr old US Army male soldiers, 12199

Physiology [See Also Related Terms]

biological tests of depressive disorders, literature review, 5737
goggles, physiology of vision research, birds, 4661
malarial infection, hematological & parasitological effects on physiology & behavioral capacity, field-caught lizards, 7397
pathophysiological mechanisms & neurochemical factors, enzymatic disorders, 1396
physiological & sociocultural hypotheses, rarity of alcoholism among Chinese, China & British Columbia, literature review, 5836
physiology of erythrocyte & lymphocyte membranes, manic depressives, 8047
psychological reductionist accounts of substance abuse & validity of physiological approach to substance abuse problems, 12919
software package for VORTEX II real-time operating system, continuous monitoring of physiological & behavioral measures, 9302
synchrony of physiology & behavior with ecology, mating behavior, red-sided garter snakes, 9791
theories of sleep physiology & neural structures in production of wakefulness & NREM & REM sleep, literature review, 500

Physiotherapy [See Physical Therapy]

Physique [See Also Body Height, Body Weight, Obesity, Underweight]

black vs gray coat, solar heat gain & advantages of conspicuousness during active periods, male vs female Phainopepla, 2840
body build & arousal, stepping reflex, newborn infants, 7627
self help model, social support group, average-size parents of dwarf children, 10987
social rank & mating success & body size & antler size, red deer stags, 9786

Physostigmine
lecithin & physostigmine, memory & learning, 64–77 yr olds, 7543
multiple dose physostigmine, memory improvement, 50–68 yr old Alzheimer's disease patients, 6276
physostigmine &/vs atropine &/vs picrotoxin, apomorphine-induced gnawing, male rats, 5266
physostigmine, ethanol-induced sleep latency, rats, 5240
physostigmine, recognition memory assessed by signal detectability, 50–68 yr old Alzheimer's disease patients, 12313
physostigmine, verbal memory & reasoning, 36 yr old male with posttraumatic amnesia, 13272
scopolamine vs physostigmine, motor & verbal tics, 6–43 yr old Gilles de la Tourette's syndrome patients, 13299
Piaget (Jean)
application of Piaget's cognitive development theory to hypnoanalytic age regression, 31 yr old male, 6324
compatibility of Piaget's theory of child development & instruction, literature review, 1986
comprehension of necessity & correctness in class inclusion, compatibility of Piaget's theory with that of recent critics, 830
criticism of Piagetian theory of cognitive prerequisites for language acquisition & presentation of linguistic prerequisites independent of cognitive development, 784
implementation of Piagetian structuralism & learning theory to early childhood education, literature review, 1889
interpretation of Piaget's theory of development of practical morality, 762
Piaget & holophrases, literature review, 5379
Piaget's contribution to controversy between idealist & realist epistemologies & mind/body dualism, 11558
Piaget's writings & 20th Century educational reforms in Cataluna, Spain, 8795
reconsideration of Piaget's theories of children's play & current research, literature review, 883
usefulness of Piaget's concept of equilibration & relationship to feedback & computational ideas, 764
Piagetian Tasks
comprehension of question & personal characteristics & development & attention to purpose of task, performance on Piagetian conservation task, children, 776
evaluation of Piagetian assessment, implications for ethnic bias & school psychologists, 4478
general attentional & specific-relevant cue training, Piagetian tasks of number development, kindergartners, 3121
initial location of object having vs not having background, Stage 4 error not monitoring change of location for objects, 8–10 mo olds, 770
maturational hypothesis & preoperational-concrete operational stage transition & IQ, Piagetian task performance, average & bright 6 & 8 yr olds, 3135
nonverbal Piagetian tasks, elimination of confounding effects of linguistic & attention deficits in assessment of cognitive development, autistic vs normal vs trainable mentally retarded 4–9 yr olds, 2407
Piagetian framework, analysis of thought processes, psychotic 12 yr old & schizophrenic 8.1 yr old, 12891
Piagetian-based conflict instruction, conservation of volume of noncompressible matter & gas volume, 8th graders, 6681
reduced task complexity & verbal rule provision, performance of allocentric placement task, 5–6 yr olds, 10190
sample size & proportionality & order of task presentation, understanding of law of large numbers, college students, comparison of Piagetian & judgment theory, 12427
traditional Piagetian conservation tests with vs without accidental transformation, performance, 5 yr olds, partial replication of experiments by J. McGarrigle & M. Donaldson & P. H. Light et al, 783
training & scores in class inclusion & role taking, 5–7 yr olds, 10097
transformations presented in standard vs natural conditions differing in amount of adult mediation, generalizability of conservation, kindergartners & 1st graders, 799
type of hiding places in object permanence tasks, success in retrieval of objects, 6–10 mo olds, 50
use of control-of-variables strategies, 6th vs 8th graders, 3093
Piano [See Musical Instruments]
Pica
prevalence & frequency & seasonality & medical complications of food & non-food pica, institutionalized mentally retarded 11–88 yr olds, 1307
Picrotoxin
benzodiazepine Ro 5-3663 & bicuculline & picrotoxin, EEG & convulsions, rabbits, 12324
muscimol & haloperidol withdrawal & picrotoxin, apomorphine-induced climbing & striatal homovanillic & dopamine levels, male mice, 12297
physostigmine &/vs atropine &/vs picrotoxin, apomorphine-induced gnawing, male rats, 5266
picrotoxin, effect of diazepam on conditioned defensive burying, male rats, 10045
sodium n-dipropylacetate vs gamma-vinyl-GABA vs bicuculline vs picrotoxin vs muscimol vs baclofen, fighting & motor impairment, male rats. 12323
stress, muscimol & diazepam & GABAergic reduction of gastric mucosal erosions & reversal by picrotoxin & thiosemicarbazide, rats, 5219
Pictorial Stimuli
age & presentation of pictures in category groups vs randomly, constrained vs free recall, 5 vs 8 yr olds vs adults, 10172
age & sex & realistic vs stylistic picture style & content & information about picture, picture apperception, 5–9 yr olds, 3092
age & sex differences, art style preferences with vs without accompanying text, 1st vs 2nd vs 3rd graders, 817
age, development of part-whole picture perception & role of educational conditions, 4–8 yr olds, 10170
age differences, ability to use taxonomic class & complementary relationships in picture recognition, 2–5 yr olds, 826
alcohol consumption & cognitive & environmental variables, attribution of heightened sexual arousal, 18–30 yr olds, 652
automatic semantic processing of pictures in picture-word analog of Stroop task, word judgments, college students, 2612
classification of high vs low frequency pictures vs words, gifted vs artistic 11–13 yr olds, 5359
coding of visual & verbal information in comic strips & films partially vs completely without balloon text or sound, adults, 7242
color & position of matched pictures & words & encoding instructions, recognition & recall, college students, 9611
communicative intent & content redundancy & consistency across simultaneous picture & audio & print media, cognition & learning, 4th–6th graders, 13622
concept formation, discrimination between slides of conspecifics, cock bantams, 7306
conditioned association between pictures of persons & vocalized responses, mynah, 9777
congruence between content of sentences & associated object &/vs subject in pictures, learning from sentences, 3–4.6 yr olds, 12439
congruent vs incongruent verbal information, visual recognition & integration of verbal & visual information in memory, 6 vs 8 vs 10 yr olds vs college students, 3100
contrastive vs redundant messages accompanying drawings, accuracy of listeners' comprehension, 1st vs 3rd graders vs college students, 3163
correspondence between picture/illustration & accompanying TV news messages, retention of verbal content of news program, 15–65 yr olds, 12355
dynamic film segments vs still pictures, recognition memory, college students, 11900
emotional & nonemotional pictorial stimuli, skin conductance responses, right vs left unilateral brain damaged patients, replication of findings of L. Marrow et al, 6050
encoding of performer vs recipient of action in pictures, college students, 9617
exposure to ball vs picture of ball vs blank card, reaching behavior, 8–16 day olds, 10185
film vs pictorial illustration of procedure, procedure learning, 4–8 yr olds, 802
imagery eliciting strategies, memory for prose or expository text, literature review, 11895
left vs right hemisphere damage, deficiencies in interpretations of drawings of social situations, brain damaged patients, 6044
left vs right visual field presentation of cartoon faces to be memorized, recognition RTs to faces differing from target in 1 or more features, 19–25 yr old males, 5051
number of questions answered per pictorial stimulus, pictorial aid to comprehension, middle vs lower socioeconomic status 3.6–5.2 yr olds, 3113
object discrimination training, generalization of discrimination learning to photographs & pictures of objects, golden haired monkeys, 9737

organization & complexity of drawings of transparent vs solid objects, perception of 3-dimensionality, college students, 7190
paired associate learning with word vs picture stimuli & performance on verbal intelligence vs spatial abilities measures, evidence of dominant hemisphere dysfunction, 6.6–11.7 yr old schizophrenics vs 7.8–11.8 yr old nonschizophrenics, 1133
paired associate word vs picture lists, cued recall, kindergartners vs 2nd vs 6th graders vs college students, comparison of stages-of-learning vs traditional interaction analyses of memory development, 3080
partial vs whole report superiority in iconic memory, 7271
partially displayed line drawing figure, perceptual integration of accumulated visual data, 3–5 yr olds, 10179
phonetic & orthogenic similarity, picture naming, college students, 9655
photographs of occupational activities, elicitation of vocationally relevant responses, reading disabled 14–20 yr old special education high school students, 13692
pictorial displays of information, implications for instruction, review of research trends, 260
pictorial stimuli with affective themes, response measured by pupillary response vs semantic differential scale, college students, 79
pictorial vs verbal presentation mode & imagery ability & abstract &/vs concrete words, immediate vs delayed recall of paired associates, college students, 11904
picture recognition, male rhesus monkey vs female college student, 353
picture vs word stimuli, semantic encoding in memory, 2639
picture-cueing teaching method, reading performance, trainable mentally retarded 12–14 yr olds, 11380
pictures vs printed vs spoken words followed by visual vs acoustic vs simultaneous vs no interference, recall, 3rd graders, 12414
preferences for noncontingent vs contingent VI vs continuous reinforcement schedules of visual stimulation, 11–12 mo olds, 10164
prior knowledge of subject & maplike organizer before vs after reading passage, recall & comprehension of prose passage, college students, 9630
prior picture naming, subsequent recognition of identical vs name-match vs new objects, student volunteers, 7275
proximal & distal size & distance, RTs for comparative judgments of distal sizes of squares in pictorial array, college students, 11816
recall of pictures & words, mentally retarded 1st graders, 8143
same-different judgments about size vs shape of geometric figures, RT, learning disabled 10.2–13.2 yr old males, 10665
syntactically passive vs active sentence, sequential order preferences of subjects & objects in pictorial representations, college applicants, 3002
text & illustrations in reading technical material, 10071
verbal & pictorial multitrial free recall learning task, sequential consistency & subjective clustering, 6–10 yr olds, 12448
visual field/hemisphere advantage in naming words vs corresponding line drawing, right handed adults, 469
visual recognition & recall, male vs female 13–17 yr olds, 12434

Pigeons

amphetamine dosage, local response rate in VI schedule, pigeons, 697
angiotensin II analogs, drinking induced by eledoisin vs bombesin vs angiotensin II, pigeons, 7541
auditory vs visual discrimination stimulus, blocking & shock avoidance learning & food reinforced responding, adult male pigeons, 11987
autoshaping vs short term memory probe procedures, metaknowledge, pigeons, 11999
availability of sinusoidal &/vs concurrent constant-rate reinforcement keys, response consistency & frequency, male pigeons, 2691
bias for food vs light samples in discrimination learning & memory tasks, pigeons, 12001
bilateral ablation of visual Wulst, interocular transfer of visual discrimination learning, pigeons, 7517
body weight, avoidance conditioning, male pigeons, 2693
color & shape matching-to-sample tasks, reinforcer-induced learned equivalence between stimuli that independently predict reinforcer, male pigeons, 4972
concurrent sequential watching, pigeons, 9747
correlation vs contingency of responding & reinforcement, preferences, male pigeons, 2703
delay & probability of reinforcement in stimulus-reinforcer contingency in multiple schedules, keypecking response, pigeons, 11955
delayed-matching-to-sample procedure, assessment of memory for recent pecking behavior, male pigeons, 2692
discrete trial procedures requiring vs not requiring responses, development of morphine tolerance, pigeons, 10029
discrimination training, nonspecific transfer & extradimensional stimulus generalization, pigeons, 9757
distance of tachistoscopically presented stimuli to area dorsalis in red field vs fovea centralis, visual acuity as measured by behavioral fixation, pigeons, 2674
elimination of conditioning to CS 1, established aversive 2nd-order conditioning, female pigeons, 9733
feedback for correct selections, serial learning & probability of forward errors, pigeons, replication of task of W. K. Richardson & W. J. Warzak, 9754
food deprivation & 2nd-order schedules of reinforcement, attack behavior, pigeons, 9723
forward vs backward procedures, acquisition of response chains, pigeons, 9749
hyperstriatal lesions, proactive interference in discrimination learning & retention, pigeons, 7522
incongruent sample type & serial position & presentation mode, matching accuracy, pigeons, 9726
increase in reinforcement magnitude, discrimination accuracy, male pigeons, 11988
information value, conditioned reinforcing value of stimuli, pigeons, test of hypothesis of M. D. Egger & N. E. Miller, 9730
intertrial interval & delay, accuracy of delayed matching to sample, pigeons, 9756
lesions of tectofugal visual pathway, luminance difference thresholds, pigeons, 572
long term monocular deprivation & short term binocular stimulation, choline acetyltransferase & glutamic acid decarboxylase activity in visual Wulst, pigeons, 9925
manipulation of stimulus training context, generalization & retrieval of memory, pigeons, 9774
matching vs oddity discrimination problems, acquisition & transfer of training measured by relative sample control, male pigeons, 9486
morphine vs pentobarbital pretreatment, tolerance to discriminative stimulus properties of morphine, male pigeons, 10052
multistimulus discrimination learning, pigeons, 2682
negative contingency, stimulus generalizations in discrimination learning, pigeons, 12000
olfactory & magnetic hypotheses, homing instinct, pigeons, 374
omission of comparison stimuli & reinforcement, symbolic & identity matching to sample & instructional processes in short-term memory, pigeons, 11998
Pavlovian conditioned inhibition, female pigeons, 4978
phenazocine vs ketazocine vs ethylketazocine & naloxone, schedule-controlled behavior, male pigeons, 12300
phencyclidine &/vs pentobarbital, operant responding in repeated-acquisition task, male pigeons, 10044
phencyclidine vs etoxadrol vs dexoxadrol, response suppression, pigeons, 12301
presence of axons in association amacrine cells of retina, asymmetrical lateral inhibition & null-preferred axis, pigeons, 5083
presentation of response-contingent signal prior to reinforcer delivery, blocking & conditioned reinforcement effects, pigeons, 9783
pretraining with response links, acquisition of chain of learned discriminations, pigeons, 9750
proactive interference, retention of attentional sets, pigeons, 9773
reinforcement of pause length following reward vs nonreward, conditioning, pigeons, 2704
retention interval between items vs list presentation & test phase, stimulus control as measure of short term memory in discrete trial discrimination, pigeons, 2690
scopolamine, visual difference thresholds, pigeons, 9997
screen-projected conspecific target vs live conspecific, irritable aggression & agonistic behavior, adult homing pigeons, 5001
sequence of presentation of discriminanda, generalization & transfer of stimulus control, pigeons, 11962
serial discrimination reversal shift learning, compared stimulus control, pigeons, 4981
shift from multiple VI VI baseline to multiple signaled VI VI vs mutiple extinction VI schedules, behavioral contrast & autochecking, pigeons, 349
similarities in eating & drinking behavior, pigeons, 9816
size of travel requirement for changeover in concurrent VI VI schedules, operant matching, male pigeons, implications for foraging optimization strategies, 2684
species differences, learning under response-independent VI vs variable time schedule, crows vs pigeons, 9752

stimulation of otolith organs, asymmetric reactions from semicircular canals, intact pigeons vs pigeons with bilaterally cut saccular nerves, 7513
stimulus & schedule control, retention after 12 yrs, pigeon, 9720
stimulus frequency & reinforcement schedules, stimulus control & generalization, pigeons, 11991
stimulus parameters, autoshaped discrimination learning, pigeons, 7296
successive discrimination training in memory reactivation treatment, postdiscrimination generalization performance, pigeons, 11990
time of intrusion of visual vs auditory stimulus during interreinforcement interval in VI schedule, response rate, pigeons, 7312
time out following FI food delivery, attack, male pigeons, 7303
visual & auditory stimuli correlated vs not correlated with retention intervals, short term memory, pigeons, 12005
visual & tactile & auditory stimulation, single-unit activity in nucleus intercollicularis, pigeons, 5029
Pigments [See Also Hemoglobin]
light wavelength & potassium current outflow, photoreceptor prolonged hyperpolarizing afterpotential accompanying photoconversion of rhodopsin, bay scallops, 344
visual pigment distribution in retina, 4-eyed fish, 439
Pigs
age & sex differences, excitability measured by habituation test, swine, 11948
controlled daily light exposure, regulation of hormone-mediated physiological & behavioral responses, sheep & pigs & cattle & chickens, literature review, 547
pen spacing & orientation indications of dominance ranks, swine, 2727
Pilocarpine
methamphetamine vs chlorpromazine vs pilocarpine vs scopolamine, avoidance responses, male Wistar vs Fischer 344 rats, 12296
Pilots (Aircraft) [See Aircraft Pilots]
Pimozide
amphetamine vs apomorphine vs novel 2-aminoindanes & pimozide vs propranolol vs phentolamine vs alpha-methylparatyrosine, food intake & motor activity, male rats, 12241
dosage levels of haloperidol vs metaclopramide vs pimozide vs butaclamol, ACTH-induced grooming & locomotor activity, male mice, implications for dopamine neurotransmission in grooming, 2941
pemoline & haloperidol vs pimozide vs diazepam & pretreatment with parachlorophenylalanine vs parachloroamphetamine, stereotyped & self injurious behavior, male rats, 659
pimozide vs dextroamphetamine vs levamfetamine, ipsi- & contraversive circling induced by substantia nigra stimulation, male rats, 12347
pimozide vs haloperidol vs placebo, behavioral & autistic & mental disorders, 3–16 yr olds, 10941
Pinealectomy
beta-endorphin doses & naloxone & pinealectomy, body temperature & activity levels, goldfish, 7554
Piracetam
effectiveness of pyriditol vs aminalone vs piracetam vs pantogam, mentally retarded vs borderline mentally retarded vs feebleminded 7–12 yr olds, 4056
Pitch (Frequency) [See Also Speech Pitch, Ultrasound]
acoustic stimuli varying in rise-decay time & intensity & frequency, RT, normal hearing 22–30 yr olds, 4890
acoustically evoked call suppression behavior, male treefrogs, 7389
auditory masking thresholds, adults with high frequency hearing loss, implications for speech perception difficulties, 1426
BASIC-callable assembly language subroutine for 6502 processor to count oscillating visual & auditory signal frequencies, 9255
clarification of model for internal representation of pitch sequences in tonal music using hierarchies of operators, 11866
dishabituating tone, skin conductance habituation, 17–58 yr old schizophrenics & depressed & anxious neurotics, 8012
dysfluency & fundamental frequency & vocal sound pressure level in monotone reading, 14–41 yr old stutterers vs 15–39 yr old nonstutterers, 5900
evaluation of monosyllables & comparison to pure tones, college students, 717
frequency & repetition rate & falling vs rising sweep of chirps, Wave V latency in brain stem electric responses, humans, 7420
frequency modulated courtship song as species isolation mechanism, cockroaches, 372
frequency separation between alternated monaural pure tones with 1 synchronized with contralateral noise, induction effect & auditory streaming, college students, 2595
gap discrimination & auditory stream segregation, females, 9578
interaural cross correlation mechanism in frequency bands, model of binaural signal processing, 2593
internal representation of information in hierarchical form, criticism of D. Deutsch's article, 11876
masking noise & delayed auditory feedback & rhythmic pacing & whispering, formant frequencies & transitions of vowels during fluent reading, 17–35 yr old stutterers, 8159
melodic relational context, pitch recognition & delayed pitch comparisons, college students, 9572
musical interval & beat frequency, threshold for discrimination of pure & mistuned intervals, musically trained college students, 11860
neural processing of temporal frequency & amplitude changes, binaural hearing & need for complex stimuli in neurophysiological research, literature review, 2594
noise, diminished frequency selectivity & poor speech perception, Ss with sensorineural hearing loss, 3818
probe-tone frequencies & levels & duration, shape of psychophysical tuning curves, 25–35 yr olds, 7216
repetition of tones in children's vs popular vs classic songs, 7599
sentences spoken in isolation vs in essay vs in free conversation, fundamental voice frequency, adult speakers, 4892
streaming between successive complex tones, fusion under dichotic vs diotic conditions, college students, 11857
tone frequency, auditory cortex evoked magnetic fields, human Ss, 479
tone frequency, ear preference in dichotic listening task using pure tones, 17–28 yr olds, 11841
tone-burst frequency & action potential amplitude vs masker-level functions with vs without high-pass noise, frequency response of different regions of basilar membrane, cats, 7411
Pitch Discrimination
changes in frequency of pure tones, discrimination thresholds, 5–8 mo olds vs college students, 807
chronometric analysis, musical-phrase comparison tasks, music students, 11840
discrimination of pitch direction with verbal vs gestural vs performance based response modes, male vs female 4 vs 5 yr olds, 10204
gap discrimination & auditory stream segregation, females, 9578
melodic relational context, pitch recognition & delayed pitch comparisons, college students, 9572
melodic sequence stimulation, auditory stream segregation, 7–15 wk olds & 16–30 yr olds, 3095
structured auditory tunes, generalization of operant discrimination, monkeys & rats, 11964
tonality, recognition of sequences in melody, 11839
variation of vowel identity & pitch contour dimensions of stimuli, discrimination, 5–16 wk olds, 12429
Pitch Perception [See Also Pitch Discrimination]
acquisition of internalized hierarchy of tonal stabilities in music, 1st–6th graders & college students, 10157
dichotic speech vs complex pitch stimuli, asymmetries of ear advantages, right-handed college students, 9879
streaming between successive complex tones, fusion under dichotic vs diotic conditions, college students, 11857
successive presentation of tones & range of frequency values & musical context, octave equivalence perception, college students, 9576
Pituitary Disorders [See Also Hypopituitarism]
plasma ACTH & cortisol concentrations before vs after dexamethasone, psychiatric patients, implications for hypothalamic-pituitary-adrenal abnormalities in depression, 5743
Pituitary Dwarfism [See Hypopituitarism]
Pituitary Gland [See Also Hypothalamo Hypophyseal System]
age, posterior pituitary & intra- and extrahypothalamic vasopressin content & memory decrement, rats heterozygous vs homozygous for diabetes insipidus vs normal rats, 452
conflict & dominance, prolactin & ACTH & luteinizing & growth & follicle- & thyroid-stimulating hormones in pituitary gland, male tree shrews, 5164
dexamethasone pretreatment & intraventricular vs ip serotonin & immobilization stress, plasma corticosteroid response, neonatal rats, test of role of serotonergic mechanisms in pituitary-adrenocortical stress response, 7499
ginseng & eleutherococcus, hypothalamic-pituitary control of stress, mice & rats, 10008

intensity of skin electrical stimulation & cortisol dose, blood concentration of corticosteroids & pituitary-adrenocortical system response, rabbits, 5150
neuroanatomy & neurochemistry & neurophysiology of opiomelanotropinergic neurons in pituitary & brain, literature review, 5095
pituitary-thyroid activity & personality, normal college students, 5141
retrochiasmatic frontolateral lesions, lordosis & estrogen & progestin receptor binding in hypothalamus & preoptic area & pituitary, female rats primed with estrogen & progesterone, 12227
sensitivity of hypophyseal-adrenocortical system to stress factors, Krushinsky/Molodkina vs Wistar rats, 431
synthetic corticotropin-releasing factor & prior dexamethasone, pituitary secretion of melanocyte-stimulating hormone & plasma ACTH levels, rats, 673
Pituitary Gland Surgery [See Hypophysectomy]
Pituitary Hormones [See Also Corticotropin, Oxytocin, Somatotropin, Thyrotropin, Vasopressin]
alpha-melanocyte-stimulating hormone vs melanocyte-stimulating hormone/ACTH, learning & attention & memory & sensitivity & CNS arousal & novelty-induced defecation, humans & animals, literature review, 7540
beta-TYR-9melanotropin-9–18, extinction of active avoidance reflex & open field activity, haloperidol- & amphetamine-treated male rats, 2982
hypophysectomy vs adrenalectomy vs total sympathetic system blockade vs thoracic spinalization, classically conditioned & foot-shock-induced analgesia, male rats, 5193
psychotherapy & body weight before & during & after restoration to normal, plasma testosterone & luteinizing & follicle stimulating hormones & pituitary response, male anorexics, 8181
synthetic corticotropin-releasing factor & prior dexamethasone, pituitary secretion of melanocyte-stimulating hormone & plasma ACTH levels, rats, 673
PKU (Hereditary Disorder) [See Phenylketonuria]
Placebo
glucose vs water vs saline placebos, performance on visual perceptual & vigilance & psychomotor tasks, female college students, 250
mianserin vs chlordiazepoxide vs placebo, primary anxiety, 16–50 yr old general practice patients, 13257
pain & placebo & expectancy effects & coping styles & noncompliance in cognitive assessment, behavioral medicine, literature review, 10790
placebo effect in doctor-patient relationship, 6051
placebos with vs without nociceptive stimulation, morphine analgesia, tolerant vs drug-naive rats, test of associative model of morphine tolerance, 10037
Placement (Educational) [See Educational Placement]
Planarians
negative phototaxis vs classical conditioning as possible explanations of research results, planaria, 9708
Planning (Management) [See Management Planning]
Plasma (Blood) [See Blood Plasma]
Platelets (Blood) [See Blood Platelets]
Play [See Recreation]
Play (Animal) [See Animal Play]
Play Behavior (Childhood) [See Childhood Play Behavior]
Play Development (Childhood) [See Childhood Play Development]
Play Therapy
cognitive theory of development & role games, speech, 10 yr old epileptic male, 10846
filial therapy training, home-based client centered play techniques, parents of emotionally disturbed children, 1490
games & "play hospital", children in pediatric hospital, 13415
group play therapy, hospitalized psychiatric patients, 13391
importance of play, children, implications for play therapy, 12488
interdisciplinary play cotherapy, children, 12862
parent-child play home intervention programs, imaginative play, developmentally delayed 3–5 yr olds, 3998
play as preventive & therapeutic tool, children with medical or psychiatric disorders or physical handicaps, 12787
play techniques for promotion of social development, handicapped children, literature review, 3948
play therapy, eating disorder, 4.5 yr old female, 10850
verbal non-directive group psychotherapy based on play therapy, ego-disturbed 8–12 yr olds, 8355
Playgrounds
density & play equipment & organization of space in day care facilities, adult/child behavior, 11158
design of play environments, 3 yr old & younger, 3054
Pleasure
anticipation of neutral vs interesting events, slow cortical & heart rate responses, anhedonic vs normal male college students, 9919
barriers to leisure enjoyment & family stage, community residents & recreational professionals, 5514
causal relationship between depression & pleasant or unpleasant events, college students, lack of evidence for P. M. Lewinsohn's model of depression, 3496
development of rating scale for assessment of "primitive" & "advanced" elements in pleasures & aversions, college students, 9377
physical anhedonia, auditory evoked potential responses to signalled vs unsignalled stimuli & predisposition to schizophrenia, college students, 3627
pleasure & reason as adaptations to nature's requirements, 321
quality of life & sources of enjoyment, importance of leisure, human females, comments on R. Deem's article on inequalities of women, 7853
reliability & validity of Pleasure Scale, measurement of anhedonia, depressed vs manic vs schizophrenic vs psychotic patients, 9397
reported experiences of strain & pleasure, adults, Great Britain, 12774
task difficulty & successful solution, pleasure, Down's syndrome infants with mean age of 11.1 mo, 12981
vision of pathology based on close relationship of pain & pleasure, 13107
Plethysmography
device for measuring changes in penile length & circumference, 9270
rest vs verbal instruction vs electric shock conditions, emotions & spectral analysis of finger photoelectric plethysmogram, male students, 5145
Pneumoencephalography
pneumoencephalography & echoencephalography & computerized tomography findings in schizophrenia, 16 to over 60 yr olds, 12833
Poetry
discussion with A. Lerner on poetry as tool in therapy & counseling, 10792
poetry of C. G. Rossetti & G. M. Hopkins in psychoanalysis, patient of D. W. Winnicott, 6140
theme of confinement & dream imagery in "Poem of the Soul" by Janmot, 722
themes of memory & time in works of poet G. Leopardi & current research on perception & memory, 5299
Point Biserial Correlation
significance tables of critical values, biserial & point biserial correlation coefficients, 7155
table for conversion of point biserial to biserial, 7154
Poisoning [See Toxic Disorders]
Poisons
role of behavioral toxicology in environmental management, Australia, 13827
tetrodotoxin, formation of ocular dominance columns, goldfish, 12312
Poland
epidemiology of peptic ulcer & bronchial asthma & neurodermatitis & rheumatoid arthritis, schizophrenic 20–70 yr olds, Canada vs US vs Poland, 12873
job attributes, job preferences, Poland, 6840
nature of mental illness, college students, Poland, 10589
occupation & education, realization of basic needs, Poland, 5657
parental education & socio-occupational background, intellectual ability, 11 yr olds, Poland, 5355
ratings of deviant social behavior, Warsaw citizens, Poland, 10627
research & theories on quality of life, Poland vs US, 10273
value orientation, college students, US vs Poland, 12557
Police Personnel
age & sex, drivers suspected by police of drinking vs actually failing breath tests, 11433
altruism, satisfaction with work & supervision & coworkers & pay & promotions, police department employees, 9155
belief in internal vs external locus of control, perceived job stress, police officers with mean age of 35.3 yrs, 6868
characteristics of confiscated handguns, rate of police officer murders in cities, US, 3680
education & internal locus of control & job satisfaction & cynicism, 20–49 yr old police officers, 4590
feelings while working with patients, 22–75 yr old hospital security personnel, 1769
incidence of police as victims & users of deadly force, implications for police training & personnel procedures & policy implementation, 3670

job promotion practices & shift changes & perceived public expectations, satisfaction with husband's career & family relations & job longevity, Black vs White wives of police officers, 4592
leadership style, police managers, 4573
levels & sources of stress, municipal vs state police officers, 4589
mechanistic vs organic model for mapping organizational change, police organizations, 9158
need for affective interpersonal skill training program & role appropriate law enforcement education, task of notifying next-of-kin of death, police officers, 4547
occupational stress, blood & urine vitamin C levels & urinary pyrroles, police cadets, 2850
organizational structure of police department, official crime rates, 6872
patrol staffing with 1- vs 2-officer units, injuries & hostile interactions, police & citizens, 10345
perception of police attitudes toward prisoners, lawyers & judges & prison officers & prisoners & ex-prisoners & citizens, 4237
perceptions of demanding vs reasoning male vs female police officer, male vs female college students, 3428
physical fitness & strength & standards & training program & maintenance exercise, female police officers, 4545
police intervention in child abuse/neglect & need for coordination of all intervention activities, France, 13356
police investigator perceptions of victim credibility & consent & characteristics & offense seriousness, processing of rape/sexual assault cases, patrol officers, 3342
police officers wearing weapons & mirror sunglasses, aggressiveness, citizens halted for routine check vs traffic violation, 11424
police perception of juveniles & perceived potential for lenient treatment, police officers & arrested male juveniles, 1814
police school programs, perceptions of police, adolescents, Canada, 4366
program development & implementation for communication between community mental health agencies & police, cases involving abnormal Ss, 4555
rate of shooting incidents & percentage involving Black victims, police, 5523
reliability & validity, oral interview board for promotion evaluations, state police troopers, 11461
role of police administration, role ambiguity, police officers, 4556
type of input device for computer controlled text processing system, eye movements & EKG & muscle activity, police officers operating command control center, 4597
unusual stress, psychosocial development, 27–55 yr old police officers, 12477
use of log-linear techniques to test transactional systems model of person-to-person communication, police complainant interaction, 4814
victim & assailant characteristics, robbery-related assaults on police officers, 3685
Policy Making (Foreign) [See Foreign Policy Making]
Policy Making (Government) [See Government Policy Making]
Political Assassination
dream precognition of A. Sadat assassination & R. Reagan assassination attempt & Achille Lauro accident, 52 yr old female, 4618
Political Attitudes [See Also Nationalism, Political Conservatism, Political Liberalism, Political Radicalism]
age & sex, political thinking, 4th & 5th graders, 5337
ethical motivation of consciousness & behavior, Communists, 10351
factors influencing change in political party identification, voters, 7834
formal political affiliation, attribution of causes of poverty, right- vs left-wing college students, 10435
issues in measurement of political tolerance, 9404
knowledge of previous polling results, strength of & change in attitudes toward presidential candidates, college students, 956
left/right perceptions vs partisan preferences, voting behavior, voters, France, 7839
lower age boundaries of ego identity development in vocational & religious & political & sex role areas, 6th vs 8th vs 10th vs 12th graders, 5402
negative attitudes toward each other, electors & elected political representatives, Netherlands, 7846
news media use, political knowledge during election campaign, high school students, 7711
perception of parent vs peer vs teacher presidential candidate preference, mock election voting behavior, 3rd–5th graders, 3180
political & social attitude & value similarity & interpersonal influences, college students & their parents, 12746
political consciousness & conceptualization & measurement of ethnicity, Chicanos, implications for political mobilization, 12542
political structural changes related to "green" party, cognitive structure, voters, West Germany, 12590
scale of farming & education & white- vs blue-collar off-farm employment, political ideology, part- vs full-time farmers, 7825
sociopolitical attitudes, male vs female high school students, Sweden, 10224
sociopolitical ideology, male vs female high school students, 3197
validity, M. Rokeach's 2-dimensional model of political ideology, college students & adults, Australia, 10446
Political Campaigns
camera techniques & verbal vs visual content, biases in TV coverage of political campaign, West Germany, 5285
Political Candidates
candidate preference in 1980 presidential election, false consensus effect on estimates of candidate preferences of others, 12587
personal values, 1980 presidential candidate preference, college students, 964
Political Conservatism
political conservatism & involvement & innovativeness, adolescents, Japan, 10233
social countermovements & conservative movements, US, literature review, 7755
Political Divisions (Geographic) [See Geography]
Political Economic Systems [See Also Capitalism, Communism, Fascism]
political economy of welfare state & emergence of alcoholism as public problem & rise of alcoholism profession & role of alcoholics as interest group, 8701
psychology of colonial ideology in British India & comparison to state of childhood & sexual dominance, literature review, 3266
Political Elections
ego involvement regarding political knowledge, prediction of outcome before vs after 1980 presidential election in public vs private conditions, 18–22 yr olds, 3424
news media use, political knowledge during election campaign, high school students, 7711
upcoming US presidential election, mortality rate for suicides vs accidents vs homicides, 12900
Political Issues
religious self definition & behavior & belief in supernatural & political conflict, 17–65 yr old males, Northern Ireland, 1973, 7774
Political Liberalism
scholarly status, political liberalism, faculty of honorific academies vs other professors, 1914
Political Parties
delegate vs independent role orientation, agreement of voting record with consistent attitudes, 1976 Democratic convention delegates, 7844
dynamics of party voting, US Congressmen, 1955–78, 7827
factors influencing change in political party identification, voters, 7834
left/right perceptions vs partisan preferences, voting behavior, voters, France, 7839
political structural changes related to "green" party, cognitive structure, voters, West Germany, 12590
Political Processes [See Also Political Campaigns, Political Elections, Voting Behavior]
emphasis on political vs technical criteria in group decision making, selection of candidates for land use planning commissioners, college students, 10418
innovation diffusion model of political mobilization, 7837
kinship & family variables & economic & political conditions, cross cultural study of sexual stratification in society, test of R. Collins's theory, 7854
Political Radicalism
testimony of political repression as therapeutic technique, former prisoners & relatives of prisoners of military government, Chile, 13150
Political Revolution
treatment & role of elderly under Communist regime & since 1949 Revolution, People's Republic of China, 5475
Politicians
Black electoral power, role-call voting, White legislators of Mississippi House of Representatives, 7824
criticism of political communication, 3333
frequency & duration & distribution of pauses in causal vs political interviews vs political speeches, politicians, France, 5289

perseverance of beliefs about R. Nixon during Watergate hearings, voters who supported Nixon vs G. McGovern, 12673
public opinion polls & presidential policy making, 10354
rationalizations for self serving behavior & effect on conscience, elected public officials, 972
sex differences, political ambition, municipal legislators, 11441
views of health care & cancer policy & national & community health care priorities, interview with former US senator B. Bayh, 5530
Politics [See Also Political Attitudes, Political Campaigns, Political Candidates, Political Elections, Political Issues, Political Parties, Political Processes, Voting Behavior]
economic & social & political conditions, decline of community-based residential programs, 1711
history & psychological impact & sociopolitical factors, atomic bombing of Hiroshima, 1st-hand account as experienced by 13 yr old, 3263
organizational responses to political budget control & patronage placement, machine vs reform county health departments, 9173
political & social forces & individual freedom, psychotherapy & psychotherapeutic process, 1476
political culture & personality & aggressive behavior, China, comment on article by M. Bond & W. Sung-hsing, 10303
political manipulation, leisure time, USSR, 7840
potential contributions of psychology in areas of national prevention & evaluation & values & politics, 11524
rational choice vs self actualization theories of politics, humanistic psychology, 5534
science of economics vs science of political economy, analysis of economically motivated behavior, 3327
social interaction within oganizations & political exposure, alienation in immediate relationships & from political processes, voters, 5582
Pollution
cross cultural differences, reaction to litter on private vs public territory, town residents, Greece vs US, 4604
perception of pollution's direct effects vs environmental concern & knowledge & feelings of control over pollution, voluntary auto emissions inspection & attitude change, drivers, 6906
problems of communication with future generations about dangers of nuclear waste, 2991
residential adaptation to air pollution, identification of smog using signal detection procedures, long-term vs recent migrant residents, 6899
Polydipsia
amount of signaled & unsignaled extra food reinforcement at end of fixed-time intervals, schedule-induced drinking & interaction with eating, rats, 2700
bilateral vs unilateral neocortical ablation, acquisition of schedule-induced polydipsia, female rats, 2909
food deprivation during polydipsia conditioning vs in home cage vs ad libitum feeding, preference for ethanol vs water, rats, 9935
opiate antagonists & morphine, chlordiazepoxide induced hyperdipsia, water deprived male rats, 12259
prior inescapable shock, schedule-induced polydipsia, plasma corticosterone levels, female rats, 12139
tetracycline, schedule-induced polydipsia, female rats, 10041
Polygamy
paternity confidence & wife sharing, polygynous & polyandrous societies, 10293
Polygraphs
empirical value of using physiological recordings from Control Questions Technique for detection of deception in real-life interrogations, 6941
psychodynamics & cognitive & social & personality processes underlying physiological response & tranquilizers, accuracy of polygraphic detection of deception, 5143
Pons [See Also Raphe Nuclei]
antidromic vibrissae stimulation, differential activity of cerebellar- vs thalamic-projections from interpolaris neurons, female rats, 2826
auditory evoked potentials from thalamus & pons & midbrain aqueduct & lateral ventricle, patients, 2778
dental pulp stimulation, postsynaptic responses of trigeminal sensory complex in brain stem, cats, 7509
dorsolateral pons lesions, acquisition & retention of ipsilateral vs contralateral nictitating membrane CR vs UCR, rabbits, 567
efferent projection lesions of rostral vs caudal trigeminal nuclear complex, orofacial pain, male rats, 5205
electrical stimulation of pontine parabrachial nucleus & ventral tegmental area & amygdaloid apomorphine &/vs spiroperidol, neuronal activity in central nucleus of amygdala & consumption of sodium chloride solution, male rats, 12167
evidence for insular cortex-nucleus parabrachialis gustatory & visceral afferents, male mice, 5108
gunshot wound in pons, peripheral hearing function & central auditory processing ability, 17 yr old male, 2-yr followup, 3830
projections to striatum & pontine nuclei from superior temporal visual area, macaques, 2775
Popularity [See Social Approval]
Population [See Also Population (Statistics)]
COBOL program system, geographic coding of addresses in US Census Bureau file, 9286
description of psychiatric & social handicaps & demographic characteristics, 20–94 yr old schizophrenics in discrete geographical area, Scotland, 1178
habitat & population dynamics & family structure & diet, pygmy marmosets, Amazonian Peru, 12026
population & group sex ratio & territoriality, male & female white sifaka, 1963–75 vs 1980, 12020
population & troop ranges, lemurs, Madagascar, 12021
population variability & density, animals & plants, 332
sex ratios in breeding population, polygyny & male parental care, song sparrows, 2734
Population (Statistics) [See Also Statistical Sample Parameters, Statistical Samples]
sample size, chi square & fit statistic provided by LISREL program in evaluation of causal models, implications for marketing, 7124
Population Characteristics [See Demographic Characteristics]
Population Control [See Birth Control]
Population Genetics
assortative mating for personality traits & psychiatric disorders, literature review, implications for population genetics & social environment, 3602
formation & evolution of population structures, literature review, 428
rates of admixture & population replacement, Sells Papago Indian reservation, 10302
Pornography
childhood exposure to pornography, sexual fantasy, 20 & 23 yr old sisters, 12618
handedness & sex differences, evaluation of self & ideal self & pornography, college students, 1055
imagery of heterosexual pornographic magazines, clues to prevalence of paraphilias associated with preferences for specific types of visual imagery, 5816
pornography, attitudes & aggression toward women, literature review, 5824
pornography, sexual fetishism, 4 case reports, 10599
Porteus Maze Test
Porteus Maze Test, measurement of reflection/impulsivity, high school students & mildly retarded 15–20 yr olds, 4742
use of Matching Familiar Figures Test & Porteus Maze Tests & Inspection Task as measures of reflection/impulsivity, 17–62 yr old institutionalized moderately to severely mentally retarded in workshop setting, 7057
Positive Reinforcement [See Also Praise]
appetitive vs aversive reinforcement schedules, productivity & emotional reactions, 18–34 yr old males living in laboratory for prolonged period, replication of Skylab crew reactions, 324
community-based incentive programs with prompting & contingent vs noncontingent rewards, seatbelt use, drivers, 2125
covert positive reinforcement & positive vs negative expectancy, headache & finger pressure pain, college students with muscle contraction headaches, 4047
EMG biofeedback training with vs without music as positive reinforcement, anxiety & EMG & MMPI scores, patients with anxiety neurosis, 4018
icv morphine, conditioned place preference & analgesia & hyperthermia, male rats, 5278
individualized instruction & positive feedback on self evaluations, spelling achievement, high vs low achieving 3rd graders, 11247
maternal acceptance & persistence on impossible task with positive vs no feedback, 5th & 6th graders, 5416
medical tax deductions, cooperation with psychologist's treatment plans, clients, 6103
morphine sulfate vs other opiate agonists vs cocaine hydrochloride vs lithium chloride vs (-)-naloxone hydrochloride, conditioned place preference vs aversion, male rats, 5260
positive interference, treatment of self abusive behavior, autistic 9 yr old male, 1553
positive practice overcorrection & positive reinforcement & contingent exercise, learning manual signs, 5 yr old autistic male, 1557

positive reinforcement contingency procedure, reluctant speech, 6 yr old male, 8424
positive vs negative feedback following success vs failure, persistence, female 10–11 yr olds, 5417
sc nociceptive & intracerebral emotionally positive vs negative reinforcement effectiveness, visual evoked potential control, rats, 9746
self stroking classroom exercises, development of healthy self concept, students, 8835
Postganglionic Autonomic Fibers [See Autonomic Ganglia]
Postgraduate Students
perceived characteristics associated with effective teacher of "O" level mathematics, students completing Postgraduate Certificate in Education, 11182
Postgraduate Training [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Medical Residency]
postgraduate course in office orthopedics, knowledge & clinical practice behavior, primary care physicians, 4279
Postnatal Period
advantages of hypnosis in childbirth & postnatally, 21–34 yr old females, 8507
high-pass filter cut-off variation during measurement, development of early auditory evoked responses, kittens, 73
identity reformulation process, career oriented 30–33 yr old primiparas 2 wks vs 4 mo postpartum, 12749
inadequacy of information provided to new mothers in maternity, pediatricians, 1762
maternal heroin & methadone addiction, prenatal & postnatal medical complications & developmental problems, infants, literature review, 1377
mother infant relations & medical care during postpartum period, 1768
prenatal &/vs postnatal exposure to odor, elicitation of 1st nipple attachment, suckling rats, 538
primary prevention of child abuse through prenatal & postnatal care by obstetrical team & child psychiatrist, 1688
psychological approach, prevention of psychological problems & development of competence & confidence & bonding during perinatal period, families, 13130
reported job commitment & emotional adjustment to pregnancy & postpartum period, 18–35 yr old primiparous females, 10325
state & age of mother & calf characteristics, interactions, cows & their calves, 369
symmetry of early auditory experience, dendritic tree symmetry in brain stem, chicks, 5161
time spent in "en face" position in 1st hr postpartum, Hispanic vs White mothers, 12581
Postpartum Depression
anxiety & hostility & psychophysiology, prediction of postpartum depression, mothers measured during pregnancy & after birth, 12848
crisis & long term couple therapy, postpartum psychotic decompensations, couples, 3983
dexamethasone suppression test abnormality, diagnosis of biologically derived depression, females with postpartum depression, 3524
maternal hospitalization for postpartum depression or psychosis or child abuse, mother-child relationship, arguments for joint hospitalization of mother & child, 4197
prepartum depression & social adjustment & life stress & cognitive-behavioral factors, postpartum depression, females with mean age of 26.6 yrs, 5768
screening for depression & anxiety at 6–8 wks postpartum, acceptance vs rejection of treatment offer at 6 mo postpartum, mothers, 10976
validity of General Health Questionnaire as screening measure, assessment of psychiatric disorders, 16–39 yr old postpartum females, 176
Postsurgical Complications (Physical
Type A vs Type B behavior, blood pressure before vs during coronary artery bypass surgery & intra- vs postoperative complications, male patients, 6359
Posttesting
BASIC PLUS program to generate F table using G. Keppel's interaction analysis, planned comparisons in repeated-measures analysis of variance designs, 7010
graphical analysis vs early vs late correlational ANOVA vs test of correlational equality, testing for differential stability in repeated measures performance evaluation, 9458
predictive value of measures of change & growth in test scores, 7034
reliability adjustment procedures for initial differences between groups in uncontrolled studies, determination of expected posttest difference, 2473
retrospective preratings, response-shift confounding in self reported preinstructional knowledge, college students, 13737
statistical criteria & analyses, intervention & repeated measures of human performance in environmental research, 9460
validity of conventional vs retrospective pretest-posttest design using self report measures in educational context, college students, 13726
Posttreatment Followup
admission to community-based treatment program, posttreatment opioid use, Black & White opioid addicts with mean age of 25 yrs, 6-yr followup, 6510
characteristics & drinking patterns, American Indian 15–54 yr old rehabilitated alcoholics, 10-yr posttreatment followup, 13484
client & treatment program differences, alcohol rehabilitation outcome, alcoholics, 3- & 8-mo followups, 6501
drinking & life adjustment status following treatment, recovered alcoholics, 4-yr followup, 6508
importance of postanalytic encounters, psychoanalysts & analysands, 8307
nutrition instruction & modification of eating habits & development of active lifestyle, weight loss & maintenance, obese Ss with mean age of 36.6 yrs, 12–18 mo followup, 1560
postanalytic encounters, psychoanalysts & ex-patients, response to article by D. Borenstein & R. Fintzy, 8342
preoperative neuropsychological performance, cerebral ischemia patients who were candidates for revascularization surgery, implications for postoperative followup, 6352
relapse & depression following treatment, alcohol & drug abusers, 1 vs 6 vs 12 mo followups, 8702
social & psychiatric problems & suicidal intentions, self poisoned patients, Norway, followup study, 8115
therapeutic community residence, subsequent dropout & graduation & success & improvement rates, adolescent & older residents, 5-yr followup study, 4190
Posture
acupuncture & physiological & physical & psychological homeostasis, 8541
asymmetries in cortical motor evoked readiness potentials as index of motor control, 18–33 yr old left vs right handed males with inverted vs noninverted hand posture during handwriting, 5030
development of postural reactions in prone position, infants from birth to 2 yrs old, longitudinal study, 3024
erectness of posture, expression & perception of dominance hierarchies & success, 9th grade males, 7630
haloperidol induced akinesia & catalepsy, subordinate behavior, male gerbils, 12346
multiple plate adjustable dynamometer & electromyograph & nontelemetric methodology, analysis of postural responses, quadrupeds, 6957
physical posture, motivation & emotions, college students, 11936
postural sway & weight & loss of height & scoliosis & grip strength & knee angle & kyphosis, aged, 5935
posture & method of measuring group latency, response patterns & individual differences in click-evoked acoustic emissions, normal hearing 21–42 yr olds, 5065
posture & pulse rate & blood pressure, plasma norepinephrine & dopamine-beta-hydroxylase activity, chlorpromazine- vs haloperidol-treated vs drug-free schizophrenics vs schizoaffectives, 3555
quantitative estimation, postural reactions, dogs, 11946
spontaneous righting from various postures, hippocampal EEG rhythmical slow activity, rabbits, 12105
standing vs sitting upright vs sitting slouched, psychophysical equal sensation contours for whole-body vibration, college students, 252
velocity-vector analysis of body sway & hypoxia, posture control, human Ss, 5021
visual & postural & architectural factors, perceived orientation in free fall, 9515
Potassium [See Potassium Ions]
Potassium Ions
light wavelength & potassium current outflow, photoreceptor prolonged hyperpolarizing afterpotential accompanying photoconversion of rhodopsin, bay scallops, 344
optic nerve stimulation, potassium accumulation, 1–3 day old vs adult rat optic nerve, 558
phencyclidine, blockade of potassium & sodium channels, differentiated mouse neuroblastoma cells, 5275
Potential (Achievement) [See Achievement Potential]

Potential Dropouts
Positive Learning Program providing academic & social support, achievement & attendance & behavior, 9th grade potential school dropouts, 4383
Potentials (Evoked) [See Evoked Potentials]
Potentiation (Drugs) [See Drug Interactions]
Poverty
circumstance & life experiences, young severely disabled & disturbed homeless street people, New York, 1159
financial deprivation, perceived deprivation of medical care & social contacts, aged, 6428
formal political affiliation, attribution of causes of poverty, right- vs left-wing college students, 10435
impoverished living conditions, psychic maladjustment & personality development & mother child relations, mothers, 12576
poverty & family income inequality & homicide rate, urban areas, 1275
poverty, physiological defects, 1345
refusal of service & conditions of public shelters & hardships of life on streets, homeless poor in New York City, 1696
rural vs urban environment, functional perception of poverty, males & females, India, 3268
Power
attempts to establish expert & referent power, insurance buying, sales agents & clients, 4608
communicative topics of graffiti in male vs female restrooms, implications for manifestations of power differences between sexes, 5286
construct validity of Good & Good questionnaire, assessment of need for social power, college students, 7055
corporate control & performance, managerial succession, large industrial corporations, 1971–80, 9105
delusional knowledge & power, schizophrenic 19 yr old female, 8015
economic resources, conjugal influence in employment decision making, wives with mean age of 30.6 yrs, test of resource vs social exchange theories, 7813
homogeneity of S achievement & power & affiliation motives, risk in group decision making, college students, 12663
indices of psychosocial adjustment & motives for achievement & power & affiliation & intimacy, middle aged males, longitudinal study, 10244
intrafamilial power struggles & family therapy, schizophrenics, 8371
level of assimilation & sociocultural norms & socioeconomic attributes, decision making & power, Puerto Rican families with generations raised in Puerto Rico vs US, implications for theory of resources in cultural context, 7789
majority vs unanimous decision rule, group task conflict in role-played Change of Work Procedure problem, college students, 10395
model, prediction of sources of power in marketing channels, franchised new car dealers, 2291
need for achievement & power & affiliation, male vs female Black college students majoring in business, 4412
participation, distribution & perceptions of control, employees, West Germany, 2217
perception of power status & resources in classroom, elementary school students, 11296
power distribution, multidisciplinary clinical teams, France & Canada, 11113
power motivation, social value orientation, male vs female Hindu vs Moslem graduate students, India, 1076
power strategies employed in intimate relationships, masculine vs feminine vs androgynous vs undifferentiated college students, 10455
secure vs insecure power position, outgroup discrimination, 10–13 yr old males, 5444
sex & power strategy of fictional manager, perceived managerial effectiveness, managers, 2212
simulated management task & positive vs negative feedback on goal-achievement, self perception & perception of workers & use of power, Ss in simulated manager role, 6858
social reinforcement & group power, group members, 12658
spousal power structure, marital quality, Black married couples, 7796
Practice [See Also Distributed Practice, Massed Practice]
age & labeling vs sentence repetition vs interrogative elaborations, incidental vs intentional paired associate learning, 5–7 vs 10–13 yr olds, 3150
age, effects of practice & performance-contingent vs noncontingent visual feedback & performance on previous trial, simple RT, 4 vs 10 vs 20 yr olds, 803
age vs experience, nest building behavior, inbred & outbred mice strains, 425
avoidance conditioning with vs without pretraining & immediate vs delayed vasopressin injections, retention of avoidance behavior, male rats, 2969
behavioral contracts for problem solving vs practice of weight loss skills, weight loss, overweight Ss, 10894
concept of convergence/divergence with practice & application & differential long term retention & personnel selection & classification & latent factor identification, implications for military training, 11452
consistency of frequency of letter as distractor vs target in practice for target-detection search task, detection performance & development of automatic processing, college students, 11823
contextual interference, acquisition & transfer of motor skill, female college students with vs without experience in open sport skills, 243
driving exposure & experience & demerit point levels, risk of collision, licensed drivers, 11426
efficiency of visual vs speech imagery rehearsal of verbal sequences vs object arrays, college students, 9624
experience &/vs aptitude & sex, performance on displaced-volume task, 8th graders, 5380
formal similarity among target items, Type I rehearsal effect, college students, 11903
goal- vs process-oriented imagery strategy with vs without prior training, psychokinesis, college students, 11531
individual differences in RTs to secondary probe task, prediction of performance on difficult memory task, college students & 18–60 yr olds, 9651
instructions of image vs orally repeat active voice sentences, noun-probed sentence recall, test of address contents model vs fragmentation-conceptual focus hypothesis, 2652
length of anticipation vs feedback interval, rehearsal in verbal discrimination learning, college students, 2640
measurement of warm-up decrement in task performance, literature review, 6990
mental imagery, rehearsal for therapeutic session, therapist trainees, 6556
mental retardation with whole-model vs progressive part-model demonstration, swimming imagery & acquisition of swimming skills, college students, 2521
microcomputer video game of bombing & air combat maneuvering & job control validity, US Navy enlisted males, implications for pretesting practice in repeated measurement, 9444
monaural localization with vs without previous practice, 20–30 yr olds, 11850
monetary incentive & rehearsal & working memory, elaboration of encoding in word list learning, 18–30 yr olds, 11899
nonreward/reward transitions during partial reinforcement pretraining, subsequent resistance to discrimination, rats, 9727
overt rehearsal of kinesthetic information, immediate recall, college students, 7269
practice & prior skills & feedback during role playing activities, teaching basic problem solving skills, high school students, 4364
practice & training, validity of IQ vs socioeconomic status vs adaptive behavior in predicting learning ability, educable mentally retarded 7–11 yr olds, 5885
practice, ordered recall of items on list & mnemonic strategies, untrained mildly retarded Ss with mean age of 14.5 yrs vs normal 7th–9th graders, implications for problem solving theory of memory, 1302
practice with oscillating target within scotoma, pointing accuracy & visual orientation, adult male with cortical scotoma, 8175
practice with vs without feedback vs forced choice testing, recognition performance, college students, 9664
presence & sex of O, self focused attention during interviewing role rehearsal, male vs female college students, 3436
presentation vs test-trial training, motor acquisition & retention, humans, 9640
primary vs secondary rehearsal of scrambled sentences, free recall, implications for levels of processing framework, 303
prior exploratory experience &/vs partial vs complete feeding, ease of learning stay vs shift problem, rats, 9732
pubertal status vs masculinity vs hemispheric specialization patterns vs participation in spatial activities, spatial ability, 11 yr old females, 12436
repetition & lag, immediate vs delayed kinesthetic movement recognition, college students, 307
semantic priming & word repetition effect, lexical decisions, college students & community residents, 9629

sex & training variables, lifting performance, college students, 7181
stabilization & task definition in performance test battery, 19–24 yr old US Navy enlisted men, 7067
tangible vs social reinforcement with vs without positive practice, remediation of letter reversals, severely retarded 20 yr old male, 4433
test vs study trials for word lists with vs without distractors, recognition vs free recall on final test trial, college students, 9671
time spent in practice reading, reading achievement, 2nd–4th graders, implications for diagnosis of reading disabilities, 8965
toeclips, ratings of perceived exertion during oxygen uptake test conducted on bicycle ergometer, trained competitive cyclists vs noncyclists, 2543
training in mental elaboration of memorized word-pair lists, memorization times, college students, 11898
training task repetition, retention & transfer of maintenance skill, US Army student fuel & electrical repairmen, 11450
variability in experience, increased transfer to novel response of same class of movement forms, college students, test of schema theory, 7161
video games as skill acquisition & learning performance tests & practice effects, US Navy enlisted personnel, implications for pilot selection & training, 11453
years of formal training & instrumental & vocal performance under enhanced vs reduced anxiety condition, state anxiety & curiosity & anger & performance quality, college students, 3461

Practice Effects [See Practice]

Practicum Supervision

application of problem solving models to supervision in psychology, 4313
attitudes toward psychiatric clerkships, medical students, 6541
characteristics of field practicum, counselor education departments, 13511
cognitive style, perception of & satisfaction with supervisory relationship & supervisor evaluation of trainees, counseling practicum students & their supervisors, 4282
cognitive-behavioral anxiety management approach, reduction of anxiety interfering with supervision, counselor trainees, 13495
comparison of 2 social psychology graduate program internships & practica, 4274
countertransference in supervisory relationship, impact on student-conducted analyses, students in psychoanalytic training, 13513
development & validity of Individual Supervisory Conference Rating Scale, assessment of effective supervisory behaviors during conferences, speech-language pathology supervisors, 7110
didactic & experiential supervision & cognitive complexity/simplicity, counseling effectiveness, 22–35 yr old counselor trainees, 8752
differences & patterns in verbal interaction during early vs late supervisory conferences, speech-language pathology supervisors & supervisees, 8767
direct & indirect supervisory behaviors, perceived effectiveness & verbal interaction/content of supervisory conferences, speech-language pathology supervisors & supervisees, 8777
factorial dimensions of individual vs group supervision evaluations, psychotherapy trainees, 13540
family systems model for supervision of psychotherapy, literature review, 4317
Inventory of Counselor Behaviors, provision of specific & systematic feedback, counselor trainees, 11645
live supervision context & advantage for training & treatment, family therapy trainees, 8716
practicum supervisor's behavior, perception of supervisor's expertness & attractiveness & trustworthiness, graduate student counselor trainees, 13510
reliability & factor structure, ratings of student teachers, supervising teachers, 4494
reliability & validity & usefulness, data collected using R. Culatta & H. Seltzer's Content & Sequence Analysis of Supervisory Session, students & supervising speech/language pathologists, 1854
research designs & findings of studies on practicum supervision, literature review, 13508
seminar in marital & family assessment, medical students in psychiatric clerkship, 6518
supervisor in-service assessment & subsequent examination performance, trainee psychiatrists, 11127
supervisory process, counselor trainees, 1874
teacher evaluation, university preservice teacher supervisors vs principals, 8819
use of supervisee's dreams reported to supervisors as means of dealing with supervisory crisis situations, psychoanalytic trainees, 13518
utilization of one-way mirrors & microphones & earphones in clinical supervision, supervisors & therapist supervisees, 6536

Praise

attribution & delay of gratification ability & praise & monetary reward, intrinsic interest, kindergartners & 4th graders, 3059
prompt & praise vs praise anything vs token conditions, participation in low-interest recreational activities, autisticlike 7–8 yr old males, 8408
self evaluation & social praise in prevocational skill program for strengthening promptness & initiative behaviors, educable mentally retarded adolescents, 11353

Precocious Development

hyperlexia, mentally retarded & autistic & language disordered 4–17 yr olds, 7956

Precognition

apparent dream precognition of accidental submarine sinking, 17 yr old female, 4616
precognitive vs psychokinetic ability, paramecia, attempt to replicate N. Richmond's findings, 4619

Predatory Behavior (Animal) [See Animal Predatory Behavior]

Predelinquent Youth

verbal interventions during group counseling sessions with predelinquent 14–18 yr olds, counselors, implications for counselor educators & counseling research, 8584

Predictability (Measurement)

instructions to produce random vs spontaneous response sequence, sequence redundancy, college students, 9499

Prediction [See Also Academic Achievement Prediction, Occupational Success Prediction]

admission variables & index of T. Maruta et al, prediction of treatment outcomes, pain patients, 13111
age & duration of dementia & degree of atrophy, prediction of potentially reversible progressive intellectual deterioration, patients with mean age of 63.3 yrs, 3571
age, prediction of research productivity, psychologists, 13533
alcohol intake & emotionality, aggressive behavior, 18–35 yr old social drinkers, 12636
anxiety & hostility & psychophysiology, prediction of postpartum depression, mothers measured during pregnancy & after birth, 12848
attitudes about personal finances & business climate & buying conditions, purchasing behavior, consumers, 1940–80, 11521
attitudes, prediction of seat belt use, drivers, 4532
background factors vs compatibility vs unrealized expectations, prediction of marriage failure, divorced & separated couples, USSR, 3321
Bayesian decision analysis, teachers' reports of classroom behavior & diagnoses 10 yrs later of schizophrenia or borderline schizophrenia, 9–20 yr old children of schizophrenic mothers, 5742
biological & psychosocial & demographic perinatal factors, prediction of adequacy of home environment, families 3 yrs after hospital discharge of neonates with medical problems, 939
canonical correlation technique, analysis of group differences within sample, 46–70 yr olds, 2497
change in cognitive functioning during 1st yr of hospitalization, prediction of failure to survive next 4 yrs, aged psychiatric patients, 1233
cognitive skills including mathematics achievement & visual search RT, prediction of success in small-engines course, mentally retarded students of high school age, 11382
competitive trait anxiety & precompetitive anxiety measures & success vs failure, prediction of pregame state anxiety, female high school volleyball players, 893
congruency between work values & perceived job attributes, prediction of job satisfaction, retail & hospital pharmacists, 6873
construction of lie scale, detection of faking on Child Abuse Potential Inventory, college students & adults, 170
controlograph, prediction of mental performance in complex task, 6970
decision making model, prediction of choice of car vs train transportation, critique of A. E. Bronner's study, 2513
decision making model, prediction of choice of car vs train transportation, reply to criticism of C. Van Knippenberg-Den Brinker et al, 2490
decision making model, prediction of choice of car vs train transportation, travelers, Netherlands, 2489
decline in cognitive complexity, prediction of international crises, foreign policy makers, 3340
defensive orientation, prediction of acceptance of fictitious vs veridical feedback, graduate students, 3469

diagnosis of antisocial personality & alcoholism & depression & homosexuality, prediction of recurrence or continuation of drug & alcohol dependence, narcotic addicts, 12908
direct experience & intentions, smoking behavior, junior high & high school students, implications for I. Ajzen & M. Fishbein's model of behavioral intention prediction, 3244
discriminant analysis, prediction of classifications of affective words as based on semantic ratings, naive Ss, 2514
discriminant function analysis of clinical & social data, prediction of suicide, attempted & actual suicides, 3693
dynamic attribute satiation model, prediction of soft drink choices based on past choice behavior, college & graduate students, 2293
Eating Attitudes Test & screening measure, prediction of anorexia nervosa & uncommon disorders, 117
ego involvement regarding political knowledge, prediction of outcome before vs after 1980 presidential election in public vs private conditions, 18–22 yr olds, 3424
epidemiology & predictors & characteristics, adolescent marihuana users, literature review, 12506
formulae for prediction of premorbid intellectual functioning, children, reply to criticism by C. R. Reynolds & T. B. Gutkin, 216
frequency of self reinforcement & E-administered reinforcement during task, depressed mood, college students, implications for prediction of mood change, 9682
future multimedia literacy needs, 6593
heroin abuse indicators, update on 2 yr study by T. H. Gardin & E. Leibson, 12920
individual differences in RTs to secondary probe task, prediction of performance on difficult memory task, college students & 18–60 yr olds, 9651
iv diazepam test & subsequent relief of symptoms, prediction of response to benzodiazepam & tricyclic antidepressant therapy, anxious & depressed 18–68 yr olds, 4091
methods of social forecasting, literature review, 7865
model based on size of visual lobe area, visual search performance prediction, 11800
model, characteristics which predict attitudes about retirement, employees, 9164
model for prediction of incidence of crime among drug abusing treatment population & effect of treatment on criminal activity, 1285
Modified Desert Model, prediction of recidivism & sentencing, criminals, 973
modified Self Administered Alcohol Screening Test, detection of future excessive alcohol consumption, narcotic addicts, 4793
multivariate analysis, leader-subordinate interactions, 19–60 yr old clerical & managerial employees, implications for predictiveness of path-goal theory, 2495
ordinary vs pooled sample least squares vs equal weighting vs Bayesian m-group regression, estimation of regression weights in 2-variable linear model of reenlistment intentions, National Guardsmen, 7149
past aggression & absence of anxiety & depression & parental assaultive behavior, prediction of assaultiveness, 6–12 yr old psychiatric patients, 10561
past behavior & life situational factors & self predictions, prediction of treatment dropouts, outpatient psychotherapy clients with mean age of 33 yrs, 6125
personality characteristics related to prediction & progress of cancer, patients, 10768
personality traits vs situational variables, prediction of behavior, college students, 5643
predictions of adjustment following divorce, parents of 2–18 yr olds, 3314
predictions of success in brief psychotherapy, 23–64 yr olds, 12-mo followup, 3925
predictions vs cues, choice RT, female right handed college students, 11862
predictive & perceived empathy, prediction of leadership style, college students, 3503
predictive factors & model, coupon redemption rate, 9217
predictive factors, outcome as measured by need for methylphenidate hydrochloride, hyperactive 48–92 mo olds with attention deficit disorder, 30-mo followup, 6298
predictors of performance in prolonged strenuous sports events, literature review, 2547
predictors of sex differences in outpatient medical care utilization, 18–89 yr olds, 1672
preference for predictable/uncontrollable vs unpredictable/controllable aversive stimulation, male rats, 9763
prepartum depression & social adjustment & life stress & cognitive-behavioral factors, postpartum depression, females with mean age of 26.6 yrs, 5768
psychosis & voluntary vs involuntary admission status, prediction of violence & need for seclusion & restraint, 17–62 yr old psychiatric inpatients, 13413
qualitative vs quantitative dynamics of world system & application of field theory, anticipation of critical reconfigurations & war, 4625
Rorschach Multiple Sign scores, psychiatrically hospitalized 11–20 yr olds with previous suicide attempt &/vs psychiatric unit attempt, 9375
self reports & skin conductance response amplitude, prediction of functional aversiveness of stimuli in classical conditioning process, college students, 4672
smoking behavior of friends & family & school behavior & beliefs about smoking & intentions to smoke in future, prediction of smoking, 7th graders, 1-yr followup, 3226
socio-professional category of parents & demographic & educational & cultural background & job tenure & professional expectations & ambitions, job satisfaction prediction, secretaries, 2219
sociological & psychological & risk & pathophysiological factors, detection & prediction & prevention of cancer, 50–65 yr olds, 13029
staff & therapist absence & methadone therapy & number of new hospital admissions, prediction of treatment dropouts, male drug addicts in opiate detoxification program, 4253
subjective response to psychoactive drug therapy, prediction of clinical outcome, functional psychotic 21–59 yr olds, 4072
theoretical & experimental interface temperatures during heating to pain threshold by contact with various materials, adults, 7505
therapist ratings & demographic variables, prediction of psychotherapy attendance, community mental health center outpatients, 6131
tolerance for ambiguity, prediction of early counseling dropout, female college students & clients, 11034
translational vibration of footrest & backrest & seat, psychophysical functions of equal comfort sensitivity contours, humans, implications for procedure to predict discomfort, 4846

Prediction Errors [See Also Type I Errors]
Hotelling's "T" vs Bonferroni procedure, comparison of 2 groups on "p" variables, 230
random sample size, procedures to estimate accuracy of predictions made from multiple regression equation, 235
sample size, Type I & Type II error rates of Q & F tests of dichotomous repeated measures data under various degrees of heterogeneity of covariance, 226

Predictive Validity
academic job involvement & verbal ability & academic performance & college & course satisfaction, prediction of attrition, college freshmen, 8976
accuracy of hierarchical mode analysis vs J. H. Ward's vs k-means methods in cluster analysis of simulated job-analytic data, 118
accuracy of MMPI & Faschingbauer Abbreviated MMPI, classification of low back pain patients as appropriately vs inappropriately disabled, 17–66 yr old patients, 11681
age & predictive validity of creativity tests, measurement of creativity, 20–38 vs 60–83 yr old females, 841
Air Force Occupational Attitude Inventory, prediction of job satisfaction & reenlistment, airmen, 11648
concurrent & predictive validity of Boehm Test of Basic Concepts, 1st grade achievement, kindergartners, 2107
construct & predictive validity, friendship & love relationship scales, college students, 9388
construct & predictive validity of multi-attribute attitude models, 12769
convergent & divergent thinking & intelligence, assessment of scientific creative abilities, adults, 174
decision-process model of admissions to assess validity of Graduate Admission Test scores & undergraduate grades, prediction of graduate performance, Master of Business Administration students, 9028
development & predictive validity of original & revised Flight Aptitude Selection Test, US Army aviation candidates, 9064
development & reliability & validity of Weight Locus of Control Scale, prediction of weight loss behaviors, college students & 15–68 yr old female weight control patients, 9443
dimensionality & validity, Questionnaire to Assess Suicide Risk, counseling center clients, 4758
factor analysis, beliefs about & intentions of donating blood, donors, test of validity of Fishbein's behavioral intention model, 7127

factor structure & reliability & predictive validity of Health Locus of Control Scale, medical & dental students & male myocardial infarction patients & healthy middle aged males, 9454
idiographic vs consensual predictors of cross situational consistency of behavior, college students, 1041
inferential measures of attention, prediction of classroom attending behavior, learning disabled 8–12 yr olds, 13717
Junior & adult Eysenck Personality Questionnaires, prediction of future delinquency, 13–15 yr old males & 15–18 yr old delinquents, 4777
long term predictive & construct validity of undergraduate GPA & Law School Admission Test, law school performance, law students, 2108
mathematical model, concurrent & predictive validity of goal attainment scaling, implications for psychotherapeutic outcome evaluations, 11626
performance predicted by Aircrew Psychomotor Test Device & Air Force Officer Qualifying Test & actual performance, US Air Force pilot training candidates, 9075
Performance-Verbal discrepancy on WISC-R, prediction of recidivism, 12.6–16.8 yr old adjudicated female delinquents, 11654
practice & training, validity of IQ vs socioeconomic status vs adaptive behavior in predicting learning ability, educable mentally retarded 7–11 yr olds, 5885
predictions of student ratings of teacher assistant, interviewers trained in patterned-based vs standard interviewing, 4500
predictive validities of verbal vs academic achievement vs attitudinal vs visual perception tests, English composition grades, college freshmen, differential placement implications, 8980
predictive validity, model for computation of expected return rate on mailed questionnaires, replication of T. A. Herberlein & R. Baumgartner's study, 2360
predictive validity of Defence Mechanism Test, personnel screening, Royal Air Force pilot applicants, 2477
predictive validity of high school record & verbal scores on Scholastic Aptitude Test, prediction of 1st-yr college achievement, 9026
predictive validity of joint-space model, dog preferences based on breed attributes, consumers, implications for consumer evaluations of new concepts, 2295
predictive validity of measures, prediction of success in student teaching, elementary education major college students, 13738
predictive validity of parental reports of developmental milestones, WISC-R scores, 6–17 yr olds, 141
predictive validity of personality vs memory vs aptitude measures, academic achievement, 8th graders, 4516
predictive value of measures of change & growth in test scores, 7034
prejudgment of day care quality, interrater agreement & predictive validity of items in Parent Guide to Quality Day Care Centers, female college & graduate student Os, replication of authors' previous study, 6944
Psychological Screening Inventory, prediction of predisposition to suicide, psychiatric hospital patients, 11665
reliability & validity of graphic test, prediction of academic success in technical studies, 11385
semiautomated vocal behavior analysis, prediction of Type A behavior patterns from recorded interviews, 31–65 yr old males, 2365
social cognition performance & social competence 4 yrs later, predictive validity of social-cognitive assessments, 5th–8th graders, 7076
structure of intellect factor measures vs subtests of Florida State-Wide Twelfth Grade Test, prediction of physics achievement, high school students, 4499
usefulness of MMPI, prediction of treatment outcome, chronic low back pain patients in rehabilitation program, 11694
validity & reliability & acceptability of biographical data & interviews & recommendations & interest & personality measures, prediction of success in higher education, college graduate & professional school students, 2082
validity & reliability & development of short forms of classroom environment scales, junior high school science students, 8981
validity of Arizona Heart Institute Cardiovascular Risk Factor Questionnaire, assessment of incidence & risk factors for atherosclerotic cardiovascular disease, nationwide sample, 7075
validity of assessment center, prediction of officer training performance, 18–19 yr old female applicants to military officer school, 9100
validity of Behavioral Self Management Ratings during counseling sessions, male probationers with mean age of 21 yrs, implications for prediction of recidivism, 52
validity of conventional vs adaptive tests, prediction of performance in training course, US Air Force jet engine mechanic trainees, 7114
validity of D-48 & D-70 forms of Domino Test, prediction of academic achievement, college students, 8982
validity of Language Arts Test of Cognitive Functioning, assessment of level of cognitive functioning in language arts tasks, 7th graders, 6802
validity of McCarthy Scales of Children's Abilities, prediction of academic achievement, 2nd grade Mexican Americans, 9024
validity of measures of reading attitudes & locus of control & field independence, prediction of reading & arithmetic achievement, inner city 5th graders, 8974
validity of neuropsychological assessment as predictive measure, 7–12 yr old reading disabled males, 190
validity of personality factors, prediction of GPA & graduation, females in 3-yr hospital-based nursing diploma program, 8788
validity of risk index of reproductive & birth & environmental factors, prediction of cognitive & language development, preterm vs full term 1 yr olds, 2-yr followup, 9445
validity of selected admissions variables, prediction of graduate GPA, Master of Business Administration students, 9003
validity of Sound & Images test & criterion-referenced indicators, long-range prediction of creativity achievement, 3rd–6th graders, 19-yr followup study, 4797
validity of Yellow Brick Road test, prediction of academic achievement, 3rd graders, 4486

Predisposition

age & serum cholesterol & coronary risk factors & type A pattern assessed by Bortner Scale & coronary angiograph results, 21–64 yr old males, 7935
age at onset & clinical & pharmacokinetic & neurophysiological factors, 16–76 yr old paranoid schizophrenics with vs without impairment of blood-brain barrier, 10507
aggressiveness/hostility as risk factor, male myocardial infarction patients with mean age of 53 yrs, 3865
alcohol consumption, facial flushing, 21–25 yr old sons of alcoholics, 12330
anxiety & assertiveness, male college students at risk for alcoholism, 1288
anxiety, female college students at high vs low risk for problem drinking during middle age, 12918
attention deficit disorder, predisposition to alcoholism, male alcoholics under 40 yrs of age, 10504
Bayesian decision analysis, teachers' reports of classroom behavior & diagnoses 10 yrs later of schizophrenia or borderline schizophrenia, 9–20 yr old children of schizophrenic mothers, 5742
behavioral treatment, Type A behavior & essential hypertension as coronary risk factors, 8416
cardiac rehabilitation program following stay in coronary care unit, outcome measured by return to work & adjustment to ischemic heart disease & presence of risk factors, males aged 64 yrs or less, 1-yr followup, 11080
characteristics of biologic & adoptive parents & preplacement experiences, alcoholism susceptibility, 23–43 yr old adopted daughters, summary of authors' 1981 article, 5811
childhood social withdrawal & antisocial behavior of biologic & adoptive relatives, predisposition to schizophrenia, schizophrenic adoptees, 5747
clinical history & risk & psychosocial & angiographic factors & treatment characteristics, work status, 18–70 yr old males with coronary artery disease, 3783
cognitive brain potentials, 10–18 yr olds at risk for schizophrenia, 8011
college major emphasizing exercise vs body image, risk for development of anorexia nervosa, female college students, 5981
concurrent validity of Peabody Picture Vocabulary Test-Revised & McCarthy Scales of Children's Abilities, at-risk 3.9–4.8 yr olds, 9380
current status of research, depression & subsequent cancer, literature review, 12782
designation as high risk at birth vs referral from clinics, incidence of hearing loss, children from birth through 6 yrs, 8209
development of retirement maturity index, assessment of level of preparation for retirement & identification of Ss at risk for retirement maladjustment, 11661
diagnosis & habilitation, learning difficulties, at-risk 5 yr olds, 12986
driving exposure & experience & demerit point levels, risk of collision, licensed drivers, 11426
early parental loss, predisposition to suicidal ideation & behavior, college students, 1240

EEG activity, predisposition to alcoholism, 11–13 yr olds with alcoholic fathers vs schizophrenic vs psychopathic vs character disordered parents, 3669
employment & marital status & sex & presence of young children, prevalence of neurotic disorder, 18–64 yr olds, 12886
epidemiology & attitudes toward & predisposition toward possession syndrome, India, 7782
epidemiology, physical & mental disorders, 3.5–5.5 yr olds at risk for handicaps at birth, 7979
estimation & interpretation of modifiers of disease risk factors, 44
family history of psychiatric illness, patient characteristics & diagnosis of schizoaffective disorder & schizophrenia, hospitalized schizophrenics, 8059
family social intervention & relatives' level of expressed emotion, relapse rate, schizophrenics, 6195
family walk-in center, intervention including group work & casework & education, parents who abuse or fear abusing their child, 1720
genetic & environmental influences & alcohol abuse, predisposition & inheritance of criminality, 23–43 yr old male adoptees, Sweden, 5810
genetic defect in metabolism of catecholamines, predisposition to convulsive seizures, SCES vs Wistar rats, 5122
genetics & environmental influences & alcoholism & low social status & unstable preadoptive placement, predisposition to petty criminality, 23–43 yr old male adoptees, Sweden, 5814
genetics & institutional care & urban rearing & social status & sex, predisposition to petty criminality, adoptees, Sweden, 5853
genetics, affective illness & schizophrenia, monozygotic & dizygotic twins, 3574
hearing and language development, infants at risk for hearing loss, 3-yr longitudinal study beginning at or before 60 wks of age, 3806
individual differences in stress-response-dampening effects of alcohol as seen in reduction of cardiovascular & affective responses, 21–30 yr old males at risk for alcoholism, 1290
Integrated Preschool Curriculum vs standard curriculum in mainstreamed vs segregated special education classes, social interaction during play, handicapped preschool students, 8950
issues of sample selection in research, biologically at-risk & developmentally delayed infants, 6975
life event stress & biographical factors, Ss aged 15 yrs & older involved in attempted suicide & automobile accidents, New Zealand, 5828
low vs high toughness/drug use neighborhoods, risk of drug involvement, inner city junior high school students, implications for drug abuse prevention programs, 10223
major research strategies & methodologic standards, studies of risk factors for child abuse, 11596
Missouri Children's Behavior Checklist, assessment of risk for developmental & learning disabilties & behavior disorders, preschool age children, 198
model for preventive work in parents guidance service, families at risk for childrearing problems, 13211
motor & behavioral development, infants at risk for CNS dysfunction from birth, 8177
neurotic vs normal MMPI profiles, industrial workers at risk for respiratory disease, Italy, 3553
overprediction in research of vulnerability to social & psychological problems, children of alcoholics, 5825
panic attacks, patients with mean age of 38.9 yrs with mitral valve prolapse & their first-degree relatives, 1357
panic disorder & similar human leucocyte antigen genotypes, 23–46 yr old sisters, evidence for genetic susceptibility to panic disorder, 12883
parental communication deviance, prediction of functioning level, 7 & 10 yr olds at risk for psychiatric disturbances, 1143
personality traits, change in interpersonal interaction after behavioral modeling training program, supervisors, 9130
physical anhedonia, auditory evoked potential responses to signalled vs unsignalled stimuli & predisposition to schizophrenia, college students, 3627
physiological & sociocultural hypotheses, rarity of alcoholism among Chinese, China & British Columbia, literature review, 5836
plasma lipids & lipoproteins & blood pressure & overweight & alcohol & drug use & exercise & sex & age, reported Cornell Medical Index symptoms, healthy middle class adults, 5941
precipitating crises & psychological presuicidal syndrome & suicide, implications for crisis intervention & suicide prevention, literature review, 8580
predisposition to & process of divorce, academic & social behavior, children, literature review, implications for school personnel, 10344
Premorbid Adjustment Scale, measurement of premorbid developmental goal achievement & identification of those at high risk for chronic hospitalization & readmission, schizophrenics, 7993
prevalence & risk of major affective disorders, relatives of patients with schizoaffective & bipolar & unipolar disease, 3575
prevalence of depression & family history of psychiatric disorders & drug/alcohol use patterns & problems, 21–25 yr old males, 5787
Psychological Screening Inventory, prediction of predisposition to suicide, psychiatric hospital patients, 11665
psychosocial & physical stress & Type A vs Type B personality & parental coronary heart disease, cardiovascular response, 18–25 yr olds at risk for coronary heart disease, 13063
psychosocial factors & group intervention strategies & weight change, differential change in coronary heart disease risk factors, males with mean age of 45–93 yrs, 5954
psychosocial factors & parental substance misuse & low self esteem & achievement motivation & alienation from parents, probability of substance abuse, implications for preventive research, 8077
psychosocial stress vs smoking & weight & blood pressure, prediction of lung cancer & cardiac infarct & apoplexy & diabetes mellitus, survey respondents, 7-yr followup, 3798
rate of alcoholism & alcohol-related psychiatric disorders & family history of alcoholism, 30–81 yr old patients with essential tremor, 5688
risk of psychotic illness in 1st- vs 2nd-degree relatives of schizophrenics & review of possible genetic mechanisms, 1162
role of genetics & environment & behavior in etiology & social skills training for reduction of vulnerability, schizophrenia, 8031
RT crossover in embedded set paradigm, anhedonic vs perceptual aberration schizotypic male college students, perceptions for psychosis proneness, 5788
school truancy & refusal, predisposition to adult antisocial behavior & emotional disorders & phobias, literature review, 5666
sex & cognitive styles & socialization practices, predisposition to depression, literature review, 3532
sex & ethnic background & perceived social support, adjustment, high stress lower class inner-city 9th vs 11th graders, 5411
sex differences, risk factors for depression, Ss 18 yrs of age & older, 8052
social class & maternal psychopathology & other operational criteria for diagnosis of schizophrenia & identification of children at risk, 12806
social support networks & life stress, psychological vulnerability, disadvantaged groups, 12887
somatic & psychic risk factors in children & family socioeconomic status, family counseling, 3-yr followup, 6171
study of multiplex sibships, evidence of histocompatibility-genetic link in pathogenesis of affective disorders, families with affected siblings 18 yrs & older, 5793
Suspected Child Abuse & Neglect Program, intervention for at-risk families & changing of community attitudes, 1751
technical characteristics of health-risk appraisal instruments & utility as motivators for behavior change conducive to positive health, 9392
undiagnosed physical illness in patients presenting with psychiatric symptoms, 13131
unrealistic optimism about susceptibility to health & life-threatening problems, college students, 7950
validity of Arizona Heart Institute Cardiovascular Risk Factor Questionnaire, assessment of incidence & risk factors for atherosclerotic cardiovascular disease, nationwide sample, 7075
validity of risk index of reproductive & birth & environmental factors, prediction of cognitive & language development, preterm vs full term 1 yr olds, 2-yr followup, 9445
verbal ability & word communication effectiveness, psychosis prone college students, implications for schizophrenic vulnerability, 5755
verbal productivity & cohesion & reference patterns, children at risk for mental disorders, 3581

Prednisolone
prenatal prednisolone, birth & weaning weight & eye opening & walking & gripping ability, female mice, 612

Preference Measures [See Also Least Preferred Coworker Scale]
Likert-scale vs paired-choice format & specificity of survey items, assessment of parental preferences for curriculum components, parents of elementary school students, 8988
reliability & validity, Barth-Shermis Social Studies Preference Scale, secondary school teachers, 9027

Preferences [See Also Aesthetic Preferences, Food Preferences, Occupational Preference]
affective assessment, modeling of aggressive behavior, 1st & 2nd graders, 10197
affective vs cognitive factors, acquisition & modification of preferences, implications for consumer psychology, 1050
age & sex & race & other demographic characteristics, preference for social interaction with others of same vs all different ages, Ss 18 yrs old & older, 10392
assertiveness, preferred defense mechanisms, college students, 10467
assessment of social competence & school behavior & achievement by parents vs teachers & cooperative-competitive preferences, male vs female 4th–6th graders, 10096
associations between neutral & hedonically valued flavors, taste preference shifts, female rats, 11974
color preferences & arousal & mood, office workers, 11937
compatibility between stimulus array & motor response array, left vs right hand up/down & rotational movement preferences, humans, 11736
content analysis of problems portrayed in most popular contemporary fiction books, middle school students, 3190
correlation vs contingency of responding & reinforcement, preferences, male pigeons, 2703
demographic characteristics & reasons for brand choice & perceptions of brands, generic vs national vs store brand canned food customers, 9200
development of 2 indexes of distinctness of cognitive preference, 9th & 11th & 12th graders & college students, 200
dietary experience with sweet taste, taste preferences, newborns assessed at birth vs 6 mo, 7634
difficulty of listening conditions, comprehension of & preference for synthetic sentences spoken in pulmonary vs traditional esophageal speech vs artificial laryngeal speech, Ss with tracheo-esophageal punctures, 8516
educational level & previous musical experience, musical preferences, Ss aged 55 yrs & over, implications for music therapy & recreation, 743
ethnic preferences & identification, White vs Indian 5–7 yr olds, Canada, 7712
factor analysis, preferences among & sensitivity to visual & auditory & tactual & olfactory stimuli, male college students, 9520
familiar vs novel stimuli, preferences in recognition memory, 3.5 vs 4.5 vs 6.5 mo olds, 819
GPA & study habits, preferences among test types, college students, 2001
home environment & teacher & peer ratings of personality, individual differences & preferences in privacy seeking behavior, 4th graders, 2018
icv morphine, conditioned place preference & analgesia & hyperthermia, male rats, 5278
individualistic vs nonindividualistic preferences over outcome, information seeking & recall, high school students, 5425
instructional methods, achievement & enjoyment of instruction, high vs low ability students, literature review, 6723
interhemispheric asymmetry, formation of preference of movement direction in food procuring reaction, rats, 12103
lighting & workplace conditions, 18–54 yr old day & night shift visual display unit operators, 11504
linear systems analysis, check pattern visual preferences, 13 wk olds, reexamination of B. Z. Karmel's data, 10140
male testosterone levels varied by castration & exogenous testosterone, preference for areas vacated by male, female rats, 545
maternal vs simple exposure to nonnatural odor, attractiveness of odor at various ages, rat pups, 7291
metabolic differences, rats with preference for ethanol vs water, 12115
methodology, between- and within-group rank order agreement in brand preference ranking, 228
mixed- vs same- age group play, preferences for same sex playmates, 2–5 yr olds, 855
ovariectomy & ethanol concentration & pregnancy & estrous cycle, ethanol intake, female rats, 9969
parental acceptance vs rejection, preference for artistic complexity, 17–77 yr olds, failure to support findings of holocultural studies by H. Barry & R. P. Rohner, 882
personal & preference & situational variables, self reported consumption of time, survey respondents, implications for consumer behavior, 9205
personal values, 1980 presidential candidate preference, college students, 964
physical dependence on vs preference for ethanol, mice, 586
position preferences, schooling mackerel, 7370
preference for counselor with personal vs professional experience & specific socioeconomic status & race & age & sex for career dissatisfaction & physical disability & interpersonal problems, female graduate counseling students, 8585
preference for fresh flour vs flour conditioned by male vs female conspecifics, flour beetles, 9799
preference for holding neonate on the left side at 1st contact, mothers, 947
preference for permissive vs interventionistic mother, 4.5–8.9 yr olds, implications for moral development, 7623
preference for predictable/uncontrollable vs unpredictable/controllable aversive stimulation, male rats, 9763
preference for rational emotive vs client centered therapy, 1st yr psychology students vs nonpsychology majors, 1493
preferences for noncontingent vs contingent VI vs continuous reinforcement schedules of visual stimulation, 11–12 mo olds, 10164
preferences for various counseling dimensions during different phases of grieving, 28–66 yr old bereaved parents, 3921
preferences in class format, college students, 1964
preferences regarding sources of disease-related information, 11–20 yr old cancer patients, 5996
preferences toward quinine sulfate & dextrose, purelines & reciprocal crosses of chickens selected for high & low juvenile body weight, evolutionary implications, 2745
preferred learning incentives, college students, 6718
preferred sources of help for personal & career problems, college students, implications for likelihood of seeking professional counseling, 4520
previous success with choice behavior, preferences for choice conditions, college students, 10476
process of preference & choice & purchase of domestic objects, 4953
promotional film & violence preference, response to motion picture, movie audience members, 6912
rating photographs by age & attractiveness & age preferences for partner in independent vs interdependent relationships, 61–89 yr olds, 856
rearing on lemon-scented vs unscented bedding from birth to weaning, preference for nesting in lemon-scented environments, male vs female rats, 2680
reinforcement contingencies, modality preference & consistency in visual vs auditory stimulus controlled performance on short term memory tasks, learning disabled 8.9 yr old male & 9.7 yr old female, 1322
research priorities, characteristics of adolescent learners, members of National Middle School Association, 6606
research priorities, school management, members of National Middle School Association, 6607
saccharin in nonnutritive satiation, flavor preference, female rats, 11966
saccharin vs sucrose solution & high vs low food deprivation, taste preferences, rats, 11959
sentences with prepositional phrases & assertion focus to circle or square, preferences for figure type, 9614
sex & academic subject preference, between-S differences in performance, students, 13658
sex & professional level, preferences for gynecological examiners, females, 4114
sex guilt & gender & positive vs negative affect & preference for erotic stimuli, criticism of correlation & regression analyses used by W. Griffitt & D. L. Kaiser, 7279
sex role preferences & stereotyping, urban vs rural Aboriginal vs White 3–5 yr olds, Australia, 3186
sex, willingness to seek & preference for setting & provider of mental health care, patients over 18 yrs of age, 6393
shape & orientation of gray pattern on half black half white background, assimilation & brightness contrast ranking, 11803
shock predictability & naloxone, preference for signaled vs unsignaled tail shock, rats, 5167
spectral sensitivity & color of light preference & photokinetic reaction, lancelets, 2839
thematic content of stimulus material, preferences for logical vs illogical selection task problem solving strategies, preclinical students, 4909
traditional toy preference test scores, toy/activity preferences & stereotyped play behavior, 4 yr olds, 3205
type of injustice situation, reversal in preference responses, college students, implications for experimental design in equity research, 7913

type of problem & counselor's age & sex, preference for Black counselors, Black college students, 4173
uses of TV as medium & uses of favorite TV program type, college & graduate students, 5284
Preganglionic Autonomic Fibers [See Autonomic Ganglia]
Pregnancy
accidental pregnancy while on hemodialysis, 16 & 17 yr old females, 3862
age & sexual activity & level of fertility knowledge, perception of pregnancy risk, 13–18 yr old primiparous urban females, 12407
birthplace & ethnicity & exposure to US culture, talking about sex & pregnancy & birth control & use of birth control, pregnant Mexican American vs non-Mexican adolescents, 5438
comprehensive interdisciplinary vs traditional health care programs, infant immunization status & maternal contraceptive use & repeat pregnancy rate & school attendance, teenage mothers & their infants, 6362
decision making model for pregnancy counseling & counselor role, 13378
developmental crisis & adjustment, 33–42 yr old expectant & new fathers, 10335
early psychic development & separation-individuation, attitudes toward pregnancy & motherhood & abortion, 36 yr old female in analysis, 10847
estimation of probability of pregnancy following adoption of contraception, fertility histories from 1973 US National Survey of Family Growth, 10369
estradiol & progesterone, brain endorphin levels, female rats in different stages of estrous cycle vs pregnancy vs following ovariectomy, 7577
ethanol diet during pregnancy, alcohol consumption & subsequent maternal behavior, female rats, 2946
ethanol with vs without 2-ethoxyethanol administration during pregnancy, maternal weight gain & pregnancy duration & offspring neuromotor ability & open field behavior & level of activity, rats, 662
experience of 1st-time parenthood, masculinity/femininity, spouses, 12571
gestational ethanol, behavior toward own vs foster pups, female rats, 12310
high vs low feedback ultrasound & health advice, health care behavior, 18–32 yr old pregnant females, 1684
knowledge of laws concerning minimum number of visits, prenatal care visits, females, France, 13311
level of financial security & tertiary education & presence of family in community, high- vs medium- vs low-anxious pregnant females, 5138
marihuana use during pregnancy, length of gestation & maternal weight gain & offspring behavior & development up to 1 yr of age, females, 5231
marihuana use, pregnancy & labor & delivery & neonatal meconium staining, females with mean age of 23.7 yrs & their infants, 5234
maternal age, number of pregnancies & prenatal care & pregnancy complications & school dropout rate & child's Apgar score & subsequent illnesses, Black vs White 14–16 vs 20–30 yr old mothers & their children, 5501
maternal alcohol consumption during pregnancy, fetal development & disorders, humans & animals, literature review, 10022
maternal drug & obstetric medication exposure, development, fetuses & infants, annotated bibliography, 1961–80, 8535
maternal methadone exposure during gestation &/or lactation & age, analgesic response to hot plate test, rats, 5281
maternal methadone use during pregnancy, health & development & behavior, infants, literature review, 10005
maternal narcotics use during perinatal period, effects on children & neonates & fetuses, literature review, 10019
Maternal-Fetal Attachment Scale, females in 3rd trimester of pregnancy, 9386
mood change & biochemical changes in urinary & plasma cyclic adenosine monophosphate & adenosine triphosphate during pregnancy & following delivery, 15–40 yr old mothers, implications for manic depression, 7451
multiparity & sociocultural factors, psychopathology, females, Algeria, literature review, 10512
normative pressures, fertility, married couples, 3322
occurrence of unplanned pregnancy, 15–40 yr old previously or currently pregnant females, 5502
oral ethanol concentrations, ethanol consumption & blood levels, female pregnant vs nonpregnant squirrel monkeys, feasibility of use as animal model for fetal alcohol effects, 2954
ovariectomy & ethanol concentration & pregnancy & estrous cycle, ethanol intake, female rats, 9969
parity & maternal environment, strain differences in pregnancy-induced nestbuilding, C57BL/6J vs DBA/2J mice, 2747
pregnancy decision making & support systems & childbirth education, disabled females, 4115
pregnancy outcome & incidence of infant mortality & neurologic disorders, pregnant Ss with seizure disorders, 13059
primary prevention of child abuse through prenatal & postnatal care by obstetrical team & child psychiatrist, 1688
protein content & cytochrome oxidase activity of brown adipose tissue, thermogenic activity suppression, virgin vs lactating vs pregnant mice, 507
psychiatric disorders during pregnancy, 21–33 yr olds who had experienced incest during childhood, 13333
psychopathologic issues & motivations & role of father & family & implications for mother & child, pregnant adolescent females, 3235
reported job commitment & emotional adjustment to pregnancy & postpartum period, 18–35 yr old primiparous females, 10325
reproductive behavior, unwed pregnant adolescents with mean age of 15.6 yrs who did vs did not wish to become pregnant, 5437
reproductive condition, attractiveness & scent-marking behaviors, female rabbits, 7376
reproductive experience & environment, postpartum aggression, C57BL/6J vs DBA/2J female mice, 5011
role during pregnancy & perinatal period, child psychiatrists, literature review, 1674
sex education & adolescent pregnancy reduction, 6660
sex of cagemate during pregnancy & lactation, aggression, female golden hamsters, 9814
sexuality & femininity & unwanted pregnancy, 16–24 yr old females experiencing 1st pregnancy, 10267
sexuality during pregnancy, spouses, literature review, 12625
Skedsmo-SIA-follow up program, identification & prevention of emotional & marital problems during pregnancy & 1st yr following birth, families in need of support, 13362
smoking status & carbon monoxide levels during pregnancy, prenatal outpatients, 12632
sociocultural factors & ethnicity & language & working status & time of migration, use of health care facilities for perinatal care, 16–41 yr old pregnant Mexican Americans, 10964
stress & mental health during pregnancy & childbirth, 13328
suggestions for laboratory research, effects of alcohol on pregnancy outcome, 12336
symptom proneness & stress, prediction of general adaptational distress symptoms during pregnancy, females with mean age of 22 yrs, 1057
ultrasound examination with high vs low feedback, anxiety, 18–32 yr old primiparous females, 1683
voluntary vs compulsory treatment & death rate & pregnancy-related problems, drug dependency, adolescents & young adults, Denmark & other Scandinavian countries, 13455
Pregnancy (False) [See Pseudocyesis]
Prehension [See Motor Development]
Prejudice
dramatic plays, reduction of racial prejudice, 4th–6th graders in urban public school, 13605
individual differences in masculinity & femininity & androgyny, prejudice & categorization, males vs females, implications for cognitive bases of stereotyping, 12692
multidirectional program on victimization by prejudice & racial discrimination, Black 21–57 yr old college students, South Africa, 13209
race of victim & presence of nonresponsive bystanders & prejudice, helping behavior, White female college students, 3389
Preliminary Scholastic Aptitude Test [See Coll Ent Exam Bd Scholastic Apt Test]
Premarital Counseling
guidelines for premarital group counseling, committed couples, 1741
model of premarital acquaintance service, 8357
relationship enhancement program, relationship adjustment & trust & intimacy & empathy & communication, premarital couples, 10881
Premarital Intercourse
incidence of sexual experiences with partner of same sex & animals & group sex & sex differences in masturbation & being rape victim & premarital intercourse, college students, 1974 vs 1980, 10373
premarital sex with known vs unknown partner by attractive vs unattractive female, morality judgments, college students, 7902

Premature Birth
age differences, mother-child interaction, premature vs full term infants at 6 vs 8 vs 10 vs 14 mo, 10311
Brazelton Neonatal Behavioral Assessment Scale, assessment of development of behavioral responses, premature infants, 127
complications during neonatal period, developmental problems, preterm children from birth to 5 yrs old, longitudinal study, 3778
early parent-child interactions, subsequent development, premature infants, literature review, 736
maternal nicotine & caffeine, offspring size & growth rate & cognitive function & premature delivery & spontaneous abortion & stillbirths & neonatal deaths & congenital anomalies, humans & animals, 5252
maternal ratings of cries, 38–42 wk old full-term vs low-risk preterm vs medium-risk preterm infants, 3031
maternal separation & deprivation following delivery, mother-child relations, premature infants & mothers with mean age of 24 yrs, Nigeria, 932
neonatal development, preterm newborns, 10107
performance on Brazelton Neonatal Behavioral Assessment Scale, 37–42 wk olds who were premature vs full term in intensive care vs healthy full term with prolonged hospitalization vs healthy, 740
premature birth, performance on Denver Developmental Screening Test, infants from birth to 13 mo, 7619
use of microcomputer in contingency intervention system, 3–6 yr olds with Down's syndrome & premature 5 mo olds, 3882
validity of risk index of reproductive & birth & environmental factors, prediction of cognitive & language development, preterm vs full term 1 yr olds, 2-yr followup, 9445
ventilatory response to 100 vs 15 percent oxygen during wakefulness vs REM vs non-REM sleep, preterm infants with mean gestational age of 32 wks & mean postnatal age of 31 days, 12404
visual following of moving objects, full-term vs premature infants, 7686
Premature Ejaculation
desensitization therapy, sexual impotence & premature ejaculation, 25–50 yr olds, 1573
Premenstrual Tension
abnormalities of sexual history & premenstrual affective syndrome, 14–45 yr old female inpatients with schizophrenia vs depression &/vs borderline personality disorder, 5729
reported symptoms during premenstrual & menstrual cycle phases, 18–35 yr old females, implications for premenstrual distress as single construct, 13105
Premorbidity
child demographics & parental loss & deprivation factors & adult sociodemographic factors & social class & employment status & religious participation, mental disorders, 18–64 yr olds, 1223
current status of research, depression & subsequent cancer, literature review, 12782
diagnosis according to current diagnostic criteria vs dimensions of premorbid adjustment & paranoid symptomatology & chronicity, schizophrenics, 1166
factors in early development & personality in premorbid period, severity of schizophrenia, twins, 3603
formulae for prediction of premorbid intellectual functioning, children, reply to criticism by C. R. Reynolds & T. B. Gutkin, 216
life change & long term stress & narcissistic disturbances, development of pulmonary tuberculosis, 20–45 yr old patients, 7–8 yr followup, 10730
Premorbid Adjustment Scale, measurement of premorbid developmental goal achievement & identification of those at high risk for chronic hospitalization & readmission, schizophrenics, 7993
premorbid personality & precipitating factors & symptoms & heredity, schizophrenic-like states, literature review, 3618
premorbid personality traits & alcohol & drug abuse & psychopathology & stress, relief from neuropathic pain through thalamic stimulation & psychiatric treatment following continued pain, patients, 6368
previous psychiatric treatment & psychological factors, prediction of recovery following open heart surgery, patients, 1-yr followup, 10973
validation of & normative data for Nelson & McKenna's formula, estimation of premorbid IQ, healthy 18–84 yr olds & brain damaged patients, 233
Prenatal Development [See Also Embryo, Fetus, Prenatal Developmental Stages]
adaptive significance of sequential nature of sensory systems maturation in embryogenesis & neonatal period, neurogenesis & perceptual development, infants, literature review, 489
birth in litters with vs without male siblings, testosterone-induced adult mounting behavior, female rats, 686
economic analysis of benefits of prenatal screening for spina bifida, 13319
effects of maternal behavior on fetal well being & role of physician in cases of suspected abuse of fetus, 3682
ethanol with vs without 2-ethoxyethanol administration during pregnancy, maternal weight gain & pregnancy duration & offspring neuromotor ability & open field behavior & level of activity, rats, 662
in utero drug abuse due to maternal drug addiction, arousal & irritability & muscle tone fluctuations & motor development & sleep & crying patterns, 38–40 wk old infants of 17–29 yr old drug dependent mothers, 12396
marihuana use during pregnancy, length of gestation & maternal weight gain & offspring behavior & development up to 1 yr of age, females, 5231
marihuana use, pregnancy & labor & delivery & neonatal meconium staining, females with mean age of 23.7 yrs & their infants, 5234
maternal alcohol consumption during pregnancy, fetal development & disorders, humans & animals, literature review, 10022
maternal delta-9-tetrahydrocannabinol, visual attention, monkey offspring, 5233
maternal drug & obstetric medication exposure, development, fetuses & infants, annotated bibliography, 1961–80, 8535
maternal ethanol &/vs nicotine, offspring stillbirths & neonatal deaths & activity & operant performance, rats, 651
maternal methadone exposure during gestation &/or lactation & age, analgesic response to hot plate test, rats, 5281
maternal methadone maintenance & age, motor & state functioning, infants observed at 1 day & 1 mo of age, 6503
maternal methadone maintenance, motor functioning, infants assessed at 1 day & 4 mo of age, 5250
maternal methadone use during pregnancy, health & development & behavior, infants, literature review, 10005
maternal narcotics use during perinatal period, effects on children & neonates & fetuses, literature review, 10019
maternal vitamin A palmitate dose, ultrasonic vocalization over clean vs soiled bedding as measure of developmental toxicity, rat pups, 584
model based on L. Guttman's facet theory, study of effects of maternal methadone maintenance on development, infants, 5251
neurochemical disturbances leading to end stage neuron development problems, etiology of infantile autism, 1135
prenatal &/vs postnatal exposure to odor, elicitation of 1st nipple attachment, suckling rats, 538
prenatal barbiturate, exposure, humans & animals, literature review, 7565
prenatal exposure to methadone & heroin, neonatal abstinence syndrome & organizational & perceptual abilities & cognitive functioning & adjustment & level of activity, humans & animals, 5241
prenatal glutethimide, orienting-motor behavior in 1st vs 2nd generation & running periods & urination frequency following maze training, rat offspring, 10018
prenatal lead, acquisition & extinction of learning, rat pups, 694
prenatal methyl mercury & postnatal dextroamphetamine, avoidance & DRL task performance, male rats, 606
prenatal methyl mercury, brain methyl mercury content & activity, neonatal rats, 607
prenatal nicotine & age, spontaneous alternation & response to novelty & brightness discrimination & reversal, neonatal vs adult rats, 626
prenatal prednisolone, birth & weaning weight & eye opening & walking & gripping ability, female mice, 612
prenatal testosterone propionate, maternal behavior, virgin female rats, 625
prenatal vs early postnatal levo-alpha-noracetylmethadol, level of activity in open field & vocalization & acquisition of detour performance task, chickens, 641
prenatal vs postnatal chlordiazepoxide, swimming & open field activity & cliff & active avoidance, rats, 585
prenatal 1-methadone hydrobromide, postnatal 1-methadone hydrobromide levels in brain & liver from birth to 30 days of age, rats, implications for persistent opiate withdrawal symptoms in rats & human neonates, 649
preventive intervention during prenatal & neonatal & infancy periods, literature review, 8545

subtoxic doses of triamcinolone acetonide during prenatal & neonatal & postnatal periods of brain development, maze exploration & spontaneous alternation, rats, 12283
symmetry of early auditory experience, dendritic tree symmetry in brain stem, chicks, 5161
Ten Question Drinking History in prenatal intake procedure, fetal alcohol education, hospital physicians, 1884
Prenatal Developmental Stages [See Also Embryo, Fetus]
incidence of morphological variants from early vs late prenatal development, 6–17 yr olds with learning disabilities, 8128
Preschool Age Children
abbreviated version of Minnesota Child Development Inventory, screening for developmental difficulties, preschool age children, 197
ability to differentiate agent & patient roles played by animate vs inanimate entities, 2.3–2.9 yr olds, 5340
ability to distinguish between TV programs & commercials, 3–5 yr olds, 10159
ability to inhibit hand movement, learning disabled 5–12 yr olds, 3725
abnormal reflex activity, 4–11 yr olds with speech & language problems, 5901
abstraction & recognition of prototypes, 4–6 yr olds vs college students, 10125
acquisition & generalization of vocal imitation training skills, parents of 3.5 yr old Down's syndrome males, 10962
acquisition & use of pragmatically appropriate word order & development of correct agentive casemaking, Kaluli 2 yr olds, Papua New Guinea, 3156
acquisition of class inclusion concept, 3–7 yr olds, 3131
acquisition of particles "o" & "ga", 4–7 yr olds, Japan, 10150
acquisition of spatial adjective pairs, 4–6 yr olds, 10149
acquisition of suffix "er" in coining agents & instrument nouns, 3–6 yr olds, 771
activity program with music as stimulus & contingent reward, verbal responses & spontaneous speech, physically handicapped 3–5 yr olds, 1555
adenosine deaminase activity, autistic vs mentally retarded vs cerebral palsied 4–22 yr olds, 7977
age & audio &/vs visual presentation, immediate vs long term memory for advertised products, 3–5 yr olds vs kindergartners vs 2nd graders, advertising implications, 7692
age & awareness of ability hierarchy in running task & information seeking & selection of competitor, development of social comparison, 3–6 yr olds, 872
age & expressivity, production vs discrimination of own facial expressions, 3–5 yr olds, 3202
age & intention & outcome of actor & age of S, magnitude of reward vs punishment assigned to actor, kindergartners vs 3rd vs 6th graders, 10088
age & labeling vs sentence repetition vs interrogative elaborations, incidental vs intentional paired associate learning, 5–7 vs 10–13 yr olds, 3150
age & mental retardation & neuropathology, diagnosis & threshold determination using electric response audiometry, 2 mo through 5 yr olds & adolescents & adults, 8240
age & order of intention & consequence information presentation, information integration & moral judgments, kindergartners vs 3rd vs 6th graders, 10098
age & presentation of pictures in category groups vs randomly, constrained vs free recall, 5 vs 8 yr olds vs adults, 10172
age & reading instruction, reading achievement, 5.2–7 yr olds, 7651
age & self control, memory for locations, 18–30 mo olds, 7670
age & sex & IQ & instruction, generalization of science concepts, kindergartners vs 3rd vs 5th graders, 5343
age & sex & IQ, social & cognitive aspects of play, educable mentally retarded vs learning disabled vs behavior disordered 3–6 yr olds, 3519
age & sex & realistic vs stylistic picture style & content & information about picture, picture apperception, 5–9 yr olds, 3092
age & sex differences, motor performance, 3–6 yr olds, 7618
age & sex, play with familiar vs unfamiliar peer, 37–64 mo olds, 10245
age & sex, use of color terms, kindergartners through 5th graders, 5389
age & speech features, judgments of age appropriateness of speech characteristics, 4–17 yr olds, 836
age & stage of sleep vs wakefulness, lower limb cutaneous polysynaptic reflexes, 3 day olds through 3 yr olds, 5394
age & walking vs crawling ability, exploration away from caregiver, 12–36 mo olds, 870
age, affective expression, 25–39 vs 44–61 mo olds, 10230
age, development of part-whole picture perception & role of educational conditions, 4–8 yr olds, 10170
age differences & warning interval, speed & maintenance of alertness, 5 vs 8 vs 19–24 yr olds, 801
age differences, ability to correct positive vs negative sentences, 18–36 mo olds, 5378
age differences, ability to process conflicting information in search for hidden objects, 1.1–2.2 vs 2.3–2.9 yr olds, 832
age differences, ability to use taxonomic class & complementary relationships in picture recognition, 2–5 yr olds, 826
age differences, compensation & conservation of liquid task performance, 3–4.5 yr olds, 10168
age differences, management of commons dilemma, same-age & same-sex groups of 3–16 yr olds, 5572
age differences, social language during problem solving, 3–5 yr old same age dyads, 813
age differences, spatial cognition & gathering strategies, 1 vs 3 vs 5 yr olds, 10131
age differences, understanding of food & nutrition, kindergartners vs 3rd vs 6th graders, 3172
age differences, understanding of meaning vs strength of auxiliary verbs, 3–6.5 yr olds, 5360
age, effects of practice & performance-contingent vs noncontingent visual feedback & performance on previous trial, simple RT, 4 vs 10 vs 20 yr olds, 803
age, problem solving strategies in multiplicative classification task, 4–7 yr olds, 3075
age, syntactic & semantic & extralinguistic control of language & developmental progression between sentence comprehension & production, children with mean ages of 3.5 vs 4.1 vs 4.8 yrs, 3120
age, vowel duration as cue to postvocalic consonant voicing, 3 vs 6 vs 15–28 yr olds, implications for children's acquisition of voicing & for perception, 7668
age vs mean length of utterance, expression of development of phonological processes, 21–48 mo olds, 815
aggression & attention-seeking & imitation during free play, development of sense of humor, 38–75 mo olds, 10246
analysis of social interactions & remedial discourse with finite-state grammar, kindergartners through 4th graders, 95
animal movement in Rorschach responses, diagnosis of phobia, 4–11 yr olds, 3554
anxiety, etiology of stuttering, 2–3 & 23 & 25 yr olds, 8156
attendance at nonsexist vs traditional day care center, sex role behavior, 4–6.5 yr olds, 5415
attribution & delay of gratification ability & praise & monetary reward, intrinsic interest, kindergartners & 4th graders, 3059
auditory octave generalization, 4–9 yr olds, 5387
awareness & empathy towards others' feelings, shared feelings & affective role taking, Anglo & Mexican American 66–109 mo olds, 3217
awareness of gender constancy & pleasant vs unpleasant modeling activities, imitation of same- vs opposite-sex model, 35–74 mo olds, 877
background characteristics & speech articulation & language & motor development & intelligence & behavior problems, 5 yr olds with bilateral otitis media with effusion, 1422
behavior as surrogate parent to male vs female infant sibling in presence of stranger, male vs female 2.5–4.8 yr olds, 12518
behavioral responses & defensiveness toward tactile stimulation, developmentally delayed 2–6 yr olds, 7962
behaviorally oriented parent training programs, improvement of child's behavior, foster parents of behaviorally disordered 2–17 yr olds, 1-yr followup, 6253
block stacking task requiring knowledge of relations between numerosity & density, partial knowledge & self correction, 2.8–6.2 yr olds, 3174
brain stem auditory & visual & somatosensory evoked potentials, 4.5–39 yr olds with leukodystrophy, 3819
breast feeding practices, intelligence & language development, children at 3 & 5 & 7 yrs of age, New Zealand, 12421
Bruininks-Oseretsky Test of Motor Proficiency vs Southern California Sensory Integration Tests, screening for occupational therapy referral, learning disabled 4.8–12.2 yr olds, 4810
categorization in natural language hierarchies, 2 & 3 yr olds, 10126
cerebral lateralization, 3 & 4 yr old males vs females, 5367
characteristics & assessment & intervention, learning disabilities, preschool age children, literature review, 1324
characteristics of day care centers, quality of social environment & social & cognitive development, preschool age children, 7820

child & parent characteristics, children's adherence to regimen of stimulant medication, parents & their hyperactive 5–9 yr olds, 1613
child development program, assessment of future school success & potential learning problems, 3–6 yr olds, 1323
childhood development & prevention of developmental disorders, 4 yr olds, 5-yr longitudinal study, 12797
chlorpromazine & operant conditioning, encopresis, 4 yr old male, 8383
chromatographic profiles of urinary peptides & protein-associated peptides, autistic 4–19.4 yr olds vs psychotic 6–15.4 yr olds vs 9 yr olds with minimal brain dysfunction vs attention deficit disorder vs mentally retarded 3.8–15.1 yr olds, 1098
circling movements, 5 yr old female with left anterior temporal lesion resulting from presumed viral encephalitis, 5943
class & conditional logic abilities, gifted vs normal 5–10 yr olds, 828
cognitive & moral competence & social authority in development of cooperation, 4–5 yr olds, 5433
cognitive attitudes & logical thinking, 3–14 yr olds, 7698
cognitive complexity & social perspective taking & communication adaptation ability, ability to handle conversational deviance, 3.4–11.4 yr olds, 10186
cognitive/social stimulation in home environment & sex typing in child's room, 3–6 yr olds from intact/mother working vs nonworking vs divorced/mother working families, 3048
collaboration with network personnel in community, preventive intervention in longitudinal developmental study, 4–8 yr olds, 12398
communication game precuing, production of view-specific drawings, 5–6 vs 7–8 vs 9–10 yr olds, 10162
communication problems, dysphasia & autism, 5 yr old female, 3748
communication with peers & adults, cognitive development, infants & preschool age children, 7672
comparison & conservation & prediction tasks, ability for dimensional analysis, 3–5 yr olds & mentally retarded 9–14 yr olds, 8136
complications during neonatal period, developmental problems, preterm children from birth to 5 yrs old, longitudinal study, 3778
comprehension & recognition of semantic relations between nouns, 4–8 yr olds, 3158
comprehension of mediate causal transmission & use of transitive inference, 3 vs 5 yr olds, 824
comprehension of TV concepts, 4–13 yr olds, 3074
concept of family structure & members, kindergartners vs 2nd vs 4th graders vs college students, 12422
conceptions of sex role stereotypes of toys & adult occupations & table manners & natural law, kindergartners vs 2nd vs 4th vs 6th vs 8th graders, 3188
conceptual tempo, cognitive development, 5.5–10 yr olds, France vs US, 5339
concurrent validity of McCarthy Scales of Children's Abilities with Wechsler Preschool & Primary scale of Intelligence & WISC-R, 4–8.5 yr olds, 2417
concurrent validity of Peabody Picture Vocabulary Test-Revised & McCarthy Scales of Children's Abilities, at-risk 3.9–4.8 yr olds, 9380
concurrent validity of Revised Developmental Test of Visual-Motor Integration with Bender-Gestalt, assessment of visual-motor development, emotionally disturbed 5–12 yr old males, 2425
configurational cues, memory for line orientation, preschool age children, 10137
conflict, expression & reduction of anxiety through play, 38.3–58.6 mo olds, 5403
congruence between content of sentences & associated object &/vs subject in pictures, learning from sentences, 3–4.6 yr olds, 12439
congruence of child discipline views, 4–6 yr olds & their parents, 3251
conservation of continuous vs discontinuous materials, kindergartners vs 1st vs 2nd graders, 10176
context, word order in expression of locative propositions, Hindi-speaking 42–54 mo olds, 3138
contexts for self correction of utterances, 4–5 yr olds speaking Swiss-German, Switzerland, 3123
contingency judgments about chance & skill outcomes, recognition of noncontingency, kindergartners vs 4th vs 8th graders vs college students, 3171
corrective vs noncorrective feedback with vs without candy, rate of acquisition & maintenance & generalization of printing, 4.5–5 yr olds, 12418
correlation between scores on Peabody Picture Vocabulary Test-Revised & McCarthy Screening Test, 4.9–5.7 yr olds in kindergarten screening program, 11418
cost, value of reward, 4–5 yr olds, implications for intrapersonal comparator system, 5454
counting behavior, 4 yr old male, 3141
creativity & socioeconomic status, leadership, kindergartners, 10095
cultural differences, graphic representation of models, 4–6 yr olds, Taiwan vs US, 10148
cultural traditions & social roles of women, sex trait stereotypes, 5 & 8 yr olds & college students, India & Pakistan, 5468
day care circumstances, social development & behavior, 2–3 yr olds, 10218
day nursery attendance, socialization & separation reactions, children under 4 yrs of age, Finland, 5434
demographic characteristics & play behavior & peer relations & parent child relations, traditionally vs nontraditionally sex-typed females aged 4–12 yrs, 5423
design of play environments, 3 yr old & younger, 3054
designation as high risk at birth vs referral from clinics, incidence of hearing loss, children from birth through 6 yrs, 8209
development & validity of Home Environment Questionnaire, 5–16 yr olds, 7078
development of awareness of negation as prerequisite to reversibility, 5–10 yr olds, 7682
development of forethought, 3–18 yr olds, 10191
development of ideas about means of production & ownership & parental influence, 4–13 yr olds, 10122
development of knowledge about relationships between objects & actions in play, 22 & 24 & 26 mo olds, 12405
development of orthographic knowledge, 4–10 yr olds, 7653
development of perspective taking & knowledge of social roles, use & understanding of polite forms of communication, 3 vs 5 yr olds vs adults & 4.1–6.8 yr olds, 7620
development of play behavior & mother-infant interaction, normal vs Down's syndrome & motor impaired & developmentally delayed 3–36 mo olds, 3508
development of sexual identity, 3–11 yr olds raised by lesbian mothers, implications for child custody, 7719
development of transitive inference skills, 4–10 yr olds, 10158
development of visual acuity assessed by operant preferential looking, 5 mo to 5 yr olds, methodological comparison with forced choice studies, 7675
developmental age changes, selective search strategies, 5 & 8 & 11 yr olds & adults, 3168
developmental changes in discourse structure, 3–6 yr olds, 10138
developmental differences, verticality & spatial area judgments, 5–11 yr olds, 10161
developmental problems & psychopathology, 36–186 mo old fetal alcohol syndrome patients, 1114
developmental similarities & differences, male chimpanzee & human through age 4 yrs, 4996
diagnosis & habilitation, learning difficulties, at-risk 5 yr olds, 12986
diagnostic comparability of brain stem evoked potential vs behavioral audiometry, 6 mo through 12 yr olds, 45
diagnostic properties of neuropsychological assessment method, 5–6 yr olds with neurological diagnoses vs normal children, 13046
dietary carbohydrates, hair cadmium & intelligence & school achievement, 5–16 yr olds, 12397
difficulty in encoding theme of pictured sequences, comprehension of temporal/causal relations & demonstration of skills, Ss with mean age of 5.1 yrs & Black Ss with mean age of 4.7 yrs, 827
digraphs & pseudowords, phoneme tapping task performance, 5–6 yr olds, 10200
direct vs observational learning, selective attention to stimulus components & retention, 5.9–6.8 yr olds, 10178
discrimination of pitch direction with verbal vs gestural vs performance based response modes, male vs female 4 vs 5 yr olds, 10204
discrimination of place & size & order in recognition & reproduction & recall, 5.6–17.5 yr olds with Down's syndrome., 8151
display & knowledge of sex related motor behavior, male vs female kindergartners vs 2nd vs 4th vs 6th vs 8th vs 10th vs 12th graders, 3118
Down's syndrome, family functioning, mothers or guardians of retarded 4–14 yr olds, Greece, 1301
Down's syndrome vs orthopedically handicapped vs nonhandicapped 4 yr olds in need of help, inclinations about who to help first & why, kindergartners through 4th graders, 10492
dry-bed training, 5.3–9.5 yr olds with severe nocturnal enuresis, 4023
early identification of auditory imperception & receptive language disorders & language delay, remediation through parents, preschool children, 5917

early intervention programs, cognitive development, children 3 yrs old or younger, literature review, 6674
early malnutrition, mental & physical development, 6–24 mo olds, 3-yr followup, 3795
EEG correlates of attention during habituation/dishabituation of orienting response, 3–10 yr olds, 12420
effectiveness of program to train parents of physically handicapped children to develop movement in specific joints of child's body, parents of 2.8 & 3.7 yr olds, 8673
efficacy of early evaluation & educational vs medical model, learning disabilities, kindergartners, longitudinal studies, literature review, 8153
emergence of semantic-syntactic structures, variability in developmental dysfluency, nonstuttering 2 yr olds, 7643
EMG biofeedback-assisted relaxation, remediation of stuttering, 4.3 yr old male, 8519
English vs Polish vs Shona language & age differences, immediate recall of word lists, 5 vs 9–10 vs 14–15 yr olds vs adults, 837
epidemiology of behavior problems, preschool age children, Britain vs US, 3665
epidemiology of day & night enuresis & emotional & intellectual development, 3 yr olds, 7629
epidemiology of motor & visuo-perceptual deficits, 5 & 6 yr olds born to mothers with mean age of 39 yrs vs 28 yrs, 8194
epidemiology, physical & mental disorders, 3.5–5.5 yr olds at risk for handicaps at birth, 7979
ethnic preferences & identification, White vs Indian 5–7 yr olds, Canada, 7712
etiology & neuroleptic treatment, organic psychosis, 5 yr old female, 4083
evaluation of consultation service at psychodiagnostic clinic, 3–16 yr olds with school problems, 8990
experience & home & nursery school & kindergarten environments, psychological development, infants & young children, literature review, 11151
experience in psychiatric care unit, young children with disorders associated with family crisis, 1755
exposure to different televised food messages, snack choices, 5–8 yr olds, 738
exposure to mentally retarded & physically handicapped children, attitude change, nonhandicapped 4–5 yr olds, 11275
extended family structure, behavior problems & overall development, 3 yr olds, 7609
extraversion & emotional stability, unwed biological mothers vs adoptive families & 3–18 yr olds, 430
facial screening, trichotillomania, developmentally disabled 3–9.5 yr olds, 6217
factor analysis, task battery measuring sequential vs simultaneous processing, 3–4.5 vs 5.5–6.5 vs 7.5–8.5 vs 10.5–12.5 yr olds, 154
factor structure of Behavior Problem Checklist, male vs female Mexican- vs Anglo-American 3–5 yr olds, 177
factor structure of State Trait Anxiety Inventory for Children, kindergartners through 4th graders, 11655
family correlates, social adjustment following parental divorce, 2–18 yr olds, 10250
family participation in psychoeducational assessment conferences, assessment information & client satisfaction & follow-through on decisions, 4–17 yr olds with learning & behavior problems, 10488
family pathology & social work treatment, psychosocial dwarfism, 4–8 yr olds, 1423
fathers' involvement with childcare, cognitive ability & behavior, 5 yr olds from 2-parent families, 3145
feedback on referential performance, subsequent ability to identify objects, 45–63 mo olds, 7662
film vs pictorial illustration of procedure, procedure learning, 4–8 yr olds, 802
free access to art materials without instruction in use, development of use of line & imitative writing, 4 & 5 yr olds, 12432
free-play behavior, mildly vs moderately retarded 32–42 mo olds, 5871
frequency of vs no home visits by paraprofessionals trained to work with parents, school achievement, disadvantaged 4 & 5 yr olds, 2-yr longitudinal study, 13674
gaze shifts, oculomotor functioning, 5–8 yr olds, 7666
general attentional & specific-relevant cue training, Piagetian tasks of number development, kindergartners, 3121
genetic counseling in school for deaf, 1.5–21 yr olds, 6829
goals & expectations & teaching styles with children in childcare centers or preschools, mothers vs teachers, 10321
grammatical form & part of speech & syntactic function of missing words & semantic content of context, sentence comprehension, 3–13 yr olds, 3151
group vs individual parent training, knowledge of behavior modification & teaching of self help skills & management of behavior problems, parents of moderately to severely retarded 3–15 yr olds, 8390
handedness & handwriting, children followed from 3–6 yrs of age, 7601
hearing aids, functioning intelligence, children with mean age of 4.5 yrs with bilateral sensorineural hearing loss, 4132
hearing and language development, infants at risk for hearing loss, 3-yr longitudinal study beginning at or before 60 wks of age, 3806
helpfulness, male vs female 3.1–4.6 vs 4.7–5.8 yr olds, 862
herpes simplex virus antibodies, 2–15 yr olds with vs without conduct disorders vs emotional disorders vs hyperkinesis vs anorexia nervosa vs infantile autism vs borderline schizophrenia, 5691
Holbrook Screening Battery, prediction of reading achievement 4 yrs later, 4.8 yr olds, implications for reduction of reading disability, 11383
home & nursery school behavior & mother's childrearing attitudes, male vs female 2 yr olds from father-absent mother-headed families, 3223
home based behavioral training with vs without feedback with vs without cuing, deviant child behavior, 28–31 yr old parents of 2.1–8.2 yr olds, 6254
home environment & neonatal reflexes, motor & cognitive-motor performance, 4 yr olds, longitudinal study, 3126
Home Observation for Measurement of Environment & intelligence scores, preschool age children, 5-yr longitudinal study, 12413
home vs training setting & child management & planned activities training, reduction of child deviant behavior, families with difficult-to-manage 3–5 yr old males, 1531
Houston Parent-Child Development Center program, behavior problem prevention, low income Mexican American 1–3 yr olds & their families, 4148
human figures drawing, assessment of body image difficulties, 4–16 yr olds with cleft lip & palate, 9395
human growth hormone replacement therapy, IQ & academic achievement & emotional functioning, 4–18 yr olds with hypopituitarism, 4051
hyperlexia & inability to form superordinate schemata, relationship to dyslexia, 5–11 yr olds, 1318
hyperlexia, mentally retarded & autistic & language disordered 4–17 yr olds, 7956
imitation & production & comprehension of passive sentences with "get", children with mean ages of 4.6 vs 6.1 vs 8.5 yrs, 10146
incidence of mental retardation & epilepsy & other associated deficits, 1–6 yr olds with extrapyramidal cerebral palsy, 1401
income & education & rural vs urban residence & birth order & family size, parental acceptance, mothers of 2.5–5 yr olds, 934
independence vs additive components vs maximum rule model, prediction of multiple coding in memory performance, kindergartners vs 5th graders, 7655
individual & group therapy, abused 2.5–4 yr olds, 8312
individual differences, conversational style, mothers of 2.4–3 yr olds, 5505
induced emotional states, letter discrimination, disadvantaged 4–6 yr olds, 3112
inferences in pronoun comprehension, 4–6 yr olds, 10206
information & cognitive maturity, altruistic decision making & donating behavior, 4.2–5.3 yr olds, 3238
initial normative & psychometric data of selective reminding measure of learning & memory, potential utility in clinical neuropsychological assessment, 5–8 yr olds, 2462
instrumental consumption of food under FR schedule, role of response deprivation & overjustification in food preference shifts, 3.6–4.5 yr olds, 7603
intelligence & visual perception & psycholinguistic ability & incidence of psychopathology, 48–120 mo olds of alcoholic vs epileptic mothers, 5689
interpersonal interactions with peers & psychostimulant & behavioral treatment & social skills training, hyperactive 1st–6th graders & 5–9 yr olds, 6085
intonation contour & word order & age & linguistic competency level, development of pragmatic strategies, 2–4 yr olds, 7669
intrapsychic disruption & types of anxiety & defensive projective fantasies, 3–6 yr olds with life threatening malignancies, 1400
IQ & cognitive function & personality traits, Turner's syndrome 3–21 yr olds, 3822

IQ & socioeconomic status & sex, activity choices in nursery school & cognitive socialization, 4 yr olds, 5326
item analysis of Leiter International Performance Scale in terms of perceptual & conceptual content & interpretation of Leiter IQ, language disordered vs normal 4.4–5.5 yr olds, 7023
knowledge of effects of noise & interest level on attention, 3–4 yr olds, 3137
length of visual deprivation, visual evoked potentials, 5–8 vs 13–15 yr olds with congenital vs traumatic cataracts, 10712
level of temporal competition between speech stimuli in dichotic listening task, performance, 3 vs 4 vs 5 yr olds, 839
liberal & authoritarian & nonmoralistic discipline of mothers, aggression-anxiety, 5 yr old males & their mothers, 3210
linear &/vs nonlinear stimulus configurations of equivalent cardinal tasks, cardinality performance, kindergartners & 1st graders, 5368
linguistic ability/cognitive functioning link in linguistic reversibility, 5–8 yr olds, 3103
lottery reinforcement for parents' training accomplishments, language skills, 2–2.5 yr old handicapped children, 4037
mainstreaming, preschool age handicapped children, literature review, 8960
Markov process model, developmental analysis of conversation about social transgressions, kindergartners through 4th graders, 3060
matching happy vs sad vs surprised vs angry facial expressions with identical vs generally similar expression, 3–5 yr olds, implications for levels-of-processing effect, 3248
maternal authoritarianism, child's cognitive performance, 3–4 yr olds & their mothers, 3083
maternal labor force participation, 2-parent families with 3–18 yr olds with cystic fibrosis vs cerebral palsy vs myelodysplasia vs multiple physical handicaps, 1351
mean length of utterance, developmental dysfluency from 1-word utterance stage to emergence of syntax, nonstuttering 2 yr olds, 7644
medical & genetic factors, mentally retarded 4–20 yr olds with inborn or early-age cataracts, 8139
memorization strategies in picture recall task, 3–7 yr olds, 3133
memory for left-right relationships, 22–35 mo olds, 7636
mental ability, well-nourished vs malnourished 2–6 yr olds, 13058
mental disorder of parent & family interactions, school achievement & adjustment, 4 vs 7 vs 10 yr olds, longitudinal studies, 4408
message length vs quality, judgment of adequacy of communication, 5 yr olds, 831
metacognitive guidance regarding message ambiguity, understanding of ambiguity as cause of communication failure & verbal referential communication skills, 4.3–5.3 yr olds, 5384
metalingistic awareness & cognitive development, reading, S from 2.6 through 3.6 yrs of age, 5391
metalinguistic awareness & language development, 3–4 yr olds, 7689
method for evaluation of effects of drug therapy in schools, 3–18 yr olds with attention deficit disorder with hyperkinesis & emotional disturbance, 8471
methodological problems, study of pronominalization & development of grammatical marking of thematic structure in discourse, English or French speaking 4–9 yr olds, 3122
methylphenidate, childhood-onset pervasive developmental disorder, 5 yr old male, 8478
methylphenidate dosage, paired associate learning, 5–11 yr old males with attention deficit disorder with hyperactivity, 6280
microcomputer system, reading instruction, deaf 2–6 yr olds, 13699
Missouri Children's Behavior Checklist, assessment of risk for developmental & learning disabilties & behavior disorders, preschool age children, 198
mixed- vs same- age group play, preferences for same sex playmates, 2–5 yr olds, 855
modeling, stuttering, 5–22 yr old males, 8515
modeling technique in elicited imitation task, production of semantic relations, 20–28 mo olds, 3090
Montessori-based therapy, 5–13 yr old inpatients with perceptual problems & clumsiness & hyperactivity & emotional impulsiveness & immaturity & speech retardation, 13392
moral development, kindergartners through 6th graders, US vs Switzerland, 12403
mother-child interactions, hyperactive vs normal 2–6 vs 7–9 yr olds, 3820
multiple referent sampling of dominance & dependency behavior, construct coherence & cross situational generality, 3–5 yr olds, 9368
music therapy & games, creation of transitional space, 3–5 & 7 & 10 yr old psychotic or autistic children, 13119
needs of children under 5 yrs of age, surveyed organizations, UK, 4117
neurological assessment, hyperactive vs enuretic vs normal 5–13 yr olds, 8222
neurological status & time pressure during spatial constructive task, visuomotor behavior, male vs female 4–6 yr olds, 12428
neuropsychiatric test battery, assessment of developmental changes in cognitive functioning & motor control & perceptual abilities & vigilance & neuromaturational status, 4–14 yr olds, 2441
nocturnal epilepsy presenting as behavior problem, 5 yr old male & 9 yr old female, 5950
nonlinguistic knowledge of equivalence & hemispheric laterality & conservation of inequality, 4–5 yr olds, 5356
nonverbal Piagetian tasks, elimination of confounding effects of linguistic & attention deficits in assessment of cognitive development, autistic vs normal vs trainable mentally retarded 4–9 yr olds, 2407
normative data on Purdue Pegboard Test, right handed 2.5–5.9 yr olds, implications for neuropsychological screening, 2486
novel museum setting, exploratory behavior, 3–5 vs 6–8 yr olds, 3119
number of animate & inanimate components produced in pretend play & language, 19 vs 22 vs 25 vs 28 mo olds, 3025
number of questions answered per pictorial stimulus, pictorial aid to comprehension, middle vs lower socioeconomic status 3.6–5.2 yr olds, 3113
number of siblings & birth order & ethnic & age & sex differences, cooperative-competitive social behavior, 5–12 yr old Anglo Americans vs Mexican Americans, 863
observation of multidimensional grouping vs ordering vs single classification on basis of color &/vs form, multiple classification & seriation skills, 4.5–5.5 yr olds, 3154
occupational therapy, understanding & acceptance of child & building child's self esteem, mothers of 5–10 yr olds with sensory integrative dysfunction, 8667
oral &/vs cuddly comfort habits at 4 yrs of age, subsequent personality development, Ss evaluated at 11 & 16 yrs of age, longitudinal study, 3230
order of acquisition of concept vs words of "front" and "back", 2–3 yr olds, 5371
overcorrection & manual sign language, teaching verbal "yes" & "no" discrimination, autistic 5-yr-old male, 4048
paired associate word vs picture lists, cued recall, kindergartners vs 2nd vs 6th graders vs college students, comparison of stages-of-learning vs traditional interaction analyses of memory development, 3080
paradoxical treatment specifying place & time for tantrums, number of temper tantrums, 5 yr old cerebral palsied male, 1586
parent personality & parenting skills & abuse of mother & father as children, behavior & learning problems & hyperactivity & overdependence & anxiety & bizzare behavior & asthma, multihandicapped 2–11 yr olds, 3521
parent training & group behavior therapy vs individual family behavior therapy, behavior management, parents & their 5–13 yr olds with behavior problems, 8368
parent training, child's deviant behavior, parents of 3–12 yr olds identified as socially aggressive, 6249
parent training in language stimulation, parents of developmentally delayed 1–4 yr olds, 10961
parent training program utilization videotaped modeling, children's behavior problems, mothers & their 3–5 yr olds, 1543
parent-child play home intervention programs, imaginative play, developmentally delayed 3–5 yr olds, 3998
parent-child relations, rule violations, 5–6 yr olds, implications for social-cognitive approach to study of moral development & behavior, 755
parental attitudes prior to child's admission to short term residential psychiatric program, treatment outcome, 4–14 yr old males, 6446
parents' perceptions of diagnostic evaluation & child & parent demographic characteristics, treatment attrition, 5–16 yr old psychiatric examinees, 1468
partially displayed line drawing figure, perceptual integration of accumulated visual data, 3–5 yr olds, 10179
participation in early education, cognitive abilities, 2nd-born children with mean age of 61 mo vs nonparticipating older siblings with mean age of 60.6 mo at testing, 8881
past reinforcement history & present schedule of reinforcement, effectiveness of differential reinforcement, Ss with mean age of 5.8 yrs, 12417

paternal violence & CNS vulnerability & predisposition to psychotic disorganization, impulsive self destructive & homicidally aggressive behavior, 5–12 yr old psychiatric inpatients, 12938
patterns & frequency of dysfluencies & role of linguistic & motor factors, nonstuttering male 2 vs 4 vs 6 yr olds, 5398
perception of & identification with parental sex roles, 3–16 yr olds, 7752
perception of child's social & emotional adjustment & emotional response to hemophilia, mothers of 3–18 yr old hemophiliac males, 1398
perception of person's wealth & health & past & present intent & consequence, development of moral judgment, 5–10 yr olds, 3028
perception of reality of cartoons vs human-fantasy on TV, 4 vs 5 yr olds, 3160
perceptions of child level of fine & gross motor skills & language ability, parents vs teachers of preschool age children, 3063
perceptions of child problems & parenting self esteem & maternal reported stress, parents of hyperkinetic 5–8 yr olds, 13051
performance on WISC-R vs Wechsler Preschool & Primary Scale of Intelligence vs WAIS, 3–19 yr old siblings of autistic children, 5757
perinatal & infant physical status & child development & mother-infant interaction & family ecology & parent perceptions of child, IQ & language skills, infants, 4-yr longitudinal study, 3076
persistence of behavior problems, 3 yr olds, 5-yr followup, 10596
perspective & type of environment, memory for spatial locations, kindergartners & 3rd graders, 786
pharyngeal flap surgery for hypernasality, conditioned dysphagia, 3–14 yr olds with cleft palate, 6350
Piagetian stage & training in social perspective taking, social reasoning, 3.5–7.5 yr olds, 10089
picture description task, language style, male vs female 4 vs 8 vs 12 vs 16 yr olds, 3164
picture pointing technique vs visually reinforced operant task used with infants, assessment of speech discrimination, 4 yr olds, 7676
pimozide vs haloperidol vs placebo, behavioral & autistic & mental disorders, 3–16 yr olds, 10941
platelet MAO activity & serum thyroxine, 3.9–22.5 yr olds with thyroid disorders, 3874
play behavior, preschool age children, Iran vs Turkey, 12458
play behavior with normal vs handicapped peers, 2.5–4 yr olds with cerebral palsy & Down's syndrome & mental retardation & hearing & speech deficits, 3512
play organizing & toy sharing & assistance vs social imitators, participation, normal vs handicapped preschool children & withdrawn peers, 6230
play therapy, eating disorder, 4.5 yr old female, 10850
playfulness & sex, verbal intelligence & divergent thinking, 3.8–6 yr olds, replication of experiment by J. N. Lieberman, 3019
Portage model of home intervention, child skill acquisition & parental depression, handicapped preschoolers & their parents, Wales, 11332
Portage system involving parent teaching at home, severely handicapped preschoolers, UK, 11311
positive vs negative vs object- vs person-oriented reasons for toilet-flushing with vs without daily reminder instruction, toilet flushing behavior, kindergartners, 4046
potential for significant change after 1–3 treatment sessions, 4.5–9 yr olds & families, 8374
practical aspects of language development, preschool age children, 12425
pragmatic & rational approach to psychiatric practice, 5–14 yr olds, Malaysia, 10814
precipitating factors, suicide & suicide attempts, 5–14 yr olds, 3683
predictive factors, outcome as measured by need for methylphenidate hydrochloride, hyperactive 48–92 mo olds with attention deficit disorder, 30-mo followup, 6298
predisposed & distinctiveness-based stimulus salience, classification, 4 vs 11 yr olds, implications for a developmental shift from integral to separable perception, 7632
preference for permissive vs interventionistic mother, 4.5–8.9 yr olds, implications for moral development, 7623
premature mourning vs failure to mourn when critically ill neonate survives & subsequent parent-child difficulties, mothers & 3 & 4 yr olds, 3312
preschool cognitive ability & maternal influences, cognitive development, 11 yr olds, Japan, 8-yr followup, 10154
preschool research conducted at Institute of Applied Social Research for 1968–81, Norway, review & bibliography, 6597
presence vs absence of peers, assignment of starring role in game to own vs others' dolls, 5–7 yr olds, 3229
presumed motivation & releasing factors & conflict development as classification criteria, analysis of aggressive behavior, kindergartners, 5426
pretrial vs posttrial probes in discrimination learning, hypothesis testing strategies, kindergartners, 7641
problem solving training, social adjustment & interpersonal competence, 4 & 5 yr olds & their parents & teachers, 8877
psychoanalytic interpretation of feelings of castration demonstrated at 4 yrs of age, female patient, 6162
psychomotor development & incidence of behavior problems, twins & triplets up to 5 yrs of age, 10192
psychosomatic disorders & depression, young children, 5997
psychotherapeutic techniques, infantile personality disorders, ego disturbed preschool & school age children, 13159
psychotic behaviors, 2–10 yr old oligophrenics, 8155
reading in early childhood, annotated bibliography, 3166
reading readiness, male between ages of 2.5–3 yrs, 12430
recognition of exemplars in drawings, evidence of individual drawing style, college students judging 5 yr olds, 3115
reconstruction of classroom from small-scale model vs life size furniture & performance in isolated location away from referential information, 3.5–5.5 yr olds, 3128
reinforced imitation, development & generalization of generative language, kindergartners through 2nd graders, 5354
reinforcement history, effectiveness of omission training conditions, 4.5–11 yr olds, 768
relationships among cognitive & moral development & role taking ability, 5–14 yr olds, 10103
reliability & validity of Minnesota Preschool Screening Instrument, early identification of educational problems, 2100
reliability of individual differences between Test of Language Development-Primary subtest scores & mean scaled scores, 4–8 yr olds, 9433
role of attorney, contested custody litigation involving preschool age children, 3339
role of imitation in interpersonal interaction, 2.5–3 yr olds, 897
role saliency cues, comprehension of active vs passive sentences, 3 vs 4 vs 5 vs 7 yr olds, 10144
roles assumed in interactions during game playing, male vs female 8–10 yr olds & their best friends & 4.5–7 yr old younger siblings, 3184
RTs in object identification task, 4–6 yr olds, implication for internal representation of objects, 3117
same-different judgments vs discrimination learning tasks with vs without memory component, visual vs tactual discrimination, 5 yr olds & 1st vs 3rd graders, implications for blind children, 5350
scores on Peabody Picture Vocabulary Test-Revised vs McCarthy Scales of Children's Abilities, 3–4 yr olds, 11653
security of attachment at 12 mo, exploration & cognitive mapping abilities, 30–34 mo olds, 785
self & external reinforcement for asking questions in small group, transfer to large group, 5 yr olds, 3099
self concept & group identity & race awareness & decentration & language & cognitive abilities, 3–9 yr old Blacks, 757
self vs adult directed movement & viewing during exploration, spatial representations of novel large-scale environment, kindergartners & 2nd graders, 10183
semantic & perceptual orienting tasks, free & cued recall, 3 & 5 yr olds, 10180
semantic concepts associated with subjects & objects & prepositional phrases of various sentence types, 4–5 yr olds, 3114
semantic network & structure of dinosaur knowledge, 4 yr old male, 7642
sentence type & instruction in discrimination, making necessarily true/contingent & necessarily false/contingent distinctions, 5–6 vs 7–8 vs 9–10 yr olds, 821
sentences with S as agent &/vs recipient of action & presence vs absence of verbal model, verbal performance, 3–5.2 yr olds, 7665
sequence & principles of article use, acquisition of "a" & "the" & "null" & overuse of "the", 2–3 yr olds vs college students, 3178
set size, performance on number conservation tasks of equivalence vs nonequivalence & use of 1-to-1 correspondence, 3 vs 4 yr olds, 780
severe dog bite, personality change & symptoms & subsequent personality development, 20 & 26 & 36 mo olds, 5964
sex & age differences, maternal response to conflict & sibling hostility, 8 & 14 mo vs 26–51 mo old siblings, longitudinal study, 7725
sex & age, separation behavior in natural setting, 12–36 mo olds, 3224
sex & race & social status & gross motor development level, incidence of bruising, 3 yr old children, 13094
sex differences & sex of E conservation ability, kindergartners & 1st graders, 10195

sex differences, contact with novel vs familiar toys, preschool age children, 3191
sex differences, development of overarm throw, 7th graders studied longitudinally from kindergarten through 2nd grade, 7612
sex differences, selectivity of attachment behaviors to mother vs adult female acquaintance, 12 vs 24 mo olds, 10239
sex, encoding & decoding of Italian vs Australian hand gestures, Italo- vs Anglo-Australian 3 vs 6 yr olds, Australia, 5330
sex role preferences & stereotyping, urban vs rural Aboriginal vs White 3–5 yr olds, Australia, 3186
sexual abuse in childhood, subsequent emotional disturbances, 2.5–15.5 yr olds, 1242
sign & oral language development of mother vs child, 2 yr old hearing children of deaf parents, 823
similarity among alternatives, dissonance reduction & postdecisional regret, 5–8 yr olds, 5348
simultaneous speech in 2- & 3-party conversations & conversation management, 4 yr old females, 3204
simultaneous vs delayed presentation, relative length & number judgments, 5 yr olds, 772
social experience & cognitively oriented caregiver activities, cognitive competence & motivation to master environment, 1 & 3.5 yr olds, followup study, 3033
social functioning, blind females with mean age of 49 mo, 10737
social structural variables & sex & age, social competence, 3–5 yr olds in day care centers, 5399
socialization, handicapped 2–5 yr olds, literature review, 5667
socioeconomic & demographic factors, blood lead concentrations, Black vs White vs Hispanic 1–72 mo olds, 1427
socioeconomic status, family & housing characteristics & development, 5 yr olds, New Zealand, 10111
sociometric status, aggressive behavior, 5–6 yr olds, 5467
somatic & emotional symptoms, preschoolers of parents with mental disorders, 7963
space & available resources & attraction to or rejection of others, social interaction, nursery school children, 884
Spanish translation vs English form of Peabody Picture Vocabulary Test, test scores, bilingual 5–12 yr olds, 2430
spatial 2-alternative forced choice staircase technique, measurement of contrast sensitivities, 22 mo to 16 yr olds vs adults, 5344
speech patterns when talking to mothers vs 14 mo old siblings, 2–3 yr olds, 5352
speech retardation, subsequent performance on language & verbal vs nonverbal IQ subtests, 3 yr olds, 2-yr followup, 1342
speech style indicators & social perception & school achievement & demographic characteristics, 5–6.8 yr olds, test of B. Bernstein's sociolinguistic theories, 10087
speech to 2.5–4.9 yr olds during play, cognitive informational content, parents, 7807
spontaneous egocentric vs socialized speech, metaphor production, children with mean age of 5.2 yrs, 12446
stability of McCarthy Scales of Children's Abilities scores over 1-yr period, English- & Spanish-speaking Mexican American 3.9–5.3 yr olds, 9449
standard conditioning vs dry-bed training, enuretic 5–15 yr olds, 2-yr followup, 8389
stimulus fading, elective mutism, 4 & 11 & 15 yr old males, 1562
stressful situations, developmental dysfluency, 2 vs 4 vs 6 yr old males, implications for children diagnosed as stutterers, 7699
structural elements of treatment programs & use of diagnostic classification system for phonological disorders, 3–9 yr olds, 4112
suggestions for diagnosis & parent counseling & referral, stuttering, pediatricians treating 2–6 yr olds, 1673
suprasegmental information in sentences, listening comprehension, 4–6 yr olds, 12412
sustained standing posture, spontaneous physical movement, 3–11 yr olds, 741
syntactic & interpretive factors, development of spoken language comprehension, 5–10 yr olds, 3167
syntactic vs emphatic elicitation procedures, elicitation of verbal auxiliary & copula, 5–66 yr olds, implications for assessment of expressive language, 2366
tactile vs visual vs dichotic stimulation on cognitive tasks, inter- vs intrahemispheric processing, 4–10 yr old hydrocephalics vs 5–9 yr olds with letter reversal problems, 13106
task competence & responsibility, altruism, preschoolers vs 1st vs 6th graders, 7742
task differences, visual accuracy of drawings, 5 vs 8 yr olds, 834
taxonomy of mother's interrogative strategies as facilitating vs fragmenting to child's participation in conversation, mothers & their Down's syndrome children with mean age of 67 mo, 5880
technique for assessment of body image, 3–6 yr olds, 171
techniques for fostering coping skills in preschool age children, caregivers, 6386
temperament patterns, 5–39 mo olds with Down's syndrome or neurological impairments, 7959
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 7957
temple & faith healing, 5–50 yr old psychiatric patients, India, 8298
thematic-fantasy play, story comprehension, kindergartners through 2nd graders, 7681
therapy programs for communication & motor disorders, 2 & 5 & 7 yr olds, 13143
time spent playing with cross- vs same-sex toys during free play, gender-disturbed 5–14 yr olds, 12895
Tower of Hanoi problem solving tasks differing in type of goal state, performance, mentally retarded Ss with mean age of 20.2 yrs vs kindergartners vs 1st–4th graders, 3743
toy play & play tempo & reaction to frustration, 22–26 mo olds, 7731
traditional Piagetian conservation tests with vs without accidental transformation, performance, 5 yr olds, partial replication of experiments by J. McGarrigle & M. Donaldson & P. H. Light et al, 783
traditional toy preference test scores, toy/activity preferences & stereotyped play behavior, 4 yr olds, 3205
training & scores in class inclusion & role taking, 5–7 yr olds, 10097
training in pairs vs alone, multiple classification skills & understanding of left-right relations, 5–8 yr olds, 5336
training program, mothers of handicapped children, 11018
training program, Portage method of structured early intervention, day nursery staff working with mentally retarded, 4275
transformations presented in standard vs natural conditions differing in amount of adult mediation, generalizability of conservation, kindergartners & 1st graders, 799
transgressor responsibility & consequences & motivation & intentions & elaborateness of apology, judgments of blame, kindergartners vs 1st vs 4th vs 7th graders, 10090
understanding of "same" & "different", 3 yr olds vs college students, 833
use of age & relationship criteria in choosing picture of grandmother, dual meaning representations, 5–6 vs 7–8 vs 9–10 yr olds, 3125
use of pointing vs verbal descriptions for reference, 2 vs 4 vs 5 vs 6 vs 9 yr olds vs adults, 812
utterances about internal states, 28 mo olds, 3081
utterances in teacher-directed vs child-directed activities, preschoolers with deficits in vocabulary & articulation & syntactic structure attending speech & language therapy programs, 8162
validity & reliability of Pediatric Pain Inventory, projective measurement of pain perception, 4–19 yr olds vs their parents, 164
validity of behavioral screening questionnaire adapted for parent interview, measure of behavioral adjustment, 3 yr olds, 7048
validity of observational studies & other methodological issues, language acquisition research, very young children, literature review, 46
validity of Preschool & Primary Self Concept Scale, 4–9 yr olds, 4791
validity of risk index of reproductive & birth & environmental factors, prediction of cognitive & language development, preterm vs full term 1 yr olds, 2-yr followup, 9445
validity of Snyders-Oomen Nonverbal Intelligence Scale, 3–6 yr olds, 144
variations in duration of /s/, normal articulating vs misarticulating 4–6 yr olds vs normal 22–35 yr olds, implications for speech motor control capabilities, 8165
varying training setting & objects, generalizing visual discrimination skills to other situations, mentally retarded 5–16 yr olds, special education implications, 6801
verb meanings, development of action categories, preschool age children, 12426
verbal strategies for marking new vs old information, language disordered 4–6.7 yr olds vs normal 1.1–2.5 yr olds, 8164
verbally presented storybook model, achievement task performance & recall of story, 3.5–5.2 yr olds, 10188
vicarious learning of self reinforcement standards, generalization to different task, children with mean age of 5 yrs, 7615
videocourse, early intervention in language development, parents of mentally retarded 3.3–7.1 yr olds, 4004

videotape modeling parent training, child behavior problems & mother-child interactions & confidence in parenting abilities, mothers of 3–5 yr olds, 1-wk & 1-yr followups, 6262
viewing of filmed violence in presence of submissive vs dominant peer, subsequent aggression, submissive 5–6 yr olds, 867
vigilance task, school readiness identification, 5 yr olds, 4518
visual information available during vs after modeling in observational learning, acquisition of conservation concept, 5.8–7.11 yr olds, 12442
voice initiation & termination time, 4.5–6.8 yr old stutterers, 5906
warned vs unwarned time-out procedures, noncompliance to commands, 2–6 yr olds, 8429
weight-for-height & other physical growth variables & socioeconomic status, IQ, 3–6 yr olds, 3056
WISC-R factorial validity, Anglo vs Mexican American vs Black 5–11 yr olds, 4784
WISC-R Verbal vs Performance IQ discrepancy, 4–17 yr olds with acute lymphoblastic leukemia, replication of study by J. A. Stehbens et al, 1384
word meaningfulness, word memory, kindergartners vs 2nd graders, implications for age-related elaboration of semantic memory system, 3086
work penalty threat, fire setting, 4 yr old male, 8392
working alone vs in pairs & existence of intraindividual conflict & disagreement, spatial representation skills, 5–8 yr olds, 735

Preschool Education
affective & psychomotor & cognitive components, curriculum development, handicapped 0–8 yr olds, 11316
applicability of visual literacy & use of camera as teaching tool, early childhood education, 11211
attitudes toward early identification procedures, diagnosis of learning disabilities or handicaps, kindergarten teachers in early childhood graduate course, 8818
cognitive curriculum, early childhood special education, 11379
curriculum development, early childhood education, 11324
development & present status & efficacy of preschool education, handicapped children, 4455
development of early childhood curriculum, handicapped, 11347
early intervention programs, cognitive development, children 3 yrs old or younger, literature review, 6674
employment outlook, early childhood special education teachers, 8802
evaluation of Memphis model & Learning Accomplishment Profile & HICOMP curriculum, early childhood special education, 11370
experimental preschool education program, Peoples Republic of China, 4395
guidelines for preschool compensatory & school readiness programs, South Africa, 6657
importance of attention to skills for future survival in mainstreamed environments in preschool special education programs, 6771
importance of economic analysis skills, securing of public & private resources, early childhood program directors, 1904
individual assessment, curriculum development in early childhood special education, 11315
integration vs separation of handicapped & early childhood education, special education, handicapped students, 8939
issues in interdisciplinary university programs for leadership training in early education & child development, 11164
methods & principles of moral education in childhood education programs, 8879
nutrition education, preschool students, 13610
observational techniques, preschool teachers, 2106
optimum learning environment for 2 yr olds, 1975
participation in early education, cognitive abilities, 2nd-born children with mean age of 61 mo vs nonparticipating older siblings with mean age of 60.6 mo at testing, 8881
preschool as ecological approach to early childhood education, 6596
preschool playground foundation course length, attitude change, part-time adult students, 6628
preschool programs emphasizing cognitive & affective development, low income Black 3 yr olds, followup at end of preschool & 4th grade & high school level, 8880
preschool research conducted at Institute of Applied Social Research for 1968–81, Norway, review & bibliography, 6597
sex vs sex role, sex stereotyped expectations from students, preschool teachers, 1922
training in cognitive uses of language, IQ, culturally deprived 6 yr old male, 6782

Preschool Students [See Also Nursery School Students]
classroom quiet game, disruptive behavior & attention, preschool children, 8878
curriculum development, visually & hearing & physically impaired preschoolers, 11320
efficacy of training in comprehension of storybook tales, 5–6 yr olds, 8828
experimental game play with selected group members, cooperation play, 4 yr old female isolate, 2097
global consolidated vs specific observational measures & intervention, assessment of & increase in rate of interaction, socially withdrawn 2.7–8.9 yr olds, 2006
Integrated Preschool Curriculum vs standard curriculum in mainstreamed vs segregated special education classes, social interaction during play, handicapped preschool students, 8950
locus of control, task persistence & non-task behavior, 3–5 yr old students, 6728
preschool programs emphasizing cognitive & affective development, low income Black 3 yr olds, followup at end of preschool & 4th grade & high school level, 8880
role as liaison between families & class & counseling role to help mothers cope, social workers dealing with language disordered preschoolers & their mothers, 2047
short term changes in screens &/vs carpets, activities, preschool students & teachers, 8914
teacher literature activities & library corner design, book related activity during free play periods, preschool students through 2nd graders, 8865
teacher questions to & response rate of males vs females, teachers & low income 24–30 mo olds in day care center, 6733
teachers & nursery school staff & parents in family groups, development of self confidence & responsibility & consideration, preschoolers through 4th graders, 13608
time on task, curriculum evaluation, 3–5 yr olds, 8833
total immersion method, 2nd language learning, preschool & elementary school students, Canada, reply to criticism of J. Cummins & G. A. Morgan, 8886
total immersion method, 2nd language learning, preschool & elementary school students, Canada, critique of O. Weininger's article, 8836
total immersion method, 2nd language learning, preschool & elementary school students, Canada, critique of O. Weininger's article, 8864
total immersion method, 2nd language learning, preschool age & young school age children, Canada, literature review, 8885
training in cognitive uses of language, IQ, culturally deprived 6 yr old male, 6782
training intervention, attempts at communication & interaction with deaf peers, hearing preschoolers in low-key mainstreaming program, 4465
type of student misconduct, attitudes, parents vs teachers of Head Start children, 4319

Presenile Dementia [See Also Alzheimers Disease]
assessment of memory function, early diagnosis of dementia, 1421
dexamethasone suppression test results & cortisol circadian rhythm, 47–77 yr old males with advanced primary degenerative dementia, 6013
epidemiology of dementias, Finland, 6003
neuropsychological test performance, presenile patients with Alzheimer's disease vs senile dementia patients of Alzheimer type, 6037
premature senile dementia symptoms, Down's syndrome 34–62 yr olds, 3815

Presentation Methods [See Stimulus Presentation Methods]
Presentation Modes [See Stimulus Presentation Methods]
Preservice Teachers
attitudes toward emotionally impaired mainstreamed students, preservice teachers, 8961
cognitive complexity, causal attributions for student performance, female preservice teachers, 4341
cognitive-experiential module, attitudes toward physically handicapped & emotionally disturbed & mentally retarded & learning disabled children, education college students, 13580
consciousness raising group, attitudes toward women's roles & sex role identity & tolerance for gender role norm violators, teacher & counselor trainees with mean age of 27 yrs, 10892
group cohesion vs traditional approach in human relations training, empathic responding & attitudes, 18–25 yr old preservice elementary teachers, 1919

health education & drug abuse course, interest in health issues & self confidence of ability to teach health education, preservice teachers, 8816
maturity, effectiveness of human relations training, preservice teachers, literature review, 6615
need for course in discipline, preservice teachers, 4342
pupil control orientation & personality & self concept, preservice teachers, 13573
spatial visualization ability & cognitive development, achievement in geometry course, preservice teachers, 13566
teacher evaluation, university preservice teacher supervisors vs principals, 8819
traits needed for dealing with mainstreaming, special vs regular education college students, 13584
Pressoreceptors [See Baroreceptors]
Pressors (Drugs) [See Vasoconstrictor Drugs]
Pressure (Barometric) [See Atmospheric Conditions]
Pressure (Blood) [See Blood Pressure]
Pressure (Diastolic) [See Diastolic Pressure]
Pressure (Systolic) [See Systolic Pressure]
Pressure Sensation
temperature of touched object, skin spatial acuity, young adults, 11764
touch pressure, perceived temperature changes, college students, 9527
Prestige (Occupational) [See Occupational Status]
Pretesting
BASIC PLUS program to generate F table using G. Keppel's interaction analysis, planned comparisons in repeated-measures analysis of variance designs, 7010
graphical analysis vs early vs late correlational ANOVA vs test of correlational equality, testing for differential stability in repeated measures performance evaluation, 9458
microcomputer video game of bombing & air combat maneuvering & job control validity, US Navy enlisted males, implications for pretesting practice in repeated measurement, 9444
predictive value of measures of change & growth in test scores, 7034
preteaching questionnaire, self reports of drug use & intentions as evaluation measures of drug education program, high school students, 4477
reliability adjustment procedures for initial differences between groups in uncontrolled studies, determination of expected posttest difference, 2473
retrospective preratings, response-shift confounding in self reported preinstructional knowledge, college students, 13737
short answer vs multiple choice vs no initial testing, 2-wk retention on same vs different format retest, high school students, 6806
statistical criteria & analyses, intervention & repeated measures of human performance in environmental research, 9460
validity of conventional vs retrospective pretest-posttest design using self report measures in educational context, college students, 13726
Prevention [See Also Related Terms]
assertiveness training, drug abuse prevention, 8th graders, 8851
assessment of Type A behavior & demographic factors & implications for prevention of heart disease, 40–59 yr old male factory workers, Belgium, 2448
awareness of own & customer drinking patterns & causes of problem drinking & intervention & prevention of alcohol abuse, bartenders, 12645
behavioral smoking prevention program with high school student leaders, reported smoking at 9- & 21- & 33-mo followups, 7th graders, 4387
binary time-series analysis of domestic child homicide before vs after enactment of Prevention of Child Abuse & Neglect Act of 1977, 969
brief intervention in model preventive program in battered women's shelter, children living within violent families, 10999
characteristics of perpetrator & victim & treatment & prevention & legal requirements & obstacles & statistics in reporting, adult-child incest, literature review, 10647
childhood development & prevention of developmental disorders, 4 yr olds, 5-yr longitudinal study, 12797
cognitive-behavioral preventive training, cigarette smoking, 6th graders, 6-mo followup, 4041
collaboration with network personnel in community, preventive intervention in longitudinal developmental study, 4–8 yr olds, 12398
community-oriented prevention programs, drug abuse, Denmark, 13478
Danish Low Income Commission, prevention of low income problems, 12535
developmental & environmental screening, prevention or early identification of organically caused mental retardation, 3724
economic analysis, crime & crime prevention, 3329
educational interventions to prevent smoking, young adolescents, 6638
family relations & peer pressure & self concept & coping behavior & socioeconomic status & school grades & attendance, chemical dependency, adolescents in drug rehabilitation program, implications for prevention, 10644
family walk-in center, intervention including group work & casework & education, parents who abuse or fear abusing their child, 1720
fear of crime & bystander surveillance & crime rate, literature review, 8087
format & content in preretirement education, prevention of uncertainty of retirement, 13369
history-taking & counseling & thorough followup, reduction of fetal alcohol syndrome & other dangers from alcohol, pregnant females, 4128
holistic prevention program, substance abuse, American Indians, 11103
Houston Parent-Child Development Center program, behavior problem prevention, low income Mexican American 1–3 yr olds & their families, 4148
implementation & evaluation of crime prevention through mass media programs, 4242
incidence of alcohol use & abuse & suggestions for prevention, college students, 12633
justice & community-based approaches, crime & delinquency prevention, 8682
lack of financial support & social contacts & interests & flexibility & cognitive deprivation & independence, dependency & competence, elderly women & widows, need for preventative occupational work, literature review, 12395
medical model approach, project to deal with & prevent child abuse & neglect, Belgium, 13313
mental health program & prevention, divorce & problems of coexistence, families, Finland, 13365
model for preventive work in parents guidance service, families at risk for childrearing problems, 13211
need for focus of individuals & health professionals & federal policy on preventative promotion of better health behavior, 13112
nutritional counseling as part of holistic health program, 1742
occupational stressors & preventive behaviors, teachers of learning disabled & behavior disordered & educable mentally retarded, 4337
occupational stressors & strategies for prevention, burnout, 24–59 yr old school psychologists & interns, 4344
parent education program, coping behavior, Sweden, 13208
perceptions of legal sanctions prior to vs after self reported unlawful behavior, college students, implications for deterrence model, 12957
perceptions of legal sanctions prior to vs after self reported unlawful behavior, college students, replication of study by L. Saltzman et al, 12945
perceptions of prevention of alcoholism, male & female recovered alcoholics with mean ages of 46.3 & 45.3 yrs, 12950
physical & psychological & social factors, chronic fatigue etiology & prevention & treatment, females, literature review, 13071
play as preventive & therapeutic tool, children with medical or psychiatric disorders or physical handicaps, 12787
positive vs negative social image of smoking & age & sex differences, social influences for smoking initiation, 6th vs 10th graders, implications for prevention, 5404
preventive intervention during prenatal & neonatal & infancy periods, literature review, 8545
preventive maintenance & behavior management in business & industry, literature review, 13791
preventive process in Parents Anonymous, child abusing parents, 10993
preventive training in progressive relaxation & stretching exercises & cognitive restructuring, physiological & behavioral stress symptoms & irrational beliefs, rehabilitation counseling students, 6 mo followup, 4016
primary prevention of alcoholism & origin of National Council on Alcoholism, US, 4254
primary prevention of child abuse through prenatal & postnatal care by obstetrical team & child psychiatrist, 1688
problems in delinquency prevention programs & review of delinquency theories, literature review, 10998
projects for prevention of unemployment, adolescents, Denmark, 13760

prophylactic lithium therapy & plasma lithium levels, recurrence of affective episodes, 25–70 yr olds with primary affective disorder, 1650
psychiatric service system & psychosocial environment, prevention of chronic disability, chronic young adult psychiatric patients, 1704
psychological approach, prevention of psychological problems & development of competence & confidence & bonding during perinatal period, families, 13130
psychosocial factors & parental substance misuse & low self esteem & achievement motivation & alienation from parents, probability of substance abuse, implications for preventive research, 8077
role of family in prevention & initiation & maintenance & treatment & cessation, drug use, family members, literature review, 10378
role of family life educator & educational programs, primary prevention of child abuse, 11225
role of United Nations Educational & Scientific & Cultural Organization, prevention of drug abuse, 13479
School Action Effectiveness Study's national evaluation of Office of Juvenile Justice & Delinquency Prevention's Alternative Education Program, 6655
school based preventive intervention program, juvenile delinquency & substance abuse, 7th graders at risk, 4475
school-based smoking prevention program, smoking at 1-yr followup, adolescent middle school students, 4358
Skedsmo-SIA-follow up program, identification & prevention of emotional & marital problems during pregnancy & 1st yr following birth, families in need of support, 13362
social factors & environmental antecedents of language deficiencies, prevention & remediation, children, 3910
sociological & psychological & risk & pathophysiological factors, detection & prediction & prevention of cancer, 50–65 yr olds, 13029
sources & remediation techniques, occupational stress, special educators, 1899
Suspected Child Abuse & Neglect Program, intervention for at-risk families & changing of community attitudes, 1751
technological advancement, prevention of insecurity & fear of unemployment & subsequent negative impact on mental health, workers, 13762
use of epidemiological concepts & methods in preventive social work, 8606
validity & utility & theory as elements of evaluation of prevention programs, 8284

Preventive Medicine
causal attribution of high blood pressure, health beliefs & behavior, 35–65 yr olds, extension of health beliefs model, 1387
contributions of W. H. Gantt in areas of biological principles & conditional reflex & psychopharmacology & psychopathology & public health & cardiovascular & effect-of-person research, 7396
contributions of W. H. Gantt to prophylactic psychiatry, 8265
disease prevention & health promotion, health problems due to behavior & lifestyle & physical environment, 6361
Gerovital H3 preventive treatment, depression, 45–60 yr old heavy-industry workmen, 6303
health attitudes & practices, 25–76 yr old physicians, 6545
health promotion at work involving education & collaboration & training & referral & implementation, 11019
model of etiological factors, fibrocystic disease & breast cancer, implications for prevention & rehabilitation, literature review, 8212
perceived influence of various information sources, decisions concerning primary & secondary prevention & drug therapy, interns & senior residents & faculty general internists, 6530
preventive-caretaking health service based on sports medicine, Hungary, 4125
psychological risk factors & prevention, cardiovascular disease, 1349
urban vs rural residence & education, reproduction & use of health services & infant feeding, mothers, Lebanon, 13346

Pride
interpretation of neurotic pride in S. Richardson's novel "Clarissa" using K. Horney's theory of inner conflict, 5297

Priests
priest vs minister vs layman as E, religious attitudes assessed by questionnaires vs interviews, Roman Catholic vs Protestant college student, 2367

Primacy Effect
physical attractiveness stimuli before vs after performance & primacy effect, attributions of ability, college students, 3406

Primal Therapy
validity of & medical insurance for primal therapy, West Germany, 13153

Primary Mental Health Prevention
anticipatory guidance, preparation for situational crisis, children, 6411
attachment as basis for primary mental health prevention, infants, 6412
classroom climate & student characteristics & academic achievement, secondary school students, implications for intervention by school psychologists, 6800
community based family program for primary mental health prevention, 13354
community program, development of social integration & structures & collective coping behavior & alternate lifestyles & stress reduction & ultimate prevention, Appalachia, 6403
community-based approach to delivery of mental health services to school systems, prevention of adolescent problems, 6813
criteria for self help/mutual aid groups outlined by President's Commission on Mental Health, implications for prevention, 10990
design & evaluation, primary prevention programs, 6399
development & implementation of Chemical Use Abuse Group Program, prevention of drug & alcohol abuse, college students, 4378
development of preventive intervention within existing community network, older adults, 4156
development of preventive mental health work, Finland, 13357
early primary mental health prevention, strengthening of coping capabilities, families in crisis, 6191
historical perspective on primary mental health prevention, children, 6054
identification of clients & unanticipated consequences of & profession's capacity to implement intervention as policy issues, primary prevention in social work, 6418
ideological beliefs & perception of agency's receptivity to prevention, community mental health center staff with & without master's degree in social work, 6584
implementation of primary mental health prevention practices, community mental health managers, 6406
lags in education, primary mental health prevention personnel, 6583
mental health prevention training program, pediatric nurses at day nursery, 1853
mental health promotion & mental illness prevention activities of federal government, 6402
methodological errors & omissions & need for goal-directed planning in education project, preventive mental health work, 13364
model for planning of primary prevention programs, 6387
participation in preventive & educative programs within high school, school psychologists, literature review, 6616
Positive Youth Development Initiative, community change & wellbeing of youth, 4161
potential contributions of psychology in areas of national prevention & evaluation & values & politics, 11524
preventative strategies & social & cultural & political rapport, local community & residents with psychological problems, 13366
preventive intervention program, newly separated persons, 4140
preventive social work intervention program, coping behavior & emotional health, persons adapting to unusual or many life changes, 4179
primary mental health prevention, annotated bibliography, 6395
primary mental health programing in community mental health center, families with young children, 6398
primary prevention, implications for child psychiatrist training, 6569
primary prevention of mental & emotional disturbances, 13109
primary prevention program training community workers, competence & community knowledge, aged, 4145
primary prevention program, transition to high school, students, 4487
primary prevention programs in schools, children, literature review, 6804
programs nominated for Lela Rowland Prevention Award of National Mental Health Association, 4149
role of church in community mental health prevention, 6408
school based mental health program, early detection & prevention of school adjustment problems, elementary school students, 13741
schooling & prevention of delinquency, 5822
screening for depression & anxiety at 6–8 wks postpartum, acceptance vs rejection of treatment offer at 6 mo postpartum, mothers, 10976
strategies for recruitment of participants in preventive mental health education programs, 6397
stress management & life coping skills training, anxiety & depression, females receiving public assistance, 4158
techniques for fostering coping skills in preschool age children, caregivers, 6386

techniques for mitigating divorce effects on parents & children, mental health personnel, 6389
training program in primary prevention of childhood mental disorders, 6392
viewing of TV miniseries based on social learning, depression, community residents, 4154
Primary School Students
aggressive & disruptive classroom behavior, primary school children, 6735
Primary Schools [See Elementary Schools]
Primates (Nonhuman) [See Also Baboons, Chimpanzees, Gorillas, Monkeys]
brain growth characteristics & comparison with primates, tammar wallabies from birth through adulthood, 5101
clonidine, brain hyperactivity during morphine withdrawal, rodents & primates, literature review, 680
cognitive development, nonhuman primates, literature review, 4968
concept "persons" applied to nonhumans, 9244
cortical afferents to prefrontal cortex, bush babies vs rhesus monkeys vs nonprimates, 5100
design & construction of 2-way shuttlebox for testing nonhuman primates, 6999
development & plasticity of callosal & corticostriatal projections of frontal association cortex, primates, 12056
dueting & pair bond, birds & primates, reply to criticisms of J. A. Serpell, 7387
environment, singing, Kloss gibbons, Indonesia, 7386
evolution of language & intelligence, early hominids, critique of S. T. Parker & K. R. Gibson's article, 2324
evolution of social behavior, wild primates, literature review, 12024
feeding & foraging & traveling & resting & singing, agile gibbons, 2716
information communication, vocalizations, primates, literature review, 9788
interspecific spatial organization & territoriality & social interactions & feeding behavior, gibbons & langurs, Indonesia, 2736
introduction to English summary of Soviet psychologist N. Ladygina-Kot's work "Infant Ape and Human Child" exploring cognitive processes of primates, 4999
isolation vs social grouping, estrus & reproduction & infant mortality & sex ratio & body weight, female Microcebus murinus, 9939
noradrenergic locus coeruleus & clonidine, opiate withdrawal, nonhuman primates, literature review, 679
patterns of association, Saguinus fuscicollis & Saguinus labiatus & Callimico goeldii, Bolivia, 9806
self aggression vs stereotypy as analog of human self injurious behavior, primates, literature review, 2709
Printed Communications Media [See Books, Magazines, Newspapers]
Printing (Handwriting)
corrective vs noncorrective feedback with vs without candy, rate of acquisition & maintenance & generalization of printing, 4.5–5 yr olds, 12418
Prismatic Stimulation
adaptation to displacing prisms with hypnotically induced limb anesthesia, comment on failure by N. P. Spanos et al to duplicate critical experimental procedures, 255
adaptation to prism-induced clockwise tilt, perceived orientation of optical line & direction of voluntary targetless saccades, college students, 2552
body vs eye movement & vision, visual-motor adjustment to prismatically distorted environment, male college students, 2527
sex & concurrent secondary task, prism adaptation, right handed college students, 2556
Prison Personnel
age & sex, change in punitive & aggressive attitudes after 6 mo work experience, prison guards, 1807
decision making process in evaluation of unescorted temporary absence applications, prison case management officers, Canada, 4240
group assertive training in correctional institutions, juvenile delinquents & adult offenders & correctional staff, literature review, 13427
perceived work related alienation & professional orientation, maximum security prison officers, 13438
personality correlates of performance, female vs male corrections officers, 8687
staff guidelines for anger/stress management programs for inmates, 11085
test construction, measurement of behavioral effects of correctional institution design, architects & jail administrators & inmates & staff, 8665
Prisoners
alcohol drinking patterns, 20–42 yr old male prisoners, Scotland, 13430
application of item-analytic procedures to factor analysis of MMPI, identification of homogeneous & independent dimensions & item scaling, male prison inmates, 111
communications media, evolution of incarceration psychosis as survival function, prisoners, 4249
contact patterns between leaders & followers, prison inmates, 3712
coping strategies for dealing with problems of incarceration, prisoners, 13442
cross validation of Megargee MMPI-based typology, male psychiatrically disturbed vs violent inmates, 138
demographic & criminal characteristics & substance abuse, female prisoners, 1299
demographic & educational & personality characteristics, female prisoners, 1960 vs 1970 vs 1980, 12914
developmental perspective, transactional analysis model of ego-state behavior, adult narcotic addicts & inmates, 10641
differential instructions & instructions aimed at increasing socially desirable responses, locus of control scores, male inmates with drug abuse history, 167
early notification of definite parole date, frequency & nature of disciplinary infractions & program participation, prisoners, 4245
evaluation of prisoner work release programs, literature review, 1812
grievance procedure design, inmates, 4236
group assertive training in correctional institutions, juvenile delinquents & adult offenders & correctional staff, literature review, 13427
group profiles & personality structures, 17–56 yr old male prisoners, 8072
history & current laws on prison care, mental patients, France, 1818
incidence of homosexuality & participation in make-believe families, 13–19 yr old female training school inmates, 1820
incidence of sex in prisons & reformatories, 13428
inmate-administered Guides for Better Living self help program, attitude change, male prison inmates, 1819
intelligence, Wechsler subtest profile personality differences, male prisoners vs patients with psychogenic illness, 1112
IQ scores & achievement in reading & verbal language & auding after tutoring, 16–51 yr old male inmates, 13606
locus of control, college students vs college-enrolled state penitentiary inmates, 12928
move to more spacious facility & single vs multiple housing unit, values & expectancies for privacy, 18–45 yr old male prison inmates, 1822
mushfaking behavior, interpersonal relationships & power authorities, adult prisoners, 4225
opinions about J. H. Abbott & his book "In the Belly of the Beast", 12948
participation in social programs & correctional control of prison environment, misbehavior, inmates in maximum security prison, 13440
perception of police attitudes toward prisoners, lawyers & judges & prison officers & prisoners & ex-prisoners & citizens, 4237
personal ideas about recidivism, prisoners, 13436
problems of mentally retarded prisoners, 4218
profile, aged prisoners, literature review, 13447
solitary confinement, psychodynamics & coping behavior, prisoners, 13450
subjective experience of incarceration, prisoners, 13439
tattoos & tattooing, type of crime & psychiatric diagnosis, male prisoners, 1815
test construction, measurement of behavioral effects of correctional institution design, architects & jail administrators & inmates & staff, 8665
testimony of political repression as therapeutic technique, former prisoners & relatives of prisoners of military government, Chile, 13150
treatment in therapeutic "model institutions" vs psychotherapeutic treatment in traditional institutions, recidivism, prisoners, implications for selection of prisoners for model institutions & prognosis, 8686
videotape pretraining, process & outcome variables in group therapy, 24–48 yr old prison inmates, implications for overtly resistant clients, 4228

willingness to serve extra time in prison for guaranteed release, prisoners scheduled for parole hearings, implications for determinate sentencing, 1811
Prisons
factors in Penitentiary of New Mexico riot, 1980, 11081
move to more spacious facility & single vs multiple housing unit, values & expectancies for privacy, 18–45 yr old male prison inmates, 1822
participation in social programs & correctional control of prison environment, misbehavior, inmates in maximum security prison, 13440
philosophies of prison & probation services, 4215
treatment in therapeutic "model institutions" vs psychotherapeutic treatment in traditional institutions, recidivism, prisoners, implications for selection of prisoners for model institutions & prognosis, 8686
Privacy
degree of attribution privacy, outcome attributions for task success or failure, male vs female college students, 12679
dimensions of perceived privacy, college students, implications for environmental design, 2280
factorial validity of Privacy Questionnaire scales, college students, 7092
home environment & teacher & peer ratings of personality, individual differences & preferences in privacy seeking behavior, 4th graders, 2018
move to more spacious facility & single vs multiple housing unit, values & expectancies for privacy, 18–45 yr old male prison inmates, 1822
perceived privacy protection & willingness to participate in survey using randomized response technique, college students, 88
perceptions of company's handling of personal information, multinational corporation employees, 2242
personality correlates, privacy preferences, college students, 12748
privacy & autonomy in patient physician relationship, 13316
social density & quality of interpersonal relationships, residential crowding stress, college roommates, 9188
type of job & number of surrounding partitions, perception of privacy in office, secretaries & bookkeepers & accountants & office managers & administrators, 4594
Private Practice
experiences as private practitioner & school psychologist, 6571
model of school psychology for private practice, implications from American Psychological Association guidelines, 4350
parent education & support program, private pediatric practice, 1679
Private School Education
curriculum at private elementary school with emphasis on caring & sensitivity to needs of others, 3–16 yr old students, 11255
decisions of New York Commissioner of Education regarding placement in private schools, handicapped children, 8934
New York State education agency's policy regarding placement in private schools, handicapped children, 8925
parochial school program evaluation policies as determined by judgment analysis, citizens & parents & clergy & lay & religious educators of archdiocese, 13577
problems of state & local education agencies regarding private school placement, mildly or moderately handicapped children, 8924
reanalysis of data at school level, effects of school social organization on achievement, public vs private high school sophomores, 6702
social beliefs & social attribution & social identity, 16–17 yr old public vs private school students, Great Britain, 10235
Privileged Communication
maintenance of group confidentiality, therapist, 8725
moral issues & confidentiality in counseling, 8772
privacy & autonomy in patient physician relationship, 13316
problems concerning accountability & confidentiality in child psychotherapy, 6576
responsibility of psychotherapists to protect public from violent patients, issues arising from Tarasoff vs Regents of University of California et al decision & subsequent court decisions, 4291
Proactive Inhibition
dextroamphetamine microinjections into nucleus accumbens vs caudate putamen, learning to ignore irrelevant stimulus in latent inhibition paradigm, rats, 688
hyperstriatal lesions, proactive interference in discrimination learning & retention, pigeons, 7522
length of retention interval & distracting vocalization & rate of light presentation, proactive inhibition & memory loss, mentally retarded Ss approximately 17 yrs old, 1339
proactive interference, retention of attentional sets, pigeons, 9773
random vs blocked auditory/visual change in presentation of word list, serial position effect & proactive interference in long term memory, college students, 9631
recall task & induction of proactive interference, heart rate & short term recall, male college students, 11911
reduction in magnitude of shock, inhibition of shuttlebox-avoidance behavior, male rats, 11961
scoring methods for Brown Peterson paradigm, assessment of proactive inhibition & sequence of recall, mentally retarded with mean age of 16.8 yrs vs nonretarded Ss with mean age of 6.4 vs 9.6 vs 13.7 yrs, 4711
similarity of passage topic, recall, college students, implications for release from proactive interferences, 4923
stimulus-word frequency, proactive inhibition in learning A-D of A-B/A-D paradigm, college students, 11923
type of orienting task, proactive inhibition release in rhyming task, college students, 11897
typicality of category items, release from proactive interference in recall, 2nd graders, 10123
use of Brown-Peterson paradigm, evaluation of effect of category differences on accumulation & release of proactive inhibition, mentally retarded with mean ages of 16.5–17.4 yrs, 5897
Probability [See Also Binomial Distribution, Response Probability, Statistical Probability]
construction & function of probability generator for random interval schedules, 39
discrimination of visual number in dots display, test of probabilistic model as application of L. Thurstone's law of comparative judgment, 11830
test of assumptions of exponential adaptive choice RT models, 7230
Probability Judgment
calibration, probability judgments of financial statement account balances & audit risk, auditors, 7156
estimation of probability of pregnancy following adoption of contraception, fertility histories from 1973 US National Survey of Family Growth, 10369
method of presentation of mortality statistics, perceived importance of causes of death, adolescents, 7932
past vs future event probability assessment task, certainty of responses, college students, England vs Indonesia, 11892
probability & diagnosticity of evidence under hypothesized trait, confirmatory vs diagnostic gathering strategies in social perception context, college students & volunteers, 3433
response mode & types of events, ability to judge frequency vs probability of events, college students, 7237
scenarios of experiencing positive vs negative events, probability judgments about events & compliance, college students & homeowners, 3413
total valence associated with alternate effects as model of attributional discounting, college students, 3416
use of representativeness heuristic, errors in probability judgment tasks, test of D. Kahneman & A. Tversky's hypothesis, 11870
Probability Learning
method to quantify information processing quality in problems of sequential prediction, test of transinformation component analysis, 11585
priority given to errors vs task regularity, single cue probability learning, humans, 4895
reception vs discovery instruction, probability task performance, kindergartners, 8830
stochastic & nonstochastic models of human memory & probability learning & medical diagnosis & concept identification, literature review, 9224
Probation
arguments for noninterference with probation service, 3336
model of probation practice, probation officers, England, 4219
philosophies of prison & probation services, 4215
risk & need in court recommendations, probation officers, criticism of P. Hardiker's reverse tariff theory, 5527
specific vs nonspecific probation, outcome, probationers, implications for judicial system, literature review, 4230
validity of Behavioral Self Management Ratings during counseling sessions, male probationers with mean age of 21 yrs, implications for prediction of recidivism, 52
Probation Officers
model of probation practice, probation officers, England, 4219
probation officer recommendations & types of cases & sentencing style, sentence severity, judges, 7830
role messages sent vs received & role behavior with social control vs rehabilitation orientation, juvenile court probation officers, 1817

Probenecid
probenecid, cerebrospinal fluid monoamine metabolite concentrations, normal vs narcoleptic dogs, implications for REM sleep & treatment of narcolepsy/catoplexy, 608
probenecid vs sulfinpyrazone, potentiation of pentobarbital- & halothane-induced hypnosis, female rats, 676
Problem Drinking
anxiety, female college students at high vs low risk for problem drinking during middle age, 12918
awareness of own & customer drinking patterns & causes of problem drinking & intervention & prevention of alcohol abuse, bartenders, 12645
demographic characteristics & drinking patterns & drinking-related problems & symptoms, male vs female survey respondents, summary of authors' 1980 paper, 5834
drinking patterns & prevalence of heavy & problem drinking, homosexual vs heterosexual females, 3368
drug abuse by alcoholics & alcohol abuse by heroin & other drug addicts/abusers & polydrug abuse including alcohol, treatment implications, literature review, 10623
incidence of alcohol use & abuse & suggestions for prevention, college students, 12633
locus of control & scores on Michigan Alcoholism Screening Test, male vs female college students, 12907
norm qualities of significant reference group, alcohol & marihuana attitudes & abuse, 7th–12th graders, 5832
prevalence of alcohol-related disabilities, general hospital patients, 3684
problem of alcohol drinking, college students, Nigeria, 12635
reasons for alcohol drinking & factors in alcohol abuse, adolescents, implications for alcohol education, 1295
self reported reasons for recognition of drinking problem & help seeking behavior, adult problem drinkers, 5827
social & psychological correlates, problem drinking, urban residents aged 60 yrs & over, 3371
social skills training &/or cognitive restructuring, problem drinking, patients with mean age of 31.5 yrs, 13474
validation of self report of low alcohol consumption by informant corroboration, male problem drinkers in outpatient treatment program, 18-mo followup, 11100
validity of Michigan Alcoholism Screening Test, detection of problem drinking, 26–64 yr old male alcoholics & moderate drinkers, Italy, 4718
workplace factors, problem drinking, employees, implications for industrial social work, 13463
Problem Solving [See Also Anagram Problem Solving, Cognitive Hypothesis Testing, Group Problem Solving]
ability to generate alternatives in problem solving, battered women, 12906
actor's risky vs cautious decision & outcome in life dilemma, responsibility attribution & perceptions of actor & task difficulty, college students, 5571
age differences, information acquisition strategies, 45–50 vs 60–65 vs 75–80 yr olds, 7661
age differences, social language during problem solving, 3–5 yr old same age dyads, 813
age differences, spatial cognition & gathering strategies, 1 vs 3 vs 5 yr olds, 10131
age, problem solving ability, 20–80 yr olds, 7647
age, problem solving performance deficits, 20–85 yr olds, 10156
age, problem solving strategies in multiplicative classification task, 4–7 yr olds, 3075
anarchistic approach, teaching problem solving strategies, 6665
application of problem solving & decision making theory to behavior therapy, literature review, 6233
application of problem solving models to supervision in psychology, 4313
behavioral contracts for problem solving vs practice of weight loss skills, weight loss, overweight Ss, 10894
biofeedback, control of anticipated signal-induced cortical slow potential shifts & mental computation task performance, male college students, 2852
brain asymmetry & classroom seating position, task performance, 4th graders, 7687
causal attributions on problem solving task performance, depressed vs nondepressed college students, 11935
cognitive style, performance on logical trouble shooting tasks, aviation maintenance trainees, 6848
content-free computer-based simulations, training & performance on fault diagnosis tasks, engineering & technical trainees, 11457
coping skills training, self monitoring & problem solving & modeling & attention-focusing, mainstreamed students with learning problems, 8938
creative problem solving approach to administrative problems, school administrators, 11168
creative problem solving, reply to P. Ellen's position on Gestalt theory, 7249
creativity & innovativeness in problem solving task, 30–47 yr old scientists, India, 3460
decision making behavior, aircraft pilots forced to deviate from planned flight course, 4553
depression & interpersonal & problem solving skills, male college students, 1058
description of Life Skills training, Great Britain, 8832
development of mental arithmetic operations & structures, children, review of cognitive psychology models, 3071
development of types of reflection, creative problem solving, 7691
efficacy & ego development & problem solving, 1st vs 5th yr vs former teachers, 4333
efficacy of verbalization in problem solving, 290
emotionally stabilizing instructions from leader at beginning vs middle of simulated emergency situation, leader-follower separation, college students, 12665
extrinsic monetary rewards & locus of control, intrinsic motivation on puzzle-solving task, college students, 11928
family style of problem solving & shared view of social world, family triads, 7809
father absence, problem solving competence, 3rd graders, 3108
field dependence & spatial visualization & reasoning ability, scores on mathematical story problems presented in verbal vs pictorial format, 5th graders, 13634
goal formation & level of aspiration in success vs failure situations, normal vs schizophrenic Ss, 8027
goal specificity in maze tracing task, use of means-ends analysis & learning rat & errors, college students, 2628
human brain potentials & intercentral relationships in cerebral cortex during problem solving, human Ss, 12068
human performance in fault diagnosis, annotated bibliography, 11429
intelligence & problem difficulty, EMG rewarding of tongue during problem solving, 4th graders vs college students, 12411
intensive instruction in cue attendance or hypothesis generation, open exploration behavior, 9th graders, 15-mo followup, 6695
interpersonal problem solving & family climate & social resources, social support networks, psychiatric outpatient clinic client with mean age of 37.9 yrs, 6396
interpretative processes, children, 7683
intrapersonal vs interpersonal problems & perception of problem solving ability, cognitive & affective & behavioral variables of problem solving, college students, 9597
Jungian personality types & problem solving, adults, 12725
knowledge structure, procedures for effective problem solving in physics education, 6712
learning styles & strategies in problem solving & learning behaviors in computer assisted instruction, engineering undergraduates, 11267
length of algebra problems in word vs equation formats, problem solving latencies & strategies, college students, 2616
level of achievement, simultaneous vs successive processing in problem solving, children, India, 789
Level 1 vs Level 2 mental ability & solving of familiar vs unfamiliar problems, college students, 2624
logical solution sequence length, time of problem solution, college students, 9619
love & sex & drug usage as magical solutions to problems, 3372
Mastermind game strategies of focusing & tactical selection, performance, college students, concept learning research implications, 2608
mathematical problem solving expertise, perception of structure of mathematical problems, college students, 2623
method for teaching comprehension question-answering strategies, 8870
model of problem solving based on constraint knowledge vs general search strategies, college students, 2604
multidimensional model, assessment of intelligence performance within information processing framework, learning disabled students, literature review, 2113
negative life stress & cognitive rigidity & problem solving skills & hopelessness & suicide ideation & attempting, college students, 1287
partially guided hypnotic dream utilization, problem solving, 25–72 yr old hypnotherapy patients, 13307

perceptual direction & hints & training & past experience, creative problem solving, review of Gestalt approach, 7232
performance on displacement & single hiding problems, 13 vs 21 mo olds, 10198
position of unknown quantity, solving verbal arithmetic problems, 1st graders, 13637
potentiometer dimensionality & system response time & time of day, interactive graphic problem solving, males, 56
practice & prior skills & feedback during role playing activities, teaching basic problem solving skills, high school students, 4364
practice, ordered recall of items on list & mnemonic strategies, untrained mildly retarded Ss with mean age of 14.5 yrs vs normal 7th–9th graders, implications for problem solving theory of memory, 1302
precollege summer program, enhancement of problem solving & analytical thinking skills & completion of science programs, entering college students, 6659
prior knowledge, use of cognitive capacity in complex mental tasks, college students, 4897
problem disclosure & help seeking in work setting from supervisors vs peers vs subordinates, managers, 2186
problem finding as creative act, 9587
problem solving & decision making & dialectical contradictions, 11882
problem solving & memory research, literature review, 9604
problem solving methods, organizational rigidity, executives, 9106
problem solving performance, hyperactive 7–12 yr old males, 3857
problem solving, right & left hemisphere 40 hertz EEG activity, 18–30 yr olds, 2811
problem solving strategies, literature review, 286
problem solving style measured by Myers-Briggs Type Indicator, autocratic vs participative decision making methods, graduate business students, implications for management, 3488
problem solving training, social adjustment & interpersonal competence, 4 & 5 yr olds & their parents & teachers, 8877
regular Transcendental Meditation practice, habitual patterns of visual perception & verbal problem solving, Ss with mean age of 21.3 yrs, 9493
role of examiner-testee interaction in problem solving assessment, 2089
self monitoring & self reinforcement & stimulus control & problem solving & progressive relaxation & biofeedback as self control techniques, study behavior, college students, 6252
self regulation & perceived social reinforcement & problem solving strategies, Black 9th–11th graders, 12516
semantic information, problem solving behavior, 285
sex differences, primary process integration on Rorschach & capacity to shift primary problem solving strategies in water jar test, male vs female 3rd graders, 9439
sex vs age differences, verbal vs nonverbal problem solving performance, 9–61 yr olds, implications for Einstellung effect, 7673
social & problem solving skills training, skill levels, learning disabled 13–15 yr olds & normal 13–18 yr old females & 14–17 yr old delinquents, 8409
social problem solving in social science vs reflective inquiry tradition, implications for social studies education, 8876
spatial problem solving strategies, early vs later blinded vs blindfolded sighted pedestrians, 1375
spatial synchronization of cortical biopotentials during problem solving with standard vs nonstandard criteria, schizophrenics, 1219
spontaneous adoption of mental representations for reasoning task, abstract directional vs concrete properties thinkers, 9588
structural & functional factors, model of variability in strategies for solving seriation tasks, 4910
subjective work load & time urgency, problem solving performance, managers, 2189
systemic model to teach heuristic thinking skills, reduction of problem solving time in physics course, secondary school students, 8871
Teacher Effectiveness Training stressing communication skills & problem solving strategies, student-teacher interaction, special education & regular teachers, 13567
teaching methods, rule learning, 1st & 2nd graders, 8831
thematic content of stimulus material, preferences for logical vs illogical selection task problem solving strategies, preclinical students, 4909
thematic materials, selection task performance, college students, replication of studies by P. C. Wason & D. Shapiro & P. N. Johnson-Laird, 4903
theory of cognitive & emotional processes & cognitive styles in solving problems involving several intentions simultaneousiy, 11867
Tower of Hanoi problem solving tasks differing in type of goal state, performance, mentally retarded Ss with mean age of 20.2 yrs vs kindergartners vs 1st–4th graders, 3743
tutor assistance vs self instructional training following failure on problem solving task, persistence & learned helplessness & coping with failure, learning disabled 4th grade males, 6756
use of thought-process protocol in interdisciplinary rhetoric course, 6664
use of value analysis in management, 9115
user- & task-oriented design & development of computer based personal decision aiding system, 2243

Procaine
age & Gerovital H-3, exploratory behavior & locomotor activity & emotional reactivity, male rats, 12268
procaine vs muscimol microinjections into superior colliculus vs reticular formation, open field locomotor & exploratory behavior, male rats, methodological implications for electrolytic & AC lesions, 528

Process Schizophrenia [See Schizophrenia]

Productivity (Employee) [See Employee Productivity]

Professional Certification
adaptive aviation certification examination based on item response theory, private pilots, 2480
certification & licensure in psychology, 6567
demographic factors & attitudes toward board certification & performance & personal experience with examination process, US & foreign medical graduates, 13553
education & credentialing in law & dentistry & medicine & pharmacy, implications for psychology, literature review, 6587
problems of certification of special education teachers, 11184
professional memberships & license & certificates & job duties & theoretical orientation, 27–70 yr old counseling psychologists in VA regional offices, 8769
standard scale transformation, essay certification examination for nurse-midwives, 2435
training & certification & use in special education, paraprofessionals, 11178
validity of Examination of Professional Practice in Psychology, criteria for licensure or certification of subdoctoral professionals, graduates with Masters of Arts degrees in psychology, 4726

Professional Communication [See Scientific Communication]

Professional Consultation
areas of conflict & cooperation, neurology & psychiatry, implications for consultation-liaison psychiatrist, 13134
changes in perspective necessary to become effective consultant, human resource development trainers, 11446
classroom-based Child Assistance Program, children with physical vs mental vs emotional vs social problems, 8944
common ground for consultatory relationship, psychologists & architects, criticism of R. Sommer's article, 1844
concepts & scope & methods of mental health consultation, 1730
consultation as intervention with teachers & administrators & parents & students, school counselors, 11405
consultation at school for deaf, psychiatrists, 13736
consultation in family therapy, 10868
consultation liaison training, psychiatric residency programs, Canada, 13486
consultation to internal medicine, psychiatrists, 6573
criteria for measuring adequacy of mental health consultation in day care program, 13373
demographic & clinical & programatic characteristics of patients & services, general hospital psychiatric liaison service consultations, 4189
development of psychiatric liaison nursing, 1962–82, literature review, 4207
duration of complaints & latency in seeking counseling & number of consultants & criticism of professional, neurotic vs psychosomatic vs somatic patients, 12779
duration of illness & seeking consultation & changing consultants, neurotics & stomach ulcer patients & patients with somatic illness, 10483
efficacy of self advocacy group, mentally retarded adults, implications for professional role, 13448
ethical & clinical dilemma & use of consultation in exposure of abusive colleagues, psychiatrists who abuse their patients, 13550
evaluation of consultation service at psychodiagnostic clinic, 3–16 yr olds with school problems, 8990

evaluation research, consultation & liaison psychiatry in medicine & medical education, literature review for 1970–81, 13127
evolution & criticism of psychiatric consultations in general hospital, 8617
guidelines for provision of technical assistance & improvement of services to exceptional children, 2072
home/school systems perspective, intervention for treatment of school problems, school based consultants, 11394
inservice communication skills training, consultation outcome with elementary school teachers, learning disabilities resource teachers, 4351
issues in clinical practice in corporate environments, clinicians, 4318
major presenting problems in consultation in primary care clinic for outpatients, psychiatrists, 8713
medical team rounding model of psychiatric consultation-liaison teaching service, 13506
organization of psychiatric consultation-liaison services in general hospital, 8654
perceived benefits of group participation & role of professional, 16–75 yr old members of self help groups, 11033
positive vs negative written information from consultant & videotapes showing withdrawn vs acting-out behavior, expectations of behaviorally disordered children, regular classroom elementary teachers, 8820
prevalence & correlates of alcoholism & drug abuse & suicide, physicians, implications for treatment & role of consultation-liaison psychiatrist, literature review, 4268
problems in psychiatric consultation, internists, 6559
profiles of human resources development consultants, 11494
proposal for training objectives, residents in consultation psychiatry, 4277
psychiatric consultation & liaison services as contribution to holistic medical thinking, general hospitals, Switzerland, 13420
psychiatric consultation after refusal of surgery, 40 yr old female with acute abdomen which she believed was caused by witchcraft, 1397
psychiatric training in medical model vs psychological approach, attitudes toward psychiatric consultation, psychiatrists vs internists, 1876
role as knowledge-linker in solving children's reading problems, assessment & behavioral intervention & parent & teacher consultations, school psychologists, 1928
role of school psychologist as classroom-based consultant, 8822
self psychology as framework for understanding psychodynamics of illness & application to hospital consultation-liaison psychiatry, 4202
tasks & goals & competencies of psychiatrists who act as liaisons between psychiatric & general hospital wards, France, 8608
transactional analysis of consultative experience as viewed by consultee, education graduate students with teaching experience, 4331
university-based continuing education program, consultation to community mental health facilities, mental health professionals, 6588
use of MMPI & WAIS in consultation-liaison psychiatry, 11627

Professional Development

age, prediction of research productivity, psychologists, 13533
background & skill acquisition, ability to work with nontraditional students, college teachers, 6618
nature of work & communication in field & research, professional development, educational psychologists, 4349
participation in continuing education programs & training needs, leadership personnel of mental retardation programs, 1880
personal vs educational characteristics, career paths, female school superintendents, 1915
program aimed at professional socialization, adults entering graduate professional education in clinical psychology, 1878
rehabilitation training technology & training evaluation attitudes & practices, rehabilitation trainers, 8732
school organizational characteristics, on-the-job learning, teachers, 8811
strategies for job seeking, behavior therapists limited to particular geographic area, 13535
training model, staff development, counselors, 11122

Professional Ethics

American Psychological Association's ethical standards & legal concerns, marital & family therapy, 6198
applied professional ethics, school-based consultants, 4330
capital punishment as deterrent to murder, criticism of methodology & ethics of theory of I. Ehrlich, 1804
children's rights & ethical implications for mental health professionals, 1870
concept of brain death, implications for medical & ethical dilemmas, 13337
content analysis of textbooks & journal articles in social & industrial & clinical psychology, concern for ethics, 13505
ethical & clinical dilemma & use of consultation in exposure of abusive colleagues, psychiatrists who abuse their patients, 13550
ethical & conflict resolution issues, choice between individual & marital/family therapies, 6096
ethical & legal considerations in clinical testing of new psychotropic drugs, volunteers & psychiatric patients, 10932
ethical & programmatic & methodological problems, treatment-control experimental design in educational research, 8978
ethical considerations in psychotherapy evaluation research, 10834
ethical considerations in scientific evaluation of social aspects of psychotherapeutic research & treatment, 10859
ethical guidelines & standards & policies for research at National Institute of Mental Health & National Institute of Child Health & Human Development, 11135
ethical guidelines of American Personnel & Guidance Association for group leaders, 8766
ethical issues, group therapy, 8724
ethical issues, group work research & evaluation, 8720
ethical issues in clinical research treatment, children with catastrophic diseases, 1689
ethical issues in counselor education, faculty of counselor education programs, 13539
ethical issues, resistance to client religious exploration, counselors, 1736
ethical issues, rural mental health service delivery, 8764
ethical issues, use of computers in educational counseling & testing & guidance, 11415
ethical problems in parent behavior modification training, 10921
ethical training, group leaders, 8760
ethics in educational research, 6602
guidelines for code of ethics in psychiatric research, 11120
history & ethics of biomedical research on humans, 8274
human dignity & medical ethics, 11137
legal interpretations of "duty to warn", mental health professional personnel, 11117
maintenance of group confidentiality, therapist, 8725
management methods, prevention of malpractice suits, university & college counseling centers, 11416
mechanistic world view, conflict between advocacy vs employee role, school psychologists, 1905
medical & psychological treatment, modification of unacceptable behavior, emotionally disturbed, ethical implications, 4042
moral ethical problems in biomedical research & advancement, 1849
moral issues & confidentiality in counseling, 8772
morals & communication & responsibility in psychotherapeutic process, 6114
need for ethical guidelines for cross cultural counseling & therapy, 4302
percentage of studies reporting debriefing in Journal of Abnormal & Social Psychology & Journal of Personality & Social Psychology, 1964–80, 4689
philosophical ethical beliefs & actual practices, group workers, 13507
pragmatic & ethical & legal issues in use of aversive stimuli & penalty & removal of reinforcers as punishment, behavior modification, literature review, 13234
professional ethics, psychologists, 11115
report of ethical incident in group work, counselor educators & senior faculty, 8737
responsibility of psychotherapists to protect public from violent patients, issues arising from Tarasoff vs Regents of University of California et al decision & subsequent court decisions, 4291
therapist responsibilities & provision of information to clients as means of avoiding legal liability, behavior therapists, 13544
treatment of Jehovah's Witnesses in need of blood transfusions, medical students & house staff & faculty physicians, implications for development of norms under legal uncertainty, 13556
unethical behaviors, group therapy leaders, 8747

Professional Fees

future of 3rd party vendorship of clinical social work services, 6426
information on use & cost of diagnostic procedures, diagnosis & patient management decisions & costs generated, medical students, 13547
mental health center fee setting procedures, cash paid & client attendance & client/therapist outcome ratings, clients & therapists, 13353

Professional Licensing
certification & licensure in psychology, 6567
discussion of credentialing of psychologists at Zimet Conference, Canada, 8743
education & credentialing in law & dentistry & medicine & pharmacy, implications for psychology, literature review, 6587
licensing, counseling psychologists, critique of article by B. L. Bernstein & C. Lecomte, 11125
licensure practices, school psychologists, 6617
professional memberships & license & certificates & job duties & theoretical orientation, 27–70 yr old counseling psychologists in VA regional offices, 8769
registration of psychologists, Australia, 6580
validity of Examination of Professional Practice in Psychology, criteria for licensure or certification of subdoctoral professionals, graduates with Masters of Arts degrees in psychology, 4726
validity of licensure examinations, professionals, 4755

Profiles (Measurement)
analysis of data sets, typological implications of Femininity & Socialization scales of California Psychological Inventory, 168

animal movement in Rorschach responses, diagnosis of phobia, 4–11 yr olds, 3554
behavioral & personality correlates of MMPI 4-5-6 configuration, female psychiatric patients, 3643
central placement of 1st Bender-Gestalt design, normal vs disturbed 6–12 yr olds, implications for diagnostic validity of central placement, 2437
cluster analysis of Hamilton Rating Scale for Depression profiles, depression subtypes, patients treated with antidepressant drugs, 2411
development of standardized form, collection of psychosocial data, 6 mo to 66 yr old male hemophilia patients, 9432
factor analysis & development of profiles, temperament features, 1 yr old twins, 11702
group profiles & personality structures, 17–56 yr old male prisoners, 8072
intelligence, Wechsler subtest profile personality differences, male prisoners vs patients with psychogenic illness, 1112
language profiles, 15–51 yr old schizophrenics vs manics, psychodiagnostic implications, 10551
method for deriving critical difference scores within personality profile, 7157
MMPI profiles & treatment issues & group psychotherapy model of I. D. Yalom & S. Brown, alcoholics, literature review, 6490
MMPI profiles of psychiatric patients, similarity of diagnoses, psychologists vs physicians, 12861
MMPI profiles, parents of conduct & personality disordered & learning disabled 6–12 yr olds, 1096
personality descriptions derived from WAIS profiles by atheoretical actuarial method vs Personality Assessment System, male psychiatric patients, 4748
personality profiles, college non-athletes vs baseball vs football vs track team members, 7915
personality typologies, California Personality Inventory, reply to criticism of J. Block & D. J. Ozer, 204
personality typologies, data from California Personality Inventory, critique of data reanalysis of G. A. Mendelsohn et al, 123
relative classification rates & diagnostic accuracy of actuarial & 1-point code systems for MMPI, college students, 11686
reliability of individual differences between Test of Language Development-Primary subtest scores & mean scaled scores, 4–8 yr olds, 9433
Rorschach profiles, 19 yr old soft vs hard drug users, 1248
sex role orientation & MMPI profiles for psychological adjustment, female college students vs upper middle class housewives, 9371
typology of MMPI personality patterns, female 18–46 yr old drug abusers, 5819
utility of WISC-R profile analysis, differential diagnosis of learning disabled children, 11639
validity of methods for combining multiple criteria into single composite, bank tellers, implications for personnel evaluation, 2494
WAIS Verbal vs Performance IQs & Bender-Gestalt scores, 16–51 yr olds matched on WAIS Full Scale IQ, 2482
WISC-R profile analysis, differentiation between learning disabled & emotionally disturbed children, 11696
WISC-R profiles, conduct problem 6.1–15.4 yr olds in classes for emotionally handicapped, 2468

Profoundly Mentally Retarded

behavior modification using lemon juice as punishment, self induced vomiting & social behavior, profoundly retarded multiply handicapped 12 yr old female, 1558
behavior modification using reinforcement & toys, reduction in self injurious behaviors, profoundly mentally retarded 17 & 19 yr olds, 1565
brief contingent ice applications, reduction of bruxism, profoundly retarded 16 & 32 yr olds, 8388
cognitive development as seen in spatial relations & object permanence abilities, severely & profoundly retarded Ss with mean age of 19.6 yrs, 5891
correlation of Rimland E-2 & measures of intelligence & social competence & language function, behaviorally disordered 5.3–13.1 yr olds with MAs 7–38 mo, 3659
EEG frequency-modulated radio telemetry & videotape monitoring, diagnosis of epileptic seizures, severely & profoundly mentally retarded 1–27 yr olds, 10659
environmental encouragements for signing, increases in signing & subsequent increase in vocalizations, profoundly retarded & autistic 18–21 yr olds, 4243
facial screening, suppression of screaming, 20 yr old institutionalized profoundly retarded female, 1577
frequency & volume of urination & fluid intake, severely & profoundly retarded 6.4–17.4 yr olds undergoing intensive toilet training, 6478
group size & composition, self stimulation & interaction, 16–26 yr old institutionalized severely & profoundly mentally retarded males, 11070
haloperidol &/vs mild punishment, self injury & collateral behaviors, 17 yr old profoundly retarded male, 1449
individual characteristics that may form functional subcategories, severely & profoundly mentally retarded, literature review, 10677
IQ & adaptive behavior, discrimination learning & memory & transfer, moderately retarded with mean age of 25.7 yrs vs severely retarded with mean age of 28.6 yrs vs low vs high profoundly retarded with mean ages of 26.1 & 26.9 yrs, 1312
methylphenidate dosage, stimulant induced stereotypy, severely & profoundly retarded 13.6–26.4 yr olds, 10927
perception of teaching responsibilities, teachers & teachers' aides serving severely & profoundly retarded students, 6611
proximity of sung vs spoken auditory stimuli, activity levels, 11–29 yr old profoundly/severely retarded females, 1310
pyramidal training of supervisors who subsequently provide training to staff, teaching of communication & motor skills to severely & profoundly handicapped residents, residential care staff, 4301
questionnaires & behavior samples & achievement tests in psychodiagnostic & educational & treatment effectiveness evaluation, profoundly mentally retarded children, 8140
room management procedure, increase in activity level, profoundly mentally retarded young adults, criticism of study by J. Porterfield et al, 1579
room manager procedure, social participation & purposeful activity, severely & profoundly retarded 17–69 yr olds in residential home, 8632
sequential goal-setting training, productivity, profoundly & moderately retarded 16–21 yr olds, 8666
social status & child's sex & visibility of handicap, perceived stigma, 18–54 yr old mothers of severely & profoundly retarded children under 12 yrs of age, 8138
special education for profoundly mentally retarded children, West Germany & Scandinavia & Switzerland & East Germany & Great Britain & US, 11366
staff/patient ratio, time spent interacting with patients, staff of residential facility for severely & profoundly mentally retarded, 11066
visual vs visual/auditory training procedure, learning of 2-choice auditory discrimination, severely & profoundly retarded 10.2–16.8 yr olds, 6480
vocational opportunities & services & barriers, physically & emotionally handicapped & trainable & severely/profoundly retarded clients, 1808
walking as incompatible contingent exercise procedure, chronic rumination, 10 yr old profoundly mentally retarded male, 8395

Progesterone

adrenalectomy & subsequent corticosterone vs dexamethasone vs progesterone, exploratory behavior, male rats, 549
anisomycin injection following progesterone, extension of period of sexual receptivity, female rats, 12247
apomorphine vs dextroamphetamine vs levoamphetamine, induction of copulatory behavior by estrogen &/vs progesterone, ovariectomized rats, 658
estradiol & progesterone, brain endorphin levels, female rats in different stages of estrous cycle vs pregnancy vs following ovariectomy, 7577
estradiol benzoate with vs without subsequent progesterone, social & sexual behavior, intact vs ovariectomized female brown lemmings, 531
human chorionic gonadotropin vs luteinizing hormone releasing hormone vs estradiol &/vs progesterone, sexual receptivity, intact vs ovariectomized female frogs, 532
maternal vs progesterone-induced nesting, female mice of inbred strains, 2757
menstrual cycle & circulating levels of estrogen & progesterone & testosterone & estradiol & testosterone supplement, sexual arousal & receptivity, mature vs premenopausal female macaques, 12327
neonatal decortication with vs without estradiol benzoate & progesterone, sexual behavior, female rats, 12142
ovariectomy & estradiol benzoate vs progesterone vs testosterone, body weight & hoarding, female rats, 12144
progesterone dosage level, progesterone desensitization effect on lordosis & hypothalamic progestin receptors, female guinea pigs, 591

progesterone injection following estradiol benzoate, lordosis & nuclear & cytoplasmic progestin receptor concentration, ovariectomized guinea pigs, 5222
retrochiasmatic frontolateral lesions, lordosis & estrogen & progestin receptor binding in hypothalamus & preoptic area & pituitary, female rats primed with estrogen & progesterone, 12227
Prognosis
change in cognitive functioning during 1st yr of hospitalization, prediction of failure to survive next 4 yrs, aged psychiatric patients, 1233
characteristics & prognosis of bipolar manic depressive vs schizoaffective psychosis, patients, 12875
course of bipolar manic depressive vs bipolar & manic schizoaffective vs recurrent paranoid psychosis, patients with mean age of 42.5 yrs, 14–17 yr followup, 12876
criteria for prognosis of paroxysmal schizophrenia, patients with disease onset in adolescence & youth, 1230
delusions, outcome of primary unipolar depression, 40-yr followup, 3886
demographic & background characteristics & motivation & prognosis & prevention, attempted suicide, children & adolescents, literature review, 3674
development of Hope Index Scale, measurement of hope, college students & psychiatric patients, implications for effects on mental & physical illness onset & duration & prognosis & recovery, 4772
diagnostic & prognostic & therapeutic implications of art, schizophrenics, 3535
disease course & factors related to prognosis & long term outcome, schizophrenics followed up 24–27 yrs after psychiatric hospitalization, 5706
disease entity concept of etiology & type of onset & symptoms prognosis, classification of functional psychosis, literature review, 5708
early emotional symptoms & psychosocial factors, attitudes toward & outcome of cancer, patients, 8-yr followup, implications for prevention & treatment, 5921
etiology & symptomatology & prognosis, pseudodementia vs senile dementia of Alzheimer's type, 62–78 yr old patients, 1392
factors associated with relapse vs satisfactory occupational rehabilitation in community, schizophrenic adults, 12849
hypothetical client observations, clinical & prognostic judgments, counselors, implications for process models, 11141
incidence of alcoholism & prognostic significance, opiate addicts in treatment, 1286
long-term outcome & recovery in schizophrenia, review of outcome studies & methodological problems, 1228
marital status & social class, ischemic heart disease incidence & mortality, 40–64 yr old males, Finland, 10728
measurement of initial disability, prognosis & prediction of rehabilitation outcome, chronically mentally disabled, 6472
model of clinical & prognostic judgment, counselors, criticism of article by D. Strohmer et al, 11132
model of clinical & prognostic judgment, counselors, reply to criticism by M. J. Patton & B. E. Wampold, 11119
personality characteristics related to prediction & progress of cancer, patients, 10768
predictors of 5-yr outcome, schizophrenia & other paranoid psychoses, 1186
previous psychiatric treatment & psychological factors, prediction of recovery following open heart surgery, patients, 1-yr followup, 10973
social & work factors in favorable vs unfavorable prognosis, patients with periodic schizophrenia living in Moscow vs Andijan, USSR, 1117
social childhood environment & previous emotional symptoms & seeking of medical help & attitudes toward illness, emotional reaction to cancer, working-age patients, 10687
social work, pediatric cancer, long term survivors & their families, 8598
subjective symptoms & objective clinical signs, 20–59 yr olds with chronic organic solvent intoxication, 3–9 yr followup, implications for prognosis, 5982
symptoms & course types & prognostic factors, functional psychosis, literature review, 10594
terminal stage characteristics, patients with juvenile malignant schizophrenia, 10582
treatment in therapeutic "model institutions" vs psychotherapeutic treatment in traditional institutions, recidivism, prisoners, implications for selection of prisoners for model institutions & prognosis, 8686
type of psychosis & criteria for clinical & work capacity prognosis, work fitness, 17–68 yr old paroxysmal epileptic psychotics, 10539
voice tones & content during conversation, prediction of treatment outcome, disturbed 14–19 yr olds & their parents, 3538
Program Evaluation (Educational) [See Educational Program Evaluation]
Program Evaluation (Mental Health) [See Mental Health Program Evaluation]
Program Planning (Educational) [See Educational Program Planning]
Programed Instruction
behaviorism & programed instruction, 6631
programed vs naturalistic strategies, study-related behavior, maladjusted 1st–3rd graders & learning disabled 13 yr old male, 10909
programed vs traditional instruction of rational number, achievement & learning time & thinking ability & learning motivation, middle school students, 4355
role of TV & film & audiotape & radio & computers in education, young children, 6645
Programing (Computer) [See Computer Software]
Programs (Government) [See Government Programs]
Programs (Mental Health) [See Mental Health Programs]
Progressive Relaxation Therapy
cognitive restructuring & progressive relaxation, speech anxiety, college students with physiological vs cognitive anxiety reactions, 10903
group progressive relaxation training vs cognitive-behavioral group therapy, pain & depression & disability, 20–63 yr old chronic low-back-pain patients, 1534
original method for progressive relaxation of E. Jacobson vs subsequent modified techniques, literature review, 6238
preventive training in progressive relaxation & stretching exercises & cognitive restructuring, physiological & behavioral stress symptoms & irrational beliefs, rehabilitation counseling students, 6 mo followup, 4016
progressive muscular relaxation vs autogenic training, anxiety-based disorders, Ss with high vs low vividness of imagery, 8406
progressive relaxation & EMG biofeedback & biofeedback placebo, sleep-onset insomnia, 17–64 yr olds, 1569
progressive relaxation & thermal biofeedback, cluster headache, 31–62 yr old patients, 8387
progressive relaxation exercises, gastric acidity output during reading vs exercise, 16–28 yr olds, 8434
progressive relaxation training, management of competitive level of arousal, athletes, implications for sport psychology counseling, 8402
progressive relaxation vs meditation, cognitive & somatic manifestations of stress, Ss experiencing life-impairing stress, 6264
quieting response training, inpatients with psychophysiological disorders, 13216
self monitoring & self reinforcement & stimulus control & problem solving & progressive relaxation & biofeedback as self control techniques, study behavior, college students, 6252
stress management & progressive relaxation training, epinephrine & norepinephrine excretion at work & anxiety & depression & irritation & somatic complaints, public agency employees with mean age of 39 yrs, 4020
Project Head Start
evaluation of Head Start summer program, 1st graders, reanalysis of data of V. G. Cicirelli et al, 8994
previous involvement in Head Start program factor structure of mental ability as measured by Iowa Tests of Basic Skills, Black 3rd graders, 13591
theory-testing methodology, educational program evaluation, reanalysis of Ohio-Westinghouse evaluation of Head Start program of V. Cicirelli, 9013
Projection (Defense Mechanism)
introjection & projection & paranoid process in drug abuse & addiction, 8109
psychopathological characteristics & insomnia, female with pharyngeal carcinoma, 8173
uncovering of object-relations conflicts defended by projective identification in family & individual psychoanalysis, borderline adolescents, 8327
Projective Personality Measures [See Also Bender Gestalt Test, Holtzman Inkblot Technique, Human Figures Drawing, Rorschach Test, Rosenzweig Picture Frustration Study, Rotter Incomplete Sentences Blank, Szondi Test, Thematic Apperception Test, Zulliger Z Test]
construct validity of J. L. Holland's vocational types as measured by Vocational Preference Inventory & Hand Test scores, 7046

projective personality tests & questionnaires, definition of creative potential, 11–12 yr olds, 4740
stage of menstruation, consistency of Hand Test & Guilford-Zimmerman Temperament Survey, college females, 9419
Projective Techniques [See Also Bender Gestalt Test, Holtzman Inkblot Technique, Human Figures Drawing, Projective Personality Measures, Rorschach Test, Rosenzweig Picture Frustration Study, Rotter Incomplete Sentences Blank, Szondi Test, Thematic Apperception Test, Zulliger Z Test]
applicability of Family Sculpting Test, child & adolescent psychiatry, 2484
construction of Projective Test of School Attitudes, elementary school students, 9022
drawing performance on Draw-A-Village task, 17–61 yr old schizophrenics vs other psychiatric patients vs normal 5–14 yr olds, 9367
family drawings, measurement of interpersonal distance & intimacy or alienation, adolescents, 2399
House-Tree-Person projective drawing technique in transactional analysis, couples, 3989
photographs, projective technique in psychotherapy, 13186
projective techniques with self vs other as S of story, attribution of socially undesirable affects, male vs female 1st–5th graders, 844
reliability of objective scoring system, Kinetic Family Drawing Test, assessment of child's self concept & perception of family relations, 2nd–5th graders, 9424
religious ideas as source of projective material in psychiatric evaluation, 9 yr old males, 12860
sex differences, primary process integration on Rorschach & capacity to shift primary problem solving strategies in water jar test, male vs female 3rd graders, 9439
technique for assessment of body image, 3–6 yr olds, 171
validity & reliability, Home-Career Conflict Measure, female college students, 9396
validity & reliability of free-response & card-sort techniques, measurement of cognitive content, college students, implications for consumer research, 2442
validity & reliability of Pediatric Pain Inventory, projective measurement of pain perception, 4–19 yr olds vs their parents, 164
Projective Testing Technique
psychological testing technique using geometric symbols, psychiatric diagnosis, 4730
Projective Tests [See Projective Techniques]
Prolactin
circadian rhythmicity & haloperidol, cerebrospinal fluid concentration of prolactin, male rhesus monkeys, 5263
conflict & dominance, prolactin & ACTH & luteinizing & growth & follicle- & thyroid-stimulating hormones in pituitary gland, male tree shrews, 5164
cortisol & prolactin circadian rhythms before vs after dexamethasone suppression test, 26–65 yr old female inpatients with endogenous vs nonendogenous depression, 12888
dive to 60 meters hyperbaric pressure, perceptual defense mechanisms & endocrine reactions & cognitive functioning, British Navy divers, 12194
dosage level of fluphenazine decanoate, serum prolactin & dextroamphetamine-induced locomotor activity & sniffing & rearing, male rats, 2963
ECT, serum prolactin levels, 18–82 yr old depressed patients, 3877
haloperidol vs thioridazine vs butaperazine treatment, platelet MAO activity & prolactin levels, schizophrenics with mean age of 34.1 yrs, 6290
hyperprolactinemia & reduced testosterone, males with sexual disorders, 6020
light-dark period durations, circadian rhythms of gonadotropic hormone levels & sensitivity in testes, male hamsters, 442
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
male rank & familiar vs unfamiliar females, sociosexual & aggressive interaction & male cortisol & prolactin & testosterone levels, captive talapoin monkeys, 420
methadone hydrochloride, prolactin levels, 22–54 yr old hospitalized depressives, 8462
naloxone, drowsiness & abnormal thought content & plasma prolactin, 21–45 yr old drug-free chronic schizophrenics vs schizophrenics on neuroleptics, 6295
naloxone vs release of ACTH vs prolactin vs growth hormone, dental analgesia induced by nonpainful & low-frequency electrical nerve stimulation, healthy 21–27 yr olds, 7497
parental behavior, plasma prolactin levels, male marmosets, 9894
sexual dysfunction & menstrual disturbances & plasma prolactin levels, 21–65 yr old schizophrenics on neuroleptics, 1617
thyrotropin releasing hormone & desimipramine, plasma growth hormone & follicle & thyroid stimulating & luteinizing hormone & prolactin, 36–65 yr olds with primary affective & schizoaffective disorders, 13258
trazodone, prolactin & somatotropin secretion, 45–71 yr old depressed males, 13289
Prolixin [See Fluphenazine]
Promiscuity [See Prostitution]
Pronouns
inferences in pronoun comprehension, 4–6 yr olds, 10206
methodological problems, study of pronominalization & development of grammatical marking of thematic structure in discourse, English or French speaking 4–9 yr olds, 3122
Pronunciation
association value & pronounceability & characteristic associative structure, memory for surnames or orthographically identical words, college students, 7259
identification vs pronunciation of words vs pseudowords vs letters in verbal RT task, college students, 9615
word regularity & frequency, judgments of spelling-sound correspondences, 14–62 yr olds, 10058
Propaganda
value orientation & propaganda, 12531
Propranolol
age & propranolol vs clonidine, digitoxin-induced behavioral toxicity, mice, 12320
amphetamine vs apomorphine vs novel 2-aminoindanes & pimozide vs propranolol vs phentolamine vs alpha-methylparatyrosine, food intake & motor activity, male rats, 12241
dextroamphetamine with vs without propranolol pretreatment, food intake & eating time & length of eating bouts & eating rate, male rats, 10050
diuretics & methyldopa & guanethidine & reserpine & propanolol & clonidine & spironolactone & other oral antihypertensive drugs, sexual dysfunction, males, literature review, 4087
high doses of dextropropranolol vs dextrolevopropranolol, EEG changes before vs during vs after treatment, 22–51 yr olds with acute manic psychosis, 1603
norepinephrine & phentolamine & propranolol, feeding behavior, cats, 12302
propranolol & atropine & elaboration of alimentary instrumental reflexes & nonavoidable pain, heart rate control, rats with weak vs pronounced innate passive defensive reaction, 5246
propranolol, control of rage outbursts & aggressive behavior, 7–35 yr olds with organic brain dysfunction, 6320
propranolol, Type A behavior & heart rate & blood pressure, 24–68 yr old coronary patients, 8465
propranolol, 20–35 yr old male schizophrenics, 6311
Proprioceptors
inertial loading & de-efferentation of receptor muscle & passive & spontaneous flexions of merus-carpus joint, trajectory analysis of myochordotonal organ, crayfish, 5085
scientific research on external stimulation of proprioceptive system & effect on human motor performance, 4853
Prose [See Also Autobiography, Biography]
adjunct questions in prose reading passage & reading ability level, rote & conceptual learning, college freshmen, 6701
age & exhortations to remember, intrusions of prior knowledge in recall of prose text, 3rd vs 4th vs 6th vs 11th graders, 7695
application of Jung's 4-function personality theory to discursive writing style, literary critics, 5630
attribution of consensus & distinctiveness & consistency information with vs without instructions to form causal judgments, memory for causal agent, college students, 317
centrality of story content, recall, adults, 315
extraversion vs coding complexity vs mode of presentation, recall of prose passage, 11 yr olds, 752
imagery eliciting strategies, memory for prose or expository text, literature review, 11895
narrative angle, attribution of character's behavior in 2-character story, readers, 5608
noise vs quiet & type of recognition probe, auditory vs visual recognition memory for prose items, college students, 310
orienting stimuli while reading prose passage, reading comprehension, college students, 13597
paraphrase & historical knowledge of subject & retention interval, thematic prose recall & normalization rates & intrusions, college students, 9654

prior knowledge of subject & maplike organizer before vs after reading passage, recall & comprehension of prose passage, college students, 9630
prose difficulty & rate of presentation, reading & listening efficiency, college students, support for rauding theory, 4898
reader's purpose & distortion of central vs peripheral story elements, role of story schemata in metacognitive monitoring of story knowledge, 12th graders & college students, 4941
retention interval vs intentional learning vs importance of information in sentence, recognition of verbatim sentences from prose passages, college students, 9668
similarity of passage topic, recall, college students, implications for release from proactive interferences, 4923
specification of information objectives before prose reading, recall of goal relevant vs irrelevant material, college students, 9673
textual quantity & coherence & semantic relations, stories written by 2nd vs 4th vs 6th graders, 10171
validity of Rauding Scale of Prose Difficulty vs Singer Eyeball Estimate of Readability, estimation of difficulty of prose material, qualified raters, 2088
Prosocial Behavior [See Also Altruism, Assistance (Social Behavior), Charitable Behavior, Cooperation, Sharing (Social Behavior), Trust (Social Behavior)]
characteristics & mechanisms of prosocial behavior & sources of prosocial motivation, literature review, 3382
childrearing practices, mothers of endocentric vs exocentric vs nonaltruistic high school females, 12394
economic class & perceived parental practices, prosocial development & cooperation & competition & individualism, Anglo vs Mexican American 4th–6th graders, 3219
evolutionary sociobiology & Adlerian social interest vs genetic self interest, 11542
formal & systematic social curriculum in day care, development of prosocial behavior & reduction of aggression, children, 8842
prosocial behavior & altruism & theory of equity, literature review, 5567
prosocial development, children, literature review, 858
Prosocial Response Formation, treatment of disruptive behavior & development of prosocial characteristics, hearing impaired children & youth, 13246
request to sign petition benefiting requestor vs general public vs S, compliance, Ss over 15 yrs of age, 12678
role taking ability, prosocial behavior during tutoring of kindergartners, 2nd graders, 3214
self focused attention, prosocial behavior, college students, relevance for symbolic interactionist school & theory of self awareness, 7876
self recognition, prosocial intervention to help distressed mother vs peers vs siblings, 18–24 mo olds, 860
sex of helper & beneficiary, participant-observations of prosocial interactions in mixed-sex groups, Ss with mean age of 15.6 yrs, 5471
social interest level, life adjustment, 16–60 yr old runners vs nonrunners, 5662
socialization games, prosocial behavior & interpersonal distance, 19–32 yr old moderately & severely mentally retarded aggressive institutionalized females, 11056
willingness to conform to peer pressure to engage in antisocial vs prosocial actions, learning disabled junior high school students, 8127
Prostaglandins
acetylsalicylic acid consumption & hypovolemia & cellular dehydration, water intake, male rats, evidence for prostaglandin control of water intake, 2956
examination stress, blood pressure & cardiac rhythm & levels of prostaglandin & thromboxan B-2 & 6-keto-prostaglandin, students, 514
prostaglandin deficiency &/or excess hypotheses & schizophrenia, literature review, 3613
Prostate
need for communication & education about sexual concerns & impotence, 29–71 yr old males after cystectomy & prostatectomy for cancer, 13321
Prostheses
Edinburgh Masker, speech during oral reading & spontaneous speech, 12–19 yr old stutterers, 6338
industrial engineering procedure, evaluation of amputees' motions, amputees vs nonamputees, implications for design of prosthetic devices, 1810
Prostitution
family background & victimization & self destruction, substance abuse, 10–46 yr old female street prostitutes, 10640
Protein Metabolism
anisomycin injection following progesterone, extension of period of sexual receptivity, female rats, 12247
apomorphine injection following acquisition of brightness discrimination, incorporation of levofucose into hippocampal proteins & improved retention of discrimination, male rats, 2952
cell-mediated immune response to human myelin basic protein, autistic 6–22 yr olds, 5802
dopamine, incorporation of labeled fucose into total proteins & guanosine diphosphate fucose formation in hippocampal slices, male rats, 10017
icv vs intracisternal cycloheximide, protein synthesis inhibition & amnesia for saccharin aversion memory, rats, 699
pentobarbital anesthesia & footshock & shock avoidance conditioning, acetylcholinesterase & protein synthesis in brain, female rats, 12149
protein synthesis suppression induced by neonatal asphyxia, rats born from females maintained on low-protein diet, 9934
Proteins [See Also Antibodies, Blood Proteins, Endorphins, Hemoglobin, Immunoglobulins, Serum Albumin]
age at onset & clinical & pharmacokinetic & neurophysiological factors, 16–76 yr old paranoid schizophrenics with vs without impairment of blood-brain barrier, 10507
antibodies to cow's milk & egg white & gluten, schizophrenics vs patients with affective disorders, reinterpretation of P. McGuffin's data, 5781
body weight, selection of diets with varying energy vs protein levels, male dwarf chickens, 12036
chromatographic profiles of urinary peptides & protein-associated peptides, autistic 4–19.4 yr olds vs psychotic 6–15.4 yr olds vs 9 yr olds with minimal brain dysfunction vs attention deficit disorder vs mentally retarded 3.8–15.1 yr olds, 1098
delayed skin reactions to human brain S-100 protein & to liver protein, 7–85 yr old patients with schizophrenia & cerebral atrophy & dementia & depression & mental retardation, confirmation & extension of findings of B. D. Jankovic et al, 1103
exposure to spatial problems, synaptic proteins & glial protein glutamine synthetase in frontal & control brain regions, rats, 7432
intraocular injection of labeled N-acetylmannosamine following dark adaptation, labeling in gangliosides & glycoproteins of retinal ganglion cell layer & optic tectum following light exposure, chickens, 7536
low dietary protein, aggressive defensive & predatory behavior, male rats, 12157
morphine, protein & fat & carbohydrate selection & intake, male rats, 650
neurotensin administration into caudate nucleus vs posterior hypothalamus, conditioned & unconditioned food reflexes & increased stomach secretion, dogs, 691
self administered morphine, dietary selection of proteins & fats & carbohydrates, male rats, 12308
Protestantism [See Also Fundamentalism]
attitudes toward euthanasia & suicide, Jews vs Catholics vs Protestants, reanalysis of B. K. Singh's study, 10296
conflicts between Christianity & Zen Buddhism & Catholicism & Protestantism in multicultural societies & resolution &/or integration, 12546
meaning of terms "Protestant" vs "Catholic", 6 vs 9 yr olds, Northern Ireland, 3227
priest vs minister vs layman as E, religious attitudes assessed by questionnaires vs interviews, Roman Catholic vs Protestant college student, 2367
religious group value patterns measured by Rokeach Value Survey, Mennonite college students, replication of S. Mellor & J. Andre's study, 12552
Protozoa
precognitive vs psychokinetic ability, paramecia, attempt to replicate N. Richmond's findings, 4619
Pruritus
emotional & cutaneous experience, patients with acute psoriasis, 3762
sleep patterns & personality characteristics, 19–56 yr olds with itching due to eczema, implications for alexithymia, 3858
Pseudocyesis
definition & phenomenology & treatment, pseudocyesis, 1356
pseudocyesis & early conduct disorder & hysteria, child kidnapping, 21 yr old female, 5672
Pseudopregnancy [See Pseudocyesis]

Psychedelic Drugs [See Also Lysergic Acid Diethylamide]
heavy alcohol use, use of tobacco & marihuana & "party" drugs & medical sedatives & inhalants & psychedelic drugs, college students, 5563
positive–negative aspects of use of psychedelic drugs & psychological well-being, self actualizing persons, 5562
Psychiatric Aides
ability & training performance & demographic factors, voluntary turnover, psychiatric aides in state hospital, 13494
time spent in patient care activities, mental health technicians vs psychiatric nurses on inpatient psychiatric unit, 8646
Psychiatric Classification (Process) [See Psychodiagnosis]
Psychiatric Classifications (Taxon) [See Psychodiagnostic Typologies]
Psychiatric Clinics
clinical procedures & staff countertransference distortion, negative therapeutic experience, 22 yr old female psychotherapy client, 11026
distance between home & outpatient clinic & enrollment in treatment, outpatients, 4141
psychotherapeutic treatment in supportive care clinic setting, 46 yr old male schizophrenic, 13368
sex, symptoms of psychiatric distress & utilization of in- vs outpatient psychiatric services, psychiatric patients vs drug addicts under 55 yrs vs 55 yrs old & older, Iran, 6095
utilization of psychiatric hospital or outpatient services before & after self poisoning, 15–79 yr old patients, 6360
Psychiatric Disorders [See Mental Disorders]
Psychiatric History [See Patient History]
Psychiatric Hospital Admission [See Also Psychiatric Hospital Readmission]
admission criteria & entry process, psychiatric day care program, 1767
changes in types of full time psychiatric hospital admissions, 1966–77, Spain, 8648
epidemiology & psychiatric hospital admission rates, schizophrenia, USSR, 11071
psychiatric hospital admissions & discharges, Japan, 4203
religious affiliation, psychiatric hospital admission for schizophrenia, Ireland vs Northern Ireland, 8636
social selection perspective & policy & research issues, state mental hospital admissions decisions & organization of service delivery & deinstitutionalization, 8634
Psychiatric Hospital Discharge
approach for dealing with termination of residential treatment, psychiatric patients, 4208
clinical & demographic variables, length of inpatient stay & disposition on discharge, psychiatric hospital patients, 11060
level of expressed emotion of relatives at time of hospital discharge, relapse, schizophrenics, 9-mo followup, 3639
manic ratings at discharge, symptoms predicting rehospitalization or incarceration, patients, 1-mo followup, 4214
psychiatric hospital admissions & discharges, Japan, 4203
reintegration into society, formerly institutionalized mental patients, 5-yr followup, 4204
relative's discharge from mental hospital, emotional & economic strain, families, 1703
social psychiatric vs traditional ward orientation, communication behavior, discharged schizophrenic & depressed patients, 6437
Psychiatric Hospital Programs [See Also Therapeutic Community]
admission criteria & entry process, psychiatric day care program, 1767
effectiveness of partial hospitalization, literature review, 13406
exercise program, affective state & ego structure & functioning, psychiatric inpatients, 4188
experimental hostel-ward, 18–65 yr old long-stay psychiatric patients, England, 8656
group play therapy, hospitalized psychiatric patients, 13391
guidelines for partial hospitalization, borderline clients, literature review, 1779
hospital-associated hostels, long-stay psychiatric patients, 4212
Life Skills Program participation, change in problems, 17–58 yr old psychiatric patients, 1749
Montessori-based therapy, 5–13 yr old inpatients with perceptual problems & clumsiness & hyperactivity & emotional impulsiveness & immaturity & speech retardation, 13392
orientation to psychiatric hospitalization, patients & their families, 1792
patient evaluation of institutional youth psychiatric treatment program, 4200
psychiatric hospital-provided care program for industrial workers, 10992
psychosocial intervention of behavioral techniques based on social learning principles vs milieu therapy vs traditional hospital treatment, retraining for community life, institutionalized adult schizophrenics, 8642
reality construction & exploration as part of treatment process in therapeutic communities, psychiatric day hospital vs "concept house" for treatment of drug addicts, 10774
social & coping skills training group in psychiatric day hospital unit, 22–60 yr olds with life crises stresses, 13418
social skills assessment by staff vs patients vs structural methods, day hospital staff & 23–59 yr old psychiatric patients, 11630
therapeutic community vs medical model of inpatient services, psychiatric inpatients, 8638
visits of patient's home environment, therapists, 1778
Psychiatric Hospital Readmission
behavioral signs associated with subsequent psychiatric rehospitalization, deinstitutionalized 18–72 yr olds with history of chronic mental illness, 13412
comprehensive rehabilitation program, deterrence of rehospitalization, severely disturbed psychiatric outpatients with mean age of 25.4 yrs, 4192
diagnosis & reasons for admission, 15–45 yr olds readmitted to general hospital psychiatric units, 6451
manic ratings at discharge, symptoms predicting rehospitalization or incarceration, patients, 1-mo followup, 4214
parent personality characteristics & parent-child relations, psychiatric hospital readmission, 15–30 yr old acute male schizophrenics, 4185
Psychiatric Hospital Staff [See Also Psychiatric Aides]
development & resolution of antitherapeutic forces on psychiatric inpatient service, 4201
division of responsibility, productivity & treatment goals & working climate, multidisciplinary treatment teams in acute psychiatric admission clinic, 6436
guide to psychiatric hospital practice, hospital staff, 1781
patient characteristics & staff responses to patient chart requests, 18–55 yr old psychiatric unit patients, 11052
personal characteristics & social relations at work, prominence in hospital communication network, staff of children's psychiatric hospital, 6522
staff turnover, psychiatric hospital ward climate, staff members & patients, 1773
variations in baseline finger skin temperatures, male vs female 17–76 yr old Black vs White vs Eskimo psychiatric patients vs 19–63 yr old hospital staff members, 5124
Psychiatric Hospitalization [See Also Commitment (Psychiatric), Psychiatric Hospital Admission, Psychiatric Hospital Discharge, Psychiatric Hospital Readmission]
adjustment & diagnosis, 18–64 yr old psychiatric patients upon hospital admission & 6 mo after discharge, 11074
age & sex & marital & educational status & diagnosis, 1st referral to psychiatric hospital, psychiatric patients, Nigeria, 4195
antidepressant & neuroleptic & hypnotic drug prescriptions, psychiatric patients during hospitalization vs in outpatient clinics, 1625
changes in types of full time psychiatric hospital admissions, 1966–77, Spain, 8648
characteristics of patients transferred to psychiatric inpatient wards, medical & surgical hospital patients, 13419
clinic symptoms, borderline states, hospitalized vs nonhospitalized 15–50 yr old patients, 1774
clinical & demographic variables, length of inpatient stay & disposition on discharge, psychiatric hospital patients, 11060
country of origin, hospitalized psychiatric patients over 15 yrs of age, Australia, 12821
demographic characteristics & case history & length of hospitalization, patients admitted to depression ward, 6461
dissatisfaction with ward environment representative of psychiatric medical model vs therapeutic community, behavioral disturbances, psychiatric inpatients, 1754
duration of hospitalization, treatment outcome, psychiatric patients, 11054
early treatment planning, hospitalized severe borderline patients, 13402
ECT & antidepressant therapy, length of time between hospitalizations, 13–88 yr old unipolar & bipolar depressives, 8272
effectiveness of partial hospitalization, literature review, 13406
experience in psychiatric care unit, young children with disorders associated with family crisis, 1755

experimental hostel-ward, 18–65 yr old long-stay psychiatric patients, England, 8656
family intervention, psychiatrically disabled young adult inpatients in crisis-oriented hospital unit, 1788
followup studies of hospitalized adolescent psychiatric patients, literature review, 11065
group parent program, self esteem & attitudes toward children & knowledge of childrearing techniques, parents of psychiatrically hospitalized children, 4193
guide to national data on inpatient care for mental disorders, 11072
history of psychiatry & psychiatric practice, Brazil, 13128
hospital program controlling locked ward & lack of goals, difficulty in creating therapeutic milieu & ward environment, psychiatric hospitals, 13389
hospitalization course, schizophrenics, 15-yr longitudinal study, 8620
improvement during hospitalization, 54–94 yr old psychiatric patients with functional vs organic vs mixed diagnosis, 1791
inappropriate diagnosis & treatment by health care & legal system, Ss 60 yrs & over committed to state hospital, 8626
inpatient program including behavior therapy & family or individual therapy vs psychotherapeutic community, anorexia nervosa, female patients with mean age of 20.5 yrs, 6454
interictal behavioral profile, temporal lobe epileptics undergoing psychiatric hospitalization vs idiopathic psychiatric syndrome patients & epileptics with mean ages of 23–29 yrs, 5927
limits & alternatives to hospitalization, psychotic adolescents, France, 8647
multiple therapeutic techniques & 3rd party consultation & systemic approach to patient's family as alternative, interinstitutional transfer, psychiatric inpatients, 4191
O reliability & validity, Clinical Assessment Inventory as part of hospital treatment program, adults, 8615
open & closed microgroups, therapeutic community, psychiatric inpatients, 13395
optimal length of & alternatives to hospitalization, psychiatric patients, literature review, 11068
orientation to psychiatric hospitalization, patients & their families, 1792
parental attitudes prior to child's admission to short term residential psychiatric program, treatment outcome, 4–14 yr old males, 6446
perceptions & therapeutic processes of hospitalized patients, therapists & supervisors & patients & nursing staff, 8610
perceptions of source of problems & treatment outcome, 16–60 yr old psychiatric inpatients vs their therapists, 1765
psychodiagnosis at admission vs discharge, psychiatric patients with mean age of 32 yrs, 3–6 mo followup studies, 11058
Psychological Screening Inventory, prediction of predisposition to suicide, psychiatric hospital patients, 11665
psychosis & voluntary vs involuntary admission status, prediction of violence & need for seclusion & restraint, 17–62 yr old psychiatric inpatients, 13413
receipt of information about rights, knowledge of rights, 18–75 yr old psychiatric inpatients, 13408
rehabilitation psychology program &/vs traditional inpatient treatment, perceived treatment environment, schizophrenics at therapeutic community, 8685
role of hospitalization in recovery, neurotic patients voluntarily admitted to psychiatric institute, 6456
severity of disorder & crowded conditions of urban life & low tolerance for aggressive behavior, confinement to high-security psychiatric facility, psychopathic & psychotic & mildly mentally retarded males with mean age of 33 yrs, 4186
sex differences, rates of psychiatric hospitalization & mental illness, England & Wales, 3552
sex, symptoms of psychiatric distress & utilization of in- vs outpatient psychiatric services, psychiatric patients vs drug addicts under 55 yrs vs 55 yrs old & older, Iran, 6095
short term hospital treatment by residents & medical students, psychotics, 1763
short term hospitalization therapy, single-parent families with at least 1 disturbed member, 1517
sociodemographic variables, duration of stay, general hospital psychiatric clinic vs mental hospital patients, 6435
theory & practice of ward groups, inpatient child psychotherapy, 11075
treatment decision-making style of therapeutic community vs medically oriented psychiatric ward, treatment outcome & process of care, 15–55 yr old 1st-admission inpatients, 6448
utilization of psychiatric hospital or outpatient services before & after self poisoning, 15–79 yr old patients, 6360
1st hospitalization between 1938 & 1962, long term course of hysteric reactive psychoses patients, followup studies, 4206

Psychiatric Hospitals

arbitration process for cases involving misconduct & incompetence & neglect & patient abuse, psychiatric hospital staff, 13400
changes in types of full time psychiatric hospital admissions, 1966–77, Spain, 8648
community placement & adaptation to community life, adolescents treated in residential program for mentally disturbed children, 5-yr followup, 10978
cost data for mental health care provided in hospitals & halfway houses & health maintenance organizations & community mental health centers & comprehensive community programs, 8543
criticism of proposal to abolish psychiatric hospitals, France, 8622
development & resolution of antitherapeutic forces on psychiatric inpatient service, 4201
diagnostic & clinical features, depressed patients admitted to psychiatric vs nonpsychiatric hospital wards, 8611
financial management of mental vs general hospitals, Japan, 8635
functioning of general hospital psychiatric service, Italy, 8619
functioning of inpatient & daycare & emergency service units in general hospital psychiatric department, 8623
future goals of VA psychiatric programs, 8621
future of private psychiatric hospitals, 8640
future of psychiatric hospitals, 8614
guide to psychiatric hospital practice, hospital staff, 1781
history & treatment modalities, treatment centers for psychiatric emergencies, Brazil, 8525
inadequacies of community & institutional mental health care as seen by sociologist A. Scull & suggested policies, US & Great Britain, 10967
incidence of suicide, hospitalized psychiatric patients, Switzerland, 1782
level of security, aggressive & socially disruptive behavior, psychiatric patients in maximum security hospital, 8641
organization of psychiatric institution, social & therapeutic effects, patients, 13409
prediction of changes in state psychiatric hospitals, 1980's, 8637
problems & changes in psychiatric units of general hospitals, 8652
proposals for extension of inpatient psychiatric services for adolescents, UK, 11073
recommendations for psychiatric hospitals in future, 8612
recommendations for reforms for state psychiatric hospitals, 8649
role in patient care at Western Psychiatric Institute & Clinic, primary nurses, 8644
role of general hospital, provision of psychiatric care, young adult chronic patients, literature review, 1757
role of walk-in clinics in general hospital psychiatric units, 15–64 yr old psychiatric patients, 8627
social psychiatric vs traditional ward orientation, communication behavior, discharged schizophrenic & depressed patients, 6437
social selection perspective & policy & research issues, state mental hospital admissions decisions & organization of service delivery & deinstitutionalization, 8634
sociodemographic variables, duration of stay, general hospital psychiatric clinic vs mental hospital patients, 6435
tasks & goals & competencies of psychiatrists who act as liaisons between psychiatric & general hospital wards, France, 8608
time spent in patient care activities, mental health technicians vs psychiatric nurses on inpatient psychiatric unit, 8646
treatment evaluation method, psychiatric hospital clients & staff & community members, 6453

Psychiatric Nurses

development of psychiatric liaison nursing, 1962–82, literature review, 4207
development of theory of learned helplessness & clinical applications in psychiatric/mental health nursing, literature review, 1682
psychiatric outpatient care vs supportive home visiting from community psychiatric nurses, 18–69 yr old neurotic patients, 1715
Q-analysis, countertransference, psychiatric nurses & patients, 1508
recognition of personality & other factors associated with suicide, psychiatric nursing assistants, training implications, 8714
role in patient care at Western Psychiatric Institute & Clinic, primary nurses, 8644
simulation games as teaching technique in psychiatric nursing, 1852
time spent in patient care activities, mental health technicians vs psychiatric nurses on inpatient psychiatric unit, 8646

Psychiatric Patients
abnormalities of sexual history & premenstrual affective syndrome, 14–45 yr old female inpatients with schizophrenia vs depression &/vs borderline personality disorder, 5729
acute porphyria, psychiatric patients, 5734
adjustment & diagnosis, 18–64 yr old psychiatric patients upon hospital admission & 6 mo after discharge, 11074
advantages & difficulties of deinstitutionalization, mental patients, literature review, 1705
adversary counsel, representation & civil commitment of mentally ill, 3337
age & sex & diagnosis, suicide, mental health patients, 12915
age & sex & marital & educational status & diagnosis, 1st referral to psychiatric hospital, psychiatric patients, Nigeria, 4195
age, depression, 16–63 yr old psychiatric patients, 12846
amitriptyline vs nortriptyline with vs without perphenazine, antidepressant plasma level, psychiatric patients with mean age of 42.3 yrs, 1636
amoxapine, neuroleptic effects, psychiatric patients, 1599
analysis of esthetic components of arrangement of physical environment as reflection of mental state, understanding of psychopathology, manic patients, 1184
antidepressant & neuroleptic & hypnotic drug prescriptions, psychiatric patients during hospitalization vs in outpatient clinics, 1625
application of civil commitment certification on grounds of dangerousness to others & correlates of certification status, male inpatients with mean age of 33 yrs, 4213
approach for dealing with termination of residential treatment, psychiatric patients, 4208
arbitration process for cases involving misconduct & incompetence & neglect & patient abuse, psychiatric hospital staff, 13400
assessment of urgency of problem, therapists vs scheduled vs walk-in patients at outpatient clinic, 4144
attitudes toward discharged psychiatric patients, 20–56 yr old rehabilitation workers, Israel, 1872
attitudes toward family involvement in treatment of hospitalized chronic mental patients, family & staff members, 1793
Beck Depression Inventory vs Form E of Depression Adjective Check Lists vs Generalized Contentment Scale, psychiatric inpatients vs outpatients vs graduate students, 4719
behavior cycles, psychiatrically hospitalized children, 12885
behavioral & personality correlates of MMPI 4-5-6 configuration, female psychiatric patients, 3643
Bem Sex Role Inventory & Extended Personal Attitudes Questionnaire, MMPI correlates & normative data, 18–43 yr old male psychiatric inpatients, 4734
brain pathology, 21–54 yr old schizophrenics vs nonschizophrenic psychiatric patients vs nonpsychiatric patients, 3629
cause & treatment, obesity, mentally retarded & psychiatric patients, literature review, 12800
change in cognitive functioning during 1st yr of hospitalization, prediction of failure to survive next 4 yrs, aged psychiatric patients, 1233
changes in cerebrospinal amino compounds accompanying aging & neurological & psychiatric illness, psychiatric patients, literature review, 1100
changes in legislation & procedures concerning civil commitment & rights of mentally ill, 8609
childbirth, rate of psychosis, females under psychiatric care, 8041
chronic clorgiline therapy, subsensitization of alpha-2-adrenergic receptors following clonidine administration, 20–58 yr old psychiatric patients, 4094
client & therapist race, psychotherapy outcome, Black vs White 18–45 yr old patients & therapists, 6142
clinical utility of short form of Speech Sounds Perception Test, neurological & psychiatric inpatients, 4783
clinically observed vs EEG monitored seizures during ECT, psychiatric patients, 3884
combined lithium & neuroleptic drugs, EEG activity, psychiatric patients, 13286
community aftercare service delivery system, deinstitutionalized chronic psychiatric patients, 1714
community network therapy, deinstitutionalization & community care, psychiatric patients, 11024
community treatment programs, young adult chronically mentally ill patients, 1726
community-based employment project, 18–58 yr old psychiatric patients in transition from hospital to community, 11012
comprehensive rehabilitation program, deterrence of rehospitalization, severely disturbed psychiatric outpatients with mean age of 25.4 yrs, 4192
construct validity & principal components factor structure of Bannister-Fransella Grid Test of Schizophrenic Thought Disorder, diagnosis of thought disorders, psychiatric inpatients, 196
construct validity of Weigl Color-Form Sorting Test, assessment of ability to shift conceptual attitude, male psychiatric inpatients, 7115
construction & validity & reliability of rating scale for depression, depressed vs nondepressed psychiatric patients, 7051
contextual factors, severity of violent disputes, former mental health patients & ex-offenders, 8119
corrective therapy, geriatric psychiatric patients, 6464
country of origin, hospitalized psychiatric patients over 15 yrs of age, Australia, 12821
crisis intervention, 25 yr old Black female chronic mental patient, 1701
dangerousness to others & violent acts, short-term civil commitment, 19–64 yr old psychiatric patients, 1798
day treatment in childhood, psychiatric disturbances, 16–26 yr olds, 10-yr followup, 6390
day vs residential care units, social behavior, psychiatric patients, England, 8552
deficiencies in thiamine & riboflavin & pyridoxine, hospitalized psychiatric patients, 10516
degree of urgency & demographic characteristics, nonurgent vs psychiatric patients in emergency room, 1678
deinstitutionalization, psychiatric patients, Colombia, 1727
delusions of infidelity in psychotic jealousy, psychiatric patients, 8022
demographic & social & clinical characteristics, 19–89 yr old psychiatric patients, England, implications for judging quality of available services, 8062
demographic characteristics & age & race, substance abuse history & illicit drug use, hospitalized paranoid schizophrenic vs other psychiatric patients, 13388
demographic variables & mental state & social behavior & work performance & self care skills, 26–79 yr old psychiatric patients in rehabilitation unit, 3–4 yr followup, 6473
derivation & cross-validation of 5-subtest WAIS short forms, low socioeconomic status 18–55 yr old psychiatric patients, 4731
development of growth advancement program & group & activity therapy, chronically ill young adults, 1724
diagnosis of chronic schizophrenia or recurrent affective disorder & previous suicide attempt, risk factors for suicide, psychiatric patients who did vs did not attempt suicide, 1111
directed art/movement therapy, mood & social interactions, 16–68 yr old psychiatric patients, 10785
disconfirmation in interpersonal interactions, psychiatric patients, 5739
distance between home & outpatient clinic & enrollment in treatment, outpatients, 4141
drawing performance on Draw-A-Village task, 17–61 yr old schizophrenics vs other psychiatric patients vs normal 5–14 yr olds, 9367
duration of hospitalization, treatment outcome, psychiatric patients, 11054
early maternal bereavement, age at marriage & quality & fate of marriage & number of children & coping ability & childrearing, female psychiatric patients, 1127
early psychopathological experiences, analyzability, psychiatric patients, literature review, 6170
ECT, acute rise in pancreatic polypeptide concentrations, 37–55 yr old psychiatric patients, 3876
ECT via alternating sine wave vs brief-pulsed square-wave, clinical functioning & memory loss, patients with mean age of 36 yrs, followup study, 1466
educational background, Psychiatric-Organic Special Scale score of MMPI, functional psychiatric vs organic brain damaged patients, 199
efficacy of group jogging program, psychiatric patients, 8270
efficacy of job seeking skills groups, 19–55 yr old psychiatric patients, 11003
electrically induced alpha rhythm, anxiety states, psychiatric patients, 3915
epidemiology & underlying psychopathology, assaultive behavior prior to hospital admission, psychiatric inpatients, 1756
establishment of community based group home, 19–34 yr old recently released psychotic patients, Israel, 1712
ethical & legal considerations in clinical testing of new psychotropic drugs, volunteers & psychiatric patients, 10932

evaluation of policy to admit psychiatric patients to general medico-surgical hospital units, 8645
events surrounding symbolic act of violence, 15 yr old male in adolescent psychiatric ward, 12839
exercise program, affective state & ego structure & functioning, psychiatric inpatients, 4188
experimental hostel-ward, 18–65 yr old long-stay psychiatric patients, England, 8656
extension of brief involuntary emergency detention in Pennsylvania mental health law, consent to voluntary hospitalization, psychiatric patients, 4187
factors associated with poor transition from inpatient to outpatient treatment, psychiatric patients, 1770
factors contributing to & aftereffects of runaway behavior, 14–17 yr old psychiatric inpatients, 3542
Family Life Space Ecological approach in diagnosis & treatment, psychiatric patients, 8285
family structure & relations, involuntary commitment to psychiatric emergency unit, 14–68 yr old patients, 1794
frequency of manic & bipolar & depressive & unipolar disorders, psychiatric private practice patients vs inpatients vs outpatients, 1120
goals, rehabilitation program outcome, psychiatric patients, 1758
group parent program, self esteem & attitudes toward children & knowledge of childrearing techniques, parents of psychiatrically hospitalized children, 4193
group play therapy, hospitalized psychiatric patients, 13391
group psychotherapy, parents of 16–30 yr old psychiatric patients, 3975
group psychotherapy, psychiatric inpatients, literature review, 6182
group psychotherapy, self vs expert ratings of treatment effectiveness, adolescent psychiatric inpatients, 10874
guide to national data on inpatient care for mental disorders, 11072
haloperidol & fluphenazine decanoate, catatonia, 72 yr old female psychiatric inpatient, 4089
heatstroke, medicated psychiatric patients, implications for prevention & recognition & treatment, 12805
Hindi PEN Inventory, psychiatric patients with mean age of 34 yrs, 3601
history & current laws on prison care, mental patients, France, 1818
hospital-associated hostels, long-stay psychiatric patients, 4212
imagery value of words & ideas of K. Goldstein, schizophrenics & psychiatric patients, 7999
importance of liberal conditions in general hospital, psychiatric patients, 8633
improvement during hospitalization, 54–94 yr old psychiatric patients with functional vs organic vs mixed diagnosis, 1791
incidence of neuropsychiatric diseases & primary degenerative brain processes & psychopathological syndromes, psychiatric patients examined by computerized axial tomography, 10531
incidence of substance abuse & schizophrenic disorders & organic brain syndrome & referral characteristics, emergency room patients aged 40–65 yrs & over, 4209
incidence of suicide & attempted suicide, psychiatric patients seen in psychiatric hospital, 1968–80, 10636
incidence of suicide, hospitalized psychiatric patients, Switzerland, 1782
incidence of violence, hospitalized forensic patients with mean age of 32 yrs, 8650
incidence of wife battering, male hospitalized psychiatric patients with mean age of 44 yrs, 12893
information value of stimulus, attention & smooth pursuit eye movements, schizophrenic vs affective disordered vs nonpsychotic psychiatric inpatients vs normals, 3556
interaction of transference & choice of partner, choice of therapist & therapeutic process, 10838
interictal behavioral profile, temporal lobe epileptics undergoing psychiatric hospitalization vs idiopathic psychiatric syndrome patients & epileptics with mean ages of 23–29 yrs, 5927
internal reliability, scales from Inpatient Multidimensional Psychiatric Scale, 13–85 yr old psychiatric inpatients, 2428
interpersonal dynamics surrounding patient assaults on psychiatrists, 3893
interpersonal problem solving & family climate & social resources, social support networks, psychiatric outpatient clinic client with mean age of 37.9 yrs, 6396
issues in right to refuse treatment, committed patients, criticism of M. D. White & C. A. White's response to P. S. Applebaum & T. G. Gutheil's article, 6442
language & conceptual difficulties & cultural differences & reality factors, Xhosa translation of Present State Examination, hospitalized psychiatric patients, South Africa, 4741
laws regarding civil rights, mental patients, France vs Italy vs US, 979
legal rights & treatment, mentally ill children, France, 960
level of security, aggressive & socially disruptive behavior, psychiatric patients in maximum security hospital, 8641
life stress level, violent behavior, 18–65 yr old former mental patients, 10578
long term neuroleptic treatment, word associations, hospitalized psychiatric patients, 8447
lormetazepam vs amobarbital, treatment of moderate insomnia & side effects, psychiatric outpatients, 4053
Luscher Color Test, identification of clinical depression, psychiatric patients, 8002
management of hostility, adjustment & psychotherapeutic outcomes, psychiatric patients, 7997
manner of escape & dangerousness & reasons for leaving & place of apprehension, hospitalized psychiatric patients who left hospital without permission, 1785
maternal/paternal care/overprotection, hypochondriacal in- & outpatients from psychiatric hospital with mean age of 39.7 yrs, 10485
mental health & social policy & ethics & involuntary commitment, young adult chronic patients, 1455
mental health service delivery & programing, need for home residence & network of supportive vocational & social treatment programs, young adult chronic patients, 1716
misconceptions about & attitudes toward ECT, patients who had received ECT with mean age of 47 yrs & visitors of ECT vs non-ECT treated patients, 3895
MMPI Social Introversion Scale scores vs Shipley-Hartford abstract & verbal intelligence scores, independence of construct of social intelligence, psychiatric patients, 11670
modification of experiential analysis technique, evaluation of hypnotherapy session & communication of anxiety-producing thoughts, 14–50 yr old psychotherapy patients, 6333
money management training program, VA patients judged incompetent due to mental illness or brain trauma, 1780
motivation for & commitment to psychoanalysis, psychiatric inpatients, 8629
motoric laterality & eye dominance, early onset schizophrenics & brain-damaged psychiatric patients & nonpsychotic non-brain-damaged psychiatric inpatients & college students, 1197
muscle relaxation therapy, fear reduction, psychiatric patients, literature review, 6226
need for services, psychiatric patients, England, 8583
neuroleptic drug therapy & emotional arousal, onset of drug-induced dystonia, psychiatric patients, 4096
neuroleptic drug therapy, platelet MAO activity, psychiatric patients, 1639
neurophysiology & brain electric activity, psychiatric patients, 10559
occupational therapy & insight-oriented psychotherapy & experiential learning, acquisition of community living skills, psychiatric patients, 4235
occupational therapy in sociological framework, acquisition of basic social skills in identification group, female psychiatric patients, 4224
oral vs written administration of MMPI, scores, 18–66 yr old outpatients, 4756
organization of community socialization project & training curriculum for volunteers, support system for recently discharged mental patients, 1706
organization of psychiatric institution, social & therapeutic effects, patients, 13409
orientation to psychiatric hospitalization, patients & their families, 1792
parents' perceptions of diagnostic evaluation & child & parent demographic characteristics, treatment attrition, 5–16 yr old psychiatric examinees, 1468
past aggression & absence of anxiety & depression & parental assaultive behavior, prediction of assaultiveness, 6–12 yr old psychiatric patients, 10561
patient characteristics & staff responses to patient chart requests, 18–55 yr old psychiatric unit patients, 11052
patient history & lack of social support networks & cross cultural differences, characteristics & symptoms of psychiatric emergency patients, US vs UK, 12808
perceptions & therapeutic processes of hospitalized patients, therapists & supervisors & patients & nursing staff, 8610

perceptions of source of problems & treatment outcome, 16–60 yr old psychiatric inpatients vs their therapists, 1765
personal concepts of depression & reported antidepressant activities, 17–73 yr old medical & psychiatric patients, 12784
personal history & social stability & current diagnosis, 19–58 yr old tattooed male psychiatric patients, 12819
personal social networks & support, 16–65 yr old nonpsychotic psychiatric outpatients, 10515
personality descriptions derived from WAIS profiles by atheoretical actuarial method vs Personality Assessment System, male psychiatric patients, 4748
physical appearance improvement program, self concept & body satisfaction & appearance, female chronic psychiatric patients, 11053
platelet MAO activity & serum thyroxine, normals vs psychiatric patients with mean age of 17.2 yrs, 3645
positive affect induction experience, social skills performance, 6–12 yr old psychiatric inpatients, 10911
premature mortality rate, psychiatric patients, 3567
prevalence & reliability & discriminative power of fatigue, psychiatric vs oncological patients, 3594
prevalence of somatic diseases, mental health center patients, Finland, 10586
problem of mixed message & resultant double bind, residents & staff of psychiatric halfway house, 13405
process of psychosocial rehabilitation, former psychiatric patients in Open Door program, 11094
program planning in community mental health services, young adult chronic patients, 1694
project for promotion of community involvement in deinstitutionalization planning, 4142
provision of social support & imposition of burden, relatives & friends of community psychiatric patients, England, 8560
psychiatric service system & psychosocial environment, prevention of chronic disability, chronic young adult psychiatric patients, 1704
psychodiagnosis at admission vs discharge, psychiatric patients with mean age of 32 yrs, 3–6 mo followup studies, 11058
psychoeducational program, skill development, psychiatric patients, 4231
psychological burden & coping behavior, families with posthospitalized psychiatric patient at home, 4159
psychological effects of lithium treatment, compliance & long term lithium therapy, healthy volunteers & patients, literature review, 13284
Psychological Screening Inventory, prediction of predisposition to suicide, psychiatric hospital patients, 11665
psychometric commonalities & differences between Luria-Nebraska & Halstead-Reitan Neuropsychological test batteries, neuropsychiatric patients with mean age of 47.8, 4788
Q-analysis, countertransference, psychiatric nurses & patients, 1508
reality orientation, institutionalized psychogeriatric patients, 6438
reintegration into society, formerly institutionalized mental patients, 5-yr followup, 4204
relative's discharge from mental hospital, emotional & economic strain, families, 1703
reliability & correlates of scores on Personal Opinion Survey, measurement of experienced control, psychiatric inpatients with mean age of 33.6 yrs, 11700
reliability & validity of Rational Behavior Inventory, mental health clinic outpatients, 11688
reliability of diagnosis, axis II of DSM III, 18–40 yr old patients, 1183
representation of adoptees in clinical populations, child & adult psychiatric patients, 1130
response to thyrotropin-releasing hormone test, 18–66 yr old psychiatric patients treated vs not treated with lithium carbonate, 1624
revised version of automated tailored Picture Matching Test, measurement of concept formation, aged psychiatric patients, 202
role of general hospital, provision of psychiatric care, young adult chronic patients, literature review, 1757
role of walk-in clinics in general hospital psychiatric units, 15–64 yr old psychiatric patients, 8627
role play scenes of negative assertion vs accepting help vs giving vs accepting compliments, verbal vs nonverbal vs assertive behavior, male vs female 8–13 yr old psychiatric patients, 5680
running as adjunct to group psychotherapy, 24–50 yr old posthospitalized chronically ill psychiatric patients, 6196
scores on measures of psychological adjustment, low assertive college students vs adult clinical norm groups, 11579
self mutilating behavior, mentally defective & psychotic patients living in psychiatric milieu, 6459
self report vs physicians' observations, assessment of symptoms, psychiatric outpatients with mean age of 36.3 yrs, 2348
serious illness of therapist, transference & countertransference & reality responses, psychotherapist & patients, 3930
serum dopamine-beta-hydroxylase activity & thyroxine, child & adolescent psychiatric patients, 3646
severity of disorder & crowded conditions of urban life & low tolerance for aggressive behavior, confinement to high-security psychiatric facility, psychopathic & psychotic & mildly mentally retarded males with mean age of 33 yrs, 4186
severity of perceptual vs personality disturbance, female psychiatric inpatients, 3544
sex & diagnosis, traditional scores vs scores based on Kaufman's factors for WISC-R performance, psychiatric patients with mean age of 11 yrs, 4751
sex, symptoms of psychiatric distress & utilization of in- vs outpatient psychiatric services, psychiatric patients vs drug addicts under 55 yrs vs 55 yrs old & older, Iran, 6095
short-term intensive group psychotherapy, psychiatric outpatients, 3985
small group job interview skills training, verbal behavior during role-played job interviews & subsequent employment, 20–37 yr old mental health center aftercare clients, 6468
social & coping skills training group in psychiatric day hospital unit, 22–60 yr olds with life crises stresses, 13418
social & psychiatric problems & suicidal intentions, self poisoned patients, Norway, followup study, 8115

Psychobiology
behavioral & biological strategies for assessment of brain function in clinical pediatric research, literature review, 2396
experiments with aniseikonic lenses & rat pups' heart rate as illustrations of preconceptions in research in developmental psychobiology, 6967
neural processes underlying movement control, literature review, 7180
psychobiological theory of emotions, 9686
systems analysis, integration of psychobiology & behavior therapy, implications for behavioral medicine, 3912
Psychodiagnosis [See Also Psychodiagnostic Interview]
abnormal dexamethasone suppression test results, 22–40 yr old male nondepressed chronic schizophrenics, implications for utility of test, 5715
adjustment & diagnosis, 18–64 yr old psychiatric patients upon hospital admission & 6 mo after discharge, 11074
age & sex & disorder, agreement in symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3615
agreement between clinical interviewers & computer diagnostic systems, psychiatric diagnoses, inpatients, 10568
American College Test & Standard Test of Academic Skills & GPA, identification of learning disabilities, college freshmen, 13730
animal movement in Rorschach responses, diagnosis of phobia, 4–11 yr olds, 3554
approach to psychiatric diagnosis in DSM III, child behavior therapy, 10540
assessment of adequacy of patient-in-absentia supervision in psychiatric diagnoses, psychiatric trainees & residents, implications for clinical care & training & research, 6164

assessment of depression, 60–86 yr old family practice patients, 1151
assessment of memory function, early diagnosis of dementia, 1421
assessment of urgency of problem, therapists vs scheduled vs walk-in patients at outpatient clinic, 4144
automated verbal administration of multiple choice questionnaire, measurement of degree of dementia, geriatric patients, 4723
central placement of 1st Bender-Gestalt design, normal vs disturbed 6–12 yr olds, implications for diagnostic validity of central placement, 2437
child development program, assessment of future school success & potential learning problems, 3–6 yr olds, 1323
childhood depression diagnosis by DSM-III vs W. A. Weinberg's criteria, 7–17 yr olds, 5707
chirological test, differences in characteristics of hands, 15–65 yr old hospitalized schizophrenics vs normal Ss, 3611
clarification of problems in diagnosis of hysterical personality disorder, 7983
classification & diagnosis, patients with psychogenic medical symptoms, 8239
classification & diagnostic criteria & epidemiology, acute paranoid reaction syndrome, Canada, 5695
classification system confusion, diagnosis of depression, literature review, 3637
classification using B. B. Wolman's psychopathological typologies, psychiatric patients, 5752
clinical psychiatric screening procedures, physiogenic bias in symptomatology scales, 11699
comparison & differences in Research Diagnostic Criteria & DSM-III, 6169
computerized axial tomography scan & neuropsychological tests, correlation in diagnosis of senile dementia, 54–84 yr olds, 13030
computerized psychological screening battery, detection of dementia, 4713
construct validity & principal components factor structure of Bannister-Fransella Grid Test of Schizophrenic Thought Disorder, diagnosis of thought disorders, psychiatric inpatients, 196
correlation of word association indices, assessment of continuous association procedures for studying associative thought disorder, schizophrenics, 1213
criticism of psychiatric criteria for judging defendant's fitness to stand trial, 3325
cross cultural validity of Hamilton Depression Rating Scale, depressed outpatients vs normals, Italy, 4735
cultural & clinical factors, misdiagnosis of bipolar illness, Amish, 10521
cultural issues, psychodiagnosis, Hispanics, US, 5786
development of Alzheimer's disease & Adaptive Behavior Scale as potential diagnostic tool, 53–65 yr olds with Down's syndrome, 10667
development of scale for measurement of functionality, 162
dexamethasone suppression test, discrimination of subtypes of depression, 10567
Dexamethasone Suppression Test, manic patients with mean age of 36 yrs, 8017
diagnoses & course of illness & response to treatment, 34 yr old female with 18-yr history of symptoms & hospitalizations, 10487
diagnosis & treatment of borderline personality, extension of article by A. Krohn, 8048
diagnosis according to current diagnostic criteria vs dimensions of premorbid adjustment & paranoid symptomatology & chronicity, schizophrenics, 1166
diagnosis, depression, mentally retarded, 1335
diagnosis of borderline conditions, 15–50 yr old outpatients vs hospitalized patients, 10542
diagnosis of hysterical personality disorder, criticism of article by G. Baumbacher & F. Amini, 8067
diagnosis of hysterical personality disorder, reply to criticism by R. S. Wallerstein, 7984
diagnosis of mania, mentally retarded, 1336
diagnosis of paranoid schizophrenia for J. Bolyai based on pathobiographical material, 10533
diagnostic & prognostic & therapeutic implications of art, schizophrenics, 3535
diagnostic & treatment usefulness of dexamethasone suppression test, 21–72 yr olds with endogenous depression, 3604
diagnostic classification & demographic characteristics & intellectual abilities, Black vs White 13–18 yr old male delinquents, 8101
diagnostic criteria, early infantile autism, 5789
diagnostic method, emotional disturbance, children, 10612
diagnostic standards, mentally retarded children & adults, 1333
diagnostic systems & differential diagnosis & need for behavioral assessment tool, autism, literature review, 12827
disease entity concept of etiology & type of onset & symptoms prognosis, classification of functional psychosis, literature review, 5708
DSM-III vs structural interview of O. Kernberg in diagnosis, borderline states, 16–45 yr old inpatients, 12812
etiology & diagnosis, schizophrenia, literature review, 1209
evaluation of consultation service at psychodiagnostic clinic, 3–16 yr olds with school problems, 8990
family interaction as aspect of psychiatric diagnosis, 5726
Family Life Space Ecological approach in diagnosis & treatment, psychiatric patients, 8285
family participation in psychoeducational assessment conferences, assessment information & client satisfaction & follow-through on decisions, 4–17 yr olds with learning & behavior problems, 10488
forensic assessment & recommendations, court dispositions, adults, Canada, 12598
guidelines for early identification of learning disabled students, teachers & parents, 4448
guidelines for evaluation of seriousness of emotional & behavioral problems, children, 3596
identification & diagnosis & treatment, psychopathology, adolescents, 1217
inappropriate diagnosis & treatment by health care & legal system, Ss 60 yrs & over committed to state hospital, 8626
information processing model, diagnosis of learning problems, 12987
internal reliability, scales from Inpatient Multidimensional Psychiatric Scale, 13–85 yr old psychiatric inpatients, 2428
interpretation of body of water images in drawings, paranoid schizophrenics vs manic depressives vs patients with unipolar depressive disorder, 10593
laboratory measures vs rating scales vs direct observation, diagnosis of hyperkinesis, children, 7040
language profiles, 15–51 yr old schizophrenics vs manics, psychodiagnostic implications, 10551
Luscher Color Test, identification of clinical depression, psychiatric patients, 8002
manual for diagnosis of schizophrenia, 10546
misdiagnosis of schizophrenia as antisocial personality disorder, 32 yr old male, 1226
MMPI profiles of psychiatric patients, similarity of diagnoses, psychologists vs physicians, 12861
modern conceptualization & diagnosis of paranoia, literature review, 12853
necessity of diagnosing etiology of severe mental retardation, 3733
need for early detection of symptoms of autism & other psychoses, children, 5717
neurological evaluation & diagnosis, 17–57 yr olds referred by psychiatrists for temper tantrums, 10494
norms & clinical applications of Gottschalk-Gleser verbal behavior scales, children & adults, 2438
O reliability & validity, Clinical Assessment Inventory as part of hospital treatment program, adults, 8615
operational definitions in diagnostic systems, agreement between & accuracy of diagnoses of schizophrenia, 1237
overnight dexamethasone suppression test, literature review, 5675
parent questionnaire & WISC-R & reading & spelling & laterality tests, identification of dyslexia, children, 12999
parents' perceptions of diagnostic evaluation & child & parent demographic characteristics, treatment attrition, 5–16 yr old psychiatric examinees, 1468
problems & proposed solutions for exchange of EEG analyses between labs, development of spectral analysis requirements for consensus in measurement of normality & psychopathology & drug effects, 11578
problems in diagnosis, functional psychoses, 5760
psychiatric diagnosis & MMPI & 16PF personality profiles & IQ & neurological results, killers vs nonviolent offenders, 12933
psychiatric disability evaluation & VA claims procedures, delayed posttraumatic stress syndrome, Vietnam veterans, 1123
psychiatric history & prior violence & type of charge, psychiatric assessments, forensic psychiatrists, 12596
psychiatric interpretation of subjective paranormal perception, 2311
psychiatric liaison educational program, ability to access patients' psychosocial problems, internal medicine residents, 4310
psychodiagnosis & psychological theories, chronic pain patients, literature review, 10719
psychodiagnosis at admission vs discharge, psychiatric patients with mean age of 32 yrs, 3–6 mo followup studies, 11058

psychodiagnosis, 17–56 yr old arsonists committed to maximum security hospital, support for aggression hypothesis of arson, 8104
psychodiagnostics, Czechoslovakia, 13114
psychohistory, psychiatric illness of George III, implications for current diagnosis & treatment, 5751
psycholinguistic experimental approach, detection of denial associated with drug abuse & sexual dysfunction, 4256
psychological & intellectual & neurological assessment, behavior disordered 13–16 yr olds, 10628
psychological factors including anxiety & optimism & self sufficiency, prediction of breast biopsy outcome, female patients, implications for treatment, 10769
psychological testing technique using geometric symbols, psychiatric diagnosis, 4730
psychopathological characteristics & diagnosis & presence of thinking abnormalities, patients with psychopath-like schizophrenia, 1175
psychotherapeutic process, patients with suspected chronic solvent intoxication, 3945
questionnaires & behavior samples & achievement tests in psychodiagnostic & educational & treatment effectiveness evaluation, profoundly mentally retarded children, 8140
Raven Coloured Progressive Matrices, diagnosis of perceptual dysfunctions, 9387
referral reason & source & diagnosis & age, patients with mean age of 75 yrs referred to geriatric outreach program, 5685
relationships among akathisia & pseudoakathisia & tardive dyskinesia, 20–65 yr olds, 6 case reports, 3824
relative classification rates & diagnostic accuracy of actuarial & 1-point code systems for MMPI, college students, 11686
reliability & validity of emotional blunting, diagnosis of schizophrenia, 1128
reliability of alternative research diagnostic criteria as seen in agreement between Os, diagnosis of schizophrenia & depressive disorder, psychiatric inpatients, 1194
reliability of diagnosis, axis II of DSM III, 18–40 yr old patients, 1183
reliability of diagnosis, opiate addicts, 3703
reliability of psychodiagnosis obtained from live interviews & case summaries, 16–74 yr old psychiatric patients, 6141
religious ideas as source of projective material in psychiatric evaluation, 9 yr old males, 12860
Research Diagnostic Criteria, diagnosis of depression, adolescent psychiatric inpatients, 5782
Research Diagnostic Criteria for major depressive disorder, children & adolescents, comment on papers by G. A. Carlson & D. P. Cantwell & D. R. Robbins et al, 5775
research diagnostic criteria systems, diagnosis of schizophrenia, hospitalized patients with mean age of 27.3 yrs, 3539
role in diagnosis & treatment of offenders, forensic psychiatrists in psychoanalysis, 6475
role of occupational therapy in assessment & diagnosis, 17 yr old female accused of matricide, 12930
Rorschach test, diagnosis of borderline states, adolescents, 10552
self mutilation, profile on borderline index & previous diagnosis as borderline or multiple diagnoses during treatment, 21–41 yr olds, implications for diagnosis & treatment & diagnostic interview, 1206
sex & age & educational level, delusions diagnosed by New Haven Schizophrenic Index & modified Present State Examination, 15–65 yr old patients, Kenya, 12855
single paranoid episode & diagnosis with traditional criteria vs criteria of P. Pichot vs undiagnosed, development of chronic psychosis, followup study, 3628
social class & maternal psychopathology & other operational criteria for diagnosis of schizophrenia & identification of children at risk, 12806
somatic complaints questionnaire, screening for mental disorders, psychiatric patients vs college students, Nigeria, 3568
standardization of psychodiagnostic information, reliability & ease of communication & statistical manipulation, 1136
strengths & weaknesses, DSM-III definition of depression, literature review, 3638
survey of diagnostic approaches to schizophrenia, psychiatrists, 10549
symptoms reported on Center for Epidemiologic Studies-Depression Scale vs diagnosis by Research Diagnostic Criteria, screening for depression, 3549
teacher consultation model, early identification & remediation of childhood depression, classroom teachers & their students, 8037
thyrotropin response to thyrotropin-releasing hormone & dexamethasone suppression test, neuroendocrine abnormalities, patients with mean age of 41 yrs with major unipolar depression, 5720
treatment outline, diagnosis & behavioral & cognitive & pharmacological management of agoraphobia, 3875
utility of Q-type factor analysis for classification of childhood psychiatric disorders & consistency of diagnostic concepts, child & adolescent psychiatrists, 5770
validity & reliability of audiovisual version & translated version, Psychiatric Status Schedule, Chinese vs Japanese vs Korean patients, 205
validity & reliability of consensus diagnoses, incidence of affective disturbances, Amish, 10536
validity & reliability of PREVARA as observation instrument, somatic fixation, 10795
validity of General Health Questionnaire, screening for psychiatric pathology, cardiology patients, 4799
validity of summary scores of IJR Behavior Checklist, psychopathology, children & adolescents, 2452
validity of 3 scoring systems for Bender Gestalt Test, diagnosis of psychopathology, 16–50 yr old psychiatric vs medical patients, 4736
videotape vs lecture methods, teaching mental status examination, 2nd-yr medical students, 6568

Psychodiagnostic Classificat (Proc) [See Psychodiagnosis]

Psychodiagnostic Classificat (Taxon) [See Psychodiagnostic Typologies]

Psychodiagnostic Interview

age & sex & disorder, agreement in symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3615
assessment of adequacy of patient-in-absentia supervision in psychiatric diagnoses, psychiatric trainees & residents, implications for clinical care & training & research, 6164
demographic characteristics & perception of intake interview, treatment dropping out, clients with mean age of 29 yrs at community mental health center, 8588
descriptive account of clinical assessment interview, clinical psychologist & 14 yr old male referred subsequent to burglary offense, 10821
development of interview-questionnaire combination, measurement of ego psychopathology, schizophrenic patients, 187
group psychodiagnostics, child clients & their parents, 6190
initial psychotherapy interviews & therapist attitudes, 8325
language & conceptual difficulties & cultural differences & reality factors, Xhosa translation of Present State Examination, hospitalized psychiatric patients, South Africa, 4741
method of initial contact & elapsed time to intake interview, likelihood of keeping appointment, potential community mental health center clients, 1723
need for numerical ratings & multiple observations & narrative records as adjunct to structured psychiatric interview, documentation of psychosis, 7992
parents' perceptions of diagnostic evaluation & child & parent demographic characteristics, treatment attrition, 5–16 yr old psychiatric examinees, 1468
psychosomatic interview conference as teaching method, medical students, 13499
reliability of psychodiagnosis obtained from live interviews & case summaries, 16–74 yr old psychiatric patients, 6141
Research Diagnostic Criteria, diagnosis of depression, adolescent psychiatric inpatients, 5782
self mutilation, profile on borderline index & previous diagnosis as borderline or multiple diagnoses during treatment, 21–41 yr olds, implications for diagnosis & treatment & diagnostic interview, 1206
structured interview method, improved objectivity in psychiatric assessment, literature review, 5673
technique during initial interview utilizing family drawings, assessment of family interaction, families in therapy, 1533
test-retest & interrater reliability of joint ratings using Present State Examination, assessment of schizophrenic symptoms, psychiatrists, 11680
type of question, agreement on symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3582
validity of Psychiatric Status Schedule for structured interview, psychiatric diagnosis, 22–55 yr old Japanese & Japanese American patients, 4808
verbal interaction & relationship structures in family therapy, female therapist & families, 3988

Psychodiagnostic Typologies

Alzheimer's disease vs senile dementia of Alzheimer type, comparative analysis of symptoms, 6036
basic concepts & innovative changes & rationale for DSM-III, literature review, 12881

childhood depression diagnosis by DSM-III vs W. A. Weinberg's criteria, 7–17 yr olds, 5707
classification & diagnosis, patients with psychogenic medical symptoms, 8239
classification & diagnostic criteria & epidemiology, acute paranoid reaction syndrome, Canada, 5695
classification & etiology & treatment, male homosexuality, 989
classification of dyslexia subtypes, 8–11.9 yr olds, 5876
classification, psychosomatic disorders, aged, 5976
classification system confusion, diagnosis of depression, literature review, 3637
classification systems, emotional disturbances, children, literature review, 10520
classification using B. B. Wolman's psychopathological typologies, psychiatric patients, 5752
clinic symptoms, borderline states, hospitalized vs nonhospitalized 15–50 yr old patients, 1774
clinical characteristics & differential diagnosis, borderline psychotic 6–12 yr olds, 5771
clinical relevance of K. Leonhard's classification system for chronic schizophrenics, 12804
cluster analysis, classification of neurotic depression on axes of clinical phenomenology & characteristics of course & personality, 48–65 yr old inpatients, 3600
cluster analysis derivation of psychiatric classifications, 237
cluster analysis of Hamilton Rating Scale for Depression profiles, depression subtypes, patients treated with antidepressant drugs, 2411
comparison & differences in Research Diagnostic Criteria & DSM-III, 6169
criteria for diagnosis, schizophreniform disorder, 16–45 yr olds, 1148
critique of DSM-III for clinical psychiatry practice, 6091
cross validation of Megargee MMPI-based typology, male psychiatrically disturbed vs violent inmates, 138
definition & classification of learning disabilities, 12989
definition & differentiation from psychopathology, pathopsychology, 1104
depression, schizophrenics diagnosed using vs not using New Haven Schizophrenic Index, 12854
development of 2-stage procedure, case identification & classification in psychiatric epidemiology, 8004
diagnostic-therapeutic processes & classification, neurotic & psychotic disorders, literature review, 8024
differences in & development of translation, use of DSM-III vs International Classification of Diseases, clinicians & researchers, 13136
differential diagnosis, neurotic petitioners for compensation, 5795
discriminating symptomatology, "borderline schizophrenic" biologic relatives of chronic schizophrenic adoptees, implications for revision of criteria for schizotypal personality disorder, 10532
DSM-III diagnosis & differential diagnosis, episodic disorders & schizophrenia, 5759
DSM-III nosology & etiology of mental syndromes, psychoanalysis & psychotherapy, 1478
EEG sleep characteristics in response to pharmacological probe, familial vs sporadic depressive disordered Ss with mean ages of 41.3 & 41.9 yrs, 1169
epidemiology & outcome patterns & applicability of M. Roth's classification system, mentally disordered aged, 1934–36 vs 1948–49 vs 1976, 3547
family interaction as aspect of psychiatric diagnosis, 5726
general characteristics & hospital diagnoses & course of illness, hospitalized psychotics with vs without epilepsy, 10503
historical background & current views on diagnosis & classification, transitory & chronic delusional states & mental disorders, French-speaking countries, 8049
history of nosology of depression, 20th century, literature review, 8005
identification of borderline personality subcategories, psychiatric inpatients, 5696
individual characteristics that may form functional subcategories, severely & profoundly mentally retarded, literature review, 10677
lack of definitiveness in conceptualization & diagnosis of schizophrenia, Scandinavia, 1115
mental illness as dysfunction of systems of psychodynamic whole, criticism of concepts of E. Kraepelin, 3598
model of illness components, manic depressive disorder, literature review, 8014
model of psychological & biochemical & sociocultural factors in social problem behaviors & DSM-III classification, addiction processes, literature review, 10631
operational definitions in diagnostic systems, agreement between & accuracy of diagnoses of schizophrenia, 1237
perspectives on DSM-III, Latin America, 10771
phenomenology & family history & treatment response & long-term outcome, patients meeting DSM-III criteria for borderline personality disorder, implications for validity as diagnostic entity, 10563
probabilistic diagnostic classifications based on analysis of qualitative data, 12840
prototypic model of object & person classification vs dimensional & classical categorical models, borderline diagnoses, literature review, 5803
psychodiagnostic classification of schizophrenia & neuroses in DSM-III, 1187
psychometric properties of Research Diagnostic Criteria, literature review, 12896
reactive psychoses, literature review, 5790
reliability & validity of diagnostic models by DSM-III vs A. C. Rosen et al vs R. J. Stoller, childhood gender disturbance, 5806
reliability of alternative research diagnostic criteria as seen in agreement between Os, diagnosis of schizophrenia & depressive disorder, psychiatric inpatients, 1194
reliability of diagnosis, axis II of DSM III, 18–40 yr old patients, 1183
reliability of psychodiagnosis obtained from live interviews & case summaries, 16–74 yr old psychiatric patients, 6141
research diagnostic criteria systems, diagnosis of schizophrenia, hospitalized patients with mean age of 27.3 yrs, 3539
sex & age & socioeconomic status & parental psychopathology, 3 types of evolution profiles leading to different personality structure & school efficiency & adjustment levels, psychotic vs neurotic children, 8033
similarities between anorexia nervosa & obsessive neurosis, 17–30 yr olds, 1113
single paranoid episode & diagnosis with traditional criteria vs criteria of P. Pichot vs undiagnosed, development of chronic psychosis, followup study, 3628
standardization of psychodiagnostic information, reliability & ease of communication & statistical manipulation, 1136
strengths & weaknesses, DSM-III definition of depression, literature review, 3638
subtypes of borderline states, literature review, 5791
symptom & EEG differences, schizophrenics with vs without schizophrenic 1st degree relatives, 8025
symptomatology & etiology, manic schizoaffective Schneiderian positive disorder vs manic depression, patients with mean age of 42 yrs, 1196
symptoms & course types & prognostic factors, functional psychosis, literature review, 10594
syndrome etiology & definition in diagnostic criteria, biological research, 4677
tricyclic antidepressants &/vs antipsychotic drugs vs ECT vs psychotherapy, treatment response, nonpsychotic vs psychotic depressives with mean ages of 55.1 & 57.4 yrs, implications for psychodiagnostic classification, 3883
typology of MMPI personality patterns, female 18–46 yr old drug abusers, 5819
utility of Q-type factor analysis for classification of childhood psychiatric disorders & consistency of diagnostic concepts, child & adolescent psychiatrists, 5770

Psychodrama

developmental approaches, drama therapy, autistic child & elderly nursing home residents & schizophrenics, 10789
drama therapy approaches, 3981
family therapy & psychodrama, schizophrenia, 10878
institutional social structure & psychodrama, recidivism, male delinquents, 10-yr followup, 13423
links between children's dramatic play & adult psychodrama, 12508
model, training of drama therapists, graduate students, 4293
theoretical orientation & treatment techniques of psychodrama, 1459

Psychodynamics

age & education & number of previous marriages & children & therapy sessions, outcome of brief marital therapy, couples, 1528
availability & suggestion & psychological/symbolic factors, suicide incidence on Golden Gate vs San Francisco-Oakland Bay Bridges, 5852
behavioral & cognitive contributions, functional analysis of depressive states, literature review, 1234

biological & psychological & social factors, high blood pressure, female personnel, 13108
biological & psychological & social processes, group-related behavior, 5581
change in location of therapy, patient's emotions & relationship with analyst, psychoanalytic patients, 10851
clinical history & risk & psychosocial & angiographic factors & treatment characteristics, work status, 18–70 yr old males with coronary artery disease, 3783
correlations between dynamics of paranoia & depression, 12815
demographic & personality & psychopathology correlates & program performance of client, perception of clients, drug rehabilitation counselors, 6484
denial, morbidity & tension & depression & fatigue, male heart disease patients, 5952
depression as assessed by MMPI & Beck Depression Inventory & pain dimensions of McGill Pain Questionnaire, male pain patients with mean age of 49.7 yrs, 11676
development of addiction to running, male 13–60 yr old runners, 12483
developmental process of madness as religious experience, personal experience of poet A. Ginsberg, 5801
dynamics of conversion process, personal experience of former Unification Church member, 3274
dynamics of Freud's concept of feeling of "uncanniness", 10464
emotional & situational variables, speech fluency, 12–15 yr old stutterers, 13001
epidemiology & physiology & psychology of psychosomatic disorders, females, 8169
etiology & dynamics, bulimarexia, female college students, 3809
family psychological factors in psychiatric & psychosomatic disorders, 10484
genesis of obsessive compulsive behavior & alternative model, 10581
genetic & neurophysiological & psychosocial factors, aggressiveness & violence in large cities, 1278
history & psychological impact & sociopolitical factors, atomic bombing of Hiroshima, 1st-hand account as experienced by 13 yr old, 3263
importance of crime scene data & interviews with sex offenders & role of psychological profiles of suspects & law enforcement, data collection of multiple rape-murders, male criminal, 10637
incidence & sociological & psychological correlates of corporal punishment during childhood & adolescence, college students, 12566
incidence of & reactions to sexual assault, 13–17 yr old females in residential delinquency intervention program, 3673
integration of cybernetic & social learning & psychodynamic theories, model of family problem maintenance, 2356
linguistic & content modifications across REM dream reports, male college students, 6953
need for research on psychological variables in cancer treatment, 1437
origins & nature of personalization & depersonalization, 5648
out-of-body experience as psychological rather than paranormal phenomenon, 11529
paradoxical dynamics underlying alcoholism & treatment utilizing paradoxical patterns, 5820
pathophysiology & psychosocial impact & treatment, genital herpes, 3765
person-situation as basis for marketing segmentation & strategies, 9201
physiological & psychological & social factors, alcohol problems, females, literature review, 3652
positive–negative aspects of use of psychedelic drugs & psychological well-being, self actualizing persons, 5562
prepartum depression & social adjustment & life stress & cognitive-behavioral factors, postpartum depression, females with mean age of 26.6 yrs, 5768
prevalence & correlates of nonpsychotic psychiatric symptoms, adults, 1139
previous psychiatric treatment & psychological factors, prediction of recovery following open heart surgery, patients, 1-yr followup, 10973
psychiatric symptoms & emotional reactions to diagnosis & treatment of breast cancer, 33–69 yr old females, 4124
psychoanalytic formulations, comprehension of bizarre events & feelings of "uncanniness", 10452
psychodynamic & social & genetic factors in psychiatric illness, need for multidisciplinary outlook & treatment, 3587
psychodynamics & cognitive & social & personality processes underlying physiological response & tranquilizers, accuracy of polygraphic detection of deception, 5143
psychodynamics & introversion & extraversion, acrocyanosis & spasmophilia, school age children, 3771
psychodynamics & treatment, phobic neuroses characterized by inhibition of locomotion, 1515
psychodynamics, alcohol abuse & emotional & sexual intimacy, couples, 3691
psychodynamics, choice of marriage partner, 923
psychodynamics of beating fantasy & Freudian concepts of child beating, comment on case report by W. Myers, 8073
psychodynamics of fantasy of beating by father, 40 yr old female, 8038
psychodynamics of hypochondria, 13019
psychodynamics of image of parents' sexual relationship, 12758
psychodynamics of marihuana abuse, 17 yr old male, 5826
psychodynamics, stepfamilies with psychologically disturbed child, 3623
psychological aspects of chronic pelvic pain without obvious pathology, females, literature review, 3837
psychological aspects of infertility & sterilization & problems in physician-patient relationship, literature review, 4123
psychological barriers, acceptance of technical innovation, managers, 9119
psychological dimensions & assessment & treatment of arthritis, literature review, 5922
psychological effects, mothers of phenylketonuric infants, 1438
psychological factors & behavioral management education, juvenile diabetes, 8531
psychological factors in spasmodic torticollis & behavioral treatments & outcome measures, literature review, 1402
psychological factors including anxiety & optimism & self sufficiency, prediction of breast biopsy outcome, female patients, implications for treatment, 10769
psychological factors indicative of success in accommodation & compliance with continuous ambulatory peritoneal dialysis, 18–72 yr olds, 8529
psychological interpretations of intermarriage, US, literature review, 10312
psychological morbidity & precursors & response in relation to outcome & intervention & research in psychological concomitants, cancer, literature review, 8200
psychological risk factors & prevention, cardiovascular disease, 1349
psychology of colonial ideology in British India & comparison to state of childhood & sexual dominance, literature review, 3266
psychopathologic issues & motivations & role of father & family & implications for mother & child, pregnant adolescent females, 3235
psychosocial & cultural factors, personality development, gifted children & adolescents, 840
psychosocial aspects of treatment, cancer patients, 10985
psychosocial factors, disease, literature review, 10757
psychotherapy, changes in Rorschach responses & artistic imagery, artistically trained psychiatric patient committed for murder 10 yrs previously, 9415
REM latency test, specific & sensitive psychodiagnosis of definite vs probable primary depression vs secondary depression, depressed outpatients, 5694
REM sleep vs sleep onset, level of ego activity & ratio of & presence of ego in interactive vs associative sentences, 18–28 yr old college students, 9690
repression & sublimation in Freudian theory & D. Capps & W. Capps's types of religious self, 5488
self esteem & parental relations & approach to life & nervous tension in psychological profile, health & mental & cardiovascular & neoplasm disorders, medical students, 33-yr longitudinal study, 13551
sex therapy, orgasmic ability & intrapsychic & interpersonal functioning of couple, 65 yr old penectomy patient & his wife, 10813
smooth pursuit eye tracking impairment, psychological & biochemical & psychophysiological correlates & psychiatric syndromes, 18–38 yr old college students, 254
social & aesthetic & personal factors, 19th century use of absinthe, France, literature review, 12643
social & psychological correlates, problem drinking, urban residents aged 60 yrs & over, 3371
sociobiologic & psychodynamic perspective, behavior & attitudes toward aged across cultures, literature review, 12549
sociopsychological correlates of alcohol use, adolescents, France vs US vs Israel, 12452

solitary confinement, psychodynamics & coping behavior, prisoners, 13450
subliminal stimulation of unconscious fantasies, psychopathology, adult schizophrenics, literature review, 8035
symbiotic vs rapprochement subliminal stimuli, psychodynamic activation & depressive symptomatology, 17–62 yr old female patients, failure to replicate S. Nissenfeld's application of L. H. Silverman's technique, 1571
therapeutic processes & study of personality development & dynamics & role in disease treatment & role playing, medical psychology education, clinical psychology students, 13520
transactional analysis concept of "gimmick" in psychological game playing, 3936
transfer of psychic state & concentration camp imagery to next generation via unconscious, review of literature on Holocaust survivors & their children, 7607
transference & idealization in group therapy, 16–70 yr old Hispanic patients, 3995
unemployment, psychological & psychopathological effects, patients, 10550

Psychogenesis [See Also Childhood Play Development, Cognitive Development, Emotional Development, Intellectual Development, Language Development, Moral Development, Perceptual Development, Personality Development, Psychomotor Development, Psychosocial Development, Speech Development]
basic & transition structures, human growth & development, 3068
effect of Freud's own childhood on his formulations about life of J. Goethe, 10442
heredity vs environment, personality traits, twins & their families, 5018
psychological development, educated middle class Hindu females, India, 3221
psychological specificity, psychogenesis of psychosomatic disorders, 13060

Psychogenic Pain
hypnotherapy, psychogenic vs organic pain, 8503
serum cortisol levels & diurnal rhythms, 25–82 yr old patients with organic vs psychogenic pain, 5979
symptoms & precipitating events & course of illness, psychogenic pain, 16–65 yr olds, 6-yr longitudinal study, 8185

Psychohistory
developmental process of madness as religious experience, personal experience of poet A. Ginsberg, 5801
effect of Freud's own childhood on his formulations about life of J. Goethe, 10442
importance of phallic-oedipal stage in hysterical personality, review of Freud's psychoanalysis of Dora, 13169
Jung's 3 great childhood secrets & his adulation of Freud & association of Freud with God, 25
parallels between Akhnaton & Freud's case of President Schreber, 9237
psychohistorian's imaginary therapeutic relationship with biographical S W. James, 11547
psychohistorical analysis, tolerance of female homosexuality, literature review, 5541
psychohistorical study of Y. Mishima & guilt & depression & death imagery & suicide, 5835
psychohistory, psychiatric illness of George III, implications for current diagnosis & treatment, 5751
psychological motives & socio-historical context, actions & stance of C. Jung in period prior to outbreak of World War II, 4630
psychology of colonial ideology in British India & comparison to state of childhood & sexual dominance, literature review, 3266
style of thinking as seen in diary entries & role in suicide, poet/novelist C. Pavese, 8118
work of C. Bronte during childhood, insight into function of creativity in psychic evolution of artist, 723

Psychokinesis
cases of macro-physical phenomena, 6918
goal- vs process-oriented imagery strategy with vs without prior training, psychokinesis, college students, 11531
precognitive vs psychokinetic ability, paramecia, attempt to replicate N. Richmond's findings, 4619

Psycholinguistics
applicability of structural linguistics to behavior analysis of verbal behavior, 4632
characterizations & complementarity of K. Pike's 3 modes of language, development of gestalt phonology, 7587
cognitive vs behaviorist views, rule following in society, implications for A. Cicourel's cognitive ethnomethodology, 5496
comprehension of double-object constructions, normal children & good vs poor readers & hearing impaired & mentally retarded & aphasics & nonnative English speakers, 5687
efficacy of psycholinguistic training critique of D. D. Hammill & S. C. Larsen's study, 2048
explanatory linguistic models & validity of psycholinguistic research, literature review, 5291
fluency & psycholinguistic influences, language acquisition & stuttering, children, 5916
interactive vs serial language processing systems, criticism of W. Marlsen-Wilson & L. Tyler's study, 273
linguistic ability/cognitive functioning link in linguistic reversibility, 5–8 yr olds, 3103
neurolinguistic & neuropsychological factors, processing of written communication, 9840
neurophysiological & linguistic & information processing approach & knowledge retrieval, etiology of deep & surface dyslexia, 5873
neuropsychological & psycholinguistic approach, aphasia, literature review, 6016
physiological & psycholinguistic & psychosocial factors in early childhood stuttering, 5908
psycholinguistic cognitive social learning theory & research on social interaction, commentary on article by M. D. Walton & A. J. Sedlak, 7883
psycholinguistic model of language development & disorders, literature review, 3754
psycholinguistic training, handicapped students, criticism of K. Kavale's analysis, 8959
regression analyses, eye fixation duration during reading, adults, test of M. A. Just & P. A. Carpenter's theory, 9602
relationship between thought about speech & categories of speech acts, Ilongots, Philippines, 10069
rhetoric of counseling, attitudes toward client, counselors, 1739
speaker & semantic reference & reference simpliciter, comments on S. Kripke's distinction, 7596
spoonerisms of laboratory-induced predisposition, college students, implications for direct vs indirect encoding vs dual access models of word recognition, 2998

Psychological Correlates [See Psychodynamics]

Psychological Reactance
attempts to induce anxiety during role playing, reactance, male vs female college students, 3468
instrumental consumption of food under FR schedule, role of response deprivation & overjustification in food preference shifts, 3.6–4.5 yr olds, 7603
models of perceived control & biofeedback-assisted self regulation, literature review, 12119
reactivity in personal relationships & application in transactional analysis oriented family counseling, 3977

Psychological Stress
academic self concept & expectations & teacher expectations & perception of student & parental expectation & reported stress levels, learning disabled 8th & 10th graders, 8943
adjustment abroad & reacclimatization upon re-entry & culture shock & psychological stress, young adults traveling abroad, 10463
alcohol & stressful vs unstressful arithmetic task, emotions & physiological arousal, male college students, 7535
assessment of stressfulness of children's experiences, clinicians vs teachers vs teachers-to-be vs children, 3069
clinical applications of psychoneuroendocrinology, 10490
construction of Incidents of Reality Scale, measurement of stress level of life events, 14–83 yr olds, 183
culture & sociocultural factors, psychosomatic illness & blood pressure & psychological stress, Micronesia & Polynesia & East Africa, 13057
EEG & EKG during physical vs emotional vs mental stress, epileptics, 3794
effectiveness of GSR-2 unsupervised biofeedback in home environment, physiological & psychological stress, college students, 6257
emerging occupational & educational opportunities, stress, 18–40 yr old females, Kuwait, 992
emotional stress, contractions of detrusor muscle, 6.5–13.9 yr olds with nocturnal enuresis, implications for organic vs psychogenic enuresis, 3864
emotional stress, electrolyte regulation by hormonal compounds, medical students, 7462
emotional stress, hormonal secretion of pancreas & thyroid gland & adrenal cortex, cats, 498
emotional stress, hypertensive responses, cats, 9901

emotional stress, ultrastructure of neurons & synapses of parietal area of cortex & reticular formation of brain, rats, 510
exercise & emotional stress, heart rate & intra-aortal blood pressure & cardiac output & peripheral vascular resistance, normal 18–56 yr olds vs 27–45 yr old hypertensives, 3796
experimental emotional & cognitive stress, autonomic arousal & plasma catecholamines, schizophrenics vs endogenous depressives, 12803
family psychotraumatic events & age, etiology of neurosis, neurasthenics with mean age of 36.5 yrs vs over 50 yrs of age, 12857
family systems approach, treatment of internal stress & anxiety & depression & emotional turmoil, children who witness abuse of mother & siblings, 6200
fatalism & inflexibility, impact of stress & depression, Anglo vs Mexican American adults, 12775
fear associated with psychophysiological testing, urinary excretion of adrenaline & noradrenaline & cortisol, 20–42 yr old male prisoners convicted for assault with robbery, 5817
frequency of stressful life events, coronary heart disease patients, 3764
frustration during conditioning, blood corticosterone & free fatty acids, male rats, 12033
heart rate as measure of psychological stress, totally & partially blind, 1433
Heimler Scale of Social Functioning, identification of areas of psychosocial stress & level of functioning, Ss seeking psychotherapy vs health examinations, 2426
imaginal flooding, assessment of anxiety reduction across traumatic memories, 31 & 32 yr old male Vietnam veterans with combat-related stress disorders, 1552
interpersonal stress, emotional intensity expressed by facial display vs heart rate vs self report, female college students, 5644
knowledge of disease, self reported psychological distres., adolescent male hemophilia patients & families, 13044
level of fulfillment of affiliative needs & interpersonal stress & symptomatology, female college students, 1052
life event stress & biographical factors, Ss aged 15 yrs & older involved in attempted suicide & automobile accidents, New Zealand, 5828
life stress & symptomatology, determinants of suicidal behavior, depressed & suicidal 5–14 yr olds, 5671
logotherapy, reduction of tension, 6135
long term isolation stress, tyrosine hydroxylase activity in frontal cortex, male rats, 5187
loss & depressive symptomatology, psychogenic seizures, 24 & 47 yr old females, 3791
mental stress caused by learning test, learning capacity & efficiency, cardiovascular patients, 5968
mild psychological stress, immunoreactive neurophysins levels, male rats, 9893
neuroleptic drug therapy & emotional arousal, onset of drug-induced dystonia, psychiatric patients, 4096
neurological status & time pressure during spatial constructive task, visuomotor behavior, male vs female 4–6 yr olds, 12428
perception of stress, diabetic 6–16 yr olds, 8213
perception of surgical patients' worries, 24–65 yr old hospitalized females vs nursing staff, 8625
perceptions of child problems & parenting self esteem & maternal reported stress, parents of hyperkinetic 5–8 yr olds, 13051
perceptions of problematic & stressful aspects of continuous mechanical respiration, patients vs family members vs medical staff, 13332
personal competence & social support & stressful life events, depressive symptoms, rural husbands vs wives, 12726
prefield orientation program, prediction of success & reduction of loss in personnel, missionaries, 6869
premorbid personality traits & alcohol & drug abuse & psychopathology & stress, relief from neuropathic pain through thalamic stimulation & psychiatric treatment following continued pain, patients, 6368
psychological burden & coping behavior, families with posthospitalized psychiatric patient at home, 4159
psychological quiz vs physical exercise stressors, assessment of ischemic abnormalities, males with mean age of 54 yrs tested after uncomplicated myocardial infarction, 3860
psychological vs physiological stress, blood pressure & heart & respiration rate & facial temperature & temporal pulse, migrainous vs nonmigrainous 18–41 yr olds, 5953
psychosocial & physical stress & Type A vs Type B personality & parental coronary heart disease, cardiovascular response, 18–25 yr olds at risk for coronary heart disease, 13063
psychosocial stress & early childhood socialization & marital adjustment & handling of aggression & hostility, 46–74 yr old patients with polycythaemia vera, 10691
psychosocial stress, ischemic heart disease, etiological implications for war veterans, literature review, 10762
psychosocial stress, peripheral vasoconstriction & heart rate & blood pressure & myocardial infarction & ulcer & accident & pain, monozygotic vs dizygotic 51–74 yr old twins & 41–61 yr old construction workers, 10763
psychosocial stress vs smoking & weight & blood pressure, prediction of lung cancer & cardiac infarct & apoplexy & diabetes mellitus, survey respondents, 7-yr followup, 3798
relative's discharge from mental hospital, emotional & economic strain, families, 1703
reliability & validity of spectral EEG parameters, measurement of psychological stress, males, 6966
reported experiences of strain & pleasure, adults, Great Britain, 12774
right vs left monaural presentation during stress vs relaxation, RT, right handed Ss, 7417
role conflict & ambiguity & overload, psychological & physical strain, Type A vs Type B middle managers with mean age of 38.2 yrs, 2205
sex & psychological stress, caffeine intake, college students, 10381
social & coping skills training group in psychiatric day hospital unit, 22–60 yr olds with life crises stresses, 13418
social relationships & perceived similarity between occupants & group structure & previous residential experience, effect of household density on psychological & physical well being, residents, 5583
social support networks & life stress, psychological vulnerability, disadvantaged groups, 12887
social support networks & stressful life events & socioeconomic status & depressive symptoms, adults, 12703
stammering incidence & stress from stigma attached to local dialect, school age children, British West Indies, 5911
stress & coping tendencies & social support, depression & well being, adults, 12707
stress & social support & depression, adults, 12698
stress level, 1st yr doctoral students, 2178
stress of family move & burn accidents, 0–16 yr olds, 1389
stress, perceptions of anxiety & hostility & depression, Type A vs Type B college students, 3456
stressful life events & perimenstrual symptoms, 18–35 yr old females, 1444
subjective work load & time urgency, problem solving performance, managers, 2189
task load & overload, psychophysiological strain, students, 328
transit time training &/vs stress vs false feedback & stress, magnitude of transit time, normotensive college students, 7463
urbanization-related stress, mental & physical health, Japan, 2266
validity, stress measures, secondary school teachers, 9004

Psychological Terminology

advocacy of extending definition of handicapped to include maladjusted & discrimination victims, 7973
arguments for abandonment of term "pseudodementia", 12874
behavioral functions of feedback, implications for terminology in operant & behavioral analysis, 4683
changes in concept of categorization process, 7233
confusion in terminology & research on transitions between behaviors & examination of time-sharing, 380
criteria for definition of applied behavior analysis, 4626
definition & classification of learning disabilities, 12989
definition & differentiation from psychopathology, pathopsychology, 1104
definition & validity of term learning disability & educational considerations, 12995
definition of learning disabilities & need for special education, 12990
definition of learning disabilities, National Joint Committee on Learning Disabilities, 12992
definition of parameters & measurement of workload, 9183
definition vs diagnosis of learning disability, 12991
history of concept & definition & effects of stress, 11931
history of medical & psychiatric terminology, 4645
hypnotic amnesia & terms used to describe hypnotic behavior & experience, comment on debate between N. Spanos & H. Radtke, 9703
need for "humanization" of psychology instruction & consistency in psychological vocabulary, 2303
needed concepts in study of gender identity, 10371
origin & development of term "attitude" & Afrikaans equivalent & methods of attitude measurement, literature review, 4768

perception of aggressive vs assertive student behavior, 8th & 9th grade teachers, 1921
proposed revisions in use of term "thought disorder", 3536
psychoanalyst A. Green's use of technical psychoanalytic language as means of understanding himself, 13549
rhetoric of counseling, attitudes toward client, counselors, 1739
Socrates' concept of "soul" vs Freud's "ego", 4624
use of human sexual terms in nonhuman sociobiology, 336
Psychological Testing [See Psychometrics]
Psychologists [See Also Clinical Psychologists, Educational Psychologists, Experimental Psychologists, Industrial Psychologists, School Psychologists, Social Psychologists]
accomplishments of C. B. Ferster, 1922–81, 27
age, prediction of research productivity, psychologists, 13533
amount of text devoted to individual in history of psychology texts vs judgment by panel of eminence, individuals important to psychology, 32
applications of Griffiths Mental Development Scales, medical practitioners & psychologists, 9366
attitudes toward alcoholism, psychologists & psychiatrists, Czechoslovakia vs US, 5844
authorship patterns in published literature, psychologists, 11145
authorship practices in psychological journals, 13532

alternative scoring for Jenkins Activity Survey & relationship to Eysenck Personality Inventory & measure of achievement need, personality correlates of Type A personality, 20–41 yr olds, 2405
analysis of esthetic components of arrangement of physical environment as reflection of mental state, understanding of psychopathology, manic patients, 1184
application of item-analytic procedures to factor analysis of MMPI, identification of homogeneous & independent dimensions & item scaling, male prison inmates, 111
combined use of phenazepam & sydnocarb & amitryptiline & triphthazine, treatment of borderline psychopathology, outpatients, 1588
contributions of W. H. Gantt in areas of biological principles & conditional reflex & psychopharmacology & psychopathology & public health & cardiovascular & effect-of-person research, 7396
cultural factors, differentiation of psychopathology from psychic reality, 2312
definition & differentiation from psychopathology, pathopsychology, 1104
demographic & personality & psychopathology correlates & program performance of client, perception of clients, drug rehabilitation counselors, 6484
deprivation phenomena & disturbed primal relationship, children, discussion of "The Child" by E. Neumann, 12399
development of concept & awareness & experience of time & conceptual distortions in psychopathology, 5364
development of interview-questionnaire combination, measurement of ego psychopathology, schizophrenic patients, 187
developmental problems & psychopathology, 36–186 mo old fetal alcohol syndrome patients, 1114
discriminant validity of Rational Behavior Inventory, correlation with social desirability scores, college students, implications for usefulness as index of psychpathology, 11693
early experiences & ego development & psychopathology, analytic process, Ss with unanalyzable narcissistic personality disorders, literature review, 6157
early psychopathological experiences, analyzability, psychiatric patients, literature review, 6170
early separation from mother, subsequent psychopathology & mental disorders, 40–49 yr old females, 3585
epidemiology & accompanying psychopathology, alcoholism, female criminals, 12942
epidemiology & underlying psychopathology, assaultive behavior prior to hospital admission, psychiatric inpatients, 1756
forced normalization of EEG & psychopathological manifestations, epileptics, 13012
generative power & use of single case in experimental-developmental psychopathology research, 11580
group therapy, deficient parenting responses & excessive nurturance & psychopathology & emotional maturation, 6180
hypnotically implanted aggressive conflict & neuroticism, psychopathology & anger & aggression expressed at authority figures present vs absent, college students, 7281
identification & diagnosis & treatment, psychopathology, adolescents, 1217
incidence of endogenous disease & borderline states & psychic pathology, patients attending polyclinics & psychoneurological dispensaries, 10544
incidence of neuropsychiatric diseases & primary degenerative brain processes & psychopathological syndromes, psychiatric patients examined by computerized axial tomography, 10531
intelligence & visual perception & psycholinguistic ability & incidence of psychopathology, 48–120 mo olds of alcoholic vs epileptic mothers, 5689
involvement of biologic mother in treatment, psychopathology, adopted 13 yr old female, 6108
marihuana use & patterns of use, psychotropic & side effects & interaction with pre-existing psychopathology, Morocco & France, 3362
methodological critique of literature on psychopathology of Holocaust survivors, literature review, 10502
MMPI Low Back Pain Scale vs Conversion V MMPI profile vs Back Pain Classification Scale, measurement of psychological disturbance, 18–65 yr old low back pain patients, 4759
MMPI profiles during manic & depressed & euthymic phases, assessment of psychopathology corresponding with clinical picture, Ss with bipolar psychosis & mean age of 41.4 yrs, 4704
MMPI profiles of normalcy vs hypochondriasis vs psychopathology, pain history, male chronic pain patients with mean age of 48.2 yrs, 1348
models of developmental psychopathology, 10590
mortality & psychopathology rates & bereavement, parents after death of adult child, literature review, 3517
multiparity & sociocultural factors, psychopathology, females, Algeria, literature review, 10512
mutational falsetto, 15 yr old male, 8023
mutual relationship between psychology & literature, 3014
narcissistic conflicts & development of psychopathology, 10580
neurological work of T. Willis in 17th century as beginning of mental pathology, 17
neurophysiology & brain electric activity, psychiatric patients, 10559
pathological & fantasy lie, sign & symptom of morbidity & pathology, 1142
phenomenological & psychopathological concepts in British vs continental psychiatry, literature review, 15
phenylalanine load in diet, psychopathology, phenylketonuric 7–15 yr olds, 1475
premorbid personality traits & alcohol & drug abuse & psychopathology & stress, relief from neuropathic pain through thalamic stimulation & psychiatric treatment following continued pain, patients, 6368
prevalence of emotional disturbance & role of stress & need for screening & intervention, psychiatric residents, literature review, 6528
prevalence of sleep apnea & sleep apneic activity & nocturnal myoclonus & nocturnal myoclonic activity & correlation with psychopathology, 18–78 yr old insomniacs, 1378
psychopathic behavior patterns following diet therapy termination, children with late-treated phenylketonuria at auxiliary school, 10695
psychopathology & family relations & emotional stability & impulse control & coping skills & self image, abused 12–16 yr olds, 12926
psychopathology & onset, chronic depressive subtypes, 10505
psychopathology & psychotic anxiety, urinary steroid & biogenic amine metabolite excretions, 18–36 yr old anxiety neurotics & acute schizophrenics, 5731
psychopathology & verbal expression, psychoneurotic & ulcerative colitis & Crohn's disease patients, implications for role of alexithymia in psychosomatic disorders, 13092
psychopathology as real vs empirical science, 13122
psychopathology, etiology of sleep disorders, literature review, 3853
psychopathology, protracted endogenous depression, 23–79 yr olds, 12864
psychopathology & symptoms & intervening factors, traumatic neurosis, 3612
representation of adoptees in clinical populations, child & adult psychiatric patients, 1130
self administration of psychotropic drugs, reinforcement, animals, literature review, implications for human drug psychopathology, 5242
sex & neuropsychiatric status, Black & White incarcerated juvenile offenders, 5833
sociocultural factors & personality & psychopathology, eating disorders, 8243

structured learning therapy, social skills & psychopathology, mentally ill incarcerated male offenders, 13437
subliminal stimulation of unconscious fantasies, psychopathology, adult schizophrenics, literature review, 8035
superego, pseudo-narcissistic psychopathology, 39 yr old male, 10583
systemal method, analysis of psychopathological phenomena in psychiatry, 3901
treatment delivery, clinical psychopathology & social dysfunction & burden on family, psychiatric patients, 8290
unemployment, psychological & psychopathological effects, patients, 10550
Psychopathy
psychopathic personality as personality trait vs type, 3614
Psychopharmacology
contributions of W. H. Gantt in areas of biological principles & conditional reflex & psychopharmacology & psychopathology & public health & cardiovascular & effect-of-person research, 7396
levomethionine loading, demethylation of C-14-labelled 2,3,4-trimethoxyphenylethylamine indicating biological weakness in schizophrenia, 21–75 yr old schizophrenics, 1122
pediatric psychopharmacology, literature review, 8490
psychopathology & psychopharmacology, contingent negative variation, disordered Ss, 3633
single case designs in psychopharmacological research, literature review, 11571
stimulant drugs, stereotypical behavior, 7566
usefulness of application of pharmacokinetic principles in benzodiazepine & antidepressant treatment, literature review, 6283
Psychophysical Measurement
adaptation rate of sensory neurons, performance on sensory tasks, criticism of K. H. Norwich's quantitative theory, 11597
application of J. B. Grier's computing formulas for sensitivity & bias given only 1 datum to situation where hit rate is less than false alarm rate, 2501
click stimuli intensity, power functions of loudness magnitude estimations vs auditory brain stem evoked responses, college students, 11861
computer-based psychophysical system, determination of peripheral sensitivity based on central retina processing capacity, 9316
development of visual acuity assessed by operant preferential looking, 5 mo to 5 yr olds, methodological comparison with forced choice studies, 7675
distance effect of anchor stimuli & stimulus range, categorical judgments, 292
distance of tachistoscopically presented stimuli to area dorsalis in red field vs fovea centralis, visual acuity as measured by behavioral fixation, pigeons, 2674
entropic theory of perception, reply to A. W. McRae's criticism, 11603
establishment of psychological scales using psychophysical measurement, perceived seriousness of crime & punishment severity, 18–39 yr olds, 9402
hair follicle displacement discrimination via signal detection, assessment of somatosensory deficits, 28–39 yr old multiple sclerosis patients, 6018
heart rate & magnitude estimation of fear, assessment of treatment effectiveness, 18 yr old snake phobic female, 13218
horizontal lifting task, physiological responses & psychophysically-measured preferred workload, 28–37 yr old brewer's draymen, 6890
increase in sodium chloride solution concentration & stimulated tongue area, RT & perceived intensity, college students, 2548
individual variability, performance on psychophysiological indicators for signal detection & signal recognition tasks, humans, 7169
intensity & frequency & direction of translational seat vibration, discomfort, 19–41 yr olds, development of computerized psychophysical method, 245
light wavelength, brightness matching & heterochromatic flicker photometric ratios of equal-luminance lights, humans, 7189
machine language subroutine for PET Commodore Business Machine microcomputer, timing of visual displays & response latencies, 6987
magnitude estimation, assessment of perceived melodic-rhythmic alteration, music students, 11853
metric obtained by addition rule for hyperbolic tangents, nonlinearities in bounded response scales, 7032
microcomputer-based parameter estimation by sequential testing procedure, psychophysical threshold determination, 6982
odor strength & chemical characterization of indoor air, human Os, implications for psychophysical model of air quality, 6897
offset of weak pure tones masked by wide band noise, distributions of RTs for change & level detection, adult Ss, 11837
Pain Perception Profile, psychophysical assessment of pain, 1436
point-spread functions measured by perturbation approach, prediction of visual thresholds in local spatial processing, 258
preferential looking technique as measure of visual acuity, infants, criticism of study by R. Held et al, 5342
preferential looking technique as measure of visual acuity, infants, criticism of study by R. Held et al, 5393
probe-tone frequencies & levels & duration, shape of psychophysical tuning curves, 25–35 yr olds, 7216
problems associated with subjective scaling in psychophysical measurement, 11624
psychological methodology, matching of stimulus duration, male rats, 2370
psychophysical matching vs psychometric scaling, image quality measurement, Ss with normal vision, 34
psychophysical measurement of stabilized image contrast thresholds, comments on methodology of C. A. Burbeck & D. H. Kelly, 7209
psychophysical method for derivation of impulse response, criticism of assumptions by J. A. Roufs & F. J. Blommaert, 11619
response categories to report subjective states, fluctuation of stimulus visibility in binocular rivalry & comparison with afterimage & steady fixation paradigms, 2581
scale construction & power function for line judgments, 11625
sniff pressure & resistance, perceived effort in sniffing, college students, support for odor constancy model, 11767
stimulus onset rapidity & stimulus duration, elimination of transient artifacts in stabilized image contrast thresholds measured by forced-choice vs yes/no psychophysical procedures, humans, 7188
stimulus range & frequency & spacing context, magnitude vs category vs ratio vs difference psychophysical judgments & within- vs cross-modality darkness judgments, college students, 2408
subjective vs objective measures of ocular alignment to stimulus with vertical disparity, adults, 5048
symmetry vector, prediction of pattern goodness & complexity & symmetry, 9565
traditional vs psychophysical procedures & use of moveable electrodes, mapping of mesencephalic sites for self stimulation, male rats, 11602
Psychophysics
contributions to psychology & pedagogy & cybernetics by G. Zapan, 4643
differential coupling of sensory discriminations to physical stimuli using stable decision models for Weber's Law, 4701
mathological musicology & psychophysics in modern vs ancient mind, 4655
portable dual-beam Maxwellian-view-based photostimulator with psychophysical & electrophysiological applicability, 9336
psychometric function in psychophysics, 2493
psychophysical functions, synesthetic perception, 36 yr old male & 38 yr old female, 7167
Psychophysiologic Disorders [See Psychosomatic Disorders]
Psychophysiology
antigravity suspension, mental alertness & hemispheric dominance & long- & short-term memory, male college students, 2873
anxiety & hostility & psychophysiology, prediction of postpartum depression, mothers measured during pregnancy & after birth, 12848
behavioral & biological strategies for assessment of brain function in clinical pediatric research, literature review, 2396
clinical applications of psychoneuroendocrinology, 10490
cognitive & pain stressors, temporal artery & skeletal muscle & general autonomic reactions, 21–59 yr old females with migraine &/vs muscle contraction headaches, implications for psychophysiological mechanism & stress-headache theories, 3787
ethology & psychophysiology & aggression, 8112
field dependence, vascular & psychophysiological differences, 12132
individual vs group research methodologies, voluntary heart rate control, literature review, 11565
interhemispheric EEG alpha patterns, cognitive responses to persuasive communication, college students, implications for attitude change research & psychophysiological approaches to social psychology, 7465
menstrual stress & dreams, dream anxiety & hostility & content & morning mood, females with mean age of 19.63 yrs, 2860
methadone hydrochloride, prolactin levels, 22–54 yr old hospitalized depressives, 8462
misdirected search activity as biological CR to environment, schizophrenics, treatment implications, 5783
neuropsychological & electrophysiological & psychophysiological assessment methods in schools, 11392

operator activity & work load, circadian rhythm of body temperature & pulse rate & cardiovascular system parameters, 19–45 yr olds, 12131
perceptual-defensive-recuperative theory, pain & fear, critique of article by R. C. Bolles & M. S. Fanselow, 2853
portable apparatus, measurement of arousal-related stress, 98
problems of reductionism in psychosomatics & psychophysiology, 10493
psychological morbidity & precursors & response in relation to outcome & intervention & research in psychological concomitants, cancer, literature review, 8200
psychological reasons & processes, physiological & biochemical processes & changes, 7469
psychophysiological vs self reported measures of CNS & autonomic nervous system activation during pre- vs intermenstrual phase of cycle, 17–37 yr olds, 12117
psychophysiology as based on human-neuron model, 7477
psychophysiology, assessment of multiple pulse modulated sound, patients with otosclerosis & neurosensory deafness & trauma to temporal region due to tumor removal, 13096
psychophysiology, migraine & tension headaches, 1346
psychophysiology of anxiety, literature review, 5128
scientific biography of S. V. Kravkov & his contributions to sensory psychology & physiology, 6930
terminology & logic of psychophysiological studies, reply to E. Donchin's critique, 2858
Psychosexual Behavior [See Also Bisexuality, Erection (Penis), Eroticism, Exhibitionism, Extramarital Intercourse, Female Orgasm, Fetishism, Heterosexuality, Homosexuality, Impotence, Incest, Lesbianism, Male Homosexuality, Male Orgasm, Masturbation, Pedophilia, Petting, Premarital Intercourse, Premature Ejaculation, Prostitution, Rape, Sex Roles, Sexual Arousal, Sexual Deviations, Sexual Function Disturbances, Sexual Intercourse (Human), Sexual Masochism, Transsexualism, Transvestism, Vaginismus, Virginity]
alcohol, sexual functioning, humans, literature review, 5279
attitudes toward sexuality in old age, 12612
authoritarianism/creativity level & sexual fantasies, sexual behavior, college students, 10361
cannabis, sexual behavior, literature review, 3361
childhood exposure to pornography, sexual fantasy, 20 & 23 yr old sisters, 12618
chronological & functional age, changes in human sexual response, 12384
cocaine usage, sexual performance, 23–29 yr olds, 3373
cross cultural & evolutionary & social & legal aspects, sexual jealousy, human males, 988
development of male & female defensiveness scales, measurement of defensiveness about one's marital & sexual relationship, spouses, 9410
drug use, sexual preferences & practices & drug/sex patterns, Haight-Ashbury clinic clients, 3364
drugs, sexual function, literature review, 2925
early emotional trauma & anal erogeneity & inhibition of phallic sensation & potency, male psychoanalysis patient, 10572
ethnic identity & religiosity & sexual liberalism, Jewish college students, Canada, 3273
feminism, marital & sexual happiness, females with mean age of 30 yrs, 5547
gender & marital status & sexual activity of temporary nursing home resident, attitudes toward elderly, 20–48 yr old nursing students, 6533
group psychotherapy with bilingual leaders, impulsively sexual & aggressive & clinically depressed 14–17 yr old female Hispanics, 3979
hallucinogenic plant use by shamans, creation of ceramic art with sexual themes, literature review, Peru, 3015
incidence of sex in prisons & reformatories, 13428
inhalation of butyl & amyl nitrites, sexual behavior, 3370
"man" & "woman" as status concepts & paradigm case formulation of man-woman relationships, 17–46 yr olds, 10370
marihuana use, academic achievement & college & social & sexual & work adjustment & emotional stability & physical health, college students, 4-yr longitudinal study, 5549
medical problems & sexuality, aged, 731
methodological & theoretical issues, sexual behavior, aged, 12623
model construction, sexual dynamics & strength of heroin addiction, 3714
model of sexual needs motivation for sexual abuse of daughters, fathers, literature review, 12917
moral development & sex guilt & sexual experience, college students, 12391
narcissism & sexual relations with same & opposite sex, alcoholics, 1281
old-age-oriented sex education program, sexuality attitudes & knowledge & older Ss' sexual behavior, Ss with mean age of 67.8 yrs & their families & nursing home staff, 6460
orientation of research & advancements in field of human sexuality, literature review, 990
parental sexual messages, sexual behavior & satisfaction, male vs female adolescent college students, 12569
perceptions of intimacy & sexuality, mentally retarded, 1319
personality & clinical symptoms, psychosexual experience, female anorexics, 8167
physiological aspects of anal sensitivity & sexual gratification in klismaphilia, literature review, 5536
presence of older students, self perception & psychosexual behavior & substance use & perceptions of school environment & victimization, 7th–9th graders, 6719
psychodynamics, alcohol abuse & emotional & sexual intimacy, couples, 3691
rape, marital & sexual relations, spouses, 5842
regular marihuana use, sexual interest & performance, 23–38 yr olds, 7-yr followup, 3365
religiosity & sexual behavior & contraceptive use, female college students, 13670
reproductive behavior, unwed pregnant adolescents with mean age of 15.6 yrs who did vs did not wish to become pregnant, 5437
sex of respondent & initiator & initiator status & behavior, interpretation of ambiguous/potentially sexual behavior in work setting vignette, college students, 13803
sexual activity & sexuality, aged in 106 traditional societies, 12626
sexual adjustment & behavior & marital adjustment, 21–31 & 50–60 yr old spouses, 5506
sexual assault experiences, sexual satisfaction, female college students, 10634
sexual attitudes & experiences, male vs female 14–18 yr olds, Sweden, 12496
sexual development & behavior, 20–28 yr old females with Kustner-Rokitansky syndrome corrected through surgery, 6012
sexual experience & attitudes, Asian American college students, 12624
sexual fantasies, psychotherapy clients with vs without sexual distress, support for cognitive-behavioral model, 12816
sexual satisfaction, 26–57 yr old chemically dependent couples, 3700
sexuality during pregnancy, spouses, literature review, 12625
social & sexual difficulties & need for counseling, patients with skin disorders, 13377
social & sexual issues for counseling concern, clients with cerebral palsy, 13385
stress effects of sexual harassment in job situations, 16–65 yr old females, implications for counseling, 2123
testosterone replacement, sexual behavior, 18–53 yr old males with hypogonadism, 13294
time series analysis, study of sexual hormonal & behavioral cycles, married couples, 12615
Psychosexual Development
absence of father before vs after 5 yrs of age, sex role identity & self esteem & self confidence, male college students, 10219
childhood play behavior, male homosexuals vs heterosexuals, 12605
development of sexual identity, 3–11 yr olds raised by lesbian mothers, implications for child custody, 7719
developmental themes in male-female relationships & sociocultural context of Sambia nosebleeding rites, Papua New Guinea, 10292
early emotional trauma & anal erogeneity & inhibition of phallic sensation & potency, male psychoanalysis patient, 10572
father behavior, daughter's femininity, literature review, 12487
father involvement in communication of sexual attitudes & values & information, parents & 9th–12th grade daughters, 5428
gender identity/role orientation, 23–29 yr old males who had wished to be female as children, 7856
heroin use, psychosexual development & plasma testosterone & luteinizing hormone levels, male 16–29 yr old former addicts vs current users vs nonusers, 5258
importance of phallic-oedipal stage in hysterical personality, review of Freud's psychoanalysis of Dora, 13169
model construction, sexual dynamics & strength of heroin addiction, 3714
perception of & identification with parental sex roles, 3–16 yr olds, 7752

pornography, sexual fetishism, 4 case reports, 10599
psychoanalytic interpretation, impact of child's observation of parents' sexual intercourse, 12471
psychoanalytic perspective on role of sexual differences in psychic development, literature review, 12616
sexual development & behavior, 20–28 yr old females with Kustner-Rokitansky syndrome corrected through surgery, 6012
sources of sex information, college students, 5460
time spent playing with cross- vs same-sex toys during free play, gender-disturbed 5–14 yr olds, 12895
Psychosis [See Also Acute Psychosis, Acute Psychotic Episode, Acute Schizophrenia, Catatonic Schizophrenia, Childhood Psychosis, Childhood Schizophrenia, Chronic Psychosis, Chronic Schizophrenia, Delirium Tremens, Early Infantile Autism, Folie A Deux, Hebephrenic Schizophrenia, Korsakoffs Psychosis, Manic Depressive Psychosis, Paranoia (Psychosis), Paranoid Schizophrenia, Psychotic Depressive Reaction, Reactive Psychosis, Schizophrenia, Toxic Psychoses]
carbamazepine, treatment of psychotic & behavior disorders, 17–55 yr old patients, 4068
childbirth, rate of psychosis, females under psychiatric care, 8041
chromatographic profiles of urinary peptides & protein-associated peptides, autistic 4–19.4 yr olds vs psychotic 6–15.4 yr olds vs 9 yr olds with minimal brain dysfunction vs attention deficit disorder vs mentally retarded 3.8–15.1 yr olds, 1098
chronicity & schizophrenic symptoms & physical overactivity, response to lithium vs chlorpromazine, psychotic inpatients, 6270
clinical & biological aspects of melancholia & depressive neuroses & schizoaffective psychoses & primary & secondary depression, literature review, 1210
clinical characteristics & differential diagnosis, borderline psychotic 6–12 yr olds, 5771
clinical symptoms & etiology & course & outcome of psychoses, children & adolescents, literature review, 5719
communications media, evolution of incarceration psychosis as survival function, prisoners, 4249
confusion &/or psychosis, patients with familial hemiplegic migraine, 5957
crisis & long term couple therapy, postpartum psychotic decompensations, couples, 3983
delusions of infidelity in psychotic jealousy, psychiatric patients, 8022
deviations in development of shared focal attention in mother-infant visual interactions, families with psychotic transaction, 8010
diagnosis & heuristic value, cycloid psychosis, 5705
diagnostic-therapeutic processes & classification, neurotic & psychotic disorders, literature review, 8024
diazepam withdrawal, psychosis, 37 yr old Black female, 1622
disease entity concept of etiology & type of onset & symptoms prognosis, classification of functional psychosis, literature review, 5708
driving in automobiles during therapeutic activity, condition improvement & deterioration, psychotic & neurotic patients, 3632
drug therapy & ECT, psychotic symptoms, 19 yr old female with systemic lupus erythematosus, 6062
ECT, psychotic self injurious behavior, 25 yr old severely mentally retarded male, 1446
envelope curves of arterial pulse waves, diagnosis of psychosis, 12871
erotic transference, group psychotherapy, psychotics, 397;
etiology & neuroleptic treatment, organic psychosis, 5 yr old female, 4083
family & patient history of mental illness, relapse, discharged functional psychotics, 5730
family interactions & symptomatology, adolescent males with phasic psychosis, 10591
folic acid, psychotic behavior, catatonic schizophrenic 23 yr old male & schizoaffective 30 yr old male, 1647
galactorrhea without organic basis, psychotic females, 3563
general characteristics & hospital diagnoses & course of illness, hospitalized psychotics with vs without epilepsy, 10503
group hypnotherapy & behavior therapy, 32–38 yr old mentally retarded & psychotic males, 8494
historical background & current views on diagnosis & classification, transitory & chronic delusional states & mental disorders, French-speaking countries, 8049
history of treatment, chronic epileptic psychosis, 3881
hypnotic susceptibility & usefulness of hypnotherapy, psychotic patients, literature review, 13308
intellectual functioning before vs after treatment, dementia patients & psychotics, 3578
intermediate halfway house as community resource & psychosocial profile of users, psychotic patients, 1805
limits & alternatives to hospitalization, psychotic adolescents, France, 8647
low-calorie diet & exercise & hydrotherapy & physical expression & psychiatric treatment, weight reduction, obese neurotic vs psychotic vs mentally retarded females, 6064
maternal hospitalization for postpartum depression or psychosis or child abuse, mother-child relationship, arguments for joint hospitalization of mother & child, 4197
measurement of hypnotizability, psychotic patients, 6330
music therapy & games, creation of transitional space, 3–5 & 7 & 10 yr old psychotic or autistic children, 13119
myth of windingo psychosis, Northern Algonkians, 3287
need for numerical ratings & multiple observations & narrative records as adjunct to structured psychiatric interview, documentation of psychosis, 7992
neuroleptic blood plasma levels, supersensitivity psychotic symptoms & tardive dyskinesia, 50 yr old female & 27 yr old male paranoid schizophrenics, 4062
neuroleptic medication &/or psychosis, sudden death, 18 yr old male, 1607
outpatient vs inpatient treatment, psychotics vs neurotics committed to psychiatric hospital, 6455
phenomenological observations of contents of psychotic process, 12809
phenomenology & family history & long term outcome, patients with factitious psychosis, 5773
photographic evidence of violent offenses during psychotic crisis, 40 yr old male, 5699
plasma glutamate decarboxylase activity, 6–76 yr olds with endogenous psychosis & neurologic disease, 3516
predominance of psychosis & presuicide syndrome & depression & physician attitudes, suicide victims treated in ambulatory psychiatric service, 13370
prevalence of schizophrenia & manic depression & mania in schizoaffective psychosis, adult inpatients, 5777
problems in diagnosis, functional psychoses, 5760
psychiatric wills, future treatment plan & protection in event of psychosis, 5532
psychosis & voluntary vs involuntary admission status, prediction of violence & need for seclusion & restraint, 17–62 yr old psychiatric inpatients, 13413
psychosis connected to cannabis abuse, 19–39 yr olds, 12863
psychotic behaviors, 2–10 yr old oligophrenics, 8155
rape & murder & subsequent cannibalism & vampirism, 40 yr old male psychotic, 5723
reliability & validity of Pleasure Scale, measurement of anhedonia, depressed vs manic vs schizophrenic vs psychotic patients, 9397
role of clinicians & mental health system & insanity defense plea, criminal justice, Missouri, 974
RT crossover in embedded set paradigm, anhedonic vs perceptual aberration schizotypic male college students, perceptions for psychosis proneness, 5788
self mutilating behavior, mentally defective & psychotic patients living in psychiatric milieu, 6459
self treatment through communication with fictitious "fone persons", psychotic, 3954
severity of disorder & crowded conditions of urban life & low tolerance for aggressive behavior, confinement to high-security psychiatric facility, psychopathic & psychotic & mildly mentally retarded males with mean age of 33 yrs, 4186
short term hospital treatment by residents & medical students, psychotics, 1763
socioeconomic factors, affective psychoses, 1190
specific meaning of objects or words within family, children with psychoses or Down's syndrome or autism, 12796
subjective response to psychoactive drug therapy, prediction of clinical outcome, functional psychotic 21–59 yr olds, 4072
symptoms & course types & prognostic factors, functional psychosis, literature review, 10594
time-of-day distribution of frequency of convulsive seizures, epileptic patients with vs without chronic psychosis, 5930
tricyclic antidepressants &/vs antipsychotic drugs vs ECT vs psychotherapy, treatment response, nonpsychotic vs psychotic depressives with mean ages of 55.1 & 57.4 yrs, implications for psychodiagnostic classification, 3883
type of psychosis & criteria for clinical & work capacity prognosis, work fitness, 17–68 yr old paroxysmal epileptic psychotics, 10539

verbal ability & word communication effectiveness, psychosis prone college students, implications for schizophrenic vulnerability, 5755
vitamin B12 deficiency, organic psychosis, 47 & 58 yr old females, 12786
vulnerability of self during depressive episode, 16–70 yr old neurotic & psychotic & schizophrenic inpatients vs normals, 5769
Psychosocial Development [See Also Childhood Play Development, Personality Development, Psychosexual Development]
acquisition of reading & writing skills & their use in development of social relationships & environment organization & exploration, children, 7625
age & awareness of ability hierarchy in running task & information seeking & selection of competitor, development of social comparison, 3–6 yr olds, 872
age & handicapping condition & contextual setting, development of peer relations, young children, literature review, 865
androgyny & psychosocial development as seen in E. H. Erikson's life-span theory of personality, college students vs adults with average age of 30.7 yrs, 3501
characteristics of emotions & integrated theory & role of cognitive & social development, emotional development, literature review, 3038
classroom-based program, social development & self esteem & problem solving, emotionally disturbed males in elementary special education, implication for cooperation between occupational therapist & school psychologist, 9029
cognitive-learning approach, development of helping behavior, literature review, 842
combination of work experience with school study, psychological development & academic achievement, vocational-technical school students, 8874
computerized games & toys, creativity & social interaction, children, 5335
day care circumstances, social development & behavior, 2–3 yr olds, 10218
development of interaction with caregivers, 2–50 wk olds raised in 24 hr child care center, 7749

model of causes & consequences of harsh parental punishment, parents & their 8–14 yr old children, West Germany, implications for antecedents of child abuse, 12913
modern penology & its basis in Platonistic penological theory of J. Mill, 4217
parental & school use of corporal punishment with children & existing & recommended laws & policies, US vs Sweden, 12532
perceived causes & prescribed punishment for crimes, college students, 10427
pragmatic & ethical & legal issues in use of aversive stimuli & penalty & removal of reinforcers as punishment, behavior modification, literature review, 13234
punishment & differential reinforcement & curricular intervention, behavior problems, severely retarded 10–23 yr olds, 6225
punishment vs negative reinforcement in aversive conditioning, auditory hallucinations, 28–63 yr old chronic schizophrenics, 6224
purpose & limitations of criminal justice system in deterrence by threat of punishment, 5533
sc nociceptive & intracerebral emotionally positive vs negative reinforcement effectiveness, visual evoked potential control, rats, 9746
sex of S & E & verbal reinforcement vs punishment, serial digit learning, college students, 4929
vengeance in dealing with offender, implications for victim, 8091
work penalty threat, fire setting, 4 yr old male, 8392
Punishment (Capital) [See Capital Punishment]
Pupil Dilation
age, retinal sensitivity measured by pupillary light reflex thresholds, 32–683 day old albino rats, 7445
grammatical complexity of sentences, pupil dilation as monitor of cognitive load & complexity, 19–38 yr olds, 519
hysterical neuro-ophthalmologic manifestations, 21–45 yr old patients, 1163
imipramine, clonidine-induced EEG & behavioral effects, male rats, 668
mouth angle & pupil diameters of line drawings of female face, affective attributions, male college students, 10430
pictorial stimuli with affective themes, response measured by pupillary response vs semantic differential scale, college students, 79
slides of main courses vs snack foods, pupil dilation, sated vs hungry normal vs overweight college students, implications for S. Schachter & R. E. Nisbett's theories, 8221
Puromycin
cyclo(Arg-Gly), stability & half-life in brain & plasma & puromycin-induced amnesia, mice, 703
Pursuit (Rotary) [See Rotary Pursuit]
Pyramidal Tracts
lateral hypothalamus electrical stimulation, pericruciate cortical evoked pyramidal tract neuron discharge & receptive field parameters, cats, 555
transverse section of thoracic spinal cord dorso-lateral white column & white matter to tip of anterior horn, elimination of voluntary hindlimb flexion, dogs, 583
Q Sort Testing Technique
construct validity, Q typologies, 9357
Q-type factor analysis, conceptualizations of diagnostically significant hyperkinetic behavior, elementary school teachers, 9018
Q Test [See Cochran Q Test]
Quails
castration at hatching & subsequent exposure to white females & testosterone propionate during adulthood, preference for white vs brown females, brown male quails, 7519
chromatic stimuli, extracellularly recorded opponent-process responses in ventral lateral geniculate, quail, 9859
daily patterns of crowing & courtship & mating behavior, paired vs individually housed male Japanese quail, 9805
dietary biochanin A vs ferulic acid & sex, copulatory behavior & fertility & hatchability of eggs, Japanese quail, 12267
level of fearfulness, Japanese quails selected for high vs low locomotor activity, 9821
prior experience with female plumage phenotypes, mating preferences, male Japanese quail, 9813
testosterone & 5-alpha-dihydrotestosterone doses, development of cloacal gland & sternotracheal muscles & crowing & sexual activities, castrated male Japanese quail, implications for testosterone regulation of reproduction, 2932
testosterone vs estradiol-17-beta vs 5-beta-dihydrotestosterone vs delta-4-androstenedione vs 5-alpha-androstanedione vs 5-alpha-dehydrotestosterone, calling & locomotor activity & sexual behavior, castrated male quails, 702

Questioning
acquisition of tag questions with pronoun & verb & polarity & inversion rules, 6 vs 8 vs 10 vs 12 vs 14 yr olds, 3096
adjunct questions in prose reading passage & reading ability level, rote & conceptual learning, college freshmen, 6701
age & labeling vs sentence repetition vs interrogative elaborations, incidental vs intentional paired associate learning, 5–7 vs 10–13 yr olds, 3150
biased vs unbiased phrasing of question about relationship between events, requests for information, college students, 2600
comprehension of question & personal characteristics & development & attention to purpose of task, performance on Piagetian conservation task, children, 776
concepts of double description & circularity & coevolutionary change, shifts in family coalitions & pragmatics of family therapy, 8367
empirical value of using physiological recordings from Control Questions Technique for detection of deception in real-life interrogations, 6941
interrogation in court cases, detection of criminal offenders, 970
knowledge of conjectural vs behavioral evidence on which questions were based, characteristics inferred from leading questions & answers, college students, 1004
learning instructions vs adjunct postquestions, learning from text, college students, 11208
listener feedback, individuation of information transmitted & listener understanding, adults, 10404
methods of stimulating student questions in classroom discussion, 1956
order of acquisition of "wh" questions, 2nd & 3rd graders, 10124
questioner seated in front of vs behind S & verbal vs spatial question, lateral eye movements & anxiety, right handed college students, 5057
questions, attention to relevant vs nonrelevant text information, college students, 2647
questions concerning target person's location & occupation & age & sex, identification of chain of acquaintances, informants, 7869
race of interviewer, response manner to racial vs nonracial questions during telephone interview, Black vs White respondents, 1010
self & external reinforcement for asking questions in small group, transfer to large group, 5 yr olds, 3099
self questioning training, metacomprehension skills, normally achieving 6th graders vs learning disabled 8th & 9th graders, 2078
sex education program, questions related to sex, 6th graders, 8882
taxonomy of mother's interrogative strategies as facilitating vs fragmenting to child's participation in conversation, mothers & their Down's syndrome children with mean age of 67 mo, 5880
teacher questions to & response rate of males vs females, teachers & low income 24–30 mo olds in day care center, 6733
wording of question about out-of-body experience & dreaming & sex & age, reported incidence of experiences, college students, 4615
Questionnaires
application of discriminative analysis & cross validation techniques to nonpersister questionnaire respondents & nonrespondents, estimation of effect of missing data & selection bias, college students, 11724
construct validity of Good & Good questionnaire, assessment of need for social power, college students, 7055
criteria-based measures, beliefs & attitudes toward nuclear development, members of service clubs & conservation groups & industry, Australia, 4786
cross-validity of Short Form of Position Description Questionnaire, job analysis, managers, 7045
development & reliability & internal consistency of Norbeck Social Support Questionnaire, graduate & undergraduate nursing students, 9425
development & validity of Home Environment Questionnaire, 5–16 yr olds, 7078
development of interview-questionnaire combination, measurement of ego psychopathology, schizophrenic patients, 187
diary maintenance vs Menstrual Distress Questionnaire, measurement of perimenstrual symptoms, 18–35 yr olds, 7012
dimensionality & validity, Questionnaire to Assess Suicide Risk, counseling center clients, 4758
efficacy of teacher feedback questionnaire, 1st–10th graders, 2116
face vs construct validation of thematic apperception questionnaire, family orientation vs status perception assessment, implications for TAT, 7097
factorial validity of questionnaire, evaluation of teaching competency, students, implications for faculty promotions, 8987
item analysis vs binary classical analysis, selection of items for psychological questionnaires, 9442
parent questionnaire & WISC-R & reading & spelling & laterality tests, identification of dyslexia, children, 12999
Personal Resource Questionnaire, measurement of multidimensional characteristics of social support, spouses of patients with multiple sclerosis, 9381
phobic factors on AZU Fear Questionnaire & Fear Survey, phobic Ss, 7036
predictive validity, model for computation of expected return rate on mailed questionnaires, replication of T. A. Herberlein & R. Baumgartner's study, 2360
presence vs absence of question about earnings, rate of return of mailed questionnaire on employment status, 17–65 yr olds who completed employment rehabilitation course, 189
questionnaire development & evaluation, assessment of reproductive & contraceptive knowledge, low income Black female clientele of inner city prenatal clinic, 11662
questionnaire development, assessment of conflict between individual & organization, 18–60 yr old workers, 124
questionnaire language & level of identification with traditional culture & response anonymity, ethnic affirmation vs cross-cultural accommodation in responses, bilingual Chinese college students, Hong Kong, 908
questionnaire layout, credibility of consumer study results, 166
questionnaire on marihuana usage & consequences, 9409
questionnaires & behavior samples & achievement tests in psychodiagnostic & educational & treatment effectiveness evaluation, profoundly mentally retarded children, 8140
reliability & validity of Delta Questionnaire, measurement of locus of control, school & college students & convicts, 2433
reliability & validity of responses to surveys & questionnaires, aged, literature review, 2469
replication of McGill Pain Questionnaire construction, 7095
social desirability of positive response to question, proportion of "yes" responses obtained using randomized response technique vs self administered direct questioning, college students, 9408
somatic complaints questionnaire, screening for mental disorders, psychiatric patients vs college students, Nigeria, 3568
type of question, agreement on symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3582
use of questionnaires in sociopsychological research, literature review, 9310
usefulness of questionnaires to assess memory & role of memory beliefs in memory performance, literature review, 147
validity & reliability of drug use questionnaire, students, Mexico, 11673
validity & reliability of Self Efficacy Questionnaire for Social Skills, college students, 2459
validity & usefulness of Tourette Syndrome Questionnaire, assessment of epidemiology & symptomatology & treatment effects, 8–57 yr old patients, 2444
validity of Arizona Heart Institute Cardiovascular Risk Factor Questionnaire, assessment of incidence & risk factors for atherosclerotic cardiovascular disease, nationwide sample, 7075
validity of behavioral screening questionnaire adapted for parent interview, measure of behavioral adjustment, 3 yr olds, 7048
validity of General Health Questionnaire as screening measure, assessment of psychiatric disorders, 16–39 yr old postpartum females, 176
validity of General Health Questionnaire, screening for psychiatric pathology, cardiology patients, 4799
validity of NachNaff questionnaire, assessment of achievement & affiliation motivation, male vs female college students, 7107
validity of questionnaire, assessment of action vs state orientation & degree to which intended actions are performed, high school students, 160
Questionnaires (Attitude) [See Attitude Measures]
Questionnaires (Opinion) [See Attitude Measures]
Questionnaires (Personality) [See Personality Measures]
Quinine
preferences toward quinine sulfate & dextrose, purelines & reciprocal crosses of chickens selected for high & low juvenile body weight, evolutionary implications, 2745
previous food deprivation & quinine adulterated water, food intake & body weight, male rats, 9949
quinine vs sucrose vs quinine-sucrose mixture & subsequent unmixed stimulation, perceived taste intensity & adaptation & residual taste, 20–36 yr olds, 2535

zona incerta lesions & dietary additions of quinine hydrochloride vs sucrose vs water, food & water intake, male rats, 2898
Quinine Sulfate [See Quinine]
Rabbits
acquisition & performance of defensive CR, EEG spectrograms of sensorimotor cortex & dorsal hippocampus & mesencephalic reticular formation & anteroventral thalamic nucleus, rabbits, 12053
anisodine, discrimination learning & memory & spontaneous & evoked electrical brain potentials & electrocorticographic CR, rats & rabbits, 10013
anodal polarization of thalamic & hypothalamic nuclei, spatial synchronization of cortical potentials during defensive CR acquisition, rabbits, 12207
anticholinergic & anticholinesterase drugs, slow potentials & spike activity of visual cortex neurons & behavior during active & passive avoidance & conditioned inhibition, rabbits, 12334
background, activity of cortical neurons before & after burst of impulses, rabbits, 12080
benzodiazepine Ro 5-3663 & bicuculline & picrotoxin, EEG & convulsions, rabbits, 12324
biofeedback, development & maintenance of systemic blood pressure changes, cats & rabbits, 9712
caloric load of intraduodenal infusion of dextroglucose & vagal denervation & fasting interval, feeding behavior, female rabbits, 9937
cell localization of adenylate cyclase & cyclic adenosine monophosphate phosphodiesterase activity in foliate papillae, rabbits, 9890
cell localization of adenylate cyclase activity in fungiform & foliate & circumvallate papillae, rats & rabbits & cats & dogs, 9899
cervical vs dorsal spinal transection, excitability of cerebral nystagmogenic area, rabbits, 12235
chemical sensitivity of ventromedial hypothalamus during electrically induced negative emotional reaction, rabbits, 12107
complete vs medial vs lateral vs posterior septal lesions, enhancement of conditioned bradycardia, rabbits, 7525
constant magnetic field, hippocampal penicillin epileptogenic foci, rabbits, 5189
cortical & subcortical olfactory pathways, rats & rabbits & cats & dogs & monkeys, literature review, 2817
cortical steady potential level & bioelectrochemical potential during orienting reaction & defensive CR, rabbits, 12095
dehydration & icv 5-hydroxytryptamine, panting response & rectal temperature, rabbits, 548
dendritic fields of A-type horizontal cells of superior edge of linear visual streak of retina, rabbits, 5074
diazepam, cerebellar inhibition of vestibular neurons, albino rabbits, 670
differential locomotor avoidance conditioning, multiple unit activity of prefrontal cortex & mediodorsal thalamic nucleus, rabbits, 12054
dorsal subiculum spontaneous & sensory evoked unit activity, rabbits, 12096
dorsolateral pons lesions, acquisition & retention of ipsilateral vs contralateral nictitating membrane CR vs UCR, rabbits, 567
electrical stimulation of ipsilateral vs contralateral visual cortex, activation of superior colliculus units, rabbits, 477
enkephalin analogs administration into amygdala central nucleus & naloxone, acquisition of classically conditioned heart rate responding, rabbits, 10009
establishment of alimentary reflex, hippocampal neuronal activity, rabbits, 12100
extinction of defensive CR to acoustic CS, changes in chemoreactive sensitivity to acetylcholine in sensorimotor cortex, rabbits, 12070
food amount & type as discriminative stimuli, stimulus control in operant time discrimination, rabbits & dogs & monkeys, 9768
formation of postural dominant focus during conditioning, frequency characteristics & spatiotemporal relations between cortical potentials assessed by spectral-correlation analysis, rabbits, 9870
hippocampal lesions & Pavlovian conditioning, heart rate & blood pressure & EMG CRs, rabbits, 7515
hydrocortisone & porcine adrenocorticotropic hormone, corticosteroid surge & inhibition of intracranial self stimulation, rabbits, 12245
intensity of light/tone compound stimulus, nictitating membrane response acquisition, rabbits, 9736
intensity of skin electrical stimulation & cortisol dose, blood concentration of corticosteroids & pituitary-adrenocortical system response, rabbits, 5150
intraventricular myelin basic protein antibodies, cortical evoked potentials & spontaneous activity & arousal & recruiting responses induced by electrical stimulation of thalamus, rabbits, 5226
lesions of frontal cortex/vs reticular nuclei, latency & reacquisition & extinction of classically conditioned nictitating membrane response, male rabbits, 568
lesions of locus coeruleus, resistance to extinction in classical conditioning of nictitating membrane & hippocampal & cortical norepinephrine levels, male rabbits, 7523
naloxone, conditioned inhibition of nictitating membrane response, rabbits, 9991
naloxone, ethanol & acetaldehyde induced EEG & behavioral changes, male rabbits, 12307
natural stimulation of labyrinth, responses of oculomotor neurons, rabbits, 9848
neuron activation in motor & visual cortex, cause of future vs response to past activity, rabbits, 2809
neuronal unit activity of hippocampus, rabbits, 9881
noradrenaline, conditioning of sensorimotor cortex neurons to sound, rabbits, 11993
periocular electrostimulation, nictitating membrane response latency, unanesthetized rabbits, 561
repetitive stimulation with auditory & electrocutaneous & visual compound stimuli, unit activity in visual cortex, rabbits, 12086
reproductive condition, attractiveness & scent-marking behaviors, female rabbits, 7376
role of limbic brain structures in conditioning, rabbits, 5070
role of ventrolateral medulla in pressor response to glutamate & mediation of autonomic component of defense reaction, rabbits, 12050
spontaneous righting from various postures, hippocampal EEG rhythmical slow activity, rabbits, 12105
tone signaled acquisition of conditioned nictitating membrane response, plasticity of auditory cortex single unit activity, rabbits, 7418
tonic immobility vs spontaneous activity, hippocampal electrical activity, rabbits, 9847
unilateral lesions of cerebellum, ipsilateral classical conditioning of eyelid & nictitating membrane, rabbits, 577
unilateral superior cerebellar peduncle lesions, ipsilateral abolition of classically conditioned nictitating membrane eyelid response, rabbits, 5209
vestibular system, EEG & optokinetic nystagmus, intact vs hemilabyrinthectomized rabbits, 7526
Race (Anthropological) [See Blacks]
Race Attitudes [See Racial and Ethnic Attitudes]
Race Relations [See Racial and Ethnic Relations]
Racial and Ethnic Attitudes [See Also AntiSemitism, Racism]
academic tracking & cross-ethnic acceptance in integrated homerooms, junior high school students, Israel, 2016
age & race & sex & geographical region & socioeconomic status, effect of school desegregation on tolerance, 9 vs 13 vs 17 yr olds, 8916
characteristics of reality & lifestyle & self definition, rednecks, 10282
continuity in public opinion about racial equality, frustration-aggression & realistic group conflict theories of individual change, 1972–76, 899
cooperative vs competitive vs individualistic learning experiences, interethnic interaction & attitudes, 4th graders, 13614
dislike of outgroup & belief in stereotypes, causal attributions about Blacks vs Whites, Black vs White junior high school students, 3250
dramatic plays, reduction of racial prejudice, 4th–6th graders in urban public school, 13605
ethnic composition of geographic units, attitudes toward ethnic groups, nonmembers of ethnic groups, Canada, 12550
facts concerning attitude of C. Jung toward Jews & Judaism, 4634
group therapeutic approach, teaching of ethnic & minority relations & attitudes, social work students, 4278
meaning of terms "Protestant" vs "Catholic", 6 vs 9 yr olds, Northern Ireland, 3227
Mexican culture curriculum, attitudes toward Mexican Americans, Anglo vs Mexican American 6th graders, 13631
narrow vs broad classification of information, intercultural attitudes & behavior, children and adults, 3029
perceived sociopsychological climate preference for White vs non-White students of average vs above average ability, undergraduate student teachers, implications for teacher bias expectations, 11190
perception of approach to & execution of work by Anglo vs French employees, Anglophone vs Francophone managers, Canada, 13796
perception of characteristics of Russians vs Japanese vs English vs Americans vs Chinese vs Pakistani, college students, India, 1083

perception of own opportunity, attitudes towards increased opportunities for Blacks, White adults, 3285
perception of various national groups vs self image, college students & professionals, India, 918
perceptions of Black-White interactions, elementary school students, 7705
poll results, attitudes toward Jews, US, 1965–82, 10300
questionnaire language & level of identification with traditional culture & response anonymity, ethnic affirmation vs cross-cultural accommodation in responses, bilingual Chinese college students, Hong Kong, 908
race of addressee & cost of helping & status of S's car, tendency to return lost letter, Ss at suburban shopping center, 7870
race of victim & defendant, racial bias resulting in distortion of pretrial probabilities of guilt & perception of evidence, White college students in simulated rape trial, 966
school racial composition, White racial hostility, students in desegregated elementary schools, 8912
self concept & group identity & race awareness & decentration & language & cognitive abilities, 3–9 yr old Blacks, 757
status & treatment by Jewish employers, attitudes toward Israelis, Arab industrial workers, Israel, 3269
stereotyped attitudes & prejudice & mental health needs & services & delivery, Black lower socioeconomic status females, 8559
student characteristics & perceived school practices & climate, racial & ethnic integration knowledge & attitudes & behavior, high school juniors, 11300
success vs failure in intellectual vs coordination task, self deprecation & attitudes toward racial separatism, Black vs White 8th–9th graders, 3216

Racial and Ethnic Differences

age & race & sex & geographical region & socioeconomic status, effect of school desegregation on tolerance, 9 vs 13 vs 17 yr olds, 8916
age & race & sex, ratings of physical & mental health, 58–83 yr olds whose spouses had died in previous 3 mo, 12773
age & sex & ethnicity & socioeconomic status & drug cost & availability & length of addiction, opium dosage, opiate addicts, Laos, 10649
age & sex & race, expectations & achievement, Black vs White 3rd vs 6th vs 9th graders, 12390
alcohol use, familial resemblances in flushing response, parents & adult offspring of Caucasian vs Chinese vs Japanese ancestry, 2979
alienation, academic achievement & school adjustment, Black vs White 10th–12th graders, 13657
availability & use of interpersonal support network & mental health problems, Whites vs Blacks vs Mexican Americans vs Guamanians, 12892
birthplace & ethnicity & exposure to US culture, talking about sex & pregnancy & birth control & use of birth control, pregnant Mexican American vs non-Mexican adolescents, 5438
Black vs White tester, sociometric friendship ratings, English vs West Indian vs Asian comprehensive school students, 11417
causal inferences about illness & behavioral difficulties, White vs Chinese college students, 13100
client & therapist race, psychotherapy outcome, Black vs White 18–45 yr old patients & therapists, 6142
construction of Multicultural Attitude Questionnaire, measurement of social tolerance, teacher trainees, 142
content of parent therapeutic groups, English- vs Spanish-speaking parents of children with cancer, 8592
correlation between Peabody Individual Achievement Test & WISC-R, Mexican American vs Anglo children, implications for diagnosing learning disabilities, 132
cross-cultural counseling & therapy competencies adopted by American Psychological Association, 4309
cross-cultural vs racial factors in counseling, literature review, 8605
cultural & language & social class issues in psychotherapy, Asian vs Hispanic Americans, 8353
defendant & victim race & juror personality, perceptions of defendant's guilt, Black vs White college student mock jurors, 12675
demographic characteristics & age & race, substance abuse history & illicit drug use, hospitalized paranoid schizophrenic vs other psychiatric patients, 13388
diagnostic classification & demographic characteristics & intellectual abilities, Black vs White 13–18 yr old male delinquents, 8101
discrepancy in published research on Black vs White vs Indian families, South Africa, literature review, 5512
education & ethnicity & premarital work history & childhood place of residence, age at 1st marriage, females, Peninsular Malaysia, 7805
essay performance test as criterion, differential validity of college entrance scores, males vs females of 4 ethnic groups, 4473
ethnic background, perceived training needs, Black vs Mexican American vs White female Child Development Associate trainees, 4305
ethnic preferences & identification, White vs Indian 5–7 yr olds, Canada, 7712
ethnicity/race & social class, sex roles, female White vs Black vs Mexican American college students, 3356
factor structure of Behavior Problem Checklist, male vs female Mexican- vs Anglo-American 3–5 yr olds, 177
fatalism & inflexibility, impact of stress & depression, Anglo vs Mexican American adults, 12775
father absence from home & child's race & sex & quality of life, cognitive & social development, children, literature review, 3057
group member's level of contribution toward group project & Ss' ethnicity, perceptions of & behavioral intentions toward member, male college students, US vs Hong Kong, 907
high school curriculum & vocational training, occupational outcomes, White vs Black males at 25–29 & 29–33 yrs of age, 9050
husband's marriage order, stability of 1st vs 2nd marriages, Black vs White females under 45 yrs old, 7785
intercorrelations of scores on Eysenck Personality Questionnaire, Native American vs White alcoholics completing detoxification treatment, 11658
interviewing technique, self disclosure willingness & perceptions of counselor, Mexican American vs Anglo male vs female college students, 3924
item bias on WISC-R, White vs Black vs Mexican American vs American Indian 6–15 yr olds, 11682
Japanese vs Western cognitive patterns & hemispheric processing, implications for human resource development, 2601
job promotion practices & shift changes & perceived public expectations, satisfaction with husband's career & family relations & job longevity, Black vs White wives of police officers, 4592
job satisfaction, Black vs White mental health employees, 6865
mental illness prevalence & problematic behavior, 18–59 yr old hospitalized Hispanic vs Anglo inpatients, 13394
model for nonbiased assessment in special education programs with disproportionate number of culturally & linguistically different children, 11308
moral reasoning development, Chicano vs Anglo 2nd–9th graders, 12470
number of siblings & birth order & ethnic & age & sex differences, cooperative-competitive social behavior, 5–12 yr old Anglo Americans vs Mexican Americans, 863
parental schooling & occupational status & maternal employment, educational aspects of parent child relations & child's academic achievement, Chicanos vs non-Hispanic White families, 11265
partial correlation vs item characteristic curve vs item difficulty index, identification of GRE verbal items performing differentially depending on sex & race, Blacks vs Whites, 2112
perceived peer & leader support, role ambiguity & conflict & job satisfaction & performance & stress, Black & White clerical personnel, South Africa, 13807
perceived relevance & difficulty of intelligence test items, college & high school students, Australia vs Taiwan, 128
perceived similarity to culturally vs nonculturally dressed Black female confederate, attraction, White female college students, 3435
perceptions & attitudes & beliefs regarding religion & home situation & parent child relations, Black vs White male vs female 8th graders, 3241
personality traits, 16–25 yr old Tharu vs non-Tharu males, India, 12560
prevalence of treated & untreated psychiatric symptoms & disorders & help seeking behavior, Blacks & Whites & Mexican Americans, 12889
race & classroom racial composition, friendship choices, White vs Black 4th–7th graders in desegregated classrooms, 8907
race & sex & socioeconomic status & academic aptitude, career choice unrealism, Black vs White college students, 2142
race & sex differences, interpersonal interaction & conversation, 21–29 yr old Black & White dyads, 3401
race & sex, perception of university environment & campus life, Black vs White college students, 4416
race & sex, performance appraisals, Black vs White nonmanagement employees & supervisors, 2170
race & sex, reminiscence on massed practice mirror tracking task, Black vs White males vs females, 7178

race of counselor & client, counseling effectiveness, White vs non-White counselors & clients, 11043
race of counselor & socioeconomic status, perception of counselor empathy & counselor-client cognitive similarity & attraction, Black vs White male college students, 11049
race of interviewer, response manner to racial vs nonracial questions during telephone interview, Black vs White respondents, 1010
race of victim & presence of nonresponsive bystanders & prejudice, helping behavior, White female college students, 3389
racial considerations, selection of treatment approach, Blacks, 6115
racial differences, daydreaming, Black vs White 17–34 yr olds, 913
recognition of White vs Oriental faces, White 6–20 yr olds, 12385
residence, leisure needs & planning of public recreation programs, Black vs White adults, 6898
responses to Scales for Rating Behavioral Characteristics of Superior Students, Anglo vs Mexican American gifted 1st–6th graders, 4470
reward allocation to Black vs White vs mixed dyads, Black vs White 1st vs 3rd graders, 4-yr followup, 10231
role of social support systems in social service utilization, Whites vs Blacks with mean age of 73 yrs, 11042
school self acceptance, Indian vs White vs Metis 10–19 yr olds, Canada, 7704
scores on MMPI & Peabody Picture Vocabulary Test & Revised Beta Examination, Black vs White murderers, 4752
sex & educational attainment & ethnic origin, sex role attitudes, Asians vs Blacks vs Mexican Americans vs Native Americans vs Whites, replication of P. Hawey's study, 10362
sex & ethnic background & perceived social support, adjustment, high stress lower class inner-city 9th vs 11th graders, 5411
sex & ethnicity & educational background, scholastic aptitude & achievement, transfer vs native engineering students, 13636
sex & handedness, spatial ability, European vs Japanese vs Chinese adults & their adolescent offspring, 5656
sex & marital status & race & age, utilization of mental health center services, 20–60 yr olds, 1725
sex & race & social status & gross motor development level, incidence of bruising, 3 yr old children, 13094
sex & race & socioeconomic status, police/court contact for delinquent behavior, Black vs White 14–18 yr olds, 8095
sex & race differences, placement & teacher treatment & student reading achievement, learning disabled 6–12 yr old students, 11342
sex & race differences, visual interaction, 18–50 yr old Black vs White vs interracial dyads, 3390
sex & race, glucose-6-phosphate dehydrogenase deficiency, unipolar vs bipolar depressed patients vs schizophrenics, 5764
sex, encoding & decoding of Italian vs Australian hand gestures, Italo- vs Anglo-Australian 3 vs 6 yr olds, Australia, 5330
sex role attitudes, agreement with attitudes stereotypical of Mexican family, male vs female Chicano vs Anglo college students, 12604
sex vs socioeconomic status vs ethnic group, marriage & parenthood values, Black vs Hispanic vs White 11th graders, 5461
sleep duration & temperament, Chinese American vs non-Chinese infants, 895
social background & educational experiences, occupational prestige expectations, Black vs White college students, 13757
social class, perceptions of criminal injustice, surveyed Blacks vs Whites, US, 12591
socioeconomic & demographic factors, blood lead concentrations, Black vs White vs Hispanic 1–72 mo olds, 1427
socioeconomic status & ethnic group, repression-sensitization, pregnant females in urban hospital, Israel, 3484
socioeconomic status & sex & ethnicity & cultural factors, educational aspirations, Polynesian vs Pakeha 4th form students, New Zealand, 11291
socioeconomic status, performance on subscales of WISC-R, Black vs White 16 yr olds, 11660
sources of differences in aggregate earnings, Blacks vs Whites, 3265
success vs failure in intellectual vs coordination task, self deprecation & attitudes toward racial separatism, Black vs White 8th–9th graders, 3216
therapists' decisions to use physical restraint, Black vs White psychiatric emergency room patients, 13399
time delay & incentive, recognition of previously seen facial pictures of own vs other race, Blacks & Whites, 5593
time spent in "en face" position in 1st hr postpartum, Hispanic vs White mothers, 12581
variations in baseline finger skin temperatures, male vs female 17–76 yr old Black vs White vs Eskimo psychiatric patients vs 19–63 yr old hospital staff members, 5124
vocal disguise by White males & females attempting to sound like member of opposite sex or member of Black race, perception of sex or race, college students, 3420
WISC-R factorial validity, Anglo vs Mexican American vs Black 5–11 yr olds, 4784
work environment, job satisfaction, White vs Black vs Mexican American employees of mental health agencies, 1863

Racial and Ethnic Relations
amount & content of cross-racial relations on children's TV, implications for prosocial modeling, 712
biculturalism & locus of control, leadership behavior, groups of Anglo & Black & Chicano college students, 7875
Black electoral power, role-call voting, White legislators of Mississippi House of Representatives, 7824
classroom behavior & interpersonal interactions in activity-centered science classes, Black & White 8th–9th graders in desegregated classrooms, 11281
cooperative vs competitive vs individualistic learning experiences, interethnic interaction & attitudes, 4th graders, 13614
ethnic fission in protest groups, US vs USSR, 3258
expectation states, interracial interaction in educational settings, literature review, 8904
inter- vs intra-group ethnic interaction, decreolization of synchronic code-shifting, Creole speakers, Belize, 10062
InterFace Project, improvement of race relations, employees & supervisors, South Africa, 2210
level of ethnic minority persons in social power-influence systems of high schools, negative school experiences & attitudes, Chicano college students, 13661
multifaceted approach, enhancement of race relations, Black & White fraternities, 4424
narrow vs broad classification of information, intercultural attitudes & behavior, children and adults, 3029
normative vs conflict models, prediction of Black offender-White victim rape, 12932
patterns of persistence & change in relations between dominant & subordinate groups, US & Western Europe, literature review, 5473
perception of & coping strategies for individual vs group threats regarding ethnic group relations, 25–60 yr olds, Canada, 5588
race & classroom racial composition, friendship choices, White vs Black 4th–7th graders in desegregated classrooms, 8907
shame & acculturation, interethnic relations, Indian & Latin town residents, Mexico, 7763

Racial Differences [See Racial and Ethnic Differences]
Racial Discrimination [See Social Discrimination]
Racial Integration [See Social Integration]
Racial Segregation (Schools) [See School Integration]

Racism
group counseling on issues of self esteem & self concept & racism, White parents of Black children, 10891
rate of shooting incidents & percentage involving Black victims, police, 5523
transactional analysis perspective, racism, 10287

Radial Nerve [See Spinal Nerves]

Radiation
dexamethasone vs insulin vs domperidone vs haloperidol vs acetylsalicylic acid vs naloxone vs chlorpheniramine vs cimetadine vs dimethyl sulfoxide, radiation-induced taste aversion, rats, 9995
gamma irradiation, phasic disturbances of stabilized motor defensive conditioned reflex, rats, 4980

Radical Movements [See Also Political Revolution]
group dynamics & motivations, prone groups, literature review, 5864
organizational stages & problems of authority & leadership, lesbian-feminist radical organization, 2183
revolution & social movement & survival of cultural identity of new Jews, 1967–74, 10291

Radicalism (Political) [See Political Radicalism]

Radio
efficacy of campus radio counseling program, 4527
low auditory stimulation via radio headphones, chronic auditory hallucinations, 29 yr old male, 1453
participation level in decision making processes, radio station reporters, 2195
role of TV & film & audiotape & radio & computers in education, young children, 6645
TV vs radio story presentation, story recall & comprehension, 6.5–10.5 yr olds, 10121
TV vs radio vs newspaper media usage & news topics of interest, surveyed 13 & 17 yr olds, 1969–75, 5431

Rage [See Anger]

Railroad Trains
decision making model, prediction of choice of car vs train transportation, critique of A. E. Bronner's study, 2513
decision making model, prediction of choice of car vs train transportation, reply to criticism of C. Van Knippenberg-Den Brinker et al, 2490
decision making model, prediction of choice of car vs train transportation, travelers, Netherlands, 2489
signs vs flashing red lights &/vs half gates, speed reduction at railroad crossing, drivers, 4598
Random Sampling
BASIC program, generation & randomness test of pseudorandom binary digits, 6994
techniques of L. Kish vs V. C. Troldahl, random selection of respondents for telephone surveys, 47
Rank Difference Correlation
appropriateness of Spearman's Rho for rank correlation of ordinal scale data, 11717
assessment of magnitude of effect from rank order correlation coefficients, 2413
Rank Order Correlation
analysis of 2-dimensional frequency tables with categorical & ordered dependent variable, 2500
appropriateness of Spearman's Rho for rank correlation of ordinal scale data, 11717
assessment of magnitude of effect from rank order correlation coefficients, 2413
correlation & concordance coefficients for rank order judgments, 2492
distortion from use of rank-order measures for representation of continuous variables, 7148
methodology, between- and within-group rank order agreement in brand preference ranking, 228
procedure to orient binary tree nodes to maximize Kendall rank order correlation between node order & criterion, 9467
Rape
actual vs reported recidivism rate, 16–57 yr old child molesters & rapists, 3672
amount of physical damage to rape victim & penile responses to audiotaped narratives of nonsexual violence, rapists, 12953
construction of rape empathy scale, measurement of empathy toward heterosexual rape victim & rapist, college students & jurors, implications for juror selection, 4728
content analysis of rape jokes, sexual myths & ridicule of females perpetuated, college students, 3706
demographic variables, attitudes toward law concerning marital rape, Ss over 17 yrs old, 7835
description of victim who took vs did not take precautions & assault premeditation, attribution of responsibility & blame judgment for rape, female college students, 12687
experiences in brief psychotherapy, rape vs robbery vs assault victims, 8324
fear reaction 1 yr following assault, female rape victims, 10606
female victim & male offender intoxication, attributions of blame in rape scenarios, male vs female college students, 12689
hypnosis as emergency treatment, 14 yr old female rape victim, 8513
importance of crime scene data & interviews with sex offenders & role of psychological profiles of suspects & law enforcement, data collection of multiple rape-murders, male criminal, 10637
normative vs conflict models, prediction of Black offender-White victim rape, 12932
perceptions of 14 vs 23 vs 35 vs 45 yr old female victim of rape vs attempted rape vs mugging vs attempted mugging by acquaintance vs stranger, 16–20 yr olds, 8107
personality traits & sexual motivations & experience & self reported likelihood of raping, sexual arousal while listening to rape depictions, male college students, 10366
police investigator perceptions of victim credibility & consent & characteristics & offense seriousness, processing of rape/sexual assault cases, patrol officers, 3342
psychological reactions to rape victim, family, 10620
race of victim & defendant, racial bias resulting in distortion of pretrial probabilities of guilt & perception of evidence, White college students in simulated rape trial, 966
rape & child molesting & exhibitionism, male 12–17 yr olds, 3660
rape & murder & subsequent cannibalism & vampirism, 40 yr old male psychotic, 5723
rape circumstances & victim's emotional response, perception of & reactions to & attribution of psychological damage to victim, male vs female college students, counseling implications, 10626
rape, long term symptoms, 18–60 yr old female victims, 1–2.5 yr followup, implications for short-term therapy, 1279
rape, marital & sexual relations, spouses, 5842
reports of forced sex in marriage, female victims, 3667
self esteem & perceptions of avoidability of victimization, behavioral vs characterological blame for rape, female college students role playing victim vs O, 3417
sex differences, social perception of rape victims & attitudes about rape, Ss with mean age of 24.4 yrs, US vs West Germany, 3711
sexual assault experiences, sexual satisfaction, female college students, 10634
social psychology construct of belief in just world, attitudes toward rape victims, 3500
victim's provocativeness & attractiveness, judgments of hypothetical rape victim's blameworthiness, college students, 7894
Raphe Nuclei
chlordiazepoxide & diazepam dosage, raphe nucleus activity & ataxia & EMG activity, cats, 12343
electrical stimulation of septum, spontaneous vs noxious shock induced neuronal activity of periventricular & periaqueductal gray & dorsal raphe & nucleus raphe magnus, male rats, 12201
electrolytic midbrain raphe lesions vs 5,7-dihydroxytryptamine injections along ascending serotonergic pathways, locomotor & feeding behavior, female rats, 12220
fluoxetine vs desipramine & forebrain serotonin vs norepinephrine depletion induced by lesions of raphe nuclei vs dorsal noradrenergic bundle, taste aversion conditioning, male rats, 12165
hypothalamus & locus ceruleus & raphe nuclei stimulation, synaptic & spike responses in sensorimotor cortex, male rats, 9962
locus ceruleus & raphe lesions & disulfiram & parachlorophenylalanine, brain serotonin & noradrenaline decreases & development & consolidation of food procuring & defensive CR, male rats, 12182
neuroleptics & midbrain raphe nuclei lesions, activity & avoidance behavior, male rats, 12162
periaqueductal gray dorsal vs ventral electrode placement & naloxone, role of opioids in electrical brain stimulation-produced analgesia, male rats, 5153
quipazine, raphe nuclei discharge rate, freely moving cats, 5276
raphe stimulation vs 5-hydroxytryptamine, duration of excitatory & inhibitory responses in fronto-parietal cortex & tremor, Wistar vs Sprague-Dawley rats, 9933
serotonin application to parafascicularis, reduction of noxious stimuli-induced neuron firing, male rats, implications for dorsal raphe ascending pain modulation pathway, 438
thiamine deficiency, ataxia & pilo-erection & paresis & sleep & serotonin & 5-hydrosyindoleacetic acid levels in raphe & locus coeruleus systems, male rats, 9999
Rapid Eye Movement Dreams [See REM Dreams]
Rapid Eye Movement Sleep [See REM Sleep]
Rapport [See Interpersonal Attraction]
Rat Learning
age, food acquisition problem solving, 2–3 vs 5–6 vs 8–9 mo old rats, implications for development of object-oriented purposive intellectual activity, 9776
automatic device for study of maze learning & other higher nervous system activity, mice & rats, 4678
brain lesions, visual & spatial reversal learning, rats, implications for components of general learning system, 9984
early learning of orienting reflex & conditioned nonavoidance & active avoidance, subsequent learning as adults, 7–10 & 12–14 & 15–16 day old rats, 11956
environmental stimulation, sex-associated activity/spatial learning skills, feminized male rats, 12137
formation of system of food procuring conditioned reflexes, young vs mature rats, 12004
reward magnitude, acquisition & extinction in single-trial acquisition training, rats, 11978
site of brain lesions, brightness & spatial discrimination & reversal learning, rats, implications for components of "general learning system", 9983
Rating
alphabetic notation in paired-comparison blind test research, college students, 4695
amount of text devoted to individual in history of psychology texts vs judgment by panel of eminence, individuals important to psychology, 32
assessment of stressfulness of children's experiences, clinicians vs teachers vs teachers-to-be vs children, 3069
Behavior Problem Checklist ratings of kindergartners through 8th graders in counseling, parents vs teachers vs counselors, 4504

Black vs White tester, sociometric friendship ratings, English vs West Indian vs Asian comprehensive school students, 11417
consensus of self report & spouse ratings, measurement of personality traits, 21–29 yr olds, 4762
decision theoretic approach, ranking fuzzy sets, 4820
discriminant analysis, prediction of classifications of affective words as based on semantic ratings, naive Ss, 2514
factor analysis, semantic ratings of affective words, naive Ss, replication of author's previous experiment, 2394
interrater reliability & validity of ratings derived from narrative job descriptions, 7066
latent trait models for binary data as special models for contingency tables, ability parameter estimation by conditional vs direct vs marginal maximum likelihood methods, 7013
magnitude vs category matching, rating of brightness & loudness on same scale, humans, 11768
maximum likelihood estimation procedure, nonmetric additivity analysis with data collected by categorical rating vs pair comparison vs directional ranking, 239
multiple-sorting analysis, assessment of environmental meaning of Modern vs Post-Modern architecture, 22–74 yr old architects & accountants, 210
ranking vs rating procedures in Rokeach Value Survey, cross cultural research, 175
rater training & purpose of rating, variability in job performance appraisal decisions, college student raters, 9102
rating patients labeled competent vs incompetent, interrater reliability of global evaluations, college student Os, implications for social anxiety & social skills research, 96
rating vs triads vs pair rank ordering vs conditional rank order similarity judgment methods, nonmetric multidimensional scaling solutions, college & graduate students, 7021
reliability & factor structure, ratings of student teachers, supervising teachers, 4494
stimulus range & frequency & spacing context, magnitude vs category vs ratio vs difference psychophysical judgments & within- vs cross-modality darkness judgments, college students, 2408
supervisor in-service assessment & subsequent examination performance, trainee psychiatrists, 11127
techniques for assessment of relative importance of potential occupational guidance officers, 2144
validity of subjective vs objective performance measures, 23–63 yr old vocational/rehabilitation counselors, 9250

Rating Scales

administration of rating scale as screening instrument for behavior & neurotic disorders & learning disabilities, parents & teachers of 8 yr olds, 9400
Brazelton Neonatal Behavioral Assessment Scale, assessment of development of behavioral responses, premature infants, 127
choice of scale descriptors "hypnotized" & "absorption", measurement of hypnotic depth, college students, 4707
concurrent validity of self vs interviewer ratings using Australian Second Language Proficiency Ratings Scale, assessment of English-as-2nd-language, migrants, Australia, 7111
construct validity of balanced & unbalanced Likert scales, 11631
construct validity of Hopelessness Scale on basis of covariation with Edwards Social Desirability Scale, criticism of article by M. M. Linehan & S. L. Nielsen, 11675
construct validity of Maternal Social Support Index, mothers, 178
construct validity of Mishel Uncertainty in Illness Scale, assessment of uncertainty in symptomatology & diagnosis & treatment & relationship with caregivers & planning for future, medical patients, 9423
construction & construct & criterion validity of Self Efficacy Scale, college students, 11687
construction & validity & reliability of rating scale for depression, depressed vs nondepressed psychiatric patients, 7051
construction of Incidents of Reality Scale, measurement of stress level of life events, 14–83 yr olds, 183
Counselor Rating Form vs Counselor Effectiveness Rating Scale, college students, 11638
cross cultural validity of Hamilton Depression Rating Scale, depressed outpatients vs normals, Italy, 4735
depression rating scales, assessment of severity of depression, 21–81 yr old psychiatric patients, 2446
development & internal consistency of subscales of Revised Sex-Role Behavior Scale, male vs female college students, 9427
development & validation of Vietnamese Depression Scale, depressed Vietnamese refugees with mean age of 33.5 yrs, 157
development & validity & reliability of Children's Perceived Self Control Scale & teachers' version, 4th & 5th graders & their teachers, 2096
development & validity & reliability of Money Attitude Scale, 17–75 yr olds, 4809
development & validity of Counselor Rating Form-Short Version, assessment of perceived counselor attractiveness & expertness & trustworthiness & individual client & treatment differences, college students & outpatients, 9385
development of Causal Dimension Scale, evaluation of perception of causal attribution of event, college students, 182
development of Maynard Personal Assessment Rating, self assessment in partial hospitalization treatment programming, patients, 11671
development of rating scale for assessment of "primitive" & "advanced" elements in pleasures & aversions, college students, 9377
embedded vs separate administration, correlation of Death Anxiety Scale & Taylor Manifest Anxiety Scale scores, college students, 9448
establishment of psychological scales using psychophysical measurement, perceived seriousness of crime & punishment severity, 18–39 yr olds, 9402
factor analysis of responses to Achievement Motives Scale of R. Nygard & T. Gjesme, assessment of independence of subscales, 6th graders, 130
factor structure of existential scales used in research, 114
factor structure of Health Locus of Control Scale, hospitalized medical & surgical patients with mean age of 47 yrs, 4763
factor structure, Scale for Rating Behavioral Characteristics of Superior Students, 5th & 6th grade candidates for gifted program, 11389
factorial validity of Irrational Beliefs Test, college students, 2453
factorial validity of subscales of Family Environment Scale, 9th & 10th graders, 7098
Family Drawing Depression Scale, scoring of family drawings to measure depression, hospitalized depressed patients, 4807
flaws in conceptual basis of Behavioral Observation Scales, personnel evaluation, 153
Heimler Scale of Social Functioning, identification of areas of psychosocial stress & level of functioning, Ss seeking psychotherapy vs health examinations, 2426
immediate vs delayed rating of speaker using behavioral observation vs graphic rating scales, college students, criticism of G. Latham & K. Wexley's findings, 2464
internal consistency reliability of Adaptive Behavior Scale, 7–53 yr old institutionalized mentally retarded, 9378
internal reliability, scales from Inpatient Multidimensional Psychiatric Scale, 13–85 yr old psychiatric inpatients, 2428
item wording & placement in evaluation forms, rating bias, college students, 2467
laboratory measures vs rating scales vs direct observation, diagnosis of hyperkinesis, children, 7040
Maternal-Fetal Attachment Scale, females in 3rd trimester of pregnancy, 9386
method for cutoff of scores from Hamilton Rating Scale for Depression, 11697
Missouri Children's Behavior Checklist, assessment of risk for developmental & learning disabilties & behavior disorders, preschool age children, 198
multidimensional clinical rating scale, evaluation of mental health services, 7052
normative data for Suinn Test Anxiety Behavior Scale, graduate students in education, 4490
principles of design of self evaluation scales, 7081
rating scales & differentiation, patients with mean age of 37.2 yrs with depressive vs anxiety vs phobic neurosis, 1189
reliability & construct validity of Children's Self-Efficacy for Peer Interaction Scale, 3rd–5th graders, 2483
reliability & validity & factor structure of revised Rapid Disability Rating Scale, 163
reliability & validity of Miller Social Intimacy Scale, unmarried vs married college students vs spouses seeking marital therapy, 4765
reliability & validity of Nurse Practitioner Rating Form, nurse practitioners, 9405
reliability & validity of Pleasure Scale, measurement of anhedonia, depressed vs manic vs schizophrenic vs psychotic patients, 9397
reliability of Daydream Rating Scale & attitudes toward daydreaming measured by Imaginal Process Inventory, college students, 11652
reliability of Wessex Behavior Rating Schedule, mentally retarded children & adults, 9429

responses to Scales for Rating Behavioral Characteristics of Superior Students, Anglo vs Mexican American gifted 1st–6th graders, 4470
scores on McCarthy Scales of Children's Abilities & teachers' ratings of academic achievement, normal vs learning disabled students with mean age of 7.3 yrs, 4519
sequential rating scales, evaluation of progress in environmental therapy, institutionalized geriatric patients, 2471
standardization & validation of Rome Depression Inventory, depressed ambulatory & psychiatric patients, 7090
sudden infant death syndrome as family crisis & development of Family Adjustment Scale, assessment of adaptive grief responses & adjustment prediction, 165
teacher effectiveness feedback assessed by behaviorally anchored vs summated rating scale, behavior change, college instructors & students, 4495
test reliability, Life Events Checklist, 10–17 yr olds, 2424
test-retest reliability of Experienced Control Scale, male alcoholic inpatients with mean age of 46 yrs, 4773
validity & reliability & development of short forms of classroom environment scales, junior high school science students, 8981
validity of modified version of Social Adjustment Scale, mothers of 1 yr olds & females receiving elective sterilization, 2432
validity of Parent Behavior Progression rating scale, evaluation of parent-child interaction, parents & their handicapped infants in early intervention program, 120
validity of summary scores of IJR Behavior Checklist, psychopathology, children & adolescents, 2452
Ratio Reinforcement [See Fixed Ratio Reinforcement]
Ratiocination [See Logical Thinking]
Rational Emotive Therapy
compatibility of rational emotive therapy & Christianity, implications for pastoral counseling, 11039
critical appraisal of theoretical foundations & therapeutic methods of rational emotive therapy, 10827
group Rational Emotive Therapy, anxiety reduction & rational thinking & self enhancing emotions, female college students, 13196
obstacles to implementation of rational emotive therapeutic techniques, novice therapists, 3966
personal values, attitudes toward rational emotive therapy & behavior modification & client-centered therapy, college students, 10793
preference for rational emotive vs client centered therapy, 1st yr psychology students vs nonpsychology majors, 1493
psychoanalytic vs rational emotive vs behavior therapy rationales for treatment of snake phobia vs test anxiety vs depression vs paranoid schizophrenia, perception of therapy & client & psychologist & disorder, college students, 3917
rational emotive therapy with vs without rational role reversal vs imagery, irrational beliefs & emotional distress, adults, 13183
role of rational emotive therapists in handling clients' "should" statements, comment of P. E. Meehl & A. Ellis's discussion, 3956
role of self direction in sports & life & relevance of rational emotive therapy, 3450
self efficacy theory & methods of rational emotive therapy, 3949
taxonomy of cognitions, differences among cognitively oriented psychotherapies, 3967
theoretical foundations & therapeutic methods of rational emotive therapy, reply to criticism by C. Eschenroeder, 10826
Rationalization
rationalizations for self serving behavior & effect on conscience, elected public officials, 972
Rats [See Also Norway Rats]
absence of stable social hierarchy, competition for food, male rats, 5007
acetylsalicylic acid consumption & hypovolemia & cellular dehydration, water intake, male rats, evidence for prostaglandin control of water intake, 2956
acrylamide, operant behavior & spontaneous & amphetamine-induced locomotor activity & rotation as measures of toxicity, male rats, 675
ACTH, acquisition & retention of conditioned taste aversion, infant rats, 12269
ACTH following peroneal nerve crushing, functional reorganization of regenerating motor units in extensor digitorum longus, adrenalectomized male rats, 5180
ACTH 4-9 analog ORG-2766 vs ACTH 4-10 vs (D-Phe-7) ACTH 4-10 doses, passive avoidance, male rats, 10004
activation & scenting of nipple with novel odor, nipple sucking, 3 day old rats, 9745
activation with morphine or inhibition with naloxone of opioid receptors in substantia nigra pars reticulata, tonic activity in EMG, male rats, implications for regulation of striatal efferent pathways, 7574
activity, caloric intake & sucrose-induced obesity, male vs female rats, 12114
activity of adrenal medullary system, rats flown on Cosmos-1129 space flight, 7494
acute ECS, effect of apomorphine on locomotion & rearing, male rats, lack of evidence for dopamine autoreceptor subsensitivity, 9998
acute vs chronic administration & dosage level of imipramine, treatment of depressive symptoms induced by chronic stress, male rats, implications for drug therapy, 629
acute vs chronic stress, brain & hypothalamic catecholamine & serotonin concentration & turnover, male rats, 541
adrenalectomy & subsequent corticosterone vs dexamethasone vs progesterone, exploratory behavior, male rats, 549
age & ambient temperature, nipple attachment & milk intake, 3–20 day old suckling rats, 334
age & Gerovital H-3, exploratory behavior & locomotor activity & emotional reactivity, male rats, 12268
age & olfactory arousal, visual sensitivity, 157–420 day old male rats, 9706
age, acquisition & retention of brightness discrimination & active avoidance tasks, rats, 11997
age at conditioning & preexposure to CS, conditioned taste aversion, rats, 9724
age at ovariectomy & at slaughter & estrogen replacement, skeletal growth & body weight & composition, female rats, 527
age at time of taste aversion conditioning, acquisition & extended retention, 1–60 day old rats, 7308
age differences, retention, rats, 2688
age differences, thermoregulatory behavior, rat pups, 12158
age, food acquisition problem solving, 2–3 vs 5–6 vs 8–9 mo old rats, implications for development of object-oriented purposive intellectual activity, 9776
age, posterior pituitary & intra- and extrahypothalamic vasopressin content & memory decrement, rats heterozygous vs homozygous for diabetes insipidus vs normal rats, 452
age, retinal sensitivity measured by pupillary light reflex thresholds, 32–683 day old albino rats, 7445
age, scopolamine effects on avoidance & locomotor activity & rearing & role of cholinergic neurons in CNS, 15–275 day old rats, 2923
agonistic behavior & naloxone, analgesia, male rats, 2970
alcohol, hypothalamic self stimulation, rats, 12353
alpha-melanocyte-stimulating hormone vs hypothalamic tripeptide MIF-I &/vs melatonin, attenuation of morphine analgesia, rats, 5230
aminophylline vs DH-ergotoxin alone vs with adrenaline vs noradrenaline vs isoprenaline, operant behavior, female rats, 696
amobarbital sodium, behavioral contrast in drinking sucrose solution, male rats, 10006
amount of allowed foraging time & food availability in each food patch & food location, optimal foraging behavior in simulated natural environment, male rats, 2678
amount of filial huddling at 5–9 days of age, emotionality & locomotor activity, rats, 9800
amount of response contingent training & expanding vs collapsing intervals of nonresponse contingent reward, rate of leverpressing, male rats, 2698
amount of signaled & unsignaled extra food reinforcement at end of fixed-time intervals, schedule-induced drinking & interaction with eating, rats, 2700
amphetamine & morphine, carbon dioxide-induced amnestic effect on retention of avoidance learning, young vs old female rats, 12311
amphetamine, diet preference & anorexia, female rats, 10048
amphetamine vs apomorphine vs novel 2-aminoindanes & pimozide vs propranolol vs phentolamine vs alpha-methylparatyrosine, food intake & motor activity, male rats, 12241
amygdala basolateral nucleus & stria terminalis stimulation & ventromedial hypothalamic nucleus & stria terminalis lesions, lateral hypothalamus evoked potentials & single unit discharges & intracellular synaptic potentials, rats, 12173
amygdala lesions contralateral vs ipsilateral to cortical spreading depression, depression-induced feeding & drinking, male rats, 12178
amygdala microinjection of neurotensin, nociceptive threshold, male rats, 5244
amygdaloid & dorsal hippocampus lesions, retention & reconditioning of classically conditioned fear response, male albino rats, 9971

angiotensin vs carbachol injections to preoptic region with vs without pretreatment of ipsilateral vs contralateral GABA injections into globus pallidus, water intake, male rats, 2964
anisodine, discrimination learning & memory & spontaneous & evoked electrical brain potentials & electrocorticographic CR, rats & rabbits, 10013
anisomycin injection following progesterone, extension of period of sexual receptivity, female rats, 12247
anosmia induced by intranasal isotonic zinc & sex differences, play fighting behavior, prepubescent rats, 12339
antagonistic behavior vs competition tests & weight of body & endocrine organs & glands, determination of social rank positions, male rats, 9801
anterior vs posterior cingulate cortex lesions & immobilization, stomach pathology, male rats, 5207
anterior vs posterior cingulate cortex lesions, classical conditioning of heart rate & eye-blink, rats, implications for cingulate mediation of cardiovascular orienting responses, 7516
anteromedial frontal cortex lesions & postoperative visual deprivation, shock avoidance visual discrimination choice latency, male rats, implications for attentional/orienting functions, 9929
antidepressant & anxiolytic & neuroleptic & antiaggressive drugs, nonsocial & social & aggressive & defensive behavior, male rats & mice, 5262
antidromic vibrissae stimulation, differential activity of cerebellar- vs thalamic-projections from interpolaris neurons, female rats, 2826
apomorphine derivative 10,11-methylenedioxy, motor activity & stereotyped behavior, male rats, 12254
apomorphine injection following acquisition of brightness discrimination, incorporation of levofucose into hippocampal proteins & improved retention of discrimination, male rats, 2952
apomorphine vs bromocriptine vs pergolide vs intrastriatal vs intra-accumbens apomorphine & trifluoperazine, reserpine-induced locomotor hypokinesia, male rats, 10016
apomorphine vs dextroamphetamine vs levoamphetamine, induction of copulatory behavior by estrogen &/vs progesterone, ovariectomized rats, 658
apomorphine vs diazepam, attenuation of quickly learned conditioned suppression & motor activity in shock environment, male rats, 2953
appetitive classically conditioned orientation to novel & normally aversive odor, neonatal rats, 350
aspirin, ventrobasal thalamic neuron firing, rats with adjuvant-induced arthritis, 5237
associations between neutral & hedonically valued flavors, taste preference shifts, female rats, 11974
asymmetry of movement direction in radial maze, Wistar vs Krushinsky-Molodkina rats, 5005
atropine sulfate vs scopolamine hydrobromide vs atropine methylnitrate vs scopolamine butylbromide conditioned leverpressing & adjunctive drinking, rats, 640
atropine sulphate to caudate nucleus over 24 hr period, circling behavior, male rats, 709
auditory discrimination & classification & cues, discrimination learning, male rats, 11975
avoidance conditioning & bilateral lesions of frontal neocortex & hippocampus & hypothalamus, sensitivity to alarm signals of conspecific & aversive sound & light, dogs & male rats, implications for neurosis, 2913
avoidance conditioning, leg lowering, chronic spinal female rats, 2912
avoidance conditioning with vs without pretraining & immediate vs delayed vasopressin injections, retention of avoidance behavior, male rats, 2969
backward UCS-CS pairings, defensive burying, male rats, 9770
benzodiazepine antagonists, anxiety, rats, 12272
benzodiazepine receptors in brain membrane, rats, implications for neuronal excitability & convulsion regulation, 445
benzodiazepines injected into mammillary body, number of punished responses in conflict-punishment procedure, male rats, role of mammillary body in behavioral suppression, 628
beta-endorphin injection into hypothalamic paraventricular nucleus, norepinephrine & blockade by phentolamine & food intake & antagonism by naloxone, male rats, 5249
beta-phenylethylamine, dominance during competitive interaction, female rats, 5274
beta-TYR-9melanotropin-9–18, extinction of active avoidance reflex & open field activity, haloperidol- & amphetamine-treated male rats, 2982
bilateral ablation of frontal parts of neocortex & hippocampus, reactivity to light & sound & another S's pain cry, rats, 12232
bilateral globus pallidus lesions & amphetamine vs apomorphine, spontaneous motor behavior & stereotypy, male rats, 9951
bilateral lesioning of suprachiasmatic nucleus, immunocytochemical localization of vasopressin fibers, rats, 5061
bilateral lesions of habenular nuclei, selection of motor activities under stress, male rats, 9985
bilateral locus ceruleus electrolytic lesions, estrus cyclicity, female rats, 12234
bilateral sinoaortic deafferentation, responsivity to painful thermal & electric footshock stimulation, spontaneously hypertensive vs normotensive rats, 9982
bilateral transection of lateral olfactory tract, 2-deoxyglucose uptake in olfactory bulb & projections, male rats, 5027
bilateral vs unilateral neocortical ablation, acquisition of schedule-induced polydipsia, female rats, 2909
binocular exposure to vertical vs horizontal stripes during early postnatal development, visual evoked potentials to stroboscopically illuminated vertical vs horizontal stimuli, rats reared in darkness, 9858
birth in litters with vs without male siblings, testosterone-induced adult mounting behavior, female rats, 686
body rotation induced taste aversion, defecation during rotation as index of motion sickness, male rats, 9900
bombesin vs somatostatin & ambient temperature, oxygen consumption, male rats, thermoregulation implications, 594
brain lesions, visual & spatial reversal learning, rats, implications for components of general learning system, 9984
brain naloxone injection site, experimental epilepsy, male rats, 12253
brain RNA injection, transfer of learning between animals, male rats, 664
brain stem & spinal terminal projections of myelinated facial cutaneous afferent fibers, rats, 2779
burrowing & feeding & predatory behavior, rats, 7368
burying of sources of aversive stimulation, rats vs mice vs guinea pigs vs hamsters, 12014
butorphanol, nociceptive response in modified tail-flick test, rats vs mice, 657
caffeine & age, motor activity, 1 vs 10 vs 15 day old rats, 623
caffeine & midazolam vs diazepam vs benzodiazepine convulsant Ro-5-3663, water intake & course of drinking, water deprived male rats, 12260
caffeine &/vs N-6-(L-phenylisopropyl)adenosine, slow wave sleep duration, male rats, 7564
cannulation via iliolumbar vein, measurement of blood ethanol metabolism, rats, 11568
caudal hippocampal histamine vs 3-methyl-histamine, open-field locomotor & rearing & sniffing & grooming & holding activities, male rats, 587
caudate nucleus injection 5-N-ethylcarboxamide adenosine & sc apomorphine, rotation, male rats, implications for dopaminergic function, 10012
celiac vagotomy with vs without hepatic vagotomy vs total vagotomy, ingestive response to 2-deoxydextroglucose vs insulin vs polyethylene glycol vs epinephrine vs hypertonic saline, male rats, 12185
cell localization of adenylate cyclase activity in fungiform & foliate & circumvallate papillae, rats & rabbits & cats & dogs, 9899
central cholinergic receptor blockade, spatial localization, male rats, 2981
change in meal times, wheel running activity rhythms, male rats, 2832
change vs consistency of sexual partner, mating response latencies in operant paradigm, rats, 2685
changes in FI reinforcement, response latency, male rats, 9738
changes in illumination, bidirectional heart rate response, infant rats, implications for distinction between orienting vs defensive reflexes, 4985
changes in mode of stimulus presentation with vs without reversal of response rule, percentage of correct responses, male rats, 9739
chemical lesions of thalamic mediodorsal vs ventral tegmental nucleus, maze performance, rats, 7521
chlordiazepoxide & subsequent sound stimulation, serum corticosterone levels, male rats, 7573
chlordiazepoxide & 5-methoxy,N,N-dimethyltryptamine interactions, conflict behavior, rats, 12332
chlordiazepoxide, plasma corticosterone response to novelty vs cold & restraint, male rats, 2935
chlorpromazine, sensitivity of dopamine & serotonin receptors, male rats, 2987
chlorpromazine vs lithium, appetitive discrimination learning, rats, 643

chronic alcohol administration, activation of tryptophan pyrrolase, rats, implications for altered mood states in alcoholism, 12250
chronic alcohol intoxication, morphological changes in brain structure, rats, experimental model for Korsakov's Syndrome, 682
chronic anosmia, social investigation of conspecifics & copulatory & aggressive behavior, male rats, 9794
chronic desipramine & nomifensine, number of presynaptic dopamine receptors in striatal tissues, male rats, 5248
chronic dextroamphetamine, flight reaction in response to novel stimulus, male rats, 12314
chronic molindone treatment vs haloperidol, dopamine receptor sensitivity, male rats, 656
chronic naloxone & subsequent morphine vs naloxone, abstinence-like syndrome, male rats, 12306
chronic naltrexone, increase in brain opiate receptors & sensitivity, female rats, 7580
circadian changes, brain distribution & sensitivity to haloperidol, male rats, 5227
circadian rhythmicity of single-unit firing rates in suprachiasmatic nuclei brain slices, female rats, 5013
classical fear conditioning vs conditioned emotional response paradigm & CS vs non-CS interval during acquisition & extinction, freezing & response suppression, male rats, 351
clonidine vs phenoxybenzamine vs chlorpromazine vs yohimbine vs piperoxane vs desipramine, paradoxical sleep, male rats, 12276
clonidine vs quanfacine administered twice daily, triphasic pattern of water intake & ambulation, spontaneously hypertensive male rats, 12341
clorgyline, delay of phase-position of circadian rhythms of adrenergic & cholinergic & opiate & benzodiazepine brain receptors, male rats, 707
cold adaptation & reacclimation, food intake & body weight & dietary-induced thermogenesis, male vs female rats, 2869
combined video & computer analysis, study of relationship between neural activity & behavior, rats, 11595
competition & shock-induced aggression & isolation, coordination & dyadic social interaction, rats, 5183
competition vs disinhibition vs satiation vs inhibition, increases vs decreases in causal factor strength of activities & eating-drinking transitions, rats, 540
conditioned &/vs partial reinforcement in free-operant leverpress situation, responding during extinction, female rats, 9711
conditioned avoidance of anise- vs saccharin-flavored solutions, consistency of aversion strength across flavors, rats, 9722
conditioned circling behavior, brain dopamine metabolism, male rats, 5117
conditioned emotional response & conditioning anxiety & shock history & diazepam, brain monoamine content & turnover, rats, 468
conditioned fear & noncontingent shock, enhancement during extinction, rats, 9781
conditioned reward produced by enkephalin microinjection into ventral tegmental area, male rats, 671
constant bright illumination, persistent estrus & hormone receptor binding & puberty & sexual receptivity & mating, female rats, literature review, 7502
context changes between preexposure & test, conditioned defensive burying, male rats, 9743
context, operant conditioning, rats, 354
continuous exposure to 4 receptive females vs novel female introduced during period of "sexual exhaustion" vs exposure to "preferred" vs "nonpreferred" female, ejaculatory potential, male rats, 2706
controllable vs unavoidable shock, learned helplessness in shuttle box avoidance task, male rats, 7297
copulation vs exposure to inaccessible estrous vs anestrous females, attack behavior, male rats, 12016
copulatory behavior & seminal vesicle pressure, male rats, 12027
copulatory stimulation, amelioration of anestrus & sterility, neonatally androgenized female rats, 7551
cortical & subcortical olfactory pathways, rats & rabbits & cats & dogs & monkeys, literature review, 2817
counterconditioning, changes in old vs reactivated learned responses, male rats, 11996
CS preexposure & shock omission trials, attenuation & restoration of stimulus associability in conditioned suppression, male rats, 11980
cue light vs darkness as discriminative stimulus, response inhibition, male rats, 7302
cyclic adenosine monophosphate, elaboration of active avoidance, rats, 5110
deafferentation, thyrotropin-releasing hormone concentrations in olfactory bulb, rats, 574
delay of regular noncontingent light & sound changes, number & latency of responses & time spent in each state, female rats, 5160
delta sleep-inducing peptide, daily variations of 5-hydroxytryptamine & dopamine & norepinephrine & plasma proteins/corticosterone concentrations, male rats, 12284
delta sleep-inducing peptide vs its phosphorylated analog, circadian locomotor activity, rats, 7548
desmopressin acetate, acquisition & reversal of brightness discrimination learning, male rats, 5229
development & cortical organizational plasticity of trigeminal somatosensory system, rats, literature review, 12067
dexamethasone pretreatment & intraventricular vs ip serotonin & immobilization stress, plasma corticosteroid response, neonatal rats, test of role of serotonergic mechanisms in pituitary-adrenocortical stress response, 7499
dexamethasone vs insulin vs domperidone vs haloperidol vs acetylsalicylic acid vs naloxone vs chlorpheniramine vs cimetadine vs dimethyl sulfoxide, radiation-induced taste aversion, rats, 9995
dextro- vs levoamphetamine & lesions of medial vs lateral substantia nigra sites, intracranial self stimulation & circling behaviors, male rats, 2884
dextroamphetamine, intracerebral electrochemistry & activity & stereotypy, male rats, 12326
dextroamphetamine microinjections into nucleus accumbens vs caudate putamen, learning to ignore irrelevant stimulus in latent inhibition paradigm, rats, 688
dextroamphetamine vs chlordiazepoxide vs chlorpromazine vs LSD vs pentobarbital vs scopolamine, brightness discrimination, male rats, 638
dextroamphetamine vs haloperidol following motor cortex ablation, recovery from paresis & depressed catecholamine levels, male rats, implications for rehabilitation of stroke & trauma patients, 7544
dextroamphetamine with vs without propranolol pretreatment, food intake & eating time & length of eating bouts & eating rate, male rats, 10050
di-n-propylacetate & noradrenaline depletion by FLA-63, quasi-morphine abstinence behavior & reversal by morphine & locus ceruleus destruction, male rats, 9946
diazepam vs phenobarbital vs phenytoin & prefrontal cortex electrical stimulation, self stimulation response, male rats, 12176
dietary fat, hyperphagia & excess weight following hypothalamic knife cuts, female rats, 12179
dietary gallic acid vs propyl gallate, food intake & body weight, hypothalamic-obese vs lean rats, 12280
dietary level of alpha glucosidase inhibitor acarbose & carbohydrates vs fats, food intake & body weight, female rats, 12279
dietary morphine administration & pair feeding for long term intoxication, male rats, 11622
dietary specialization, food aversion learning, kangaroo rat species, 11963
dietary zinc deficiency, visual & auditory association & discrimination learning, male rats, 2961
diets rich in saturated vs polyunsaturated fat, locomotor activity response to amphetamine vs methylphenidate vs atropine, rats, 526
differential punishment under DRL schedules, interresponse time & response efficiency, male rats, 352
dihydrotestosterone implantation into lateral septum vs medial amygdala vs preoptic area/hypothalamus & systemic estradiol, sexual behavior, castrated male rats, 589
discriminative stimulus properties & generalization of substituted amphetamine derivative & hallucinogenic agents, male rats, 2939
discriminative stimulus properties of ketamine stereoisomers, male rats trained to discriminate phencyclidine from saline, 9993
distance between feeder & thermoneutral refuge in cold temperature, number & duration of meals & rate of eating & feeding time & food intake & body temperature, female rats, 12156
dominance, competition & aggression, rats, 4984
dominance in dyadic competition for access to drinking nozzle delivering water vs novel solution, neophobic responses, rats, 5002
dopamine, incorporation of labeled fucose into total proteins & guanosine diphosphate fucose formation in hippocampal slices, male rats, 10017
dopamine iontophoretic application to substantia nigra & ventral tegmental area, frontal cortex neuronal activity, male rats, 7532
dopamine receptor agonist RDS-127, sexual behavior & hormone levels, male rats, 2930

dorsal mesencephalic tegmentum lesions via ibotenic acid vs N-2-chloroethyl-N-ethyl-2-bromobenzylamine, noradrenergic innervation in hippocampus & hypothalamus & sexual behavior, male rats, 571
dorsal striatal lesions & amphetamine induced rotation, intracranial self stimulation in ventral tegmentum vs substantia nigra, male rats, 2877
dorsal vs ventral hippocampal vs entorhinal cortical lesions, conditioned emotional response acquisition & extinction, male rats, 2893
dorsolateral tegmental lesions, hyperdipsia & amphetamine-induced hypodipsia vs anorexia & CNS permeation by amphetamine, female rats, 5194
dosage & time since injection of fenfluramine, nociceptive thresholds & role of serotonin, male rats, 7533
dosage level of fluphenazine decanoate, serum prolactin & dextroamphetamine-induced locomotor activity & sniffing & rearing, male rats, 2963
dosage level of oxazepam & prior drug experience, individual variability in punished vs unpunished responses in Geller-Seifter paradigm, drug-sophisticated male rats, 2921
dosage levels of ACTH analogs, medial septal self stimulation with ascending vs descending sequences of stimulus intensities, male rats, 12271
dosage of bombesin injected into cerebral ventricles, body temperature & food intake, food deprived rats, 12242
dosage of norepinephrine into anterodorsal hippocampus, activity level, male rats, 2937
dosage of testosterone propionate, food intake & body weight, castrated male rats, 2965
dose of ethanol vs chlordiazepoxide vs diazepam, discriminative learning performance, rats, 2977
dose of isoproterenol, punished responses & water drinking, water deprived rats, implications for "false positives" in conflict procedures, 2927
drinking behavior during multiple habit reversal, rats, 11967
DRL performance with small vs large & immediate vs delayed rewards, male rats with bilateral septal lesions, 9975
droperidol & phentanyl, pain during tail jerking, rats, 627
duration & timing of posttraining paradoxical sleep, learning, male rats, 12181
early motor deprivation & training, neuronal activity in sensorimotor cortex, young rats, 7503
ECS & hypophysectomy, locomotor activity produced by apomorphine vs quipazine vs clonidine, male rats, 12171
efferent projection lesions of rostral vs caudal trigeminal nuclear complex, orofacial pain, male rats, 5205
efferent projections of lateral hypothalamic area, female rats, 5033
effort required in standard maintenance feeding, subsequent effort expended in operant learning task, male rats, 11971
electrical high frequency stimulation of perforant path axons & contralateral hippocampal hilus, inhibition of long term potentiation of fascia dentata neurons, male rats, implications for learning & memory, 559
electrical stimulation of central gray, aggressive behavior, male rats, 9964
electrical stimulation of dorsal hippocampus, 2-way shuttlebox shock avoidance acquisition, rats, 5198
electrical stimulation of hypothalamus emotiogene zones, recovery cycles of visual cortex primary responses to light flashes, rats, 12213
electrical stimulation of pontine parabrachial nucleus & ventral tegmental area & amygdaloid apomorphine &/vs spiroperidol, neuronal activity in central nucleus of amygdala & consumption of sodium chloride solution, male rats, 12167
electrical stimulation of preoptico-hypothalamus regions, 2-deoxyglucose uptake, rats, 5200
electrical stimulation of septum, spontaneous vs noxious shock induced neuronal activity of periventricular & periaqueductal gray & dorsal raphe & nucleus raphe magnus, male rats, 12201
electrical stimulation of superior colliculus, eye movements, male rats & hamsters, 9963
electrode placement in dorsal hippocampus vs mesencephalic reticular formation & preexposure to tone, latent inhibition of subsequent conditioning, male rats, 9930
electrolytic midbrain raphe lesions vs 5,7-dihydroxytryptamine injections along ascending serotonergic pathways, locomotor & feeding behavior, female rats, 12220
embryonic forebrain transplantation into midline cerebellum vs cerebellar lesions, behavior, rat pups, 5191
emotional stress, ultrastructure of neurons & synapses of parietal area of cortex & reticular formation of brain, rats, 510
entorhinal cortex ablation, time interval & motor alimentary conditioned reflexes, dogs & rats, 5211
entorhinal vs hippocampal lesions, spatial discrimination learning, 1 day old rats, 9966
environmental complexity vs social vs isolation rearing conditions, synaptic contact curvature in visual cortex, rats, 552
environmental familiarity & conditioned fear, plasma beta-endorphin levels, male rats, 355
environmental stimulation, sex-associated activity/spatial learning skills, feminized male rats, 12137
epinephrine & norepinephrine & ACTH injections, memory, rats, 12281
estradiol & progesterone, brain endorphin levels, female rats in different stages of estrous cycle vs pregnancy vs following ovariectomy, 7577
estradiol benzoate & ethamoxytriphetol, ethanol consumption, ovariectomized rats, 2975
estradiol benzoate, axonic & dendritic growth in ventromedial hypothalamic nucleus, ovariectomized rats, 595
estradiol benzoate, cholinergic muscarinic binding of quinuclidinyl benzilate in medial basal hypothalamus vs medial preoptic area, male vs female rats, 605
estradiol benzoate, food & ethanol intake, ovariectomized rats, 2974
estradiol replacement, ethanol intake, ovariectomized rats, 12169
estrogen-concentrating cells in hypothalamic neurons with axons to dorsal midbrain, female rats, 9863
estrous phase & sex, heterosexual aggression, rats, 5125
ethanol & ambient temperature, blood glucose & body temperature, fed vs starved male rats, 544
ethanol & aversive CS tone, serial dependency of components of operant responding, male rats, 10001
ethanol & operant alternation task, number of errors in simple alternation & rate of responding & response location variability, male rats, 10000
ethanol diet during pregnancy, alcohol consumption & subsequent maternal behavior, female rats, 2946
ethanol vs butanol, reflexes & brain growth, neonatal rats, 618
ethanol vs sucrose reinforced responding, male rats, 10035
ethanol with vs without 2-ethoxyethanol administration during pregnancy, maternal weight gain & pregnancy duration & offspring neuromotor ability & open field behavior & level of activity, rats, 662
ethymisol, affectivity & emotional memory & brain serotonin & plasma corticosteroid levels, albino rats, 12299
Evans Blue & acetylcholinesterase analysis, basal forebrain neuron projections to basolateral amygdala, female rats, 11621
Evolvulus alsinoides, maze learning capacity, rats, 12325
excitatory vs inhibitory stimuli following classical conditioning to shock-reinforced tone, heart rate, rats, 9734
exogenous glycerol, suppression of body weight gain, weanling vs young adult vs adult male rats, 7563
expectation of large vs small reward & electrical amygdala stimulation, retention of delayed spatial matching-to-sample task, male rats, 9960
explicitly unpaired delivery of morphine, tolerance to locomotor-suppressing effects of morphine, female rats, 12270
exposure to darkness & inhibition of decarboxylase with metahydroxybenzylhydrazine, retinal dihydrophenylalanine accumulation, light-adapted rats, 539
exposure to inescapable yoked shock vs escape training vs restraint without shock, aggressive & defensive behavior toward intruder, alpha males, 12006
exposure to spatial problems, synaptic proteins & glial protein glutamine synthetase in frontal & control brain regions, rats, 7432
extinction following treatment by 1 vs 3 days, recovery from ECS-induced amnesia, male rats, 12200
extinction of orienting investigating reactions in open field test, rats, 12002
failure to demonstrate spatial memory in radial maze, mice vs rats, implications for research on innate foraging patterns, 4967
fetal exposure to ethanol, complex maze acquisition, male adult rats, 653
flooding techniques, extinction of jump-up avoidance response & reduction of fear, male rats, 11989
fluorescent tracer histology & acetylcholinesterase histochemical analysis, morphology & intercellular organization & cortical projections of cholinergic neurons in basal forebrain, rats, 11567

fluoxetine vs desipramine & forebrain serotonin vs norepinephrine depletion induced by lesions of raphe nuclei vs dorsal noradrenergic bundle, taste aversion conditioning, male rats, 12165
food deprivation during polydipsia conditioning vs in home cage vs ad libitum feeding, preference for ethanol vs water, rats, 9935
food deprivation, interaction between cholinergic & catecholaminergic systems of hypothalamus & cerebral cortex in regulation of food-motivated behavior, rats, 9941
food deprivation, magnitude of acoustic-induced startle reflex responses, male rats, 9922
food deprivation-induced negative energy balance, hypothalamic self stimulation rates & hyperphagia, male rats, 522
food preferences, salt deprived rats, 2882
food presentation in textured sleeves & in darkness vs illumination, taste aversion learning, rats, 11968
food reinforcement schedule & consequent body weight, wood chewing, rats, 9759
food vs water deprivation, retrieval of food pellets vs water pledgets vs sweet-tasting objects, bush rats, 417
food vs water vs glucose/saccharin deprivation, iv etonitazene self administration, male rats, 12141
footshock stress & endorphin-induced analgesia, defensive fighting, male rats, 5178
footshock stress, blood pressure & heart rate & sympathetic-adrenal medullary responses, isolated vs paired male rats, 2891
footshock stress, enkephalin-like peptide mediation of opioid stress analgesia, male rats with adrenalectomy vs adrenal demedullation vs adrenal medulla denervation, 2905
formation of system of food procuring conditioned reflexes, young vs mature rats, 12004
fornix-fimbria & medial & lateral septal lesions, acquisition & retention of maze-learning task, male rats, 7527
FR schedules, dispersion patterns, male rats, 11977
frequency & intensity & duration of medial forebrain bundle electrical stimulation, control of avoidance behavior, male rats, 557
front- vs hind-paw shock & naloxone & dorsolateral funiculus lesions & morphine tolerance, classically conditioned analgesia, male rats, 5192
front- vs hind-paw shock & naloxone & morphine tolerance, opiate vs non-opiate analgesia, male rats, 550
frontal lesions, rate of barpressing, male rats, 9988
frustration during conditioning, blood corticosterone & free fatty acids, male rats, 12033
GABA agonist progabide &/vs diazepam vs sodium valproate vs haloperidol vs diphenylhydantoin & bicuculline, escape response induced by electrical stimulation of periaqueductal grey, male rats, 9992
GABA vs liposome-entrapped GABA, penicillin-induced epileptic activity, rats, 12304
gamma irradiation, phasic disturbances of stabilized motor defensive conditioned reflex, rats, 4980
gamma-hydroxybutyric-induced behavioral depression & subsequent dispersion of accumulated dopamine, food intake, male rats, 678
gamma-vinyl GABA with vs without amphetamine, food intake, male rats, 2949
gastric vs hepatic vs celiac vagotomy, angiotensin induced drinking responses, male rats, 12223
genetic defect in metabolism of catecholamines, predisposition to convulsive seizures, SCES vs Wistar rats, 5122
genotype, drinking behavior, rats, critique of F. M. Toate's article, 2758
gestational ethanol, behavior toward own vs foster pups, female rats, 12310
gestational malnutrition & quipazine vs methysergide vs parachlorophenylalanine, rate of conditioned responses, rats, 2876
ginseng & eleutherococcus, hypothalamic-pituitary control of stress, mice & rats, 10008
glutamic acid diethylester injection into hippocampus, slope function of excitatory postsynaptic potentials & amplitude of extracellular field potential in dentate gyrus, rats, 12294
gnawing vs eating as primary induced behavior by tail pinch & reversal by xylocaine, male rats, 7558
gustatory neocortex lesions, potentiation of odor by taste during illness-induced aversions, male rats, 2904
habituation to running wheel prior to feeding restriction, activity-stress ulcers, male rats, 12186
haloperidol, bilateral asymmetry for striatal dopamine metabolites & relation to dominant rotation direction, female rats, implications for pharmacologic treatment of schizophrenia, 7553
haloperidol vs chlorpromazine vs clozapine vs dopamine, dopamine & acetylcholine release from nucleus accumbens & striatum, female rats, 604
handling & movement of cages & naloxone & ethanol, hyper- & hypothermia, female rats, 2885
heart rate, measurement of learning, rat pups, 2694
hepatic-portal vs jugular infusion of hypertonic saline, water intake, sham-operated vs vagotomized male rats, 9938
hippocampal & superficial cortical lesions vs no surgery, place navigation impairment, female rats, 579
hippocampal EEG spectra during awake-immobility & grooming & walking & rearing & slow wave & REM sleep & awakening, rats, 7422
hippocampal lesions, latent learning of spatial maze, male rats, 12224
hippocampal vs neocortical lesions & dopamine agonist 3,4-dihydroxyphenylamino-2-imidazoline into nucleus accumbens, locomotion & exploration & grooming in open field, male rats, 9940
hippocampus lesions, avoidance learning to be active vs immobile, rats, 5213
home nest odors & age & circadian rhythms, effect of amphetamine vs phentolamine vs haloperidol on shock induced wall climbing, rat pups, 12244
homing vs suckling incentive, acquisition of original vs reversed spatial discrimination task, rat pups, 9714
horseradish peroxidase technique, assessment of projections from locus ceruleus to olfactory bulb vs olfactory tubercle, cats & rats, 11583
hunger & satiation & electrical shock as punishment, discriminative control of attack behavior, rats, 11994
hunger inducing insulin iajection, metabolic & physiological changes, male rats, 12275
hypobiosis, physiological mechanisms of arousal response, rats, 5121
hypophysectomy vs adrenalectomy vs total sympathetic system blockade vs thoracic spinalization, classically conditioned & foot-shock-induced analgesia, male rats, 5193
hypothalamic injections of 5,7-dihydroxytryptamine, brain serotonin levels & mouse killing, male rats, 7576
hypothalamus & locus ceruleus & raphe nuclei stimulation, synaptic & spike responses in sensorimotor cortex, male rats, 9962
hypothermia, amnesia for newly acquired vs old reactivated memories, male rats, 9936
hypoxia, food intake, female rats, 12148
icv alloxan, food intake & blood glucose, rats, 12322
icv bombesin, food intake & grooming, male rats, 639
icv morphine, conditioned place preference & analgesia & hyperthermia, male rats, 5278
icv paraoctopamine with vs without shock, locomotor activity & avoidance responding & increased paraoctopamine in hypothalamus & brain stem, male rats, 603
icv thyrotropin releasing hormone into various brain regions, starvation-induced feeding & drinking, male rats, 10042
icv vs intracisternal cycloheximide, protein synthesis inhibition & amnesia for saccharin aversion memory, rats, 699
icv vs ip cholecystokinin octapeptide & subdiaphragmatic bilateral vagotomy & spinal cordotomy, satiety for food intake, rats, 12166
identification of afferent & efferent pathways associated with cerebellar self stimulation, male rats, 12048
imipramine, clonidine-induced EEG & behavioral effects, male rats, 668
imipramine, reduction of sucrose & saccharin consumption following chronic stress, male rats, examination of animal stress model of depression, 630
in utero alcohol exposure, response inhibition mechanism delays, rats, 5217
increased complexity of information load, CR with food reinforcement, rats, 11995
increased wheel running due to food deprivation vs food-contingent activity, food intake & body weight, obese vs lean female Zucker rats, 529
individual vs group housing vs restraint with vs without shock, parachloramphetamine toxicity, rats, 12152
inescapable shock & living environment associated with shock vs shock-free, ethanol consumption, male rats, test of tension reduction hypothesis, 9948
inescapable shock, activity & associative effects in appetitive choice discrimination task, rats, 9760
intensity & duration of inescapable shock, subsequent acquisition of response to terminate shock, rats, 4982

interaction of chronic antipsychotic drug administration & bilateral denervation of dopamine afferents to nucleus accumbens, behavioral hyperresponsiveness, male rats, 7504
interhemispheric asymmetry, formation of preference of movement direction in food procuring reaction, rats, 12103
intermittent hypokinesia of varied duration, CR & EEG & blood neurotransmitter levels & emotional stress & exhaustion, albino rats, 12134
intertrial interval of successive brightness differential conditioning task, reversal learning, rats, 9728
intertrial interval of 72 hrs, 1-Hz suppression effect on kindling induced by amygdala stimulation, male rats, 7511
intracerebral isotonic saline, prevention of behavioral deficits due to bilateral caudate nucleus damage, male rats, methodological implications, 543
intracisternal beta-endorphin, dopamine uptake in hypothalamus & striatum, male rats, 10010
intrahippocampal kainic acid, EEG & seizures, male rats, method for recurrent seizure induction, 2928
intrahypothalamic vs systemic guanosine triphosphate & ovariectomy with vs without adrenalectomy, lordosis behavior, estrogen-primed female rats, 524
intrathecal ACTH, morphine- & beta-endorphin induced analgesia, male rats, 9990
iprindole vs bupropion vs mianserin, chronic stress model of depression & corticosterone levels, male rats, implications for drug therapy, 631
isolated vs group housing & rhizotomy, self mutilation of denervated limb, male rats, model of chronic pain, 5148
isolated vs group housing, response of visual cortex layer V neurons, male rats, 5044
isolation & handling, reactivity to footshock & tactile dorsal stimulation, male hooded rats, 12191
iv apomorphine, glucose utilization in brain areas, male rats, 5254
iv haloperidol & apomorphine, glucose utilization in brain areas, male rats, 5255
iv self injected glucose & glucagon & insulin before vs after meals, blood glucose levels, rats, 12292
kainic acid injections into hypothalamus, eating & drinking behavior, male rats, 12286
lateral hypothalamic bombesin, food intake, male rats, 12338
lateral hypothalamic stimulation, stimulus-bound feeding & self deprivation, male rats, 2888
lateral hypothalamic 2-deoxydextroglucose, lateral hypothalamic unit activity & gastric acid secretion, male rats, 12333
lateral vs medial vs central amygdalar nuclei lesions, alimentary reflex acquisition & retardation of avoidance conditioning, male rats, 5206
Lee Obesity Index vs body fat & ovariectomy, measurement of diet-induced obesity, female rats, 11611
length of food deprivation, latency of meal initiation & food intake, female rats, 12184
length of interval between stimulus A & UCS & subsequent training to compound stimulus AB in simultaneous & serial procedures, conditioned suppression to A or B, rats, 11983
lesions & 5,7-dihydroxytryptamine, mouse killing behavior, naive vs killer vs nonkiller rats, 5190
lesions of amygdalar terminal fields of mesolimbic dopaminergic & locus cerular noradrenergic systems, food & water intake & body weight, rats, 12226
lesions of anteroventral 3rd ventricle region, angiotensin & saline induced drinking for fluid balance, male rats, 5171
lesions of ascending dopaminergic projection, recovery of sensorimotor functions & role of enhanced neostriatal dopamine receptor sensitivity, male rats, 2874
lesions of caudate nucleus vs mediodorsal thalamus, spatial alternation learning ability, 8–10 vs 25–27 vs 150–160 day old rats, 9987
lesions of central amygdaloid nucleus, development & maintenance of high blood pressure, spontaneously hypertensive male rats, 7518
lesions of dopamine neurons, self stimulation, male rats, 12217
lesions of olfactory bulb projections, odor detection & arousal from slow wave sleep & mitral cell activity, male rats, 2901
lesions of suprachiasmatic nuclei, light-dark variations in water & food intake & number & duration of meals & urine output, male rats, 2914
level of food deprivation, cholecystokinin-octapeptide effects on eating elicited by external vs internal cues, male rats, 7568
lick counter-volumeter, measurement of number of licks & liquid food intake, male rats, 2380
light stimulus following 1-trial fear conditioning, retention, male rats, 11973
light vs illuminated drinking tube as CS predicting lateral hypothalamic stimulation, activity & eating & drinking & gnawing, rats, 9710
light-dark schedules, suprachiasmatic nuclei neuronal activity in in vitro hypothalamic slices, rats, 9878
light-footshock followed by single light plus tone-footshock pairing, suppression of licking to tone, male water-deprived rats, test of classical conditioning theories, 11953
light/sound changes & sequence complexity in reinforcement, response level, female rats, 5159
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
lithium & levotryptophan, brain serotonergic turnover & drug interaction & reduction of muricidal behavior, male rats, 5224
lithium & saline vs desipramine with vs without lithium, shock-induced fighting, male rats, 10030
lithium & time of day, temporal patterns of calcium & magnesium & parathyroid hormone & calcitonin, rats, 5256
lithium &/vs diazepam & exposure to immobilization & cold & auditory stress, serotonin metabolism, male rats, 5158
lithium chloride, reinstatement of extinguished taste aversion, rats, 12249
lithium toxicosis, preference for thiamine-enriched diet, thiamine deficient vs nondeficient female rats, implications for aversion conditioning, 7483
localized kainic acid vs 6-hydroxydopamine lesions of neostriatum, sensorimotor asymmetry, male rats, 12219
location of bedding material & size of test chamber, defensive burying of aversive object, rats, 9744
location preference, defensive burying of aversive object, rats, 9741
locomotor activity-induced theta rhythm, hippocampal 2-deoxyglucose uptake, male rats, 5088
locus ceruleus & raphe lesions & disulfiram & parachlorophenylalanine, brain serotonin & noradrenaline decreases & development & consolidation of food procuring & defensive CR, male rats, 12182
locus coeruleus neuron spontaneous bursting discharges, male rats, 437
long term isolation stress, tyrosine hydroxylase activity in frontal cortex, male rats, 5187
low cost gas dilution high altitude simulator to study effect of acute hypoxic exposure & prior food deprivation on food consumption, rats, 7000
low cost stimulator for intracranial self stimulation, rats, 2383
low dietary protein, aggressive defensive & predatory behavior, male rats, 12157
low frequency brain stimulation, kindling behavior, male rats, 9958
low vs high conflict induced by food & water deprivation & gonadectomy, plasma corticosterone & food intake following taste aversion conditioning, male vs female rats, 12196
low vs high salt diets, basal & stress-induced increase in norepinephrine & epinephrine plasma levels, Dahl salt-sensitive vs salt-resistant rats, 536
loxapine & amoxapine & 8-hydroxylated derivatives, 3-H imipramine & 3-H spiperone binding in cortical & striatal membranes & inhibition of platelet serotonin uptake, rats, 611
lysine-vasopressin, exploratory behavior, male rats, 12290
lysine-vasopressin vs levodeamino-vasopressin, tailflick latencies & flinch-jump thresholds, female rats, 7556
magnocellular forebrain nuclei lesions, acetylcholine output from cerebral cortex & electrocortical activity & spontaneous alternation & avoidance conditioning, male rats, 9977
male dominant-subordinate relationship, inhibition of mating behavior of subordinate & preference of female for dominant, rats, 9789
male produced vocalizations, mate selection & mating behavior, estrous female rats, 7383
male testosterone levels varied by castration & exogenous testosterone, preference for areas vacated by male, female rats, 545
maternal ethanol &/vs nicotine, offspring stillbirths & neonatal deaths & activity & operant performance, rats, 651
maternal methadone exposure during gestation &/or lactation & age, analgesic response to hot plate test, rats, 5281
maternal vitamin A palmitate dose, ultrasonic vocalization over clean vs soiled bedding as measure of developmental toxicity, rat pups, 584
maternal vs simple exposure to nonnatural odor, attractiveness of odor at various ages, rat pups, 7291
maze structure, maze learning time, blind vs sighted male rats, 2686

medial forebrain bundle thermal & electrical stimulation & noradrenaline, single unit neuronal responses in preoptic & anterior hypothalamus, male rats, 12155
medial hypothalamic stimulation inducing escape & approach responses, activity of central gray neurons, male rats, 12210
medial septal driving of hippocampal slow activity, discrimination learning, female rats, 2887
medial thalamus lesions, increase in lateral hypothalamus stimulation threshold for reduction of aversiveness of stimulation of nucleus reticularis gigantocellularis, male rats, 7484
medial vs dorsolateral septal lesions & level of water deprivation, response rates with continuous reinforcement, male rats, 2880
medial vs dorsolateral vs total septal lesions, acquisition of 2-way active avoidance at different shock intensities & role of depleted hippocampal acetylcholinesterase, male rats, 5215
medial vs lateral septal lesions & chlordiazepoxide, discrimination between response-contingent & response-independent shock, rats, 12150
medial vs lateral septal lesions, suppression of responses maintained by response-independent vs response-contingent shock, male rats, 9968
mediobasal hypothalamus electrical stimulation, single unit responses of preoptic-anterior hypothalamic thermally sensitive vs insensitive neurons, male rats, 12204
meperidine vs normeperidine with vs without diazepam pretreatment, analgesia & lethality, male rats, 646
metabolic differences, rats with preference for ethanol vs water, 12115
metergoline & diazepam vs quipazine vs LSD vs 2,5-dimethoxy-4-methylamphetamine, punished responding, rats, 600
methamphetamine & systemic tryptophan, brain tryptophan hydroxylase activity & serotonin metabolism, male rats, 698
methamphetamine vs chlorpromazine vs pilocarpine vs scopolamine, avoidance responses, male Wistar vs Fischer 344 rats, 12296
methionine- vs leucine-enkephalins, retention & carbon dioxide-induced retrograde amnesia, rats at 20 & 34 days of age, 12248
method for intragastric ethanol intubation without body weight impairment, rat pups, 4688
method for use and interpretation of tail-pressure behavior as dependent variable, rats, 9361
methohexital & succinylcholine & 1 vs 5 ECSs, delay of estrus cycle, rats, 9942
methysergide, sleep suppression produced by quizapine, rats, 609
microelectrode positioner system & restraint apparatus for chronic single-unit recording, rats, 4667
midbrain 6-hydroxydopamine injection, overeating & obesity & role of norepinephrine & epinephrine depletion & prevention by dextroamphetamine & desmethylimipramine & benztropine, rats, 7552
mild psychological stress, immunoreactive neurophysins levels, male rats, 9893
morning vs afternoon avoidance training & training & retention testing in same vs different apparatus, shape of retention curve, male rats, 9765
morphine, protein & fat & carbohydrate selection & intake, male rats, 650
morphine sulfate & ethylketocyclazocine, elevation of aversion thresholds to escape supraspinal electrical stimulation & obtain stimulation of hypothalamus, male rats, 7537
morphine sulfate vs methadone hydrochloride vs meperidine vs pentazocine lactate, motility, male rats, 12265
morphine sulfate vs other opiate agonists vs cocaine hydrochloride vs lithium chloride vs (-)-naloxone hydrochloride, conditioned place preference vs aversion, male rats, 5260
morphine vs analgesic U-49,274A vs pentazocine dosage levels & self administration & naloxone, plasma corticosteroids, rats, 2959
morphine vs beta-endorphin vs enkephalins, oxytocin release induced by acetylcholine vs suckling, lactating rats, 7549
morphine with vs without naloxone, startle reflexes to noise & electric shock, rats, 704
motor cortex lesions, swimming measures as test of motor cortex integrity, male rats, 55
multiple hedonic memory, performance on rewarded vs nonrewarded trials, male rats, 11958
naloxone & novel vs familiar environment, insulin-induced food intake & hypoglycemia, male rats, 681
naloxone, basal & photic & audiogenic stress-induced serum ACTH & corticosterone levels, male rats, implications for hypothalamo hypophyseal mechanism, 12335
naloxone, dextroamphetamine & apomorphine induced rearing & ambulation, male rats, 12289
naloxone pretreatment & nociceptive stimulation, icv self administration of morphine, rats, 7542
naloxone, reversal of retrograde amnesia induced by ECS, female rats, 2867
naloxone, shock-elicited defensive fighting, female rats, 10003
naloxone vs diprenorphine, spontaneous activity, individual vs paired mice vs rats, 10002
naloxone vs naltrexone, milk consumption & FR responding maintained by milk, male rats, 683
naltrexone, body weight loss, food & water deprived rats, 10032
naltrexone, eating & drinking induced by hypothalamic norepinephrine vs carbachol, male rats, 12255
naltrexone, food & water intake & water & electrolyte excretions & osmolar clearance, male rats, 645
neocortex & hippocampus & cerebellum & brain stem & liver content of DNA & RNA & proteins, rats raised in enriched vs deprived environments, 5113
neocortex, latent learning for obtaining salt taste, male rats, 2915
neonatal decortication with vs without estradiol benzoate & progesterone, sexual behavior, female rats, 12142
neonatal transplantation of brain tissue from males, sexual behavior, female rats, 9924
neonatal 6-hydroxydopamine treatment, experience-dependent odor preferences, male rats, 12261
neuroleptics & midbrain raphe nuclei lesions, activity & avoidance behavior, male rats, 12162
nitrogen metabolism, rats recovered from Cosmos-1129, 7493
noise exposure, early development & activity level, 15 day old rats, 9943
nomifensine, noradrenaline & dopamine uptake & serotonin & 5-hydroxyindoleacetic acid levels, rats, 10036
nonassociative neophobia & sensitization, potentiation of odor by taste, male rats, 7294
noncontingent & contingent appetitive reinforcement, learned helplessness, female rats, 9742
nonreinforced stimulus similar to reinforced CS & unexpected reinforcement of CS, hunger CR & sign tracking, male rats, 11965
nonreward/reward transitions during partial reinforcement pretraining, subsequent resistance to discrimination, rats, 9727
noradrenaline neurotoxin DSP4 & exteroceptive context & UCS preexposure & desipramine pretreatment, taste aversion learning, male rats, 12240
novel environment & diurnal rhythm, locomotor & rearing activities, individually- vs group-housed male rats, 9895
novel vs predatory vs conspecific olfactory stimulation, ultrasonic responses, neonatal rats, 7362
noxious thermal stimulation vs innocuous tactile stimuli, average evoked responses, rats, 12062
nucleus accumbens septum 6-hydroxydopamine lesions, schedule-induced nicotine self injections, male rats, 12233
number & spatial array of taste buds on palate, rats, 9861
number of inescapable shocks & stress situations, opioid analgesia, male rats, 11970
odor aversion conditioning compounded with taste cue, overshadowing of aversion conditioning, female rats, 9740
odor detection thresholds for vapors of various explosives, rats, 2676
offering of glucose vs glycerol solutions, fluid intake, diabetic vs nondiabetic male rats, 12252
open field behavior & defecation & role of peripheral noradrenergic system, Maudsley Reactive vs Nonreactive rat strains with agouti vs nonagouti allele, 5010
open field behavior & spontaneous hypertension, Wistar-Kyoto normotensive vs New Zealand hypertensive rats, 2837
operant learning method, behavioral assessment of dopaminergic effects of dextroamphetamine & apomorphine & haloperidol & methohexital, female rats, 7547
opiate antagonists & morphine, chlordiazepoxide induced hyperdipsia, water deprived male rats, 12259
optic nerve stimulation, potassium accumulation, 1–3 day old vs adult rat optic nerve, 558
oral vs sc glycerol, total & night & day food intake, diabetic male rats, 12251
ovariectomy & estradiol benzoate vs progesterone vs testosterone, body weight & hoarding, female rats, 12144
ovariectomy & ethanol concentration & pregnancy & estrous cycle, ethanol intake, female rats, 9969
pancreatic glucagon, suppression of sham feeding, male rats, 613
parachloroamphetamine with vs without pretreatment with fluoxetine vs zimelidine vs metergoline, avoidance learning & dopamine & noradrenaline brain concentrations, male rats, 665

parachlorophenylalanine &/vs 1-5-hydroxytryptophan, attentuation of hyperreactivity syndrome, male rats with septal lesions, 10039
paradoxical sleep deprivation by platform vs pendulum technique, locomotor activity & light-dark preference, male rats, 12190
paradoxical sleep deprivation, intracranial self stimulation, male rats, 9947
paradoxical sleep deprivation produced by pendulum vs watertank techniques, acquisition & retention of avoidance behavior, male rats, 12189
paraoxon-induced acetylcholinesterase reduction, avoidance conditioning & subsequent tolerance & discrimination, male rats, 614
parathyroid hormone &/vs aluminum, rotarod performance & locomotor activity & acquisition & extinction & retention of avoidance, rats, 599
partial limitation of motor activity & moderate motor loads, chains of motor alimentary CRs, rats, implications for model & prevention of human hypokinesis, 12008
partial reinforcement, acquisition & extinction of sign & goal tracking, male rats, 9718
pemoline & haloperidol vs pimozide vs diazepam & pretreatment with parachlorophenylalanine vs parachloroamphetamine, stereotyped & self injurious behavior, male rats, 659
pentobarbital anesthesia & footshock & shock avoidance conditioning, acetylcholinesterase & protein synthesis in brain, female rats, 12149
peptidase inhibitors, reduction of morphine withdrawal effects, male rats, 5264
performance & retention of avoidance tasks, Brattleboro diabetic & antidiuretic hormone deficient vs normal rats, 9818
periaqueductal gray dorsal vs ventral electrode placement & naloxone, role of opioids in electrical brain stimulation-produced analgesia, male rats, 5153
PET microcomputer control of operant schedules & VAX analysis of spatial dispersion & dispersal of animals, rats, 9284
pharmacological & biochemical characteristics of clocapramine, mice & rats, 2958
phencyclidine &/vs naloxone, thermoregulation, female rats, 10011
phencyclidine dosage levels, exploratory behavior & autoshaping, food-deprived rats, 601
phencyclidine doses, seizures kindled in amygdala, rats, 610
phenyldiguanide, stimulation of pulmonary vagal afferents & resultant cardiovascular & respiratory & motor coordination effects, male rats, implications for cardiovascular effects of opioids, 2986
phenylpiperazine derivative DU27716, attack & teeth-chattering & locomotion & switch-off behavior evoked by electric hypothalamic brain stimulation, male rats, 2985
photic & optic nerve electrical stimulation, dorsal hippocampus activity & relation to striate cortex response, rats with pons transections vs tectum vs cingulum lesions, 5112
physostigmine &/vs atropine &/vs picrotoxin, apomorphine-induced gnawing, male rats, 5266
physostigmine, ethanol-induced sleep latency, rats, 5240
picrotoxin, effect of diazepam on conditioned defensive burying, male rats, 10045
pimozide vs dextroamphetamine vs levamfetamine, ipsi- & contraversive circling induced by substantia nigra stimulation, male rats, 12347
placebos with vs without nociceptive stimulation, morphine analgesia, tolerant vs drug-naive rats, test of associative model of morphine tolerance, 10037
postconditioning lithium exposure, strength of conditioned taste aversion, male rats, 9780
posterodorsal septal lesions & go/no-go discrimination task performance, rats, 2895
postnatal cadmium, spontaneous locomotor activity & spatial discrimination task performance, male rat pups, 687
postnatal low-dose ethanol, open field activity levels & body weight & intracranial self stimulation & plasma corticosterone, rats, 5272
postweaning social isolation with vs without handling vs rearing with male peer, recovery of copulatory behavior following medial preoptic area lesions, male rats, 537
preclusion of foot odors, conditioned maze running responses, male rats, 9778
preconditioned stimulus & reinforcement, blocking of conditioning, male rats, 11951
preexposure to lithium vs morphine, attenuation of task aversion conditioned in preexposure environment, rats, 9717
preexposure to poisoned partner & dose of poison, attenuation of poisoned partner effect, rats, 9753
preference for predictable/uncontrollable vs unpredictable/controllable aversive stimulation, male rats, 9763
preference vs aversion to neohesperidin dihydrochalcone solutions, rats & baboon monkeys, 340
prenatal &/vs postnatal exposure to odor, elicitation of 1st nipple attachment, suckling rats, 538
prenatal androgen receptor blocker flutamide & postnatal testosterone & male castration, feminine sexual behavior, rats, 12153
prenatal glutethimide, orienting-motor behavior in 1st vs 2nd generation & running periods & urination frequency following maze training, rat offspring, 10018
prenatal lead, acquisition & extinction of learning, rat pups, 694
prenatal methyl mercury & postnatal dextroamphetamine, avoidance & DRL task performance, male rats, 606
prenatal methyl mercury, brain methyl mercury content & activity, neonatal rats, 607
prenatal testosterone propionate, maternal behavior, virgin female rats, 625
prenatal thyroid deficiency induced by propylthiouracil, suckling behavior, rat fetuses & pups, 12316
prenatal vs postnatal chlordiazepoxide, swimming & open field activity & cliff & active avoidance, rats, 585
prenatal 1-methadone hydrobromide, postnatal 1-methadone hydrobromide levels in brain & liver from birth to 30 days of age, rats, implications for persistent opiate withdrawal symptoms in rats & human neonates, 649
preoperative gentling, mouse killing & reactivity induced by lesions of lateral septum vs medial accumbens vs medial hypothalamus, male rats, 563
presence of odor vs taste in environment, toxicosis-based conditioning to environmental cues, male rats, 12003
presentation of sucrose following daily availability of saccharin, saccharin intake, rats, 11976
pretest epinephrine administration, retrograde amnesia for conditioned fear, male rats, 12258
pretest presentation of clicking CS vs discontinuous tone, influence on avoidance behavior during vs following conditioning, female rats, 9755
pretreatment with fluphenazine & intranigral administration of GABA-mimetics, circling behavior & interaction with flurazepam, female rats, 602
pretreatment with GABA antagonists, ECS-induced enhanced responses to apomorphine & quipazine, rats, 12285
previous food deprivation & quinine adulterated water, food intake & body weight, male rats, 9949
preweanling chronic morphine vs naloxone, development of brain opiate receptor system vs monoamine levels & turnover & morphine tolerance, rats, 588
preweanling stimulation, blood pressure, genetically hypertensive Okamoto vs Wistar Kyoto adult male rats, 433
prior discrimination training with hedonic cues, blocking of discriminative control by brightness cues in start vs run vs goal sections of apparatus, male rats, 9715
prior exploratory experience &/vs partial vs complete feeding, ease of learning stay vs shift problem, rats, 9732
prior exposure to inescapable vs escapable shock, movement during shock delivery, male rats, 11969
prior inescapable shock, schedule-induced polydipsia, plasma corticosterone levels, female rats, 12139
prior inhibitory training to CS, subsequent excitatory conditioning to same CS in suppression conditioning, male rats, 11992
prior treatment with 1-Hz stimulation, kindling behavior, male rats, 9957
probenecid vs sulfinpyrazone, potentiation of pentobarbital- & halothane-induced hypnosis, female rats, 676
procaine vs muscimol microinjections into superior colliculus vs reticular formation, open field locomotor & exploratory behavior, male rats, methodological implications for electrolytic & AC lesions, 528
projections of ACTH-immunoreactive opiocortin fibers to supraoptic & paraventricular nuclei, water balance regulation, male rats, 466
prolonged low-frequency electrical stimulation of sciatic nerve, splanchnic nerve activity & long-lasting cardiovascular depression, normotensive vs spontaneously hypertensive rats, acupuncture implications, 562
propranolol & atropine & elaboration of alimentary instrumental reflexes & nonavoidable pain, heart rate control, rats with weak vs pronounced innate passive defensive reaction, 5246
protein synthesis suppression induced by neonatal asphyxia, rats born from females maintained on low-protein diet, 9934

psychological methodology, matching of stimulus duration, male rats, 2370
psychostimulants & neurotropic agents & analeptics & alpha-adrenoblockers & gutimine & its analogs, formation of avoidance conditioned reflex, rats, 10047
purines, suppression of spontaneous muscimol- vs insulin- vs deprivation- vs diazepam-induced eating, male rats, 648
quipazine & methysergide vs haloperidol, apomorphine discrimination, male rats, 12328
radial arm maze involving differing reinforcement amounts within each arm, serial pattern learning, female rats, implications for alphabet learning possibility, 4974
raphe stimulation vs 5-hydroxytryptamine, duration of excitatory & inhibitory responses in fronto-parietal cortex & tremor, Wistar vs Sprague-Dawley rats, 9933
rearing on lemon-scented vs unscented bedding from birth to weaning, preference for nesting in lemon-scented environments, male vs female rats, 2680
recovery from impaired visual function, morphological characteristics & glutamate dehydrogenase activity in motor cortex, rats visually deprived at birth, 12140
recovery from sensorimotor cortex lesions, tactile discrimination learning, male rats, 2900
rectal temperature & body weight regulation & hoarding, hereditarily obese Zucker rats, 12034
reduction in magnitude of shock, inhibition of shuttlebox-avoidance behavior, male rats, 11961
regional brain distribution & biosynthesis of dynorphin, male rats, 7447
reinforcement & response specificity, transfer from appetitive Pavlovian conditioning to appetitive instrumental responding, rats, 11954
reinforcement of correct double alternation sequence, operant conditioning, male rats, 9775
reinforcement schedule vs reward magnitude, pattern running performance, rats, 348
reinforcement variations associated with serial trial position, response patterns, male rats, 9729
reinforcement withdrawal & dextroamphetamine, rate of intracranial electrical self stimulation following unilateral precollicular transection & telencephalon ablation, male rats, 5166
reinstatement of retrieval cues & intertrial interval, resistance to extinction of CRs, rats, 9735
removal of eyes, degeneration & maturation of superior colliculus, newborn rats, 2902
removal of visual cortex & training with classical vs fading procedures, pattern discrimination learning, male rats, 9974
repeated haloperidol, conditioned avoidance response & serum haloperidol concentrations, male rats, 2944
restricted daily feeding, dietary protein & carbohydrate self selection, weanling vs adult rats, 7495
restriction of water intake, prevention of adipsia following lateral hypothalamic lesions, male rats, 2881
retroactive interference, spatial memory, normal vs hippocampal lesioned male rats, 7520
retrochiasmatic frontolateral lesions, lordosis & estrogen & progestin receptor binding in hypothalamus & preoptic area & pituitary, female rats primed with estrogen & progesterone, 12227
reversal shift learning on position discrimination problem under appetitive motivation condition, retention curve for original learning, male rats, 9764
reward magnitude & deprivation level, resistance to extinction, male rats, 9719
role of amphetamine accumulation & sympathetic activation & norepinephrine depletion, stereotypy produced by repeated amphetamine administration, male rats, 12295
role of gustatory neocortex in taste-related cognitive processes, rats, literature review, 9704
rule encoding vs memory, serial anticipation learning, male rats, 11957
running activity & restricted feeding, brain 3-methoxy-4-hydroxyphenylethyleneglycol levels & activity & gastric ulcers, male rats, 12187
RX 336-M doses, shaking & grooming, male rats, 615
saccharin in nonnutritive satiation, flavor preference, female rats, 11966
saccharin vs sucrose solution & high vs low food deprivation, taste preferences, rats, 11959
sc nociceptive & intracerebral emotionally positive vs negative reinforcement effectiveness, visual evoked potential control, rats, 9746
sc vs globus pallidus opiate drug injections, head turning induced by striatal electrical stimulation, rats, 12351
scopolamine, memory & place & cue learning, rats, 12318
scopolamine, spatial working memory, male rats, 616
second order vs yoked VR schedules, response rate, male rats, 7305
section of trigeminal orosensory vs oromotor nerves, food intake vs electrical self stimulation of lateral hypothalamus, male rats, 2871
self administered morphine, dietary selection of proteins & fats & carbohydrates, male rats, 12308
sensitivity of hypophyseal-adrenocortical system to stress factors, Krushinsky/Molodkina vs Wistar rats, 431
septal lesions, discrimination of short vs long FR schedules, rats, 12218
septal lesions, effect of external cues on avoidance conditioning, male rats, 12231
septal lesions, ethanol consumption, female rats, 9970
septal lesions, plasma & adrenal epinephrine & norepinephrine & corticosterone levels during single vs repeated immobilization stress, male rats, 2899
serial positive patterning training, CRs to elements of pattern, male rats, 9761
series of fixed-time & extinction schedules & restriction in behavioral field, food-cup response & adjunctive drinking, food-deprived rats, 9782
serotonergic mechanisms, reduction of amphetamine induced hyperactivity, neonatal rats with dopamine depleted brains, 2945
serotonin application to parafascicularis, reduction of noxious stimuli-induced neuron firing, male rats, implications for dorsal raphe ascending pain modulation pathway, 438
serotonin depletion by parachlorophenylalanine, insomnia & its reversal by 5-hydroxytryptophan, hippocampectomized male rats, 642
serotonin receptor distribution correlation with 5-hydroxytryptamine levels & corticosteroid & estrogen receptors in brain regions, female rats, 444
sex differences & neonatal testosterone, dorsolateral motor nucleus of lumbar spinal cord, rats, 12065
sex differences in response to alphaxalone, rats, implications for effect of estrogen, 2936
shift from high to low percent sucrose solution, negative contrast & role of increased aggression vs frustration in operant barpressing, male rats, 7313
shock duration & continuous reinforcement & DRO escape schedules, escape rates, male rats, 9748
shock intensity & warning stimulus vs preshaping of barpress response, free-operant avoidance, rats, 9779
shock intensity, acquisition of active avoidance, male spontaneously hypertensive rats, 11982
shock predictability & naloxone, preference for signaled vs unsignaled tail shock, rats, 5167
signal duration, choosing signaled vs unsignaled response independent reinforcers, rats, 9762
signaled shift in sucrose reinforcement amount, negative behavioral contrast, male rats, 9766
signaled shift in water reinforcement amount, behavioral contrast, male rats, 9767
simple & inexpensive technique for sampling cerebrospinal fluid from cisterna magna, unanesthetized rats, 11592
single acute stress vs repeated stress with vs without positive motivation & learning, emotional response measured by corticosterone level, rats, 12030
single vs compound CS paired with reduction in shock intensity, inhibitory CS conditioning in suppression, male rats, 11960
single vs multistage hypothalamic injections of 6-hydroxydopamine, consummatory & motor behavior & forebrain catecholamine depletion, male rats, 7578
single-alternation pattern running, amygdalectomized male rats, 9972
site of brain lesions, brightness & spatial discrimination & reversal learning, rats, implications for components of "general learning system", 9983
sleep deprivation, brain neurotransmitters & related enzymes, male rats, 5188
sleep deprivation, cerebral serotonin binding & metabolism, rats, 9950
sleep deprivation induced by "flower pot" vs handling procedures, stomach erosions, male rats, 12170
slice temperature, firing of warm- vs cold-sensitive neurons in medulla oblongata, male rats, 12159
social deprivation & age & visual reinforcement & housing conditions, operant learning, male albino adult rats, 7310
social development in family groups, rats, 9792

social isolation during preweanling period, sensorimotor development & homing behavior & open field activity, rats, 9928
social rearing environment & 6-hydroxydopamine brain lesions, development of behavioral arousal & learning impairment, rat pups, 569
social stress, eating & drinking & sleeping patterns & aggression, socially isolated vs gregarious rats, 2724
sodium n-dipropylacetate vs gamma-vinyl-GABA vs bicuculline vs picrotoxin vs muscimol vs baclofen, fighting & motor impairment, male rats, 12323
somatostatin, feeding induced by stress vs insulin vs icv norepinephrine vs musicimol vs dynorphin, vagotomized vs sham-operated male rats, 533
spinal cord lesions & transections, identification of descending & intraspinal pathways mediating footshock induced analgesia, male rats, 5216
spinal naloxone before & after shock, front-paw vs hind-paw footshock-induced analgesia, male rats, 551
spinal transection as adults vs neonates, tailpinch induced hindlimb stepping movements, rats, 578
spinal transection, 5-hydroxytryptamine-mediated inhibition of spinal nociception & tail flick latency, male rats, 5147
spontaneous circadian rhythm of motor activity & rate of acquisition of motor defensive CR, rats, 11985
strain & degree of maturity, latency of response to repeated nociceptive tests, spontaneously hypertensive vs normotensive Wistar-Kyoto & Charles rats, 429
strain & sex & testosterone propionate, winning & losing in agonistic behavior, WEzob & S3 & Wistar rats, 5277
stress & anterior vs neurointermediate pituitary lobe ablation, plasma & brain levels of beta-endorphin & met-enkephalin, male rats, 580
stress, adenyl nucleotides & creatine phosphate in brain, rats, 449
stress induced by ip hypertonic saline, plasma corticosterone levels, rats with hypothalamus lesions, 7529
stress, muscimol & diazepam & GABAergic reduction of gastric mucosal erosions & reversal by picrotoxin & thiosemicarbazide, rats, 5219
structured auditory tunes, generalization of operant discrimination, monkeys & rats, 11964
subfornical organ lesions, behavioral & physiological control of water balance, rats, 5212
subsequent activation of receptors provoked by tetanic muscular contraction in electro-acupuncture analgesia, female rats, 9959
substance isolated from feces, reduction in eating & drinking behavior, rats & mice, 12041
subtoxic doses of triamcinolone acetonide during prenatal & neonatal & postnatal periods of brain development, maze exploration & spontaneous alternation, rats, 12283
sucrose availability during dark vs light periods vs entire day, feeding patterns & weight gain, male rats, 2719
sudden termination & resumption of prolonged mild vs severe stress, conditioned avoidance & blood pressure & heart rate & respiration & acetylcholine & epinephrine & norepinephrine levels, male rats, 2886
superior colliculus lesions, locomotor hyperactivity in familiar vs novel environment, male rats, 566
supine restraint & subsequent time for healing & cimetidine, stomach lesions, female rats, 12193
synthetic corticotropin-releasing factor & prior dexamethasone, pituitary secretion of melanocyte-stimulating hormone & plasma ACTH levels, rats, 673
systemic naloxone, ventrobasal thalamus neuronal activity, arthritic rats, 5238
tacrine derivatives, motor activity level, female rats, implications for antidotes against anticholinergic poisoning drug, 637
tail pinch & naloxone, pain thresholds & consummatory behavior, male rats, 534
tailpinch with vs without nucleus accumbens damage, acoustic startle response amplitude & footshock threshold & airpuff-elicited startle response, male rats, 9944
taste & odor CS interactions with shock vs lithium chloride as UCS, male rats, 2701
taste & smell &/vs postingestinal stimuli, forming of flavor-toxicosis associations & food aversions, male rats, 11986
temporal discrimination learning, cross modality transfer of classification rules, male rats, 4976
test of R. E. Lubow et al's theory & novelty & familiarity of stimulus & environment, taste aversion learning, male rats, 11984
testosterone propionate & castration, sexual & intermale biting behavior, 10 mo old male rats, 9927
testosterone propionate & estradiol benzoate, aggression & sexual behavior, gonadectomized male & female rats, 5223
testosterone propionate, food intake & body weight, castrated weanling male rats, 663
tetracycline, schedule-induced polydipsia, female rats, 10041
tetrahydropapaveroline, ethanol consumption, rats, 5270
thermal reinforcement, head raising behavior, 1–8 day old rats, 11979
thiamine deficiency, ataxia & pilo-erection & paresis & sleep & serotonin & 5-hydrosyindoleacetic acid levels in raphe & locus coeruleus systems, male rats, 9999
thyrotropin releasing hormone, acquisition & extinction of shuttlebox-avoidance behavior, male rats, 693
time between lithium & pentobarbital injection & dosage, aversion of failure, male rats, 2968
time interval between CS & ECS & lithium chloride UCS, conditioned taste aversion, male rats, 12211
time interval in FI vs FR vs fixed-time positive reinforcement schedules, adjunctive defecation, rats, 2699
tofisopam vs diazepam, flunitrazepam binding to benzodiazepine receptors, rats, 10033
topographic relation between facial nucleus cell groups & individual muscles, rats, 5115
topographical organization of spinally projecting superior colliculus neurons, rats & cats, 5091
traditional vs psychophysical procedures & use of moveable electrodes, mapping of mesencephalic sites for self stimulation, male rats, 11602
train duration of brain stimulation reward, food intake, male rats, 9955
transection of efferent pathways to sulcal cortex, intracranial self stimulation of medial prefrontal cortex, male rats, 12015
transfer of visual pattern discrimination, light- vs dark-reared rats, 9771
tripelennamine vs haloperidol vs oxazepam, stress-induced activity & neuroendocrine deficits, male rats, test of specificity of animal model of depression & implications for drug therapy, 632
tubocurarine, unit activity of striatum measured by autocorrelation histogram, male rats, 620
type & amount of liquid reinforcement, odor-based double-alternation patterning & contrast effects, male rats, 345
UCS delay in passive avoidance task, female rats, support for marking hypothesis, 7311
undernourishment induced by maternal underfeeding & water deprivation, visual discrimination & transfer of learning & long term memory, male rats, 12143
unilateral anteromedial cortex lesions, approach to contralateral visual cues, male rats, 2894
unilateral cerebellar hemispherectomy at 5 vs 10 vs 30 days of age, locomotor development, rats, 9973
unilateral cortical spreading depression, conditioned differentiation of geometric figures in simultaneous complexes vs chain stimuli presented synchronously vs asynchronously, rats, 5149
unilateral eye enucleation, age-related changes in distribution of visual callosal neurons, 4 vs 7 vs 10 vs 14 day old rats, 7501
unilateral 6-hydroxydopamine & kainate lesions of striatum contralateral vs ipsilateral to preferred forepaw or arm of maze, lever & forepaw preference & rate of leverpressing & rotational behavior, male rats, 9986
unsignaled avoidance training & Pavlovian fear conditioning with tone vs tone/light CS, shuttlebox avoidance responding, male rats, 7316
upper gastrointestinal preloading & vagotomy &/vs spinal cordotomy, milk intake & nipple attachment, 1 vs 10 vs 20 day old suckling rats, 535
urine from intact vs orchidectomized male with vs without testosterone propionate injections, lordosis behavior, orchidectomized male rats primed with estradiol benzoate & progesterone, 12177
validity of defecation & ambulation & rearing observations, open field behavior measurement, male rats, 2717
validity of open field test measures in dim vs bright light, male rats, 356
valproic acid, brain serotonin metabolism, isolated vs grouped male rats, 2955
valproic acid plasma levels, induced seizures & kindled epilepsy & neurotoxicity, rats, 700
varied tone preexposure & posttraining self stimulation, retention of tone-induced suppression of drinking, male rats, 9716
vasopressin, appetitive discrimination learning & retention & learning reversals, rats, 2976

vasopressin vs oxytocin, brain catecholamine & serotonin metabolism & avoidance learning, rats heterozygous vs homozygous for diabetes insipidus, 695
ventral noradrenergic bundle lesions & naloxone, hypothalamic noradrenaline levels & nociceptive thresholds & stress- vs morphine-induced antinociception, male rats, 12228
ventromedial hypothalamus & dorsomedial thalamus lesions in early life & group vs individual housing, mouse killing behavior, male rats, 5156
ventromedial hypothalamus electrical stimulation & medial perifornical cuts, inhibition of feeding, male rats, 12135
vibrissal pad lidocaine injection vs infraorbital nerve section, nipple attachment & olfactory-guided orientation task performance & tactile sensation & vibrissal movement, rat pups, 7492
viloxazine hydrochloride, seizure thresholds of experimental epilepsy, mice & rats & baboons, 655
visual decortication, recovery of visual behavior, male rats, support for compensation theory of behavioral deficit, 9976
visual stimulus & sucrose solution & tone reinforced food, conditioned discrimination, rats, 11981
vitamin D-deficient diet, dopamine & norepinephrine & dihydroxyphenylacetic acid concentrations in brain stem & cerebellum & cerebral cortex & hypothalamus & striatum & plasma calcium, male rats, 523
water deprivation & tone-footshock pairings & test context, lick suppression & context-UCS association, rats, 11952
winning vs losing aggressive interaction, subsequent aggressiveness & spatial orientation & body weight, CPB-WE vs Tyron Maze-Dull vs Wistar rats, 2739
withdrawal from chronic dextroamphetamine, persistence of cerebellar Purkinje decreased cell discharge, rats, 10040
withdrawal from nonreinforcement in partial reinforcement runway situation, inhibition of performance, rats, 7301
Y chromosome, agonistic behavior, Rb/1Bg male rats, 9825
zinc distribution in right vs left hippocampus vs striatum vs cortex, spatial behavior, male rats, 490
zona incerta lesions & dietary additions of quinine hydrochloride vs sucrose vs water, food & water intake, male rats, 2898
1- vs 2-quadrant neocortical injuries, retention of discrimination training, male rats, 9967
24-hr vs 1-hr light-dark cycles & lesions of primary vs accessory optic system vs retinohypothalamic tract/suprachiasmatic nucleus, sleep, rats, 12180
3-O-methyldopa, levodopa-induced rotation following unilateral nigrostriatal pathway destruction, male rats, 5176
6-hydroxydopamine followed by dextro- vs levoamphetamine, dopamine & norepinephrine levels in brain & activity level at 15 & 20 & 25 days, rats, implications for hyperkinesis research, 2931
6-hydroxydopamine- vs kainic acid-produced neostriatal lesions, spontaneous & amphetamine-induced rotation, rats, 12147

Raven Coloured Progressive Matrices
Raven Coloured Progressive Matrices, diagnosis of perceptual dysfunctions, 9387

Raven Progressive Matrices
automated vs manual tailored testing using Raven Progressive Matrices & Mill Hill Vocabulary Scale, validity & reliability, 18–68 yr olds vs aged vs head injury patients, 4801
conventional vs automated administration of Raven Standard Progressive Matrices, 18–52 yr olds, 4721
Etran-N vs normal response mode, assessment of intellectual ability with Raven Progressive Matrices, physically disabled vs normal 10–13 yr olds, 100
socioeconomic status, digit span test & Raven Standard Progressive Matrices & paired associate task as measures of level I & level II mental abilities, 10–11 yr olds, 7117

Reactance [See Psychological Reactance]
Reaction (Drugs) [See Side Effects (Drug)]
Reaction Formation
undissociable mother-son dyad in case of J. Renard, 10471

Reaction Time
acoustic stimuli varying in rise-decay time & intensity & frequency, RT, normal hearing 22–30 yr olds, 4890
age differences, RT & pushbutton force in choice task, 20–29 vs 66–79 yr olds, 2546
age, effects of practice & performance-contingent vs noncontingent visual feedback & performance on previous trial, simple RT, 4 vs 10 vs 20 yr olds, 803
analysis of choice vs simple RT tasks, college students, 4843
arguments against models of matching-task phenomena based on "same" vs "different" RTs, criticism of R. Ratcliff & M. J. Hacker's arguments, 11757
auditory & visual RT tasks, activity of phasic- & tonic- & mixed-type neurons in dorsolateral prefrontal cortex, macaque monkeys, 9851
ceruletide, food intake & hunger & activation & RT & psychomotor performance, nonobese Ss, 7571
cognitive skills including mathematics achievement & visual search RT, prediction of success in small-engines course, mentally retarded students of high school age, 11382
cold, serial choice RT & Stroop Color Word Test & verbal reasoning performance, 17–31 yr old males, 5157
completeness of prior information about direction & extent of foot movement, RT, right footed Ss, 9503
concurrent left hemisphere task, interference with RT to visual stimulus presented in right vs left visual field, normal Ss, 12091
congruence of occupational title primes & bisected facelike stimuli, RT for deciding if halves were from same face, college students, 12685
consonant frequency, RT in letter recognition task, human Ss, 11883
contingent vs noncontingent aversive stimulation presented with high vs low frequency, cardiovascular & catecholamine & behavioral responses, Type A vs Type B 29–53 yr old males, 2846
digit uncertainty & response duration & nonconfounding precueing, choice RT, right handed college students, implications for generalized motor programs & feature construction hypothesis, 256
digital timer for storage & analysis & output of visual RT data, 9294
distraction of nonoperative lights & keys on stimulus display, information processing deficits in stimulus identification & response selection, mildly mentally retarded 17–19 yr olds, 5878
double stimulation & handedness, RT, college students, 2780
duration & quality of day vs night sleep & point in shift cycle, simple & choice RT, 30–60 yr old male workers on rotating shifts, 13784
duration of continuous driving, RT in simulated emergency, 18–31 yr olds, 13816
effective figural complexity, speed of mental rotation, college students, 11893
ethanol, visual short-term memory task performance & evoked potentials in cortical & reticular structures & visuomotor RT & ocular motility, male monkeys, 2938
facial expressions of emotion, RT for recognition, college students, 322
hand temperature, RT for hand-operated braking performance, 18–24 yr old motorcyclists, 2539
hemispheric lateralization, choice RTs to visual unstructured stimuli, right handed college students, 9835
high vs low probability anticipated vs unanticipated movements, choice vs simple RT in "dit-dah" motor control task, right handed college students, experimental replication, 248
identical vs equivalent vs different stimulus-response trials, RT repetition effect, 8 & 10 & 12 & 14 yr olds & young adults, 7667
increase in sodium chloride solution concentration & stimulated tongue area, RT & perceived intensity, college students, 2548
individual differences in RTs to secondary probe task, prediction of performance on difficult memory task, college students & 18–60 yr olds, 9651
inspection time in simple discrimination as culturally & racially fair measure of intelligence, 2466
irrelevant auditory directional cues & experimental design, processing facilitation vs interference in visual choice RT task, female college students, 11889
lateralized visual stimuli, RT, female acallosal 20 yr old, 13055
length of interval & intervening task between stimulus prediction & presentation & correctness of prediction, RT, college students, 9639
line drawings of left vs right hand & hand form & angular departure & S's head tilt, RTs for hand identification, right handed college students, 11761
machine code subroutine in BASIC program, measurement of RT in milliseconds on PET microcomputer, 2385
meprobamate & expected increase in latency, redundancy deficit, Ss with mean age of 30.4 yrs, implications for diagnosis of schizophrenia, 7545
methodological framework for study of cognitive processes that monitor & regulate response speed & accuracy, mentally retarded, 37
millisecond timing procedure for PET microcomputer, critique of article by R. J. Stevenson et al, 2395
models based on "same" vs "different" RTs, reply to criticism by R. W. Proctor & K. V. Rao, 11758

monaural ear advantages for simple vs choice RT, 18–43 yr old right handed males, 9844
monaural verbal vs tone stimulation, RT using right vs left hand, right handed 18–29 yr olds, 12089
nitrogen-oxygen saturation & air excursion in simulated diving in depths of 20–36.5 & 50–70 meters, simple & choice RTs, adult males, 2868
number of places in stimulus number & standard, RT & accuracy in multidigit number comparison task, college students, 9599
offset of weak pure tones masked by wide band noise, distributions of RTs for change & level detection, adult Ss, 11837
passive elbow movements, EMG RTs of wrist flexors, 30–46 yr old males, 7172
physical stimulus dimensions of length vs system vs name vs cognitive dimensions of magnitude vs oddness vs curvilinearity, speed of same-different processing, college & graduate students & staff, 11872
physiological arousal & stimulus ambiguity, RT, humans, 12129
prazepam, anxious & anxious-depressive symptoms & RT & sleep movements, ambulatory & hospitalized patients, 8457
predictions vs cues, choice RT, female right handed college students, 11862
preparation for subsequent choice RT task, simple RT, college students, 11879
presence/absence of categories & categorization practice, symbolic distance effect for comparative judgment RTs, college students, 9606
presentation of colors vs their names, manual vs voice RT, adults, 4851
presentation of visual stimuli to same visual field & use of right vs left hand for responding, RT indicating stimulus-response compatibility effect, 18–25 yr old females, 4870
presentation of 2 successive tones to same vs both ears & task difficulty, RT for same/different judgments, implications for attentional switching between ears, 4886
proximal & distal size & distance, RTs for comparative judgments of distal sizes of squares in pictorial array, college students, 11816
psychophysiological & nonverbal correlates & RT, word associations, college students, 2857
psychotropic & narcotic drugs & alcohol, RT & tracking performance, humans, literature review, 7570
quality of stimulus presented to right vs left visual field/left vs right hemisphere, RT, right handed college students, 9867
response category & number of letters & stimulus onset asynchrony, RT during flash masking for same-different letter judgments, human Ss, 11820
retinal eccentricity & cognitive load, RT in "same"/"different" discrimination of letter pairs presented tachistoscopically, college students, 2588
role of linear-logistic & log-linear models in statistical analysis, response & survival & failure times & latencies in speed of recall of memories, 7135
RT crossover in embedded set paradigm, anhedonic vs perceptual aberration schizotypic male college students, perceptions for psychosis proneness, 5788
RTs for discrimination among pairs of physically present circles vs symbols associated with circles, college students & 16–31 yr olds, 9490
selective attention to stimuli variously located in visual field, RT & EOG & visual evoked potentials, 24–40 yr old experienced O's, 12059
serial position & array size & processing order, recognition time for letters & symbol stimuli, college students, 7162
set size of memorized items, RT for identification of probe as member of set, college students, implications for serial scanning model of item recognition, 4927
simple & choice RT tasks with single vs simultaneous auditory & visual stimuli, event-related potentials, 20–49 yr olds, 2765
sleep loss & signal degradation & intensity & auditory vs visual presentation & S-R compatibility, RT, college students, 5181
spatial compatibility between command signal & right vs left hand response requirement, RT, right handed males, test of attentional bias vs spatial coding hypotheses, 7176
stimulus degradation & repetition, visual word recognition RT, college students, test of lexical decision models of J. Morton vs C. A. Becker, 2597
stimulus distance from fovea & interstimulus interval, RT, 18–20 yr old males, 4856
stimulus intensity & task complexity, sensorimotor RT, 18–28 yr old monozygotic & dizygotic twins, 7177
stimulus orientation & spatial location, RT in same-different judgments, female college students, 9498
stimulus probability, choice RT & P300 latency as index of subjectivity probability, 19–26 yr olds, 2770
task sequencing & holistic vs analytic processing of face vs bug stimuli presented to left vs right visual field, RT, college students, 9839
test anxiety, speed & accuracy on letter classification task, college students, 11262
test of assumptions of exponential adaptive choice RT models, 7230
typicality of stimulus emotion, RT to verify stimulus as emotion, college students, 9590
validity of various measures based on corroboration time vs overt confidence judgments, self report assessment of learning, students, 4682
visual similarity of pseudohomophones to real words, lexical decision nonword rejection RT, college students & aphasic adults, 13050
visually presented letters, comparability of RT vs accuracy measures of letter recognition, college students, 2622
visuomotor tasks, RT & spatiotemporal organization of movements, Ss with mean age of 8.9 yrs with minor neurological dysfunction, 13076

Reactions to Crisis [See Stress Reactions]

Reactive Depression
age & severity of depression, response to ECT, reactively vs endogenously depressed males & females with mean ages of 50.2 & 47.9 yrs, 10810
amineptine, tolerance & effectiveness, 30–81 yr old reactive & endogenous & psychotic depressed patients, 1604
depressive reaction to menopause, females, literature review, 2851
nomifensine & amitriptyline therapy, endogenous & reactive depression, 64–89 yr olds, 4074
nomifensine vs nortriptyline, treatment of endogenous vs reactive vs endogenous/reactive depression, 18–60 yr old patients, 10943
severity of depression, breathing rate & carbon dioxide responses, 20–74 yr old reactive vs endogenous depressives, 3561

Reactive Psychosis
patient history & characteristics, reactive psychotics, 10–14 yr followup, 10553
reactive psychoses, literature review, 5790
1st hospitalization between 1938 & 1962, long term course of hysteric reactive psychoses patients, followup studies, 4206

Reactive Schizophrenia [See Reactive Psychosis, Schizophrenia]

Readability
color format of videotex table, location of target entries, college students, 2559
improvement of electronic typesetting, implications for reading speed & comprehension, 6954
modified vs traditional font, letter discrimination, mildly mentally retarded vs normal 6–11 yr olds vs adults, 4457
readability & human interest of introductory texts in mental retardation, 6648
readability of marital assessment measures, critique of study by G. E. Dentch using method of F. W. Forbes & W. C. Cottle, 151
readable writing revisions, text comprehension, male 17–20 yr old US Navy recruits, 2634
text simplification, readability, 12th graders, 1953
validity of Rauding Scale of Prose Difficulty vs Singer Eyeball Estimate of Readability, estimation of difficulty of prose material, qualified raters, 2088

Readaptation [See Adaptation]

Readiness (Reading) [See Reading Readiness]

Readiness (School) [See School Readiness]

Reading [See Also Braille, Oral Reading, Remedial Reading, Silent Reading]
attitude toward reading & reading achievement, 1st graders, 8919
attribution of ability vs effort on reading task, 2nd & 3rd graders vs college students, 7709
automated laboratory, online electrooculographic analysis of eye movements during reading, 9277
availability of fixed number of letters vs words vs parts of words right of fixation, reading performance, college community Ss, 11817
bottom-up vs top-down theory, reading process, 1994
continuous text reading on TV screen vs book, speed & comprehension & adverse physiological effects, 18–40 yr olds, 6892
differences in use of new & old information in reading anomalous stories, 4th graders, 10173
external & internal factors governing reading comprehension & review of LaBerge reading model, 294
factor structure of reading attitudes, 5th–6th graders, 3066

handedness & hemifield of presentation, mirror-reading & ability to reverse scanning pattern, college students, 264
luminous contrast & visual field, recognition of single vs embedded letters & 3-letter words, trained Os, implications for reading process, 265
methods & results of eye movement studies on reading & information processing & application to educational research, literature review, 2864
multidisciplinary approach, social contexts & reading, literature review, 9582
natural vs laboratory reading of newspaper article, recall & recognition performance, college students, experimental implications, 7248
neurophysiological & linguistic & information processing approach & knowledge retrieval, etiology of deep & surface dyslexia, 5873
oral vs written presentation of text & use of mental imagery, prose learning, 4th vs 6th graders, 13618
prior peripheral exposure of words, reading, college students, 9550
prosodic & paralinguistic features of speech, distinction between stories read vs told by preschool teachers, college students, 4888
questions, attention to relevant vs nonrelevant text information, college students, 2647
reading in early childhood, annotated bibliography, 3166
regression analyses, eye fixation duration during reading, adults, test of M. A. Just & P. A. Carpenter's theory, 9602
semantic memory & reading, implications for bottom-up/top-down & automaticity & developmental change issues, literature review, 10184
sequential response tendencies & modes of reading Chinese characters, college students, Taiwan, 4899
simultaneous vs successive obtrusive vs unobtrusive methods for measuring mental processes in reading, literature review, 11864
socioeconomic status & sex & age differences, expectations for success in reading & arithmetic & conduct, 1st–3rd graders, 13647
spelling-to-sound regularity, lexical access time, college students, implications for phonological vs direct access in reading, 9612
teacher literature activities & library corner design, book related activity during free play periods, preschool students through 2nd graders, 8865
textual cues, lexical decisions in word processing, adults, 283
TV viewing, quality of leisure reading, 4th & 5th & 6th graders, 5327
utilization of vs proficiency in metacognitive reading strategies, college students high vs low in reading comprehension, 11268
validity of Estes Reading Attitude Scale, Mexican American vs Anglo 4th–5th graders, 9005

Reading Ability

adjunct questions in prose reading passage & reading ability level, rote & conceptual learning, college freshmen, 6701
comprehension & immediate recall of personalized vs nonpersonalized basal stories, 4th grade poor vs average readers, 6630
developmental model of literacy skills, literacy tasks performed in workplace, employees, 11469
digraphs & pseudowords, phoneme tapping task performance, 5–6 yr olds, 10200
inference skills & reading development, school age children, 12415
language skills program, change in reading grade level & rate of learning to read, learning disabled high school students, 6768
metalingistic awareness & cognitive development, reading, S from 2.6 through 3.6 yrs of age, 5391
parafoveal noise, letter recognition, 1st vs 2nd grade good vs poor readers, 3116
phonetic reading ability, dyslexic 14–23.2 yr olds, 3740
reading & spelling abilities, 7–11 yr olds with developmental verbal dyspraxia vs 6–11 yr olds with cleft palates vs normal children, 6030
reading ability & articulation behavior, 1st graders, 5361
reading ability, college freshmen, 4397
reading ability, complete vs partial report of unrelated letter strings, adult readers, 4934
reading ability, encoding & contextual components of word recognition, 3rd & 6th graders, 10196
reading ability, speed & accuracy of word encoding & lexical access & semantic memory, 1st–6th graders, implications for source of reading disabilities, 10128
reading performance, learning disabled 5th graders & 1st–3rd graders vs low achievers, 8129
reliability & validity, curriculum based informal reading inventories, 1st–6th graders, 6808
short term memory & text-level comprehension processes, individual differences in reading fluency, poor readers, literature review, 5894
text familiarity & reading ability, comprehension & recall, 4th graders, 6708
text structure & reading ability, free recall, 4th graders, 7648

Reading Achievement

achievement test administration by standard written vs Manually Coded English videotaped vs American Sign Language form, reading test scores, deaf 18–24 yr olds, 2105
age & reading instruction, reading achievement, 5.2–7 yr olds, 7651
attitude toward reading & reading achievement, 1st graders, 8919
diagnostic & prescriptive decisions for 4th grader with reading difficulty, reading specialists vs learning disabilities teachers vs Title I vs classroom teachers, 6772
Holbrook Screening Battery, prediction of reading achievement 4 yrs later, 4.8 yr olds, implications for reduction of reading disability, 11383
IQ scores & achievement in reading & verbal language & auding after tutoring, 16–51 yr old male inmates, 13606
language development program, reading achievement & syntactic maturity, 9th grade remedial reading students, 8946
language skills program, change in reading grade level & rate of learning to read, learning disabled high school students, 6768
maternal reinforcement & punishment & contingency, reading & math achievement & field dependence, low income Anglo American mothers & their 7–9 yr olds, 3041
methylphenidate & diazepam, reading performance, 6–12 yr olds with severe reading retardation, 8446
parent instruction in & utilization of paired reading, reading accuracy & comprehension, students with mean age of 10.1 yrs & with acute or chronic reading difficulties, 11310
parent tutoring program, reading achievement, 3rd–5th graders, 13632
parents' listening to child's reading, improvement in reading, 7–11 yr olds with reading difficulties, 11317
performance on grade level vs out-of-level reading test, 4th & 5th grade remedial students, 13739
picture-cueing teaching method, reading performance, trainable mentally retarded 12–14 yr olds, 11380
reading & spelling & arithmetic achievement & ability measured by WISC-R & Basic Visual-Memory Association Test & Bender Gestalt, 2nd–9th graders, 4396
reading & spelling & arithmetic underachievement, epileptic 9–13 yr olds, 6032
reading achievement, verbal processing ability, 4th graders, 11258
reading performance, college freshmen, 1928 vs 1978, 4399
reading program at beginning vs end of summer, reading achievement regression, learning disabled 3rd–8th graders, 2024
sex & race differences, placement & teacher treatment & student reading achievement, learning disabled 6–12 yr old students, 11342
simultaneous processing intervention program, reading & spelling & arithmetic achievement & cognitive structure, 4th graders, 8856
Sustained Silent Reading program & grade level & sex, reading achievement & attitudes, 5th–7th graders, 1977
time spent in practice reading, reading achievement, 2nd–4th graders, implications for diagnosis of reading disabilities, 8965
validity of measures of reading attitudes & locus of control & field independence, prediction of reading & arithmetic achievement, inner city 5th graders, 8974
verbal achievement characteristics, 13–71 yr old beginning readers, implications for adult illiteracy remediation programs, 1989
visual-auditory matching of trigrams, 3rd grade reading & arithmetic achievement, 1st graders, 6704
volunteer literacy tutorial project, reading achievement & verbal language & listening comprehension & locus of control, illiterate adolescents & adults with mean age of 30 yrs, 4365

Reading Comprehension

ability to infer information during reading & use of connectives in remedial instruction program, silent reading comprehension, 2nd–9th graders, 2020
active vs passive voice sentences with different attentional foci for concept, reading & sentence recall & preference, college students, 11868
adjunct questions in prose reading passage & reading ability level, rote & conceptual learning, college freshmen, 6701
bottom-up vs top-down theory, reading process, 1994
classification of factors influencing reading comprehension as inside vs outside head, implications for reading disabilities, 8148
comprehension & immediate recall of personalized vs nonpersonalized basal stories, 4th grade poor vs average readers, 6630
comprehensive model of verbal information processing & comprehension, implications for reading education, 272

continuous text reading on TV screen vs book, speed & comprehension & adverse physiological effects, 18–40 yr olds, 6892
discourse force, memory & comprehension of fables & parables & folktales, college students, 9633
efficacy of training in comprehension of storybook tales, 5–6 yr olds, 8828
expository vs narrative text, linguistic & psychological aspects of text perception, 4th grade readers in transition stage, 6700
external & internal factors governing reading comprehension & review of LaBerge reading model, 294
extraversion vs coding complexity vs mode of presentation, recall of prose passage, 11 yr olds, 752
grade level, reading comprehension & deductive reasoning ability, 5th–8th graders, 5383
imaginal & verbal elaboration strategy training, free recall & serial recall & paired associate learning & reading comprehension, 9th graders, 6693
improvement of electronic typesetting, implications for reading speed & comprehension, 6954
instruction in multipass learning strategy, textbook reading comprehension, learning disabled 7th–12th graders, 2067
learning instructions vs adjunct postquestions, learning from text, college students, 11208
long term vocabulary instruction, lexical access & reading comprehension, 4th graders, 1932
memory performance concerning inferences in text comprehension, college students, test of memory models, 9638
metacognition & narrative structure & cognitive development, comprehension of coherence in narratives, children, 10207
method for teaching comprehension question-answering strategies, 8870
orienting stimuli while reading prose passage, reading comprehension, college students, 13597
parent instruction in & utilization of paired reading, reading accuracy & comprehension, students with mean age of 10.1 yrs & with acute or chronic reading difficulties, 11310
Polish vs English language & syntactic & semantic & factual story inconsistencies, reading comprehension, college students, 2607
principles for helping students develop self monitoring & reading comprehension skills, 1978
prior knowledge of subject & maplike organizer before vs after reading passage, recall & comprehension of prose passage, college students, 9630
prose difficulty & rate of presentation, reading & listening efficiency, college students, support for rauding theory, 4898
psychological description of neurological syndrome of reading letter-by-letter, 53–88 yr old patients, 13065
psychometric vs cognitive psychological methods, study of reading comprehension, 61
psychosemantic representation of text, text comprehension, 16–17 yr olds, 3078
random access of corresponding speech in computerized English proficiency course, text comprehension, high school students, Netherlands, 1935
rapid feedback & key word identification, reading comprehension, college students, 4902
readable writing revisions, text comprehension, male 17–20 yr old US Navy recruits, 2634
reading comprehension of passage studied with music vs silence followed by relaxation vs reading, college students who seldom vs frequently study with music, 8891
reliability & validity of Reading Comprehension Battery for Aphasia, 24–67 yr old aphasics, 2481
repetition & advance organizers, recall of science passage, female college students, 11227
rhetorical structure of essay, text comprehension, college students, 11264
selection of important story idea units & retrieval cues before vs after recall, learning disabled vs normal college students, 3746
self questioning training, metacomprehension skills, normally achieving 6th graders vs learning disabled 8th & 9th graders, 2078
semantic mapping vs sentence contexts as instruction methods, vocabulary & comprehension, junior high school students, 11224
short term memory & text-level comprehension processes, individual differences in reading fluency, poor readers, literature review, 5894
skimming vs normal reading speed, comprehension & memory of gist vs details, college students, 2615
spoken vs written sentence stimulus, lexical vs syntactical errors in comprehension, 32–71 yr olds with Broca's aphasia, 10715
teaching strategy & book organization, facilitation of comprehension before & during & after reading, 6639
text difficulty & memory strategy limitation, oral reading comprehension, 4th graders, 765
text familiarity & reading ability, comprehension & recall, 4th graders, 6708
text processing strategies & prior knowledge, reading comprehension & disabilities, children, literature review, 3734
text summarization efficiency, sentence recognition & verbalization, college students, 6705
theories & models of reading comprehension, literature review, 12441
tutorial hypothesis testing instruction vs oral reading practice vs word recognition training, comprehension skills, remedial reading elementary school students, 11365
utilization of vs proficiency in metacognitive reading strategies, college students high vs low in reading comprehension, 11268
vocabulary instruction procedure, word knowledge & passage & sentence comprehension, normal 4th vs learning disabled 4th–6th vs remedial 4th graders, 2062
whole word vs semantic unit method, assessment of Arabic reading comprehension, Arab 5th vs 6th vs 7th graders, Israel, 11398
written vs oral recall of text, 6th graders vs college students vs 63–79 yr olds, implications for life span approach to understanding discourse, 10145

Reading Disabilities [See Also Dyslexia]
acting out central theme of story, reading ability, reading disabled children, 2046
bivariate normal distribution, estimation of prevalence of reading disabilities, 9466
classification of factors influencing reading comprehension as inside vs outside head, implications for reading disabilities, 8148
contrast sensitivity functions measured across spatial frequencies, normal vs reading disabled Ss with mean age of 12.5 yrs, 5881
diagnosis & remediation of specific reading disability or dyslexia, literature review, 8922
diagnosis of simulated cases of reading & learning disabilities & suggested remediation plans, specialists vs classroom teachers, 13740
diagnostic & prescriptive decisions for 4th grader with reading difficulty, reading specialists vs learning disabilities teachers vs Title I vs classroom teachers, 6772
differentiation between whole-word vs recoding poor readers, 3rd graders, 10668
etiological factors in reading problems, categorization of word recognition skills & diagnosis of children as learning disabled vs dyslexic, reading specialists, 2064
etiology, reading disabilities, children, literature review, 12976
hemispheric lateralization concept, perceptual & linguistic reading retardation, 10664
Holbrook Screening Battery, prediction of reading achievement 4 yrs later, 4.8 yr olds, implications for reduction of reading disability, 11383
importance of assessing strategies, diagnosis of reading skills & disabilities, 8983
methylphenidate & diazepam, reading performance, 6–12 yr olds with severe reading retardation, 8446
multifaceted direct assessment, diagnosis & planning of remediation for reading & related learning disabilities, 2033
orthography of Asian vs Western languages, incidence of reading disabilities, 5th graders, US vs Taiwan vs Japan, 3744
parent instruction in & utilization of paired reading, reading accuracy & comprehension, students with mean age of 10.1 yrs & with acute or chronic reading difficulties, 11310
parents' listening to child's reading, improvement in reading, 7–11 yr olds with reading difficulties, 11317
perceptual motor abilities, reading impaired 7.5–9 yr olds with vs without oral language deficits, 3745
phonetic coding in short-term memory, poor readers, reply to criticisms by J. W. Hall et al, 10674
photographs of occupational activities, elicitation of vocationally relevant responses, reading disabled 14–20 yr old special education high school students, 13692
principles of diagnosis of reading disabilities, 8954
problem solving performance, hyperactive 7–12 yr old males, 3857
problems with controlling for IQ differences with ANCOVA & empirical example, reading disabled Ss with mean age of 112.5 mo, 223
reading ability, speed & accuracy of word encoding & lexical access & semantic memory, 1st–6th graders, implications for source of reading disabilities, 10128

reading disabilities, language disordered 1st graders, 3750
role as knowledge-linker in solving children's reading problems, assessment & behavioral intervention & parent & teacher consultations, school psychologists, 1928
self concept & values & independence & other affective factors, reading disability, children, 10652
short term memory & text-level comprehension processes, individual differences in reading fluency, poor readers, literature review, 5894
single/multiple causal controversy about reading disabilities & discussion of verbal & perceptual & linguistic types, literature review, 1317
skill- vs meaning-centered reading model, reading diagnosis & remediation, 8951
sociocultural variables & bilingualism, intellectual functioning & acquisition of reading skills & bilingual education & assessment of reading problems, children, 1930
successive vs simultaneous language processing, reading skills, normal vs reading disabled 3rd–6th graders, 5872
task complexity & reward vs no reward during visual search task, heart rate & skin conductance, 7.5–10 yr old hyperactive &/vs learning disabled males, 8186
text processing strategies & prior knowledge, reading comprehension & disabilities, children, literature review, 3734
time spent in practice reading, reading achievement, 2nd–4th graders, implications for diagnosis of reading disabilities, 8965
tutorial hypothesis testing instruction vs oral reading practice vs word recognition training, comprehension skills, remedial reading elementary school students, 11365
validity & reliability of Decoding Skills Test, measurement of decoding in reading, 1st–5th grade good vs poor readers, 4780
validity of neuropsychological assessment as predictive measure, 7–12 yr old reading disabled males, 190
visual memory processes, reading disabled 8.1–12.6 yr olds, 1327

Reading Education

acting out central theme of story, reading ability, reading disabled children, 2046
age & reading instruction, reading achievement, 5.2–7 yr olds, 7651
classroom methods, improvement of reading attitudes, elementary school students, 1944
comprehensive model of verbal information processing & comprehension, implications for reading education, 272
description of & need for familiarity with basal reading programs, school psychologists, 1949
development & implementation of computer-based instructional games, reading education, 11220
efficacy of training in comprehension of storybook tales, 5–6 yr olds, 8828
episodic memory & initial reading instruction & increasing mnemonic complexity of reading materials, 1947
importance of analysis of problem solving skills & strategies, special education, dyslexic children, 4453
information processing model, individual differences in reading skills, literature review, implications for reading education, 9585
instruction in multipass learning strategy, textbook reading comprehension, learning disabled 7th–12th graders, 2067
intergenerational reading tutorial program, attitudes toward aged & reading skills, 6–9 yr olds, 6636
lack of language congruency between speech & reading materials, inaccuracy in reading ability assessment, students, implications for reading instruction of learning disabled, 2101
learning instructions vs adjunct postquestions, learning from text, college students, 11208
long term vocabulary instruction, lexical access & reading comprehension, 4th graders, 1932
method for teaching comprehension question-answering strategies, 8870
microcomputer system, reading instruction, deaf 2–6 yr olds, 13699
modified vs traditional font, letter discrimination, mildly mentally retarded vs normal 6–11 yr olds vs adults, 4457
noninstructional vs instructional variables in development of reading, acquisition of decoding skills & reading-to-learn, primary grade vs older children, literature review, 1945
parent tutoring program, reading achievement, 3rd–5th graders, 13632
parents' listening to child's reading, improvement in reading, 7–11 yr olds with reading difficulties, 11317
performance on speech segmentation task & recall with rhyming vs nonrhyming word series, 1st grade beginning readers following phonic vs whole word method, 11195
Pictograph Sentence Memory Test, index of reading readiness & sentence processing skills, kindergartners & 1st graders, literature review, educational implications, 11414
picture-cueing teaching method, reading performance, trainable mentally retarded 12–14 yr olds, 11380
principles for helping students develop self monitoring & reading comprehension skills, 1978
reading education activities, gifted, bibliography, 13689
reading groups of different ability levels, reading development, children, literature review, 13611
reading program at beginning vs end of summer, reading achievement regression, learning disabled 3rd–8th graders, 2024
reliability & validity, curriculum based informal reading inventories, 1st–6th graders, 6808
sentence method of reading instruction, high risk Spanish/English bilingual 1st graders, replication of author's previous study, 4452
Sustained Silent Reading program & grade level & sex, reading achievement & attitudes, 5th–7th graders, 1977
tangible vs social reinforcement with vs without positive practice, remediation of letter reversals, severely retarded 20 yr old male, 4433
teacher vs student determination of error in reading education, internal attribution for effort, learning disabled students, 8952
teaching methods to aid hearing of vowel sounds, 1955
teaching strategy & book organization, facilitation of comprehension before & during & after reading, 6639
text study skills instruction, passage retell & test performance, 5th graders, 6623
varied reading purpose, reading rate modification & comprehension, normal vs learning disabled 4th vs 7th vs 10th graders, 2029
volunteer literacy tutorial project, reading achievement & verbal language & listening comprehension & locus of control, illiterate adolescents & adults with mean age of 30 yrs, 4365

Reading Materials

Annehurst Curriculum Classification System, analysis of curriculum material usage, 5th graders, 8839
comprehension & immediate recall of personalized vs nonpersonalized basal stories, 4th grade poor vs average readers, 6630
content analysis of basal reading series, references to & representations of handicapped, 1950
discourse force, memory & comprehension of fables & parables & folktales, college students, 9633
educational advantages, unbounded text design in instructional materials, 6644
episodic memory & initial reading instruction & increasing mnemonic complexity of reading materials, 1947
improvement of electronic typesetting, implications for reading speed & comprehension, 6954
lack of language congruency between speech & reading materials, inaccuracy in reading ability assessment, students, implications for reading instruction of learning disabled, 2101
overt vs covert sexism in reading primers, 1960 vs 1972, Mexico, 8849
printed learning materials, individual & social challenge in classroom intercourse, 4th graders, 6661
readable writing revisions, text comprehension, male 17–20 yr old US Navy recruits, 2634
remedial reading curriculum development, deemphasis of formal language, learning disabled & dyslexic & functionally illiterate students, 4440
teaching strategy & book organization, facilitation of comprehension before & during & after reading, 6639
text & illustrations in reading technical material, 10071

Reading Measures [See Also Gates MacGinitie Reading Tests]

concurrent validity, measure of daily reading progress & standardized reading achievement tests, learning disabled 1st–6th graders, 2087
correlations between scores on Form E of Nelson-Denny Reading Test & measures of academic achievement & self reported GPA & self concept & reading attitudes, college students, 8986
immediate tangible vs social reinforcement, reading & language test scores, middle & low income 7–10 yr olds labeled learning disabled or emotionally disturbed or educable mentally retarded, 6785
importance of assessing strategies, diagnosis of reading skills & disabilities, 8983
lack of language congruency between speech & reading materials, inaccuracy in reading ability assessment, students, implications for reading instruction of learning disabled, 2101
norm vs criterion referenced & individually vs group administered reading tests, analysis based on reading model, 2118
parent questionnaire & WISC-R & reading & spelling & laterality tests, identification of dyslexia, children, 12999

reliability & validity of Reading Comprehension Battery for Aphasia, 24–67 yr old aphasics, 2481
results of Wide Range Achievement Test vs Spache Diagnostic Reading Scales vs Woodcock Reading Mastery Tests vs informal placement procedures, 1st–3rd graders, 2086
validity & reliability of Decoding Skills Test, measurement of decoding in reading, 1st–5th grade good vs poor readers, 4780
Reading Readiness
instruction in blending sounds, blending abilities & reading readiness, kindergartners, 4380
metalingistic awareness & cognitive development, reading, S from 2.6 through 3.6 yrs of age, 5391
Pictograph Sentence Memory Test, index of reading readiness & sentence processing skills, kindergartners & 1st graders, literature review, educational implications, 11414
reading readiness, male between ages of 2.5–3 yrs, 12430
Reading Skills [See Also Reading Comprehension, Reading Speed]
acquisition of reading & writing skills & their use in development of social relationships & environment organization & exploration, children, 7625
etiological factors in reading problems, categorization of word recognition skills & diagnosis of children as learning disabled vs dyslexic, reading specialists, 2064
hyperlexia & inability to form superordinate schemata, relationship to dyslexia, 5–11 yr olds, 1318
importance of assessing strategies, diagnosis of reading skills & disabilities, 8983
individual differences in cognitive processes mediating word decoding, literature review, implications for learning disabilities, 295
information about length &/vs shape &/vs word following word to be guessed in middle of sentence, accuracy of guess, college students, 11873
information processing model, individual differences in reading skills, literature review, implications for reading education, 9585
intergenerational reading tutorial program, attitudes toward aged & reading skills, 6–9 yr olds, 6636
language skills program, change in reading grade level & rate of learning to read, learning disabled high school students, 6768
multifaceted direct assessment, diagnosis & planning of remediation for reading & related learning disabilities, 2033
noninstructional vs instructional variables in development of reading, acquisition of decoding skills & reading-to-learn, primary grade vs older children, literature review, 1945
process of learning to read, child from birth to 2 yrs old, 793
semantic cognitive processing, reading performance, 2nd & 4th graders, implications for reading instruction, 4401
sociocultural variables & bilingualism, intellectual functioning & acquisition of reading skills & bilingual education & assessment of reading problems, children, 1930
successive vs simultaneous language processing, reading skills, normal vs reading disabled 3rd–6th graders, 5872
text study skills instruction, passage retell & test performance, 5th graders, 6623
TV viewing, reading development & attitudes toward reading & academic learning, children, literature review, 781
validity & reliability of Decoding Skills Test, measurement of decoding in reading, 1st–5th grade good vs poor readers, 4780
validity of Language Arts Test of Cognitive Functioning, assessment of level of cognitive functioning in language arts tasks, 7th graders, 6802
word identification speed, skilled vs less skilled 1st vs 2nd vs 4th grade readers, 10135
Reading Speed
continuous text reading on TV screen vs book, speed & comprehension & adverse physiological effects, 18–40 yr olds, 6892
improvement of electronic typesetting, implications for reading speed & comprehension, 6954
individual differences, semantic context effects on reading rate & sentence & lexical-decision tasks, adults, 7231
listening comprehension rate & reading rate in 2nd language, bilingual college students, 10063
oral reading fluency as goal in remedial reading, 13671
prose difficulty & rate of presentation, reading & listening efficiency, college students, support for rauding theory, 4898
skimming vs normal reading speed, comprehension & memory of gist vs details, college students, 2615
spacing & difficulty level of words in reading passages, reading rate, 1st graders to college students, 12416
varied reading purpose, reading rate modification & comprehension, normal vs learning disabled 4th vs 7th vs 10th graders, 2029
word identification speed, skilled vs less skilled 1st vs 2nd vs 4th grade readers, 10135
Readjustment (Psychosocial) [See Psychosocial Readjustment]
Readmission (Hospital) [See Hospital Admission]
Readmission (Psychiatric Hospital) [See Psychiatric Hospital Readmission]
Realism (Philosophy)
experimental psychology as realistic vs positivistic science, 6924
Reality
perception of reality of cartoons vs human-fantasy on TV, 4 vs 5 yr olds, 3160
reality & physical contact, examination of G. H. Mead's theory, 2329
reality as portrayed in TV soap opera, effect on students' perception of real world, 2992
reality construction & exploration as part of treatment process in therapeutic communities, psychiatric day hospital vs "concept house" for treatment of drug addicts, 10774
reality of auditory hallucinations, schizophrenics, 5778
stages of development in reconciliation of moral reasoning & reality, adults, 10093
Reality Testing
interpretative processes, children, 7683
Reality Therapy
reality orientation, institutionalized psychogeriatric patients, 6438
Reasoning [See Also Inductive Deductive Reasoning, Inference]
assimilation/accommodation equilibrium & thinking & reasoning & abstraction, paranoid & hebephrenic schizophrenic patients, 1132
attribute matching vs analogical reasoning vs gestalt perceptual instruction, metaphor productions, college students, implications for metaphor production theories, 9613
clinical process in psychiatry & clinical reasoning, medical students vs psychiatrists, implications for psychiatric education, 4299
cold, serial choice RT & Stroop Color Word Test & verbal reasoning performance, 17–31 yr old males, 5157
cue availability in thematic content, mediation of responses on reasoning tasks, 293
development of cognition & dialectical thought, 794
developmental differences, training effects & generalization on evaluation & conditional syllogism task, 10 vs 14 vs 18 yr olds, 805
educational & socioeconomic variations in schools & neighborhoods, mathematical reasoning & attitudes toward math, urban minority group 8th graders, 6710
factor analytic determination of performance stability on Grammatical Reasoning Test, implications for repeated measures evaluation of human performance, 9369
formal reasoning & content & expectations, reasoning about advertisements & design of confounded vs unconfounded product tests, 7th–8th graders, 5372
gender differences, mathematical reasoning ability, 11–13 yr olds, 5392
grade level & sex, mathematical performance & numerical & general reasoning, 3rd vs 5th vs 7th graders, 5351
hypothesis testing strategies in experimental reasoning tasks, 10–13 yr olds, 3085
irrational tendency to confirm hypotheses as cognitive bias, 11871
level of understanding of moral thought, moral reasoning & extent of prudential concerns & consistency of decision making, 16–18 yr olds, 3067
methodological flaws of paradigm using spontaneous moral discussions, criticism of W. Damon & M. Killen's study of social interaction & moral reasoning in young children, 845
moral reasoning level & social interaction during peer discussions of distributive justice, advancements in moral reasoning, 1st–3rd graders, 849
multitrait-multimethod validity, Test of Formal Reasoning, military recruits, 7035
other vs self oriented vs no explanation for prohibition of activity, compliance, 9 & 10 yr olds, 7726
pleasure & reason as adaptations to nature's requirements, 321
recursive information processing & reasoning task performance, junior high school students, 10151
referential & numerical content of problem & age & sex & cognitive style & ability & attitude, proportional reasoning, 6th vs 8th graders, 5381
sentence type & instruction in discrimination, making necessarily true/contingent & necessarily false/contingent distinctions, 5–6 vs 7–8 vs 9–10 yr olds, 821
sex differences, scientific reasoning on Predicting Displaced Volume task, 7th–11th graders, 10163

simplicity & entrenchment, reasoning with natural vs unnatural concepts, college students, 2626
social class vs closeness to parents vs exposure to high level of reasoning, legal reasoning, delinquent male 14–16 yr olds, 1277
spontaneous adoption of mental representations for reasoning task, abstract directional vs concrete properties thinkers, 9588
stages of development in reconciliation of moral reasoning & reality, adults, 10093
systematic & metasystematic reasoning as cognitive development stages beyond formal operations, college & graduate students, 10130
thematic content of stimulus material, preferences for logical vs illogical selection task problem solving strategies, preclinical students, 4909
thematic materials, cognitive strategy & reasoning in evaluation of if-then conditionals, college students, 9674
thematic materials, selection task performance, college students, replication of studies by P. C. Wason & D. Shapiro & P. N. Johnson-Laird, 4903
validity of Language Arts Test of Cognitive Functioning, assessment of level of cognitive functioning in language arts tasks, 7th graders, 6802

Recall (Dreams) [See Dream Recall]

Recall (Learning) [See Also Free Recall]
accessibility of traits & construct individuality, subjective impressions of target person & recall of impressions, college students, 3415
accuracy of recall & recognition & "feeling of knowing" in paired associate task, 20–45 yr olds, 308
active vs passive voice sentences with different attentional foci for concept, reading & sentence recall & preference, college students, 11868
age & exhortations to remember, intrusions of prior knowledge in recall of prose text, 3rd vs 4th vs 6th vs 11th graders, 7695
age & presentation of pictures in category groups vs randomly, constrained vs free recall, 5 vs 8 yr olds vs adults, 10172
age differences, encoding of word lists & long term memory, 17–19 vs 64–83 yr old females, 790
associated words, generation & recognition & recall, alcohol Korsakoff vs chronic alcoholic vs nonalcoholic males with mean age of 55 yrs, 10608
association value & pronounceability & characteristic associative structure, memory for surnames or orthographically identical words, college students, 7259
attention-influencing devices in visual instructional media, attention & recognition & recall performance, educable mentally retarded elementary & middle school students, 6670
auditory presentation of sequences with vs without suffix, forward vs backward recall, college students, 9657
bizarre vs common interacting images for line drawings, immediate vs delayed recall, college students, 11896
category exhaustive vs nonexhaustive word lists presented visually vs auditorily & number of presentations, category clustering & recall, graduate students, 11921
category repetition & cuing, recall of conceptually categorized words, 21–32 yr old males, 7256
centrality of story content, recall, adults, 315
clues for target nouns in context that biased concrete vs abstract sense of word, recall, 11925
color & position of matched pictures & words & encoding instructions, recognition & recall, college students, 9611
common vs uncommon words in verbal learning task, recall & recognition of words & time estimation, college students, test of R. E. Ornstein's storage size vs recall hypothesis, 281
comprehension & immediate recall of personalized vs nonpersonalized basal stories, 4th grade poor vs average readers, 6630
congruence between content of sentences & associated object &/vs subject in pictures, learning from sentences, 3–4.6 yr olds, 12439
contextual effects, suffix effect in serial recall, 21–65 yr olds, critique of J. Morton & S. M. Chambers's study, 4937
contrastive encoding of semantic information, recall & recognition, 2nd & 5th graders vs college students, 7631
cue-based encoding & storage & retrieval strategies, recall, 9676
differences in use of new & old information in reading anomalous stories, 4th graders, 10173
discrimination of place & size & order in recognition & reproduction & recall, 5.6–17.5 yr olds with Down's syndrome., 8151
distinctiveness of summary sentences & interaction with semantic bases of text & inspection time, text recall & distinctiveness of encoding hypothesis, college students, 279
emotion, immediate vs delayed retention of self generated paired associates, female nursing students, replication of G. Levinger & J. Clark's study, 4938
English vs Polish vs Shona language & age differences, immediate recall of word lists, 5 vs 9–10 vs 14–15 yr olds vs adults, 837
extra-list indices & lists of categories related taxonomically vs with variable associative value, recall, college students, 312
extraversion vs coding complexity vs mode of presentation, recall of prose passage, 11 yr olds, 752
familiarity of action/event sequences, comprehension errors & recall of TV narratives, 2nd vs 5th vs 8th graders, 5347
forgetting as fading process in memory & recall, 9652
formal similarity among target items, Type I rehearsal effect, college students, 11903
general vs contextually specific retrieval cues, recall, college students vs 66–69 yr olds, 5382
imagery instructions & partial picture during story vs questioning, recall of narrative prose, 6 yr olds, 10205
imagery instructions & word frequency & associative characteristics & parts of speech, recall, secondary school students, 5373
imitation by adult vs no imitation, recall of adult's stimuli, 9–10 yr olds, 838
immediate vs long term recall, 18–24 vs 58–89 yr olds, implications for memory span as general storage ability, 811
impression ratings & recall for behaviors consistent vs inconsistent with previously presented traits, college students, 12680
incidental vs intentional attention to scene, recall & recognition of elements, college students, 316
incidental vs intentional learning conditions, free vs letter-cued recall vs recognition, college students, 7272
individualistic vs nonindividualistic preferences over outcome, information seeking & recall, high school students, 5425
informativeness of test results & negative vs positive feedback on assertiveness, ratings of accuracy & acceptance of feedback & recall & self ratings, male college students, 3462
instructions of image vs orally repeat active voice sentences, noun-probed sentence recall, test of address contents model vs fragmentation-conceptual focus hypothesis, 2652
instructions to attend to phonemes vs semantics of auditorily presented sentences, immediate vs delayed recall, college students, 11910
instructions to ignore vs attend to suffixes & articulation of suffix, word recall, college students, implications for short-term memory & sensory memory explanations of stimulus suffix effect, 9661
instructions to suppress 1st-list responses during 2nd-list learning, transfer & recall, college students, 11914
interitem phonological similarity of lists spoken by S vs E, modality effect in serial recall, college students, 7257
introduction of random retrieval cues, retention & recall, college students, 2651
lipread vs protruding tongue vs heard suffix, lipread number recall, college students, 9625
magnitude vs nominal encoding of digits in paired associate task, college students, 9643
matrix size & visual angle, visual memory span for dot-in-matrix patterns, college students, 9544
model of recall & recognition retrieval of episodic memory information based on synergistic ecphory, 4946
monetary incentive & rehearsal & working memory, elaboration of encoding in word list learning, 18–30 yr olds, 11899
music structure & expertise of Ss, recall of melody, musicians vs nonmusicians, 11902
neuropsychology of text recall, 11908
overt rehearsal of kinesthetic information, immediate recall, college students, 7269
paired associate learning, recall vs "tip-of-the-tongue" vs "don't know" reports in probed recall, college students, criticism of J. T. Hart's hypothesis on retrieval effort motivation, 11919
paired associate word vs picture lists, cued recall, kindergartners vs 2nd vs 6th graders vs college students, comparison of stages-of-learning vs traditional interaction analyses of memory development, 3080
paradigms instructing vs not instructing Ss to remember specific items, immediate vs delayed recall of incidentally learned material, 1st vs 6th graders vs college students, 5353
paraphrase & historical knowledge of subject & retention interval, thematic prose recall & normalization rates & intrusions, college students, 9654
paraphrasing vs copying connected vs unrelated sentences & retention interval, semantic normalization & recall, college students, 2641

performance on speech segmentation task & recall with rhyming vs nonrhyming word series, 1st grade beginning readers following phonic vs whole word method, 11195
pictorial vs verbal presentation mode & imagery ability & abstract &/vs concrete words, immediate vs delayed recall of paired associates, college students, 11904
pictures vs printed vs spoken words followed by visual vs acoustic vs simultaneous vs no interference, recall, 3rd graders, 12414
practice, ordered recall of items on list & mnemonic strategies, untrained mildly retarded Ss with mean age of 14.5 yrs vs normal 7th–9th graders, implications for problem solving theory of memory, 1302
pre-experience & vicarious consequences, uncertainty & recall & imitative learning, 1st–4th graders, 10189
presence of cues at encoding, usefulness as retrieval cues, college students, testing of encoding specificity hypothesis of D. M. Thomson & E. Tulving, 11913
presentation of loosely structured test, spontaneous attention to details during recall, college students, 2650
presentation of word lists in multiple vs single learning rooms, recall, college students, 9667
presentation rate & delay of redundant stimulus suffix & visual vs auditory probe, sensory recall, college students, 2645
prior knowledge of subject & maplike organizer before vs after reading passage, recall & comprehension of prose passage, college students, 9630
propositional structure & level of associations & time & location markers within sentences, recall, college students, 2644
reader's purpose & distortion of central vs peripheral story elements, role of story schemata in metacognitive monitoring of story knowledge, 12th graders & college students, 4941
recall accuracy of distance &/vs location movement information, college students, 299
recall of categorized words, mentally retarded 5th & 7th grade special school students, 11381
recall of chess moves & quality of moves chosen, chess players in various skill categories, 9646
recall of pictures & words, mentally retarded 1st graders, 8143
recall task & induction of proactive interference, heart rate & short term recall, male college students, 11911
recall with vs without reorganization of scrambled stories, 2nd vs 6th graders vs college students, 7640
repetition & advance organizers, recall of science passage, female college students, 11227
roadway topography & environment & fatigue, perception & recall & recognition of warning signs, drivers, 6885
role as speaker vs listener with partner receiving same vs different information about stimulus-person & expectation of receiving additional information, verbal encoding & representation & recall of stimulus-person information, college students, 12659
role of linear-logistic & log-linear models in statistical analysis, response & survival & failure times & latencies in speed of recall of memories, 7135
scoring methods for Brown Peterson paradigm, assessment of proactive inhibition & sequence of recall, mentally retarded with mean age of 16.8 yrs vs nonretarded Ss with mean age of 6.4 vs 9.6 vs 13.7 yrs, 4711
selection of important story idea units & retrieval cues before vs after recall, learning disabled vs normal college students, 3746
self consciousness, recall of self descriptive vs non-self descriptive trait adjectives, college students, 7939
semantic & perceptual orienting tasks, free & cued recall, 3 & 5 yr olds, 10180
serial recall during & after psychotic episodes & distractibility, schizophrenics with mean age of 27.3 yrs vs depressed patients with mean age of 33.1 yrs, implications for adjustment problems, 1149
serum neuroleptic & anticholinergic levels & verbal IQ & symptom severity, verbal recall, 20–58 yr old chronic schizophrenics, 6317
similarity of part of 2nd sentence to 1st, retroactive effect on retrieval of 1st sentence, college students, 11907
similarity of passage topic, recall, college students, implications for release from proactive interferences, 4923
single-trial cued recall task, errors due to semantic similarity relations, humans, test of interactive model of association formation & storage & retrieval, 4922
skin conductance & learning, digit recall, college students, 5131
spatial numerosities & presentation frequency of words, frequency judgment & numerosity recall, college students, 9644
specification of information objectives before prose reading, recall of goal relevant vs irrelevant material, college students, 9673
stimulus words of positive vs negative vs neutral arousal values, hemispheric alpha asymmetries & recall & recognition, 20–43 yr old male stutterers, 10684
structural dimensions of attribution, recall & reconstruction of events, college students, comment on previous work, 5611
structural importance & salience of story ideas, story recall, mentally retarded 11–13 yr olds, 10666
task explanation, strategy transfer in directed forgetting task, 13–15 yr old educable mentally retarded, 3723
teacher self disclosure, learning of material presented & perception of teacher, college students, 1962
temporal sequence of occurrence vs hierarchical centrality, recall of event sequence, adults, 305
text familiarity & reading ability, comprehension & recall, 4th graders, 6708
therapist-S relationship & depth of hypnosis & use of posthypnotic suggestion & S age & IQ, learning & memory recall, school age vs older patients, 8514
TV vs radio story presentation, story recall & comprehension, 6.5–10.5 yr olds, 10121
type of orienting task, proactive inhibition release in rhyming task, college students, 11897
typicality of category items, release from proactive interference in recall, 2nd graders, 10123
use of critically placed pauses during lectures, recognition & recall, college students, implications for depth of processing theory, 13621
variable vs constant practice, development of motor recall schema in motor skill learning, educable mentally retarded 9.4–10.7 yr old males, 1332
verbally presented storybook model, achievement task performance & recall of story, 3.5–5.2 yr olds, 10188
visual recognition & recall, male vs female 13–17 yr olds, 12434
voice intensity & sex, causal attributions & impression of actors & recall of verbalizations, college student listeners, 5604
word frequency & semantic vs elaborative vs integrative task, recall vs recognition, college students, support for dual process model of recognition, 9608
word recall in preceding word completion task, anagram solution for recalled words, high school students, 10166
writings of J. L. Vives on memory & recall, literature review, 7267
written vs oral recall of text, 6th graders vs college students vs 63–79 yr olds, implications for life span approach to understanding discourse, 10145

Recency Effect
visual presentation of familiar vs unfamiliar information, role of memory trace & active visualization in recency effect in visual memory, 18–35 yr olds, 7274

Receptors (Neural) [See Neural Receptors]

Recidivism
actual vs reported recidivism rate, 16–57 yr old child molesters & rapists, 3672
drug rehabilitation program, recidivism, 13–19 yr olds referred by juvenile court for drug offenses, 8697
halfway house placement, recidivism & adjustment, alcohol & drug abusers under 18 yrs & 19–36 yrs old, 14-mo followup, 6514
heroin use & clinic attendance, drug rehabilitation clinic patients, 7-yr followup, 1833
institutional social structure & psychodrama, recidivism, male delinquents, 10-yr followup, 13423
Modified Desert Model, prediction of recidivism & sentencing, criminals, 973
parental status & age at 1st court contact & age at admission & diagnosis & IQ, recidivism & premature program termination, 14–17 yr old delinquents, 6469
Performance-Verbal discrepancy on WISC-R, prediction of recidivism, 12.6–16.8 yr old adjudicated female delinquents, 11654
personal ideas about recidivism, prisoners, 13436
recidivism, inmates released on parole vs conditional release vs by mandatory expiration of sentence, 5-yr followup, 13434
sex differences, social adjustment & absence of crime & drug abuse during treatment in therapeutic community, 19–26 yr old opioid abusers, 2-yr followup, 6488
short term monetary allowance following release, recidivism, ex-convict, reply to criticism by P. H. Rossi et al, 13454
short term monetary allowance following release, recidivism, ex-convicts, comment on experimental methodology, 13453
short term monetary allowance following release, recidivism, ex-convicts, criticism of H. Zeisel's interpretation of experimental results, 13446

treatment in therapeutic "model institutions" vs psychotherapeutic treatment in traditional institutions, recidivism, prisoners, implications for selection of prisoners for model institutions & prognosis, 8686
validity of Behavioral Self Management Ratings during counseling sessions, male probationers with mean age of 21 yrs, implications for prediction of recidivism, 52
variables predictive of repeated suicide attempts, 10-yr followup, implications for crisis intervention & suicide prevention, 8579
Reciprocity
amount of prior help & prior recipient's need & dependency of potential recipient, reciprocity of helping, male college students, 10386
confrontation & coercion & reciprocity in crisis bargaining, comparison of G. H. Snyder & P. Diesing's & R. J. Leng & H. G. Wheeler's studies, 10408
discrepancy-arousal hypothesis, expressive behaviors, adult & infant-adult dyads, 3386
endogenous vs exogenous attributions of attack, retaliation, female college students, Japan, 1044
reciprocity of bargaining strategies & bargainer role, college & graduate students assigned to labor/management roles in same- vs mixed-sex dyads, 9131
retaliation vs nonretaliation responses of victims, rating morality & intelligence & likeability of aggressors & Hindu vs Muslim victims, college students, India, 5599
types & patterns of resource exchange in interpersonal relationships, college students, 5568
vengeance in dealing with offender, implications for victim, 8091
Recognition (Learning)
accuracy of recall & recognition & "feeling of knowing" in paired associate task, 20–45 yr olds, 308
age & audio &/vs visual presentation, immediate vs long term memory for advertised products, 3–5 yr olds vs kindergartners vs 2nd graders, advertising implications, 7692
age differences, recognition of habituated facial expressions vs faces & discrimination between similar emotions, 18–30 wk olds, 10127
age of word acquisition, visual field asymmetry in recognition, college students, 12045
alphanumeric symbol familiarity & orientation & set size, identification, college students & staff, support for feature extraction vs mental rotation interpretation, 9589
analysis, confusion matrices between letters presented visually vs tactually, female 18–24 yr olds, extension of author's previous study, 11752
associated words, generation & recognition & recall, alcohol Korsakoff vs chronic alcoholic vs nonalcoholic males with mean age of 55 yrs, 10608
associative strength of prime, RT in word recognition task, college students, 9632
attention-influencing devices in visual instructional media, attention & recognition & recall performance, educable mentally retarded elementary & middle school students, 6670
blurred visual stimuli, evoked potentials, 18–32 yr olds, 11807
chord context key, perceived harmonic relationships & recognition of harmonic sequences, college students, 11847
color & position of matched pictures & words & encoding instructions, recognition & recall, college students, 9611
comprehension & recognition of semantic relations between nouns, 4–8 yr olds, 3158
congruent vs incongruent verbal information, visual recognition & integration of verbal & visual information in memory, 6 vs 8 vs 10 yr olds vs college students, 3100
contrastive encoding of semantic information, recall & recognition, 2nd & 5th graders vs college students, 7631
correct vs incorrect labels for facial expression of emotion, bias of recognition judgments, college students, 11734
difficulty of primary task & incidental vs intentional encoding on secondary tasks, recognition, college students, 11905
discrimination of place & size & order in recognition & reproduction & recall, 5.6–17.5 yr olds with Down's syndrome., 8151
dream precognition of A. Sadat assassination & R. Reagan assassination attempt & Achille Lauro accident, 52 yr old female, 4618
dynamic film segments vs still pictures, recognition memory, college students, 11900
ear preference, recognition of male vs female voice vs words, right handed medical students, 12073
elaborative contextual information about person depicted in target photograph, subsequent face recognition with vs without context, 19–57 yr olds, 4912
excerpts from beginning vs middle vs end of musical compositions, recognition time, 23–35 yr olds, 11922
exposure to relevant & irrelevant words in recognition-learning study list, assignment of frequency values to words & role of distractibility, 18–30 vs 60–73 yr olds, 791
faces presented with congruent vs incongruent occupational category labels, face recognition, college students, 9650
facial expressions of emotion, RT for recognition, college students, 322
familiar vs novel stimuli, preferences in recognition memory, 3.5 vs 4.5 vs 6.5 mo olds, 819
familiarity with Western culture, recognition of facial expression of emotions, high school students, Ethiopia, 12472
free recall & recognition of words varying in affective values, college students, implications for hedonist & state dependence recall theories, 4915
frontal view of adult male faces, recognition of faces when viewing full face vs left vs right side, college students, 9497
hyperlexia & inability to form superordinate schemata, relationship to dyslexia, 5–11 yr olds, 1318
hyperlexia, mentally retarded & autistic & language disordered 4–17 yr olds, 7956
identification of letters presented tachistoscopically in right vs left vs both visual fields, college students, implications for hemispheric integration models, 12064
identification vs pronunciation of words vs pseudowords vs letters in verbal RT task, college students, 9615
impairment of voice & face recognition, left- vs right-hemisphere-damaged patients, 10764
incidental vs intentional attention to scene, recall & recognition of elements, college students, 316
incidental vs intentional learning conditions, free vs letter-cued recall vs recognition, college students, 7272
incomplete sentences & letters presented in upper vs lower case, word naming latency, college students, 9621
instructions & model for visual codes & intersensory processing, birdsong learning, college students, 9670
isolated & patterned acoustic transients, recognition & identification, 266
item recognition measures, suitability for inclusion in Performance Evaluation Tests for Environmental Research, US Navy enlisted men, 7044
left vs right visual field presentation of cartoon faces to be memorized, recognition RTs to faces differing from target in 1 or more features, 19–25 yr old males, 5051
luminous contrast & visual field, recognition of single vs embedded letters & 3-letter words, trained Os, implications for reading process, 265
maintenance rehearsal in item search task, free recall & recognition, 4931
melodic relational context, pitch recognition & delayed pitch comparisons, college students, 9572
mental coloring of black & white line drawings, recognition of drawing when colored in same vs different color as imagined coloring, young adults, 4947
model of recall & recognition retrieval of episodic memory information based on synergistic ecphory, 4946
natural vs laboratory reading of newspaper article, recall & recognition performance, college students, experimental implications, 7248
negative vs positive set size & visual confusability, item recognition, humans, test of theory of automatized processing, 11863
noise vs quiet & type of recognition probe, auditory vs visual recognition memory for prose items, college students, 310
organized vs unrelated word lists with conceptual or associative or unrelated distractors, recognition, college students, 11901
orthographic & lexical properties of visual letter string, component letter search time, college students, 9610
perceived duration of verbal stimuli, word recognition, college students, 9663
perception of familiar vs celebrity vs unknown faces vs verbally described stimuli, right- vs left-hemisphere damaged adults, 5939
perceptual recognition task, cognitive units of sentence memory, college students, 9636
phonemic vs graphemic vs semantic similarities between pairs of English words & Chinese logographs, lexical coding & recognition, native English- vs Chinese-speaking college students, 9626
physostigmine, recognition memory assessed by signal detectability, 50–68 yr old Aizheimer's disease patients, 12313
picture recognition, male rhesus monkey vs female college student, 353

practice with vs without feedback vs forced choice testing, recognition performance, college students, 9664
predictions of 5 recognition memory models, 4945
presentation context of unfamiliar faces, subsequent recognition, implications for eyewitness identification, 4932
presentation of interrelating sentences in nonsequential order, performance on forced choice vs confidence recognition tasks, college students, implications for memory integration & retrieval interference, 4935
prior picture naming, subsequent recognition of identical vs name-match vs new objects, student volunteers, 7275
rating of self photographs for degree of reference to imaginal prototype of "real self", recognition memory of photographs 1 wk later, male vs female college students, 1089
reading ability, encoding & contextual components of word recognition, 3rd & 6th graders, 10196
recognition of White vs Oriental faces, White 6–20 yr olds, 12385
repetition & lag, immediate vs delayed kinesthetic movement recognition, college students, 307
retention interval vs intentional learning vs importance of information in sentence, recognition of verbatim sentences from prose passages, college students, 9668
revised mathematical model including priming effects, recognition failure, 304
right vs left visual field, recognition of famous faces, right handed college students, 7240
roadway topography & environment & fatigue, perception & recall & recognition of warning signs, drivers, 6885
RTs in object identification task, 4–6 yr olds, implication for internal representation of objects, 3117
rule of recognition & feature selection for ambiguously shaped Chinese characters, 2613
semantic encoding context, word recognition errors, 8.2–9.6 yr olds vs college students, 5358
semantically encoded attributes, recognition, college students, 9641
sentence context & cuing during initial presentation & test, recognition of high vs low frequency words, college students, implications for high frequency effect, 7255
sentence sets with correlated vs uncorrelated predicates, sentence recognition latencies & role of integrated conceptual unit formation, young adults, 4948
sequential vs parallel word presentation, recognition & short term memory, deep dyslexic adults, 1330
set size of memorized items, RT for identification of probe as member of set, college students, implications for serial scanning model of item recognition, 4927
sex & hand used in tactile-visual recognition task at lower vs higher level of mental processes, hemispheric functionality, right vs left handed 15–25 yr olds, 7409
sex & handwriting posture, response latency for naming letters presented to left vs right visual field, left vs right handed college students, 9830
simultaneous detection & recognition task, event related brain potentials, 18–32 yr olds, 12084
single vs embedded item vs multiple choice methods, assessment of recognition memory, high vs low achieving high school students, 10160
spoonerisms of laboratory-induced predisposition, college students, implications for direct vs indirect encoding vs dual access models of word recognition, 2998
stimulus words of positive vs negative vs neutral arousal values, hemispheric alpha asymmetries & recall & recognition, 20–43 yr old male stutterers, 10684
tactile recognition test with rotated vs nonrotated stimuli, performance with left vs right hand, left vs right handed adults, 5118
test difficulty & guessing & item dependence, reliability & validity of matching & multiple choice recognition cloze testing, 2418
test vs study trials for word lists with vs without distractors, recognition vs free recall on final test trial, college students, 9671
text summarization efficiency, sentence recognition & verbalization, college students, 6705
textual cues, lexical decisions in word processing, adults, 283
time delay & incentive, recognition of previously seen facial pictures of own vs other race, Blacks & Whites, 5593
tonality, recognition of sequences in melody, 11839
use of critically placed pauses during lectures, recognition & recall, college students, implications for depth of processing theory, 13621
visual field of successively presented words of varying imagery value & Thorndike-Lorge frequency, short term word recognition memory, male college students, 5080
visual noise, word recognition, 17–47 yr olds, 4857
visual recognition & recall, male vs female 13–17 yr olds, 12434
visual vs verbal interference tasks, disruption of recognition & ability to infer information from linear ordering vs set inclusion, college students, 288
word frequency & semantic vs elaborative vs integrative task, recall vs recognition, college students, support for dual process model of recognition, 9608
word identification speed, skilled vs less skilled 1st vs 2nd vs 4th grade readers, 10135
word recognition task with vs without auditory distraction, sensitivity to syntactic structure & recognition latency, schizophrenics with mean age of 33.4 yrs vs patients with affective disorders with mean age of 29.1 yrs vs normal Ss, 1192

Reconstruction (Learning)
natural vs laboratory reading of newspaper article, recall & recognition performance, college students, experimental implications, 7248

Reconstructive Psychotherapy [See Psychotherapy]

Recovery (Disorders)
age at contraction of disease, residual intellectual & perceptual deficits, children recovered from H. influenzae meningitis, 4-yr longitudinal study, 3861
anomia & negative elements in recovery, recovered cancer patients, 1399
attributions for symptoms & life events, recovery, depressed patients with mean age of 37.5 yrs, 1147
auditory information, EEG orienting response, acute vs recovered schizophrenics vs neurotics, 12841
client characteristics & family history, incomplete recovery, chronic primary depressive 27–76 yr olds, 3533
development of Hope Index Scale, measurement of hope, college students & psychiatric patients, implications for effects on mental & physical illness onset & duration & prognosis & recovery, 4772
effects of poor memory on cognition & personality & interpersonal relationships & rehabilitation process, personal report of author after cardiac arrest, 13327
hypnosis prior to iv diazepam, psychological reaction & recovery rate, surgical dental patients, 6076
illness behavior, cardiological & occupational outcome & subjective assessment of well being, survivors of myocardial infarction, 2-yr followup, 3775
improvement of abstraction & visuospatial & perceptuomotor abilities, long- vs short-term sober alcoholic females with mean age of 42 yrs, 10613
information about surgery vs training in cognitive coping, knowledge of surgery & analgesic use & post-discharge pain, 27–61 yr old hysterectomy patients, 8643
language & speech recovery, 47 yr old male with viral encephalitis, 10738
long-term outcome & recovery in schizophrenia, review of outcome studies & methodological problems, 1228
perceptions of social support, recovery, 30–65 yr old male myocardial infarction patients, 6047
previous psychiatric treatment & psychological factors, prediction of recovery following open heart surgery, patients, 1-yr followup, 10973
problems of alcoholism & factors in recovery & response of professional groups, social workers & physicians & nurses in Alcoholics Anonymous, digest of previous articles, 5809
recovery from sensorimotor cortex lesions, tactile discrimination learning, male rats, 2900
recovery of oral & written comprehension vs expression, rehabilitated aphasia patients, 13426
role of hospitalization in recovery, neurotic patients voluntarily admitted to psychiatric institute, 6456
social & work & family support & personal functioning, male vs female community residents with mean ages of 46.8 & 44 yrs & recovering alcoholic patients, 7759
transient intellectual & psychosocial regression during recovery phase, 14–15 yr old survivors of Stage V Reye's syndrome, 8234
treatment & long-term training, functional recovery & compensation following brain damage & role of sympathetic nervous system, humans & animals, 5120

Recreation [See Also Athletic Participation, Baseball, Basketball, Childhood Play Behavior, Childrens Recreational Games, Dance, Doll Play, Football, Sports, Swimming, Television Viewing, Tennis, Traveling]
age & sex composition, family groups in shopping & recreational settings, 10304

amount of time spent alone vs with peers vs with mother vs with father & type of activities & conflict, 10th graders, 5443
avocational interests, vocational interest group using J. L. Holland's model, college students, 9058
barriers to leisure enjoyment & family stage, community residents & recreational professionals, 5514
conceptual model, adoption of recreational activities, 16–25 yr old members of young farmers club, 12460
decisional participation, organizational & community & professional commitment, recreation administrators, 6861
educational level & previous musical experience, musical preferences, Ss aged 55 yrs & over, implications for music therapy & recreation, 743
history & ideological aspects & social organization, karate, 12548
intellectual interests & habits of work & recreation, later development of cancer, physicians, 6021
leadership vs social causes, problems at youth recreation center, 7–12 yr olds, 8911
managerial level & sex & age & education, attitudes toward public involvement, recreation & park senior vs middle level administrators, 6855
personality characteristics & number of hobbies & family history of atopic disorders & number of friends, onset & course & severity of asthma, 16–52 yr olds, 10761
physical & recreational activities as strategies for coping with stress & anxiety, literature review, 515
prompt & praise vs praise anything vs token conditions, participation in low-interest recreational activities, autisticlike 7–8 yr old males, 8408
pros & cons & suggestions for improvement of Special Olympics program, mentally retarded, 11011
recreation & leisure, unemployed 16–20 yr olds, England, 12512
research & development needs, implications for recreation & leisure for disabled persons, 10787
residence, leisure needs & planning of public recreation programs, Black vs White adults, 6898
role of play in everyday life & psychotherapy, adolescents, 12459
sex & age & family/marital status, participation in physical recreation & individual vs team sports activities during adult life cycle, 23–58 yr olds, 5464
stability of factor structure of survey to assess motives for participating in river floating in different settings, river users, 4743
substitution of outdoor recreation activities for others yielding similar satisfaction for recreation planning, 12778
Recreation Areas [See Also Playgrounds]
barriers to provision of integrated play environments for handicapped children, social service agency personnel, 1729
behavioral research, zoo design, children & parents & teachers & zoo personnel, 2270
contrast vs fittingness between man-made & natural elements of recreation area scenes, evaluative ratings of scenes, graduate students, 9194
managerial level & sex & age & education, attitudes toward public involvement, recreation & park senior vs middle level administrators, 6855
number of tourists & quality of tourist experience, 12534
on-site encounters with vs without prior photographic information, familiarity with & preference for visual environment of bog, bog visitors, 6900
perceptions of crowding & resource quality evaluations, early vs more recent visitors to Apostle Islands National Lakeshore, 9192
presence of ski resorts, subjective well-being & values, community residents, 9186
stability of factor structure of survey to assess motives for participating in river floating in different settings, river users, 4743
use of outdoors surrounding apartment building & suggestions for improvements, elde ly residents, 2260
Recreation Therapy [See Also Art Therapy, Dance Therapy, Music Therapy]
movement therapy program, sense of autonomy, emotionally disturbed 9 yr old males, 10775
Recruitment (Personnel) [See Personnel Recruitment]
Red Nucleus [See Mesencephalon]
Reductionism
ECT & drug therapy as forms of reductionism in psychology, comments on views of S. Peele, 4635
problems of reductionism in psychosomatics & psychophysiology, 10493
psychological reductionist accounts of substance abuse & validity of physiological approach to substance abuse problems, 12919
reductionism in neurochemical & neurobiological approach, study & treatment of mental disorders, comments on viewpoints of S. Peele, 6056
transpersonal & reductionist perspectives on religious/spiritual transformation & body- & transpersonally-oriented therapy, autobiographical interview with author, 1051
Reenlistment (Military) [See Military Enlistment]
Referral (Professional) [See Professional Referral]
Reflex (Conditioned) [See Conditioned Responses]
Reflex (Unconditioned) [See Unconditioned Responses]
Reflexes [See Also Acoustic Reflex, Eyeblink Reflex, Flexion Reflex, Nystagmus, Ocular Accommodation, Orienting Reflex, Startle Reflex]
abnormal reflex activity, 4–11 yr olds with speech & language problems, 5901
activation with morphine or inhibition with naloxone of opioid receptors in substantia nigra pars reticulata, tonic activity in EMG, male rats, implications for regulation of striatal efferent pathways, 7574
age & stage of sleep vs wakefulness, lower limb cutaneous polysynaptic reflexes, 3 day olds through 3 yr olds, 5394
age, retinal sensitivity measured by pupillary light reflex thresholds, 32–683 day old albino rats, 7445
body build & arousal, stepping reflex, newborn infants, 7627
butorphanol, nociceptive response in modified tail-flick test, rats vs mice, 657
classical conditioning of reflexive ankle jerk, event related slow potentials & comparison with contingent negative variation in operant task, 16–29 yr olds, 2801
electrical stimulation of cervical spinal cord lateral funiculus, hindlimb muscle nerve rhythmic activity & resemblance to EMG during walking, spinal chicks, 2781
ethanol, phenotypic differences in sleep time & cerebellar Purkinje neuron discharge, inbred strains of mice, 12337
ethanol vs butanol, reflexes & brain growth, neonatal rats, 618
H-reflex during voluntary hyperventilation, depressed patients before vs after clomipramine & nitrazepam treatment, 4057
hypothalamic lesion-induced contralateral sensory neglect, lateralized loss of biting attack-patterned reflexes & role of striatal fiber system, cats, 565
interval between repeated depolarizing pulses to mechanoreceptor, amplitude of excitatory postsynaptic potentials in motor neurons & habituation of gill-withdrawal reflex, Aplysia, 5196
intrathecal normal saline, sensitivity to pain & temperature in back & lower extremities & psychogalvanic skin reflex, 24–78 yr old patients undergoing differential spinal block anesthesia for below-waist chronic pain, 13335
monosynaptic H-reflex, 30–50 yr old disk hernia surgical patients, 13090
neurotensin administration into caudate nucleus vs posterior hypothalamus, conditioned & unconditioned food reflexes & increased stomach secretion, dogs, 691
paraorbital shock & body temperature, nictitating membrane reflex latency & amplitude, bullfrogs, 5199
seasonal change, serotoninergic system of hippocampus & conditioned reflex activity, arctic long tailed ground squirrels, 12110
simultaneous presence of food & avoidance stimuli, avoidance & neuronal command mechanism, snails, 12074
stepping & kicking reflex & hypothesis for disappearance by 2 mo of age, 2 wk olds, 760
time of day, spinal stretch reflex amplitude, monkeys, 5116
tonic vibration reflex, 15–73 yr olds with cerebellar damage & spinocerebellar degeneration, 5919
torque step perturbations to flex or extend wrists & instructions to react, voluntary & reflexive components of EMG of stretched muscles, 20–40 yr olds, 5063
Reformatories
correctional institution social density, social climate & interpersonal relations & physiological responses, 14–18 yr old male residents, 1821
Refraction Errors [See Myopia]
Reframing [See Paradoxical Techniques]
Refugees [See Immigration]
Regression (Defense Mechanism)
age regression & hypnotic susceptibility, critique of T. X. Barber's study, 8492
personal & professional characteristics, impediment of development of useful regression in therapy, psychoanalysts, 13144
regression & object choice in early psychic development, psychoanalytic treatment process, 6163

Regression Analysis [See Analysis of Variance]
Rehabilitation [See Also Drug Rehabilitation, Psychosocial Rehabilitation, Vocational Rehabilitation]
activity day program, profoundly & severely handicapped adults, 11076
application of research material, extension of rehabilitation services, handicapped, 8674
applied behavior analysis, improvement of rehabilitation staff performance, critique of article by S. McRae & J. R. Lutzker, 8678
applied behavior analysis, rehabilitation administration, literature review, 8680
attitudes toward & services for cerebral palsied, 1950–80, 8676
community based psychiatric rehabilitation programs, 6375
comprehensive rehabilitation program, deterrence of rehospitalization, severely disturbed psychiatric outpatients with mean age of 25.4 yrs, 4192
coordination of rehabilitation services for mentally ill, 11092
corrective therapy, geriatric psychiatric patients, 6464
demographic variables & mental state & social behavior & work performance & self care skills, 26–79 yr old psychiatric patients in rehabilitation unit, 3–4 yr followup, 6473
development of visual efficiency, partially sighted patients, 11086
difficulty of listening conditions, comprehension of & preference for synthetic sentences spoken in pulmonary vs traditional esophageal speech vs artificial laryngeal speech, Ss with tracheo-esophageal punctures, 8516
dynamics & functions of orthopedagogic transition groups, children, 13331
education aimed at cognitive & moral & sociopolitical development, rehabilitation, criminals, Canada, 13432
effects of poor memory on cognition & personality & interpersonal relationships & rehabilitation process, personal report of author after cardiac arrest, 13327
Fellowship House as community support & rehabilitation program, adults with mental & emotional disorders, 11017
group speech rehabilitation & social activities, self dependence, aphasic 11–80 yr olds, 6340
ideas of self corrective regulation & sensitive periods in development from animal research, implications for rehabilitation of abnormal human behavior, 12381
issues in rehabilitation, elderly blind persons, 13444
issues in rehabilitation of disabled women & problems of mothers with disabled children, 4246
lifelong career development program, handicapped adults, 1803
measurement of initial disability, prognosis & prediction of rehabilitation outcome, chronically mentally disabled, 6472
model of etiological factors, fibrocystic disease & breast cancer, implications for prevention & rehabilitation, literature review, 8212
nature & extent & rehabilitation of visual impairment, aged, 3839
normalization principle, implications for rehabilitation, 8693
nursing care based on logotherapy, rehabilitation, patients with spinal cord injuries, 6098
outpatient treatment/rehabilitation program, mentally ill adolescents & adults, 11009
play as preventive & therapeutic tool, children with medical or psychiatric disorders or physical handicaps, 12787
pressure sores during medical rehabilitation & psychosocial adjustment measured by Human Service Scale, spinal cord injury patients 1–4 yrs postinjury, 8672
program & management & outcome evaluation, programs for drivers convicted of driving under influence of alcohol, 4238
proposals to ameliorate disincentive problem, rehabilitation, handicapped, 8657
psycho-systemic approach, rehabilitation of mentally ill, 11078
psychosocial aspects of treatment, cancer patients, 10985
psychosomatic approach to rehabilitation medicine & need for multiprofessional team, 11079
recovery of oral & written comprehension vs expression, rehabilitated aphasia patients, 13426
reeducation strategies, aphasics, 6342
rehabilitation & related fields, bibliography of books, 1799
rehabilitation, bibliography of books, 13421
rehabilitation of mentally ill, 11083
rehabilitation research, bibliography of journal articles, 13422
rehabilitation research, bibliography of journal articles, 1800
rehabilitation services, mentally retarded, literature review, 8681
satisfaction with rehabilitation following open heart surgery, 23–63 yr olds with coronary vs valvular disease, 11090
services & facilities & admission requirements for Kinesiotherapy Center, handicapped/disabled individuals, 13435
short term monetary allowance following release, recidivism, ex-convict, reply to criticism by P. H. Rossi et al, 13454
short term monetary allowance following release, recidivism, ex-convicts, comment on experimental methodology, 13453
short term monetary allowance following release, recidivism, ex-convicts, criticism of H. Zeisel's interpretation of experimental results, 13446
speech stimuli presented through audition &/vs lipreading &/vs cues, speech reception & production, profoundly hearing impaired 9.2–16.9 yr olds, implications for aural rehabilitation, 8226
strategy for development of rehabilitation program for handicapped, Asia & Oceania, 8669
structural pattern recognition method, determination of similarity between motor patterns, male runners with mean age of 27 yrs, implications for rehabilitation of physically handicapped, 7185
theories & legal principles & organizational conditions in fields of medical & educational & vocational & psychosocial rehabilitation, literature review, 8688
training in organization of complex visual material, performance on visuo-cognitive tasks, 47–80 yr old right brain damaged stroke patients, 4248
trends & program development, rehabilitation of developmentally handicapped adults, Australia, 8659
trends in education in rehabilitative institutions, behavior disturbed adults, 13417
usefulness of MMPI, prediction of treatment outcome, chronic low back pain patients in rehabilitation program, 11694
validity & social policy implications of adherence to assumptions about causes of crime & effectiveness of rehabilitation programs, 1262
windows, psychological well being, rehabilitation patients & staff, 1796
Rehabilitation (Drug) [See Drug Rehabilitation]
Rehabilitation (Psychosocial) [See Psychosocial Rehabilitation]
Rehabilitation (Vocational) [See Vocational Rehabilitation]
Rehabilitation Centers [See Also Sheltered Workshops]
group treatment, impaired elderly in rehabilitation center, 4157
private nonprofit rehabilitation facilities, 8668
Rehabilitation Counseling
attitudes toward heroin & methadone & drug counseling & drug-free treatment approach, methadone maintenance clinic clients & staff, 4251
features of sexual counseling treatment programs, spinal cord injured, 11091
field experience in rehabilitation counselor education program, cooperating agency supervisors, 8717
goals, rehabilitation program outcome, psychiatric patients, 1758
recommendations for vocational rehabilitation counseling, disabled females, 4216
rehabilitation psychology, West Germany, 4226
rehabilitation training technology & training evaluation attitudes & practices, rehabilitation trainers, 8732
validity of Behavioral Self Management Ratings during counseling sessions, male probationers with mean age of 21 yrs, implications for prediction of recidivism, 52
Rehabilitation Counselors
attitudes toward discharged psychiatric patients, 20–56 yr old rehabilitation workers, Israel, 1872
factors contributing to quality of working life, rehabilitation workers, critique of article by W. G. Emener & J. E. Stephens, 8753
factors influencing quality of working life, rehabilitation workers, 8730
factors influencing quality of working life, rehabilitation workers, critique of article by W. G. Emener & J. E. Stephens, 8718
factors influencing quality of working life, rehabilitation workers, critique of article by W. G. Emener & J. E. Stephens, 8780
intention to hire disabled for hospital occupations, rehabilitation counselors & health professionals, 8690
sex of client & counselor in drug free vs methadone maintenance treatment, sex role attitudes, drug abuse counselors, 4262
validity of subjective vs objective performance measures, 23–63 yr old vocational/rehabilitation counselors, 9250

Reinforcement [See Also Differential Reinforcement, External Rewards, Fixed Interval Reinforcement, Fixed Ratio Reinforcement, Monetary Rewards, Negative Reinforcement, Positive Reinforcement, Praise, Punishment, Reinforcement Amounts, Reinforcement Schedules, Rewards, Secondary Reinforcement, Self Reinforcement, Social Reinforcement, Variable Interval Reinforcement, Verbal Reinforcement]
age differences in manipulation of noisy vs quiet toys, sound as reinforcement, 4–12 mo olds, implications for behavioral hearing tests, 3153
antecedent events/variables & maintenance/exacerbation as function of positive & negative reinforcement in etiology of anorexia & bulimia nervosa, 1424
applications & consequences of natural vs contrived reinforcement contingencies, 6256
behavior modification using reinforcement & toys, reduction in self injurious behaviors, profoundly mentally retarded 17 & 19 yr olds, 1565
causal relationship between depression & pleasant or unpleasant events, college students, lack of evidence for P. M. Lewinsohn's model of depression, 3496
conditioned association of visual reinforcer with auditory stimulus, avoidance reaction to auditory stimulus alone, lovebirds, 7298
cost effectiveness of social learning approach with vs without reinforcement, frequency of targeted social skills, socially withdrawn/isolate 3rd graders, 11205
cultural factors, usefulness of reinforcement for better diets for infants & infant development, mothers, Philippines, 6354
E expectancy & contingent vs noncontingent reinforcement, frontal EMG conditioning, college students, 2859
Herrnstein's law of effect equation, reinforcement & behavior therapy, 6244
home-based reinforcement using daily report card procedure, completion & accuracy of in-class assignments, male 3rd graders, 4360
immediate tangible vs social reinforcement, reading & language test scores, middle & low income 7–10 yr olds labeled learning disabled or emotionally disturbed or educable mentally retarded, 6785
inadequacy of current applications of reinforcement principle, drinking behavior & alcohol abuse, 12970
increased wheel running due to food deprivation vs food-contingent activity, food intake & body weight, obese vs lean female Zucker rats, 529
information value, conditioned reinforcing value of stimuli, pigeons, test of hypothesis of M. D. Egger & N. E. Miller, 9730
lottery reinforcement for parents' training accomplishments, language skills, 2–2.5 yr old handicapped children, 4037
maternal reinforcement & punishment & contingency, reading & math achievement & field dependence, low income Anglo American mothers & their 7–9 yr olds, 3041
multiple hedonic memory, performance on rewarded vs nonrewarded trials, male rats, 11958
nonreinforced stimulus similar to reinforced CS & unexpected reinforcement of CS, hunger CR & sign tracking, male rats, 11965
omission of comparison stimuli & reinforcement, symbolic & identity matching to sample & instructional processes in short-term memory, pigeons, 11998
operant treatment techniques & contingent sensory stimulation, mentally retarded & autistic children, literature review, 1567
preconditioned stimulus & reinforcement, blocking of conditioning, male rats, 11951
presentation of response-contingent signal prior to reinforcer delivery, blocking & conditioned reinforcement effects, pigeons, 9783
proposed reinforcement hierarchy for classroom behavior modification programs, 11202
reinforcement contingencies, modality preference & consistency in visual vs auditory stimulus controlled performance on short term memory tasks, learning disabled 8.9 yr old male & 9.7 yr old female, 1322
restrictions on communication, elimination of vicarious reinforcement for nonreward Ss, 4th graders, 2017
social & religious values as reinforcers, 19–79 yr old hemodialysis patients, implications for treatment, 5962
social deprivation & age & visual reinforcement & housing conditions, operant learning, male albino adult rats, 7310
taped vocalizations, reinforcement of vocal behavior, female gibbon, 7293
visual reinforcement & threat display, response to mirror reflection, Betta splendens vs Lebistes reticulatus vs Carassius auratus, 4965
visual stimulus & sucrose solution & tone reinforced food, conditioned discrimination, rats, 11981

Reinforcement (Vicarious) [See Vicarious Experiences]
Reinforcement Amounts
amount of allowed foraging time & food availability in each food patch & food location, optimal foraging behavior in simulated natural environment, male rats, 2678
amount of monetary incentive, heart rate during continuous motor task performance, college students, 7480
amount of signaled & unsignaled extra food reinforcement at end of fixed-time intervals, schedule-induced drinking & interaction with eating, rats, 2700
expectation of large vs small reward & electrical amygdala stimulation, retention of delayed spatial matching-to-sample task, male rats, 9960
increase in reinforcement magnitude, discrimination accuracy, male pigeons, 11988
reinforcement schedule vs reward magnitude, pattern running performance, rats, 348
reinforcement variations associated with serial trial position, response patterns, male rats, 9729
shift from high to low percent sucrose solution, negative contrast & role of increased aggression vs frustration in operant barpressing, male rats, 7313
signaled shift in sucrose reinforcement amount, negative behavioral contrast, male rats, 9766
signaled shift in water reinforcement amount, behavioral contrast, male rats, 9767
single vs compound CS paired with reduction in shock intensity, inhibitory CS conditioning in suppression, male rats, 11960
type & amount of liquid reinforcement, odor-based double-alternation patterning & contrast effects, male rats, 345
Reinforcement Schedules [See Also Fixed Interval Reinforcement, Fixed Ratio Reinforcement, Variable Interval Reinforcement]
acquisition of oral phencyclidine self administration, food-deprived vs food-satiated monkeys, 9996
amount of signaled & unsignaled extra food reinforcement at end of fixed-time intervals, schedule-induced drinking & interaction with eating, rats, 2700
availability of sinusoidal &/vs concurrent constant-rate reinforcement keys, response consistency & frequency, male pigeons, 2691
changes in FI reinforcement, response latency, male rats, 9738
chartmoves & spinners in contingency management program for home or school including self recording & variable reinforcement schedules, children, 8414
concurrent VI avoidance & VI positive reinforcement schedule & changeover delay & point loss in avoidance component, response rate on each component, human females, 2648
conditioned &/vs partial reinforcement in free-operant leverpress situation, responding during extinction, female rats, 9711
construction & function of probability generator for random interval schedules, 39
continuous vs variable token reinforcement & free vs reduced fares & contingent free transit, transit ridership, commuters, 11522
correlation vs contingency of responding & reinforcement, preferences, male pigeons, 2703
delay & probability of reinforcement in stimulus-reinforcer contingency in multiple schedules, keypecking response, pigeons, 11955
development & application of PASTOR schedule programing language, control of operant experiments, 9273
DRL performance with small vs large & immediate vs delayed rewards, male rats with bilateral septal lesions, 9975
ethanol vs sucrose reinforced responding, male rats, 10035
feedback schedule & bilateral locus of diastolic blood pressure-contingent feedback, acquisition & extinction of bidirectional diastolic blood pressure changes, 18–40 yr olds, 2849
food deprivation & 2nd-order schedules of reinforcement, attack behavior, pigeons, 9723
food reinforcement schedule & consequent body weight, wood chewing, rats, 9759
frequency of self reinforcement & E-administered reinforcement during task, depressed mood, college students, implications for prediction of mood change, 9682
generalized matching equation for operant choice behavior, criticism of C. M. Allen's validation of power-function, 2689
generalized matching equation for operant choice behavior, reply to A. I. Houston's criticism of author's validation of power function, 2683
history of response omission, response suppression under FR schedule, schizophrenic vs normal 18–67 yr olds, 7276
hypothalamic stimulation & task difficulty & delayed reinforcement, switch-off behavior, cats, 7514

immediate vs delayed vs no prompts, learning of easy vs difficult discriminations, severely retarded 11–19 yr olds, 6477
light/sound changes & sequence complexity in reinforcement, response level, female rats, 5159
medial vs dorsolateral septal lesions & level of water deprivation, response rates with continuous reinforcement, male rats, 2880
